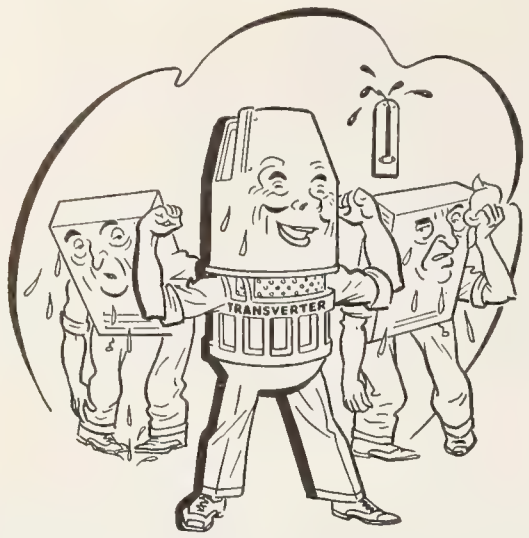
But these savings are inconsequential in comparison with the enormous, yet unsuspected waste of current in more projection rooms than the average theatre owner thinks possible. Of necessity we must also include in this category other obsolete kinds of equipment such as cooling plants, ventilating systems, marquees, etc., all potential sources of waste.

Some projectionists and theatre managers may question the importance of the hue and cry concerning a few amperes more or less at the arc. There is a good argument for increased efficiency of operation because waste at the arc means more and more waste further down the line. Every ampere burned uselessly causes a corresponding increase in carbon consumption, with ultimate increase in parts replacements. The appended table illustrates the monthly cost of burning excessive arc current regardless of cause. For example: monthly cost of 17 amperes excess on 13.6 mm trim at 5c per KWH is $19.95, excess carbons $28.90, or $48.85—a needless and inexcusable waste.



Buying to Save

When your projectionist asks for new mirrors, new lenses, new arcs, improved arc current source, replacement of a screen, he is really trying to produce a better performance and, incidentally to *save money*. To overcome the handicap of defective equipment the projectionist has no alternative except to step up the arc current. The appended table should guide the projectionist when preparing recommendations, making tests or checking submitted equipment ratings.

A recent checkup was made in a theatre using excessive amperage at the arc for a picture of small dimensions and where installation of larger arcs was considered. The projectionist had been gradually increasing the arc current over a long period of time until the limit had been reached. *He made it his business to closely examine the screen and reported that it looked as if it had been dragged through a coal mine.* Needless to say, excess cost of carbons and current during this period would have bought many a screen, consequently there was no further delay in correcting the screen condition.

Efficiency is Economy

chase. As a result they are asking more and more questions; are becoming familiar with the methods of checking into the performance of competitive equipments and are insisting on better performance and an efficiency commensurate with price. Larger groups of theatres usually find it profitable to delegate this responsibility to an individual or to a department. In every instance the savings through greater efficiency have amounted to many times the expenditures.

arc equipment close to upper limits specified by manufacturers. Thus when a print with dull photography, or a color subject, is projected, there is no reserve capacity; the result is a picture of poor definition with unfavorable audience reaction. Although emphasis has been placed on *waste* and the cost of excessive amperage, there are many screens that need more light for good picture quality. Correction of the various inefficiencies will make it possible to increase

Note:—This table is not intended to show the difference in cost of operation for two different arcs or arc current sources. Several popular trims are analyzed to emphasize the fact that an inefficiency due to any cause, results in increased expenditures. In computing monthly KWH's, allowance has been made for average inefficiency in source of arc current. Where power company has demand charge based on load, monthly energy figures will be much greater. All computations in above table based on 300 hours operation per month. When theatre monthly hours differ from this, energy and carbon excess expenditures will be proportional. When KWH rate is other than 3¢, 4¢, or 5¢ simply prorate above energy costs to actual rate. Above figures do not include excess due to striking etc. Example: 600 minutes daily operation, and total time in burning arc prior to each changeover is 60 minutes. This means that you increase above figures by 10%.

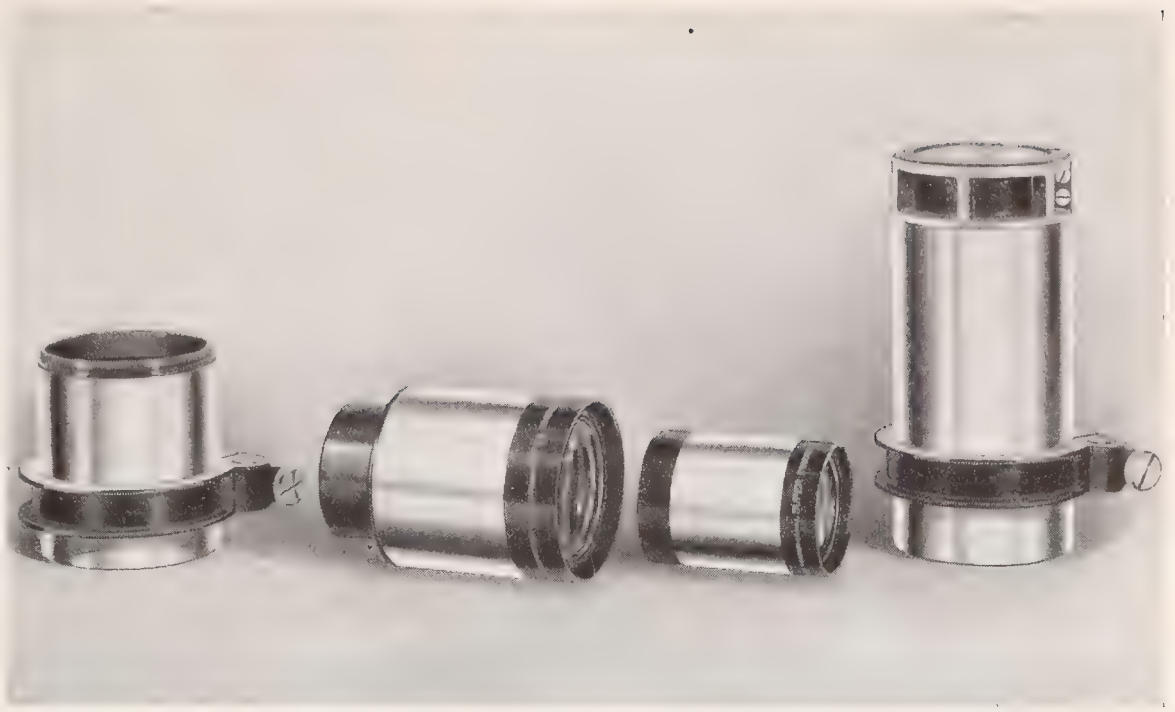
Regardless of whether a given theatre is operated by an individual or a circuit, there is no question about the fact that ample consideration and study should be given to apparatus details that have anything to do directly or indirectly with the screen image.

There should be great satisfaction in the knowledge that more justice is being done to the productions which cost such huge sums of money. Too many theatres operate screen illumination. After all what you *sell* is the *light on the screen,* together with *good* sound reproduction.

[*The author is peculiarly fitted to deal with this subject, combining as it does the cost of electric power and the operating efficiency of the entire projection plant from current source to screen. Mr. Behr was formerly associated with the Paramount theatre organiaztion as a specialist in power cost adjustment, and he is now in charge of projection for the Wilmer & Vincent circuit.*]

Advancing the Art

(*Continued from page 7*)



coming smaller and lighter, costing less and using less current, but doing a superior and a steadier job. They completely control their own speed by virtue of inherent design; highly elaborate speed control cabinets, costly to buy and troublesome and somewhat expensive to maintain, have not merely been replaced by something better, but eliminated entirely. Some theatres still have them—but they are museum pieces none the less.

Similar eliminations have been made possible throughout the sound installation and conversely have permitted addition of desirable sound features formerly too expensive to add to an already over-costly system. The early replacement of power supply storage batteries and motor-generators in favor of rectifier panels has been followed by elimination of the rectifier also. There is no longer any such thing as an amplifier that needs an external rectifier or other converter to provide it with operating power. Modern design further tends toward elimination of speaker field supply power units in favor of permanent magnet speakers that need no excitation. Some of the most modern systems use such speakers exclusively; in these installations separate power units have now the single function of lighting the d.c. exciter lamp.

¶ Effect of Simplification

Getting rid of needless converter and control units has not only reduced costs, eliminated sources of trouble, simplified the work of finding trouble and cut system bulk, but it has made possible devoting part of the money, space and attention saved to that very helpful addition, a second amplifying channel. Only recently confined to a comparative handful of the larger and wealthier theatres, the dual channel is today growing so common as to be almost standard equipment everywhere. An exceptionally inexpensive form of it is provided by some recent improvements in the circuit arrangements of the monitor speaker.

The early practice of using the needlessly expensive screen type of speaker unit for monitoring persisted for a number of years. It was wasteful; the little monitor horn could not reproduce that kind of quality and the projectionist, in his noisy enclosure, could not hear it. It is still less than three years since the saving effected by using a cheaper speaker was applied toward the cost of a separate monitor amplifier which made screen volume completely independent of routine changes in monitor volume setting. Some very recent systems now have monitor amplifiers with reserve volume capacity which can be switched to serve as low-power emergency channels. This arrangement in addition to its emergency value has most of the advantages of a standard two-channel system in facilitating many types of trouble-shooting and maintenance work.

COMMENT ON PROJECTION AFFAIRS

and answers to inquiries . . . By F. H. RICHARDSON

A PERMANENT EQUIPMENT RECORD INSTEAD OF PROJECTION REPORTS

AT FREQUENT intervals inquiries reach my desk concerning the best form of blank for use in keeping projection room records. After considering this problem at length, I have concluded that the best answer is: Use no blanks at all. Instead, secure substantially bound books with plain ruled pages. Provide a suitable, convenient place to keep them, (which latter is very important). There should be a book of at least 100 pages devoted to the motion picture projectors, and one of equal size (equal size in the large theatres) for other projectors (stereo and spot), as well as a smaller one for the motor-generator or rectifiers, and also one for the sound equipment.

An order should be issued, *with obedience enforced,* that these books be kept and strictly so, as follows:

Divide the m.p. projector book in the middle, the front half for Projector No. 1, the back half for No. 2. A single example of procedure will serve as an illustration for all. A new intermittent movement, say, is installed on Projector No. 1. Its cost, date of installation and operating suitability are recorded, a full page being set apart to the record of future operation. Thereafter, each time anything goes wrong with that movement, or the adjustment or replacement of any part thereof is required, the necessity is recorded, the cost (if any), and other things pertinent to the matter. *A page is set apart for each part of No. 1 projector, and for each part of each other piece of equipment.*

Such books will in time form a permanent, complete record, the keeping of which would entail no real hardship on the projectionist and would in due time prove of great value. It would not only advise as to what makes of replacement parts fit best at installation, but which cost least considering length of service they provide, etc., etc.

It also would be informative to the exhibitor who must provide replacement parts. It would be a *permanent* record, (which report blanks never are) available to exhibitor, manager and projectionist. Its permanence would more than justify the small additional cost of the books as against blanks.

Joined Local 507, IATSE & MPMO (Macon, Ga.) in 1914, and still projecting in Macon theatres. They are A. Saunders, recording secretary; Lloyd Avent, President J. F. Buff, J. O. Morgan, business representative, and C. L. Leonard, corresponding secretary; and, as the local's charter members still on the job, they were feted at a banquet, recently, in celebration of the 25th Anniversary of the founding of the union. Two other Macon men—W. A. McKenna, who installed the first officers of Local 507, and Dan Holt, one-time minstrel man and a former member of the St. Petersburg, Fla., local—were given gold honorary life-membership "cards".

PROJECTIONISTS' DAY AT WORLD'S FAIR

PROJECTIONISTS everywhere will take pride in the fact that a "Projectionist's Day" has been appointed at the New York World's fair in honor of those thousands of men who, up in theatre projection rooms, without a single beam of the spotlight turned upon them at any time, bring to the modern world its principal theatrical entertainment. The date is September 14. The occasion will not be *Projection* Day, but Projection*ist's* Day, the idea being to pay tribute to the men themselves as well as to the profession in which they are engaged.

The idea originated in the fertile brain of P. A. McGuire of the International Projector Corporation, who presented it to the fair management so well that it was immediately adopted. And Local Union 306, composed of some 2,300 projectionists of Greater New York, liked it so well that Joseph Basson, president, at once appointed an arrangement committee composed of George Edwards, Otto Kafka and C. Eichhorn, who should have whole-hearted support in their efforts from every one interested in the profession, and specially from IA unions.

To be a success, insofar as it concerns the general public, the day must have at least one outstanding feature. I have taken the liberty of suggesting to Mr. Basson, to the executive board of Local 306, to the chairman of the above named committee, and to Mr. W. H. Anderson, who is in charge of special events for the fair management, something that was immediately approved by Mr. Anderson.

The proposal is that a platform already available, over which Mr. Anderson agreed the fair might erect a temporary shelter, leaving all sides exposed to spectators who might therefore view not only the equipment but also each function of projection, be made accessible for the installation of a projector equipped with all sound equipment, and that from dark until clos-

ing time, a late outstanding production be projected upon a screen of such dimensions as would be appropriate to the occasion.

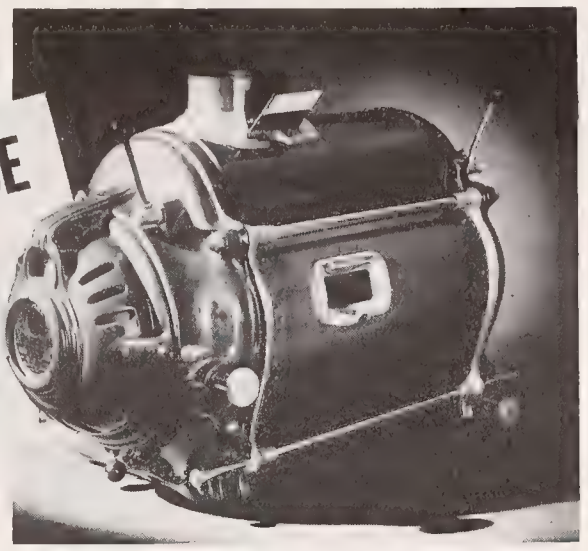
Upon the same platform, immediately beside the modern projector, there should be a projector of about the vintage of 1905 (such mechanism is in possession of the International Projector Corporation), and using what was then the maximum amperage (25 d.c.) a production of that day—"The Great Train Robbery," for example —be projected on a screen like those of early days, located beside the one of today.

This contrast of old and new equipments and of results attained in 1905 and today would be very striking. It would show how projection, its equipment and the production art have advanced.

Of course it would cost a bit of money, but perhaps the International office of the IATSE & MPMO might ask each local to contribute a small sum.

It occurs to me also that the Guild of British Projectionists should be invited to send a representative. It would seem a very gracious gesture of friendship between the projectionists of the two great English-speaking nations.

ACCUMULATING WAX; MISSING CHANGEOVER



R. J. ASHMUN, one of the owners of the Ashmun group of theatres in Michigan, submits the following:

"We have considerable trouble in one of our theatres. We play many first-run prints on which the part subjected to pressure by the tension shoes is heavily coated with wax, which flakes off and accumulates in the projector mechanism, very often forcing the projectionist to stop the show to remove the accumulation from the soundhead aperture; also, the wax not infrequently adheres to the tension shoes. Recently seven stops were forced while projecting one new production print. Then, too, we notice that during almost every show dirt gathers around the edges of the picture aperture. This the projectionist removes without stopping, but we believe there is no good reason for the presence of this dirt.

"In one theatre we have this experience: The projectionist has each projector equipped with a changeover alarm, yet seems to have many slip-ups, missing the changeover and permitting the tail piece to appear upon the screen. Will you advise us, is this really necessary?"

These theatres are not the only ones troubled with the wax flaking off. It would seem probable that the theatres in which it occurs might effect at least partial and possibly entire remedy by carrying as little tension as possible at the projector aperture. No more tension should be carried at the projector aperture than will insure no movement of the screen image as a whole, except movement caused by some imperfection in the projector mechanism, or by an insecure base for the projector. If the projectors are a late model, they may have devices for adjusting the tension. If they be models that haven't any such

provision, adjustment is difficult, but the conscientious, competent projectionist will accomplish it nevertheless. Excessive aperture tension is bad from every viewpoint.

The aperture dirt may be nothing more than bits of the wax; yet under the high temperature of the spot it should melt and run off, or catch fire. The prints may be excessively dirty. Examine a reel giving trouble—place it on the rewinder, rewind, say fifty feet slowly while holding the film lightly between the folds of a soft, white cloth. The condition of the cloth should tell the tale.

Films used in a dusty projection room will accumulate dirt. Also, see to it that the projectionists do not over-oil; that the insides of the projector mechanisms are not smeared with oil; that proper pads (Kotex is excellent for this) are maintained in the floors to absorb any small amount of surplus oil that may seep from bearings.

And now as to missing chanegover cues. There can be no valid excuse for it. This would be true even in a one-man room. It simply is something that must not happen at this stage of motion picture exhibition, and that being the case, any cause for it should not be tolerated.

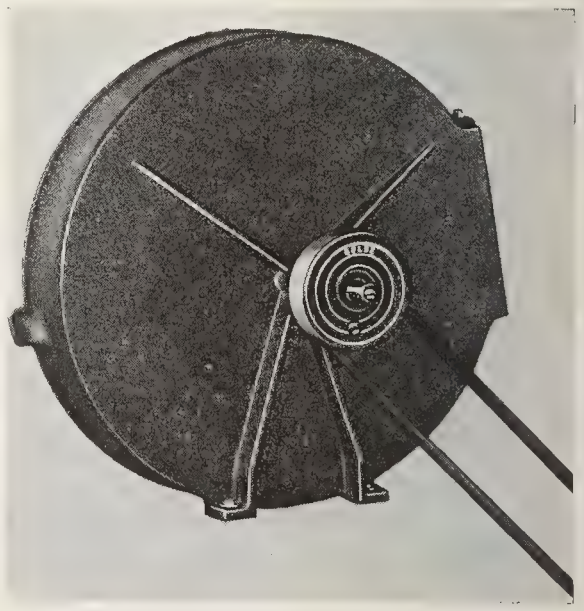
STANDARD BUZZ TRACK AVAILABLE

THE RESEARCH COUNCIL of the Academy of Motion Picture Arts & Sciences has made available 50 feet of film to be used by projectionists to properly center the sound track with the soundhead aperture. It is a very simple affair, and being simple, both in construction and application, should have much value to the theatre.

In the center of the sound track is an opaque strip 87-mm. wide, with a frequency of 300 cycles recorded on the side next the picture frames, and 1,000-cycle tone recorded on the opposite side. These tracks are so placed that if the soundhead aperture (slit) be of the correct dimensions and in proper position in reference to the sound track, it will be completely covered by the opaque band, hence no sound will result. If it be too far to one side or the other, the difference in tone will advise whether it is too close to the picture frames or too far away, hence the necessary adjustment can quickly and accurately be made. With proper care the film should last indefinitely.

COURSE OF STUDY CONDUCTED BY LOCAL 650

A COURSE of study is being conducted by Local 650, with headquarters in Yonkers, N. Y., a body of approximately 200 men in Westchester County, and a copy of the first six lessons has been handed me with the request that I make any suggestions that occur to me which might improve the work. I am told the average attendance at these educational sessions exceeds 80% of the entire membership.



Such a move on the part of any union cannot be otherwise than beneficial, but in my judgment attendance should be compulsory, except when valid excuse is presented. Such sessions are beneficial in many ways. They make for greater efficiency, pride in results, enjoyment of the work, reduced costs because of less waste in power, equipment and time, and a better show because it is more effectively presented.

Men who have no such interest have no place in any projection room, or in any projectionists' union.

An increasing number of union men are coming to realize that members who fail to study, improve themselves and keep abreast of advancing knowledge, both technical and practical, fail in their duty not only to the employer, but to the union itself.

And now as to the lessons, which I have carefully examined. There can be no doubt but that they are educational in matters electrical, hence well worth while. However, as past experience has abundantly proved, it is very difficult to build up and *maintain* interest, and unless interest be maintained, educational sessions gradually fade out and die. Many unions have started such sessions, which almost invariably began with large attendance and much enthusiasm, but gradually passed into oblivion because the interest was not maintained.

I believe unions have the power to make regular attendance at educational sessions compulsory. Moreover, do not confine the questions presented at each session to just one subject. Instead, have the questions apply to electrical, mechanical, optical functions, and so on, at each session. Every so often let lectures be held, inviting manufacturers of new or recognized equipment to lecture thereon, and asking authorities on optics, acoustics, magnetic action and kindred subjects to appear before the body, meeting, not merely to give a lecture, but to answer questions.

OBSERVATIONS

of the editor

A SELFISH SCHEME THAT SHOULD GO ON AND ON; A LETTER ON COOLING

MANY years ago, as time goes in this business, there was seen the need of making the exhibitor appreciate the importance of high standards of projection. The invention was still in a stage of general, relatively basic, development. The exhibitor, and his operator as well, was fairly satisfied if he got some kind of image on the screen and kept it there for the duration of the show.

There were selfish men at that time, men with brains and clever hands and a desire to make money so that the neighbors wouldn't have to look after their kids and the government after them, who were refining the existing gadgets, developing new ones. They wanted to sell these to the exhibitor (we trust all this doesn't sound too incredible) and they saw that he would need a heap of selling because he was content with things as they were.

And so those who saw a chance to make money out of selling better and better projection equipment began to make propaganda for higher standards. There was one fellow by the name of F. H. Richardson who didn't stand to make very much money out of it, yet who nevertheless appeared to shout louder than everybody else, but he may be set down as an exception; most of the shouters were interested in better standards right down to their jeans. Higher standards meant selling their new gadgets. And the motion picture press helped them because their sales efforts meant advertising.

■ ■ ■

We hope that this revelation of the actual facts, which may never have been guessed before, does not discourage any of our readers in his opinion of humankind. It may furthermore be now reported that the scheme worked. The machinery of the motion picture was improved, and the exhibitor bought it.

The point is: The scheme is still being worked. With modifications, of course. The mechanisms of the motion picture long since have become competent, most exhibitors today insist upon meritorious projection, while a skillful craft, with honest pride in the title of projectionist, mans the machinery. Nevertheless, there still is a job of selling to be done.

For one thing, improvements in projection equipment continue to refine the art of motion picture presentation and add assurance that these refinements can be consistently and conveniently realized. The importance of this today is not derived from the necessity of building up a public but in holding one—against competition from an increased number of inexpensive, immediately accessible amusements.

For another thing, the gadgeteers, always trying to rig up something to sell, are continually seeking ways and means of making equipment that does as good or a better job of motion picture projection at less cost.

The scheme had better go on, relentlessly.

Especially in view of the series of articles which has been running in the air-conditioning columns of B-T, we were much interested to note in the July 8th issue of "Cue" (which deals with New York theatres and other amusements for the general public) this letter from a reader:

"Now that the hot weather is here again, we are confronted with the puzzle as to why movie house managers, who on other counts seem to handle their jobs in a most satisfactory manner, now let down their hair and 'go crazy' with the idea that their theatres must be turned into butchers' ice-boxes with the overdone 'cooling' that they perpetrate on the long-suffering New York movie fans.

"From now on most of our friends and acquaintances say they will have to keep away from many theatres because they cannot afford the stiff necks, chills, colds, and other miseries they get from attending them.

"It is too bad that the cooling system is so overdone, for it keeps thousands of would-be regular patrons, who go twice a week or more during the fall and winter, away for the season. Can't some solution be found?"

The editor adds the comment: "Theatre managers please ponder."

Our comment is contained in the series cited above.

HEATING FILTERING INSULATING

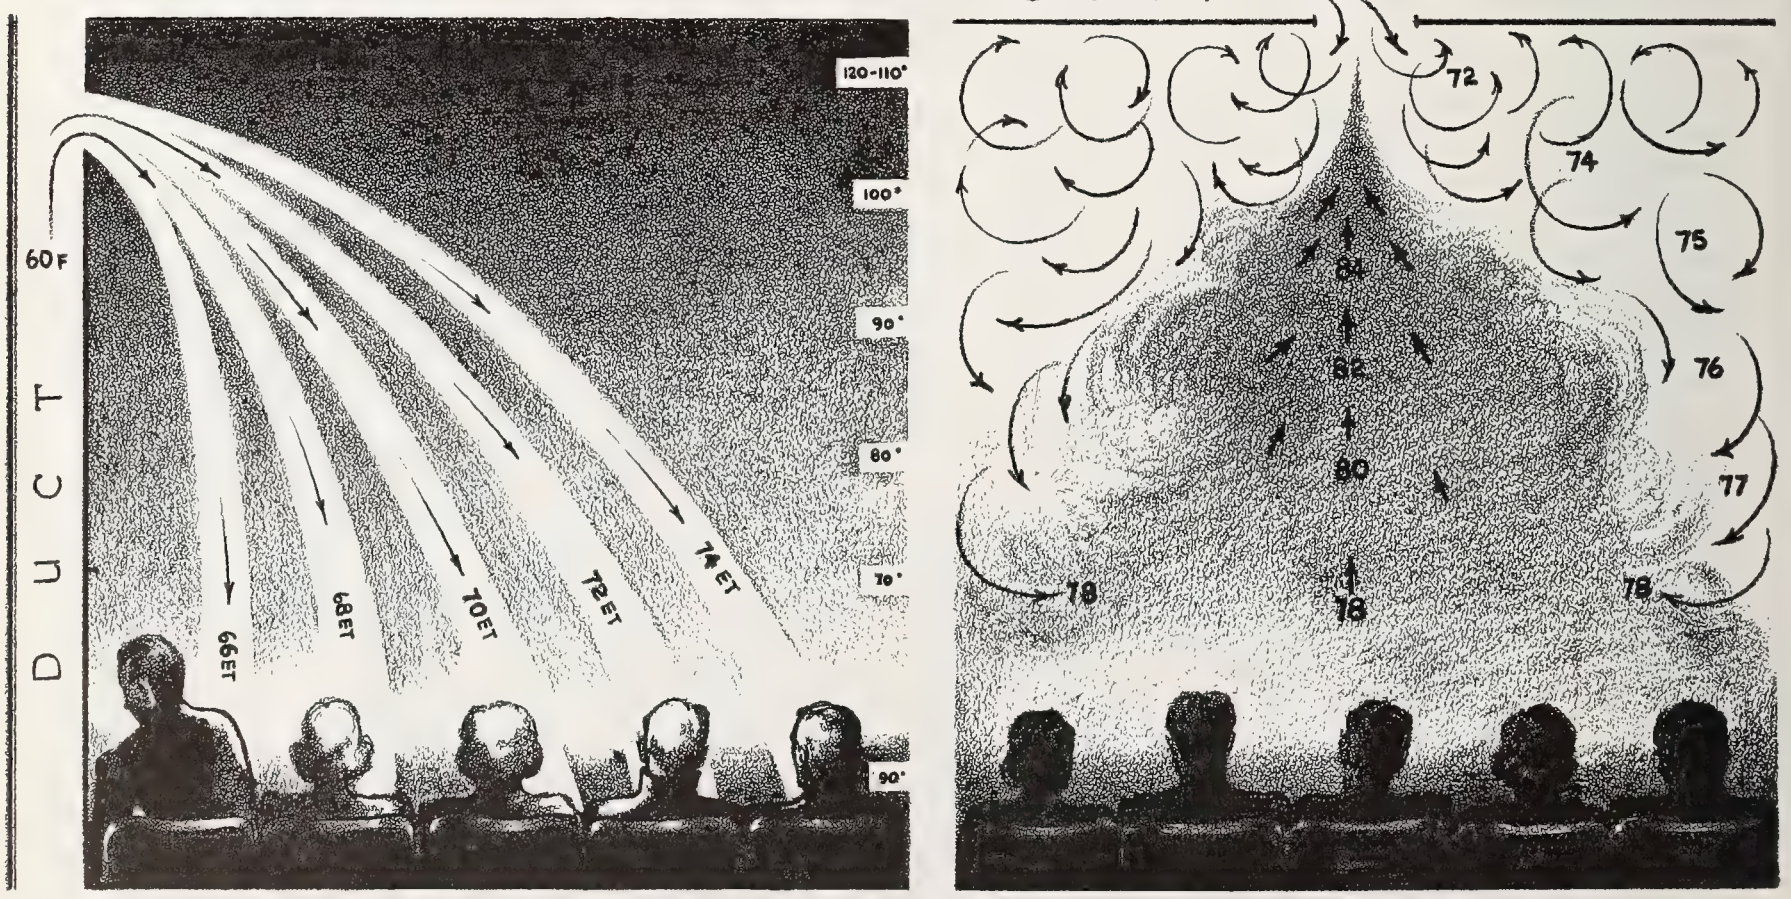
[In presenting this discussion of air-motion as one of the factors in the processes by which atmospheric comfort in the theatre may be created, acknowledgement is gratefully made of the data, suggestions and counsel contributed by John R. Parsons, New York physicst who has conducted special investigaitons in air-comfort problems in association with medical organizations; and by J. T. Knight, Jr., for many years a prominent theatre engineer, who has designed many air-conditioning systems for theatres.— THE EDITOR.]

Air-Motion as a Factor in Air-Conditioning System Design

¶ The fourth article in a series of "plain talks" on what we really are after in theatre air-conditioning

IN preceding articles it has been pointed out that the ordinary thermometer, which indicates air-temperature only, is an unsatisfactory guide to follow in reporting true comfort conditions. It is the *Effective Temperature,* which combines two other factors—air-moisture and air-movement—with air-temperature, which is the guide to follow.

Why do we talk about Effective Temperature today, when ten years ago the term was unknown? Is it a recent discovery?



The answer has two angles.

First, the actual facts behind the *term* Effective Temperature, have been known a long time by medical science and by heating and ventilating engineers. In heating it refers to raising the temperataure levels *up* to a suitable comfort condition indoors. This was the simplest approach to comfort conditions, and even in the past we heard how desirable it was to supply some moisture to the air and avoid drafts. That was 'way back in the days when the first central-heating plants used a hot air furnace with a water pan inside or on the register; and weather stripping was first used to keep out the drafts.

Second, the difficulties and complications of summer-air conditioning have brought about the need for more perfect understanding of the facts by every one concerned.

In summer, those who could afford it went to the mountains or seashore; the theatres were closed or poorly attended, and all business slowed down in the cities. With the advance of mechanical refrigeration, combined with business enterprise, it has been found that it is just as feasible to bring *down* temperatures in summer through artificial cooling as it was to bring

up the temperature in winter by heating.

But summer air-conditioning is a much more involved process. *Remember that in heating a room, hot air rises, but that in cooling a room cold air falls.* The complications in air-conditioning interiors in summer are thus clearly shown. Like all new fields, it has attracted a lot of miscellaneous engineers, not fully equipped to qualify as experts. The principal source of failure in this respect is their almost complete lack of knowledge of the primary functions of the human body in relation to heat and cold.

From Hot to Cold Air

When you bring a person in from the cold to artificial warmth there is less danger of injurious reaction to the individual than when you bring the same person in from the heat of out-of-doors to the coolness of indoor summer air-conditioning.

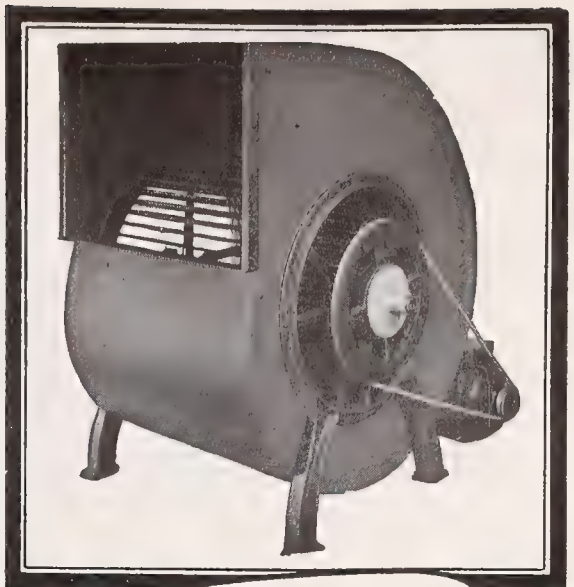
Primarily, as has been described [*see articles in these columns in the April 29th and May 27th issues*] this has to do with the human function of heat regulation of the body by means of the pores of the skin. In the medical profession this is known as *vasomotor control,* which is a five-dollar term that simply means one of the forms of temperature control of the body through the sweat glands. These function in relation to the temperature of the skin.

To summarize a part of what has been discussed in prior articles, all our energy (the very fact that we are alive) is supplied by our bodily heat engine. It runs on fuel taken into the system in the form of food, aided by water and air. Our internal temperature of 98.6° F. is circulated throughout our whole system and is finally dissipated through the skin at a temperature of about 88°. Upon this 88° average skin temperature depends the proper functioning of the whole bodily system. So important is this that nature has provided three ways of insuring the desired temperature level—by (1) *radiation,* depending upon the temperature of the air and surroundings; (2) by *evaporation* from the pores of the skin, subject to the moisture content of the air; and (3) by *convection,* depending upon air-movement around the body.

If you have an air temperature of 88° in the shade, and relative humidity of 50%, with only slight air motion, you can go practically nude, as on the beach. A change in any one of these three factors, however, would bring about a change in the *Effective Temperature.* If the humidity drops, causing increased evaporation from our pores, or if the breeze increases, a chill comes on, due to excessive convection and resulting accelerated evaporation. Then we put on more clothing, or get out of the wind to conserve our *internal heat.* As society requires that we wear a certain amount of clothing, even the lightest form for summerwear will cause us to keep from 6° to 8° of our bodily heat, and require a drop to an Effective Temperature of 80° or 82° degrees to ensure equal comfort.

Now we are at the top limit of the comfort zone for lightly clothed people. If the Effective Temperature continues to drop, we can still maintain this comfort skin temperature at around 88° *by adding more clothing,* all the way down to 40° below Zero (this Commander Byrd proved in the Antarctic). But man doesn't like to be weighed down with more clothing than is necessary, therefore 70° Effective Temperature has been set as about the lowest limit suitable to winter clothing indoors. Here we have a narrow range of only 10° from 70° to 80° Effective Temperature covering the year-around comfort zone.

[*Air-motion will be further discussed in the August 19th issue.*]



Instruments for Operating Guidance In Air-Conditioning

VARIOUS INSTRUMENTS have been developed to give those charged with the supervision and operation of an air-conditioning plant accurate guidance. Some, of course, go beyond the practical needs of the individual theatre; attention is here brought merely to those which provide a handy means of determining indoor conditions.

A direct-reading recording thermometer can supply daily recordings of both temperature and relative humidity in permanent form, so that a "log" can be developed on plant requirements throughout the year. These instruments are procurable for stationary installation or in portable models.

For Effective Temperature readings, the Bailey-Parsons Therhumiter provides the most convenient means. Installed at a location which has been determined as that most representative of atmospheric conditions throughout the theatre, it gives, without the necessity of chart reference or complex calculation, the prevailing Effective Temperature inside. It has two indicating columns (a complete description appeared in the March 4th issue), one combining wet- and dry-bulb readings, the other being a regular dry-bulb thermometer. To determine Relative Humidity with dry-bulb and wet-bulb thermometers, reference to a psychrometric chart is necessary. With the Bailey-Parsons Therhumiter, Relative Humidity can be immediately determined by comparing the height of the fluid in the Effective Temperature column with that of the fluid in the adjoining dry-bulb thermometer.

Also available is a black-spirit thermometer, developed by the originators of the Therhumiter, which can be read in a dim light and which may be used as a central control instrument for general Effective Temperature levels.

LIGHT

FOR VISION DECORATION AND SELLING

"... light is a first tool of showmanship."

Modern Lighting Methods in a Traditional Decorative Scheme

• Departing from the conventionalized modern style, the remodeled Liberty theatre in Walla Walla, Wash., artfully blends the functions of today with older decorative patterns

THROUGHOUT THE new Liberty theatre, one of three houses operated by Frederick Mercy and his son Frederick, Jr., in Walla Walla, Wash., which represents complete remodeling of an existing structure, modern devices are ingeniously combined with traditional ornamentation to produce a pleasing interior, and nowhere is this blending more interestingly realized than in the lighting.

This note is sounded at the exterior, where a traditional front has been retained essentially unchanged; yet the marquee that has been added is modern, consisting principally in Wagner silhouette letter attraction boards.

Entrance doors are panelled in full-length etched glass and mounted in a curved frame highly ornate. The foyer lighting flooding these doors originates in ceiling coves and is augmented by tubular glass wall fixtures.

The foyer has a tall triple mirror set in an ornate recess lighted from above by a glazed recessed fixture, and flanked by recesses which are illuminated with vertical tubing.

In the auditorium, curved white plaster cornices edged in traditionally patterned mouldings, reflect light from coves wired on three circuits and dimmer-controlled from the projection room. Additional auditorium lighting is provided by ceiling and balcony soffit fixtures set in recessed white plaster "bowls" in association with Anemostat air distributors. It may be noted in the accompanying forward view of the auditorium how the modern cove lighting achieves complete harmony with the traditional cornice effect; also to be noted are the decorative wall urns (concealing the light sources) and the forward exit lights which, while basically suggesting modern methods, are carried out ornamentally to fit into the traditional pattern of the auditorium.

"Birds-Eye" striplights at either side of the proscenium opening flood the screen curtain. These lights are controlled automatically in synchronism with the curtain control. By pressing a single button in the projection room an automatic multiple process is set into operation. The auditorium cove and ceiling lights dim and the

stage curtains open, leaving the striplights to illuminate a front curtain, which rises, revealing a title curtain, at which moment the striplights are dimmed automatically. The picture title is projected and the inner curtain opens, while the striplights go out. At the end of the show the entire process is automatically reversed.

The auditorium illumination participates in a decorative scheme which, in surface finish consists in a series of gracefully moulded panels along the side walls faced in blue rayon damask concealing balsam wool acoustical blanket, and elsewhere plaster painted beige. Carpeting in the aisles, as throughout the rest of the theatre, has

a traditional diamond pattern in gold against a red ground, while the seating—the capacity is 987—is upholstered in blue mohair over foamed latex cushions and has end standards in a simple fluted pattern ivory with gold trim. The front stage curtain referred to above is of red twisted nap rayon with a pattern in silver and gold and inset panels of blue silk.

Making Marquees Serve Their New Function Better

DEVELOPMENT OF the attraction board as a predominant element of the marquee represents one of the more significant changes that have come about in the treatment of the theatre front as a result of the new evaluation of its function. The front is more than a display of pleasing architecture; it usually has a promotional purpose to serve also. In architectural design, and with light, the front can, among other things, stimulate a desire for theatrical entertainment. The direct selling of the current entertainment material has become the principal job of the marquee, which has thus evolved from a rain shed into an advertising medium.

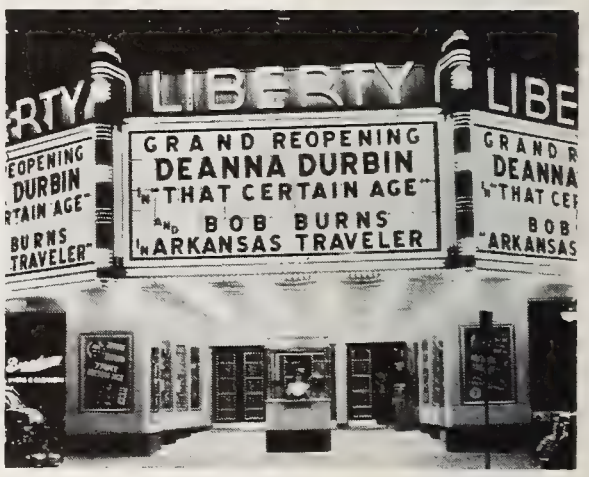
The attraction board has consequently been going through a series of improvements to make it better adapted to its new importance. The silhouette letter was a long step in this advance. Now the use of deeper panels with the copy "typed" in varied sizes of letters, can give attraction boards real selling "punch."

Three characteristics are necessary if the attraction message is to do its full job. It must be more than a mere label; it must have some eye-appeal and variation from week to week; and it must be perfectly legible at some distance.

Preparation of Copy

To achieve the first two essentials, the copy should be prepared with care fairly comparable to that given a newspaper advertisement. With attraction panels and letters adapted to a typographical method, title and player values should be shrewdly appraised, and a selling slogan usually be added, then all be "laid out" on paper for guidance in setting up the boards.

Naturally this calls for a more careful calculation of characters (letters) than simple label lines demand, but paper can be ruled to the dimension of the attraction board, while a schedule of space requirements for each size of characters can be drawn up for reference in preparing copy and layout. In fact, such paper and rubber-stamp letters absolutely in scale are procurable. The Wagner Sign Service of Chicago, has stamps made up in sets for each size of Wagner silhouette letters—that is, 8, 10, 12, 16 and 24 inches.



Legibility Factors

Proper legibility calls, in the first place, for letters that give sharp definition (no interfering reflections at edges), and lamps of proper wattage so inserted and spaced that the translucent glass panel is a sheet of light of uniform intensity.

This, however, raises the question of how brilliant the glass should be. In some installations, efforts to make the marquee a conspicuous bright spot have led to reduced legibility. In looking at a silhouette-letter attraction board one is looking at light, which should not be strong enough actually to reduce vision. There have been a few installations of colored glass. Charles C. Burton, architect and engineer for the Paramount Theatres Service Corporation, is now experimenting with amber and deep yellow. The best answer may lie in one of these shades.

Marquee Design According to the Needs of Location

IN BOTH FORM and in its adaptation to advertising, the motion picture theatre marquee of today basically departs from the canopy from which it is descended. Needs vary, however. The little town with, say, one or two theatres, scarcely requires the glitter and attraction

Liberty theatre, Portland, Ore.

board area indicated for the city, especially in sections where several theatres are in direct and immediate competition for shopper and transient trade. But neither in a city business center nor in small town should the marquee fail to be in balance with the architecture of the front, interestingly as well as functionally shaped, finished and lighted in a harmony of color.

Installation of a marquee of more interesting form, with a vertical sign that is really a part of it, effectively modernized

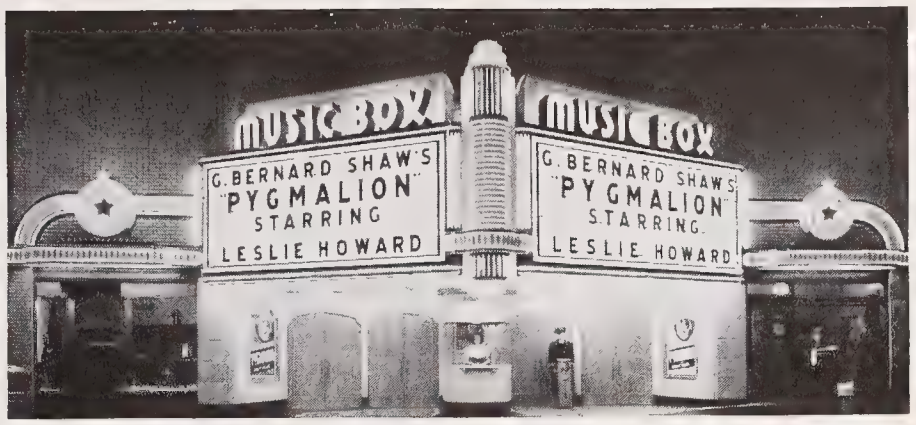
and "enlivened" the front of the Gem theatre, renamed the Rodgers, in the small Illinois town of Carbondale. Originally, this theatre, which is owned by I. W. Rodgers & Company of Cairo, Ill., and operated by T. R. Hays, had a rectangular marquee, heavily ornamented along the top, and in general bulky and clumsy-looking, while the vertical sign was a short structure extending from the coping only halfway to the marquee. The only change made

Rodgers theatre, Carbondale, Ill.

to the front was the installation of the Artkraft marquee and sign, with Artkraft silhouette-letter attraction boards providing merely for three relatively short lines of copy on each side. Illumination combines incandescent lamps for trim and soffit with neon for trim and sign letters.

The new marquee of the Liberty theatre in Portland, Ore., illustrates a radically different problem—that of the highly competitive area, and here we have the attraction panel carried to the full size permitting effective "typographical" treatment. The accompanying photograph does not show such use of the three boards, but they are adapted to it in shape and dimensions. Furthermore, the attraction boards, which are of Adler construction employing Adler silhouette letters, comprise practically all of the visible area of the marquee beyond the soffit.



Illustrated above is a display of new letters developed by the Progressive Reeltone Company of Grand Rapids, Mich., as a convenient means of providing special signs for suspension from the marquee soffit, across lobby or foyer doors, and so on. The letters are of composition, lacquered for protection (they are waterproof). They are used with metal strips slotted to fit extensions of the letter and, inserted into these slots, the letters stand firmly against the white-enameled panel.

NEW MODELS FOR THE MODEST BUDGET

NEW MODEL auditorium chairs have been developed by the International Seat Corporation of Union City, Ind., designed especially to meet the limitations of the modest budget. The end standards illustrated above are two of those designed for this addition to the International line, all of which follow conservative patterns employing such devices as the flutings shown to fit into all modern auditorium treatments and most traditional styles that may be undergoing only partial change in remodeling.

The new models are similar in construction to the auditorium chairs in the regular International line, except that they do not have the same type of underseat pan. These chairs are built on a flat steel base to which the seat cushion is screwed. Back panels, however, are comparable to those of the other chairs, and may be had with semi- or full-overlapping rim.

Before and after—but the view of "before" (right) represents the passage of 50 years. Above is shown the auditorium of H. C. Federer's Liberty theatre in Lincoln, Neb., as recently reseated with American Seating Company "Bodiform" chairs. It well illustrates what new auditorium seating alone can do. The chairs have coral mohair backs, coral leatherette seats, and standards in cream and rust.

THE WELL PLANNED STAGE

4. CURTAIN CONTROL, SCREEN AND HORN PROVISIONS

• The fourth of a group of articles on stage construction and equipment for regular or occasional stage shows

By C. T. TOMPKINS

IT HAS LONG been recognized that for certain acts and scenes, a horizontal draw curtain can be used to great advantage and all sorts of tracks, mostly wood, have been made and used during the past 40 or 50 years, and like the rope set equipment, operated fairly well on small stages with light weight curtains. With the coming of the larger stage it was found that this type of equipment was not entirely satisfactory due to excessive friction and wear. Modern, all-steel tracks, with ball-bearing carriers, ball-bearing pulleys and other refinements developed largely in the last ten years, have made it possible to handle curtains 100 feet or more in length, noiselessly, and with ease. Moreover, the possibility of jamming, always prevalent with wood tracks, has practically been eliminated.

Light duty steel track, with ball-bearing carriers, and pulleys, etc., are very practical for the motion picture theatre. *Long* curtain tracks should be hung on counterweight sets so that they can be lowered to within 5 feet of the floor for brushing and trimming purposes, as weather conditions are bound to affect the length of the fabric, and any *large* curtain that is not provided with means for trimming is bound to give trouble. It is moreover obvious that the draw curtain with track hung on a counterweight set may also be used as a raise curtain, thus making two curtains in one.

It is also possible and practicable to attach electrically operated draw-curtain controls directly to the track to avoid hand operation, but this is not entirely necessary on a large stage where stage hands are employed. In determining the length of track desired, it is customary to add 30% to the length of the proscenium opening. This will provide for the lap at the center and suitable pack away space at each end.

The selection of the proper track is one that should be given careful consideration as there is probably no single unit of stage equipment with which the customer has met with as much grief as he has in the purchase of cheap and improperly designed tracks.

Electric Draw Curtain Control

Electric controls for the operation of draw-curtain tracks are available in light-duty, general all-around, and heavy-duty types. The heavy-duty is usually built to order and is seldom used, as the standard machine will take care of most jobs. Standard machines are designed for 110 volts, 60 cycles, single phase. Other current requirements are also available.

Modern control machines can be had equipped with gears that operate in oil, a current breaker that protects the machine in case of overload, adjustable circuit breakers that govern the length of travel and provide the start, stop and reverse motion, built-in control switch to provide means of operation from the stage, and a clutch that can be thrown out to permit hand operation when desired. One or more additional switches may be hooked up in the current line, of course, for remote control from the projection room or other desired locations.

When the track is suspended on a counterweight set the control machine may be attached to the track to fly with the set. Where the track is hung dead, the usual procedure is to bolt the control to the stage floor. Electric controls are of course used extensively in motion picture theatres because control is required from the projection room, but are not essential on a stage where stage hands are employed, as any properly built and installed draw-curtain track can be operated by hand, without apparent effort.

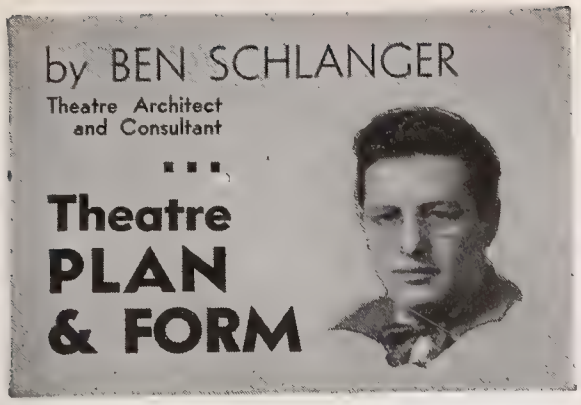
Light Bridge

The use of light bridges in theatres has come into prominence through later years. They consist in a steel catwalk, extending across the proscenium opening and immediately back of the asbestos curtain. Suitable provision is made on the railing of the bridge to attach spotlights which can be focused on any part of the stage. Light bridges are designed to fly on a light bridge counterweight set so that the bridge can be raised and lowered to suit conditions, and the counterweight set when properly built should incorporate a feature that will automatically compensate for the weight of the operators when they step on or off the bridge. If this feature is not provided for and the bridge is counterweighted to accommodate the load imposed by the weight of the operators, then it is obvious that the bridge is overcounterweighted when they step off and will naturally start upward of its own accord, which is a dangerous condition, but one that is eliminated entirely with the use of properly designed equipment.

A properly designed light bridge is a real asset to any stage and a unit of equipment that will, in time, undoubtedly become standard on all modern stages.

In order to conserve space it is advisable to fly the concert borderlight underneath the light bridge, current for the spotlights being taken from special conduits placed on the borderlight. Several of the leading stage lighting companies have recognized the practicability of carrying the borderlight underneath the bridge and have designed lights for this purpose.

Screen Frame



The purpose of the screen frame is to hold the screen taut and free from wrinkles, to protect it from damage, and to provide a means for attaching it to the counterweight set; and about every conceivable design has been made and put in use. The most practical frame is built of wood with properly spaced eyelets for lacing, and the important part of the construction lies in the steel bracing on the back of the frame, which should be so designed as to pick up the weight and concentrate it at the three points of suspension. When the load is properly delivered to the points of suspension, very little bracing is required, thus reducing both the weight and the cost.

On many stages the custom is to fly the screen independently of the sound horns. With the proper counterweight set, however, it may be handled with the horns as one set. This is always advisable since it saves the cost of one counterweight set, reduces the handling to one operation and conserves space.

Sound Horn Cradles

Probably no piece of stage equipment has presented in various instances a better example of haphazard design than sound horn frames or cradles. Improper knowledge of the correct method of bracing has led to the use of much heavier steel than necessary and lack of familiarity with the size and shape of the various types of horns and baffles led to building the frames much larger than necessary. A frame or cradle should be designed to take up the least possible space, and the weight should be kept to a minimum, if for no other reason than to conserve space and keep the cost in line.

Many stages built prior to the advent of sound cannot conveniently spare the space required for modern sound horns. Stages with shallow depth often have to sacrifice the use of six to eight drops to provide space. In this case a very practical and inexpensive means of handling is to take the horns off sidewise, which method only eliminates the use of one drop.

These columns are regular features of *Better Theatres* dealing with methods by which the theatre may be planned as efficiently as possible for the exhibition of motion pictures. Both Mr. Schlanger and Mr. Potwin are consultants on inquiries from readers seeking counsel on the planning of theatres.

BALANCED FRONT DESIGN

WHILE IT IS important for the street facade of the theatre to be a means of attracting attention and advertising, it is also very desirable to have it create a feeling which will enable the prospective patron *to be confident of the substantial manner in which the theatre is operated.*

Durability of Materials

An over-abundance of advertising may defeat the purpose for which it was intended because such an excess is apt to cause confusion and weaken any message which would require emphasis. Unless the theatre is located on an important thoroughfare, it is possible that the percentage of the patronage drawn to the theatre by the front advertising has been considerably overestimated.

Too often the exhibitor concerns himself only with the ornamental appearance of the facade, neglecting the important factor of practicability and durability of the materials used. And there is no appearance more undesirable than ornamentation which has taken on a shabby look due to wear and the ravages of the elements. Actually ornamentation is a means of concealing, temporarily, poor workmanship and materials which are not durable. For example the cheapest and quickest way of making a joint between two pieces of material is to cover the joint with a moulding. This is an age of so called streamlined design, and the basis of such design is predicated on the use of large simple masses of durable material which have been smoothly joined together, needing no ornamentation to conceal either poor workmanship or basic architectural necessities.

Unity of Front Design

A box office kept to one side and attached to one wall makes the entrance more open appearing and therefore more inviting. If a conspicuously overhanging marquee is desirable, its projection should be kept at a minimum so that the upper part of the facade, which can be an attractive part, *should not be concealed or divorced from the lower part.*

Very narrow wall space, or piers, on either side of the main street opening, is undesirable and therefore excessive door openings over and above those required by law should be avoided so as to leave substantial space for side piers.

Decorative Covering Of Acoustic Blanket

QUITE a number of recent inquiries have pertained to acoustic treatment of a kind involving decorative factors. In the column on Acoustics on this page, in the June 24th issue, such types of materials as wood fiber, cane fiber and ceramic units, as well as acoustical plasters, were discussed. There are other materials which do not bear a structurally finished appearance, and when installed they must be disguised by some suitable form of covering. Among these materials are the acoustical blankets, such as rock wool, which has been rather widely used because of its comparatively high absorption of sound at all frequencies.

Various Types of Blanket Available

It should be emphasized here that there has been a feeling on the part of some exhibitors and architects that rock wool blanket is the only material that can be used successfully for the acoustical treatment of theatres. This is not the case. Each theatre presents its individual requirements, and it will be found that at least four or five different types of materials will usually fulfill these requirements.

When using acoustical blankets in modernization work, it has been common practice to adopt a panel arrangement, particularly if panels were a part of the original decorative scheme, and to finish the blanket with a decorative fabric. Quite often a rather heavy and closely woven fabric has been selected for this purpose, with little thought given to the importance of transparency. Not only do heavy fabrics alter the frequency absorption characteristics of the blanket, but they are also expensive, especially if they are woven of silk, or of silk and cotton. Lightweight and porous fabrics, with a somewhat open weave, are not only the most desirable acoustically for this purpose, but may frequently be obtained at less than one-third the cost of the heavier materials.

Perforated Boards Also Adaptable

Fabrics are not the only materials that are suitable for covering acoustical blankets. Perforated boards may also be used.

REAR WALL FORMATION

WITHIN RECENT months the design of *acoustical forms* for the motion picture auditorium has been receiving considerable attention. A number of questions on various phases of acoustical design have been received, several pertaining to "sloping" of the rear wall. By "sloping" is meant the tilting of the rear wall surface forward from the vertical in design.

There is no fixed limit, dimension or degree which can be set for all cases in so designing the rear wall. The slope will vary with the floor plan dimensions of the auditorium, its physical characteristics, that is, whether it is a balcony or a single floor house, and with the ceiling height.

Single Unbroken Slope

In very few instances is it possible to design the rear wall as one single straight slope, without breaks, unless the over-all ceiling height is very low. In other words, it is usually necessary to divide the main slope into sections containing a series of small slopes which are tilted to a greater degree than the main slope of the wall.

The fundamental purpose of such design is to shorten the path length of the first reflections of sound from the rear wall so that they fall quickly into the audience area at the rear of the auditorium and do not travel to the front seats where the time lag introduced would be sufficient to create the effect of an echo.

It stands to reason that in order to make such a rear wall design most effective the ceiling height must be relatively low, because as it increases the slope or segmental slopes of the rear wall must also increase, in order to maintain the necessary *short path* of the first reflections.

Multiple Wall Slopes

When rear wall slopes are employed in balcony houses, the ceiling height at the rear of the balcony is often low enough to permit control of first reflections by the introduction of single slopes. The series of slopes within the main slope, usually required for the single floor house, involves quite an intricate design for the rear wall and this must be properly balanced with the design of the side walls if continuity of appearance is to be assured.

In the single-floor auditorium a moderate amount of acoustical treatment is often required for a sloping rear wall surface, to "take the edge off" the first reflection.

TOLL GATES

WITH speculations of war and threats of world chaos filling the news columns of the daily press, and this and that of immediately contemporary excitements, the public, and much of American business, is unaware that close at hand are devastating problems of the national political economy.

Always eventually comes judgment day. The end of all spending is paying—or else.

The nation, the states, the counties and the cities have, these depression- and recession-ridden years, been spending at a constantly accelerated rate. Magnificent deficits loom, unless and until new sources of revenue appear. New sources of revenue are new taxes.

Symptomatic are the special municipal and state levies on cigarettes, a-top a national tax which is in excess of the production cost of the goods. Symptomatic, too, are the new toll gates on Connecticut's great new motor road, the Merritt Highway.

MORE significant is the move of the State of Colorado to collect special chain store taxes from the motor car agencies, a sort of ex-post-facto decision which says that Detroit already owes Colorado something over a million dollars.

The Colorado state treasury has held that since the factories "exercise control over their dealers" they constitute chains, taxable under the law. This contention is made despite the fact that most of the dealers are independently financed and operated. Other states have similar laws, and yet others are considering them.

The fact is that wherever money visibly flows there is a beckoning to the tax makers.

The river of traffic which roars night and day over the Merritt Highway is a conspicuous fact.

Another conspicuous fact is the motion picture, beginning with the marquee lights over the box office where the tickets unroll.

THE motion picture is still talking about two-million-dollar productions. Salaries of stars and salaries and bonuses of executives have been broadcast, officially, and the figures are arresting to the popular and the political eye. Nonetheless, it averages out as a business of narrow margins.

The general, and official, impression is that the motion picture industry divides into two parts: Hollywood where they make the pictures, and New York where they make the money. It is not that simple, but it tends to look that way.

The relation of the city to the state and the state to the nation is getting more complexly difficult than ever. "State's rights" maybe have been waning as our centralized national government has risen in power and extended its attention to the lives and purses of the citizenry, but the states have yielded none of their power to tax and we are confronted with the menace of a multiplicity of intra-national boundaries.

Further, while a man's life may not be put in jeopardy twice for the same offense, his living and his property can be invaded by everybody from the village board of Whiffletree Center to Congress, continuously .

Just now, while the land is all a-fret with relief and WPA concerns, the motion picture industry is getting again some hungry examination.

One great municipality's tax levying board is dallying with a notion that is being devised to lay tribute upon the amusement film for the whole nation, a sort of financial master stroke of city sovereignty.

Taxation has only begun.

BUYING RUSH AHEAD

REPORTS reflected in the news pages of this issue of Motion Picture Herald tend to indicate that selling, more especially in the independent sectors of the picture market is more belated than ever before in the annals of the industry.

The obvious and principal cause of the delay is the uncertainty spread over the situation by the long prolonged and tediously debated program of trade practises and its all important arbitration proposals.

This means that the selling and buying are to be compressed into a much shorter period, with intensification of pressures and competitions, on both sides of the counter. Meanwhile there may be gain in the fact that the buyers will in any event have time to study the wares offered, if the vendors take steps to tell the customers about them.

△ △ △

STRAIGHT SCOTCH

A CANNY visitor, Patrick Joseph Dollan, Lord Provost of Glasgow, sojourning in our midst and about the World's Fair, remarks that he'd be pleased if Hollywood and the governor of Michigan "would stop bragging about the hellishness of Americans in general and New York in particular." Mr. Dollan was around all last weekend and Monday reported he had found no sin.

"This," he said, "is the kindest city we ever visited. Here I have been going around for the last three days visiting a city of millionaires, without a dime in my pocket."

That's nice—but it seems Mr. Dollan took certain precautions about that dime.

OF A SUMMER'S DAY

HOLLYWOOD has been all a-twitter for a fortnight because the Saturday Evening Post published a somewhat picturesque bit of a study of Louella Parsons, queen bee motion picture editor of the Hearst newspapers and altogether the most remarkable journalistic personality in that oryeyed oasis on the delirious desert.

The story is much simpler than the telling has been.

Miss Parsons discovered Miss Marion Davies, actress. Mr. William Randolph Hearst, producer and publisher, discovered Miss Parsons, critic of unique perceptions. Miss Parsons discovered Hollywood, community of unique opportunity.

Everybody did the best he could under the circumstances, and there were lots of them. Louella probably, on the whole, did better than the most of them. She found that Hollywood could and would take it, and she gave it to them. On pain of

This Week

Buying

General sales managers and their field selling forces are today scurrying about the country and around their respective territories to sell their 1939-40 features and short subjects. In the first national check into the buying situation, it is found that circuit buying is progressing somewhat, but that independent and single-theatre deals are proceeding much slower than usual.

The reasons and a report on some of the first deals closed to date appear on page 14.

Television by Wire

John E. Otterson, former head of large companies in the motion picture industry and elsewhere, this week appears as the president of the newly formed Radio Wire Television Corporation, an amalgamation of companies marketing radio products and supplying "piped" music to homes, hotels, and the like. Mr. Otterson hopes that wired television will answer the present television difficulties: limit of transmission to sight range, and impracticability of network transmission. He is sure that wired entertainment is the entertainment of the future.

The report is on page 24.

OF A SUMMER'S DAY

[*Continued from preceding page*]

her displeasure, and of Mr. Hearst's displeasure, she demanded, still demands scoops, special access, exclusive material. In her radio work she has enjoyed a sparkling array of most of the top star talent in Hollywood for her guest programs, and her relatives do rather well in various enterprises, which is rather the way with relatives of the mighty in Hollywood.

Now Hollywood is telling itself bits that Mr. Thomas Wood, author, did not seem to get into his Post story.

The Let's-Pan-Louella parties would be in better taste if they had started before the Hearst newspaper empire began to crumble.

Miss Parsons with typical and commendable indifference has decided to ignore the whole matter. Just to prove that she is continuing on the same platform, she printed a bit the other day from which Miss Whitney Bourne can infer that it was wrong to marry Mr. Stanton Griffis without advance notice to Miss Parsons.

None of which matters at all, save in Hollywood, the land where they never grow up. And there it's the summer's best item.

Union Bargaining

In one of the most sweeping orders yet handed down to involve Hollywood studio workers, collective bargaining agents for employees in four branches of Hollywood production were named Tuesday by the National Labor Relations Board.

The Society of Art Directors was named as the agency selected by a majority of chief art directors, unit art directors and follow-up men employed by Columbia, RKO, Twentieth Century-Fox, Loew's and Paramount, and elections were ordered within 20 days among those employees at Universal, Warner Brothers and United Artists to determine whether they, too, desire to be represented by the Society.

The Screen Publicists Guild was certified as the agency to represent unit men, feature writers, planters, contact men, art editors, copy editors, trailer men and advertising men in the publicity departments and all employees in the advertising departments engaged in advertising work in Los Angeles county for RKO, Columbia, Universal, Loew's, Twentieth Century-Fox, Paramount, Warner Brothers, Hal Roach Studios and Samuel Goldwyn, but a petition filed on behalf of employees of Selznick International and Principal Productions was dismissed.

The Society of Motion Picture Artists was named as the agency to represent illustrators in the art departments, costume illustrators, matte shot artists, assistants to matte shot artists, title artists and heads of title departments at Columbia, RKO, Universal and Loew's, and elections were ordered at Warner Brothers and Twentieth Century-Fox. The board dismissed petitions filed on behalf of employees of Paramount.

The Federation of Screen Cartoonists and the Society of Motion Picture Film Editors were named as agents for employees of Walt Disney Productions. The board announced that the former showed that it represented 568 of the 602 employees engaged in production, exclusive of supervisory employees, and that the editorial organization represented all 15 of the cartoon editors, assistant editors and film librarians.

Other Hollywood and other motion picture union and guild news appear on page 29.

On the Train

Samuel Goldwyn rode by train this week from his studio in Hollywood to the Rivoli theatre on Broadway to attend a big ballyhoo opening of his new "They Shall Have Music." On the way east he issued several statements, verbally and in writing, starting at Chicago with an expression of approval for an anti-duals bill pending there, and ending in New York with the announcement of "another Salzburg" in every hamlet in the United States.

See story on page 58.

Curtain

Vaudeville, which once relegated films to the position of "chasers," to clear the theatre before the next bill went on, has reached a new low ebb this summer, with majors' booking offices reporting fewer than 10 houses being serviced steadily at present. Despite plans on the part of such independent circuits as Brandts in New York to provide playing time for vaudeville in place of a second feature, Broadway's bookers and agents see no great hope for the immediate future. However, vaudeville was much in the public eye this week as wreckers started demolition of the lobby of the New York Palace, long the leading vaudeville theatre when that art was at its height. With the completion of a new lobby, another of vaudeville's landmarks will have passed.

An account of vaudeville's present status in the entertainment world will be found on page 15.

United Front

Film critics on newspapers are organizing a national group to raise standards of film criticism, impress the public with the significance of motion picture criticism, compel greater attention from the producers in Hollywood and increase the respect of editors and publishers for their motion picture departments.

Details of plan are reported on page 17.

In the Army

The Senate in Washington this week passed a law making it a criminal offense to incite members of the United States armed forces to disobey rules and regulations through literature or motion picture films passed among them.

The law is aimed directly at literature which, it had been charged, was distributed among U. S. soldiers and sailors by Communist organizations, but it would apply equally to films. However, it was said at the Capital, there has been no complaint in military circles over motion pictures and it would be only under exceptional circumstances that films could be involved. Both the Army and the Navy buy films for showing in camps and on ships, virtually all of the product coming from the industry's "Big Eight."

Latin America

How to hold the immense advantage which American companies already have in Latin America, and not how to gain new markets, is the problem American distributors face, according to John Day, Paramount manager for South America, who arrived in New York on Monday. The Latin American market is "thoroughly developed," and highly competitive, he said. French films and native productions are growing threats, he said. As for the "untapped" areas which home office executives point to, Mr. Day intimated that they would have to remain untapped for some time. There is no business to be done in regions into which one cannot go, and in which there are no theatres.

More Troubles

The Department of Justice this week warned that a Federal Grand Jury probe of the film business is coming in Los Angeles, with a new monopoly suit and an investigation of film labor matters, also film tax deficiencies.

Congressman Lyle Boren states that when the anti-block-booking bill reaches Congress, he will move for a drive for divorcement legislation.

For Theatres' receivership is being subjected to examination by the Federal Bureau of Investigation as a result of the Judge Manton case.

In Alabama, still another anti-trust suit has been filed against the majors by independents.

Major defendant counsel in the Government's New York anti-trust suit are getting ready to protest the Department of Justice's move in Federal Court for an early trial date.

The same defendants, in the Oklahoma trust suit, with the addition of the Griffith circuits, are demanding of the Government details of the charges in that case.

Trust suits and troubles are reported on pages 21 and 22.

21st Anniversary

Marking the 21st anniversary of the Famous Players Canadian Circuit, managers, field excutives and the home office staffs met this week at Niagara Falls, Ont., in the first coast to coast convention held by the company. N. L. Nathanson, founder and president of the circuit, spoke at length of his confidence in the future of his personnel, his company and the industry. A highlight was the award of manager bonuses and announcement of an extension of the bonus plan. Attending were top executives of the major American distributors.

A story by A-Mike Vogel, Managers' Round Table chairman, is on page 27. Picture on page 10.

Need Not Pay

The United States Government dismissed the tax claim against Charles Laughton with the decision that he need not pay the assessment of $104,430 levied against him on his 1933 and 1934 incomes. Mr. Laughton's case differs from that of Marlene Dietrich, who is also having difficulty with the government over her income tax and was permitted to sail only after leaving $100,000 in jewelry as partial security, in that she is a naturalized American citizen while he, a British subject, is an alien and secondly, the tax laws were revised and tightened after the years involved in Mr. Laughton's case and prior to Miss Dietrich's.

Financial News

Thirty-nine weeks' earnings of Warner Brothers were reported this week at $2,912,186, compared to $3,282,765 in the previous year. This was equal to 70 cents a share on the common for the last 39 weeks, and 80 cents a share in the previous period.

Consolidated Film Industries netted $356,117 in six months, equal to 89 cents a share on preferred stock, compared to $317,442, equal to 79 cents a share in the previous half year.

The Securities and Exchange Commission this week reported stock holdings of Monogram Pictures officers.

Sharp decline in theatre business in June was reflected in receipts for ticket taxes, as reported this week by the Bureau of Internal Revenue.

The figures are on page 52.

McNinch Ill, Quits

Frank R. McNinch will send to President Roosevelt his resignation as chairman of the Federal Communications Commission, he admitted Wednesday. The personnel of the Commission has for months been subject to attack by all sides, by Congress and broadcasters, particularly, for the nature of some of its decisions and procedure.

Ill for a considerable period, Chairman McNinch was a luncheon guest at the White House Tuesday, when he told the President that, owing to his health, he felt that the burdens of his office were too great.

The Chairman will be the second member of the Commission to be replaced in recent months, Frederick I. Thompson succeeding Eugene O. Sykes in April.

Chairman McNinch's admission immediately caused speculation both in Washington and in radio broadcasting circles as to his successor. T. A. M. Craven, FCC member, who has consistently differed with the Chairman on policy matters, is reputed to have the support of the radio industry, but others mentioned are former Governor Philip F. LaFollette, of Wisconsin, former Congressman Otha D. Wearin, of Iowa, and James Lawrence Fly, of Knoxville.

Schine Convention

The theatre circuit of J. Myer and Louis W. Schine, which started in Gloversville 21 years ago modestly and now numbers 150 theatres in the east and south; next week, Tuesday through Friday, holds its first annual convention. Under the direction of the Schine brothers, some 250 of the circuit personnel will discuss exploitation, selling terms, operations, and the like.

Plans, business and social, for the meeting are outlined on page 28, and a special story in the Managers' Round Table, page 70, tells the story of the circuit's growth.

FIRST CHECK ON BUYING SHOWS RESULTS OF DELAY

Contracts Running Behind Last Year; Code Delay Seen as Cause; 36 Circuit Deals Closed by Ten Large Companies

The 1939-40 product buying season is well under way, off to a late start and with much to be done by the distributors to roll up the some 600 block franchises necessary to get the 35,000-odd playdates usually sold to the 83 large circuits alone. Even more sales effort will be necessary to gain a normal position in the subsequent-run field.

In the first check on who has bought what, productwise, for exhibition in 1939-40, 36 large-circuit deals are disclosed to have brought about 3,007 block-product sales for various of the ten large companies, while new-buying by smaller operators and single-theatre owners is, in many sections, proceeding even slower, due, for the most part, to the decision of those owners to mark time pending receipt and actual inspection of the final trade practice document to determine the relation of expected concessions from the code to any bargaining that they may be doing with film salesmen.

Arbitration Is Factor

From the standpoint of the independent buyer there is also the important matter of the majors' system of arbitrating contract and other disputes under the code and under their film contracts, for which the owners also have been waiting before talking about new film commitments.

All of this means that the delayed buying season will make a much shorter one for 1939-40 bargaining. There are, of course, scores of deals now in process of negotiation which should shortly release the floodgates of playdates. For all of these, and whatever other potential business is in sight, the general sales managers from New York and their field sales forces will be riding more pullmans than usual in the next few weeks on the selling business of their companies, riding in competition that appears to be keener than ever before among the several companies.

Most of the sales managers themselves have been prevented this year from giving as much early attention as in previous years to their company sales problems, for they, too, have been tied up by the code, meeting almost continuously for months in New York on the drafting and re-drafting of the program which they are about to present for the self-regulation of distribution and exhibition.

Rental Increases Claimed

Independent exhibitors in many territories also have been delaying buying because of local business conditions and because, they claim, the distributors this year are increasing percentage demands, but, pending actual meeting of the buyer and seller on terms, no organized action has been taken by the owners, save the suggestion of two weeks ago by the United Motion Picture Theatre Owners of Pennsylvania that cooperation of all independent groups be effected to attack the "problem of high film rentals." There have also been similar sporadic outbursts in organized exhibitor ranks elsewhere.

In view of the delayed buying in some places and the fact that the actual selling period only recently got under way seriously, most of the general sales managers in New York are reluctant to discuss the state of their books at this date.

However, from announcements already made through their home office publicity departments, and otherwise, some important deals are reported consummated.

One of the most important deals to date in the buying of 1939-40 product, one of the most important in the company's history, was the purchase by National Theatres of United Artists' complete program of 28-to-32 features, for the 169 Fox West Coast houses, its 42 Fox Wisconsin theatres, 120 of Fox Midwest and 65 Fox Intermountain.

Another big United Artists negotiation was a two-year contract for all of its product for all of Warner Brothers 400 theatres. This one was the biggest U.A. deal for all time.

Harry Gold, United Artists sales manager, also sold the 53 George Skouras-Fox Metropolitan houses. Other U.A. purchases were made by the Durkee Circuit, with 20 houses in Baltimore, and by the Rome Circuit, with 11 theatres in Maryland.

Settlement Seen

Warner Brothers is another that has been making normal progress on product sales. Following the breach occasioned when the company, last month, announced it would this year sell-away from National Theatres in California, because it was dissatisfied with National's terms and operating policies, Warners have been selling to other coast circuits which heretofore could not get that company's product. One of the foremost deals in this connection was the purchase by John Danz for his 18 Sterling Theatres in Oregon and Washington.

In any event, some in New York this week saw the possibility of Warners and National Theatres healing the breach, this report on Broadway following a meeting of National's theatre chiefs in New York on new product arrangements.

In Colorado, Gibraltor Enterprises, 30 theatres; and in South Dakota, Black Hills Amusement Company purchased 1939-40 Warner product, Black Hills having ten theatres.

Wilmer and Vincent has bought the Warner group of 48 for 1939-40 for its 20 theatres in Pennsylvania and Virginia.

Shea's Publix, 13 theatres in Buffalo have also bought the Warner product, including features, shorts and trailers, likewise the J. J. Parker Circuit of six in Oregon, the B. F. Shearer Circuit of four in Washington, with the Johnson interest of nine in Washington, and the J. Blumenfeld group of 15 around San Francisco.

As with practically all other sales managers and field and divisional sales executives of other distributors, Warners' officials have been riding pullmans into the field to close new deals and polish up old ones. Gradwell Sears, general manager, was in Chicago this week talking about releasing plans with the Balaban and Katz Circuit, whose Warner franchise still has two years to run.

National Theatres' 169 Fox West Coast, 42 Fox Wisconsin, 120 Fox Midwest and 65 Fox Intermountain theatres have also purchased Columbia's 1939-40 product, of 42 features, and purchased Metro-Goldwyn-Mayer's 44-to-52 for the same subsidiaries.

The 20 Durkee theatres in and around Baltimore have bought Republic's product. Negotiations are understood about to get under way with National Theatres.

Interstate Theatres, operating 32 in New England, has also bought Republic, likewise New England's Maine and New England Circuit of 21.

Three-Year Deals

Metro-Goldwyn-Mayer has been negotiating 1939-40 product deals with Warners (400 theatres); National Theatres (396 theatres) and many with Paramount's many partners, in both instances continuing three year deals which expire at the end of the present season.

First big Twentieth Century-Fox sale was to about 250 of the 400 Warner theatres, for one year. W. N. Skirball, for nine theatres in Ohio, also will get Fox product.

The 16 Dipson theatres in Ohio, Pennsylvania and New York were a Universal product purchaser and so was the Music Hall, New York, and the 150 Schine theatres in New York, Ohio, Kentucky and Maryland, also 20 Comerford theatres in New York State.

There have been other deals, but the foregoing are some of the more important, and will be followed daily now by announcement of the consummation of negotiations now under way, for large and small groups of product by large and small circuits.

Motion Picture Daily reported the other day that higher percentage terms are being sought for an increased number of pictures everywhere as a result of higher production budgets at virtually every studio. Domestic sales quotas for the new season are running 10 per cent to 20 per cent ahead of a year ago, while production budgets will run from 10 per cent to 40 per cent higher. Foreign sales quotas are eight to 15 per cent higher than last year.

Agreements Unchanged

While percentage terms asked are generally higher throughout the industry, sales officials emphasize that provisions for adjustments are more liberal than they have been in the past. This fact is credited in some distribution quar-

WARNERS AHEAD IN PRODUCTION SCHEDULE

With more than a month to go before the 1930-40 *season officially starts Warner Brothers are far in advance of their production schedule with nine of the features completed and seven still in production. The features completed are "The Lady and the Knight", "Dust Be My Destiny", "The Old Maid", "A Child's Born", "Secret Enemy", "Steeplechase", "No Place to Go", "The Return of Dr. X" and "Nancy Drew and the Hidden Staircase". Features still in production are "Twenty Thousand Years in Sing Sing", "We Are Not Alone", "The Roaring Twenties", "On Your Toes", "Career Man", "Queer Money" and "The Dead End Kids in Military School".*

DEMOLITION OF OLD PALACE LOBBY FINDS VAUDEVILLE AT LOWEST EBB

Five Major Theatre Circuits Have Less Than 12 Houses; Bookers See Little Gain in Fall Despite Independents' Plans

Regular full-time vaudeville, running in combination with pictures, of course, has struck the lowest ebb in its history this summer. And, despite the plans of a few independent film theatre circuits to put vaudeville in this winter, as in New York, at the Brandt houses, and in Minnesota, at the Minnesota Amusement Company's theatres, Broadway's vaudeville bookers and talent agents see no great advances for vaude acts in the new show season this fall, although there will be some seasonal openings.

None for Keith Circuit

Indicative of the situation, Radio-Keith-Orpheum, one of the oldest and at one time the biggest vaudeville circuit, stands today without a single week's vaudeville bookings in the country, and will have but four or five this fall.

Fanchon and Marco, for Fox and National circuits and others, and which of late years has been among the most active bookers, today is booking acts into but a few houses.

Warners has only three, the Earle, at Washington; Strand, New York, and the Fox in Philadelphia.

Paramount has but two, Paramount, New York; Chicago, Chicago.

Loew's has but two, the State in New York, the Capitol, Washington.

There are not more than a handful of others.

"Spot" bookings of novelties, beauty contests, amateurs, stage bands, freak acts and such are, of course, another matter. But even in this field there is not much going on this summer. Double bills and chance games and giveaways still hold the upper hand as companion attractions to the product of Hollywood.

Palace Lobby Remodeled

Despite the present low position of vaudeville, the old theatrical art this week came in for no little newspaper, theatrical and public attention when building wreckers started demolishing the old lobby of the Palace theatre on Broadway, the leading vaudeville theatre when vaudeville was at its height. Before the wrecking started, Monday afternoon, to make way for a new lobby and marquee for the RKO house which has been showing pictures for years, old vaudeville stars of other years gathered in the theatre's lounge to exchange reminiscences of the house, 26 years old next September.

The new Palace lobby, to be finished August 11th, will have black granite base and white granite walls, with aluminum and bronze display frames. The inner lobby, reached through glass doors, will have walls of zebra wood with a black marble base.

Old-Timers Attend

Among the performers present Monday, for their last look at the Palace front of old as many of them knew it, were Harry Richman, Hardeen, Jay C. Flippen, Dave Apollon, Ben Blue, Radio Rogues, Milton Berle and his mother; Carner, Wolfe & Haskins, Sid Marion, Sid Gary, Bob Olin, Judy Canova, Billy Gould & Jay Brennan, Olie Olsen of Olsen & Johnson, Phil Silvers, Lew Hearn, Jackie Heller, Ward & Van, Al Raymond of Raymond & Caverly, Margot Crangle, Collins & Hart, Louis Spielman, Parish & Peru, Corinne, Rose Kessler, May Dupree, Dave Vine and Don Barclay.

The performers appeared before the WMCA microphone from 4 to 4:30 P. M. with Martin Starr as master of ceremonies. J. J. O'Connor, president in charge of theatres for RKO; C. B. McDonald, division manager, and Harry Mandel, director of theatre publicity, were in charge of festivities, together with John Cassidy, Fred Myers, Max Fellerman, Peggy Foldes, Ed Sniderman, Bucky Harris, Blanche Livingston, Hal Seroy and Bill Kernan.

Brandt Vaudeville in Fall

First heralded in May, 1938, the plan of the Brandts to eliminate double features by following a policy of vaudeville will go into effect in September.

Having tried vaudeville at the Flatbush Theatre, Brooklyn, for the 13 weeks from last March 17th to the closing of the house for the summer, and calling it "most successful," William Brandt, affiliated with his brother Harry, Independent Theatre Owners of America president, in the operation of the Brandt Circuit, has started a separate vaudeville booking department under the supervision of Arthur Fisher.

Playing the Flatbush during the "trial period" were, among others, Paul Whiteman, Abbott and Costello, Willie and Eugene Howard, Harry Richman, Lou Holtz, Jimmy Dorsey and Helen Morgan. Opening the theatre on September 21st will be Milt Britton and his band, the Andrews Sisters and the Debutantes. On the 28th, the show will move to the Windsor, in the Bronx; on October 5th, to the Audubon, in Washington Heights, and on October 12th to the Carleton, Jamaica, according to William Brandt. The Audubon and Carleton will also open on the 28th, with different shows, it being "our intention to rotate the shows from one theatre to another," according to Mr. Brandt.

Following primarily a "name band" policy, Mr. Brandt will keep his prices the same as those prevailing in the neighborhood. His shows will include a feature, shorts and the vaudeville.

With his four weeks' playing time, Mr. Brandt said that this was the most afforded any act in the metropolitan area in recent years, and feels that in addition to providing better grosses at the Brandt theatres, it would afford an opportunity for the development of talent and work for musicians, stagehands, scenery workers and actors.

The Brandts' idea of providing 10 weeks playing time through the formation of a vaudeville circuit including the Hippodrome, Baltimore; the Rialto, Newark, and the State, Hartford, among others, is being held in abeyance.

Minnesota to Have 10 Weeks

However, 10 weeks of playing time will be offered under a plan now in work by the Minnesota Amusement Company. Acts would be able to play combination shows in key situations outside of Minneapolis, St. Paul and Duluth, with opening set for October.

Among the "down-town" theatres in key cities which show vaudeville throughout the year as a steady policy are the following:

Fox, Philadelphia
Earle, Washington
Capitol, Washington
State, New York
Paramount, N. Y.
Strand, New York
Roxy, New York
Music Hall, N. Y.
Hippodrome, Baltimore
Chicago, Chicago
State-Lake, Chicago
Oriental, Chicago
Golden Gate, San Francisco
Orpheum, Los Angeles
Beacon, Vancouver
New York, Buffalo
Riverside, Milwaukee
Denver, Denver

Stopping their vaudeville policy during the summer, but showing it during the winter, are the following, among others:

Lyric, Indianapolis
RKO, Boston
Fox, Detroit
Palace, Cleveland
State, Hartford
Palace, Akron
Palace, Youngstown
Paramount, Newark

Then, too, there are such summer resort vaudeville outlets as the Hamid and Steel Piers, in Atlantic City, as well as neighborhood houses which have either a regular vaudeville policy or use spot bookings. Some of these are:

Fay's, Providence
Fay's, Philadelphia
Carman, Philadelphia
State, Baltimore
Stratford, Chicago
Norshore, Chicago
Fort Wayne, Evansville
Buffalo, Buffalo

Now being tried out at the Colony, Jersey City, is sponsored vaudeville. The theatre has sold its stage rights for a period of 10 weeks; and a local furniture store is providing a five-act show every Friday night, receiving notices in the lobby and through trailers in return.

This, it is reported, is the first time that a theatre has contracted with a commercial sponsor not tied to a sponsored radio program.

Decline Since Sound

The days when films were used as a "chaser" to get rid of the crowds which would otherwise have stayed on to see another turn of their favorite vaudeville performers, have given way within the past 10 years to the situation as it now stands: where there are almost no routes for a vaudeville performer. Bookings heads and others who can remember the times when the large circuits could provide steady employment in the form of continuous routes for as long as three year periods, have ascribed the causes of vaudeville's decline primarily to the

MARK ANNIVERSARY OF NICKELODEON

The Pittsburgh Variety Club this week at its regular weekly dinner observed Nickelodeon Day in celebration of the 34th anniversary of the opening of the world's first all-motion-picture theatre, the Nickelodeon, opened June 19, 1905, by Harry Davis and the late Senator John P. Harris. King for the day was John H. Harris.

The guests included Eugene Connelly, former publicity director and manager for early Davis-Harris enterprises, and former Senator Frank J. Harris, president of Harris Amusement Company. The preview theatre in the recently opened Harris Company offices in the William Penn Hotel in Pittsburgh is called Nickelodeon. Eighty-five barkers attended the dinner.

A bronze tablet marking the site of the first nickelodeon was unveiled in 1929 at Frank and Seder's downtown department store, by the Historical Society of Western Pennsylvania.

FEW STAGES USED REGULARLY

(*Continued from preceding page*)

introduction of sound films, the great increase in radio popularity in the late 1920's, and the depression, after which vaudeville had only one false high point, in 1931, before relapsing back again into the slump it reached in 1928-29. Vaudeville, it is pointed out, was also hurt by the lavish film musical comedies, with which it could not hope to compete; and a parallel is made in the fact that, since the introduction of sound, there has been very little "talk" in vaudeville compared to the skits and sketches formerly so popular.

Vaudeville today is secondary in drawing power to films themselves, and "there is no theatre that can exist and prosper just on vaudeville," it is pointed out by Fred Myers of the RKO Theatres. At present, RKO is not booking a single vaudeville theatre.

Typical of the decline is that in the Loew Circuit. Where 10 years ago the Circuit provided from 30 to 35 weeks' work, with at least 50 theatres participating, it fell five years ago to approximately 15 weeks work on the same circuit, and now to an average of about two weeks work, with only the State, in New York, and Capitol, in Washington, having a steady vaudeville policy. There are, in addition, spot bookings in Loew houses in Columbus, Richmond, Norfolk, Akron and Atlanta, but these do not account for more than four attractions per house a year.

Personal Appearances

Sidney Piermont, booking manager of the Loew Booking Agency, points out that the people in vaudeville today are typically also in other entertainment fields such as films and radio. And where there were very few percentage deals in formers days, most are today, with vaudeville artists in many cases appearing virtually for a "personal appearance" rather than an act.

There are three types of stage presentations currently used today in houses showing vaudeville. The "name band" policy, which uses a well known dance band as its main attraction, is used at the New York Paramount. The "presentation policy" consists of integrated "units," and is used by the Roxy Theatre, in New York; while "straight vaudeville," consisting of groups of unconnected acts, is often used by Loew's State Theatre, in New York.

Prior to 1929, all vaudeville had been the groups of unconnected acts referred to above, consisting of from five to eight acts. Then, in 1929, the presentation policy came in as a way of varying the normal routine. In 1934, the New York Paramount inaugurated the "name-band" policy after having taken out vaudeville and tried the showing of straight films. The continuing growth in the popularity of well known orchestras, made familiar through radio, has seen a further decline in straight vaudeville as such, although in many cases it is not very different from former presentations, when the pit band went on the stage and acts played in front of it.

The "straight vaudeville" layout today consists typically of five acts. The first number is a group presentation, either acrobatic or dancing; the second a Comedy number; the third a single performer, such as a well known personality or singer; the next-to-closing spot the "big" comedy name, and the closing spot also a group presentation, such as a band, or another acrobatic or dancing number.

Important as Training

The importance of vaudeville as a training ground for films and radio cannot be overlooked, according to Laurence Golde, of the William Morris Agency. Vaudeville trained were such people as Eddie Cantor, Bob Hope, George Jessel, Jack Benny, Sophie Tucker, Mae West, Jimmy Durante, Burns and Allen, Phil Baker, Martha Raye, Ken Murray and a host of others. Today, however, it is said that headliners can't be created any more by vaudeville, simply because there aren't enough theatres showing vaudeville to create them. The many small houses scattered through the country, which had acted as a developing ground for talent no longer show vaudeville, and the troupes touring small situations in past years can no longer exist, in most cases.

Last August the calling of a strike by the American Federation of Actors at the New York Strand held back plans which may have been under consideration by other circuits for the reinstatement of a vaudeville policy.

Warners, until then, had tentatively planned name bands for the Branford, Newark, and the Stanley, Jersey City.

Recent AFA difficulties, latest development of which was the revocation of its charter and the formation of a new union, the American Guild of Variety Artists, by the parent body, the Associated Actors and Artistes of America, have not helped to stabilize the situation, and vaudeville talent today has in many cases shifted into fields such as cafes, hotels and night clubs. The latter is pointed out by Sam Rauch of Fanchon and Marco, which both books and acts as an agency for talent.

The agents handling vaudeville talent have widened their field, due to the necessity of giving more varied coverage to include other fields; and there are fewer independent agents. William Morris, Music Corporation of America, Rockwell-O'Keefe and Consolidated Radio Artists are among the largest today.

A new theatre will adorn the site of the now empty Times-Star building in Cincinnati, Ohio. The 700-seat theatre will be operated by Gifts, Inc., of which Ike Libson is president. His brother, Abe Libson, is vice-president and Ben L. Heidingsfeld, attorney, secretary-treasurer.

Reminiscing of the days when they played two a day at the Palace, capital of an entertainment art now fast fading, these masters of the art were guests of honor at ceremonies marking the demolition of the Broadway theatre's famous lobby. Left to right: Corinne, James Hart of Collins and Hart, Billy Gould of Gould and Suratt; Charles B. McDonald, RKO division manager; Olie Olsen of Olsen and Johnson, Lew Hearn, Al Raymond of Raymond and Calvery, Rose Kessler, Jay Brennan of Savoy and Brennan, Ed West who was on the opening bill of the B. F. Keith theatre in Boston in 1883, *and Mae Laval.*

Monopol Director Sails; Hoffberg Appointments

Max Sprechter, director of Monopol Films, Holland, sailed for Rotterdam from New York this week after completing negotiations through his representative, the J. H. Hoffberg Company, for the purchase of 30 films. Before sailing he said that this year the independent market is better supplied with the type of product that he required. Mr. Sprecher plans to return to the United States in February to complete negotiations on other deals with Hoffberg.

Robert H. Campbell has been appointed district manager with headquarters in Washington, D. C., to cover Maryland and Virginia for Hoffberg. William E. Sipe of Memphis, Tenn., has been appointed district manager to cover Tennessee, Eastern Arkansas and Western Kentucky. Pat Garyn has joined Hoffberg covering Texas and Oklahoma. In addition, the company recently closed with Excellent Pictures in Detroit for the Michigan territory.

Drake Joins Mercury

Herbert Drake, assistant drama editor and critic of the New York *Times,* will join Orson Welles and John Houseman of the Mercury Theatre August 1st, acting as general coordinator of the Mercury enterprises. Henry Senber will continue as theatrical press representative.

Attack Carnivals

Kansas City exhibitors are protesting the influx of carnivals. E. S. Young, of the Central, Jay Means, of the Oak Park, and Arthur Burke, of the Gillham, appeared before the City Council, in behalf of exhibition.

FILM CRITICS ORGANIZING TO RAISE STANDING WITH PUBLIC, PUBLISHERS

Seek to Improve Standards of Film Criticism and Impress Public with Significance of Motion Picture Criticism

by JAMES P. CUNNINGHAM

A movement is under way to gather from among the 900 working motion picture critics of the country's newspapers sufficient members to organize and operate a mutual organization from coast to coast that would have as its basic purposes the improvement of standards of motion picture criticism in newspapers and impress the public with the real significance of motion picture criticism. As a national group it would be the first of its kind. A lone local organization of film critics is operating in New York, founded some few months ago.

Not a Union

The sponsors of this new association stress that it would have no labor or guild "tinge," that they are unanimously opposed to anything like a film critics union or any association or connection with either the American Federation of Labor or the Congress of Industrial Organization. Although many of the country's film critics are members of the American Newspaper Guild, headed by New York's Heywood Broun, their scale of wages and working hours and conditions are generally far above any of the guild's requirements, particularly in New York, Hollywood, Chicago and other large places.

Last week, some 50 of the newspaper critics, as a starter, received from Merle Potter, critic of the Minneapolis *Journal,* acting for and in behalf of a committee of sponsors, an announcement of the intentions, inviting membership and observations on such a group.

The idea in its most recent form was born out of those many junkets recently conducted for the press to Dodge City, Kansas, for the opening of the Warner picture of that name, to Omaha for the Paramount picture of "Union Pacific," and elsewhere for other productions; several of the more representative ladies and gentlemen who write about pictures for the press deciding that these periodical assemblages around the country were causing them to acquire helpful contacts, knowledge of the workings of their clan, and other things besides forcing them to acquire a spare shirt, a toothbrush and a sound stomach ready for any emergency in galloping away to serve the cinema—and Mr. Lasky, Mr. Mayer, Mr. Zanuck, Mr. DeMille and the brothers Warner, who of late have been unusually generous in furnishing special trains to the inlands for picture premieres.

Would Increase Prestige

Sitting around the pullmans and club cars some of the critics came to the conclusion that they should form some sort of a working organization. At Des Moines the other week, Dorothy Deer of the Chicago *American,* Keith Wilson of the Omaha *World-Herald,* Barney Oldfield of the Nebraska *State Journal,* Buck Herzog of the Milwaukee *News-Sentinel,* Merle Potter of the Minneapolis *Journal,* and others, were diverting themselves at the expense of RKO and the opening of its "Career," when the subject again arose, taking concrete form when Mr. Potter was deputized to select a group of critics around the country for a beginning.

Besides these reasons for using their collective effort to improve standards of film criticism and impress the public with its significance, they would also work to have the critic carry greater weight, compel greater attention from the producers in Hollywood, and, importantly, increase the respect of their editors and publishers for the motion picture departments of newspapers. The motion picture industry itself has down through the years exerted strong effort to improve its position in the news and feature columns of the nation's papers. Despite a pronounced trend toward increasing the amount of advertising space it uses in the newspaper—increasing 50 per cent in the past few years—newspaper publishers have been steadily hitting the industry by increasing lineage rates. At the last investigation made by MOTION PICTURE HERALD, two years ago, it was found that while general advertising rates had been increased but two cents in three years, to 37 cents, motion picture advertising in the same period had been increased from 40 to 47 cents.

The motion picture producer has long been without any organized representation between itself and the working press and it may be that the new group as projected might serve in such a capacity. There have been frequent clashes between groups of newspapers and the motion picture business in a particular locality, over arbitrary increases of ad rates, decreases of space for items on pictures and personalities. In such instances the film critics' organization could be used as "peacemaker."

Only last January, it was said in *Editor and Publisher,* trade journal of the newspaper business, that newspapers which conduct "slipshod" movie pages have "dropped the movie theatre manager into the newspaper picture somewhere between the business office and the editor's desk—making him a 'stepchild' of each."

Screen News Valuable

Citing a reader interest for "good" movie pages topping all other newspaper departments or special pages in newspapers except comics, Loew's, Inc., one of the biggest newspaper advertisers of motion pictures, declared that with the same treatment accorded films as sports and other fields, the movie page can be developed into one of the most valuable newspaper departments, both from the standpoint of public interest and advertising revenue.

The idea of the sponsors of the new critics organization to improve the standards of motion picture criticism has a particular relation to the Loew charges of last January, as written by Art Schmidt of Howard Dietz' home office publicity staff. The report charged that a wide variety of standards for movie pages existed in newspapers. Loew's found publishers, talking "off-the-record," frankly admitting they had not been giving much attention to their movie departments when "it is far below the standard of the balance of the paper," conceding at the same time that it is one of the most profitable departments, and is becoming more so each year.

It was found that the quality standard of movie pages, and the resultant reader interest and circulation appeal, is governed generally in proportion to the publisher's and/or editor's personal understanding of the motion picture business and liking for the movies themselves. Consequently "the local movie manager is neither fish nor fowl, a strange combination of news source and advertiser."

The Loew investigation found that "most motion picture editors or critics throughout the country are thoroughly competent, but, unfortunately, in many instances they contribute little to the page except reviews—they are not consulted (by their editors or publishers) on policy or makeup of the daily page, and frequently haven't the staff to conduct."

It would seem that the solution to many of these faults and complaints could be found through some such group as is now proposed by the movie critics.

Directly involved in the platform advanced for the critics organization are charges made in February, 1938, by John Rosenfield, well known movie critic of the Dallas *News,* who declared that, "The film critic is a highly indispensable feature of a complete publication, but nine out of ten practice their craft in a manner neither fair to their art, nor just to the impresarios, nor faithful to unsuspecting readers who encounter their by-lines." He charged that "film critics are most concerned with their own importance."

900 Critics

In addition to the 900 film critics—an all-time high—now on the records of the press department of the Hays organization in New York, there are today 312 accredited news and magazine writers writing about films from Hollywood.

The new organization would probably have some sort of an official organization publication. "It could be used for a great variety of purposes," it is said, but primarily would be employed to further the four basic aims of the group.

"Those who have discussed the possibilities of a critics' organization have felt that it should be kept independent of any dominating Hollywood influence at all costs. This would naturally include any attempt to dominate the organization by the Hays office," explain the sponsors.

SEES FILMS LOST ART IN GERMANY

Dr. Paul Schwarz, for 10 years New York consul general of the German Republic, in an address at the Fifth Avenue Playhouse, New York, this week said that the prime necessity, the base of artistic production, is liberty. "Let me simply state that most of the pictures which stood for the world-wide reputation of German motion-picture art have been produced before 1933," he said.

The occasion was the presentation of pre-Hitler motion pictures at the current Second Annual International Film Festival being conducted at the Fifth Avenue Playhouse.

Harry Balaban Proposes a Solution To Duals Problem, Says It Works

In the middle of a new general discussion within and outside the industry on the question of double bills, Harry Balaban, Chicago operator, comes forward with a new form of program to take the place of doubles, using, instead, one feature and a group of shorts presented in a most unique manner. It has been in the testing stage, and after weeks, Mr. Balaban says it works, not only maintaining regular box office business in the heart of a dual-infested area, but actually increasing receipts from ordinarily bargain-hungry Chicago moviegoers.

For years Chicago owners have been arguing and fighting over the duals question. The independents have refused to eliminate the practice because the circuits would not. At other times the opposite was the case.

Mr. Balaban's single feature at the Esquire theatre, where the test is being conducted, is supplemented by an hour of varied shorts, advertised as the "Esquire Hour." It is promoted and advertised in the newspapers, in precisely the same way that a normal feature would be.

The "Esquire Hour" is anything but a random collection of short subjects; it is an attempt at a balanced, unified program in which the various films form one homogeneous production. The general plan has been to present a full "hour show" which might compare in quantity to a second feature, and might excel it in quality. The shorts are picked painstakingly from all available material, and are altered, cut, edited and blended so that they may in essence make a completely unified 60-minute feature. Each short film leads naturally from one to the next, with the smooth progression of the reels of a normal feature picture; special introductory preludes or trailers are devised and presented to establish an easy connection between overlapping and related parts of the "hour show."

Editorial standards of the "Esquire Hour" are rigid. Superfluous credits, or titles, are eliminated from every short. A travelogue will be introduced by a screen caption reading: "The Esquire Hour takes you on a voyage to Bland Island." The evening's program always opens with a presentation of late news, although this may be re-edited and rearranged to fit in with the subject which is to follow; the last news flash, for example, may be that of a championship tennis match, which leads directly into an ensuing sports short on lawn tennis pointers. The whole attempt throughout is to avoid any conscious feeling of abruptness or inharmonious transition, and to develop the psychology of a group of shorts forming, in essence, a single 60-minute entertainment feature.

The theatre management attempts to solicit reactions and special preferences of all patrons, to be represented and reflected as the schedule of shorts for subsequent weeks is being made up.

What the final effect of the success of this type of program may be remains speculative. The only certainty at present is that Chicago exhibitors and distributors who have become aware of the experiment are watching it with more than casual interest.

Pathe Honors Dafoe At Cocktail Party

With Dr. Allan Roy Dafoe as guest of honor, RKO-Pathe held a party in its New York offices on Tuesday afternoon, to mark the premiere of "Five Times Five," RKO short, at the Music Hall on Thursday.

The Dionne Quintuplets, for whom Dr. Dafoe was the delivering and attending physician, are starred in the picture.

Among the guests at the party were Gus Eysell and Fred Lynch of the Music Hall staff; Colvin Brown, vice-president and general manager of Quigley Publications; Jack Alicoate, publisher of Film Daily; John Johnstone of Station WOR; Bud Fox of the Bud Fox enterprises; John Mosher of the New Yorker; and Martin Starr, of Station WMCA.

Hosts, for Pathe, were Frank R. Donovan, production manager; Harry Smith, Clarence Ellis, Louise Rousseau, and Mary Shannon. From RKO, there were Rutgers Neilson, Michael Hoffay, and Harry Michaelson.

Universal to Distribute For Associated British

Universal has closed a two-year contract with Associated British to deliver ten pictures annually for distribution in New Zealand and Australia it was announced by Joseph Seidelman, Universal's foreign department head, as he arrived in New York last week aboard the Ile de France. "The Beachcomber," distributed in the United States by Paramount, is one of the Associated pictures that will be handled by Universal in New Zealand and Australia.

Mr. Seidelman also announced that the European territory has been divided into two divisions, with Ernest Koenig placed in charge of the Latin division, which includes France, Spain, Portugal and Belgium, and Louis Foeldes made manager of the Central Europe division.

Business in England, Mr. Seidelman said, is relatively better than it is in the United States. Current year's business is far ahead of last year, he added, and returns from Continental Europe are highly satisfactory.

Delay in Selling Shows Film Buying

(*Continued from page* 14)

ters with the speedup in new season selling activities, and particularly that involving subsequent run accounts.

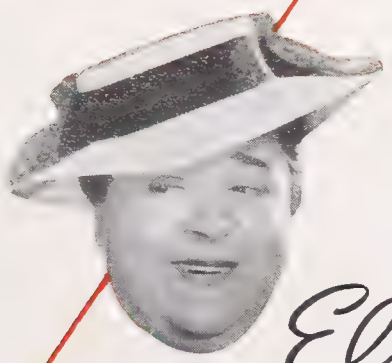
New season license agreements reveal very few innovations or changes. Most agreements retain a 15 and 10-cent minimum admission clause; some weekly payment plan for short subjects, newsreels and advertising accessories, and a provision reserving the right to the distributor to require certain features to be shown on single feature programs.

Most contracts contain the distributor's warranty that no advertising matter for which compensation is received has been included in the pictures licensed. Provisions are also made in most new agreements for release of a lesser number of features during the entire season than the number announced at the outset and specifies that announcements of production plans are not warranties that all pictures so referred to will be released during the season.

New license agreements omit reference to a score charge. However, cancellation provisions on the basis of the new industry trade practice code and warranties as to the non-forcing of shorts with features are not included. The old 10 per cent cancellation clause, conditioned upon the status of the individual contract, remains in most of the new season agreements.

These, of course, will be amended by the addition of the new trade practice provisions if and when legal means of making the code effective have been determined.

March of Time's Industrial Shown



The first industrial picture produced by a new commercial production department set up by March of Time was previewed by advertising men Monday night at a showing of a complete motion picture program prepared by J. M. Mathes, Inc., for National Carbon Company's Prestone. The program will be screened at dealer conventions throughout the country.

The Time picture, documenting the production processes of Prestone anti-freeze and the research conducted to maintain its quality, marks the magazine-newsreel's entry into the commercial field. The picture was directed by Beverly Jones. Discussing plans for the new department, executives of the company said that production would be confined entirely to industrial and sales training pictures and that none would be produced for theatrical showings. Negotiations at present are under way to produce a film for Chesterfield cigarettes.

The Prestone program includes a "Coming Attractions" reel pointing out to dealers new selling points for the product, made by West Coast Sound Studios, and a four reel feature, "Rip Van Winkle, Jr.," also produced by H. Christianson of West Coast, producers of Prestone and Eveready flashlight commercials. The program starts with a Walt Disney Mickey Mouse cartoon released theatrically several years ago.

No plans for showing the program or parts of it beyond the scheduled dealer conventions have been made.

FILMS FACE STILL MORE ATTACKS, IN CONGRESS, COURTS, GOVERNMENT

Department of Justice Discloses Plans for Grand Jury Probe; New Attack Promised in Congress; New Trust Suit

With controversies continuing within the industry over the code of fair trade practices, some 40 independent and three United States Government anti-trust suits pending in the federal courts, and an anti-block booking measure, the Neely bill, passed by the Senate and under consideration in the House, the motion picture industry this week became even more embroiled with fresh attacks, actual and threatening, breaking out in Congress, in the courts and in various Government departments.

The Department of Justice now promises a Federal Grand Jury investigation of the industry in Los Angeles, with a new monopoly suit there and demands made for action on film labor matters, also on alleged film tax deficiencies.

Congressman Lyle H. Boren this week declared that when the House gets the anti-block booking bill for consideration, he will move for a drive for legislation to divorce film exhibition from distribution interests.

Investigation of the Fox Theatres receivership has been started by the Federal Bureau of Investigation, as a result of the Judge Manton case.

Alabama independents now charge the majors with violation of the anti-trust laws, adding to the three suits filed only last week, in Kentucky, Maryland and Texas.

Counsel for the major defendants in the New York trust case are preparing to fight the Government's move in the courts to advance the suit to early trial, the U. S. seeking a November 1 date on the calendar.

Murphy Discloses Coast Actions

Disclosure that a new U. S. Government attack on the motion picture industry is expected to be initiated in Los Angeles in September, when the Department of Justice will go to a Federal grand jury with a new monopoly proceeding and a demand for action on coast film labor matters, was made by the Department of Justice at Washington this week.

Both matters, it was declared by Attorney General Frank Murphy, are in the hands of Department officials on the Coast and will be acted upon at such time as they believe propitious.

A third matter involving alleged income tax deficiencies of some industry leaders, including Joseph Schenck, William Goetz and Darryl Zanuck, will be decided shortly, Mr. Murphy said following conferences next week with the principals and their attorneys. The decision to be made is on the type of action to be taken. The matter involves alleged tax evasions by the setting up of trusts to which were transferred profits arising from transactions entered into by the film company officers in connection with the Twentieth Century-Fox merger, it was said.

Both the monopoly and labor cases have been under investigation for a considerable period, and the announcement that it was intended to bring action was not unexpected. Involved in the former is the 1932 consent decree, by Fox West Coast Theatres, which independent exhibitors long have complained was being violated, but there are intimations that the proceeding will be broadened to take in also matters which are the subject of attack in other pending suits against the industry.

The labor case is said to revolve around an alleged understanding between union leaders and the producers, to head off a threatened invasion of the Hollywood labor field by the CIO. (That "invasion" by the CIO has begun, as reported on page 29.

SHORTS VS. DUALS COMES UP AGAIN

Metro-Goldwyn-Mayer last Saturday morning dedicated Leo the Lion, Jr., a little cub given to it by the Lions Clubs of America, to serve as a living trademark for the company's "Junior Features"—short subjects. The dedication took place at the Court of Peace at the New York World's Fair, where delegates to the Lions convention had gathered for the purpose.

With Frank Buck, Johnny Weismuller, James Stewart, Bert Lahr and others participating in the ceremonies, Edward L. Kuykendall, president of the MPTOA, injected a trade note into the discussions when he hit out for shorts and a single feature as against double feature bills. The public attending gave him a receptive hand on the keynote.

"If all shorts were good," he said, "there is no question in my mind that they would soon supersede double features, because I am firmly convinced that the average person would rather see several good shorts and a good feature rather than two features, one of which was made specifically for the purpose of filling in the necessary number of program minutes."

Boren's Threat and The Neely Bill

Disregarding the fast-approaching closing of Congress, Congressman Lyle H. Boren (Dem., Okla.) this week stated at Washington that consideration by the House of Representatives of the Neely block-booking bill, already passed by the Senate, will be made the occasion for a drive for legislation divorcing exhibition from production and distribution.

As the block-booking legislation reached the House from the Senate, Congressman Boren submitted for the record a brief defending the constitutionality of his divorce proposal which, however, has not yet been formally introduced.

The two measures, he declared, complement each other "and have in common the goal of a positive effect, to stimulate the production of better pictures, which goes beyond, and may render less necessary the negative effects of censorship laws."

His bill, the Congressman explained, is designed to separate production and distribution from exhibition. "Its principal substantive provision prohibits the operation of motion picture theatres which are owned or controlled by producers or distributors or in which producers or distributors have an interest," he said. "In aid of enforcement it is required that every exhibitor, as a condition of lawful operation, shall file annually with a designated state officer an affidavit to the effect that the requirements of the law are being complied with. Criminal penalties are imposed for violations, and provision is made for civil proceedings, after the manner of anti-trust actions, to prevent and restrain violations. The effective date is deferred until one year after enactment."

Admitting that the important constitutional question of whether the due-process clause of the Constitution would be violated by such a law, Representative Boren held that similar legislation has been enacted by Congress in the past for other industries and has been held valid by the courts.

Cites Other "Divorcements"

The separation of banking from the investment business, the divorce of railroads from coal mining, he contended, afford precedents for the divorce of exhibition from distribution.

"There is nothing novel about the power exerted in the bill, but on the contrary it is merely the application of a long-known and well-recognized power to new conditions," his memorandum asserted.

"It is primarily, but not solely, a matter of legislative judgment whether such evils exist as should be corrected and whether the means selected for their correction have a real and substantial relation to the ends sought to be attained."

Boren contended, further, that the motion picture industry, particularly the operation of theatres, is affected with a public interest.

"That the motion picture industry has risen to become the subject of a vast public interest is beyond dispute," he declared. "Equally certain is it that there is widespread concern about the industry and its influence upon the public. This concern has been manifested in many ways.

"In view of the many quarters in which concern about motion pictures, particularly the exhibition end of the industry, has been manifested, and in view of the proven influence of pictures upon the manners, dress and morals of the people, it would be difficult to discover an enterprise more aptly fitted to the category described by the court in Wolf Packing Co. v. Industrial Court."

Since the states have ample power to control motion picture exhibition, Boren held, there would be no difficulty in administering the measure under which theatre owners would report to state, rather than Federal, officials.

"Little, if any, apprehension need be felt in regard to other constitutional objections which may be urged against the bill," he said. "Thus it raises no question under the commerce clause, since, designed only to regulate exhibitions within the state, its effect upon interstate commerce will be only indirect. The contracts clause presents no problem, because, first, to the extent that the distributor-exhibition contracts in the motion picture business are for terms of one year or less, the delay of one

(*Continued on following page*)

(Continued from preceding page)

year in effective date provided in the bill would prevent it affecting those contracts; and, second, all private contracts are subject to the exercise of the state's police power. Nor is the bill objectionable under the equal-protection clause," he concluded.

Key to Neely Bill Rests in the House

A majority of the members of the House of Representatives are agreed that something should be done to quiet complaints of monopolistic practices in the motion picture industry, but there appears to be a decided difference of opinion as to whether the best approach to a solution is through the Neely bill or enforcement of the anti-trust statutes, according to word from Washington this week.

If the Neely bill were brought up on the floor of the House, it is felt in Washington that it probably would receive enough votes to insure its passage. But there will probably be no action on the measure until next session and by the time it is taken up for consideration it is possible that a decision will have been rendered in the Government's New York suit.

Control of legislation is more securely in the hands of leaders in the House than in the Senate. This was evidenced during the current session, when Representative Clarence F. Lea of California, chairman of the Interstate ond Foreign Commerce Committee, successfully repelled efforts to force action on the block booking legislation sponsored by Representative Andrew Edmiston of West Virginia and Francis D. Culkin of New York.

The California Congressman this year said he would not take action on the bill without hearings and that the committee had too much more urgent legislation to handle to permit the holding of a lengthy investigation of the film industry's troubles.

The suggestion has been heard in Washington that if the bill is not brought up for consideration it may be forced out of committee by petition. Such a step is resorted to only occasionally, when a committee deliberately attempts to hold back legislation in which a large number of members are interested.

Such a move would not avail at the present time, since the few remaining days of the session would not permit the holding of hearings. In other words, the charge that the committee has put the bill on ice would not stand up, and, in fact, there is no disposition on the part of House sponsors of the measure to make such a drastic move, according to observers.

Majors To Fight Early Trust Trial

With a battery of Washington and New York government lawyers, the Department of Justice was ready Tuesday to argue in Federal Judge John C. Knox's District Court in New York for a motion to set November 1st as the date for the trial of the Government's suit against the majors. Apparently when it appeared that the majors were equally ready to contest the action—the majors want a Spring, 1940 trial date—the hearing was put over to August 1st to allow for a meeting Friday between the film lawyers and Paul Williams, U. S. Assistant Attorney, to explore the possibilities of arriving at a date in between that will be satisfactory to both.

Mr. Williams, in charge of the case, bases his plea for a preference on the ground that the case is of great public interest and that anti-trust suits are entitled to early trials.

In his affidavit, Mr. Williams declared that the film industry "has become one of great importance not only because of the large amounts invested therein, and the large number of individuals who are now engaged in the industry, but also because of the tremendous influence that is exerted by motion pictures over the social, cultural and education advancement of the people.

Mr. Williams also pointed out that Section 4 of the Sherman Act provides that "the court shall proceed as soon as may be, to the hearing and determination" of anti-trust cases, and asked that the case be "expedited in every practicable way."

Defense counsel are urging that the case is not of such extraordinary public importance as to require a preference and will resist the November 1 date on the ground that the defense could not be prepared sufficiently by that time. The case is now number 394 on the calendar and, in normal course, would be reached for trial about March, 1940, without a preference.

Pre-trial examinations will be kept to a minimum, Goverment attorneys indicate, and may be abandoned altogether in an effort to speed the trial. United Artists has already been examined, but the examination has not been formally closed. Exception was made in the case of U. A. because that company refused to respond to a questionnaire.

Meanwhile, Columbia's motion for a further bill of particulars from the Government in the New York anti-trust suit, was denied by Federal Judge John M. Clancy Thursday.

The cryptic decision denied the motion "in all respects," holding that the Government had given "reasonable compliance" to Federal Judge William Bondy's order for an original bill of particulars from the Government. The court directed that Columbia file its answer within 10 days.

In addition to asking further particulars of the anti-trust law violations with which it was charged, Columbia asked that portions of the Government's complaint be eliminated for failing to comply with Judge Bondy's order; to strike out parts of the Government's bill of particulars as being "sham and frivolous"; to forbid the Government from offering evidence on items which it failed to answer in its bill of particulars and to eliminate reference to Columbia's part in the Interstate Circuit case on the ground that the case has been disposed of.

A similar application for a further bill of particulars by United Artists is still pending before Federal Judge Edward A. Conger.

FBI Investigating Fox Receivership

The Federal Bureau of Investigation has been conducting a secret inquiry into the receivership of the Fox Theatres Corporation, it was learned in New York Saturday during a proceeding before Judge John C. Knox, of the Federal Court there. The corporation went into voluntary bankruptcy in 1932 with assets of more than $30,000,000 and claims against it of more than $38,000,000.

The proceedings Saturday revolved about an application by Robert Aronstein, of the creditors' committee, and Gustavus A. Rogers, of the stockholders' committee, for permission to use the corporation's funds for an investigation of the conduct of Milton C. Weisman, former receiver of the corporation and now one of the trustees in charge of its dissolution.

Mr. Weisman had been appointed receiver in 1932 by former senior Judge Martin T. Manton, of the United States Circuit Court of Appeals, who was recently convicted of selling his judicial influence and was sentenced to two years' imprisonment and fined $10,000. Judge Manton, sitting as a district judge, had conducted the receivership proceedings until January 30 of this year when he ordered the corporation dissolved and Mr. Weisman and Kenneth P. Steinreich appointed trustees of the corporation's assets.

Mr. Weisman's final report as receiver, filed on April 4 last, set forth that of the $38,400,000 worth of claims against the corporation, only $8,100,350 were allowed, a claim of $7,186,627 of William Fox being still in dispute. Of the reputed $30,000,000 worth of assets in the corporation at the time of its bankruptcy, there is said to remain only $1,000,000 today, although creditors received dividends totaling only eight per cent of their claims, with promises of a possible five per cent more upon closing of the dissolution.

Mr. Aronstein and Mr. Rogers charge Mr. Weisman in their application with negligence and wastefulness in the handling of the corporation's affairs and asked the court to take its remaining assets out of Mr. Weisman's and Mr. Steinreich's hands and place it in the hands of another receiver. In the course of the hearing Jerome Doyle, Assistant United States Attorney General, disclosed that the Federal Bureau of Investigation had been delving into the whole subject and had not yet completed its inquiry.

Judge Knox announced that he would reserve decision on the application pending the outcome of the government's investigation.

Latest Trust Suit From Alabama

A suit for $100,000 against 11 defendants, charging that they conspired to monopolize the motion picture business at Athens, Ala., and to destroy his business there, has been filed in U. S. District Court at Birmingham by M. M. Buchanan and his Buchanan Amusement Company.

The defendants named are: Muscle Shoals Theatres and Louis Rosenbaum, its president; Crescent Amusement Company, Paramount, RKO Radio, Warner Brothers, Vitagraph, Twentieth Century-Fox, Loew's, Metro-Goldwyn-Mayer and United Artists.

The suit charges Crescent and Muscle Shoals Theatres entered into a scheme to prevent the opening of a house which the plaintiff was remodeling "with a deliberate and avowed purpuse of putting the plaintiff out of business."

The two theatre defendants are alleged to have conspired with the major defendants not to sell the plaintiff pictures.

Suit Against Majors Started in Philadelphia

A suit brought by Eugene Mori, owner of the Landis Theatre, Vineland, New Jersey, and several of the community's officials, against Warner Brothers theatres and the majors, started in U. S. District Court in Philadelphia on Tuesday.

Harry Shapiro, attorney for the plaintiffs, asserted that Warner officials had warned Mr. Mori against opening a theatre in opposition to the two circuit houses in Vineland.

Mr. Shapiro tried to illustrate the allegedly bad business practices of the defendants in other territories; but Judge William Kilpatrick directed him to confine his complaints to the Vineland situation.

Among witnesses appearing this week were Frank MacNamee, RKO exchange manager; A. J. Vanni, Warner zone manager, and Edgar Moss, Twentieth Century-Fox exchange manager.

KUYKENDALL LOOKS AT CODE, SEES IT ACCEPTABLE TO 90% OF OWNERS

Meets with Rodgers and Reports Back That Changes Have Been Made; Majors Also Meet with N. Y. Allied; Cole, Cohen Talk

First formal statement from within meeting chambers since the majors started this last time to re-draft their trade practice code, came Tuesday from Edward L. Kuykendall, who, as president of the MPTOA, met twice with William F. Rodgers on further suggested code changes, and, after the second meeting, Tuesday morning, issued a formal statement on their re-drafting progress, reporting that "90 per cent of the theatre owners of this country will accept the revised code."

Completed Draft Nearly Ready

The majors were continuing their re-drafting, which, in this instance, has been going on for several weeks. The industry was expecting announcement any day of completion of the final revisions, verification of this coming from Mr. Kuykendall's disclosure that Mr. Rodgers had assured him that the complete draft would be ready in time for a southern exhibitors meeting on August 9th, and that at the same time the majors would announce an effective date.

From elsewhere it was learned that that effective date will be September 1st.

All sides were moving swiftly codewise this week, with the MPTOA winding up its conversations with the majors, the majors then turning to code conversations with a special committee of New York Allied, which favors a code, as against complete rejection by the parent national Allied.

In this connection, it appeared significant this week that the majors have been receiving letters from individual Allied members elsewhere stating that they will disregard national Allied's rejection.

Also, Colonel H. A. Cole, national Allied president, and Max A. Cohen, New York Allied president, met in New York Tuesday to talk over the code situation as it involves both organizations.

On Tuesday, Mr. Cohen started negotiations with the distributors' code committee for "a fair" trade practice code for the state of New York.

Colonel Cole, said Monday that Allied's convention action of rejection of the code has been endorsed by several of its state units which have gone on record as "unalterably opposed" to the code.

At an open meeting of Allied States Exhibitors Association of Southern California, Arizona and Nevada, in Los Angeles, this week, secretary James Quinn condemned the code and urged exhibitors to join Allied and wage a militant fight.

Kuykendall's Statement

Complete statement of MPTOA's Kuykendall, following his meeting with the majors' Mr. Rodgers, follows:

"The various objectionable features in the code so far as MPTOA is concerned were discussed at length and the revised code will be more acceptable than the previous one but will still not contain some of the things that MPTOA insists should be in it. However, it is a step in the right direction and contains many things that are for the good of the industry as a whole and especially for the theatre owners of this country.

"The arbitration clause has been improved upon as compared to the last one printed. Several of the 'bugs' have been taken out of it. It is better languaged, therefore more easily understood by the average layman.

"There is yet considerable work to be done but Mr. Rodgers assured Mr. Kuykendall that he would have a complete draft ready for the meeting to be held by Southeastern exhibitors in Atlanta on August 9th, and at the same time would be ready to announce where the first arbitration boards would start functioning as well as giving a definite outline as to how the membership of these boards would be selected.

"Mr. Kuykendall is of the opinion that 90 per cent of the theatre owners of this country will accept the revised code for what it does contain and the advantages it will bring to theatre owners not as a final objective of the theatre owners but as a beginning of a happier relationship between exhibition and distribution because it is hard to believe that any theatre owner, regardless of affiliations, would reject something that he needs so badly.

Canadian Conferences

The proposal for a consideration of grievances of independent theatre owners of Canada with respect to alleged excessive clearance and priority procedure by the Conciliation Committee of the Film Section of the Toronto Board of Trade, definitely has been turned down by the Anti-Protection League of Canada. Arrangements are being made by the latter for the holding of the first All-Canada conference of independents in Toronto at the end of August to plan a course of action.

The Conciliation Committee suggestion has been rejected on the ground that the individual exhibitors are not adequately represented in that organization and also because the league has not yet been fully organized for a show of strength in backing up its claims. Organization work is under way in all parts of the Dominion and the convention at Toronto is expected to show maximum representation of privately owned theatres.

In turning down the offer of an immediate discussion of grievances with a view to adoption of reforms, the league has replied that an entirely new conciliation board for the whole Dominion, giving the independents balanced representation in a body that will be vested with final powers to draw up new clearance schedules and to enforce decisions in other problems, will be necessary. This new national committee would also have to take the scope of an appeal board to which regional committees would refer findings on local issues for final approval or revision, it is declared.

UNUSUAL CIRCUIT DEAL ARRANGED

The success scored in England in the pre-release engagements by Alexander Korda's "Four Feathers" and Samuel Goldwyn's "Wuthering Heights" has inspired "the most amazing" circuit contract ever made in that territory, Arthur W. Kelly, vice-president of United Artists, said in New York this week.

As a result of a deal made by Ted Carr, joint managing director of United Artists in England, he said, each production has been booked by the Gaumont British and the Odeon circuits to play simultaneously in all their theatres, even in those situations where the circuits are in direct opposition to one another. "The terms obtained for each film are the highest that have ever been paid for a picture in Great Britain," he added.

Mr. Kelly estimated that the ultimate gross for each picture in Great Britain alone would be close to the million-and-a-half mark in dollars—which, he said, "would be a record for the country, with the possible exception of 'Snow White'."

MPTOA May Drop Convention

The Motion Picture Theatre Owners of America may dispense with a national convention this year unless arrangements are completed shortly for a meeting in one of the larger Pacific Coast cities.

Western Pennsylvania MPTO, the Connecticut MPTO and Allied States of New Jersey this week set dates for meetings.

The national exhibitor group is now discussing arrangements by which a three day meeting would be held in San Francisco in October, permitting MPTOA delegates to visit the Fair there and then continue to Hollywood. If these plans are not consumated, it is unlikely that a national convention will be held this year.

The Allied Theatre Owners of New Jersey will hold their 20th annual convention at the Ritz-Carlton Hotel, Atlantic City, September 6th to 8th.

E. Thornton Kelly, executive secretary of New York Allied, has been appointed convention manager. Lee Newbury is chairman of the convention committee.

The Motion Picture Theatre Owners of Western Pennsylvania will hold their annual convention October 23rd and 24th. Both Colonel H. A. Cole, president, and Abram Myers, general counsel of National Allied, are expected to attend.

Over 150 motion picture guests and their friends are expected to enter the annual film golf tournament at Racebrook Country Club, New Haven, August 1st, under the auspices of the Connecticut MPTO.

Irving Jacocks, Jr., president of the exhibitor organization, heads the committee.

Nebraska-Iowa Pool

The Motion Picture Theatre Owners of Nebraska and Western Iowa, which has started a membership campaign, has been reported to be interested in the formation of a buying pool. Present membership of the organization is reported as less than 100.

OTTERSON HEADS NEW COMPANY TO DEVELOP "TELEVISION BY WIRE"

Solution to Difficulties of Power and Range Claimed; Operations to Start in East; Patent Interests Are Acquired

The first public "wired television" bowed in this week, called the Radio Wire Television Corporation, under John E. Otterson, former president of Paramount Pictures, Electrical Research Products and Winchester Repeating Arms Corporation, and who lately has been the president of Tri-National Pictures, foreign films importers.

Merger of Companies

The new corporation includes the former holdings of Wire Broadcasting, Inc., Wholesale Radio Service Company, Inc., and their subsidiaries. Papers of incorporation were filed on July 20, in Wilmington, Delaware.

Principal subsidiaries of Wire Broadcasting are Teleprograms, Inc., of New York; Telemusic, Inc., of New York; Wire Programs, Inc., of Delaware; Muse-Art, Inc., of Pennsylvania; Wire Broadcasting, Inc., of Pa.; Tele-Vision-Music, Inc., of Washington, D. C.; These will continue operating under present titles. They supply music by wire to hotels, clubs, industrial plants, homes, restaurants and barrooms.

Wholesale Radio, Inc., the other principal in the merger, operates retail outlets for merchandising of radios and equipment, phonographs, records, and photographic supplies. These will be re-named after the parent company, and stores in each state will be identified in their titles, by the state.

Would Overcome Range

The operations of the new television service are predicated upon the difficulties encountered by radio television engineers. Almost insuperable are two of these difficulties: increasing the transmission of radio television images beyond the sight range, and the corollary of setting up a television network.

Technical opinion generally concedes network television possible only with costly relay stations—or with almost equally costly special "co-axial" cable. Special experiments, not concluded, by A. T. & T., have pointed the way to use of telephone wires.

The new corporation is being built on the assumption of the practicability of such. In remarks this week on the new company's plans, Mr. Otterson asserted:

"Every current technological trend points to the ultimate distribution of entertainment by wire. Particularly is this true in the case of television, where, according to leading scientific authorities, the transmission of images beyond the horizon presents great difficulties. Not only can wire networks bring radio and television into any home in America from a central point, but this can be achieved without interference by static or other forms of atmospheric disturbance.

"At present, our operation is limited to key cities on the Atlantic seaboard. In the near future, however, we hope to extend our services on a nation-wide basis."

Interest in Patent Companies

Mr. Otterson also pointed out an additional advantage to wired entertainment. The listener, he said, will be able to govern the choice of selections by the broadcaster.

"Wired television" has the same principle as Muzak's "wired music," controlled by Warners, which pumps special wired music into homes and public places.

The new company says it has obtained a full interest in the Transformer Corporation of America, manufacturers of radio and electrical products; Tele-Capital Corporation, financiers; and the Syndak Corporation, which is reported owning a large group of patents on motion picture projection, sound and lighting. As with the subsidiaries of the Wire Broadcasting, these units also will continue operations under their own titles.

The new organization also has the rights to the World Broadcasting System library of music.

Vice-presidents of Mr. Otterson's latest venture are J. R. West, president of Wire Broadcasting; and A. W. Pletman, president of Wholesale Radio.

Gross business done by the new company's subsidiaries during the past year is estimated at $4,000,000. Wall Street rumors this week said that about $6,000,000 was being floated to underwrite the new amalgamation.

While these plans were being announced, the newly launched radio television industry, which first stirred into life on April 30 when the National Broadcasting Company began its first regular television service to the public, appeared to be stagnating.

The *Wall Street Journal* reported a lull in sales. The "lull" in plain fact, does not even mean a sharp decline in sales of television sets. From available reports, the public never did flock to the sale counters. The *Journal* reports radio dealers as not even "pushing" sales of television receivers; and that the whole industry appears to be "marking time," until the fall.

The vicious circle which analysts of the situation described earlier this year appears to be in effect. Manufacturers realize set sales will increase with lowered prices. But they cannot lower set prices until consumer demand rises. Consumer demand will not rise until there are better programs. The National Broadcasting Company cannot offer better programs without help of sponsors. But it cannot obtain sponsors, without the permission of the Federal Communications Commission. And the Commission is not willing to grant commercial licenses until the industry is standardized, and "full-grown."

However, despite the apparently disappointing sale of sets, the National Broadcasting entertainment plans proceed. An earlier difficulty which the company faced was the obtaining of films, in lieu of flesh and blood entertainment. This has been remedied, partly, by a supply of films from independent companies, after the major motion picture distributors, unwilling to antagonize exhibitor accounts by helping a rival industry, exerted an unofficial "boycott" against the television industry.

Adds Two Film Features

Last week, NBC obtained rights for one performance each, to "Hell's Angels" and "Abraham Lincoln." These are for August presentation. Each picture will be presented in two installments on consecutive evenings.

At present, NBC has the rights to about 40 features.

NBC is concentrating on use of its mobile transmitting units, for special events. It is telecasting tennis matches, auto races, and feature material.

It is also spending money for "live talent" at the rate of $115,000 per year, a breakdown this week showed. Its weekly expense for both live and film material is about $2,500.

At the National Association of Broadcasters Convention two weeks ago in Atlantic City, the Radio Corporation of America demonstrated "two-way" television, speakers hearing and seeing each other from widely separated floors of the convention hotel.

The RCA demonstration at the convention, and its show of equipment, occupying four large rooms, resulted in the sale of its television demonstration equipment to Station KSTP, of St. Paul.

Another technical item this week appears to be the development by the DuMont Laboratories of a cathode tube through which signals can be transmitted, and received.

In Kansas City, the first public showing of television occurred two weeks ago, in Katz's Drug Company store, with the aid of the First National Television Company (W9XAL).

New Companies Formed

New television corporations are being formed almost weekly. A late incorporation is that of the Ford Marine Telephone and Television Corporation at Albany, New York, with $10,000 of authorized stock.

Earlier this month, Thomas S. Lee and Lewis Allan Weiss, president and vice-president of the Mutual Don Lee Broadcasting System, publicly warned against purchase of "questionable" television stock.

From England, it is learned that doubts are spreading about the efficacy of large screen theatre television. A survey pointed out that most special events occur in the afternoon, during which theatre attendance is drastically cut. The same survey called attention to the fact that theatre operators pay continuously for television equipment which is used seldom.

However, installations of large screen television in theatres of that country, continue. Baird Television recently announced installations for the Gaumont, the Gaumont Palace, and the Gaumont Palace, these three being in different sections of London. Scophony, a rival English television concern, announced a television installation at the Swiss Cottage, a London suburban theatre.

At a meeting of the Bristol and West of England branch of the Cinematograph Exhibitors' Association, fears were voiced that television home sets in England, if the present rate of use continues, might cut theatre attendance as much as 25 per cent.

BRITISH NEWSREELS CONSIDER TELEVISION

The British Newsreel Association, representing five newsreel companies, will consider the practicability of compiling bi-weekly issues extracted from Paramount, Movietone News, Gaumont British, Pathe and Universal for regular use by the British Broadcasting Company. The suggestion follows the adamantine objection by exhibitors for the continued loan of the newsreels identical to those regularly released to theatres. The new idea would possibly prevent production and dissemination of the British Broadcasting Company's own newsreel which is tentatively and unofficially contemplated.

FAMOUS PLAYERS MEET, 400 STRONG; CONFIDENCE IN FUTURE STRESSED

First Coast-to-Coast Session Marks 21st Anniversary of Circuit; Nathanson Tells Plan to Increase Bonus Payments

by A-MIKE VOGEL
in Niagara Falls, Ont.

The new season, officially designated by Famous-Players Canadian Theatres as "Record Royal Year," was given a royal send-off by 400 managers, home office executives and guests at the General Brock Hotel, Niagara Falls, Ontario, for a four-day meeting that started on Monday, to celebrate the company's first coast-to-coast managers' conference since 1927 and the 21st anniversary of the circuit founded in 1918 by N. L. Nathanson, president.

Confidence Expressed

The occasion, which differs from previous years when annual meetings were held for the circuit's eastern managers in Toronto, followed by regional conferences in the west, was marked by announcement of plans for the coming year.

Confidence in the future of the company and of the industry was expressed by Mr. Nathanson who said at the opening session, "Regardless of world conditions the motion picture business is still the best business and we know in Canada that we represent the best in Canada. You are in an industry second to none in your community."

The founder further made known his feelings in the last business meeting on Thursday to the managers assembled to receive their bonus checks earned by the theatremen in the current year and personally distributed by Mr. Nathanson. "I have been asked how this bonus system is really working out," he said. "My best answer is this: I am going to continue it as long as I am president of this company. Not only am I going to continue it but I am planning to further it."

The Famous-Players Canadian personal participation plan, now in its sixth year of operation, was conceived by Mr. Nathanson and J. J. Fitzgibbons, vice-president. It allows managers a percentage of extra grosses obtained over a 12-month quota mutually agreed upon between the manager and home office. Based upon neither net earnings nor net profits of theatres, the plan makes it possible for managers in similar situations to share as importantly as those in the larger spots.

Extra Awards Announced

In addition, it was announced that for the months of September, October and November an extra compensation contest would be inaugurated which would allow the manager to participate in cash awards totaling $5,000.

To celebrate the return of Mr. Fitzgibbons, after a long illness, the managers on Wednesday night attended a surprise dinner in his honor. Mr. Nairn on behalf of the managers and officers of the company presented Mr. Fitzgibbons with a dozen sterling silver plates engraved with his name. A hand-tooled illuminated leather volume containing addresses and signatures of the managers was given by men of the company. In reply, the vice-president expressed his pleasure at being able to participate in the activities and thanked the managers warmly.

An added surprise was the presentation to Mr. Nathanson of a scale model of the "Blue Nose," famed Nova Scotia racing schooner and a 20-inch black slate totem pole, the only one of its kind on the Pacific coast. These gifts were symbolic of the expansion of the company's operations from Glace Bay, Nova Scotia, to Victoria, B. C., a difference of 4,000 miles.

For the opening session of the first day, the managers from the east and executives of the company met the special cars bearing the western and Pacific company's managers. Groups were greeted by Mayor Carl D. Hanniwell.

The opening day sessions were inaugurated by roll call and meetings were in charge of Clarence Robson, chairman in addition to T. J. Bragg, secretary and treasurer, R. W. Bolstad, comptroller, Morris Stein, Ben Geldsaler, Larry Bearg, R. S. Roddick, Frank Gow, Eddie Zorn, newly appointed district manager for Manitoba, Alberta and Saskatchewan.

Conduct Group Discussions

During the fourth day session, advertising, theatre operation and maintenance, home office and bookings were among the topics discussed. For the group discussions, the managers were divided into six groups under Morris Stein, Clarence Robson, R. S. Roddick, Eddie Zorn, Larry Bearg and Frank Gow.

The various departments of MOTION PICTURE HERALD were credited by the speakers for their value in theatre operation. The importance of BETTER THEATRES was emphasized by E. Harris, speaking on maintenance, who called attention to the necessity of maintaining a file of this monthly publication circulated with the HERALD.

For the second successive year, the convention highlight proved to be the circuit's "Show of Showmanship," an exhibition of advertising, exploitation and publicity as arranged under the supervision of Jimmy Nairn. Located in the main ballroom where the general sessions were held, the "Show" displayed material on coming product exploited by the film companies, new equipment and outstanding campaigns executed by Famous Players theatremen and the 1938 Quigley Awards judged in the finals for last year's annual Awards.

At the Thursday morning session, executives of the various film companies addressed the meeting including Herman Wobber and W. C. Gehring of Fox; Barney Balaban, Paramount president; Carl Lesserman, Roy Haines and Norman Moray of Warners; Jules Levy, RKO; Monroe Greenthal, United Artists; Jack Cohn and Abe Montague of Columbia; William Scully and Frank J. McCarthy of Universal; James Grainger of Republic and A-Mike Vogel.

A dinner on Thursday night which followed the program of games and picnics held in the afternoon was highlighted by the attendance of the Hon. Mitchell F. Hepburn, Premier of Ontario. Others who spoke included Hon. George A. Drew, V.D.; Major John Bassett; Mayor Hanniwell; Barney Balaban and Austin C. Keough of Paramount and Mr. Nathanson and Mr. Fitzgibbons. Mr. Bragg was chairman.

A special train from Toronto unloaded for the last day's activities the entire personnel of the Famous Players home office, representatives of Paramount, Regal, Empire, Universal exchanges among others.

Theatre Managers Present

The theatre managers included: Jack Arthur, Jerry Shea, Tom Daley, D. Krendel, A. Ritchie, R. Downey, W. Hunt, A. Sedgewick, J. Laver, V. Hudson, M. Margolius, J. Purves, R. Eves, C. L. Querrie, M. Shackleford, Lethbridge, Alta.; P. J. Hanifen, Halifax; Donald Gauld and Harold Bishop, Winnipeg, Man.; R. Micheltree, Calgary; Mel Gow, Nanaimo, B. C.; J. R. Muir, Vancouver, B. C.; J. M. Roberston, Victoria, B. C.; Cliff Denham and M. Prieswerck, Victoria; D. Borderland, Prince Rupert, B. C.; William Novak, Regina, Sask., and others.

The company home office management was represented by President N. L. Nathanson, Vice-President J. J. Fitzgibbons, President Barney Balaban of Paramount, New York, Thomas J. Bragg and R. W. Bolstad, all of whom are directors, while the head office staff was represented by N. G. Barrow, F. J. Justin, B. Geldsaler, J. Nairn, Ben Cronk, J. A. Troyer, W. Kerr, L. G. Geering, M. Perry, R. G. Darby, A. MacCunn, H. Harris, Ben Whitham, C. A. Dentelbeck and J. J. Taylor.

NATIONAL THEATRES' MANAGERS MEETING

The National Theatres division managers' conference at the New York home offices on Monday and Tuesday featured discussions of relations with major distributors. Spyros Skouras presided. Attending from the field were Rick Ricketson, Arch M. Bowles, Frank Newman, Elmer Rhoden, Charles Skouras, Harold J. Fitzgerald, and David Idzal.

Division meetings will be held in August, it is expected, at Milwaukee, Kansas City, Denver, Seattle, and Los Angeles. Spyros Skouras will attend.

At the conclusion of the New York meeting, it was reported that National Theatres and Warner Brothers were resuming business relations, after a dispute over selling terms and methods of handling pictures.

SCHINES CALL IN THE OPERATORS OF THEIR 150 HOUSES FOR THE FIRST TIME

J. Myer and Louis W. Schine and a Score of Their Home Office and Division Executives To Discuss Product, Policies

J. Myer Schine, president, and Louis W. Schine, vice president of the Schine Circuit, Inc., one of the oldest and largest of independent circuits, on Tuesday through Friday, will have at their home offices in Gloversville, New York, more than 250 division and local managers, staff chiefs and exploiteers, from their 150 theatres scattered over New York, Ohio, Maryland, Kentucky and Delaware, for their first circuit-wide convention.

(*Motion Picture Herald's Managers Round Table this week, starting on page 70, tells a highlight story of the growth of the Schine Brothers in exhibition, from their original unit, the Hippodrome, in Gloversville, N. Y., in* 1918, *to today and a circuit of* 150 *theatres in five states*).

Product and policies, of course, for the new show season, starting in September, will top the agenda, with operation, both physical and mechanical, showmanship and promotion, advertising and exploitation, stage shows, show windows, staffs and the theatres' customers each standing as subjects of practically equal importance.

Majors To Be Represented

Tuesday morning, the convention will open with a general session, attended by zone, district and division managers and their theatre managers and home office executives, to discuss "business in general and plans for a new and greater show season."

Sales or division managers of the distributing companies will be present on Tuesday to detail the plans of their respective companies for 1939-40. Many of the majors will send advertising managers or advertising representatives from their New York home offices to talk about the advertising and exploitation plans they have for their new season's pictures.

Thursday will be "play day,"—a golf tournament, a steak roast at the Adirondack Inn at Sacandanga Park.

Friday business sessions will be resumed with all of the circuit's personnel participating.

The Schine brothers will head a home office delegation to the convention comprised of George Lynch, film buyer; Louis Goldstein, head booker; Bill Kreamer and Seth Field, bookers; Florence Thompson, office manager; Harold Antevil, legal department; Maurice Gloeckner, real estate and concessions; John May, comptroller; Francis Barter, insurance; Harold Sliter, executive assistant to Louis Schine; Gene Curtis, director of publicity and advertising; Sander Lazar, assistant director of publicity and advertising; Douglas Leishman, director of personnel and control of income and expense; Guy Selmser, in charge of construction, maintenance and repairs; J. Dewey Lederer, assistant to Mr. Selmser, and Al Marqusee, assistant to Mr. Leishman.

Managers To Preside

Zone managers Louis Lazar, of Ohio and Kentucky, and Clint Young, in charge of western New York and Delaware, will preside over various sessions, and so will Frank Boucher, home office representative in charge of eastern New York and Maryland.

District managers presiding will include Marsh Gollner, Maryland; Lew Hensler and Bill Heiss, Kentucky; Jim Levine and Bud Silverman, Ohio; Gus Lampe, Syracuse; Louis Levitch, Rochester, and Jerry Fowler, Harry Goldsmith and Bill Tubbert, New York.

A-Mike Vogel, chairman of the Managers Round Table Club of MOTION PICTURE HERALD, will be a guest speaker.

Various of the zone and district managers scheduled to address the convention include:

Louis Lazar: "What Is a Theatre Manager?"

Clint Young: "Does Good Housekeeping Sell Tickets?"

William Tubbert: "Analyzing Your Territory."

Jim Levine: "Proper Handling of Your Patrons for Greater Turnover."

Frank Boucher: "Your Show Window."

Bud Silverman: "Local Promotions and Giveaways."

Marsh Gollner: "Proper Presentation of Stage Activity."

Jerry Fowler: "The Value of an Organized Theatre."

Lew Hensler: "Your Theatre's Place in the Community."

Bill Heiss: "Intelligently Analyzing Your Business."

Lou Levitch: "Children—Patrons of Today and Tomorrow."

Gus Lampe: "Pre-Analysis of—and Taking Advantage of Picture Values."

Harry Goldsmith: "Billboards and Outdoor Advertising."

The Schine advertising-publicity director is down for a discussion of "a new show season campaign that will go a long way towards revolutionizing new show season business."

Both of the Schine brothers will address the delegates variously during the convention.

HEAD FAIR DAY FOR PROJECTIONISTS

Arrangements for a "Projectionists' Day" at the New York World's Fair, on September 7, have begun with the appointment of committees. The committee chairmen are Joseph D. Basson, general; P. A. McGuire, arrangements; Harry Rubin, speakers; Lester B. Isaac, technical and historical; H. Griffin, guests; Louis Kaufman, IATSE locals; M. D. O'Brien, publicity; P. D. Herbst, tickets.

Product Deals Set By Skouras Theatres

Preparing for the 1939-40 season National Theatres have set product deals with Columbia, MGM and United Artists. The details of the deals are being worked out at a meeting this week in New York.

David Idzal, operator of the Fox Detroit, arrived this week to attend the sessions. The six division chiefs, film buyers, bookers and others of the home office are attending the meetings.

The Schine circuit has acquired the Cla-Zel and the Lyric, in Bowling Green, Ohio.

FTC Sets Radio Manufacturing Ru

After a series of conferences and public hearings the Federal Trade Commission announced Monday trade practice rules for the radio receiving set manufacturing industry.

The rules provide for the elimination and prevention of false advertising, deceptive selling methods and certain other unfair trade practices and are issued in the interest of protecting the purchasing public and maintaining fair competitive conditions in the industry.

The rules are also applicable to manufacturers, jobbers, distributors, dealers and other marketers of sets, parts and accessories.

Eight rules govern trade practices. The first bans deceptive labels or trade marks.. Rule 2 sets forth how wave length reception must be labeled. The third rule prohibits 17 specific types of false or misleading advertisements dealing with reception, interferences, defects, number of tubes, reduced prices, lateness of models, extra charges, list prices and trade marks.

Misleading advertisements about sponsorship of the sets by prominent manufacturers is forbidden in Rule 4. Alteration of brand name or use of chassis or cabinet of other sets are banned in Rule 5. Rule 6 bars imitation of trade marks. Rule 7 condemns bribery of employes who do the buying. Rule 8 forbids the use of "spiffs" or "push money" to promote the sales of the manufacturer or dealer.

The industry's total sales of receiving sets, accessories, etc., amounted to slightly more than $460,000,000 retail value for 1937.

At the present time there are about 41,000,000 radio sets in use in the country.

Parent's Organization To Show Spanish Film

A documentary film, sponsored by the Foster Parent's Plan For Spanish Children, had its American premier this week at the Fifth Avenue Playhouse in New York. The league is an organization to aid Spanish children who have been left parentless and homeless by the recent war in Spain. Over 600 Americans have already "adopted" children through this plan, among them being Mrs. Eleanor Roosevelt, Helen Hayes, Efrem Zimbalist and Tallulah Bankhead. International sponsors of the Plan include the Duchess of Atholl, the Earl of Listowell, Mrs. James Roosevelt, Thomas Mann and Helen Keller. Any person, or group, can "adopt" a child by promising to support the child for one year at the rate of $9.00 a month.

Musart Film Productions, Inc., plans to start production shortly on "Princess Aza," which will have English, French, Russian and Spanish versions. Michael J. Gann will be in charge of production.

AFL, CIO, IATSE, AFA, AAAA, SAG SQUABBLE IN FILM UNION FIGHTS

CIO's Growing Struggle for Power in Motion Pictures Takes New Form in Hollywood, Where AFL Belittles It

The national, and far from ended, struggle for power in the motion picture industry between John L. Lewis' Congress of Industrial Organizations and William Green's American Federation of Labor, this week took new form and added drama, in Hollywood.

Claims and Demands

A rapidly enlarging CIO organization, the United Studio Technicians Guild, on Sunday held a mass meeting, again claimed a membership of over 1,000 studio crafts workers, and demanded of producers a minimum security pay of $2,000 per year.

In New York City also, the CIO, on a smaller scale, is attacking the A. F. of L. domination of the motion picture industry unions. The United Ushers, Doormen, and Cashiers' Union, a CIO affiliate, is asking higher wages and better conditions for its members of the RKO circuit, and has filed a petition for recognition with the New York State Labor Relations Board. The IATSE was granted jurisdiction in this field by the A. F. of L., but no local was formed in New York City.

The invasion of the Hollywoods crafts union field, formerly held exclusively by the International Alliance of Theatrical Stage Employees, is abrupt, unusual; and is being countered by the A. F. of L. organizations in Hollywood this week with nothing but deprecations of the Guild strength, and counter meetings to emphasize loyalty.

The mass meeting of the new organization on Sunday, besides demanding a $2,000 minimum security wage, tentatively demanded a minimum six hour call, a seniority pay system for cancelled calls, time and a half for night shifts, and double time for "graveyard" shifts.

"The Guild is in a finish fight against two per cent salary assessments and dictatorship control of Hollywood's studio unions," Howard Robertson, the chairman of the meeting, said.

Herbert Sorrell, business agent for the Moving Picture Painters' Local 644, asserted his organization would stand with the guild "until democratic unionism had been restored."

Counter-Meetings Held

Mr. Sorrell's speech to the Guild was criticized the following day at a special meeting of A. F. of L. representatives, called by J. W. Buzzell, executive secretary of the Los Angeles Central Labor Council. Mr. Sorrell thereupon walked out.

There was a Friday meeting to align A. F. of L. unions against the CIO invasion. All A. F. of L.-IATSE unions were represented except Photographers Local 659, Sound Technicians, Local 695, and Studio Technicians, Local 37.

Another such meeting was to be held this Wednesday.

The Guild last week received a $1,000 loan from the CIO-affiliated International Longshoremens' and Warehousemens' Union. The money, advanced with "no strings attached," is to be used for organization.

Pat Casey, producers' labor contact, this week declared that the studios would not recognize a plea by the Guild that the studios suspend bargaining with the IATSE unions until the National Labor Relations Board decided upon an application for certification as the legal bargaining agent for studio workers.

Actors' Union in Fight

Involvement of other international labor organizations in the battle between the American Federation of Actors and the American Guild of Variety Artists, newly created by the Four A's to supplant the Federation, was seen in the declaration of William Green, president of the A. F. of L., that it still recognizes the Federation as an affiliate.

In response to a wire from Mr. Buzzell, Mr. Green said that the Federation was still an affiliate and both telegrams were read at a meeting of Federation members in Hollywood.

Other Disputes Rife

Initial conferences were to be held this week between Mr. Casey and representatives of the Soundmen's Local 695. The conferences will be following the settlement of a dispute which arose last week when the union discovered that MGM had hired several non-union men for its recording department. The union threatened an immediate strike. MGM hurriedly removed the men, with the explanation of "inadvertence."

Alexander Wilson, Jr., special board attorney for the National Labor Relations board, working out of Washington, has recommended, it is reported, that the hearing by the Los Angeles local board, on charges that the producers failed to bargain collectively with the Screen Writers' Guild, be reopened.

The hearing, if reopened, will arise out of the cessation of the bargaining between the Guild and the producers, after the producers had agreed to recognize the Guild as the writers' bargaining agent, and after negotiations had proceeded a certain distance.

The New York City CIO-A. F. of L. struggle, in more detail, concerns the efforts of the United Ushers, Doormen and Cashiers' Union, the CIO group, to take advantage of the fact that the IATSE never organized a local for these groups, and obtain certification from the New York State Labor Relations Board.

Conferences were to be held this Thursday at the board. There were conferences last week at the board, with no announced result. The union claims to have organized 650 employees in the RKO, Skouras, Cocalis, Loew's and Brandt circuits.

It seeks a wage scale of $25 for chief ushers, $23 for assistant chiefs, $22.50 for cashiers, ticket takers, and barkers, $19 for captains, and $18 for ushers; a maximum of 40 hours weekly, and vacations with pay.

LEO THE LION, JR., AT N. Y. WORLD'S FAIR

The "crowning" of Leo, Jr., new trademark for Metro-Goldwyn-Mayer's short subjects, was held last Saturday at the New York World's Fair. The three-months-old lion cub was chosen in a contest sponsored by the Lions International, which recently held their convention in Pittsburgh. Among those who attended the ceremonies were Mayor F. H. LaGuardia, Grover Whalen and Ed Kuykendall, president of the M.P.T.O.A. The cub has since been sent to the MGM studios.

Actors' Union, Disowned by Parent Four A's, Turns to IATSE for Help in Maintaining Status as Official Body

A national union fight, tying up much of the motion picture industry, this week appeared possible, as the American Federation of Actors, which two weeks ago was read out of the parent actors' union, the Associated Actors and Artistes of America, but which is still a member of the American Federation of Labor, this week applied for a charter from the International Alliance of Theatrical Stage Employees.

Would Further IATSE Plan

Entrance of the IATSE into the actors' union field, long threatened, and part of the philosophy of George E. Browne, president of the IATSE, would certainly precipitate violent objection from other unions, notably the Screen Actors Guild.

The Federation move was not entirely a surprise. Its executive secretary, Ralph E. Whitehead, against whose leadership the charges were leveled, has been friendly with Mr. Browne. In January of last year, the Federation refused to join with other AAAA unions in condemning of the IATSE for allegedly attempting to invade the jurisdiction of another A. F. of L. union.

That the Federation is still in the American Federation of Labor is virtually certain. William Green, president of the international organization, intimated the whole fight would have to be reported to the executive council meeting of the A. F. of L. in Atlantic City on August 7. The Federation immediately after its officers stood trial before the parent association on charges of mismanagement two weeks ago in New York—charges which resulted in a verdict of guilty and revocation of the Federation charter by the AAAA international board—sent 16 counter charges to Mr. Green. These charges as well as the charges made at the trial will probably be aired at the A. F. of L. council meeting.

In New York this week, Mr. Green, who met with both sides before the Federation was tried and expelled by the Four A's, again conferred, and said to the press that he thought the action "severe." He intimated his hope of a reconciliation. In a wire to J. W. Buzzell, executive secretary of the Los Angeles Central Trades Council, he declared the Federation was still in the A. F. of L

The American Guild of Variety Artists, to whom the Four A's issued a charter, this week grew rapidly. Its spokesmen claimed a membership of over 1,100. It has opened offices at 11 West 42nd Street, under the supervision of Mrs. Florence Marston, eastern representative of the Screen Actors' Guild. Eddie Cantor, comedian, a past president of the AFA, and a resigned member of the council, is the temporary president.

In San Francisco and Los Angeles this week there were organization meetings of the Federation and the new Guild; of the first, to reinsure loyalty of members; of the second, to organize new units.

The New York State Labor Relations Board on Tuesday heard the petition by the Theatrical Managers, Agents, and Treasurers' Union for certification as the bargaining agent for the Rugoff and Becker circuit, of New York and Brooklyn.

Fox Sets Short Subjects Schedule

The first of a series of four Father Hubbard Alaskan Adventures, "Birthplace of Icebergs," heads the Twentieth Century-Fox short subject release schedule for the first quarter of the new season. The Reverend Bernard R. Hubbard, known as the "Glacier Priest," in ten years exploring the Alaskan peninsula, has filmed more than 200,000 feet of film. Arrangements have been made with Father Hubbard by Fox Movietone Producer Truman H. Talley, to put these scenes into a series of one-reel subjects.

Three of the pictures have been completed —"Birthplace of Icebergs," "The Valley of 10,000 Smokes" and "The Aghileen Pinnacles." Father Hubbard is now in Alaska filming scenes for the fourth. Lowell Thomas and Father Hubbard will do the vocal description for the series.

The "Birthplace of Icebergs" will be released August 4th and on the schedule for the first month of the new season also will be two Terrytoons, "Two-Headed Giant," in color, and "The Golden West," and an "Adventures of a News Camerman" subject entitled "Conquering the Colorado."

For September, Vyvyan Donner's first Fashion Forecast, in color, Ed Thorgersen's Sports Review, "Big Game Fishing," Lew Lehr's "Monkeys Is the Craziest People" and two Terrytoons, "Sheep in the Meadow" and "Hook, Line and Sinker" make up the list. The four releases for October include: "The Orphan Duck," a color Terrytoon, "The Evergreen Empire," a Lowell Thomas "Magic Carpet" subject, "Filming the Fleet," another of the "News Cameraman" series, and an untitled Terrytoon.

Six Months Theatre Construction Report

Contracts for new buildings or alterations in the theatre field for the first six months of 1939, in the 37 states east of the Rocky Mountains, had a total valuation of $11,638,000, according to the Dodge Reports summary, issued by the F. W. Dodge Corporation.

The total for the six months ended last month was divided among 502 projects, which included 1,437,000 square feet of floor space.

The contract valuation for similar work for the first six months of 1938 amounted to $12,086,000. This was divided among a smaller number of projects, 410 but over a larger floor area, 1,576,000 feet.

The Dodge Reports indicates that theatre work in the six months of 1939 did not follow the general trend of non-residential building. An average of all types within this classification developed a gain of 19 per cent throughout 37 states.

Ben Abner has been named acting branch manager for Metro-Goldwyn-Mayer in the New Jersey territory, in which he has been a salesman for the company 13 years. He succeeds David A. Levy, recently appointed Universal branch head in New York.

ENGLISH STUDIOS TO HOUSE RECORDS IN WAR

In the event of war, English motion picture studios will serve as storage vaults for Government and private records.

The Denham studios will be used by the Government to store food, while Amalgamated Studios is already being used by the Office of Works as a storehouse for Government records.

Lloyd's, world-famous registry of shipping and insurance underwriters, has arranged a wartime lease of the Pinewood Studios and will transfer all business staffs and documents there in the event of emergency.

No Abatement in Coast Air Shows

Hollywood as an origination point and motion picture talent for network programs will figure as prominently the coming season as it did last year, which was a peak season for radio shows emanating from the film capital.

Business already booked by the Columbia Broadcasting System for the fall and winter of 1939-1940 shows 15 programs that will come from the west coast, in each of which film players will appear prominently. There is likelihood that additional programs from Hollywood may yet be booked. The CBS program book for October of 1938 shows that 15 programs were originating from Hollywood.

The programs that will be heard from the film capital this fall include Amos 'n' Andy, the Joe E. Brown series, "It Happened in Hollywood," the Lux Radio Theatre, "Big Town," with Edward G. Robinson, the Dick Powell series, Jimmy Fidler, the "Blondie" series, with Penny Singleton and Arthur Lake; RKO's "Gateway to Hollywood," "Silver Theatre," with Conrad Nagle as master of ceremonies; the Screen Actors Guild series, Lum 'n' Abner, Burns and Allen, the Texaco Star Theatre and the Dr. Christian series with Jean Hersholt.

The new season may surpass the last for deals are now in the making involving Al Jolson, Jack Haley and Eddie Cantor for possible CBS shows.

The National Broadcasting Company will have 13 major programs, as of September, coming from the coast each week, including some new programs such as the "Grouch Club," and Robert Benchley's "Melody and Madness" program. As is the case at CBS there is every prospect that other Hollywood programs for the fall may yet be signed.

Open Albany Exchange

Harry Berkson, Monogram franchise holder in upper New York, has opened an Albany exchange. Mr. Berkson, who manages the Buffalo office, has named Gene Lowe and Sam Milbery as Albany salesmen. Howard W. McPherson has replaced Mitchell Pantzer as booker at Buffalo, and Mr. Pantzer has taken a booker-salesman post at Albany.

Hollywood Unions Draw Battle Lines

(*Continued from preceeding page, column 3*)

Commission this week was determining the eligibility of seven employees of the Western Massachusetts Theatres, Inc., to vote on joining the TMAT.

In New York last week the Paramount warehouse employees designated the Bookkeepers, Stenographers and Accountants Union, an A. F. of L. affiliate, as their collective bargaining agent, in an election held by the National Labor Relations Board.

In New Orleans, the MPMOA, Local 293, was joined by Film Exchange Employee's Local B-57 last week in celebrating its 26th anniversary.

The Authors' League is to change the setup of the Radio Writers' Guild at a meeting in New York this week. The Guild is to be divided into three groups—New York, Los Angeles, and Chicago.

The American Federation of Radio Actors met in Chicago Tuesday night to discuss the new contracts obtained from agencies by their organization, and to elect officers.

Griffith-Dickinson Realign Managers

The new management setup of Griffith-Dickinson Theatres, Inc., in the four towns in Kansas and Missouri, in which the company now has full control, following the deal last week with Commonwealth Amusement Corporation, places Harry Wareham, in charge at Manhattan, Kans., at the Wareham, Dickinson, and Carleton; Billy Wagner at Independence, Kans., at the Beldorf, Mainstreet, and Booth, with Royce Adelotte as his assistant; R. W. (Sippi) Ferguson, formerly with Griffith Amusement at Oklahoma City, to Osawatomie, Kans.; Doyle Mowery, who has been operating the Chief at Marceline, Mo., city manager there, where G-D has closed the Uptown, acquired from Commonwealth, until a cooling plant can be installed.

In the transaction last week, Commonwealth took over the Dickinson at Great Bend, Kans., where the company has the Strand and Plaza; the Dickinson at Herrington, Kans., where it has the Dreamland; the Varsity and Dickinson at Lawrence, Kans., where it has the Granada and Pattee (the latter is being closed), and the Dickinson at Ellsworth, Kans., where it has the Golden Bell (the Dickinson will be closed).

W. G. McKinney, who has been manager at Lawrence for G-D, goes to Paola, Kans., as manager. Jack Scott, son of Ward Scott, district manager for 20th-Fox, who has been at Paola, goes to Parsons, Kans., as assistant to Dave Dallas.

Kassler to Transatlantic

Frank Kassler, foreign film distributor, has become associated with Transatlantic Films, Inc., bring with him four releases, "Dark Eyes," "The Curtain Rises," "The Flight Into Darkness." Other Transatlantic releases are "Conflict," produced by Cipra Films, Paris; "La Maison du Maltais," by Gladiator Films, Paris; "Esclave Blanche" and "Drame de Shanghai," both by Lucia Films, Paris, and "Innocence," by A. B. Pictures, Prague.

OHIO, OTHER STATES, ACTIVE IN FILM RULINGS

Six Communities, This Week, Act on or Consider Matters Affecting Film Exhibition

The state of Ohio, through its courts, legislature and tax commission, held the film taxation spotlight this week, in two main actions affecting the industry.

Until the court renders a decision in the suits of Thomas V. Bostwick, a Columbus, Ohio, taxpayer, seeking to enforce collection of unpaid sales tax on film rentals, the State Tax Department will not deviate from its ruling that rentals are not subject to taxation, Attorney General Thomas J. Herbert, declared.

Conversely, Wm. Evatt, recently appointed head of the new Ohio Tax Board, holds that film rentals should be included in the sales tax classification. He advances the opinion that the Tax Commission, abolished some time ago in favor of the present setup, exceeded its authority in the exemption ruling.

Counsel Move Rejected

Meanwhile, an effort made with the consent of the Tax Commission, which is the defendant, by which the industry would defend the case through Independent Theatre Owners and Motion Picture Producers and Distributors of America counsel, by naming the Universal exchange, Frank J. Ferguson, operator of the Avondale, and a group known as Cleveland Theatres as co-defendants, was turned down by the Franklin County Court of Appeals.

However, the Court granted until August 1st for hearing of the case, this being the fourth continuance since the inception of the action.

The plaintiff, as a taxpayer, not only challenges the authority of the Tax Commission in exempting film rentals from the state sales tax, but also urges the collection of an estimated $1,250,000 due for taxes since the law went into effect.

Ohio exhibitors are disturbed, as well, over the "matching process" advocated in Federal proceedings for state relief agencies, which would mean a $4,000,000 additional burden in the state. This would definitely pave the way for a boost in the admission tax to the previous 10 per cent, and the possibility of new and increased taxes along other lines affecting the theatre, to help defray the added state obligation.

Ohio industry leaders will take steps to discourage the plan, when and if a special session of the legislature is called to consider it. The matter is being closely watched by the industry in general, and by P. J. Wood, secretary of the Independent Theatre Owners of Ohio.

Quebec Sets Back Date

The administrative committee of the Quebec City Council has postponed collection of the 10 per cent tax on theatres, in protest against which the city's theatres had closed, until after April 30th, 1940.

Mayor Lucien Borne maintained that the city was bound to collect the tax once it had been legalized by the Legislature, but, in view of the assurance given the city by Premier Duplessis that the necessary steps would be taken to nullify the law, he recommended passage of the resolution.

The Sandquist bill, limiting film shows in Illinois to two hours and 15 minutes, is now before Governor Henry Horner for approval or rejection. Film opinion is that the Governor will let it pass without his signature.

The Wisconsin Senate Judiciary Committee has recommended passage of the Peters anti-Ascap measure, making it unlawful for two or more persons holding or claiming separate copyrighted works to band together or pool their interests for the purpose of fixing prices on the use of copyrighted musical numbers.

With a ruling by the Colorado Supreme Court that the service tax of two per cent on amusements is constitutional, Everett Cole, mayor of Alamosa, Colorado, and operator of theatres and dance halls in the town, appeared at the State Treasurer's office with a check for $3,418.78, paying taxes in full for the period since the law went into effect in May, 1937.

Sunday Show Fights

A law permitting Sunday motion pictures in the state of Maine under local option became effective last Friday. More than a dozen communities, it is reported, are planning to include a referendum on the ballot in the Fall election.

Sunday Schools throughout New Castle County, Delaware, Christiana Hundred, and the New Castle County Sunday School Associations have banded together in the fight to keep the Sunday movie bill from passing the General Assembly when the body reconvenes next month in Dover. In a poll at the regular session of the Brack-Ex School, latest to join in the movement, not a single vote was cast in favor of Sunday films in an enrollment of 400 persons. The measure is expected to be reconsidered by the Assembly, having been vetoed by Governor Richard C. McMullen last spring.

BROADWAY HOUSES DEMOLISH SIGNS

Broadway theatres this week completed demolition of electrical signs which have been on top of marquees for some years. Refusal of the Building Department to renew licenses for these signs which violate the New York building code, together with an agreement with the City Planning Commission which was reached recently, were ascribed as the reasons for taking down the signs.

The signs, which formed a superstructure above the marquees, were used generally to advertise stage attractions. The marquees are unaffected as they are all within the legal limit of nine feet. More than a month ago an attempt was made to establish a ban on Broadway and especially in the Times Square area.

Cozine Starts Shorts Series

Ray Cozine, former Paramount director, plans to start production on a new series of two reel subjects based on a "Search for New Talent" idea. The shorts will be made at the Eastern Service Studios in Astoria, Long Island.

I. E. Lopert of Juno Films, Inc., has acquired the Cuban distribution rights to "The End of a Day," French film directed by Julien Duvivier.

Film Council Report Frees Act of Blame

by AUBREY FLANAGAN
in London

England's new Films Act is exonerated of responsibility for the present condition of the British production industry in the Films Council's report of the first year's workings of the Act, published this week.

Doubts Legislation Efficacy

The report stresses that steps are imperative to facilitate voluntary (non-quota) production and doubts current problems are solvable by legislation.

The Films Council's activities of the past year are examined in the report, which speculates on the British industry's future, views the Quota Act with faint praise and stresses that limits should be applied to legislation.

The report gives the opinion that lower production is due to operations of the Quota Act, but insists that intermittent production, studio inactivity and unemployment are problems pertaining to the industry itself.

"Free and easy" financing of the boom period is criticized and it is stated that the reduction of "voluntary" production resulted from the consequent losses and withdrawal of backing. The report emphasizes that the decline in voluntary production is the true source of the industry's difficulties, insisting that without a substantial volume of voluntary British films, the establishment and maintenance of a permanent industry here is impossible.

Time Unfavorable

The Quota Act offers the protection necessary for secure establishment of production in the home market, but the present is an unfavorable time for launching such a move, according to the Films Council. The report sees promise for British films, but reserves judgment on the wider issues pending further operations of the Act.

The Council lectures the industry on the need for cooperation between its various sections and deplores the lack of a comprehensive producer organization. It reiterates that a solution to problems lies in the industry's own hands and not state help.

The Council, incidentally, records its unwillingness to vary the present quota rates, but will reconsider the renters' quota later. It reports that no sub-quota films were granted certificates under the special entertainment clause and reports that advice was given to the Board of Trade or readjustment of the treble quota section to remove penalization. The report reserves judgment on apprenticeship suggestions and shows a division of opinion on cooperative booking.

"Four Feathers" Booked Into 80 Gaumont Houses

Arthur W. Kelly, vice-president of United Artists in charge of foreign distribution announced Tuesday that "Four Feathers" has been booked into 80 Gaumont theatres in France, one of the largest circuit deals concluded in that country, and the first time an American or British film has ever received a complete Gaumont booking.

The contract includes both the dubbed version, which will play the first-run Rex theatre, and the original English version, which will open for a run either before or after exclusive second run at the Palace.

ASIDES and INTERLUDES

By JAMES P. CUNNINGHAM

"I HOPE very much that you will drop in to see us if you are in New York this summer during the World's Fair.

"As publisher of *Time* (also *Fortune, Life, March of Time*), I have always been sorry I could not meet each of our widely scattered subscribers and talk to you face to face . . ."

Thus Publisher Henry R. Luce in a folksy letter to his subscribers urges them to visit the new "subscribers' library" that *Time* has fitted out in its New York offices. Of the same stripe as the building that *Time* and *Fortune* had at the Chicago World's Fair, the new attraction on *Time's* home premises will feature easy chairs, writing desks, reading matter; this time there'll also be a *Time* editor on hand, and a *Life* photographer to "talk cameras."

But the *piece de resistance* will be *Time's* new motion picture showing how news is scented, tracked down and written up by *Time,* giving audiences a squint of *Time* employes at work, from publisher Luce on down to the office boys.

Product of *Time's* offshoot, *The March of Time,* the picture traces the *Time* production process through an editorial meeting, with Publisher Luce presiding, to the finished magazine in newsreel fashion, explaining the workings of "group journalism." The democratic boundaries of *Time* journalism are documented by the remarks of a mailboy who claims, as he clips a magazine: "Say, did you know that Hitler has a sister-in-law named Bridget?"

Exhibitors in England are hard put over the Military Training Act under which every British subject between 20 and 21 years must take military training for six months. In numerous cases the exhibitors have had to have their young operators and ushers and other house workers apply for permission to stagger the service call dates so that too many will not be away at one time.

The Works Progress Administration may have fired all of its actors, sending them out into the streets to starve, but it still is paying writers to dig up a lot of fanciful items about old New York, about how the Indians on Manhattan Island took baths, about old New York punishments and old New York cemeteries.

The soldiers of New Amsterdam were a gay lot, and not at all shy about haressing the good people of the town, they tell us. A popular "sport" was cutting a citizen's wainscot with a cutlass. A citizen who saw no humor in the matter had three playful soldiers brought up on charges of slashing his wainscot. Two of them were sentenced to ride the "Wooden Horse" for three hours. This was no mild sentence, for the "Horse" had a razorlike back upon which the prisoner sat, while weights and chains were hung on his feet.

As for the Indians' baths, they had to first dig a hole, carry water to it, prepare a fire, heat the water—but this they did only once a year, when, being philosophical, good-natured chaps, they would decide that Nature had had its way long enough.

Sitting around the Argentine Pavilion at New York's World's Fair, last Saturday morning, with Ed Kuykendall, MPTOA president, as guest of the very hospitable Senor J. A. de Marvel, Argentine Commissioner General at the Fair, we heard from Ed a charming little tale about how he met his wife.

Seems that down in his home town of Columbus, Mississippi, Ed was pretty busy trying to raise two little orphans he had adopted, one a boy, the other a girl. He hadn't married up to then and the child-rearing he found to be no easy task. So, frequently he called on a lady neighbor to help him, which she did for years. Meanwhile the signs of romance were budding, but Ed did not have the nerve to pop the question. Nor did he confide to anyone that he had the desire, even to the lady.

But his little daughter sensed it, and one day when Ed returned from a trip on theatre business, he found that everything had been arranged, that the 10-year-old had gone to the lady, proposed for him, got him accepted.

LL the make-up men with all the rouge in Hollywood couldn't turn the film capital's faces as red as a couple of University of California sorority girls did the other night. Beth Ann Stevens and Barbara Coutourier crashed one of those ultra-swank—and non-crashable, they say—movie premieres.

• The great and the near-great at the Chinese Theatre fell for their act, but hard. They walked in with Charlie Chaplin and Paulette Goddard.

Inside the lobby, the actresses-for-the-night waved to Sam Goldwyn, smiled at Fred Astaire and greeted Jimmy Roosevelt. Then they swept down the aisle and found seats behind the velvet ropes. The ushers feared to tap them on the shoulder when the actual seat holders showed up. The latter had to sit elsewhere. When the girls left the theatre, autograph hunters nearly tore off their clothes.

The girls at the Alpha Delta Pi sorority house on the University of California campus had read that the preview of Alexander (United Artists) Korda's "Four Feathers," was going to be the fanciest thing of its kind this year. They recalled that their 20-year-old sister, Miss Stevens, resembled Myrna Loy. The 19-year-old Miss Coutourier looked like Joan Crawford.

That was enough for the Alpha Delts. They each contributed 25 cents toward expenses and the brunette Miss Coutourier and the red-haired Miss Stevens made a deal with Monty Westmore, the movies' makeup expert, to point up their Crawford and Loy highpoints. Then they put on their slinkiest evening gowns and rented for one hour the longest, shiniest and blackest limousine in Hollywood. This cost 60 of their quarters, driver included.

When they rolled up before the crowds and the spotlights at the theatre, the police bowed them from their car.

Chaplin and Miss Goddard arrived at about the same time.

Miss Coutourier told Chaplin how glad she was to see him again. He smiled—because in Hollywood it pays to be polite—and the gate-crashers told the ticket man that "Mr. Montgomery" had their ducats. (Mr. Montgomery still hasn't shown up, whoever he is.)

REHABILITATION IN SPAIN PROCEEDS AS FIRMS AWAIT IMPORT RULES

Draft of Regulations Provides for Quota Production; Metro, 20th-Fox, Universal Allowed Special Import Privileges

by VALENTIN MONTERO
in Barcelona

The motion picture industry in Spain, like all commercial, social and civic life is beginning slowly to revive after thirty months during which a million and a half of the country's people were killed, lost or maimed for life and during which all peacetime commerce, through the maelstrom created by the "republic of workers of all kinds" was driven to foreign lands or mismanaged and destroyed by committees of workers.

Losses and depreciation were suffered by the film industry, like all others, perhaps more through mismanagement than through actual destruction of property. The offices of American distributors were not interfered with on a large scale but the studios and other properties where direct control was impossible suffered heavily. Reestablishment of operations at present is going forward at a rapid pace. Studios and offices are being rebuilt and restaffed. Three companies, Metro-Goldwyn-Mayer, Twentieth Century-Fox and Universal have permission for limited imports and other distributors are awaiting final approval of a draft of governmental regulations which would permit large scale imports.

Draft of Regulations Ready

The Government at Burgos this week formulated the following proposed film import regulations:

Import licenses would be given for lots of ten pictures, but the importer would be compelled to produce, in Spain, one picture for each such lot. Licenses would not be given without a deposit made at the customs office through which the domestic production would be exported, the amount of the deposit to be determined by the ministry.

Only the negative of a film may be imported, all copies to be made in Spanish laboratories.

The Government would intervene in the exploitation of exported films, retaining 50 per cent of the benefits and devoting the remainder of the payment to imported material.

To obtain import licenses distributors would have to exhibit to the ministry signed contracts with the producers in which is set forth the percentage of rental returns which is to be reserved in blocked accounts, indicating in documents from producers to the bank where accounts are blocked that pictures were not bought at a high percentage.

Three Companies Importing

The three American companies mentioned are the only ones allowed to import films for the 1938-39 season and all had reasons for obtaining the privilege.

Twentieth Century-Fox sent a crew of cameramen to cover all the Nationalist advances and made several Nationalist short subjects including "Toledo," "Badajoz," "Teruel," "Bilbao," "Gijon," "Oviedo," "Barcelona," and "The French Frontier," telling a vivid story of the war. As a reward for their services they have been allowed to import five features and are now awaiting permission for 25 more.

MGM and Universal requested permits from the Nationalist Government two years ago when their request was considered a virtual recognition of the sovereignty of that Government. To show appreciation for the gesture the Government has authorized MGM to import 30 features for the present season and Universal 22.

All other American companies which requested permits after the war ended have been told that the quota for the 1938-39 season has been filled and that they must wait until September before their applications will be considered.

Foreign Exchange Scarce

Among the present obstacles to resumption of trade on a pre-war scale is the scarcity of foreign exchange which is used only to buy necessities. It is not expected that film imports will approximate the former volume for some time.

Competition is slack but audiences still prefer American films. Spanish sub-titles are used for showing in Madrid, Barcelona and San Sebastian but the pictures are dubbed entirely in Spanish for the rest of the country. Italy and Germany are sending to Spain old negatives and are reviving many which they had in circulation here in 1935 and 1936.

Stories of discrimination against American films, actors, directors or producers are unfounded as far as can be determined here and seem to have a common origin. It is true that censorship of certain subjects is somewhat more strict now than it was before but that is to be expected. Inquiries concerning discrimination elicited the information from Government circles that strict bans against certain actors were enforced about two years ago but that since then this type of pressure has slackened. A Franchot Tone film is showing at present in Bilbao, some Clark Gable pictures are being advertised in Madrid and Barcelona. The only important American star whose pictures are not being shown is Paul Muni but this appears to be because of a lack of any of his pictures.

Production during and since the war has been at a low ebb. Several propaganda subjects were produced with Russian technicians and materials as were two or three features, all loaded with propaganda, directed by Spanish and French technicians.

Since the liberation of Barcelona, studio material has been restored and repaired and casts selected for a few productions. Among these are "Monolenka," with Lina Yegros, Olvido Rodriguez, Jose Maria Nieto; "Immaculada" ("The Immaculate"); "Amanecer" ("Dawn"), and "Los Cuatros Robinsones" ("The Four Crusoes"), the last an Orphea Film.

Additionally there are several Italo-German-Spanish films made in Germany, like "El Rapto" ("Rapture"). The Spanish Film Company is presenting "El Corsario Negro" ("The Black Corsair") and has several others in preparation. This was filmed in Italy because all the Spanish studios were in Red territory, Madrid and Barcelona. "The Black Corsair" is by far the poorest film presented by the Spanish companies so far but it is expected that when the studios are reestablished in Spain the quality will improve.

BARCELONA STUDIOS SACKED BY REDS

The films studios at Montjuich, near Barcelona, were found nearly in ruins after hostilities ceased. Furniture had been removed and used by Red leaders to furnish their homes, cameras and projectors were taken to the various locals for "safekeeping" and in some cases used by amateur cameramen. In some studios, like the Trilla La Riva, the loyalty of the staffs saved much of the apparatus. In most cases, however, the equipment was dismantled with a hammer and chisel, distributed throughout Spain, or taken to France to be sold as a souvenir of "la Belle Espagne."

Decorations furnished excellent uniform material, and property and costume storehouses were robbed to provide clothing of all kinds.

Germans Show Film of Metal

The Germans are demonstrating metal film as a conveyor of sound and pictures, at the German Institute of Technical Research in Berlin, according to a New York *Times* wireless dispatch.

The results were declared needing only "slight improvements in sound reproduction."

Two types of metal film were used: one of aluminum alloy; the other of rolled iron bands, with aluminum plating. The aluminum alloy is lighter than celluloid film; the iron plus aluminum coating is the same weight.

Advantages of metal film are cited thus: its ability to travel through the camera at greater speed than celluloid film, thus enabling the taking of very slow motion pictures; greater durability; its ability to record pictures and sound on both sides of the film; its resistance against burning.

Pictures on metal film must be projected by reflection; and the loss of light is declared slight. Also cited as an advantage is the ability to use greater intensity light sources, because the film will not burn.

The emulsion used is only slightly different than that now placed on celluloid bases; fixation and development methods are the same.

Few projector changes, and no camera changes, are necessary.

THE HOLLYWOOD SCENE

Ratio 11 to 13

Eleven pictures were started and 13 finished during this mid-July week and Universal accounted for three of the new productions and was responsible for completing three. The most important of the three to have been put into the work is "Rio," in which Sigred Gurie will be starred with Basil Rathbone, Victor McLaglen, Robert Cummings and Leo Carrillo heading the supporting troupe. Preston Foster, Irene Hervey, Chick Chandler, Inez Courtney, Noel Madison and Paul Guilfoyle are the principals in "Missing Evidence" while "One Hour to Live" is engaging the attentions of Doris Nolan, Charles Bickford, Samuel S. Hinds, John Litel, Robert Emmett Keane and John Gallaudet.

Two of the studio's completed properties are potentially in the important picture class. For instance, the John M. Stahl production, "Modern Cinderella," will offer Irene Dunne and Charles Boyer as its stars in the company of Barbara O'Neill, Nydia Westman, Frances Robinson, Florence Lake, Mytris Crinley, Inez Courtney, Onslow Stevens, Nella Walker and Fritz Feld. The other film, "The Underpup," story content of which is unusual, will have for its name players Robert Cummings, Nan Grey, Gloria Jean, Margaret Lindsay, Beulah Bondi, Raymond Walburn, Virginia Weidler, Ann Gillis, Ernest Truex, Doris Lloyd, C. Aubrey Smith and Shirley Mills. The third picture, "Outlawed Marshal," an action adventure yarn, should be of importance to many exhibitors, too, inasmuch as it is a series film in which Johnny Mack Brown, Bob Baker, Fuzzy Knight, Anne Gwynne, James Blaine, Lane Chandler, Horace Murphy, Lloyd Ingraham and Robert Kortman will be seen.

MGM Starts Two More

Two pictures were started by MGM. "Henry Goes to Arizona" is a comedy adventure romance for Frank Morgan, George Murphy, Ann Morriss and Virginia Weidler. Its starting mate, "Dancing Co-Ed," topical collegiate comedy romance, will feature Lana Turner and Richard Carlson with Artie Shaw's Band, Lee Bowman, Ann Rutherford, Leon Erroll and Monte Woolley.

Paramount matched the MGM pace. One of the films, "Medicine Show," is a "Hopalong Cassidy" story and a Harry Sherman production. William Boyd, Russell Hayden, Bernerdene Hayes, Kenneth Harlan and Britt Woods will be concerned. The other, "Diamonds Are Dangerous," will have the benefit of the histrionic abilities and name values of Isa Miranda, George Brent, Nigel Bruce and John Loder among others.

"Oklahoma Terror" went before the cameras at Monogram. It will feature Jack Randall and Virginia Carroll with Al St. John, Glen Strange and Don Rowan. Republic also checked in with a western, "Wall Street Cowboy," cast for which is headed by Roy Rogers, George Hayes and Ann Baldwin.

Jane Wyman, Dick Foran and Maxie Rosenbloom will be the featured players in Warners' "The Lady Detective," while in "Three Sons," which RKO Radio started, has Edward Ellis, William Gargan, Kent Taylor, J. Edmund Bromberg, Katherine Alexander, Adele Pearce and Barbara Pepper as its principals.

RKO Radio eliminated two pictures from the active shooting list. Joe Penner is the star of "The Day the Bookies Wept," as Betty Grable, Richard Lane, Tom Kennedy, Jack Arnold, Thurston Hall and Max Wagner are numbered among the support. In "The Fighting Gringo" George O'Brien, Lupita Tovar, Lucio Villegas, Leroy Mason, Glen Strange and Mary Field are teamed up.

Warners finished work on "The Dead End Kids at Military School," in which the boys whom Sam Goldwyn introduced to screen audiences will be seen in company with Frankie Thomas, John Litel, Cissie Loftus, Aldrich Bowker and Selmer Jackson.

Roach, Selznick Finish

Two pictures were completed for United Artists distribution. Hal Roach contributed "The Housekeeper's Daughter," in which Joan Bennett, Adolphe Menjou, William Gargan, George E. Stone, Peggy Wood, Donald Meek and Lillian Bond will be seen. Establishing what is a brevity for Selznick-International production time, "Intermezzo" came off the line as the week closed. Not much more than a month in production, the speedy work was done by Leslie Howard (also associate producer), Ingrid Bergman, Edna Best, Cecil Kellaway, Ann Todd, Douglas Scott, Eleanor Wesselhoeft, John Halliday and Enid Bennett.

"Irish Luck," which features Frankie Darro and Dick Purcell, was finished by Monogram and Republic checked in with "Flight at Midnight," which co-stars Phil Regan and air ace Roscoe Turner with Jean Parker, Robert Armstrong, Noah Beery, Jr., Harlan Briggs and Helen Lynd.

Edward G. Robinson is the topliner in "Blackmail," which MGM finished and which will also present Ruth Hussey, Guinn Williams, Arthur Hohl and John Wray as the featured support.

"Seventeen" Done at Paramount

Paramount completed "Seventeen," theme of which is based on the Booth Tarkington puppy love classic and in which Jackie Cooper, Betty Field, Otto Kruger, Ann Shoemaker and Norman Nelson are the leads.

Out at 20th Century-Fox, Darryl F. Zanuck's production associates called it a day on "Hollywood Cavalcade." The release of this bizarre history of the picture business in the production capital will undoubtedly have a release coinciding with the celebration of the industry's 50th anniversary. Hundreds of famous old screen personalities will be seen again, but the modern names in it are Don Ameche, Alice Faye, J. Edward Bromberg, Stuart Erwin, George Givot, Buster Keaton, Chick Chandler, Alan Curtis and Lynn Bari.

RIDIN' AND SHOOTIN' IN HOLLYWOOD

Up to a couple of weeks ago such western stars as Gene Autry, William Boyd, John Wayne and George O'Brien were comparative strangers to metropolitan Los Angeles theatregoers. Although Boyd has been starred in a score or more "Hopalong Cassidy" pictures, it wasn't until two weeks ago that he cracked a first-run downtown or class neighborhood house. Then Los Angeles discovered him all of a sudden and over the current weekend fourteen houses in the downtown area were featuring "Hopalongs".

George O'Brien has been a little more fortunate than his compatriots in outdoor action adventure entertainment. Occasionally one of his westerns gets a showing at the downtown Orpheum theatre. But the top western box-office draw, Gene Autry, still has been unable to crack the ice with any degree of consistency. As a matter of fact, it was not until recently, after a lapse of more than three years, that one of his pictures, "In Old Arizona", was given a local public preview. Then the showing was held in suburban Santa Monica and but for the cantankerousness of a local daily paper it would have been a "secret" preview.

A diligent search of the records doesn't reveal a single downtown or neighborhood booking of a John Wayne film, and, popular as they are in other sections of the land, such western heroes as Tex Ritter, Tim McCoy and Charles Starrett are practically unknown in Los Angeles.

Itemized

Monogram signed Jackie Coogan for a feature role in "Sky Patrol," third in the series of productions based on Hal Forrest's "Tailspin Tommy" cartoon strip.

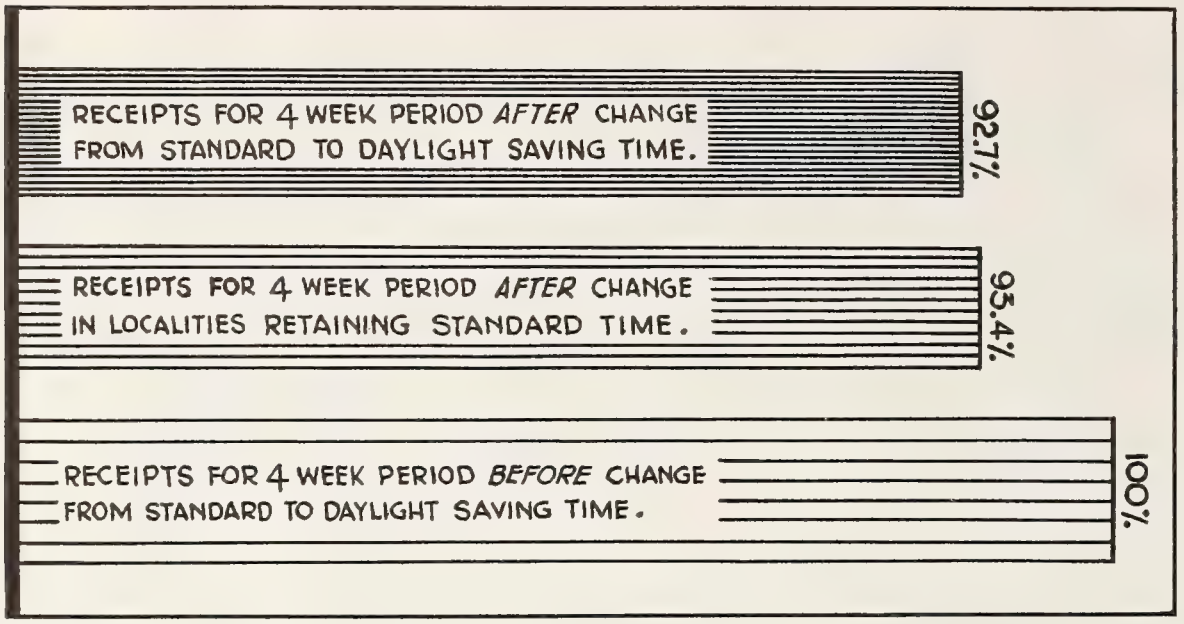
Unique clause in new contract signed by Jeanette MacDonald with MGM permits her to make a 25,000-mile concert tour each spring. The first picture under the new deal will be "Lover, Come Back to Me," in which Nelson Eddy will co-star. Production starts next month.

Monte Blue was seriously injured when thrown from a horse during the filming of "Geronimo."

Robert Taylor and Greer Garson will be teamed in the leading roles in "Remember," Milton Bren's first production for MGM.

As an exploitation stunt for "Gantry the Great," Warners will send Gantry, the blind jumping horse which appears in the picture, on a tour of 80 cities during August and September.

Paramount renewed director James Hogan's contract on a straight two-year basis.



Howard Da Silva has been signed to play the same role in "Abe Lincoln in Illinois" which he created on the stage.

Archie Mayo will direct Richard Rowland's first production for United Artists.

Twentieth Century-Fox plans to produce two Sonja Henie pictures before the end of the year. "Everything Happens at Night" will start in September to be followed by "Shadows of the Snow," an S. S. VanDine story.

Miriam Hopkins will replace Bette Davis in the leading role in Warners' "All This and Heaven, Too."

Cross Section of Receipts Shows Daylight Time Has Little Effect

Indications that Daylight Saving Time has little effect on box-office receipts in those communities where it is operative in the summer months are shown graphically in the chart above. The lower bar represents average business for a four-weeks period in a group of selected key cities. The middle bar represents the receipts for a four-weeks period in localities retaining Standard Time after other communities had changed over, and the top bar represents the receipts for the same four-weeks period in cities where Daylight Saving Time was in effect.

"Japan Business Best Ever": Daff

War-ridden Japan looks for escape, to the movies; and American motion picture companies benefit. At least, Universal does, and is grossing the biggest business of its history there, according to Al Daff, supervisor for the company in the Far East, who arrived in New York this week for a two-week stay.

Now that the Japanese government has somewhat eased its previous ban on importation of American films, the public is flocking to see American product, he said, and added that more permits for importation were being issued, and that negotiations are on for renewal of the importation permits, when the last of the present permits has been issued.

The Chinese business situation varies, Mr. Daff noted. The influx of refugees to the coastal cities, from which war has moved, has brought many to theatres. But collapse of the Chinese currency and closing of theatres and even of exchanges, in some of the interior cities, especially those of the Nationalist Government, has hurt business.

There is still Chinese production in Hongkong, he said.

About the rest of the Far East, Mr. Daff noted that American pictures dominated all except India. In that country, American pictures get only 40 per cent of the playing time. Native product obtains very long runs, he said.

Universal To Have Sixteen Films Ready September 1st

Universal will have 16 of its 1939-'40 features ready for release when the season opens on September 1st, Nate Blumberg, president, said in Hollywood this week. Only one picture, now in work, is still to be made for the 1938-'39 schedule, which is "First Love," starring Deanna Durbin. The first 1939-'40 picture, "The Underpup," is in the cutting room.

Also completed, and being prepared for release on the new season's schedule are "Mutiny on the Blackhawk," "Tropic Fury," "Bad Company," "Hawaiian Nights," "Hero for a Day," "London by Midnight," two westerns, "Desperate Trails" and "In Old Oklahoma" and a serial, "The Phantom Creeps." Six others in work or preparation, include "Rio," "Missing Evidence," "One Hour to Live," "Legion of Lost Flyers," "Call a Messenger" and "Listen Kids."

Regarding the program Mr. Blumberg said: "This is in accord with our policy of keeping production well ahead of distribution so that exhibitors will get their Universal product on schedule. Completion of our new sound stages and other improvements in the machinery of production will enable us to adhere strictly to this system in the future and meet every release date of our enlarged program for the new season."

Set "Rights" Premiere

Warner Brothers has set July 31st for the world premiere of "The Bill of Rights," historical short subject, at Williamsburg, Va., where the document was signed. The film will appear at the Radio City Music Hall in New York early in August.

More Awards at French Festival

Half of the motion picture films competing in France's International Film Festival to be held at Cannes in September must have their original European showing on that occasion, according to a report to the Department of Commerce at Washington from Commercial Attache D. J. Reagan in Paris.

The sponsors of the festival hope, the report said, that this arrangement will give the competition an added attraction.

In order to be accepted for inclusion in the competition, the films must have been produced within the last 12 months. Each competing nation will have the privilege of nominating one member of the jury, who is not associated with the film industry. The film industry will nominate a delegate to act as a liaison officer but in no case shall he sit on the jury. The voting will be in secret.

A first prize of the Cannes Festival will be awarded for the best film presented by each country. The winning films will carry the title "First Prize of the 1939 Cannes Festival for the United States," or for England, or for France, etc. In this manner all the nations may win a first prize.

The Louis Lumiere First International Prize will be awarded to the best director of all countries.

First prizes will be awarded for the best actor and actress. There will also be a first prize awarded by the Society of Authors for the best scenario, a first prize for the best musical arrangement, and other prizes and medals for animated cartoons, scientific and other films.

The French Government has invited all nations to participate in the festival, the number of films each country may enter to depend on its annual production volume.

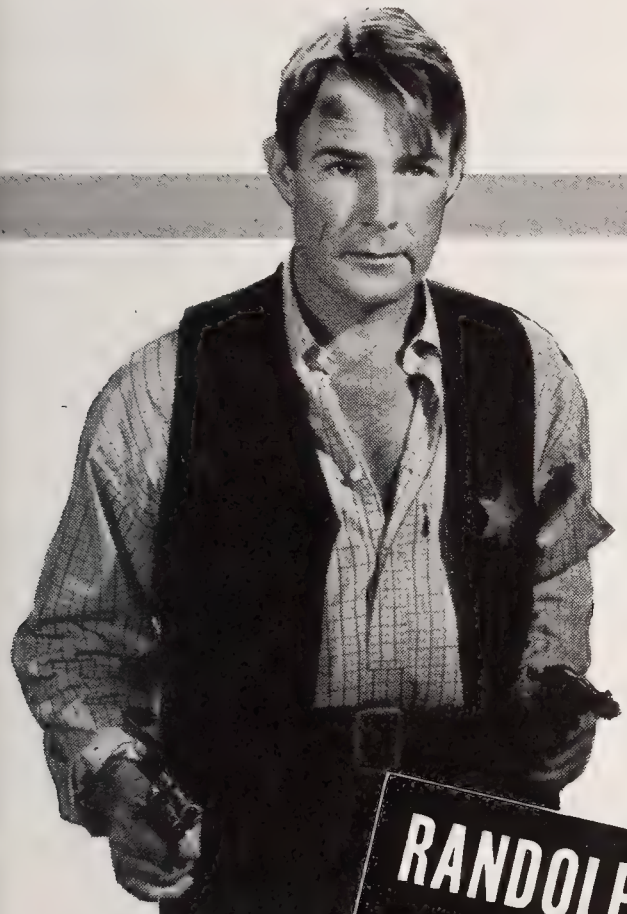
Reisman, Morris Go To Latin America

Phil Reisman, head of the RKO foreign sales department, and Sam Morris, holding the same post for Warner Brothers, sailed from New York on Friday for Latin America, to hold sales conventions in that territory for their respective companies.

The RKO sales convention in Rio de Janeiro will be held August 18, Bruno Chelli presiding. That in Buenos Aires will be held on August 31, with Nat Liebeskind in charge.

Warner Brothers also will hold sales conventions in those two cities.

Republic in India



Keshaval D. Mody & Co., of Bombay, India, have concluded a deal with Republic Pictures Corporation to distribute a group of features and serials in the territories of India, Burma and Ceylon. The Mody company, which has been active in the production of Hindu motion pictures for the past eight years, operates distribution offices in Bombay, Calcutta and Delhi.

ITOA Excursion

More than 700 members of the Independent Theatre Owners of New York excursioned, this week, to Indian Point, on the Hudson River. The Hudson River Day Line boat, the Alexander Hamilton, was chartered for the occasion.

THE KEYSTONE OF YOUR FUTURE

IN THE BRITISH STUDIOS

by AUBREY FLANAGAN
in London

Rule Britannia

The Spirit of Empire is the inspiration of the spectacular finale to the Carroll Levis film "Discoveries" just concluded for Grand National release at the Highbury Studios, London.

Some 500 men, wearing the uniforms of every branch of the services throughout the Empire were grouped into a tableau. Scarlet coated Mounties side by side with tall bearded Sikhs in the dress and massive turbans of their race, against a background of scarlet coats interspersed with Scottish clansmen and South African horsemen. Glengarries and white pith hats, turbans and busbies, slouch hats and waving plumes. Masses of scarlet coats in close formation as a background; broad dusky faces of soldiers from British Nigeria showing startlingly above the scarlet tunics at the base of the tableau. Men in Anzac uniform, flanked by sailors in their service blue. High overhead, at the apex of the huge mass of color a number of airmen in their quiet dress claim recognition.

Baghdad Winter

The Sultan's Palace set at Denham, built for "Thief of Baghdad" and crowning glory of the studios' art department, has been tripped to make way for a winter scene in the deserted gardens of the Sultan, and the glories of foliage and exotic blossom have given way to bare branches and parched grass lawns.

Elsewhere in the studio grounds Michael Powell is still at work on the Baghdad harbour sets.

William Cameron Menzies, maestro of cinematographic magic, is due at Denham shortly to assist Ludwig Berger and Alexander Korda on magic sequences for "Thief of Baghdad." Elaborate trick effects have already been devised by Larry Butler.

Among the miracles in "The Thief of Baghdad" are the transformation of a stony desert into the Enchanted City; the changing of Sabu, the Thief, into a dog; the dancing mechanical dolls, performed by a full corps de ballet; and the liberation of the miniature Djinn from a bottle and his enlargement to a figure 200 feet high.

At the end of the picture there is terrific aerial warfare in the clouds between the Flying Horse, carrying the villain and the heroine (June Duprez), and the magic carpet carrying the Thief (Sabu) and the hero (John Justin).

Conrad Veidt as Giafar besides being an evil personality in the picture also symbolizes man's conception of evil as an ever present force in the universe. Consequently the aerial battle ends with Good (Sabu, John Justin and June Duprez) triumphing over the evil Giafar and the spirit which Veidt signifies being vanquished and descending in flames into the lower regions.

New Title

"Farewell to Yesterday" has now been decided on finally as the title of the Balcon-Stevenson-Brook comedy which went into production at Ealing under the original title of "Goodness, How Sad."

The story, by Robert Morley, tells of the return to this country of an English actor who achieves international fame in Hollywood. Seeing his own country again fills him with a nostalgic desire to recapture the old days when he was a struggling touring actor. He indulges his whim and stays in a little seaside town, where he meets and falls in love with a girl, member of the local repertory company. This company he saves from financial disaster by appearing "in person" in a play with them. But he leaves them—and the girl—when he realizes that you can conjure up the past in your thoughts, but cannot recapture it in your life.

Propaganda

Director Walter Forde and a number of well known film artists including Edmund Gwenn, John Mills, Frank Lawton and Eva Moore, gave their services free for the making of a short National Service propaganda film, provisionally entitled "Happy Families" and produced at the Ealing Studios by Michael Balcon under the sponsorship of the National Service Department of the Ministry of Labor.

In addition to these, Ealing Studios volunteered their floor space and other facilities for the making of the film.

400TH PRODUCTION FOR GB INSTRUCTIONAL

GB Instructional this month set a new record for the studio with the 400th production coming to an end at the Shepherds Bush Studios on July 14th. A film about modern dancing, its stars were members of the Bedford Physical Training College. Each year GBI has made at least 50 educationals, dealing with various subjects in the curriculum of the modern school. "Secrets of Life" films are now being made in color in some cases.

States Bruce Woolfe, chief of GBI:

"At the moment we have no less than thirteen subjects in production, and a further twelve, some of which will deal with local government in England and Wales, are to be commenced shortly. West of England and Welsh geography, the woolen trade in Yorkshire, a series on South Africa, hiking, camping, dancing, and a number of natural history subjects are among the more important subjects now being completed.

"We have drawn up a plan for a series of Empire films which we hope to carry out fairly soon—a series of objective two-reel films on the following lines: 'Development of Self-Government', 'The Empire 'Round the Atlantic', 'The Empire 'Round the Pacific' and 'The Empire 'Round the Indian Ocean'."

Hand of Mars

The old French harbor of Paucot-sur-Mer, Breton fishing village, created as a set for Paramount's "French Without Tears," has been razed to the ground, and in its place, at Sound City, have appeared trenches, barbed wire, gun emplacements and all the grim paraphernalia of the battlefield—a setting this time for Mario Zampi's Duggie Wakefield film "Live and Let Live."

In this new Paramount British picture Mario Zampi, who will function both as producer and director, plans to present the North Country comicker in a new light and is developing Stacy Aumonier's original on lines which will make the Lancastrian droll a humorously pathetic figrue. The script is being written by Anatol de Grunwald and T. Thompson is writing the dialogue. Wakefield will have the role of Sam Gates, a village simpleton who falls into enemy hands during the War.

Bernard Knowles is chief cameraman and Theo Lageard production manager.

Elstree Active

Three films on the floor at Associated British Studios maintain Elstree's reputation as one of the most consistently active production centres in Britain.

Harold French has just started work on the screen version of A. E. W. Mason's thriler "The House of the Arrow."

French, who is a stage producer, numbering the long-running "French Without Tears" and "Anthony and Anna" among his successes, recently spent six months at Elstree studying every side of film production.

Already at work at the studios directing "On Guard in the Mediterranean" is Harold Huth, former actor and casting director.

Directing Thomas Bentley is nearing completion on "You're Lucky to Me," the new Stanley Lupino feature. Shooting has been centered on a set representing the Diamond Ring Night Club, where the floor show includes boxing matches and a water ballet.

Phyllis Brooks, Barbara Blair, David Hutcheson, Antoinette Cellier and Gene Sheldon head the supporting cast.

Ducks and Newts

A new series of "Secrets of Life" films, in natural color, are to be produced by Gaumont British Instructional and are to deal with varying branches of nature. Titles already tentatively agreed upon include "Ducks," "Newts," "Stickleback," "Burnet Moths," "Badgers" and "Lupins."

Dufaycolor will be used and the photography will be in the hands of Percy Smith and Oliver Pike.

Already much of the material required for the first two subjects has been shot. At present production is concentrating upon photographing the Burnet Moth, though much difficulty has been encountered owing to the propensity of the insect for getting singed on the studio arcs. A new cool light beam has had to be devised.

Meanwhile, Percy Smith is assembling his cast of sticklebacks with the aid of a jam-jar and fishing net.

IN THE CUTTING ROOM

The Dead End Kids In Military School

(Warner)

Character Melodrama

It should be a matter of exploitation importance that in this picture the members of the "Dead End" group who have been prominent in screen affairs since Samuel Goldwyn introduced them will, with one exception, be seen as honorable, earnest, ambitious lads. The maverick, first rebellious toward the self-government discipline of the military school in which he is an unwilling pupil, though learning the hard way, effects his own reformation and when a crisis develops he is the one who has sufficient presence of mind to save the lives of his mates.

Production detail of the picture will show the lead character first as a juvenile gangster of the New York tenement district and audiences later will be taken into a military preparatory academy where tough Leo Gorcey finds his erstwhile mates in villainy, Billy Halop, Gabriel Dell, Bobby Jordan and Huntz Hall, like Frankie Thomas, are serious students. While John Litel and Cissie Loftus also are featured, recalcitrant Gorcey gets himself into all sorts of trouble, meanwhile becoming the school's most brilliant student. It takes an injury to a schoolmate to bring him to his senses.

William Clemons is directing the picture, which is based on an original screen play by Tom Reed.

Release date: Not determined.

The Adventures of Sherlock Holmes

(20th Century-Fox)

Mystery Melodrama

How well your patrons like a whacking crime mystery picture and the degrees of enthusiasm with which they supported the first item in this new series, "The Hound of the Baskervilles," should be influential in determining the commercial results of "Sherlock Holmes." This picture is based upon the Arthur Conan Doyle story and stage play in which William Gillette, foremost among the delineators of the "Sherlock Holmes" character actors, was featured. It will again feature Basil Rathbone in the title role and present Nigel Bruce as "Dr. Watson." Most of the supporting cast is new to the series and includes such names as Ida Lupino, Allan Marshall, Terry Kilburn ("Mr. Chips" and "They Shall Have Music"), Henry Stevenson, E. E. Clive, Arthur Hohl, Mary Beatty and many others.

In this production, which Alfred Werker is directing, the king of fiction detectives will be pitted against a worthy foeman—the infamous criminal genius, Professor Moriarty. As the plot unfolds the solution of a series of mysterious murders, all of which are accompanied by a wave of terrorism and fear, the great Sherlock accounts for the Professor, prevents the theft of the British crown jewels and reunites a beautiful girl client with her sweethearts, suspected of belonging to Moriarty's mob.

Release date: Sept. 1, 1939.

Conspiracy

(RKO Radio)

Adventure Melodrama

The struggle between the secret police of a dictator nation and a group of determined patriots endeavoring to overthrow the dictatorship is the framework upon which the excitement, suspense and romance of "Conspiracy" is hung. It will detail how a young American is accidentally hurled into the struggle to become an important pawn in its strategy and his romance with a girl in the rebel forces. The principal locales are a coastal city in an unnamed European country, aboard a tramp steamer and the waters of the adjacent seacoast.

While the picture will give vivid glimpses of the undercover fighting going on today in many of these so governed countries, it will also stress the brutality and harsh methods adopted by secret police organizations. As such it will have considerable topical content.

A Cliff Reid production, "Conspiracy" is the 23rd picture to have been directed by Lew Landers during his term at RKO Radio. The screen play prepared by Jerome Chodorov is based upon a story written by John McCarthy and Faith Thomas.

The principal players in the film will be Allan Lane, Robert Barrat, Charles Foy, J. Farrell MacDonald, Solly Ward, Lester Matthews, William Vaughn and Lionel Royce with Linda Hayes, a graduate of the Jesse Lasky "Gateway to Hollywood" radio program and who has been seen in "The Spellbinder" and "The Girl From Mexico," the only woman in the featured list.

Release date: Not determined.

Tropic Fury

(Universal)

Adventure Melodrama

Melodramatic action, adventure, romance and danger in the Amazon jungle will be the subject matter of "Tropic Fury." The production technique assumes the character of a condensed serial, with all those elements that make for excitement that are common to that species.

Scheduled to be the second number in a new series of action adventure films which Universal is making with Richard Arlen and Andy Devine who previously have been seen together in "Mutiny on the Blackhawk," this Ben Pivar production is being directed by Christy Cabanne, who during his 25 years experience has specialized in handling swift-moving melodrama. His credits list such pictures as "Smashing the Spy Ring," "The Outcasts of Poker Flat," "We Who Are About to Die" and "Storm Over the Andes."

To support Arlen and Devine, the producer and director have chosen a troupe of players, all of which but one have been prominent on the screen. The newcomer is Lou Merrill, who has been featured in the Lux Theatre, and Edward G. Robinson radio shows during the past few years. Yet for established screen names, the picture will make available Beverly Roberts, Samuel S. Hinds, Leonard Mudie, Noble Johnson, Adia Kuznetzoff, Lupita Tovar, Charles Trowbridge and Milburn Stone.

Release date: Not determined.

Hawaiian Nights

(Universal)

Musical Comedy Romance

The plot of "Hawaiian Nights" will picture the experiences of a happy-go-lucky heir to a great fortune who, possessed of a talent to play a trumpet remarkable well, sets Hawaiian music to swing, finds romance under the tropical moon, meanwhile confounding his crusty father. The locale, as the title indicates, is Honolulu, a setting that has been the background for several successful bits of screen entertainment.

In general character the original screen play which Charles Grayson wrote is a youthful story in which youthful, but established, players are featured. Besides presenting Matty Malneck and his orchestra in the musical and spectacle numbers, the songs which will be used and which will be sung by the two leading girl players were composed by Malneck and Frank Loesser. Being produced by Max Golden who originated the "Jones Family" series and lists "Swing That Cheer" among his Universal films, the picture is being directed by Al Rogell.

For names the picture will have Johnny Downs, seen recently in "Swing, Sister, Swing," Constance Moore, who was featured in "You Can't Cheat An Honest Man," Mary Carlisle who had parts in many of Paramount's college life shows, Eddie Quillan, Malneck who is presently in "East Side of Heaven" and "Man About Town," Thurston Hall, Samuel S. Hinds and Etienne Girardot.

Everything's On Ice

(RKO Radio-Sol Lesser Production)

Comedy and Spectacle

Comedy will be the plot substance of "Everything's On Ice," but the sensational and spectacular skating dance routines which six-year-old Irene Dare performs in the show will undoubtedly prove to be its entertainment and exploitation highlights. Seen before only in a sequence in "Breaking the Ice," is this latest Sol Lesser discovery who he anticipates will follow in the footsteps of Jackie Coogan, Baby Peggy, Jackie Cooper, Bob Breen and others whom he developed.

The skating prodigy will be seen in eight lavish specialty numbers most picturesque of which is the "Birth of a Snowbird" revue, an elaborately staged fantasy of the arrival of a baby penguin into the world. In this episode, 24 of Hollywood's finest men and women skaters will be seen. Miss Dare will also solo in a speed and acrobatic demonstration, Hawaiian hula, can-can, Russian, Scotch, patriotic and jitterbug routines, in the last of which her skating partner will be a ventriloquist's dummy. All the ice dances were conceived by Dave Gould. Music for three big accompaniments was composed by Victor Young with lyrics from the pen of Paul Webster.

Being personally produced by Lesser with Erle Kenton directing, the picture will present Edgar Kennedy, Roscoe Karns, Lynne Roberts, Eric Linden, Mary Hart, Bobby Watson, George Meeker, Wade Boteler and Maxine Stewart.

The Spellbinder

(RKO Radio)

A Criminal Lawyer Reforms

"The Spellbinder" tells the story of a charlatan lawyer who was whipsawed by his own chicanery.

"Marlow" attained a unique position in his profession by his cleverness in inventing ruses and schemes which win legal acquittals for his guilty criminal clients. Yet smart, shrewd and resourceful as he is, he blazes the path for his own downfall when his daughter, misled by glib talk and false promises, marries a murderer whom her father has just rescued from the electric chair.

Charged with murder, standing in the same courtroom where he has won many victories by audacious trickery, he refuses to lift a finger or say a word in his own defense. Not until friends and sympathetic opponents, anxious to help him, put his daughter on the stand, does "Marlow" make a move. Then reciting the unwritten law, pleading the cause of the man who was forced to kill a predatory animal, his eloquence wins sympathy as he honestly admits his own responsibility and begs for a chance to repair the damage he has caused.

Certain commercial exploitation advantages accrue to the title. This selling job, however, must rely on the printed word and audience comment. Initially, considerable dependance must be placed upon name value to arouse public attention. While "The Spellbinder" doesn't offer any great names with which to work, it does offer Lee Tracy in the sort of character he does well and backs him up with Barbara Read, Patric Knowles, Allan Lane, Linda Hayes and Morgan Conway.

Previewed at RKO-Hillstreet Theatre. The ordinary midweek crowd that saw the picture was not dissatisfied.—G. M.

Shipyard Sally

(20th Century-Fox)

Shipyard Comedy

Deliberately topical, and tuned intentionally to the spirit of the times, is this new comedy vehicle for front rank Britisher Gracie Fields, whose recent illness has afforded an occasion for demonstrating the affection in which she is held by the English public. The screen play, by Karl Tunberg and Don Ettlinger—waves the old flag with unrestrained enthusiasm, tackles sentimentally rather than scientifically the problem of British shipbuilding, casts Gracie as spokesman for the Clydebank unemployed, seeking Government support for a resumption of industry, and ultimately rings all the changes in a grand patriotic finale.

This vein of national and social fervor runs through the film and whilst it does not obtrusively interfere with the comedy and the mnsic, does necessarily limit its appeal to the foreign audience. For the Fields fans, who are without apparent limit, the film should prove adequate entertainment, whilst the topical note may suggest exploitation in the appropriately unsophisticated circles, thought not necessarily in Clydebank!

Gracie comes to town to present a Cabinet Minister with a workers' petition in aid of shipyard work and most of the film is built around her endeavors to crash in on "Lord Randall." These endeavors include posing as a man, in a conjurer's trick evening clothes, in a Pall Mall Club, palming herself off as a certain American singer at "Lord Randall's" house party and generally keeping her card-sharping father in hand. It is gratuitous comedy of the accepted Gracie Fields type, with Gracie grimacing and romping, maybe less fiercely than usual, switching from a "Jitterbugs" number to the "Londonderry Air," but remaining always charming and sympathetic in her natural way. She has, in Sydney Howard, as her nimble fingered and glibly spoken father, a grand comedy foil, a smug and quaintly designed old reprobate whose pantomime and vocal nimbleness put him in the same class as W. C. Fields at his best. Oliver Wakefield in a new brand of tongue twisting character and Tucker Maguire as a human firework disguised as a Southern songstress further provide comedy dressing, whilst the impeccable Morton Selten has an all too brief reading of the puffy old Earl.

Critical opinion may be divided on the entertainment appeal and dramatic justification of the concluding sequence, in which, against a montage background, picturing shipbuilding and launchings on the Clyde, Grace sings "Land of Hope and Glory" twice.

Recent events should make any Gracie Fields subject easy to sell, and this should be no harder than its predecessors. Showmen in some regions may find the patriotic spirit a sales asset and the title—"Sally" was Miss Fields' first film—a lever to a loyal public.

Shown in a private projection theatre to a trade audience, the film was well received, with Howard and Wakefield not the least successful in commanding applause. Opinion was solid on the film's appeal as a Fields offering, with no small section critical of the closing sequence.—AUBREY FLANAGAN.

Dead Men Tell No Tales

(Alliance)

Study of a Schizophrenic

This horrendously titled murder melodrama should stir audience interest on several counts. The horror angle is strong enough to whet and satisfy that portion of the patronage who thrive on a diet of death and dark doings. For the section of ticket purchasers less robustly inclined in the matter of strong scenarios, the acting of the players involved and particularly the bravura emoting of the murderer are saleable items. For the limited number of customers who enjoy analyzing picture plots along criminological, sociological or pathological diagrams, the case study of a split personality unfolding in the class room of a boys' school and in the back office of a money lender should hold some academic and clinical interest, and mayhap a good bit of entertainment as well.

The histrionic demonstration of Mr. Williams in the dual role should make up for any loss of interest. In fact, his work is so intriguing that it causes the technical deficiencies of poor lighting, rapidly spoken, English-accented dialogue, a choppy continuity and slipshod editing to be overlooked for the time at least.

Audiences knowing a bit about the who is who in annals of the stage social register will recall the versatile talents of Mr. Williams, who appears to be an anglicized Sacha Guitry, being able to handle expertly a double assignment in the acting line as well as to contribute a bit of writing to the plot's composition. It will be remembered that it was from the bizarre imagination of Mr. Williams that the horror piece "Night Must Fall" came, in which play he also created the diabolically fascinating role of "Danny," the hat box boy. American audiences may remember the actor's work in "The Citadel" and he is soon to make another appearance on the States' screens in the forthcoming thriller and chiller, "Jamaica Inn." The only other actor with a familiar look is Hugh Williams, as the Scotland Yard representative, who contributed a memorable bit as the weak willed brother of the heroine, "Cathy" in "Wuthering Heights."

Two sequences stand out as highlights for interest tension reaction. The first one shows the murder of the dowdy school matron who is on her way to Paris to claim her lottery winnings. The playing of this portion will recall the killing of "Mrs. Branson" from "Night Must Fall." The other section, which has been preceded by two other deaths, comes when the heroine realizes that her cousin is the murderer, his facial reactions done with hypnotic close-ups, the attempt to murder the girl and the suicide of the killer. This particular piece of business is done with a bit of broken glass and made entirely convincing by the expression and the gestures of Mr. Williams.

The picture is a trifle vague as to the psychological explanation for the "Dr. Jekyll-Mr. Hyde" personality of the school master. As is explained by the character's mother he suffers the fate of being a frustrated actor. If such a reaction is true, the possibilities of inhibited murderous mimes are frightening.

Frontier Marshal

(20th Century-Fox)
Tombstone, Ariz., 1878

This is a film for the "Stagecoach" and "Dodge City" trade, a roaring melodrama with guns blazing lethally from start to finish and the story of Tombstone, Arizona, in its untempered youth, told in terms of a personal story well worth the telling. Brought to screen without benefit of bombastic ballyhoo, it stacks up with anything in kind recently released.

Produced on the Sol Wurtzel side of the Twentieth Century-Fox schedule, "Frontier Marshal" is not to be confused with what has been loosely defined as "B product." Whether or not it went into the hopper so tagged, it came out pure "A." Where historical westerns have been known to spin the turnstyle it commands top billing. It has what slangsters call *sock*.

Randolph Scott, Cesar Romero, John Carradine, Nancy Kelly, Binnie Barnes and Eddie Foy, Jr., who plays his late father, are money names for the marquee. Of Scott it can be promised that his best performance is to be seen here. Romero also hits a new high and Miss Barnes finally gets a chance to really turn on her talent. Carradine is less long but no less potently before the camera and Miss Kelly lives up to her press as the good girl in love with the bad man with a heart of gold. Foy seems to get a kick out of portraying his father in his prime and gives the audience one.

Allan Dwan's direction is as swift and sure as the heroic sheriff's six-gun, which is lightning. The screen play by Sam Hellman, from a book by Stuart N. Lake, furnishes plenty of the right kind of dialogue to keep situations clear but not enough to impede traffic, which flowed swiftly in those parts in those days. What executive producer Wurtzel furnished in the way of staging and production generally is all that could have been asked for if the film had been planned for transcontinental prerelease screenings with all the trimmings.

So few westerns have stories that stand on their own feet, your reporter declines to deprive you of the satisfaction of learning at first hand from your screen what this one is about. It is none of those plots you've been seeing week after week since Tom Mix played them in two reels each, but it has as much shootin', killin' and so on as your hardiest customer is justified in demanding.

"Frontier Marshall" may or may not be the likeliest title that could have been given a picture that does for Tombstone what "Dodge City" did for that place, but it's quite clear that "Tombstone" wouldn't quite do for the electrics. That it is a telling of the story of that city, is however, a point for showmen to register with their customers.

SHORT SUBJECTS

Joy Scouts
(MGM)
Our Gang

This round of kiddie cutups finds the Gang combination angling to ape the expert and almost professional efficiency of some of their senior pals, a troop of Boy Scouts. Deciding to be on their own, the lads embark on a camping trip and, of course, as a consequence run into all sorts of difficulties that belie the optimistic note implied in the short's title. There is the trouble of making the fire. The securing and the preparation of the camp grub provide additional difficulties. The final bit of woe that breaks the juvenile campers' determination to rough it is when their camp, which unknowingly is placed over an energetic caldron of a geyser spring, is suddenly projected into mid air by a rush of water, carrying the surprised and frightened children with it. A safe but hardly fortuitous landing is made in a patch of poison ivy. The juvenile element, especially the members of the local Scout bands, will especially relish the fun depicted and the adult members of the audience, particularly the ladies, will enjoy the cooking sequences.—Running time, 10 minutes.

Colorful Curacao
(MGM)
FitzPatrick Travel Talk

By this time, a great portion of fortunate exhibitors has come to know the superior grade of worth and entertainment to be found in the screening of a number from FitzPatrick travel talk series. This present jaunt by way of a scenic and color wise camera has its stopoff at the picturesque insular possession of the Dutch West Indies. Picturesque shots of the country's population, architecture of patently Dutch style, and general mode of living and business are vividly presented for the audience's inspection. The inclusion of the subject in the list of items for any program should afford all round audience and showman satisfaction.—Running time, nine minutes.

Yip-Yip-Yippy
(Paramount)
Fleischer Cartoon

With "Yip-Yip-Yippy" Max Fleischer introduces an entirely new character, a little horse called Vanilla. As in the case of other cartoon characters Vanilla is a most unusual animal. Here he enters the field by coming to the rescue of a soda jerker, a drugstore cowboy, who draws the wrath of the county's most dreaded "bad man." Vanilla's repertoire includes skill with six-guns and other western standbys. Running time, seven minutes.

Unusual Occupations, L8-6
(Paramount)
Interesting, as Usual

Some more interesting and, perhaps, inspiring illustrations on how to earn one's daily bread. Although two of the examples may be open to questioning on the grounds that Fritz Leiber, actor, makes a hobby rather than an occupation of his work in sculpture and that the middle west doctor is still a regular country medico except that instead of the horse and buggy he uses an aeroplane for long distance traveling, the other jobs depicted are along the out-of-the-ordinary ways of human work. There is the man who creates a living by the manufacture of giant balloons for street parades. An armless Mexican basket weaver—and the outstanding model of human ingenuity and perseverance in the lineup—produces through a tedious but skillful procedure some striking instances of his art. A young man from South Africa does beautiful and accurate needlework portraits of historical personages, while an enterprising Hawaiian lad has made for himself a job of being a toenail polisher along the beach of Waikiki. Color adds to tthe general effect of the subject's novelty.—Running time, 10 minutes.

Dog Daze
(MGM)
Our Gang

How the Gang extricates itself from their financial difficulties and the threats of a juvenile money lender through the ruse of corraling the locality's canine pets is the sum and substance of this moppet tale. Butch, the pint sized mobster, demands the payment of the enormous sum of thirty-seven cents, which the child Shylock had farmed out to the kids for the treatment of a wounded lost dog. The hound it seems belongs to the neighborhood cop and he rewards the youngsters for their good work with the gift of a dollar. However, this munificence soon disappears down the hungry throat of a goat. Being the precocious young ones that they are, the Gang figure out the business plan that if they received one dollar for one dog they should be able to make a tidy sum for themselves by the collection of many canines. But, the various owners of the pets do not see eye to eye with the kidde line of logic and gang up on them. The arrival of the friendly cop prevents the children from being carted off to the local hoosegow as petnappers. The finale finds them wiser individuals and thus hangs the tale of "Dog Daze."—Running time, 11 minutes.

Going Places, No. 65
(Universal)
The Windward Islands

Grenada, St. Vincent and St. Lucia, the Windward Islands in the Caribbean Sea, are the locale for Universal's latest in the Going Places series. Resplendent in natural beauty the habits, occupations and pastimes of the natives are depicted. Each of the islands has its own individualities that makes each one interesting. Grenada is known for its many fine cocoa plantations and nutmeg exports. St. Vincent is a playground for the tourist with its scenery and old forts, while St. Lucia's natives are known as master ship-builders, for which they have been trained since childhood. This subject is one of the more interesting of the series.—Running time, 9 minutes.

Popular Science, No. 6
(Paramount)
New Methods

The ever interesting Popular Science series in this subject covers a variety of new scientific methods and the latest in gadgetry. Photographed in color the issue shows how the United States Coast Guard makes use of new devices in saving lives at sea, how polaroid, the glare eliminating material, contributes toward the reduction of highway accidents; new gadgets for beach use, a revolving hot dog broiler, a catapult casting device for beach fishing and the removal of a steel splinter from an eye by means of an improved electro-magnet. Running time, 11 minutes.

PROFITS FOR WARNER, CONSOLIDATED; U. S. REPORTS SHARP DROP IN TAXES

$2,912,186 Net for Warners for 39 Weeks, $3,282,765 for Previous Period; $356,117 for Yates' Firm

Warner Brothers Pictures and subsidiary companies report for the thirty-nine weeks ending May 27, 1939, a net operating profit of $2,912,186, after deducting all charges including amortization and depreciation and Federal income taxes, as compared with a net operating profit of $3,282,765.03 reported for the corresponding period the previous year.

Equal to 70 Cents a Share

The past 39 weeks' earnings were equal after allowing for dividend requirements for 39 weeks on 103,107 shares of $3.85 preferred stock (on which unpaid dividend accumulations to and including June 1, 1939, amounted to $2,877,974 or $27.91 a share), to 70 cents a share on 3,701,090 shares (par $5) of common stock, excluding 100,254 shares held by company.

This compares with 80 cents a share on common for the 39 weeks ended May 28, 1938, on that period's $3,282,765 net.

For the 13 weeks ended May 27, last, net profit was $1,246,297 equal after preferred dividend requirements, to 31 cents a share on common. This compares with $458,147 or nine cents a share on common for the 13 weeks ended May 28, 1938, and $1,562,085 or 39 cents a common share for the 13 weeks ended February 25, 1939.

The profit from operations for the 39 weeks ending May 27, 1939 before charges for amortization and depreciation of properties, and Federal income taxes, was $8,137,766.86.

The gross income, after eliminating intercompany transactions, for the 39 weeks ending May 27, 1939 was $78,387,001.12. The comparable gross income for the 39 weeks ending May 28, 1938, adjusted to include two companies not then consolidated, was $79,475,899.43.

During the period there was a net credit of $324,858.24 made directly to earned surplus.

Current assets as of May 27, 1939, including $5,994,146 cash, amounted to $28,063,938 and current liabilities were $24,727,236. This compares with cash of $3,850,844, current assets of $27,927,788 and current liabilities of $18,540,966 on May 28, 1938.

Revenue Bureau Admission Tax Receipts Drop $114,000 in Month; Year's Totals

A sharp slackening of business in the amusement field, including motion pictures, brought June collections of the Federal admission tax down to $1,491,260 from $1,605,988 in May, according to figures made public last Saturday by the U. S. Internal Revenue Bureau in Washington.

The June decline was in contrast to the experience of previous years for June, when collections increased, as in 1938 when they ran from $1,394,659 in May to $1,624,453 in June, and in 1937 when they jumped from $1,537,119 in May to $1,874,775 in June.

For the fiscal year ended June 30th last, the Bureau reported, admission tax collections totaled $19,470,801, a decline of $1,329,978 from the $20,800,779 collected in the fiscal year 1938, due to the fact that in ten of the twelve months receipts were under those of the corresponding period of the previous year.

Collections for the fiscal year by months, were shown by the Bureau as follows:

Month	1938-1939	1937-1938	Month	1938-1939	1937-1938
July	$1,618,813.00	$1,633,088.05	January	$1,564,134.28	$1,353,415.63
August	1,425,062.88	1,599,242.24	February	1,503,127.31	1,659,640.83
September	1,668,827.04	1,722,468.14	March	1,606,996.13	1,773,075.47
October	1,596,367.00	1,966,617.57	April	1,384,721.72	1,541,517.87
November	1,985,127.78	2,242,573.72	May	1,605,987.70	1,394,659.49
December	2,020,376.64	2,290,027.37	June	1,491,260.37	1,624,453.11

Collections for the first six months of the current year, it was shown, were relatively better than those of the last six months of 1938, when compared with corresponding periods of the preceding year. During the last half of 1938, receipts were $10,314,574, or approximately $1,140,000 under the $11,454,017 collected in the last six months of 1937, while during the first half of 1939 they totaled $9,156,227, or only about $190,500 under the $9,436,762 of the same period last year.

In the Third New York (Broadway) District, which accounts for approximately one-third of the total admission tax revenue, collections in June were $457,258, nearly $35,000 under the May total of $492,012 but some $33,000 above the June, 1938, figure of $424,171, the bureau reported.

The greater part of the loss from May to June was in box-office collections, which declined from $425,376 to $393,376, but losses also were shown in receipts from tickets sold by brokers, from $15,578 to $12,079; permanent use or lease of boxes and seats, from $1,857 to nothing, and admissions to roof gardens and cabarets, from $46,512 to $42,668. Gains were reported on collections from tickets sold by proprietors in excess of the established price, from $161 to $3,375, and free or reduced rate admissions, from $2,528 to $5,760.

Consolidated Reports Profit of $356,117

Report of Consolidated Film Industries, headed by Herbert J. Yates, for six months ended June 30, 1939, shows net profit of $356,117 after depreciation and federal income taxes, equal to 89 cents a share on 400,000 shares of $2 preferred stock. This compares with $317,442, or 79 cents a share, on preferred in first half of 1938.

For the quarter ended June 30, 1939, indicated net profit (based on a comparison of company's

RKO DIRECTORS ELECT OFFICERS IN ANTICIPATION OF REORGANIZATION

Board of Present Company Acts for First Time Since 1933; Schaefer President, Financial Interests Represented

Anticipating the Radio-Keith-Orpheum Corporation's early emergence from reorganization proceedings, which were begun in 1934, and its re-establishment as an independent business organization, out of the hands of trustees and court, with new capital interests and renewed earning power, the corporation's board of directors met on Wednesday, at three o'clock in the afternoon, at corporate headquarters in Rockefeller Center, New York, for the first time since it entered receivership in 1933.

Eleven Elected

As one of the first steps toward final accomplishment of these aims, 11 of the 13 members of the new board that is to take over direction of the company upon consummation of its court-approved reorganization plan recently affirmed by the U. S. Circuit Court of Appeals in New York were elected to the present company's board.

Those elected were:

Ned E. Depinet, vice-president of RKO Radio Pictures, Inc.

Thomas P. Durell, associated with White Weld and Company.

Frederick L. Ehrman, associated with Lehman Brothers.

L. Lawrence Green, lawyer.

Conde Nast, president and chairman of the board, Conde Nast Publications, Inc.

John E. Parsons, lawyer.

Richard C. Patterson, Jr., former Assistant Secretary of Commerce.

N. Peter Rathvon, president of Rathvon and Company.

George J. Schaefer, Keith-Albee-Orpheum Corporation, B. F. Keith Corporation and RKO Radio Pictures, Inc.

W. G. Van Schmus, managing director of Radio City Music Hall and president of Radio City Music Hall Corporation.

Raymond Bill, publisher.

James G. Harbord, chairman of the board, Radio Corporation of America, and Lunsford P. Yandell, executive, Radio Corporation of America, are members of the present company's board and will carry over as the other two members of the new 13-member board.

Schaefer Is President

George J. Schaefer, who has been president of RKO Radio Pictures, Inc., and other RKO subsidiaries, was elected president of Radio-Keith-Orpheum Corporation, and Richard C. Patterson, Jr., was elected chairman of the board. Mr. Schaefer left for Hollywood on Thursday and will be at the company's studios for several weeks.

The meeting and election were held pursuant to instructions obtained from the District Court of the United States for the Southern District of New York on petition by the Irving Trust Company, Trustee for RKO. This action will enable the men who are to have the responsibility for the affairs of the new corporation, under the reorganization plan, to meet informally for consultation with the RKO management and the Trustee.

"During recent months, RKO's earning power has been steadily increasing under the direction of George J. Schaefer, who has been president of RKO Radio Pictures, Inc., since October, 1938," said the company's statement.

RKO went into receivership early in 1933 and into reorganization proceedings under Section 77B of the U. S. Bankruptcy Act the following year. The Irving Trust Company was at first receiver and, later, trustee, taking over the responsibilities which normally would rest on RKO's board of directors. In January of this year, a plan of reorganization put forward by the Atlas Corporation of Floyd Odlum was approved by the court. Under this plan, all of the fixed indebtedness of RKO was taken care of by the creation in its place of two new classes of stock: a six per cent cumulative convertible preferred stock, callable at $105 and a common stock.

Several new interests have developed in the RKO picture during its period of reorganization proceedings. In 1935, the Atlas Corporation acquired one-half of the holdings of the Radio Corporation of America, which gave to Atlas approximately 42 per cent of the old RKO debentures and 24 per cent of the old common stock. Atlas bought an additional one-twelfth of RCA's remaining holdings in January, 1938. Rockefeller Center, Inc., held a claim against RKO which resulted in the allowance to it of 415,000 shares of the new common stock under the reorganization plan. Time, Inc., acquired certain six per cent RKO notes formerly held by the Pathe Film Corporation and will receive therefore, under the reorganization, a substantial block of new securities. The Radio Corporation of America retains approximately one-half of its former substantial holdings.

Meanwhile, it was made known this week that Federal Judge William Bondy will announce on July 31st, his decision on the underwriting plans for the new company. Judge Bondy has been sitting on most of the reorganization proceed-

On last Thursday, Hamilton C. Rickaby, attorney for the Atlas Corporation, which is backing the new plan, submitted the proposed incorporation of the new company to the judge. Included were copies of the proposed certificate of incorporation, the new stock certificates, the new scrip certificates, the subscription warrants, and the new by-laws.

The underwriting agreement calls for $1,500,000 of new common stock, to be offered to creditors at a price per share to be approved by the court. The sale of this stock will provide additional working capital.

It was said this week that the name of the corporation, Radio-Keith-Orpheum, will not be changed.

Expected to be filed this week in Wilmington, Delaware, was the certificate of incorporation. Prentice Hall, Inc., will be the RKO resident agent in Dover, same state; and the RKO offices in that city are to be at 317-325 South State Street.

The corporation, for incorporating purposes, is expected to issue 100 shares of preferred stock, and 900 of common. These securities will be registered with the New York Stock Exchange.

Colonel Hamilton C. Rickaby, attorney for Atlas, said this week that the new organization would be virtually in effect within the month, but that actually, all details will not be consummated until November.

On July 18th, the United States Circuit Court

ARBITRATION PROCEEDINGS, AWARDS, COSTS, END CODE DE-CODING SERIES

Nizer Completes Analysis of Code with De-coding of Final Three Clauses, Which Include Basic Arbitration Rules

by LOUIS NIZER

In concluding his analysis of the majors' new trade practice code and the arbitration agreement which is a part of the code, Louis Nizer in this last installment, de-codes for exhibitors the remainder of Clause IX: "Arbitration Proceedings," which was started last week. The remainder follows:

Clause IX—Part Two Arbitration Proceedings

(3) *Notification of Arbitrators.* If any party requests a Special Arbitration Board, the Secretary shall immediately notify the arbitrators who have been designated.

Failure to Designate Arbitrator. If any party shall not designate an arbitrator when he is required to do so, the Chairman of the Permanent Arbitration Board shall designate an arbitrator for such party from one of the arbitrator panels.

Notice to Permanent Arbitration Board. If no party requests a Special Arbitration Board, the Secretary shall promptly notify the Chairman of the Permanent Arbitration Board presiding at the time the complaint is filed. The Permanent Arbitration Board as constituted at such time of filing, shall hear and determine the dispute.

(4) *Disqualification of Arbitrator.* No arbitrator shall act in any dispute in which he has, directly or indirectly a personal or financial interest, unless such disqualification has been waived by all parties.

Clearance Disputes. In a clearance dispute submitted to a Special Arbitration Board, the arbitrator designated by the distributors shall not be disqualified because of his personal or financial interest in any distributor unless that distributor is affiliated with an exhibitor which is a party to the dispute.

(5) *Hearing and Notice.* The Chairman of the Arbitration Board shall

(a) Arrange for a prompt hearing.

(b) Give reasonable notice to the other arbitrators.

(c) Give reasonable notice to the parties of the time and place of the hearing and of the personnel of the Arbitration Board.

(d) In an overbuying dispute, the Chairman shall give similar notice to all distributors who have contracts with the party complained against.

Place of Hearing. Hearings shall be held in cities (31 are named in Article I of the Rules of Arbitration) in which the Exchanges are located from which the complaining exhibitor is served. If the complaint is filed by a distributor, it shall be held in the city in which the Exchange is located from which the exhibitor complained against is served.

Representation of Parties. The parties may represent themselves or be represented by others at all hearings. They have the right to examine or cross examine all witnesses.

Testimony Under Oath. Witnesses shall testify under oath.

Production of Records. The Arbitration Board may require any party to a dispute to produce at the hearings any records or documents considered by it to be material.

Rules of Evidence. The Arbitration Board shall be the judge of the relevancy and materiality of the testimony or evidence offered. Legal rules of evidence shall not be applied. The Board may inquire into the good faith of any claim or defense.

Stenographic Record. Stenographic records will not be made unless one or more parties request them and provide funds therefor. In such a case, the stenographer shall be designated or approved by the Arbitration Board.

(6) *Waiver of Oral Hearing.* The parties to a dispute may, by written agreement filed with the Secretary, waive oral hearings.

Written Claim. Where the oral hearings have been waived, the complaining party must file with the secretary, a sworn statement of his claim supported by material and relevant evidence and by written argument, together with copies for each of the parties complained against. The evidence may include excerpts or statements from books of account or other records and documents.

Sending Claim to Defendants. Where the oral hearings have been waived, the Secretary must send personally or by registered mail, a copy of the sworn complaint to each party complained against.

Answering Written Complaint. Each party complained against may file an answer within seven days after receipt of the claim. The answer must be sworn to and similarly supported by evidence. Copies must be supplied for each other party to the dispute. The Secretary shall deliver such answers personally or by registered mail, to the other parties in the dispute.

Filing Reply. Wherever an answer is made, the other party may, within five days after receipt of such answer, file with the Secretary, a sworn reply statement, similarly supported by evidence. Copies must be supplied for the other parties.

Submission of case. The entire record shall be submitted by the Secretary to the Arbitration Board as follows:

(a) If an answer has been served, the record shall be submitted at the end of five days.

(b) If no answer has been served, the record shall be submitted at the end of the seven days permitted for answer.

Clause X—Awards

Award in Favor of Complaining Party. An award in favor of the complaining party shall contain

(a) Statement of the claim decided, and

(b) The procedure if any is necessary to be followed in carrying out the award.

Award Against Complaining Party. An award against the complaining party shall dismiss the claim for lack of merit.

Assessment of Costs. Each award of a Special Arbitration Board (as distinguished from the Permanent Arbitration Board) shall include an assessment of costs of the Board.

Clause XI—Local Rules and Regulations

The Permanent Arbitration Board may establish such rules and regulations as are considered necessary or proper to facilitate the arbitration of disputes. Such rules, however, may not

(a) Be inconsistent with the Rules of Arbitration or the Trade Practice Code, and

(b) May not enlarge the additional powers upon any Arbitration Board.

Preferences. The Permanent Arbitration Board shall establish a special class of disputes which require prompt decision.

Clause XII—Cost of Arbitration

Permanent Arbitration Board. The Permanent Arbitration Board shall not assess costs in any arbitration.

Special Arbitration Board. The Special Arbitration Board shall assess as costs only the fees of the arbitrator or arbitrators. Such costs may be assessed against one or more of the parties in such proportion as is considered just.

Filing Fees. The $5 filing fee shall be applied toward the payment of expenses of arbitrations in the Exchange territory where collected.

If Filing Fees Insufficient. If the filing fees collected are insufficient to pay the expenses of the arbitrations, the distributors, affiliated exhibitors and organized exhibitor groups who are entitled to participate in the appointment of the panel of neutral arbitrators for such territory, shall provide the necessary funds.

Apportioning Contributions. If the distributors, affiliated exhibitors and organized exhibitor groups are unable to agree upon a fair apportionment of the expenses, such apportionment shall be made by a Special Arbitration Board. In that case, however, the distributors and affiliated exhibitors shall be considered one party and the organized exhibitor groups shall be considered the other party.

DE-CODING THE CODE

"De-coding the Code"—the majors' new trade practice program for self-regulating distribution-exhibition—as analyzed by Louis Nizer, motion picture lawyer in New York, continues with a study of additional clauses of the arbitration agreement which is an integral part of the code.

The first installment of this series, appearing on page 31, June 24th, interpreted Clauses I and II, covering exclusion privileges, cancellation and trade announcement.

The second of the series, on page 30, July 1st, covered the six clauses from public demand for exceptional feature to score charges.

Six more clauses were covered on page 30, July 8th, including allocation, contract form, selective contracts, order of release, coercing contracts and other subjects of arbitration.

The three final clauses of the code proper were covered on page 32, July 15th, and the first three articles of the rules of arbitration were analyzed.

In the fifth installment, appearing on page 64 of the July 22nd issue, six more clauses of the arbitration agreement were covered, as follows: Special Arbitration Boards, Parties to Disputes, Jurisdiction of Parties and Choice of Permanent or Special Boards, Oaths of Arbitrators, and the first half of the clause on Arbitration Proceedings.

In the sixth and final installment, appearing herewith, the remainder of the Arbitration Proceedings is analyzed, also the clauses on Awards, Local Rules and Regulations, and Cost of Arbitration.

Chance Games Return in N. Y., Lose Elsewhere

New York City theatres are starting to reinstate chance games after License Commissioner Paul Moss had said that he would take no action for their elimination until the end of the summer, while Rochester Allied members have agreed to discontinue all games. In Wisconsin, games were dealt another blow as Circuit Judge Jesse Earle labelled "Shekels," a game, another lottery; as were others in the state. In Chicago, Balaban and Katz stopped running the radio show, "Dr. I.Q." after the office of the City Corporation Counsel called it a game of chance. Bank Night was held to be a violation of the State Lottery Law by Rhode Island Superior Court Judge G. Frederick Frost, in the state's first judicial ruling on the matter.

Moss To Study Games

Commissioner Moss, although taking no action on the elimination of games in New York at present, will keep careful watch on the situation in the midtown area, where games were taken out of film houses on July 3d. Further conferences in the Fall, according to the Commissioner, will be based on the experience of the midtown houses.

Games and premiums have been reinstated in approximately 25 houses of the Century Circuit in Brooklyn and Queens, after a three week period in which they were suspended "pending clarification of the legal situation."

The Rochester, New York, unit of Allied States has adopted a resolution agreeing to discontinue all games, premiums and giveaways. A $1,000 bond to fulfill this agreement will be put up by each independent theatre owner. A similar pledge will be sought from Schine Enterprise Theatres, and local RKO and Loew houses.

Judge Earle's decision in Wisconsin, which outlawed "Shekels" as a lottery, came after action had been started against the State, Rex and Majestic Theatres in Beloit, by District Attorney John Matheson. A recent State Supreme Court decision had labeled Bank Night a lottery.

In Milwaukee, Circuit Judge Gustave Gehrz has issued an injunction barring Bingo at the Midsummer Festival operated by the city. Milwaukee County exhibitors feel the decision a victory in preventing Bingo games sponsored by fraternal and religious organizations, and the like.

Ruled a Lottery

Treasure Chest, a game operated by the Kenosha Theatre, in Kenosha, Wisconsin, has been called a lottery by Attorney General John Martin; while the Elkhorn, Wisconsin, City Council has adopted an ordinance barring all types of gambling and lottery games, and specifically naming Bank Night.

Balaban and Katz has announced that it would cease running the National Broadcasting Company's radio show, ."Dr I. Q.," in its Chicago Theatre, in view of the opinion set forth by the office of the City Corporation Counsel's office that the program is a game of chance.

The attorney for Andrew Attenweiler in his suit against Troy Amusement Co., at Troy, Ohio, charging violation of the Ohio lottery law in operation of Bank Night at the Mayflower, has filed demurrer to the petition and a motion to dissolve temporary injunction granted by Common Pleas Court restraining further issuance of search warrants to seize Bank Night equipment as evidence.

Dismissal of injunction is based on grounds that state officers cannot be enjoined in a court of equity when acting under a valid statute; that Troy Amusement Co. did not question the right of the Justice in its petition to issue the warrant; that the company did not raise the question of the constitutionality of the statute under which the warrant was issued; that the claim the company has no recourse for damages is not ground for an injunction as the action is a criminal one, and that the injunction is against public policy.

In a decision handed down by Judge G. Frederick Frost, Bank Night was held to be a violation of the state lottery law by the Superior Court in Rhode Island. The court found the Big Chief Corporation guilty of lottery law violation in operation of Bank Night in June, 1938. The decision was the state's first judicial ruling on the matter.

According to District Attorney James R. Bain, Bank Night is invalid in Portland, the ban being in line with a recent Supreme Court decision denying the petition for rehearing in the test case brought by Carl McFadden, theatre operator. The decision covers Bank Night, Cash Night, Gift Night and similar projects.

HUTCHINSON MARKS 20TH ANNIVERSARY

Walter Hutchinson, Twentieth Century-Fox foreign head, this week observed his 20th anniversary with the company. He joined Fox Film July 19, 1919, after having served at General Headquarters, Chaumont, France, in the World War.

His first position was salesman in the Canadian territory. Soon after, he was made home office representative and branch manager for Canada and then became assistant foreign manager at the home office. In 1921 he went to Australia as home office representative and opened company offices in Tasmania, the Dutch East Indies, Singapore, Bangkok, Manila, Hong Kong, Shanghai and Japan.

In 1925 he was made managing director for Great Britain, and in 1933 he became European general manager. He was assigned his present post as director of foreign distribution by Sidney R. Kent, president, in December, 1935.

Grainger Returns After Visiting Branch Offices

J. R. Grainger, president of Republic Pictures .Corporation, returned Wednesday to New York after visiting and conferring with all branch managers in the southern division at Atlanta last week. Mr. Grainger also talked with franchise holders Wm. B. Underwood and Claude Exell of Dallas, Sol Davis of Oklahoma City and B. F. Busby of Little Rock.

Republic held a cocktail party in honor of their singing cowboy star, Gene Autry, at the Warwick Hotel in New York last week. Gene, accompanied by H. J. Yates of Republic, sailed Wednesday for England where he will make a personal appearance tour.

Alfred A. McCausland has been named vice-president of Famous Productions by Harry Edington. The company will release through Universal.

of Appeals unanimously upheld Judge Bondy's affirmation of the much amended RKO plan of reorganization. This plan, put forth by the Atlas Corporation in 1938, was attacked many times in the long court procedure, by attorneys of minority stockholders, who, when Judge Bondy finally approved the plan in the beginning of this year, appealed to the Circuit Court.

The amended plan does not interfere with first lien claims amounting to only $50,000, but offers debenture holders with $12,500,000 in securities preferred cumulative dividend stock for their principal, with the choice of preferred or common stock, with interest to the date of reorganization.

It also offers general creditors, with claims amounting to $12,000,000, and common stockholders, the common stock in the reorganized corporation for their claims.

When the decision of the Circuit Court of Appeals was handed down, attorneys for the minority stockholders declared they would take their cases to the United States Supreme Court, claiming they had been deprived of constitutional rights; however, Colonel Rickaby emphasized that the consummation of the plan would proceed, regardless.

The appellants were H. Cassell and Company, Copia Realty Corporation and Fabian Operating Corporation, and Ernest W. Stirn.

Annual reports of Atlas and RCA in March revealed the investments of these two companies in the RKO company as $6,614,434 for RCA; $3,884,014 for Atlas.

The RCA investments were represented by 55,254 shares of common stock and $4,485,550 of ten-year debentures.

The Atlas holdings, at the time, were $2,169,850 of six per cent debentures with a value of $1,594,840 at December 31, 1938; $135,776 of six per cent debentures with a market value of $99,795; 310,412 shares of common stock, with a market value of $41,325.

six months period) was $138,384, equal to 34 cents a share on preferred, comparing with $159,761, or 40 cents a share, on preferred in June quarter of previous year and $217,733, equal to 3 cents a share on 524,973 common shares, after preferred dividend requirements for quarter ended March 31, 1939.

With respect to the company's investment in Republic Pictures Corporation, Mr. Yates, stated:

"The management feels that the prestige of Republic Pictures with the public, theatre owners and the industry in general, both in this country and abroad, has been further enhanced during the first half of 1939 and with the elaborate program now scheduled for the 1939-40 season embracing several major productions it believes marked progress will be made throughout the current season."

Holds Monogram Stock

Thomas P. Loach, New York, who joined the directorate of Monogram Pictures June 27th, held 400 shares of that company's common stock and 6,173 options for common at the time of his election, it was reported Monday by the Security and Exchange Commission.

GOLDWYN ON DUALS AND U. S. "SALZBURGS"

Producer Arrives in New York with Plans and Statements; His Film and Others Shown

First showing to the public of Jascha Heifetz' first public screen appearance, in Samuel Goldwyn's "They Shall Have Music," at the Rivoli on Broadway, Tuesday evening, brought Mr. Goldwyn to New York for the occasion, and on his arrival he announced a "Salzburg" music festival for "every hamlet in the U. S." On his way east, at Chicago, and later, Mr. Goldwyn expressed himself on many other subjects, principally his continued distaste for the policy of double bills.

Benefit Premiere

The premiere of the Heifetz film was held for the joint benefit of the Greenwich House Music School and the High School of Music and Art. Among those invited were: Mrs. Franklin D. Roosevelt, Mr. and Mrs. Roy W. Howard, Mr. and Mrs. Arthur Hays Sulzberger, Mr. and Mrs. Herbert Bayard Swope, Mr. Edward G. Robinson, Miss Lucy Monroe, Dr. Allan R. Dafoe, Mr. Ogden Reid, Commissioner and Mrs. Paul Moss, Miss Fannie Hurst, Miss Lillian Hellman, Mr. Paul Althouse, Miss Erika Mann, Miss Marion Cooley, Mr. and Mrs. William Rhinelander Stewart, Mr. and Mrs. William Averill Harriman, Mr. and Mrs. Charles S. Payson, Mr. and Mrs. Robert Lehman, Mr. and Mrs. William Paley, Mr. and Mrs. Irving Berlin, Mr. and Mrs. Max D. Steuer, Mr. and Mrs. William Randolph Hearst, Jr., Mr. and Mrs. Henry Root Stern, Mr. and Mrs. William T. Dewart, Jr., Mrs. Herbert L. Satterlee, Mr. and Mrs. Paul D. Cravath, Mr. and Mrs. Gerard Swope, Mr. George Gordon Battle, Mr. and Mrs. Benjamin Harrison, Mrs. H. F. Ittleson, Mr. George Abbott, and Mr. Joseph Schenck.

Fifty children, all prize students at the Federal Music Centers, were guests at the premiere.

The children were selected from the following Centers of the Federal Music Project: Van Wyck Church Branch, Trinity Parish House Branch, Union Settlement Branch, University Settlement Branch, Central Manhattan Branch, and Council House Branch.

The committee sponsoring the Benefit was composed of Mayor LaGuardia, Mrs. Vincent Astor, Mrs. Mary Simkhovich, chairman of Greenwich House; Mrs. Henry Root Stern, chairman of the Greenwich House Music Committee; and License Commissioner Paul Moss.

A special program of Heifetz recordings was broadcast on the RCA Victor program on Monday and Wednesday mornings over station WEAF as a tribute to the violinist's debut in films.

Mr. Goldwyn's plans for "a Salzburg for every hamlet" were made on his arrival in New York for the opening of his new picture. He has tentatively selected "The Great Music Festival" as the title for a forthcoming production in which, he said, would be marshaled the great musical talents of Europe and America, and explained that the idea for such a film was given impetus by the playing of Heifetz in "They Shall Have Music."

"Due to the reactions to the previews of the Heifetz picture I know that great music now has a definite commercial as well as artistic place on the screen," said Mr. Goldwyn, "and I intend to bring some of the great artists of Europe, particularly those who have no place now in which to express themselves, to Hollywood. There I will put them in a picture with outstanding American artists so that the picture as a whole will be a contribution to the musical history of our time.

"Combined with the artists, I intend to use an orchestra of 100 children, chosen for their ability from the musical centers of the world. I am now negotiating with Mr. Deems Taylor to assist me in selecting the artists and the personnel of the orchestra. We will invite Arturo Toscanini to direct the festival.

"'The Great Music Festival' will utilize a story to bring these artists into the most impressive pageant of musical art and entertainment that the world has seen since the Salzburg days."

The producer added that work may not be started on the picture for another year. In the meantime, his studio is busy preparing for production of "Raffles" and a film based on the life of Hans Christian Andersen, he said.

Mr. Goldwyn resolutely refused to discuss his releasing plans for these pictures, asserting that the subject of his association with United Artists following delivery of "The Real Glory," with Gary Cooper, is "in the courts and will be decided there."

He was accompanied here by his wife and son, and said the only reasons for the trip were his interest in the opening of "They Shall Have Music" at the Rivoli tonight and his son's wish to see the World's Fair and a few major league baseball games.

Queried Sunday while passing through Chicago, Goldwyn declined to say whether he would confer with President Roosevelt.

In Chicago, Mr. Goldwyn said he would urge Governor Horner's signature on the bill now before him limiting film shows to two hours and 15 minutes, as sponsored by Representative Sandquist, who claims that independent exhibitors and Parent Teachers asked that he enter the bill.

Local film men believe that the Governor plans to let the bill become law without his signature. Meanwhile, exhibitors in Milwaukee are expected to ask the Common Council for an ordinance limiting the length of programs to about two and a half hours.

MOVIETONE SEEKING ELLIOTT ROOSEVELT

Truman Talley, general manager of Movietone News, is negotiating with Elliott Roosevelt, head of the Texas State Radio Network, to join the newsreel as a commentator. Mr. Roosevelt recently became a commentator for a sponsored series over the Mutual network and previous to that was a commentator over his own network system in Texas. His brother, James, eldest son of the President, is vice-president of Samuel Goldwyn, Inc., under a new five-year contract.

Warners Plan Trade Showings of New Films

Warner Brothers will hold a series of trade showings in the 32 key cities early in September, in order to give exhibitors a sample of forthcoming product. The films slated for these showings are "The Old Maid," "The Roaring Twenties," "A Child Is Born," "The Lady and the Knight," "Dust Be My Destiny," and "Gantry the Great."

Gantry, the blind jumping horse which will appear in "Gantry the Great," will make an exhibition tour of approximately 80 cities during September and October for charity.

According to figures received by the company's foreign department, "Juarez" has set a new record for a Warner picture playing Latin America, having been played in 4,700 theatres in that territory. "The Adventures of Robin Hood" was shown by approximately 4,200 houses in the Latin American territory during a comparative period.

"Each Dawn I Die," it has been announced, which opened to record business at the New York Strand last Friday, is topping everything since the Warner house inaugurated its stage show policy.

"Livingstone" Set For Pre-release

The first public showing of "Stanley and Livingstone," Twentieth Century-Fox picture which has been two years in production, at the Roxy theatre in New York on August 4 will be followed by special pre-release engagements in key cities throughout the country, it has been announced. The first two of these engagements are scheduled for August 10 at the Palace theatre in Washington, D. C., and at the Keith's Memorial theatre in Boston. These will be followed on August 11 with showings at the Albee theatre in Cincinnati; Chicago theatre, Chicago; Circle theatre, Indianapolis, and Hippodrome, Cleveland. Other pre-release dates will include Los Angeles and San Francisco as well as other key centers to be announced later.

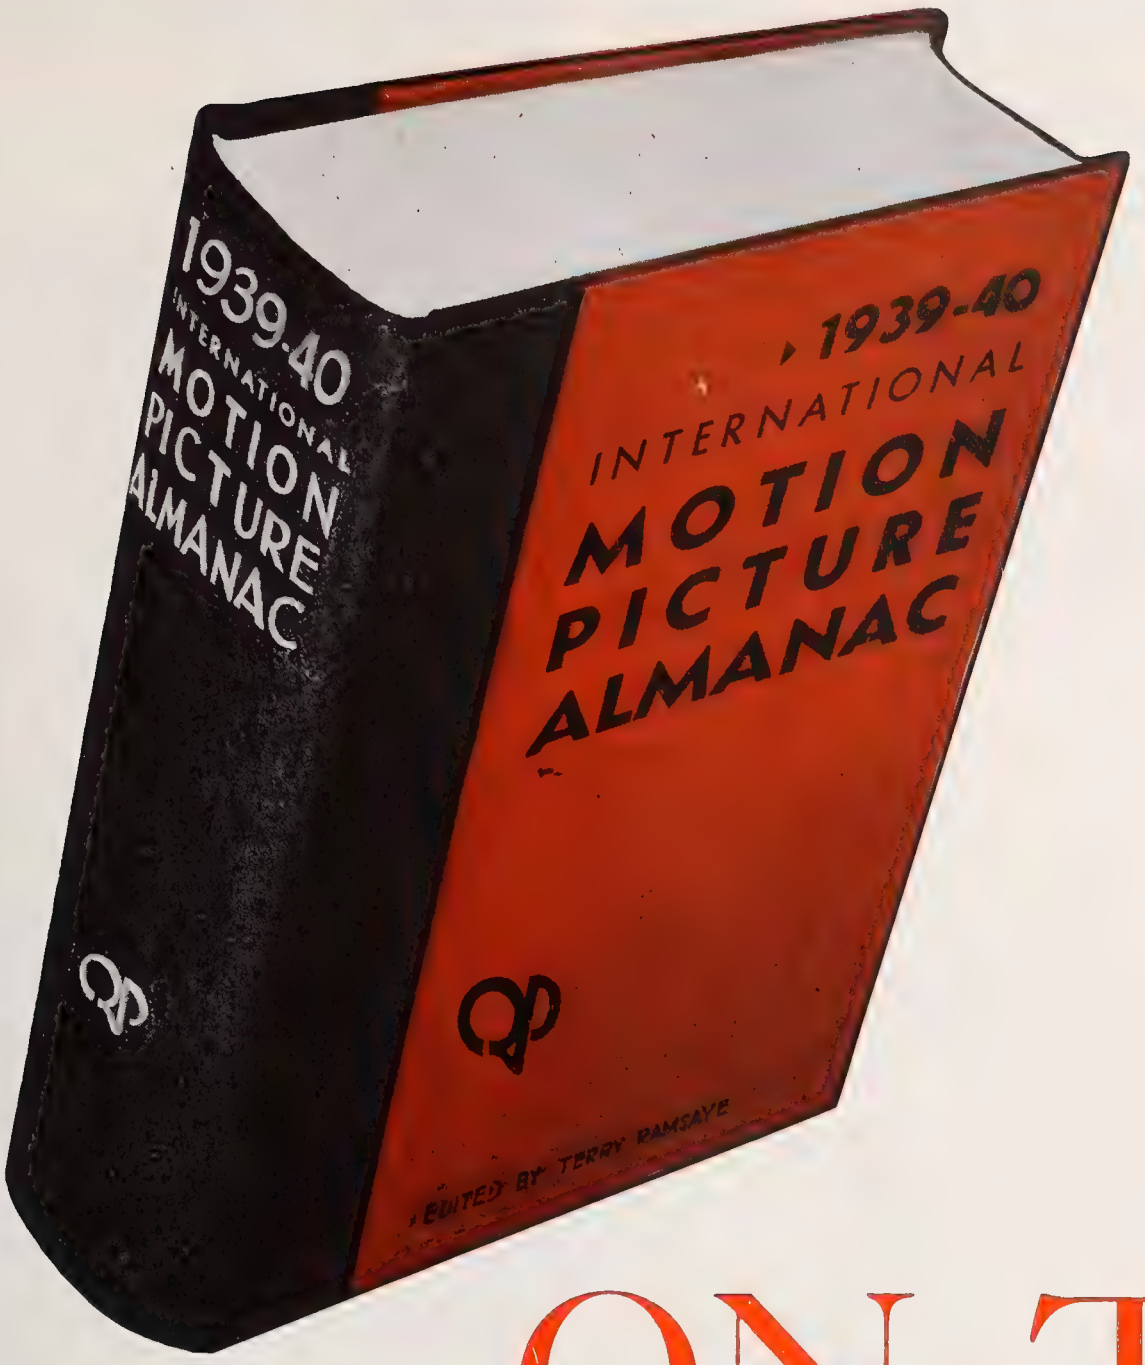
Paramount's Plans for Arkansas Opening

The premiere of Paramount's "Our Leading Citizen," starring Bob Burns, which will be shown in four Van Buren, Arkansas, theatres, on August 7th, will be broadcast over a 44 station, coast to coast Columbia Broadcasting System network. Mr. Burns, a native of Van Buren; Irvin S. Cobb, author of the story, Susan Hayward and Joseph Allen, Jr., who play the romantic leads in the film, will be among those on the broadcast.

Governor Carl Bailey of Arkansas and other state and civic officials have been invited to join in the celebration.

Last Friday Burns was host at a luncheon honoring Governor Lloyd C. Stark of Missouri, who made the actor an honorary citizen of the state.

Previewed last Thursday night in the National Archives Building in Washington before Government officials, press representatives and exhibitors was Paramount's "Beau Geste." On Thursday, also, the third in a series of special screenings of the film was held in Philadelphia. Having had a trade screening in Albany and Boston, the picture will be shown in all key cities shortly, it is announced.



Fall Trial Set For Plagiarism Suit

Federal Judge John Knox has set down for trial on November 6th the plagiarism suit of Mort Eisman, Clar Dellar and Robert Louis Shayon against Samuel Goldwyn, Inc., Eddie Cantor and United Artists Corporation. The suit, for $1,000,000 damages, claims plagiarism of the play, "Oh, Shah," in the film "Roman Scandals."

The U. S. Circuit Court recently reversed a dismissal of the suit and ordered a new trial.

LET US LIVE: Henry Fonda, Maureen O'Sullivan, Ralph Bellamy—A powerful drama with a good ending and was very well liked here. Running time, 69 minutes. Played June 28-29.—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

MISSING DAUGHTERS: Richard Arlen, Rochelle Hudson, Marian Marsh—Here's a good little programmer that will please all the way. Enjoyed by all and a get 'em title.—W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

ONLY ANGELS HAVE WINGS: Cary Grant, Jean Arthur, Thomas Mitchell, Richard Barthelmess—Entertaining. We done nothing with it. Some walked out. Running time, 119 minutes.—W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

STRANGE CASE OF DR. MEADE: Jack Holt, Beverly Roberts, Noah Beery, Jr.—Played this on Sunday but it would have been most suitable on a Saturday. Was a good picture which seemed to pleased an ordinary attendance. Running time, 67 minutes. Played July 9-10.—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

WESTERN CARAVANS: Charles Starrett, Iris Meredith, Sons of the Pioneers—One of the best westerns Columbia has given us this season with plenty of music from the Sons of the Pioneers. This alone made it good audience appeal. A good picture. Running time, 58 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

First National

BLACKWELL'S ISLAND: John Garfield, Rosemary Lane, Dick Purcell, Stanley Fields—Expected a much better picture. The story was most improbable and neither Garfield or Lane had outstanding parts. Stanley Fields just about stole the picture. Running time, 71 minutes. Played July 7-8.—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

CONFESSIONS OF A NAZI SPY: Edward G. Robinson, Francis Lederer, Paul Lukas—Here is a big disappointment at the box office. It even fell flatter than tissue paper. I guess people aren't interested after so much newspaper publicity on the subject. It just won't click. But Warners have had so many good ones. Guess they all can't be A-1. Running time, 104 minutes. Played June 29-30.—Mrs. W. A. Wight, Rex Theatre, Konawa, Okla. Small town patronage.

CONFESSIONS OF A NAZI SPY: Edward G. Robinson, Francis Lederer, Paul Lukas—Very outstanding! Had a powerful story and was exceptionally well played. These must be facts because there was no beating around the bush. Should be a strong appeal for Americanism. Running time, 102 minutes. Played July 4-5.—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

DARK VICTORY: Bette Davis, George Brent, Humphrey Bogart, Geraldine Fitzgerald—This is just up the exhibitor's alley. Drew them in and well enjoyed by all. Running time, 105 minutes. Played July 11-12.—A Goldson, Plaza Theatre, Chicago, Ill. General patronage.

GOING PLACES: Dick Powell, Anita Louise, Allen Jenkins—A knockout. Crammed with comedy, songs, action and what have you. Pleased young folks more than old. Running time, 84 minutes. Played June 15-16.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

KID FROM KOKOMO, THE: Pat O'Brien, Wayne Morris, Joan Blondell, May Robson—Fine picture and good business. This picture has plenty of action. May Robson stole the picture as the drunken old dip. Will please all. Running time, 90 minutes. Played July 14-15.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

Metro-Goldwyn-Mayer

ADVENTURES OF HUCKLEBERRY FINN, THE: Mickey Rooney, Walter Connolly, Rex Ingram, Lynne Carver—A very good picture. Mickey Rooney always pleases. This one stuck to the book. Business very good. Played July 9-10.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.

BRIDAL SUITE: Annabella, Robert Young, Walter Connolly—I believe Metro allocates this as a class B picture. I would call it z for zero. A foreign locale never goes over here and no box office names made this one of the poorest shows of the year from the box office standpoint and that is what counts. I would suggest that Annabella let Tyrone do the acting for the family. Running time, 70 minutes. Played June 30-July 2.—Gladys E. McArdle, Owl Theatre, Lebanon, Kansas. Small town patronage.

BRIDAL SUITE: Annabella, Walter Connolly, Robert Young—Leave this "swishy swashy" thing in the exchange. Poor picture, poor business, poor box office, poor me! Played June 18-19.—Mrs. W. A. Wight, Rex Theatre, Konawa, Okla. Small town patronage.

BROADWAY SERENADE: Jeanette MacDonald, Lew Ayres, Ian Hunter, Frank Morgan—This is far below "par" for Jeanette MacDonald and Metro just did not click. Probably this was made while the director's back was turned. Running time, 113 minutes. Played July 14-15.—A. Goldson, Plaza Theatre, Chicago, Ill. General patronage.

CALLING DR. KILDARE: Lew Ayres, Lionel Barrymore, Lana Turner—A very entertaining picture but, why, oh, why not give Lana Turner bigger parts. Keep it up, Leo. You have a winner. Running time, 86 minutes. Played June 20.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

CALLING DR. KILDARE: Lionel Barrymore, Lew Ayres, Emma Dunn, Samuel S. Hinds, Alma Kruger, Lana Turner, Nat Pendleton, Marie Blake—The second of this excellent series did not disappoint us. A grand cast with Lionel Barrymore as usual dominating the picture while Lew Ayres, Samuel S. Hinds, Emma Dunn, Alma Kruger and Lana Turner make a fine supporting cast with Nat Pendleton and Marie Blake furnishing the comedy and what a team they make. An excellent feature. Running time, 86 minutes. Played July 8-10.—Gladys E. McArdle, Owl Theatre, Lebanon, Kansas. Small town patronage.

CALLING DR. KILDARE: Lionel Barrymore, Lew Ayres, Laraine Day—Not so good as the first but still nothing to be sneezed at. Miss Day is really a find and is excellent as was she in "Sergeant Madden." A good picture that should draw them in but not an extended run nor did we feel it worth Sunday opening. Running time, 86 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

HONOLULU: Eleanor Powell, Robert Young, George Burns and Gracie Allen—Music and dancing was swell. The story was rotten. Box office worse. Played June 25-26.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.

IT'S A WONDERFUL WORLD: Claudette Colbert, James Stewart—Here is a picture that will please in any town. It is fast, furious and funny. We did an average business but it is certainly not the fault of the picture! It had the "It Happened One Night" flavor and never a dull moment! Play it by all means. —Mrs. W. A. Wight, Rex Theatre, Konawa, Okla. Small town patronage.

KID FROM TEXAS, THE: Dennis O'Keefe, Florence Rice—Here was a nice little program picture which did extra business for us on Saturday. Nothing extra big in box office but still a little increase. Was entertainment from the start. Running time, 71 minutes. Played June 30-July 1.—Horn and Moragn, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

LUCKY NIGHT: Robert Taylor, Myrna Loy—Seemed to please the majority. So I guess that's what they want. Personally, I thought it was silly. Running time, 81 minutes. Played July 13-14.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

MAISIE: Robert Young, Ann Sothern—We did above average "summer slump" business on this and it pleased 100 per cent. Ann Sothern is tough and rough but she has the heart of "our little Nell." Everyone enjoyed it so everyone was happy. Played June 25-26.—Mrs. W. A. Wight, Rex Theatre, Konawa, Okla. Small town patronage.

PARADISE FOR THREE: Robert Young, Florence Rice, Frank Morgan, Mary Astor, Edna May Oliver, Reginald Owen—A very fine comedy that didn't make film rental.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

6,000 ENEMIES: Walter Pidgeon, Rita Johnson—We ran this on Saturday much to our discomfort. It has plenty of action but not the type for Saturday business in a small town. Poorest business in many moons. Our Saturday crowd craves the outdoor "shoot 'em up" westerns. This picture would click on bargain night or a double bill. But I am inclined to believe people are getting tired of these "big house" and gangster films. Give us good clean fun and comedy and let our patrons laugh! Played June 24.—Mrs. W. A. Wight, Rex Theatre, Konawa, Okla. Small town patronage.

STAND UP AND FIGHT: Wallace Beery, Robert Taylor, Florence Rice, Helen Broderick, Barton MacLane—This picture drew very well in spite of a bad rain storm on Sunday night. A good show for any small town. Played June 18-19.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.

STRONGER THAN DESIRE: Virginia Bruce, Walter Pidgeon—This is a very smooth running and interesting picture that did above average business on Sunday. The story is a "run through the mill" affair but the acting is good and we heard favorable comments. Above average "B" picture that should please small town patrons. Running time, 87 minutes. Played July 9-10.—Mrs. W. A. Wight, Rex Theatre, Konawa, Okla. Small town patronage.

SWEETHEARTS: Jeanette MacDonald, Nelson Eddy, Florence Rice, Frank Morgan, Mischa Auer—Say there! Repeat this smash hit instead of playing any other new one. It means a lot more dollars in the B. O. and 100 per cent satisfied patrons. Playing two French pictures and two English pictures each week. Closed Sunday and Church holidays. I think I'm the only one doing this. Is it true?—U. S. Allaire, Victoria Theatre, Victoriaville, P.Q., Canada. General patronage.

TARZAN FINDS A SON: Johnny Weissmuller, Maureen O'Sullivan—Very good picture which did above average business. This picture should draw and please anywhere. Played July 10-11.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

Monogram

SALESLADY: Anne Nagel, Weldon Heyburn—Very good picture. Business only fair. Played on a dual bill.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

Paramount

BACK DOOR TO HEAVEN: Wallace Ford, Patricia Ellis—They had me looking for another picture to replace this as the reports were very bad. Ran it anyway and our audience seemed to enjoy it. Not good but not bad. Running time, 84 minutes. Played July 11-13.—A. Goldson, Plaza Theatre, Chicago, Ill. General patronage.

CAFE SOCIETY: Madeleine Carroll, Fred MacMurray, Shirley Ross—Pleased all who saw it. The name held it back. People here don't go for that society stuff. Madeleine is a beaut and can act too. Carroll and MacMurray make an excellent starring team. Running time, 76 minutes. Played June 27.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

DISBARRED: Gail Patrick, Otto Kruger, Robert

Preston—Just a run of the mill picture. Miss Patrick deserves better material than this. So does Preston. Running time, 60 minutes. Played June 14.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

GRACIE ALLEN MURDER CASE: Gracie Allen, Warren William, Kent Taylor, Ellen Drew—They laughed, they howled, they roared, they rolled in the aisle, they tore up ten rows of seats. If they love something completely crazy, tell 'em about this one. I suggest you run it as a midnite show. Running time, 80 minutes. Played June 24.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

GRACIE ALLEN MURDER CASE: Gracie Allen, Warren William, Kent Taylor, Ellen Drew—Fair picture, fair business. Neither picture nor business as good as I expected. Played July 9.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

HEART OF ARIZONA: William Boyd, Russell Hayden, George Hayes—Another good "Hoppy." He's tops in this town. Plenty action as always. "Lucky" and "Windy" blend together just like corn beef and cabbage. Viva Hopalong. Running time, 68 minutes. Played July 1.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

Republic

RHYTHM OF THE SADDLE: Gene Autry, Smiley Burnette, Peggy Moran—Better than average Autry. Maybe it was the songs or maybe the refreshing personality of Miss Moran. Republic, she deserves bigger and better parts. Give her a break and watch her go. Running time, 55 minutes. Played July 15.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

RKO Radio

KING KONG: (reissue) Robert Armstrong, Fay Wray, Bruce Cabot—Well received. Still a lot of thrills left. Business normal due to heat wave.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

STORY OF VERNON AND IRENE CASTLE, THE: Fred Astaire, Ginger Rogers, Walter Brennan, Edna Mae Oliver—The title seemed to keep them out. Too bad as the picture was enjoyed by those who attended. Running time, 93 minutes. Played July 14-15. —A. Goldson, Plaza Theatre, Chicago, Ill. General patronage.

Twentieth Century-Fox

DOWN ON THE FARM: Jed Prouty, Spring Byington, Louise Fazenda—The best Jones Family picture to date. Played July 5-6.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.

JESSE JAMES: Tyrone Power, Nancy Kelly, Henry Fonda, Randolph Scott—Business best in months. Definitely Class A production. Power and Fonda were excellent. Good enough for preferred time and extended runs in any town. Running time, 106 minutes. Played February 24-28.—Earl E. Bower, Orpheum Theatre, Connellsville, Penna. General patronage.

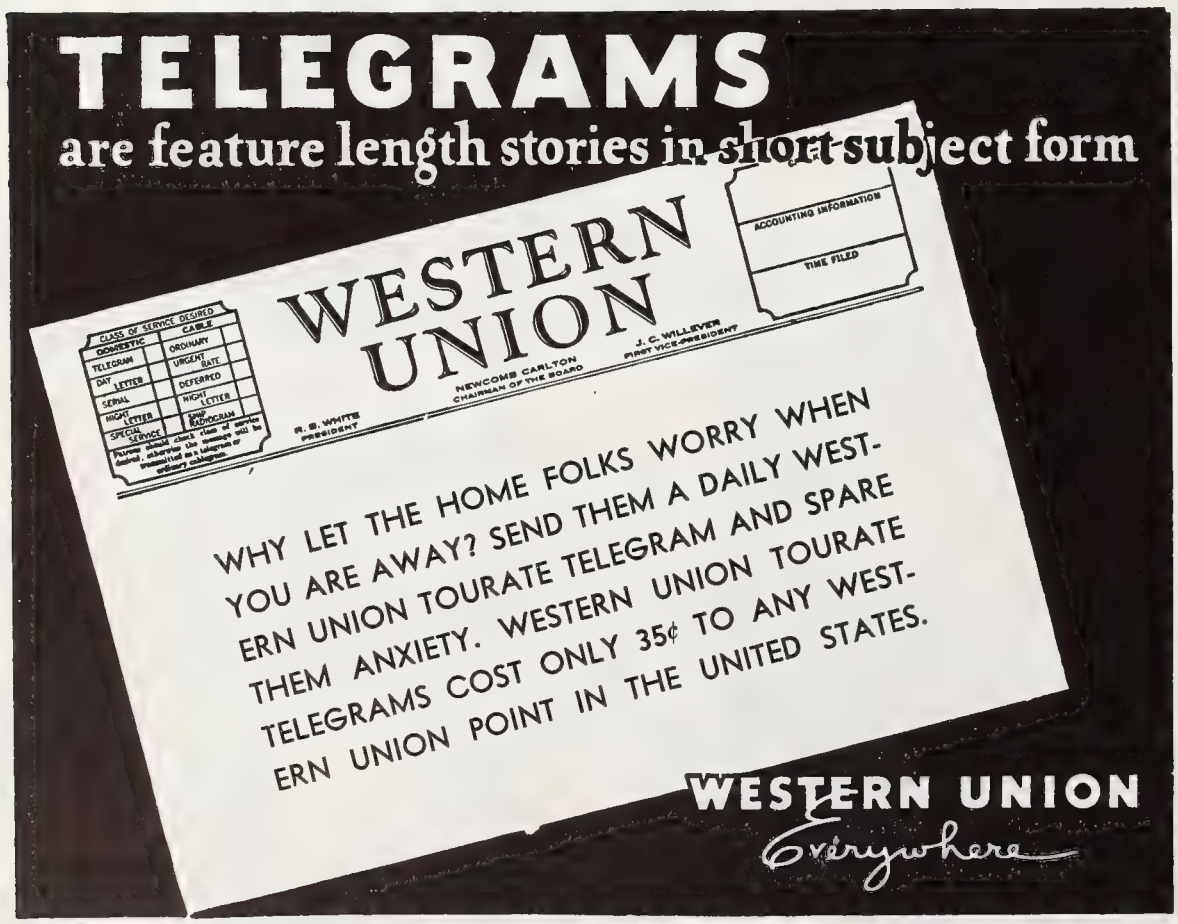
JESSE JAMES: Tyrone Power, Henry Fonda, Nancy Kelly, Randolph Scott—This picture is a money maker anywhere. Fonda did exceptionally well. If it weren't for Zanuck, there would be a lot more poor showmen. Played June 7-8.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.

JONES FAMILY IN HOLLYWOOD: Jed Prouty, Spring Byington—Best Jones Family picture we have ever had. Patrons enjoyed it very much and had plenty of laughs. Used it on a double bill mid-week to fair business. Running time, 62 minutes. Played June 7-8.—Earl F. Bower, Orpheum Theatre, Connellsville, Penna. General patronage.

KENTUCKY: Loretta Young, Richard Greene, Walter Brennan—A wonderful picture with beautiful scenery. Pleased everyone but business wasn't so good. Played June 14-15.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.

MR. MOTO IN DANGER ISLAND: Peter Lorre, Jean Hersholt, Amanda Duff—One of the best Motos. Entertaining and fast. Good second half. Enjoyed generally.—W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

MY LUCKY STAR: Sonja Henie, Richard Greene, Joan Davis, Cesar Romero, Bubby Ebsen—Did the Norweigians in this town go for this one. I wish they would make more pictures with Sonja. Played June 21-22.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.



RETURN OF THE CISCO KID, THE: Warner Baxter, Lynn Bari, Henry Hull, Cesar Romero—Good "B" product. Not extended runs. Entertains all the way. Running time, 70 minutes.—W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

STORY OF ALEXANDER GRAHAM BELL, THE: Don Ameche, Loretta Young, Henry Fonda, Young Sisters—Ameche and Young make a good team. Fonda as usual gave a good performance. Patrons enjoyed the picture. Comments were good. Running time, 97 minutes. Played May 6-9.—Earl F. Bower, Orpheum Theatre, Connellsville, Penna. General patronage.

STORY OF ALEXANDER GRAHAM BELL, THE: Don Ameche, Loretta Loung, Henry Fonda, Young Sisters—Swell picture which did the biggest flop at the box office of any big picture in months. We cannot understand it! Running time, 97 minutes. Played July 2-3.—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

SUSANNAH OF THE MOUNTIES: Shirley Temple, Randolph Scott, Margaret Lockwood—Not the best Temple but good and does business. Enjoyed generally and big enough for any spot. Extended runs.—W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

TAIL SPIN: Nancy Kelly, Alice Faye, Constance Bennett, Charles Farrell, Joan Davis—Pleased everybody. Little Nancy was the shining star. Seeing her is worth two bits of anybody's money. She is a coming winner of an "Oscar." Running time, 84 minutes. Played June 29-30.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

YOUNG MR. LINCOLN: Henry Fonda, Marjorie Weaver, Alice Brady, Arleen Whelan, Eddie Quillan—Business better than average. Fonda turns in another good performance. Some of the patrons remarked about Quillan, asking why they don't see more of him. First time we have had Quillan on our screen since "Mutiny on the Bounty." Here's hoping we see more of him soon. Running time, 104 minutes. Played June 30-July 3.—Earl F. Bower, Orpheum Theatre, Connellsville, Penna. General patronage.

United Artists

CAPTAIN FURY: Brian Aherne, Victor McLaglen, Paul Lukas, June Lang—They don't make any better action pictures than this one. The entire cast is excellent including lovely little June Lang. Running time, 91 minutes. Played June 8-9.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

Warner Brothers

DEVIL'S ISLAND: Boris Karloff, Nedda Harrigan —A dandy picture. Karloff drew very well. Played June 23-24.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.

FOUR DAUGHTERS: Lane Sisters, Gale Page, John Garfield, Jeffrey Lynn, Claude Rains, May Robson—This is a good one. It's not so much for box office but if you want a picture that will satisfy everyone grab it while there is still prints on it. Business fair. Played June 4-5.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.

HEART OF THE NORTH: Dick Foran, Gloria Dickson, Gale Page, Allen Jenkins, Patrick Knowles, Janet Chapman—Boy, did this bring them in. It just came a few dollars under "Jesse James." But the print was in terrible shape. The story itself was pretty weak. Played July 2-4.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.

JUAREZ: Paul Muni, Bette Davis, Brian Aherne, Claude Rains, John Garfield—Very good picture which did above average business. Being a historical drama, I did not expect much business in this small town but was pleasantly surprised. Running time, 127 minutes. Played July 12-13.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

JUAREZ: Paul Muni, Bette Davis, Brian Aherne, Claude Rains, John Garfield—An excellent picture that has everything it takes to make an outstanding production that hit a new low for us at the box office. The only comment we can give you is that it is, if your situation is an average small town community, definitely not a small town production. Skip it. Running time, 127 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

NANCY DREW, TROUBLE SHOOTER: Bonita Granville, Frankie Thomas, John Litel—We ran this on bargain night to above average business. We have run all the "Nancy Drew" series and our patrons enjoy them. It drew better than "Confessions of a Nazi Spy" on a "2 for One" night and is my face red! It has plenty of comedy situations and lots of laughs. In fact these series are improving all along. Running time, 70 minutes. Played July 4-5.—Mrs. W. A. Wight, Rex Theatre, Konawa, Okla. Small town patronage.

NAUGHTY BUT NICE: Dick Powell, Gale Page, Ann Sheridan, Donald Reagan—I don't know what did it but we had better business on this picture than anything we have run in quite a spell. Picture is just average and impossible in spots. Guess the title did it. It sure took the kink out of our stooped shoulders. Played July 2-3.—Mrs. W. A. Wight, Rex Theatre, Konawa, Okla. Small town patronage.

OKLAHOMA KID, THE: James Cagney, Rosemary Lane, Humphrey Bogart—What more could you ask for? Cagney really plays his part. Let's have more like it. Running time, 80 minutes. Played June 13.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

THEY MADE ME A CRIMINAL: John Garfield, Ann Sheridan, Claude Rains, "Dead End Kids"—Just what the doctor ordered. Garfield is a sensation, the greatest discovery in a decade. Entire cast outstanding. Don't pass it up. Running time, 92 minutes. Played June 17.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

VALLEY OF THE GIANTS: Wayne Morris, Claire Trevor, Frank McHugh, Alan Hale, Charles Bickford—Brought this one back and did it go over. We had to put up our S.R.O. signs. Played June 11-12.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.

Short Features

Columbia

GOLF CHUMPS: Krazy Kat Cartoons—Very good. —Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

HOUSE THAT JACK BUILT, THE: Color Rhapsodies—Just fair.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

TWO CONTRIBUTORS JOIN DEPARTMENT

Two new contributors this week join the ranks of the exhibitors sending reports to the What the Picture Did for Me department. They are:

EARL F. BOWER, Orpheum Theatre, Connellsville, Pa.

EDWARD MALONE, JR., Cozy Theatre, Colfax, Wis.

Returning after an absence of some months is:

U. S. ALLAIRE, Victoria Theatre, Victoriaville, P. Q., Canada.

Read these exhibitors' reports in these columns.

LUCKY PIGS: Color Rhapsodies—Just a fair cartoon. O.K. for a fill in. Running time, seven minutes.—A Goldson, Plaza Theatre, Chicago, Ill. General patronage.

NAVY CHAMPIONS: Special Sport Thrills—Very good. Worth playing.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

PEST FROM THE WEST: Buster Keaton—Here is a comedy that is a comedy. Why not give us more of this type. Has anything skinned a mile that Columbia has made this season. Just a knockout that had them in stitches the entire performance. Excellent. Running time, 18 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

VIOLENT IS THE WORD FOR CURLY: Three Stooges—Excellent for our farm lads.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

Metro-Goldwyn-Mayer

ANGEL OF MERCY: Passing Parade, No. 5—Entertaining one reeler dealing with birth of the Red Cross.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

ART GALLERY: Cartoons—Very good cartoon in color.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

COUSIN WILBUR: Our Gang—Very good comedy.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

HAPPILY BURIED: Musical Comedies—Average two reel musical.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

LITTLE GOLDFISH, THE: Cartoons—A crackerjack cartoon. A bit different and enjoyed by all. Running time, eight minutes.—A. Goldson, Plaza Theatre, Chicago, Ill. General patronage.

MONEY TO LOAN: Crime Doesn't Pay Series—Another very good Crime Does Not Pay short. Running time, two reels.—Gladys E. McArdle, Owl Theatre, Lebanon, Kansas. Small town patronage.

SINGAPORE AND JAHORE: FitzPatrick Travel Talks—Very good with wonderful color. All FitzPatrick's work is tops. Running time, nine minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

YANKEE DOODLE GOES TO TOWN: Passing Parade, No. 6—Fair short but not quite so good as Metro thinks it is. Running time, one reel.—Gladys E. McArdle, Owl Theatre, Lebanon, Kansas. Small town patronage.

Paramount

DEATH VALLEY THRILLS: Grantland Rice Sportlights—Entertaining.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

REPUBLIC OF PANAMA: Color Cruises—Average travel talk in color.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

RKO Radio

DONALD'S BETTER SELF: Walt Disney Cartoons—Certainly was one grand little cartoon.—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

Twentieth Century-Fox

THEIR LAST BEAN: Terry-Toons—Only fair. Very few good cartoons from Terry-Toons. Running time, seven minutes.—A. Goldson, Plaza Theatre, Chicago, Ill. General patronage.

Universal

ONE ARMED BANDIT: Lantz Cartunes—Just a fair black and white cartoon. Nothing to write about. Running time, seven minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

WITH BEST DISHES: Mentone Musical Comedies—Just fair. Several of the acts have been seen here in other musicals and that does not help matters. Running time, 18 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

Vitaphone

BARS AND STRIPES FOREVER: Merrie Melodies—Good color cartoon.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

CHAINED: Floyd Gibbons' "Your True Adventure" Series—As usual this short has plenty of audience appeal. Very good. Running time, 11 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

DECLARATION OF INDEPENDENCE, THE: Historical Technicolor Featurettes—A very fine short and were we lucky to have it booked on July 4th. Had many fine comments on it.—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

HOME CHEAP HOME: Henry Armetta—Terrible! Where did anyone get the idea that this was a comedy?—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

National Decency Legion Classifies Seven Films

Of seven pictures reviewed this week by the National Legion of Decency, three were approved for general patronage, three were listed as unobjectionable for adults and one was condemned. The pictures and their classification follow.

Class A-1, Unobjectionable for General Patronage: "Andy Hardy Gets Spring Fever," "The Cowboy Quarterback," "Range War." Class A-2, Unobjectionable for adults: "Indianapolis Speedway," "Way Down South," "A Woman Is the Judge." Class C, Condemned: "Human Wreckage."

The listing of "Bachelor Mother" has been changed from A-1 to A-2, following receipt of additional reviews which changed the consensus of opinion on the rating, according to the Legion of Decency.

Suit Filed by Radtke

Radtke Patents Corporation this week filed a patent infringement suit in the United States district court in New York against Blue Seal Sound Devices, Inc., Motion Picture Camera Supply, Inc., Ernest St. George, Chester Tappan, and J. Burger Contner. The plaintiff claims infringement of a patent on a method of and means for optically reproducing sound, issued to Albert Radtke, in 1922. The complaint charges the defendants with making and dealing in 16 mm. sound projectors which, it is charged, infringe on the patent. An injunction, accounting of profits, and damages are asked.

Simplifies Corporate Structure

Columbia Pictures Corporation of California, Ltd., studio subsidiary, and Columbia Pictures Distributing, with Columbia Pictures Corporation, parent company, have been merged in Albany, N. Y. The mergers were undertaken to simplify the corporate structure. The legal work was handled by Schwartz and Frohlich, counsel for Columbia.

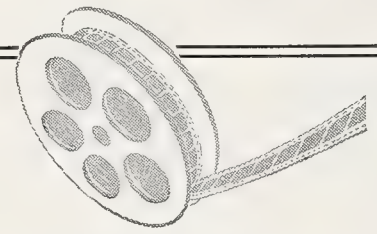
Judell Forms Distributing Unit



Producers Distributing Corporation has been formed to handle the distribution of Producers Pictures, the recently-formed producing company headed by Ben N. Judell, president, with its contributed product released through franchised exchanges in all parts of the country.

"Wanted for Murder" will be the first picture to be released by the new company and will have September 17th as its release date. Thereafter one feature a week will follow.

Harry Rathner will continue to act as eastern representative for Producers Pictures and in addition will function as eastern district manager for Producers Distributing.

Abe Fischer, former sales head for Gaumont-British in the middle west and before that with Metro-Goldwyn-Mayer, has been appointed general manager of Mr. Judell's exchanges in Chicago and the middle west

After long-distance telephone conversations with his affiliated exchanges, Mr. Judell says he will shortly issue a formal announcement as to the number, type and titles of the pictures which will comprise the 1939-1940 program to be distributed by his company. He has signed Bobby Clark, 13, "world's champion junior cowboy," to star in a series of eight western, the first to go into production August 14th. Clark, who is holder of junior trick riding and roping championships, has been starred in rodeos.

Golden Jubilee Boosted By Short Wave Broadcasts

The industry's Golden Jubilee, observance of which will start early in August, has been publicized over the Columbia Broadcasting System's short wave in six different languages. The broadcast was sponsored by the industry.

It is expected that theatre and film men will organize local committees to sponsor the event. The 300 newspaper and fan magazine writers in Hollywood are being given full information regarding the event.

Stockholders Actions Against Columbia Pictures Merged

An application by Columbia Pictures to consolidate the stockholders' suits of Benedetto LaPresti, Betty Davis and Samuel Shatse was granted last Friday by New York Supreme Court Justice Edward J. McGoldrick.

The suits charge payment of excessive salaries and bonuses, mismanagement and improper use of stock warrants, and seek the appointment of a receiver and an accounting by Columbia officials.

Joseph Burstyn, associated with Arthur Mayer in the importing and distribution of foreign films, arrived Wednesday from Europe after an eight week trip abroad buying product.

Dr. J. B. Fishman of Fishman Theatres, New Haven, has been reappointed honorary research fellow in physiological chemistry at the Yale Medical School for 1939-40.

MANAGERS' ROUND TABLE

An international association of showmen meeting weekly in MOTION PICTURE HERALD *for mutual aid and progress*

A-MIKE VOGEL, Chairman and Editor GERTRUDE MERRIAM, Associate Editor

AN OPEN LETTER

MR. JOHN COWLES, President,
The Star Company, Minneapolis, Minn.
Sir:

The writer calls your attention to the two items reproduced on this page, taken from the amusement page of the Minneapolis *Star*, issue of June 8th. One is an advance ad taken by the State Theatre to announce the motion picture, "Invitation to Happiness". The other, with a Hollywood dateline, is the head of a three-column story which has to do with criticism of various Hollywood stars—most importantly, Irene Dunne, star of the picture advertised immediately above.

Whether or not Miss Dunne is "chilly", as described, is beyond the point, as is the seeming lack of journalistic enterprise on the part of your Hollywood correspondent who picks up his material from a national magazine. Nor is there need to defend the star, who, according to those who should know, is cordial and helpful to all with whom she comes in contact.

Miss Dunne's role in the picture is entirely a sympathetic one. Her performance has been widely enjoyed, perhaps also in Minneapolis.

The questions raised are: Why should you allow this negative and hardly fair criticism to be published at all, and especially on the day before opening?

Should not the motion picture theatres of Minneapolis enjoy the same journalistic consideration given department stores, automobile agencies and other heavy advertisers?

A-Mike Vogel

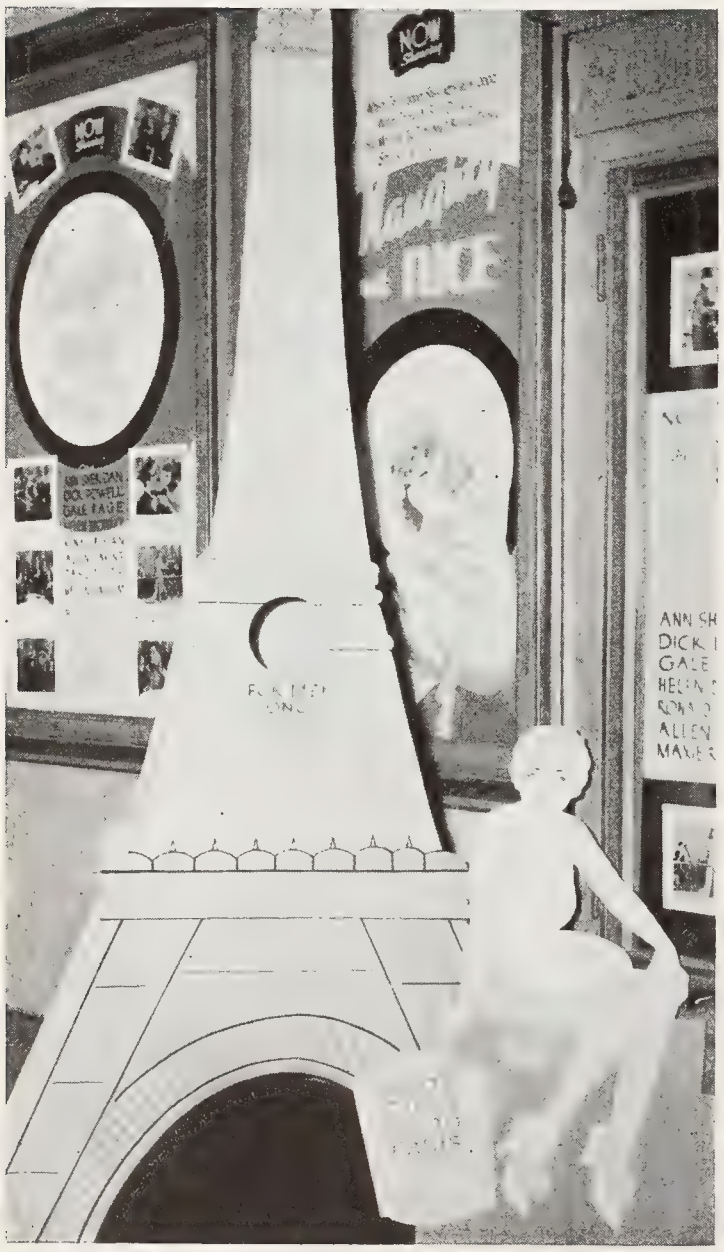
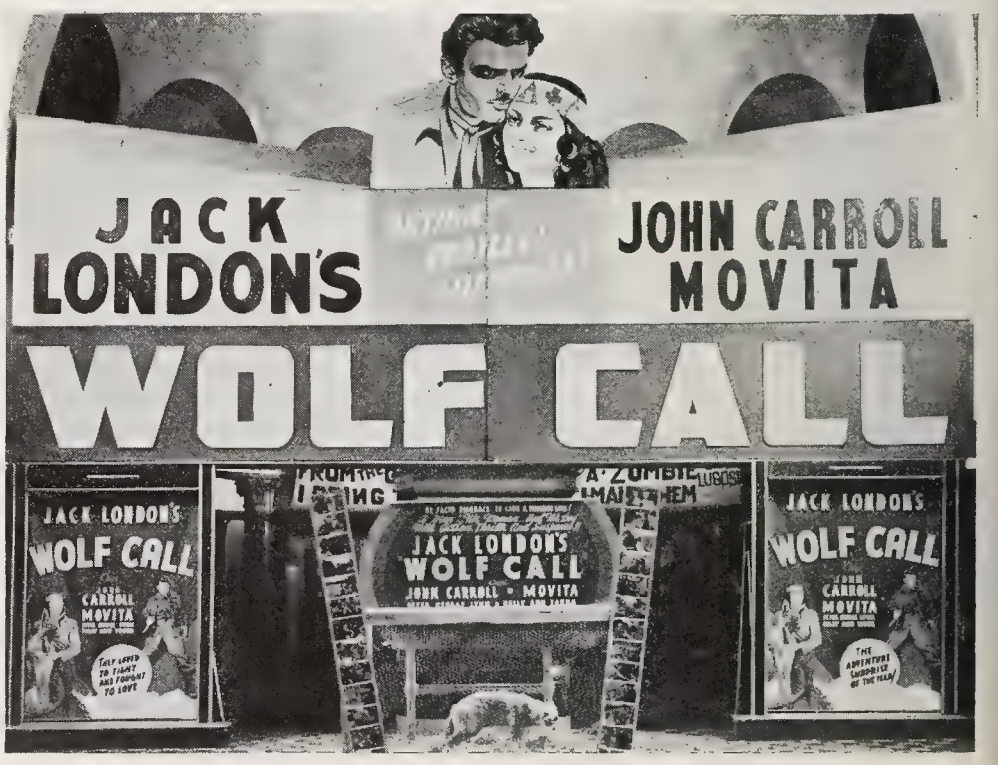
Sparks Fly as Two Reporters Let Their Hair Down

Round Table In Pictures

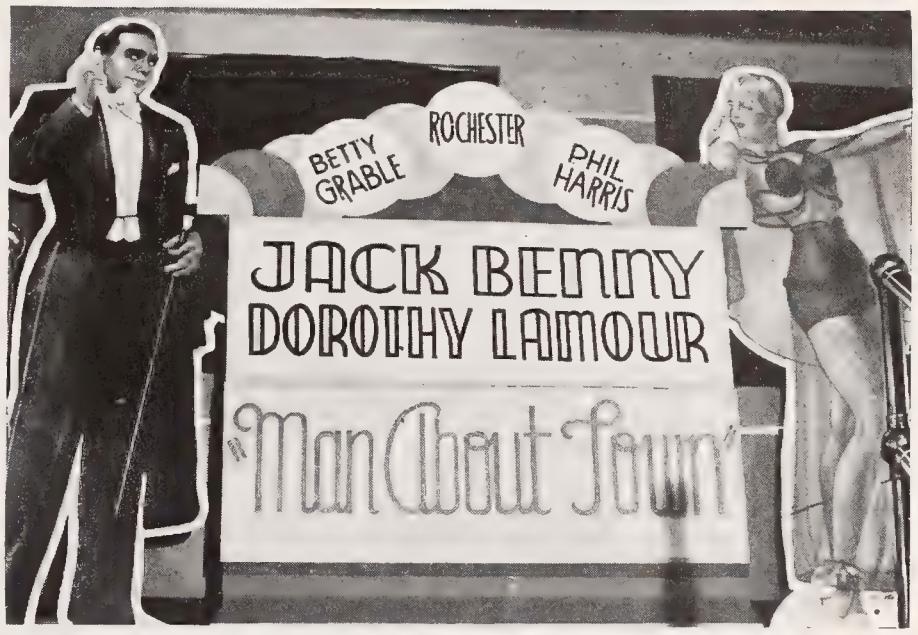




Illustrated at right is the eye-arresting lobby set-piece conceived and constructed for "The Kid from Kokomo" date at the Princess Theatre, in Shelbyville, Tenn., by Manager Joe Baily. Across the chest of Wayne Morris, depicted as he appeared in the film as the gullible fighter, were title cutout letters with star photos.

An attractive and colorful animated jungle scene was arranged for in the lobby of Loew's State, in Cleveland, by Publicist Milt Harris for "Tarzan Finds a Son". Set against a background of tropical foliage, papier-mache lion, tiger and elephant were planted, the latter providing animation by trunk, ears and head moving constantly. . . . Louie Charninsky at the Capitol, in Dallas, Texas, comes to the fore again with one of his typical fronts for "Wolf Call". Giant cutouts of Carroll and Movita were planted atop marquee; stuffed wolf in cage at boxoffice attracted plenty of attention.

Arranged by Manager Charlie Bierbauer and his assistant, Nick Todorov, at the W. & V. Colonial, in Allentown, Pa., was lobby setpiece of the Eiffel Tower created for an advance on "Good Girls Go to Paris". Provided with peephole marked "For Men Only", the curious on inspection were confronted with cutout of Joan Blondell.



Residents of Louisville were greeted one morning recently by Messrs. Chips, Chips and Chips in full graduate regalia escorting three attractive campus co-eds in shorts, all carrying back and chest banners as a visual bit of evidence for an advance on that picture. Stunt which provided much word-of-mouth comment was arranged for the date by Manager George Hunt at Loew's State.

Roy Moulton, managing director of the Hotel Piccadilly, welcomes Rodney Collier, Warners' Stanley, in Baltimore on his visit to New York. Collier's trip here was his Award for winning last year's July-August exploitation contest sponsored by Managers' Round Table. Unable to make use of his Award last year, Rodney took a raincheck on the prize and came up to do the Fair.

Three wise men covering the streets of Hamilton, Ont., Canada, and each carrying an imprinted umbrella drew attention for C. T. Spencer's advance bally on "Clouds Over Europe". Gag copy with playdates, etc., was featured on the trio's bumbershoots.

Attention attractor was the lobby setpiece constructed for the opening of "Man About Town" by Manager Paul Ketchum at Schine's State, in Hamilton, N. Y., featuring cutouts of Benny and one of the glamour girls. Title letters in flitter stood out in relief.

In advance of opening of "Young Mr. Lincoln" at the Paramount Theatre, in Anderson, Indiana, was street bally illustrated above and used by Round Tabler Harry Van Noy. Properly bannered with title and playdates, man rode nag about town heralding opening.

AWARDS JUDGES BESTOW SECOND QUARTER HONORS

Fifty-four Fortnight Winners in Second Quarterly Period Voted Added Distinctions by Majority Vote of Committee

by A-MIKE VOGEL

With the findings of the Judging Committee in the Second Quarter of the Quigley Awards, the important halfway mark in the 1939 Competitions is reached as the voting for the Quarter-Master Plaques, Medals and Citations is announced. Selected for these honors from among entrants who had earned Fortnight Appointments in the preliminary periods of the Second Quarter, 54 winners in all were designated by the judges: Arthur Mayer, of the New York Rialto Theatre, Oscar A. Doob, of Loew's Theatres, and Dan Michalove, of National Theatres.

Again three Quarter-Master Plaques and five Quarter-Master Medals were awarded as were Quarter-Master Citations, the detailed listing appearing elsewhere on this page. In addition, a Special Quarter-Master Silver Citation was voted to Harry Shaw, New England Loew's division.

No Repeaters for Plaques, Medals

That the race has tightened up considerably is indicated in the selections of the Plaque and Medal winners, none of those who scored similarly in the First Quarter repeating in the Second. However, a goodly number of these high scorers clicked for Second Quarter Citations and thus remain as strong contenders for the annual honors.

The judges' findings again emphasize that preference for the highest listings were given to those entrants who had scored more than one Fortnight Appointment during the two-week preliminary periods of the Quarter. It was felt that a winner of one Fortnight should be able to repeat since there were many opportunities to do so. In all cases, nevertheless, the greatest consideration was given to individual effort showing a greater degree of showmanship excellence. It may be observed that quite a few of the finalists had taken down from three to four Fortnight Appointments in the Quarter.

Third Quarter Important

The Awards now enter perhaps their most important Quarter, important to those who have already scored before and to those who have yet to hit for high honors. The race is still wide open for all. What entrants do from now on to the end of the Awards year will have much to do with the winners of the year's top prizes. It is again suggested that interested theatremen forward entries in as many of the two-week preliminary Fortnight periods as possible to insure top consideration from the Judging Committees.

A continued cross-section of showmanship displayed by winning entrants is offered in the promotions of Appointment winners in the last Fortnight of the Second Quarter which follow. Others were detailed in last week's issue.

Realizing the potentialities of "Invitation to Happiness" for woman appeal, Walter Van Camp and Don Alexander at the Paramount, in St. Paul, Minn., aimed their ad campaign mostly at female trade, plugging the romance and emotional drama, while for the men, they concentrated on the action element. Art in the ads got across the "happiness" implication with heads of Dunne, MacMurray, Ruggles and Billy Cook featured in layouts with each wearing a smile.

Special screening was held for women's clubs, business and professional women, sports editors, radio commentators, etc., at which comment cards were distributed. These later were used in ads on newspapers' amusement and society pages.

MORE "FORTNIGHTERS"

Harwell Ties "Juarez" Engagement To National Flag Week Observance

Playing "Juarez" during National Flag Week, Bill Harwell, at the Ohio, Canton, promoted Station WHBC for a 30-minute program. From the story synopsis, studio prepared a script for short dramatization of the picture, parts being played by members of the local Theatre Guild, which with an excellent musical background proved very effective. Also received by the theatreman and read by Harwell during the program was a wire from Major Albert Warner urging him to cooperate with the various civic committees, etc., toward making Flag Week the success it deserved.

Smith Ushers In "Honolulu" Date With Premiere and Dance Contest

A typical Hollywood premiere was accorded the opening of "Honolulu" at the Paramount in Hot Springs, Ark., through the efforts of Round Tabler W-Clyde Smith who staged a broadcast from his lobby opening night. As guests alighted from their cars they were introduced over the air, theatreman in addition reading congratulatory wires received for the occasion. Highlight of the campaign was a citywide "Honolulu" dance contest with finals held night before opening at local dance club, which paid all expenses in connection with the contest. Winner also attended the premiere and danced for the aggregation. Street serenade bally was arranged for with band playing and rotating at various cafes. Entire staff was dressed in Hawaiian costumes during run, theatre and front appropriately dressed for the occasion, heralds were distributed, window displays planted and cooperative ads secured.

Soriero Usherettes Cover City With Car Strips for "Susannah"

Blondes, brunettes and redhead usherettes dressed in attractive costumes covered various parking lots about city as part of Tom Soriero's advance on "Susannah of the Mounties" at the United Artists Theatre, in Los Angeles. Supplied with car bumper strips carrying copy "Warning, drive fast and see our jail, drive slow and see Susannah" etc., etc., girls pasted these on cars with Scotch cellulose tape. Wherever possible girls asked permission, however, if car owner was not in evidence, they went to it anyway since they were within the law.

"'True' or 'False'?" Asks Dowdle With "Nazi Spy" Shadow-Box

Built entirely from scrap material lying about the theatre, was the lie detector constructed by George A. Dowdle at the Luna, in Deming, New Mexico, for "Confessions of a Nazi Spy". The words "true" and "false" were shadow-box illuminated and both gag and serious questions were put to patrons seated in the detector. Through a clever conglomeration of wiring and contacts, different weights and seated postures would turn on either the "true" or "false" lights. Copy on panel read: "Lie detectors played an important part in uncovering information about Nazi spy activities in this country. Learn the truth about Nazi activities in our Free America."

Also secured by the theatreman was a double truck carrying merchants' endorsements of the picture. These were also made into herald form and distributed house-to-house within a radius of 50 miles.

Syracuse Men About Town Witness Lampe Beauty Contest

In conjunction with the largest department store in Syracuse, Gus Lampe engineered a bathing beauty contest on the stage of the Keith Theatre for "Man About Town." All prizes and corsages for the entire affair were promoted from the store and cooperating florist. Trailers were run on theatre screen for three weeks preceding the event, advising where to get the entry blanks, etc. Spot radio announcements were planted and department store featured the event storewide and in their advertising. Syracuse *Herald* used an eight column streamer across top of movie page with story and art on Dorothy Lamour, other papers came through with nice breaks and the RCA Victor Radio dealers broke with a full page tied to picture in the *Journal-American.*

Martin Ties Local Air Service To Banner Stunt for "Angels"

One of the outstanding stunts engaged in by Guy Martin to put over "Only Angels Have Wings" at the Colfax, in South Bend, Ind., was the tieup between the Indiana Air Service and the theatre whereby a huge title banner was towed by plane for two 45-minute periods opening day, covering entire city and surrounding towns. Theatre organist featured "And the Angels Sing" in his solos two weeks ahead, following which he announced opening of the picture. Excellent tieup was effected with the telephone company which has an alarm ring covering most of the outlying territory surrounding South Bend. Twice preceding the opening the operator gave the alarm and when all phones had responded, she made an announcement concerning the picture.

"SPOT YOUR PICTURE AND SEE THE SHOW"

New club inaugurated by Ted DeGrazia at the Lyric, in Bisbee, Ariz., is what he calls his Junior Screen Club which meets each Saturday. With a 35mm. camera at his disposal, Ted takes pictures of kids at random and projects 20 of these on his screen each week. If the child whose picture is flashed on the screen is in the theatre, he receives a pass. Showman reports cost of 100 feet of film which takes 1,600 pictures, at four dollars, cost of developing and printing another four dollars for the hundred feet of film, or a total of eight dollars for the whole stunt.

A woman patron is like a wife! She'll stand for anything except a humdrum life in your theatre. Any dumb cluck can win 'em once but it takes a guy with change of pace to keep 'em satisfied.

Schine Brothers Convention Marks Rise of Circuit to 150 Theatres

Growth of Operations Credited to Selection by Executives of Top Manpower

TO those who know, and they are many who claim to know, no small part in the progress of the Schine circuit is the recognition given by J. Myer Schine, president, and Louis W. Schine, vice-president, to the excellence of the organization's manpower in home office and field, and the cooperation of the personnel in building the circuit from one house to 150 in 20 years of operation.

Emphasized at the circuit's recent convention, in Gloversville, New York, was the smooth functioning of the operating departments, each headed by a leader carefully selected by the brothers and highly trained as an expert in his particular line.

Many executives in the home office and in the field, have grown up with the company, but the organization is essentially young in spirit and personnel. Department heads and theatre managers are mostly young men with a preponderance of college graduates. Each home office department functions independently, but all are tied together by weekly meetings of department heads at which time general problems are discussed and policies formulated.

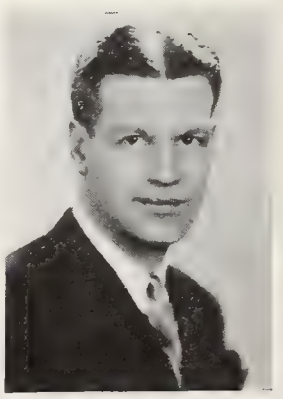
Typical of the Schine home office procedure, is their method of screening all features and shorts for the benefit of the operating, booking and publicity departments, with the heads and assistants of these departments present at the screenings. Immediately after each picture has been viewed, each person who has seen it, fills out a screening report that includes his opinion of the picture's boxoffice possibilities and playing time as well as his thoughts on the sales angles and exploitation possibilities. After the independent opinions are secured, a round table discussion is held by all concerned, and a complete plan of campaign is outlined.

Started Operations in 1918

The Schine brothers went to Gloversville in 1918 when they acquired the old Hippodrome which was an upstairs theatre. Formerly a roller skating rink, it had been converted into a theatre but had been unsuccessfully operated by a series of owners and managers. When they acquired the Hippodrome, it was one of three theatres operating in Gloversville. Within two years after taking over the Gloversville Hippodrome, the Schines acquired the two other Gloversville theatres and the new Glove which had been erected only three years before.

It was in Gloversville that the Schines first tested their theories. With these theatres as a nucleus, they put into actual practice the cardinal principles of giving the public the best and most in entertainment at reasonable prices and in comfortable and pleasant surroundings—ideals upon which they reasoned they could build the chain of theatres they have today and those they may operate in the future.

Keenly alive to the boxoffice possibilities of sustained showmanship, the Schines have always encouraged spirited exploitation in the field, evidences of which are indicated by the great number of the circuit's managers who are active members of the Round Table and frequent winners of Quigley Award honors.



Group insurance for employees, bonuses for managers, social organizations for the personnel have long been policies of the company.

THE SCHINE CIRCUIT "WHO'S WHO"

The Schine executive staff is headed by J. Myer Schine, who devotes the major part of his time to company policies, and Louis W. Schine, general manager in charge of theatre operations.

In addition to those brought into the expanding organization, there are many home office executives, managers and other employees with long records with the company. Pointed out is that the original home office staff of seven, 15 years ago, are still with the circuit in executive positions. It is also said that as theatres were acquired, managers and staffs usually have been retained under the new management.

▽

John A. May

While many of the department heads have grown with the company, the rapid expansion occasionally necessitated going outside of the company for executives. One of the first to affiliate himself with the Schines was John A. May, Comptroller of the company and in charge of its finances, in which he has displayed marked ability. He came with the Schines in 1925, having formerly been connected with the Federal Reserve Bank in New York City.

▽

Harold F. Sliter

Executive assistant to Louis W. Schine in charge of theatre operations, has been very instrumental in helping to build the Schine organization since he came with the company in 1933. He is well versed in the essentials of theatre operation, having been with Paramount-Publix and later executive assistant to Charles Cabellero with the Fox and Skouras organizations. With the acquisition of new theatres, he has personally inaugurated the Schine methods of operation and policies in the new territories.

▽

Gene Curtis

Heads the advertising and publicity department. He is a graduate of Stanford University and has a very successful background as a teacher of advertising and in commercial advertising, followed by an enviable record in theatre advertising and operation. In the Quigley Awards, Curtis has won many prizes. His capable staff furnishes the theatres with sales-campaign bulletins on all pictures and outstanding shorts, special activities, edits the weekly house organ, prepares special ad mats and trailers.

▽

Guy Selmser

In charge of construction and maintenance for the entire chain of theatres, is another of the early members of the Schine staff, having been with the company since 1923. He has gone through the training and routine of every department. Assisting Mr. Selmser, and in charge of purchasing is J. Dewey Lederer, a graduate of Yale School of Engineering, with commercial background as plant superintendent and purchasing agent.

CIRCUIT HOME OFFICE OCCUPIES HALF BLOCK

Headquarters of the Schine Theatres is the two-story Schine Building built especially for the purpose and occupying a half-block on the main street of Gloversville. Called complete in every detail, the building has private offices for all department heads, staff and general offices and board room.

Electric kitchen and lunchroom providing for regular meetings of department heads also are available for use of the "Schiners Club", social club of the home office staff which meets monthly in the club's recreation rooms in the building.

Louis Lazar

Well known for his fine record in theatre operation, affiliated himself with the Schines in 1935 to take command of the Ohio division office with supervision over Ohio and Kentucky. His assistant is Saul Silverman who was promoted from district manager.

▽

Gus Lampe

One of the most popular and well-known of the Schine field executives is Gus Lampe who has charge of the very important RKO Schine Theatres in Syracuse. He has been with the Schines for many years and has been very successful as a "theatre doctor," having rare ability to analyze a hard situation and get immediate results. His dynamic personality and ability have won him recognition as one of the most aggressive showman executives in the business.

▽

Clint Young

District manager in central New York, has been with the company for many years, as have other district managers including William Tubbert in northern New York and Louis Levitch in the Rochester territory. Seymour Morris, district manager in southern New York, has been promoted from assistant manager to manager and to his present position. Joe Schwartzwalder, city manager of the Auburn theatres, has held that position since these theatres were acquired by the Schines.

▽

William Heiss

District manager in northern Ohio, has grown with the company and Jim Levine, district manager in southern Ohio was promoted from the management of the Glove Theatre in Gloversville and was at one time director of the Paramount-Publix Managers School. Lew Hensler, district manager in Kentucky, and Marsh Gollner, district manager in Maryland, joined the Schine interests when those theatres were acquired by the company, as did Lee Insley, home office representative in Maryland.

Frank Boucher, another well-known Round Tabler, is also a home-office representative.

George V. Lynch

Is the chief film buyer who has grown up with the Schine Company and has been connected with their film buying and booking department for a number of years. A keen judge of pictures and their boxoffice potentialities, he has been a valuable asset to the Schines and his personality and reputation for fair dealing have made him popular throughout the industry.

Louis Goldstein is chief booker and is assisted by William Kraemer, Joel Golden, Harry Thompson and Seth Field.

▽

E. Douglas Leishman

Is head of the personnel department. Under his direction, the company has a systematic schedule of training in theatre management. Many present managers are young men who started in Schine theatres in subordinate positions and who have been developed until they were capable of taking charge of a theatre.

▽

Al Marqusee

Assistant to Mr. Leishman, is head of the statistical department. This department conducts a thorough analysis of all receipts and expenditures. Although the theatre managers are not hampered in their efforts by inflexible budgets, the results are all carefully scrutinized with the thought of thorough cost control without effecting the boxoffice receipts. This department also conducts a unique method of checking ticket sales and receipts which efficiently controls any possible irregularities.

▽

Francis Barter

Head of the insurance department, has also grown up with the organization. Originally personal secretary to Louis W.Schine, he became familiar with many phases of theatre operation and step by step has learned various home office routines until today he is in charge of his very important department.

▽

Maurice Glockner

Formerly a member of the faculties of New York University and Columbia, heads the real estate department, which has charge of the various rentals and many commercial properties which, in addition to the theatres, include more than one hotel, office buildings, stores, apartments, parking lots, etc.

The legal department is headed by Willard S. McKay as General Counsel, assisted by Howard Antevil in the home office and Peter Klein, and William H. Townsend.

▽

Florence D. Thompson

Office manager, was one of the first employees ever to be engaged by the Schines in Gloversville. As the company has grown, her capable administration within the office has been an important part in its smooth functioning and growth. Endowed with a pleasant personality and a happy faculty of organization and administration, she is a very important wheel in the home office machinery.

Further Reports On "Fortnighters"

(*Continued from page 69*)

The effective tiein to find the most popular local policeman on "Sergeant Madden" was given an unusual twist by Moon Corker at the Palace, in Athens, Ga., who discovered that the cop chosen for the honors had been on the local police force for 43 years. During that time he had never been reprimanded, never faced a charge of any sort, never had taken a vacation out of the city and was considered one of the most beloved citizens. Medal from Beery presented by Mayor A. G. Dudley for "distinguished service to the citizens of Athens" was awarded the 73-year-old copper.

Mayor officially declared Beery an honorary citizen and suggested that the City Civil Service Commission bestow title of Honorary Sergeant of Athens Police Department upon the star. This done, sheepskin copies of the proclamation and resolution were mailed to Beery who upon receipt posed with the Mayor and Police Chief of Hollywood making the presentation. This photo planted in the Athens papers.

Movie Star Day Co-op. Page Aids Wartha on "Angels" Date

Outstanding in his "Only Angels Have Wings" exploitation at the Roxy, in LaPorte, Indiana, was the full co-op page promoted by Round Tabler Art Wartha. Called "Movie Star Days," each merchant's ad in addition to carrying picture plug, featured a cut of various of the stars appearing in the film. Also stressed was a contest angle whereby readers were required to go to each of the cooperating stores, make a purchase of any amount and receive a star photo. When the entire set was secured from each of the stores and presented at boxoffice, guest ticket was awarded. Another angle used by Wartha was the distribution of four-page colored heralds, entire cost met by merchant's ad on back page.

Schlax Promotes Department Store To Sponsor "Lone Ranger" Shows

With the new "Lone Ranger" serial set to open right at the start of the summer, with children's minds away from attending theatres, F. B. Schlax, at the Bay, in Green Bay, Wis., sold local department store on the idea of sponsoring the entire run to be started off with a special morning show for which tickets were distributed by the store ten days ahead. For this special show the merchant paid Schlax a flat price in return for which he furnished him with 4,000 tickets.

Special "Ranger Club" was formed, officers elected and weekly prizes to all were guaranteed in addition to main prize of a 16 mm. movie camera to winner of a "Lone Ranger" Quiz Contest with lesser prizes to runnersup. Merchant set up a "trading post" in theatre lobby, displaying the various "Ranger" merchandise which was available at the store.

THE RELEASE CHART

INDEX

On this and the following page appears an alphabetical index to the titles of all features listed in this week's Release Chart, with additional information for the exhibitor.

The number immediately following the title is the production number. Also given is information regarding the classification of the subject matter. A melodrama is denoted by the abbreviation Mel., Comedy by Com., Comedy-Melodrama by Com.-Mel., Musical by Mus., Musical Comedy by Mus.-Com., Western by West. If the production is made in color, the letter "C" appears in parenthesis after the classification. Thus: Com.-Mel. (C) denotes a Comedy-Melodrama in Color.

At the extreme right of the line containing the title of the production is the name of the distributor.

(THE RELEASE CHART--CONT'D)

THE CHART

Productions are listed according to the names of distributors in order that the exhibitor may have a short-cut towards such information as he may need, as well as information on pictures that are coming. Features now in work or completed for release later than the date of this issue are listed under "Coming Attractions." Letter in parenthesis after title denotes audience classification of production: (A) Adult, (G) General. Numerals following audience classification are production numbers. Dagger symbol indicates picture is of the 1938-39 season. Asterisk (*) after title of feature denotes first appearance of picture in Release Chart.

NOTE: The totals for running time are the official figures announced by the home offices of the distributing companies.

When a production is reviewed in Hollywood, the running time is as officially given by the West Coast studio of the company at the time of the review, and this fact is denoted by an asterisk (*) immediately preceding the number. As soon as the home office has established the running time for national release, any change from the studio figure is made and the asterisk is removed.

Running times are subject to change according to local conditions. State or city censorship deletions may cause variations from the announced and published figures; repairs to the film may be another reason.

IN COURTS

Paramount Asks Suit Dismissal

Paramount Pictures, last Thursday, filed notice that it would apply to the U. S. District Court on August 6th for dismissal of the stockholder's suit brought by Frank Jablow and Sam Acker, on the ground that the suit is insufficient in law.

The suit claimed waste and mismanagement on the part of Paramount officers and directors, and excessive salaries paid out.

McCarthy to Be Examined

Charles E. McCarthy, Twentieth Century-Fox advertising and publicity director, was ordered Monday by New York Supreme Court Justice Edward McGoldrick to appear for examination before trial on August 2nd. Mr. McCarthy will testify in reference to the suit of Robert E. Sherwood and the Playwrights Producing Company against Twentieth Century-Fox for alleged unfair competition of the film "Young Mr. Lincoln" with the play "Abe Lincoln in Illinois." The court denied an application to require Darryl Zanuck, Twentieth Century-Fox vice-president and production head, to testify without prejudice to a new motion for commissions to take his deposition in Los Angeles.

Infringement Suit

Federal Judge Edward A. Conger last Thursday ordered John Joseph Davila to file a bill of particulars in his song infringement suit against Warner Brothers Pictures, Inc., the Radio Corporation of America, the National Broadcasting Company, the Columbia Broadcasting System and a number of other defendants. The plaintiff contends that "The Desert Song" was copied from his song, "If I Were a Spider and You Were My Fly."

Reorganization Hearing

Federal Judge William Bondy was scheduled to hear arguments, on Thursday, for confirmation of the plan of reorganization of the French Motion Picture Corporation. A petition was filed on February 19th, 1938, listing liabilities of $21,571. Among its provisions, the proposed plan includes a 50 per cent cash payment to the general creditors of the company.

Sued on Sale of "Miracle"

Selwyn and Company filed suit last Friday in U. S. District Court against Bayard Veiller, author of "The Miracle," stage play. The plaintiff seeks to recover $7,500 which it claims the defendant received unlawfully for the sale of the film rights to the play in 1939 to Loew's, and says it produced the play in 1914.

The U. S. Circuit Court of Appeals, on Friday, upheld the dismissal of the plagiarism suit brought by Albert Bein against Warner Brothers Pictures, Inc., in which the plaintiff charged infringement of his novel, "Youth in Hell," by the film, "Mayor of Hell."

Frank Harding, Music Publisher

Frank Harding, famous music publisher of the last two decades of the ninteenth century, died at the age of 75 in Bellevue Hospital, New York, last Sunday. Succeeding his uncle, the late Edward Harding, in 1879, in the business which the latter had established, Mr. Harding's ventures helped make the Bowery, where his place of business was established, the "Tin Pan Alley" of that time.

He retired about two years ago, after having published hundreds of popular songs, some of which had sold as high as 100,000 to 150,000 copies. Among them were "My Sweetheart's the Man in the Moon," "Throw Him Down, McCloskey," "Down Went McGinty," and "Say Au Revoir But Not Goodbye."

Merlin E. Schreiber, exhibitor and banker at Wisner, Nebraska, was killed in an automobile crash last Wednesday. His wife and son survive.

OBITUARIES

Casler, Biograph Inventor, Succumbs

Herman Casler of Canestota, N. Y., builder of the machines which started the first patent war of the motion picture industry, died last Thursday at his home, at the age of 72.

When the late William Kennedy Laurie Dickson, laboratory worker employed by Thomas A. Edison on various electrical projects and on the evolution of the Kinetoscope, founding the motion picture, left Edison he went to dally a while with the endeavors of Otway and Gray Latham, Kinetoscope concessionaires who wanted to put the peep show pictures on the screen. Impatient of progress there, Mr. Dickson entered into an arrangement later known to history as the K.M.C.D. Syndicate—taking its name from the initials of the entrepreneurs, E. B. Koopman, Henry N. Marvin, Mr. Casler and Mr. Dickson.

Mr. Dickson had the ideas, Mr. Casler built the machines. It was expedient, in the patent controversies which arose, beginning with the memorable Thomas A. Edison vs. The American Mutoscope & Biograph company in 1897, for the defendants to credit the inventions to Mr. Casler rather than to Mr. Dickson.

Mr. Casler was a mechanician of extraordinary competency. His association with Mr. Marvin began in their days together in the service of the then Edison General Electric Company of Schenectady. They formed the Marvin & Casler Company to enter manufacturing. Mr. Casler made many important contributions to the ingenious devices by which the Biograph company evaded and skirted the specifications of the Edison patents.

Mr. Casler and his establishment also made important contributions to the development of color photography for the screen in building a succession of cameras for the Prizma company, including one with a 270 degree shutter opening with extreme light efficiency and later others with a two frame pull-down for simultaneous exposure of the complementary frames to eliminate fringing, a common curse of early color efforts.

The competent contributions of machinery from Mr. Casler empowered the rise of the famous American Biograph company, which gave to the art the names and fames of Griffith, Sennett, Pickford and many another.

Mr. Casler continued active in the affairs of his concern until his death, latterly engaged mainly in the making of various precision devices. He is survived by his wife and two sons.

Sebastian Romer

Sebastian Romer, a member of the box office staff of the Center Theatre in New York, died last Thursday at the age of 48 in Merrick, Long Island. Mr. Romer had joined Klaw and Erlanger as an office boy in his youth, and had become treasurer of the Gaiety and Fulton Theatres. Funeral services were held last Sunday.

First Meeting of Film Archivists Held in New York

The first annual congress of the International Federation of Film Archives met Tuesday in New York at the Museum of Modern Art, to continue for several days, attended by the four original charter members: Henri Langlois, of the Cinemathéque Francaise, Paris; Miss Olwen Vaughan of the National Film Library, London; Frank Hensel, of the Reichsfilmarchiv, Berlin; and John E. Abbott, director of the Museum of Modern Art Film Library. In addition, the following countries sent observers: Argentina, Brazil, Chile, Denmark, Italy, Japan, Peru, Sweden, Switzerland and Russia.

Mr. Abbott, first president of the organization, presided. The meetings reviewed the activities of the organization during the past year, discussed plans for the coming year, and considered applications for membership from other organized private, semi-official and national film libraries.

The International Federation of Film Archives was founded in July, 1938, to develop closer cooperation between the film archives of member-countries in order to make the greatest possible non-commercial use of the historical, educational and artistic films of all countries. The central offices of the Federation, located in the Palais Royal, Paris, in quarters supplied by the French Government, acts as a clearing house between the members and serves as a source of information for similar organizations not yet members of the Federation. Georges Franju is executive secretary in charge of the work of the central office.

Membership in the International Federation of Film Archives is open to national, semi-official and recognized private film archives, provided these organizations have for their prime object the conservation of films, the compilation of national and private film records and the use of films for a non-commercial purpose, either historic, pedagogic or artistic. Film archive organizations are admitted only when their own rules are similar to the regulations already in force at the National Film Library of England, the Reichsfilmarchiv, the Cinemathéque Francaise and the Museum of Modern Art Film Library. The Federation excludes any institution or organization which makes use of its films for commercial purposes.

Broun May Be Film Writer

Heywood Broun, column writer for the New York *World-Telegram,* was mentioned Monday in a United Press dispatch to that paper, from Hollywood, as having received an offer to write for Selznick International Pictures in California.

Mr. Broun, who also publishes the weekly *Broun's Nutmeg,* at Stamford, Conn., inserted a "job wanted" advertisement in the New York *Post,* the other evening, disclosing that his contract with the *World-Telegram* expires early this winter. He has been in California for the convention of the American Newspaper Guild, of which he is president.

Italy and France Hold Rival Film Expositions

The Venice Film Exposition will be held "as usual" in August, despite the refusal of French and American companies to send their product, it was stated from Italy this week. And the Exposition will be held, too, in the face of an International Film Festival at Cannes, France, from September 3 to September 17.

The Cannes festival will have the participation of the United States, Great Britain, Belgium, Holland, Spain, South America, Poland, Switzerland, Roumania, India, Egypt, Russia, and the Scandinavian countries.

English, Dutch, Belgian, Spanish, South American, German, Japanese, Italian and other films will be shown at the Venice Exposition. While the United States and France are not officially participating, they will be somewhat represented, however, by, respectively, "The End of a Day" and "Dark Rapture." Julien Duvivier made the former; Denis Roosevelt, the latter.

New York's Daily and Sunday News is famed for the pictorial journalism at which it excels . . . boasts the largest circulation in the world!

On July 2nd, that newspaper gave over its entire front page* to pictures taken by MOVIETONE NEWS, running them two weeks after the identical scenes were shown in the newsreel . . . unprecedented recognition of MOVIETONE'S news-gathering prowess!

These were the scenes serviced to you in Vol. 21, No. 82, showing Uncle Sam's men-of-war in the storm off Cape Horn!

Only the MOVIETONE NEWS cameraman was permitted to accompany the fleet on that good-will cruise around South America during which the storm was encountered.

That cameraman was Bonney Powell, who lashed himself to the superstructure of one of the ships and took the storm scenes at risk of death!

They are without doubt the most sensational shots of their kind ever photographed—and only MOVIETONE NEWS had them!

Some issue of the News gave half its back page to a MOVIETONE clip showing the baby Prince Edward trying to throw a pillow at the Trooping of the Colors.

TOLL GATES

WITH speculations of war and threats of world chaos filling the news columns of the daily press, and this and that of immediately contemporary excitements, the public, and much of American business, is unaware that close at hand are devastating problems of the national political economy.

Always eventually comes judgment day. The end of all spending is paying—or else.

The nation, the states, the counties and the cities have, these depression- and recession-ridden years, been spending at a constantly accelerated rate. Magnificent deficits loom, unless and until new sources of revenue appear. New sources of revenue are new taxes.

Symptomatic are the special municipal and state levies on cigarettes, a-top a national tax which is in excess of the production cost of the goods. Symptomatic, too, are the new toll gates on Connecticut's great new motor road, the Merritt Highway.

MORE significant is the move of the State of Colorado to collect special chain store taxes from the motor car agencies, a sort of ex-post-facto decision which says that Detroit already owes Colorado something over a million dollars.

The Colorado state treasury has held that since the factories "exercise control over their dealers" they constitute chains, taxable under the law. This contention is made despite the fact that most of the dealers are independently financed and operated. Other states have similar laws, and yet others are considering them.

The fact is that wherever money visibly flows there is a beckoning to the tax makers.

The river of traffic which roars night and day over the Merritt Highway is a conspicuous fact.

Another conspicuous fact is the motion picture, beginning with the marquee lights over the box office where the tickets unroll.

THE motion picture is still talking about two-million-dollar productions. Salaries of stars and salaries and bonuses of executives have been broadcast, officially, and the figures are arresting to the popular and the political eye. Nonetheless, it averages out as a business of narrow margins.

The general, and official, impression is that the motion picture industry divides into two parts: Hollywood where they make the pictures, and New York where they make the money. It is not that simple, but it tends to look that way.

The relation of the city to the state and the state to the nation is getting more complexly difficult than ever. "State's rights" maybe have been waning as our centralized national government has risen in power and extended its attention to the lives and purses of the citizenry, but the states have yielded none of their power to tax and we are confronted with the menace of a multiplicity of intra-national boundaries.

Further, while a man's life may not be put in jeopardy twice for the same offense, his living and his property can be invaded by everybody from the village board of Whiffletree Center to Congress, continuously .

Just now, while the land is all a-fret with relief and WPA concerns, the motion picture industry is getting again some hungry examination.

One great municipality's tax levying board is dallying with a notion that is being devised to lay tribute upon the amusement film for the whole nation, a sort of financial master stroke of city sovereignty.

Taxation has only begun.

BUYING RUSH AHEAD

REPORTS reflected in the news pages of this issue of Motion Picture Herald tend to indicate that selling, more especially in the independent sectors of the picture market is more belated than ever before in the annals of the industry.

The obvious and principal cause of the delay is the uncertainty spread over the situation by the long prolonged and tediously debated program of trade practises and its all important arbitration proposals.

This means that the selling and buying are to be compressed into a much shorter period, with intensification of pressures and competitions, on both sides of the counter. Meanwhile there may be gain in the fact that the buyers will in any event have time to study the wares offered, if the vendors take steps to tell the customers about them.

△ △ △

STRAIGHT SCOTCH

A CANNY visitor, Patrick Joseph Dollan, Lord Provost of Glasgow, sojourning in our midst and about the World's Fair, remarks that he'd be pleased if Hollywood and the governor of Michigan "would stop bragging about the hellishness of Americans in general and New York in particular." Mr. Dollan was around all last weekend and Monday reported he had found no sin.

"This," he said, "is the kindest city we ever visited. Here I have been going around for the last three days visiting a city of millionaires, without a dime in my pocket."

That's nice—but it seems Mr. Dollan took certain precautions about that dime.

OF A SUMMER'S DAY

HOLLYWOOD has been all a-twitter for a fortnight because the Saturday Evening Post published a somewhat picturesque bit of a study of Louella Parsons, queen bee motion picture editor of the Hearst newspapers and altogether the most remarkable journalistic personality in that oryeyed oasis on the delirious desert.

The story is much simpler than the telling has been.

Miss Parsons discovered Miss Marion Davies, actress. Mr. William Randolph Hearst, producer and publisher, discovered Miss Parsons, critic of unique perceptions. Miss Parsons discovered Hollywood, community of unique opportunity.

Everybody did the best he could under the circumstances, and there were lots of them. Louella probably, on the whole, did better than the most of them. She found that Hollywood could and would take it, and she gave it to them. On pain of

This Week

Buying

General sales managers and their field selling forces are today scurrying about the country and around their respective territories to sell their 1939-40 features and short subjects. In the first national check into the buying situation, it is found that circuit buying is progressing somewhat, but that independent and single-theatre deals are proceeding much slower than usual.

The reasons and a report on some of the first deals closed to date appear on page 14.

Television by Wire

John E. Otterson, former head of large companies in the motion picture industry and elsewhere, this week appears as the president of the newly formed Radio Wire Television Corporation, an amalgamation of companies marketing radio products and supplying "piped" music to homes, hotels, and the like. Mr. Otterson hopes that wired television will answer the present television difficulties: limit of transmission to sight range, and impracticability of network transmission. He is sure that wired entertainment is the entertainment of the future.

The report is on page 24.

OF A SUMMER'S DAY

[*Continued from preceding page*]

her displeasure, and of Mr. Hearst's displeasure, she demanded, still demands scoops, special access, exclusive material. In her radio work she has enjoyed a sparkling array of most of the top star talent in Hollywood for her guest programs, and her relatives do rather well in various enterprises, which is rather the way with relatives of the mighty in Hollywood.

Now Hollywood is telling itself bits that Mr. Thomas Wood, author, did not seem to get into his Post story.

The Let's-Pan-Louella parties would be in better taste if they had started before the Hearst newspaper empire began to crumble.

Miss Parsons with typical and commendable indifference has decided to ignore the whole matter. Just to prove that she is continuing on the same platform, she printed a bit the other day from which Miss Whitney Bourne can infer that it was wrong to marry Mr. Stanton Griffis without advance notice to Miss Parsons.

None of which matters at all, save in Hollywood, the land where they never grow up. And there it's the summer's best item.

Union Bargaining

In one of the most sweeping orders yet handed down to involve Hollywood studio workers, collective bargaining agents for employees in four branches of Hollywood production were named Tuesday by the National Labor Relations Board.

The Society of Art Directors was named as the agency selected by a majority of chief art directors, unit art directors and follow-up men employed by Columbia, RKO, Twentieth Century-Fox, Loew's and Paramount, and elections were ordered within 20 days among those employees at Universal, Warner Brothers and United Artists to determine whether they, too, desire to be represented by the Society.

The Screen Publicists Guild was certified as the agency to represent unit men, feature writers, planters, contact men, art editors, copy editors, trailer men and advertising men in the publicity departments and all employees in the advertising departments engaged in advertising work in Los Angeles county for RKO, Columbia, Universal, Loew's, Twentieth Century-Fox, Paramount, Warner Brothers, Hal Roach Studios and Samuel Goldwyn, but a petition filed on behalf of employees of Selznick International and Principal Productions was dismissed.

The Society of Motion Picture Artists was named as the agency to represent illustrators in the art departments, costume illustrators, matte shot artists, assistants to matte shot artists, title artists and heads of title departments at Columbia, RKO, Universal and Loew's, and elections were ordered at Warner Brothers and Twentieth Century-Fox. The board dismissed petitions filed on behalf of employees of Paramount.

The Federation of Screen Cartoonists and the Society of Motion Picture Film Editors were named as agents for employees of Walt Disney Productions. The board announced that the former showed that it represented 568 of the 602 employees engaged in production, exclusive of supervisory employees, and that the editorial organization represented all 15 of the cartoon editors, assistant editors and film librarians.

Other Hollywood and other motion picture union and guild news appear on page 29.

On the Train

Samuel Goldwyn rode by train this week from his studio in Hollywood to the Rivoli theatre on Broadway to attend a big ballyhoo opening of his new "They Shall Have Music." On the way east he issued several statements, verbally and in writing, starting at Chicago with an expression of approval for an anti-duals bill pending there, and ending in New York with the announcement of "another Salzburg" in every hamlet in the United States.

See story on page 58.

Curtain

Vaudeville, which once relegated films to the position of "chasers," to clear the theatre before the next bill went on, has reached a new low ebb this summer, with majors' booking offices reporting fewer than 10 houses being serviced steadily at present. Despite plans on the part of such independent circuits as Brandts in New York to provide playing time for vaudeville in place of a second feature, Broadway's bookers and agents see no great hope for the immediate future. However, vaudeville was much in the public eye this week as wreckers started demolition of the lobby of the New York Palace, long the leading vaudeville theatre when that art was at its height. With the completion of a new lobby, another of vaudeville's landmarks will have passed.

An account of vaudeville's present status in the entertainment world will be found on page 15.

United Front

Film critics on newspapers are organizing a national group to raise standards of film criticism, impress the public with the significance of motion picture criticism, compel greater attention from the producers in Hollywood and increase the respect of editors and publishers for their motion picture departments.

Details of plan are reported on page 17.

In the Army

The Senate in Washington this week passed a law making it a criminal offense to incite members of the United States armed forces to disobey rules and regulations through literature or motion picture films passed among them.

The law is aimed directly at literature which, it had been charged, was distributed among U. S. soldiers and sailors by Communist organizations, but it would apply equally to films. However, it was said at the Capital, there has been no complaint in military circles over motion pictures and it would be only under exceptional circumstances that films could be involved. Both the Army and the Navy buy films for showing in camps and on ships, virtually all of the product coming from the industry's "Big Eight."

Latin America

How to hold the immense advantage which American companies already have in Latin America, and not how to gain new markets, is the problem American distributors face, according to John Day, Paramount manager for South America, who arrived in New York on Monday. The Latin American market is "thoroughly developed," and highly competitive, he said. French films and native productions are growing threats, he said. As for the "untapped" areas which home office executives point to, Mr. Day intimated that they would have to remain untapped for some time. There is no business to be done in regions into which one cannot go, and in which there are no theatres.

More Troubles

The Department of Justice this week warned that a Federal Grand Jury probe of the film business is coming in Los Angeles, with a new monopoly suit and an investigation of film labor matters, also film tax deficiencies.

Congressman Lyle Boren states that when the anti-block-booking bill reaches Congress, he will move for a drive for divorcement legislation.

For Theatres' receivership is being subjected to examination by the Federal Bureau of Investigation as a result of the Judge Manton case.

In Alabama, still another anti-trust suit has been filed against the majors by independents.

Major defendant counsel in the Government's New York anti-trust suit are getting ready to protest the Department of Justice's move in Federal Court for an early trial date.

The same defendants, in the Oklahoma trust suit, with the addition of the Griffith circuits, are demanding of the Government details of the charges in that case.

Trust suits and troubles are reported on pages 21 and 22.

21st Anniversary

Marking the 21st anniversary of the Famous Players Canadian Circuit, managers, field excutives and the home office staffs met this week at Niagara Falls, Ont., in the first coast to coast convention held by the company. N. L. Nathanson, founder and president of the circuit, spoke at length of his confidence in the future of his personnel, his company and the industry. A highlight was the award of manager bonuses and announcement of an extension of the bonus plan. Attending were top executives of the major American distributors.

A story by A-Mike Vogel, Managers' Round Table chairman, is on page 27. Picture on page 10.

Need Not Pay

The United States Government dismissed the tax claim against Charles Laughton with the decision that he need not pay the assessment of $104,430 levied against him on his 1933 and 1934 incomes. Mr. Laughton's case differs from that of Marlene Dietrich, who is also having difficulty with the government over her income tax and was permitted to sail only after leaving $100,000 in jewelry as partial security, in that she is a naturalized American citizen while he, a British subject, is an alien and secondly, the tax laws were revised and tightened after the years involved in Mr. Laughton's case and prior to Miss Dietrich's.

Financial News

Thirty-nine weeks' earnings of Warner Brothers were reported this week at $2,912,186, compared to $3,282,765 in the previous year. This was equal to 70 cents a share on the common for the last 39 weeks, and 80 cents a share in the previous period.

Consolidated Film Industries netted $356,117 in six months, equal to 89 cents a share on preferred stock, compared to $317,442, equal to 79 cents a share in the previous half year.

The Securities and Exchange Commission this week reported stock holdings of Monogram Pictures officers.

Sharp decline in theatre business in June was reflected in receipts for ticket taxes, as reported this week by the Bureau of Internal Revenue.

The figures are on page 52.

McNinch Ill, Quits

Frank R. McNinch will send to President Roosevelt his resignation as chairman of the Federal Communications Commission, he admitted Wednesday. The personnel of the Commission has for months been subject to attack by all sides, by Congress and broadcasters, particularly, for the nature of some of its decisions and procedure.

Ill for a considerable period, Chairman McNinch was a luncheon guest at the White House Tuesday, when he told the President that, owing to his health, he felt that the burdens of his office were too great.

The Chairman will be the second member of the Commission to be replaced in recent months, Frederick I. Thompson succeeding Eugene O. Sykes in April.

Chairman McNinch's admission immediately caused speculation both in Washington and in radio broadcasting circles as to his successor. T. A. M. Craven, FCC member, who has consistently differed with the Chairman on policy matters, is reputed to have the support of the radio industry, but others mentioned are former Governor Philip F. LaFollette, of Wisconsin, former Congressman Otha D. Wearin, of Iowa, and James Lawrence Fly, of Knoxville.

Schine Convention

The theatre circuit of J. Myer and Louis W. Schine, which started in Gloversville 21 years ago modestly and now numbers 150 theatres in the east and south; next week, Tuesday through Friday, holds its first annual convention. Under the direction of the Schine brothers, some 250 of the circuit personnel will discuss exploitation, selling terms, operations, and the like.

Plans, business and social, for the meeting are outlined on page 28, and a special story in the Managers' Round Table, page 70, tells the story of the circuit's growth.

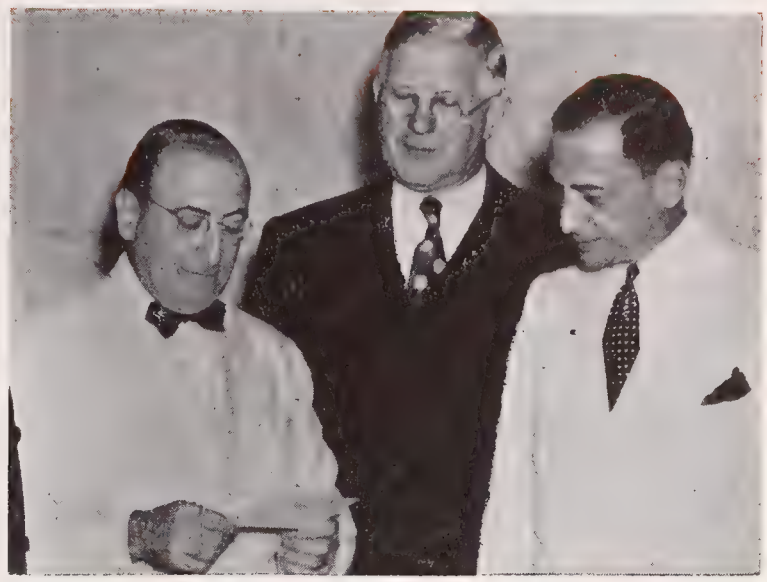
Record Industry Turnout In Tribute to Eckhardt



ONE of the largest crowds in Chicago's cinema industry, approximately 500 guests, attended the silver jubilee testimonial dinner given Clyde W. Eckhardt, 20th Century-Fox branch manager, in the Congress Casino Monday night. Speakers included Felix Mendelsohn, toastmaster, Herman Wobber, William Gehring, Lew Lehr, Jack Kirsch, John Balaban, Truman Talley, Jack Osserman, Gradwell Sears, Peck Gommersall, Jack Miller, James Caston, Henry Herbel, W. H. Banford, Walter Branson and Allen Usher. The dinner was preceded by dedication of 20th Century-Fox's new Chicago exchange building.

FIRST CHECK ON BUYING SHOWS RESULTS OF DELAY

Contracts Running Behind Last Year; Code Delay Seen as Cause; 36 Circuit Deals Closed by Ten Large Companies

The 1939-40 product buying season is well under way, off to a late start and with much to be done by the distributors to roll up the some 600 block franchises necessary to get the 35,000-odd playdates usually sold to the 83 large circuits alone. Even more sales effort will be necessary to gain a normal position in the subsequent-run field.

In the first check on who has bought what, productwise, for exhibition in 1939-40, 36 large-circuit deals are disclosed to have brought about 3,007 block-product sales for various of the ten large companies, while new-buying by smaller operators and single-theatre owners is, in many sections, proceeding even slower, due, for the most part, to the decision of those owners to mark time pending receipt and actual inspection of the final trade practice document to determine the relation of expected concessions from the code to any bargaining that they may be doing with film salesmen.

Arbitration Is Factor

From the standpoint of the independent buyer there is also the important matter of the majors' system of arbitrating contract and other disputes under the code and under their film contracts, for which the owners also have been waiting before talking about new film commitments.

All of this means that the delayed buying season will make a much shorter one for 1939-40 bargaining. There are, of course, scores of deals now in process of negotiation which should shortly release the floodgates of playdates. For all of these, and whatever other potential business is in sight, the general sales managers from New York and their field sales forces will be riding more pullmans than usual in the next few weeks on the selling business of their companies, riding in competition that appears to be keener than ever before among the several companies.

Most of the sales managers themselves have been prevented this year from giving as much early attention as in previous years to their company sales problems, for they, too, have been tied up by the code, meeting almost continuously for months in New York on the drafting and re-drafting of the program which they are about to present for the self-regulation of distribution and exhibition.

Rental Increases Claimed

Independent exhibitors in many territories also have been delaying buying because of local business conditions and because, they claim, the distributors this year are increasing percentage demands, but, pending actual meeting of the buyer and seller on terms, no organized action has been taken by the owners, save the suggestion of two weeks ago by the United Motion Picture Theatre Owners of Pennsylvania that cooperation of all independent groups be effected to attack the "problem of high film rentals." There have also been similar sporadic outbursts in organized exhibitor ranks elsewhere.

In view of the delayed buying in some places and the fact that the actual selling period only recently got under way seriously, most of the general sales managers in New York are reluctant to discuss the state of their books at this date.

However, from announcements already made through their home office publicity departments, and otherwise, some important deals are reported consummated.

One of the most important deals to date in the buying of 1939-40 product, one of the most important in the company's history, was the purchase by National Theatres of United Artists' complete program of 28-to-32 features, for the 169 Fox West Coast houses, its 42 Fox Wisconsin theatres, 120 of Fox Midwest and 65 Fox Intermountain.

Another big United Artists negotiation was a two-year contract for all of its product for all of Warner Brothers 400 theatres. This one was the biggest U.A. deal for all time.

Harry Gold, United Artists sales manager, also sold the 53 George Skouras-Fox Metropolitan houses. Other U.A. purchases were made by the Durkee Circuit, with 20 houses in Baltimore, and by the Rome Circuit, with 11 theatres in Maryland.

Settlement Seen

Warner Brothers is another that has been making normal progress on product sales. Following the breach occasioned when the company, last month, announced it would this year sell-away from National Theatres in California, because it was dissatisfied with National's terms and operating policies, Warners have been selling to other coast circuits which heretofore could not get that company's product. One of the foremost deals in this connection was the purchase by John Danz for his 18 Sterling Theatres in Oregon and Washington.

In any event, some in New York this week saw the possibility of Warners and National Theatres healing the breach, this report on Broadway following a meeting of National's theatre chiefs in New York on new product arrangements.

In Colorado, Gibraltor Enterprises, 30 theatres; and in South Dakota, Black Hills Amusement Company purchased 1939-40 Warner product, Black Hills having ten theatres.

Wilmer and Vincent has bought the Warner group of 48 for 1939-40 for its 20 theatres in Pennsylvania and Virginia.

Shea's Publix, 13 theatres in Buffalo have also bought the Warner product, including features, shorts and trailers, likewise the J. J. Parker Circuit of six in Oregon, the B. F. Shearer Circuit of four in Washington, with the Johnson interest of nine in Washington, and the J. Blumenfeld group of 15 around San Francisco.

As with practically all other sales managers and field and divisional sales executives of other distributors, Warners' officials have been riding pullmans into the field to close new deals and polish up old ones. Gradwell Sears, general manager, was in Chicago this week talking about releasing plans with the Balaban and Katz Circuit, whose Warner franchise still has two years to run.

National Theatres' 169 Fox West Coast, 42 Fox Wisconsin, 120 Fox Midwest and 65 Fox Intermountain theatres have also purchased Columbia's 1939-40 product, of 42 features, and purchased Metro-Goldwyn-Mayer's 44-to-52 for the same subsidiaries.

The 20 Durkee theatres in and around Baltimore have bought Republic's product. Negotiations are understood about to get under way with National Theatres.

Interstate Theatres, operating 32 in New England, has also bought Republic, likewise New England's Maine and New England Circuit of 21.

Three-Year Deals

Metro-Goldwyn-Mayer has been negotiating 1939-40 product deals with Warners (400 theatres); National Theatres (396 theatres) and many with Paramount's many partners, in both instances continuing three year deals which expire at the end of the present season.

First big Twentieth Century-Fox sale was to about 250 of the 400 Warner theatres, for one year. W. N. Skirball, for nine theatres in Ohio, also will get Fox product.

The 16 Dipson theatres in Ohio, Pennsylvania and New York were a Universal product purchaser and so was the Music Hall, New York, and the 150 Schine theatres in New York, Ohio, Kentucky and Maryland, also 20 Comerford theatres in New York State.

There have been other deals, but the foregoing are some of the more important, and will be followed daily now by announcement of the consummation of negotiations now under way, for large and small groups of product by large and small circuits.

Motion Picture Daily reported the other day that higher percentage terms are being sought for an increased number of pictures everywhere as a result of higher production budgets at virtually every studio. Domestic sales quotas for the new season are running 10 per cent to 20 per cent ahead of a year ago, while production budgets will run from 10 per cent to 40 per cent higher. Foreign sales quotas are eight to 15 per cent higher than last year.

Agreements Unchanged

While percentage terms asked are generally higher throughout the industry, sales officials emphasize that provisions for adjustments are more liberal than they have been in the past. This fact is credited in some distribution quar-

WARNERS AHEAD IN PRODUCTION SCHEDULE

With more than a month to go before the 1930-40 *season officially starts Warner Brothers are far in advance of their production schedule with nine of the features completed and seven still in production. The features completed are "The Lady and the Knight", "Dust Be My Destiny", "The Old Maid", "A Child's Born", "Secret Enemy", "Steeplechase", "No Place to Go", "The Return of Dr. X" and "Nancy Drew and the Hidden Staircase". Features still in production are "Twenty Thousand Years in Sing Sing", "We Are Not Alone", "The Roaring Twenties", "On Your Toes", "Career Man", "Queer Money" and "The Dead End Kids in Military School".*

DEMOLITION OF OLD PALACE LOBBY FINDS VAUDEVILLE AT LOWEST EBB

Five Major Theatre Circuits Have Less Than 12 Houses; Bookers See Little Gain in Fall Despite Independents' Plans

Regular full-time vaudeville, running in combination with pictures, of course, has struck the lowest ebb in its history this summer. And, despite the plans of a few independent film theatre circuits to put vaudeville in this winter, as in New York, at the Brandt houses, and in Minnesota, at the Minnesota Amusement Company's theatres, Broadway's vaudeville bookers and talent agents see no great advances for vaude acts in the new show season this fall, although there will be some seasonal openings.

None for Keith Circuit

Indicative of the situation, Radio-Keith-Orpheum, one of the oldest and at one time the biggest vaudeville circuit, stands today without a single week's vaudeville bookings in the country, and will have but four or five this fall.

Fanchon and Marco, for Fox and National circuits and others, and which of late years has been among the most active bookers, today is booking acts into but a few houses.

Warners has only three, the Earle, at Washington; Strand, New York, and the Fox in Philadelphia.

Paramount has but two, Paramount, New York; Chicago, Chicago.

Loew's has but two, the State in New York, the Capitol, Washington.

There are not more than a handful of others. "Spot" bookings of novelties, beauty contests, amateurs, stage bands, freak acts and such are, of course, another matter. But even in this field there is not much going on this summer. Double bills and chance games and giveaways still hold the upper hand as companion attractions to the product of Hollywood.

Palace Lobby Remodeled

Despite the present low position of vaudeville, the old theatrical art this week came in for no little newspaper, theatrical and public attention when building wreckers started demolishing the old lobby of the Palace theatre on Broadway, the leading vaudeville theatre when vaudeville was at its height. Before the wrecking started, Monday afternoon, to make way for a new lobby and marquee for the RKO house which has been showing pictures for years, old vaudeville stars of other years gathered in the theatre's lounge to exchange reminiscences of the house, 26 years old next September.

The new Palace lobby, to be finished August 11th, will have black granite base and white granite walls, with aluminum and bronze display frames. The inner lobby, reached through glass doors, will have walls of zebra wood with a black marble base.

Old-Timers Attend

Among the performers present Monday, for their last look at the Palace front of old as many of them knew it, were Harry Richman, Hardeen, Jay C. Flippen, Dave Apollon, Ben Blue, Radio Rogues, Milton Berle and his mother; Carner, Wolfe & Haskins, Sid Marion, Sid Gary, Bob Olin, Judy Canova, Billy Gould & Jay Brennan, Olie Olsen of Olsen & Johnson, Phil Silvers, Lew Hearn, Jackie Heller, Ward & Van, Al Raymond of Raymond & Caverly, Margot Crangle, Collins & Hart, Louis Spielman, Parish & Peru, Corinne, Rose Kessler, May Dupree, Dave Vine and Don Barclay.

The performers appeared before the WMCA microphone from 4 to 4:30 P. M. with Martin Starr as master of ceremonies. J. J. O'Connor, president in charge of theatres for RKO; C. B. McDonald, division manager, and Harry Mandel, director of theatre publicity, were in charge of festivities, together with John Cassidy, Fred Myers, Max Fellerman, Peggy Foldes, Ed Sniderman, Bucky Harris, Blanche Livingston, Hal Seroy and Bill Kernan.

MARK ANNIVERSARY OF NICKELODEON

The Pittsburgh Variety Club this week at its regular weekly dinner observed Nickelodeon Day in celebration of the 34th anniversary of the opening of the world's first all-motion-picture theatre, the Nickelodeon, opened June 19, 1905, by Harry Davis and the late Senator John P. Harris. King for the day was John H. Harris.

The guests included Eugene Connelly, former publicity director and manager for early Davis-Harris enterprises, and former Senator Frank J. Harris, president of Harris Amusement Company. The preview theatre in the recently opened Harris Company offices in the William Penn Hotel in Pittsburgh is called Nickelodeon. Eighty-five barkers attended the dinner.

A bronze tablet marking the site of the first nickelodeon was unveiled in 1929 at Frank and Seder's downtown department store, by the Historical Society of Western Pennsylvania.

Brandt Vaudeville in Fall

First heralded in May, 1938, the plan of the Brandts to eliminate double features by following a policy of vaudeville will go into effect in September.

Having tried vaudeville at the Flatbush Theatre, Brooklyn, for the 13 weeks from last March 17th to the closing of the house for the summer, and calling it "most successful," William Brandt, affiliated with his brother Harry, Independent Theatre Owners of America president, in the operation of the Brandt Circuit, has started a separate vaudeville booking department under the supervision of Arthur Fisher.

Playing the Flatbush during the "trial period" were, among others, Paul Whiteman, Abbott and Costello, Willie and Eugene Howard, Harry Richman, Lou Holtz, Jimmy Dorsey and Helen Morgan. Opening the theatre on September 21st will be Milt Britton and his band, the Andrews Sisters and the Debutantes. On the 28th, the show will move to the Windsor, in the Bronx; on October 5th, to the Audubon, in Washington Heights, and on October 12th to the Carleton, Jamaica, according to William Brandt. The Audubon and Carleton will also open on the 28th, with different shows, it being "our intention to rotate the shows from one theatre to another," according to Mr. Brandt.

Following primarily a "name band" policy, Mr. Brandt will keep his prices the same as those prevailing in the neighborhood. His shows will include a feature, shorts and the vaudeville.

With his four weeks' playing time, Mr. Brandt said that this was the most afforded any act in the metropolitan area in recent years, and feels that in addition to providing better grosses at the Brandt theatres, it would afford an opportunity for the development of talent and work for musicians, stagehands, scenery workers and actors.

The Brandts' idea of providing 10 weeks playing time through the formation of a vaudeville circuit including the Hippodrome, Baltimore; the Rialto, Newark, and the State, Hartford, among others, is being held in abeyance.

Minnesota to Have 10 Weeks

However, 10 weeks of playing time will be offered under a plan now in work by the Minnesota Amusement Company. Acts would be able to play combination shows in key situations outside of Minneapolis, St. Paul and Duluth, with opening set for October.

Among the "down-town" theatres in key cities which show vaudeville throughout the year as a steady policy are the following:

Fox, Philadelphia
Earle, Washington
Capitol, Washington
State, New York
Paramount, N. Y.
Strand, New York
Roxy, New York
Music Hall, N. Y.
Hippodrome, Baltimore
Chicago, Chicago
State-Lake, Chicago
Oriental, Chicago
Golden Gate, San Francisco
Orpheum, Los Angeles
Beacon, Vancouver
New York, Buffalo
Riverside, Milwaukee
Denver, Denver

Stopping their vaudeville policy during the summer, but showing it during the winter, are the following, among others:

Lyric, Indianapolis
RKO, Boston
Fox, Detroit
Palace, Cleveland
State, Hartford
Palace, Akron
Palace, Youngstown
Paramount, Newark

Then, too, there are such summer resort vaudeville outlets as the Hamid and Steel Piers, in Atlantic City, as well as neighborhood houses which have either a regular vaudeville policy or use spot bookings. Some of these are:

Fay's, Providence
Fay's, Philadelphia
Carman, Philadelphia
State, Baltimore
Stratford, Chicago
Norshore, Chicago
Fort Wayne, Evansville
Buffalo, Buffalo

Now being tried out at the Colony, Jersey City, is sponsored vaudeville. The theatre has sold its stage rights for a period of 10 weeks; and a local furniture store is providing a five-act show every Friday night, receiving notices in the lobby and through trailers in return.

This, it is reported, is the first time that a theatre has contracted with a commercial sponsor not tied to a sponsored radio program.

Decline Since Sound

The days when films were used as a "chaser" to get rid of the crowds which would otherwise have stayed on to see another turn of their favorite vaudeville performers, have given way within the past 10 years to the situation as it now stands: where there are almost no routes for a vaudeville performer. Bookings heads and others who can remember the times when the large circuits could provide steady employment in the form of continuous routes for as long as three year periods, have ascribed the causes of vaudeville's decline primarily to the

(*Continued on following page*)

FEW STAGES USED REGULARLY

(*Continued from preceding page*)

introduction of sound films, the great increase in radio popularity in the late 1920's, and the depression, after which vaudeville had only one false high point, in 1931, before relapsing back again into the slump it reached in 1928-29. Vaudeville, it is pointed out, was also hurt by the lavish film musical comedies, with which it could not hope to compete; and a parallel is made in the fact that, since the introduction of sound, there has been very little "talk" in vaudeville compared to the skits and sketches formerly so popular.

Vaudeville today is secondary in drawing power to films themselves, and "there is no theatre that can exist and prosper just on vaudeville," it is pointed out by Fred Myers of the RKO Theatres. At present, RKO is not booking a single vaudeville theatre.

Typical of the decline is that in the Loew Circuit. Where 10 years ago the Circuit provided from 30 to 35 weeks' work, with at least 50 theatres participating, it fell five years ago to approximately 15 weeks work on the same circuit, and now to an average of about two weeks work, with only the State, in New York, and Capitol, in Washington, having a steady vaudeville policy. There are, in addition, spot bookings in Loew houses in Columbus, Richmond, Norfolk, Akron and Atlanta, but these do not account for more than four attractions per house a year.

Personal Appearances

Sidney Piermont, booking manager of the Loew Booking Agency, points out that the people in vaudeville today are typically also in other entertainment fields such as films and radio. And where there were very few percentage deals in formers days, most are today, with vaudeville artists in many cases appearing virtually for a "personal appearance" rather than an act.

There are three types of stage presentations currently used today in houses showing vaudeville. The "name band" policy, which uses a well known dance band as its main attraction, is used at the New York Paramount. The "presentation policy" consists of integrated "units," and is used by the Roxy Theatre, in New York; while "straight vaudeville," consisting of groups of unconnected acts, is often used by Loew's State Theatre, in New York.

Prior to 1929, all vaudeville had been the groups of unconnected acts referred to above, consisting of from five to eight acts. Then, in 1929, the presentation policy came in as a way of varying the normal routine. In 1934, the New York Paramount inaugurated the "name-band" policy after having taken out vaudeville and tried the showing of straight films. The continuing growth in the popularity of well known orchestras, made familiar through radio, has seen a further decline in straight vaudeville as such, although in many cases it is not very different from former presentations, when the pit band went on the stage and acts played in front of it.

The "straight vaudeville" layout today consists typically of five acts. The first number is a group presentation, either acrobatic or dancing; the second a Comedy number; the third a single performer, such as a well known personality or singer; the next-to-closing spot the "big" comedy name, and the closing spot also a group presentation, such as a band, or another acrobatic or dancing number.

Important as Training

The importance of vaudeville as a training ground for films and radio cannot be overlooked, according to Laurence Golde, of the William Morris Agency. Vaudeville trained were such people as Eddie Cantor, Bob Hope, George Jessel, Jack Benny, Sophie Tucker, Mae West, Jimmy Durante, Burns and Allen, Phil Baker, Martha Raye, Ken Murray and a host of others. Today, however, it is said that headliners can't be created any more by vaudeville, simply because there aren't enough theatres showing vaudeville to create them. The many small houses scattered through the country, which had acted as a developing ground for talent no longer show vaudeville, and the troupes touring small situations in past years can no longer exist, in most cases.

Last August the calling of a strike by the American Federation of Actors at the New York Strand held back plans which may have been under consideration by other circuits for the reinstatement of a vaudeville policy.

Warners, until then, had tentatively planned name bands for the Branford, Newark, and the Stanley, Jersey City.

Recent AFA difficulties, latest development of which was the revocation of its charter and the formation of a new union, the American Guild of Variety Artists, by the parent body, the Associated Actors and Artistes of America, have not helped to stabilize the situation, and vaudeville talent today has in many cases shifted into fields such as cafes, hotels and night clubs. The latter is pointed out by Sam Rauch of Fanchon and Marco, which both books and acts as an agency for talent.

The agents handling vaudeville talent have widened their field, due to the necessity of giving more varied coverage to include other fields; and there are fewer independent agents. William Morris, Music Corporation of America, Rockwell-O'Keefe and Consolidated Radio Artists are among the largest today.

A new theatre will adorn the site of the now empty Times-Star building in Cincinnati, Ohio. The 700-seat theatre will be operated by Gifts, Inc., of which Ike Libson is president. His brother, Abe Libson, is vice-president and Ben L. Heidingsfeld, attorney, secretary-treasurer.

Reminiscing of the days when they played two a day at the Palace, capital of an entertainment art now fast fading, these masters of the art were guests of honor at ceremonies marking the demolition of the Broadway theatre's famous lobby. Left to right: Corinne, James Hart of Collins and Hart, Billy Gould of Gould and Suratt; Charles B. McDonald, RKO division manager; Olie Olsen of Olsen and Johnson, Lew Hearn, Al Raymond of Raymond and Calvery, Rose Kessler, Jay Brennan of Savoy and Brennan, Ed West who was on the opening bill of the B. F. Keith theatre in Boston in 1883, and Mae Laval.

Monopol Director Sails; Hoffberg Appointments

Max Sprechter, director of Monopol Films, Holland, sailed for Rotterdam from New York this week after completing negotiations through his representative, the J. H. Hoffberg Company, for the purchase of 30 films. Before sailing he said that this year the independent market is better supplied with the type of product that he required. Mr. Sprecher plans to return to the United States in February to complete negotiations on other deals with Hoffberg.

Robert H. Campbell has been appointed district manager with headquarters in Washington, D. C., to cover Maryland and Virginia for Hoffberg. William E. Sipe of Memphis, Tenn., has been appointed district manager to cover Tennessee, Eastern Arkansas and Western Kentucky. Pat Garyn has joined Hoffberg covering Texas and Oklahoma. In addition, the company recently closed with Excellent Pictures in Detroit for the Michigan territory.

Drake Joins Mercury

Herbert Drake, assistant drama editor and critic of the New York *Times,* will join Orson Welles and John Houseman of the Mercury Theatre August 1st, acting as general coordinator of the Mercury enterprises. Henry Senber will continue as theatrical press representative.

Attack Carnivals

Kansas City exhibitors are protesting the influx of carnivals. E. S. Young, of the Central, Jay Means, of the Oak Park, and Arthur Burke, of the Gillham, appeared before the City Council, in behalf of exhibition.

FILM CRITICS ORGANIZING TO RAISE STANDING WITH PUBLIC, PUBLISHERS

Seek to Improve Standards of Film Criticism and Impress Public with Significance of Motion Picture Criticism

by JAMES P. CUNNINGHAM

A movement is under way to gather from among the 900 working motion picture critics of the country's newspapers sufficient members to organize and operate a mutual organization from coast to coast that would have as its basic purposes the improvement of standards of motion picture criticism in newspapers and impress the public with the real significance of motion picture criticism. As a national group it would be the first of its kind. A lone local organization of film critics is operating in New York, founded some few months ago.

Not a Union

The sponsors of this new association stress that it would have no labor or guild "tinge," that they are unanimously opposed to anything like a film critics union or any association or connection with either the American Federation of Labor or the Congress of Industrial Organization. Although many of the country's film critics are members of the American Newspaper Guild, headed by New York's Heywood Broun, their scale of wages and working hours and conditions are generally far above any of the guild's requirements, particularly in New York, Hollywood, Chicago and other large places.

Last week, some 50 of the newspaper critics, as a starter, received from Merle Potter, critic of the Minneapolis *Journal,* acting for and in behalf of a committee of sponsors, an announcement of the intentions, inviting membership and observations on such a group.

The idea in its most recent form was born out of those many junkets recently conducted for the press to Dodge City, Kansas, for the opening of the Warner picture of that name, to Omaha for the Paramount picture of "Union Pacific," and elsewhere for other productions; several of the more representative ladies and gentlemen who write about pictures for the press deciding that these periodical assemblages around the country were causing them to acquire helpful contacts, knowledge of the workings of their clan, and other things besides forcing them to acquire a spare shirt, a toothbrush and a sound stomach ready for any emergency in galloping away to serve the cinema—and Mr. Lasky, Mr. Mayer, Mr. Zanuck, Mr. DeMille and the brothers Warner, who of late have been unusually generous in furnishing special trains to the inlands for picture premieres.

Would Increase Prestige

Sitting around the pullmans and club cars some of the critics came to the conclusion that they should form some sort of a working organization. At Des Moines the other week, Dorothy Deer of the Chicago *American,* Keith Wilson of the Omaha *World-Herald,* Barney Oldfield of the Nebraska *State Journal,* Buck Herzog of the Milwaukee *News-Sentinel,* Merle Potter of the Minneapolis *Journal,* and others, were diverting themselves at the expense of RKO and the opening of its "Career," when the subject again arose, taking concrete form when Mr. Potter was deputized to select a group of critics around the country for a beginning.

Besides these reasons for using their collective effort to improve standards of film criticism and impress the public with its significance, they would also work to have the critic carry greater weight, compel greater attention from the producers in Hollywood, and, importantly, increase the respect of their editors and publishers for the motion picture departments of newspapers. The motion picture industry itself has down through the years exerted strong effort to improve its position in the news and feature columns of the nation's papers. Despite a pronounced trend toward increasing the amount of advertising space it uses in the newspaper—increasing 50 per cent in the past few years—newspaper publishers have been steadily hitting the industry by increasing lineage rates. At the last investigation made by MOTION PICTURE HERALD, two years ago, it was found that while general advertising rates had been increased but two cents in three years, to 37 cents, motion picture advertising in the same period had been increased from 40 to 47 cents.

The motion picture producer has long been without any organized representation between itself and the working press and it may be that the new group as projected might serve in such a capacity. There have been frequent clashes between groups of newspapers and the motion picture business in a particular locality, over arbitrary increases of ad rates, decreases of space for items on pictures and personalities. In such instances the film critics' organization could be used as "peacemaker."

Only last January, it was said in *Editor and Publisher,* trade journal of the newspaper business, that newspapers which conduct "slipshod" movie pages have "dropped the movie theatre manager into the newspaper picture somewhere between the business office and the editor's desk—making him a 'stepchild' of each."

Screen News Valuable

Citing a reader interest for "good" movie pages topping all other newspaper departments or special pages in newspapers except comics, Loew's, Inc., one of the biggest newspaper advertisers of motion pictures, declared that with the same treatment accorded films as sports and other fields, the movie page can be developed into one of the most valuable newspaper departments, both from the standpoint of public interest and advertising revenue.

The idea of the sponsors of the new critics organization to improve the standards of motion picture criticism has a particular relation to the Loew charges of last January, as written by Art Schmidt of Howard Dietz' home office publicity staff. The report charged that a wide variety of standards for movie pages existed in newspapers. Loew's found publishers, talking "off-the-record," frankly admitting they had not been giving much attention to their movie departments when "it is far below the standard of the balance of the paper," conceding at the same time that it is one of the most profitable departments, and is becoming more so each year.

It was found that the quality standard of movie pages, and the resultant reader interest and circulation appeal, is governed generally in proportion to the publisher's and/or editor's personal understanding of the motion picture business and liking for the movies themselves. Consequently "the local movie manager is neither fish nor fowl, a strange combination of news source and advertiser."

The Loew investigation found that "most motion picture editors or critics throughout the country are thoroughly competent, but, unfortunately, in many instances they contribute little to the page except reviews—they are not consulted (by their editors or publishers) on policy or makeup of the daily page, and frequently haven't the staff to conduct."

It would seem that the solution to many of these faults and complaints could be found through some such group as is now proposed by the movie critics.

Directly involved in the platform advanced for the critics organization are charges made in February, 1938, by John Rosenfield, well known movie critic of the Dallas *News,* who declared that, "The film critic is a highly indispensable feature of a complete publication, but nine out of ten practice their craft in a manner neither fair to their art, nor just to the impresarios, nor faithful to unsuspecting readers who encounter their by-lines." He charged that "film critics are most concerned with their own importance."

900 Critics

In addition to the 900 film critics—an all-time high—now on the records of the press department of the Hays organization in New York, there are today 312 accredited news and magazine writers writing about films from Hollywood.

The new organization would probably have some sort of an official organization publication. "It could be used for a great variety of purposes," it is said, but primarily would be employed to further the four basic aims of the group.

"Those who have discussed the possibilities of a critics' organization have felt that it should be kept independent of any dominating Hollywood influence at all costs. This would naturally include any attempt to dominate the organization by the Hays office," explain the sponsors.

SEES FILMS LOST ART IN GERMANY

Dr. Paul Schwarz, for 10 years New York consul general of the German Republic, in an address at the Fifth Avenue Playhouse, New York, this week said that the prime necessity, the base of artistic production, is liberty. "Let me simply state that most of the pictures which stood for the world-wide reputation of German motion-picture art have been produced before 1933," he said.

The occasion was the presentation of pre-Hitler motion pictures at the current Second Annual International Film Festival being conducted at the Fifth Avenue Playhouse.

Shine Gets Ross Post

Set Club Golf Date

The Cincinnati Variety Club's annual golf tournament is tentatively set for August 15th. Joe Goetz, assistant division manager of RKO Midwest, is general chairman.

Harry Balaban Proposes a Solution To Duals Problem, Says It Works

In the middle of a new general discussion within and outside the industry on the question of double bills, Harry Balaban, Chicago operator, comes forward with a new form of program to take the place of doubles, using, instead, one feature and a group of shorts presented in a most unique manner. It has been in the testing stage, and after weeks, Mr. Balaban says it works, not only maintaining regular box office business in the heart of a dual-infested area, but actually increasing receipts from ordinarily bargain-hungry Chicago moviegoers.

For years Chicago owners have been arguing and fighting over the duals question. The independents have refused to eliminate the practice because the circuits would not. At other times the opposite was the case.

Mr. Balaban's single feature at the Esquire theatre, where the test is being conducted, is supplemented by an hour of varied shorts, advertised as the "Esquire Hour." It is promoted and advertised in the newspapers, in precisely the same way that a normal feature would be.

The "Esquire Hour" is anything but a random collection of short subjects; it is an attempt at a balanced, unified program in which the various films form one homogeneous production. The general plan has been to present a full "hour show" which might compare in quantity to a second feature, and might excel it in quality. The shorts are picked painstakingly from all available material, and are altered, cut, edited and blended so that they may in essence make a completely unified 60-minute feature. Each short film leads naturally from one to the next, with the smooth progression of the reels of a normal feature picture; special introductory preludes or trailers are devised and presented to establish an easy connection between overlapping and related parts of the "hour show."

Editorial standards of the "Esquire Hour" are rigid. Superfluous credits, or titles, are eliminated from every short. A travelogue will be introduced by a screen caption reading: "The Esquire Hour takes you on a voyage to Bland Island." The evening's program always opens with a presentation of late news, although this may be re-edited and rearranged to fit in with the subject which is to follow; the last news flash, for example, may be that of a championship tennis match, which leads directly into an ensuing sports short on lawn tennis pointers. The whole attempt throughout is to avoid any conscious feeling of abruptness or inharmonious transition, and to develop the psychology of a group of shorts forming, in essence, a single 60-minute entertainment feature.

The theatre management attempts to solicit reactions and special preferences of all patrons, to be represented and reflected as the schedule of shorts for subsequent weeks is being made up.

What the final effect of the success of this type of program may be remains speculative. The only certainty at present is that Chicago exhibitors and distributors who have become aware of the experiment are watching it with more than casual interest.

Pathe Honors Dafoe At Cocktail Party

With Dr. Allan Roy Dafoe as guest of honor, RKO-Pathe held a party in its New York offices on Tuesday afternoon, to mark the premiere of "Five Times Five," RKO short, at the Music Hall on Thursday.

The Dionne Quintuplets, for whom Dr. Dafoe was the delivering and attending physician, are starred in the picture.

Among the guests at the party were Gus Eysell and Fred Lynch of the Music Hall staff; Colvin Brown, vice-president and general manager of Quigley Publications; Jack Alicoate, publisher of Film Daily; John Johnstone of Station WOR; Bud Fox of the Bud Fox enterprises; John Mosher of the New Yorker; and Martin Starr, of Station WMCA.

Hosts, for Pathe, were Frank R. Donovan, production manager; Harry Smith, Clarence Ellis, Louise Rousseau, and Mary Shannon. From RKO, there were Rutgers Neilson, Michael Hoffay, and Harry Michaelson.

Universal to Distribute For Associated British

Universal has closed a two-year contract with Associated British to deliver ten pictures annually for distribution in New Zealand and Australia it was announced by Joseph Seidelman, Universal's foreign department head, as he arrived in New York last week aboard the Ile de France. "The Beachcomber," distributed in the United States by Paramount, is one of the Associated pictures that will be handled by Universal in New Zealand and Australia.

Mr. Seidelman also announced that the European territory has been divided into two divisions, with Ernest Koenig placed in charge of the Latin division, which includes France, Spain, Portugal and Belgium, and Louis Foeldes made manager of the Central Europe division.

Business in England, Mr. Seidelman said, is relatively better than it is in the United States. Current year's business is far ahead of last year, he added, and returns from Continental Europe are highly satisfactory.

Delay in Selling Shows Film Buying

(Continued from page 14)

ters with the speedup in new season selling activities, and particularly that involving subsequent run accounts.

New season license agreements reveal very few innovations or changes. Most agreements retain a 15 and 10-cent minimum admission clause; some weekly payment plan for short subjects, newsreels and advertising accessories, and a provision reserving the right to the distributor to require certain features to be shown on single feature programs.

Most contracts contain the distributor's warranty that no advertising matter for which compensation is received has been included in the pictures licensed. Provisions are also made in most new agreements for release of a lesser number of features during the entire season than the number announced at the outset and specifies that announcements of production plans are not warranties that all pictures so referred to will be released during the season.

New license agreements omit reference to a score charge. However, cancellation provisions on the basis of the new industry trade practice code and warranties as to the non-forcing of shorts with features are not included. The old 10 per cent cancellation clause, conditioned upon the status of the individual contract, remains in most of the new season agreements.

These, of course, will be amended by the addition of the new trade practice provisions if and when legal means of making the code effective have been determined.

March of Time's Industrial Shown

The first industrial picture produced by a new commercial production department set up by March of Time was previewed by advertising men Monday night at a showing of a complete motion picture program prepared by J. M. Mathes, Inc., for National Carbon Company's Prestone. The program will be screened at dealer conventions throughout the country.

The Time picture, documenting the production processes of Prestone anti-freeze and the research conducted to maintain its quality, marks the magazine-newsreel's entry into the commercial field. The picture was directed by Beverly Jones. Discussing plans for the new department, executives of the company said that production would be confined entirely to industrial and sales training pictures and that none would be produced for theatrical showings. Negotiations at present are under way to produce a film for Chesterfield cigarettes.

The Prestone program includes a "Coming Attractions" reel pointing out to dealers new selling points for the product, made by West Coast Sound Studios, and a four reel feature, "Rip Van Winkle, Jr.," also produced by H. Christianson of West Coast, producers of Prestone and Eveready flashlight commercials. The program starts with a Walt Disney Mickey Mouse cartoon released theatrically several years ago.

No plans for showing the program or parts of it beyond the scheduled dealer conventions have been made.

FILMS FACE STILL MORE ATTACKS, IN CONGRESS, COURTS, GOVERNMENT

Department of Justice Discloses Plans for Grand Jury Probe; New Attack Promised in Congress; New Trust Suit

With controversies continuing within the industry over the code of fair trade practices, some 40 independent and three United States Government anti-trust suits pending in the federal courts, and an anti-block booking measure, the Neely bill, passed by the Senate and under consideration in the House, the motion picture industry this week became even more embroiled with fresh attacks, actual and threatening, breaking out in Congress, in the courts and in various Government departments.

The Department of Justice now promises a Federal Grand Jury investigation of the industry in Los Angeles, with a new monopoly suit there and demands made for action on film labor matters, also on alleged film tax deficiencies.

Congressman Lyle H. Boren this week declared that when the House gets the anti-block booking bill for consideration, he will move for a drive for legislation to divorce film exhibition from distribution interests.

Investigation of the Fox Theatres receivership has been started by the Federal Bureau of Investigation, as a result of the Judge Manton case.

Alabama independents now charge the majors with violation of the anti-trust laws, adding to the three suits filed only last week, in Kentucky, Maryland and Texas.

Counsel for the major defendants in the New York trust case are preparing to fight the Government's move in the courts to advance the suit to early trial, the U. S. seeking a November 1 date on the calendar.

Murphy Discloses Coast Actions

Disclosure that a new U. S. Government attack on the motion picture industry is expected to be initiated in Los Angeles in September, when the Department of Justice will go to a Federal grand jury with a new monopoly proceeding and a demand for action on coast film labor matters, was made by the Department of Justice at Washington this week.

Both matters, it was declared by Attorney General Frank Murphy, are in the hands of Department officials on the Coast and will be acted upon at such time as they believe propitious.

A third matter involving alleged income tax deficiencies of some industry leaders, including Joseph Schenck, William Goetz and Darryl Zanuck, will be decided shortly, Mr. Murphy said following conferences next week with the principals and their attorneys. The decision to be made is on the type of action to be taken. The matter involves alleged tax evasions by the setting up of trusts to which were transferred profits arising from transactions entered into by the film company officers in connection with the Twentieth Century-Fox merger, it was said.

Both the monopoly and labor cases have been under investigation for a considerable period, and the announcement that it was intended to bring action was not unexpected. Involved in the former is the 1932 consent decree, by Fox West Coast Theatres, which independent exhibitors long have complained was being violated, but there are intimations that the proceeding will be broadened to take in also matters which are the subject of attack in other pending suits against the industry.

The labor case is said to revolve around an alleged understanding between union leaders and the producers, to head off a threatened invasion of the Hollywood labor field by the CIO. (That "invasion" by the CIO has begun, as reported on page 29.

SHORTS VS. DUALS COMES UP AGAIN

Metro-Goldwyn-Mayer last Saturday morning dedicated Leo the Lion, Jr., a little cub given to it by the Lions Clubs of America, to serve as a living trademark for the company's "Junior Features"—short subjects. The dedication took place at the Court of Peace at the New York World's Fair, where delegates to the Lions convention had gathered for the purpose.

With Frank Buck, Johnny Weismuller, James Stewart, Bert Lahr and others participating in the ceremonies, Edward L. Kuykendall, president of the MPTOA, injected a trade note into the discussions when he hit out for shorts and a single feature as against double feature bills. The public attending gave him a receptive hand on the keynote.

"If all shorts were good," he said, "there is no question in my mind that they would soon supersede double features, because I am firmly convinced that the average person would rather see several good shorts and a good feature rather than two features, one of which was made specifically for the purpose of filling in the necessary number of program minutes."

Boren's Threat and The Neely Bill

Disregarding the fast-approaching closing of Congress, Congressman Lyle H. Boren (Dem., Okla.) this week stated at Washington that consideration by the House of Representatives of the Neely block-booking bill, already passed by the Senate, will be made the occasion for a drive for legislation divorcing exhibition from production and distribution.

As the block-booking legislation reached the House from the Senate, Congressman Boren submitted for the record a brief defending the constitutionality of his divorce proposal which, however, has not yet been formally introduced.

The two measures, he declared, complement each other "and have in common the goal of a positive effect, to stimulate the production of better pictures, which goes beyond, and may render less necessary the negative effects of censorship laws."

His bill, the Congressman explained, is designed to separate production and distribution from exhibition. "Its principal substantive provision prohibits the operation of motion picture theatres which are owned or controlled by producers or distributors or in which producers or distributors have an interest," he said. "In aid of enforcement it is required that every exhibitor, as a condition of lawful operation, shall file annually with a designated state officer an affidavit to the effect that the requirements of the law are being complied with. Criminal penalties are imposed for violations, and provision is made for civil proceedings, after the manner of anti-trust actions, to prevent and restrain violations. The effective date is deferred until one year after enactment."

Admitting that the important constitutional question of whether the due-process clause of the Constitution would be violated by such a law, Representative Boren held that similar legislation has been enacted by Congress in the past for other industries and has been held valid by the courts.

Cites Other "Divorcements"

The separation of banking from the investment business, the divorce of railroads from coal mining, he contended, afford precedents for the divorce of exhibition from distribution.

"There is nothing novel about the power exerted in the bill, but on the contrary it is merely the application of a long-known and well-recognized power to new conditions," his memorandum asserted.

"It is primarily, but not solely, a matter of legislative judgment whether such evils exist as should be corrected and whether the means selected for their correction have a real and substantial relation to the ends sought to be attained."

Boren contended, further, that the motion picture industry, particularly the operation of theatres, is affected with a public interest.

"That the motion picture industry has risen to become the subject of a vast public interest is beyond dispute," he declared. "Equally certain is it that there is widespread concern about the industry and its influence upon the public. This concern has been manifested in many ways.

"In view of the many quarters in which concern about motion pictures, particularly the exhibition end of the industry, has been manifested, and in view of the proven influence of pictures upon the manners, dress and morals of the people, it would be difficult to discover an enterprise more aptly fitted to the category described by the court in Wolf Packing Co. v. Industrial Court."

Since the states have ample power to control motion picture exhibition, Boren held, there would be no difficulty in administering the measure under which theatre owners would report to state, rather than Federal, officials.

"Little, if any, apprehension need be felt in regard to other constitutional objections which may be urged against the bill," he said. "Thus it raises no question under the commerce clause, since, designed only to regulate exhibitions within the state, its effect upon interstate commerce will be only indirect. The contracts clause presents no problem, because, first, to the extent that the distributor-exhibition contracts in the motion picture business are for terms of one year or less, the delay of one

(*Continued on following page*)

(*Continued from preceding page*)

year in effective date provided in the bill would prevent it affecting those contracts; and, second, all private contracts are subject to the exercise of the state's police power. Nor is the bill objectionable under the equal-protection clause," he concluded.

Key to Neely Bill Rests in the House

A majority of the members of the House of Representatives are agreed that something should be done to quiet complaints of monopolistic practices in the motion picture industry, but there appears to be a decided difference of opinion as to whether the best approach to a solution is through the Neely bill or enforcement of the anti-trust statutes, according to word from Washington this week.

If the Neely bill were brought up on the floor of the House, it is felt in Washington that it probably would receive enough votes to insure its passage. But there will probably be no action on the measure until next session and by the time it is taken up for consideration it is possible that a decision will have been rendered in the Government's New York suit.

Control of legislation is more securely in the hands of leaders in the House than in the Senate. This was evidenced during the current session, when Representative Clarence F. Lea of California, chairman of the Interstate ond Foreign Commerce Committee, successfully repelled efforts to force action on the block booking legislation sponsored by Representative Andrew Edmiston of West Virginia and Francis D. Culkin of New York.

The California Congressman this year said he would not take action on the bill without hearings and that the committee had too much more urgent legislation to handle to permit the holding of a lengthy investigation of the film industry's troubles.

The suggestion has been heard in Washington that if the bill is not brought up for consideration it may be forced out of committee by petition. Such a step is resorted to only occasionally, when a committee deliberately attempts to hold back legislation in which a large number of members are interested.

Such a move would not avail at the present time, since the few remaining days of the session would not permit the holding of hearings. In other words, the charge that the committee has put the bill on ice would not stand up, and, in fact, there is no disposition on the part of House sponsors of the measure to make such a drastic move, according to observers.

Majors To Fight Early Trust Trial

With a battery of Washington and New York government lawyers, the Department of Justice was ready Tuesday to argue in Federal Judge John C. Knox's District Court in New York for a motion to set November 1st as the date for the trial of the Government's suit against the majors. Apparently when it appeared that the majors were equally ready to contest the action—the majors want a Spring, 1940 trial date—the hearing was put over to August 1st to allow for a meeting Friday between the film lawyers and Paul Williams, U. S. Assistant Attorney, to explore the possibilities of arriving at a date in between that will be satisfactory to both.

Mr. Williams, in charge of the case, bases his plea for a preference on the ground that the case is of great public interest and that anti-trust suits are entitled to early trials.

In his affidavit, Mr. Williams declared that the film industry "has become one of great importance not only because of the large amounts invested therein, and the large number of individuals who are now engaged in the industry, but also because of the tremendous influence that is exerted by motion pictures over the social, cultural and education advancement of the people.

Mr. Williams also pointed out that Section 4 of the Sherman Act provides that "the court shall proceed as soon as may be, to the hearing and determination" of anti-trust cases, and asked that the case be "expedited in every practicable way."

Defense counsel are urging that the case is not of such extraordinary public importance as to require a preference and will resist the November 1 date on the ground that the defense could not be prepared sufficiently by that time. The case is now number 394 on the calendar and, in normal course, would be reached for trial about March, 1940, without a preference.

Pre-trial examinations will be kept to a minimum, Goverment attorneys indicate, and may be abandoned altogether in an effort to speed the trial. United Artists has already been examined, but the examination has not been formally closed. Exception was made in the case of U. A. because that company refused to respond to a questionnaire.

Meanwhile, Columbia's motion for a further bill of particulars from the Government in the New York anti-trust suit, was denied by Federal Judge John M. Clancy Thursday.

The cryptic decision denied the motion "in all respects," holding that the Government had given "reasonable compliance" to Federal Judge William Bondy's order for an original bill of particulars from the Government. The court directed that Columbia file its answer within 10 days.

In addition to asking further particulars of the anti-trust law violations with which it was charged, Columbia asked that portions of the Government's complaint be eliminated for failing to comply with Judge Bondy's order; to strike out parts of the Government's bill of particulars as being "sham and frivolous"; to forbid the Government from offering evidence on items which it failed to answer in its bill of particulars and to eliminate reference to Columbia's part in the Interstate Circuit case on the ground that the case has been disposed of.

A similar application for a further bill of particulars by United Artists is still pending before Federal Judge Edward A. Conger.

FBI Investigating Fox Receivership

The Federal Bureau of Investigation has been conducting a secret inquiry into the receivership of the Fox Theatres Corporation, it was learned in New York Saturday during a proceeding before Judge John C. Knox, of the Federal Court there. The corporation went into voluntary bankruptcy in 1932 with assets of more than $30,000,000 and claims against it of more than $38,000,000.

The proceedings Saturday revolved about an application by Robert Aronstein, of the creditors' committee, and Gustavus A. Rogers, of the stockholders' committee, for permission to use the corporation's funds for an investigation of the conduct of Milton C. Weisman, former receiver of the corporation and now one of the trustees in charge of its dissolution.

Mr. Weisman had been appointed receiver in 1932 by former senior Judge Martin T. Manton, of the United States Circuit Court of Appeals, who was recently convicted of selling his judicial influence and was sentenced to two years' imprisonment and fined $10,000. Judge Manton, sitting as a district judge, had conducted the receivership proceedings until January 30 of this year when he ordered the corporation dissolved and Mr. Weisman and Kenneth P. Steinreich appointed trustees of the corporation's assets.

Mr. Weisman's final report as receiver, filed on April 4 last, set forth that of the $38,400,000 worth of claims against the corporation, only $8,100,350 were allowed, a claim of $7,186,627 of William Fox being still in dispute. Of the reputed $30,000,000 worth of assets in the corporation at the time of its bankruptcy, there is said to remain only $1,000,000 today, although creditors received dividends totaling only eight per cent of their claims, with promises of a possible five per cent more upon closing of the dissolution.

Mr. Aronstein and Mr. Rogers charge Mr. Weisman in their application with negligence and wastefulness in the handling of the corporation's affairs and asked the court to take its remaining assets out of Mr. Weisman's and Mr. Steinreich's hands and place it in the hands of another receiver. In the course of the hearing Jerome Doyle, Assistant United States Attorney General, disclosed that the Federal Bureau of Investigation had been delving into the whole subject and had not yet completed its inquiry.

Judge Knox announced that he would reserve decision on the application pending the outcome of the government's investigation.

Latest Trust Suit From Alabama

A suit for $100,000 against 11 defendants, charging that they conspired to monopolize the motion picture business at Athens, Ala., and to destroy his business there, has been filed in U. S. District Court at Birmingham by M. M. Buchanan and his Buchanan Amusement Company.

The defendants named are: Muscle Shoals Theatres and Louis Rosenbaum, its president; Crescent Amusement Company, Paramount, RKO Radio, Warner Brothers, Vitagraph, Twentieth Century-Fox, Loew's, Metro-Goldwyn-Mayer and United Artists.

The suit charges Crescent and Muscle Shoals Theatres entered into a scheme to prevent the opening of a house which the plaintiff was remodeling "with a deliberate and avowed purpuse of putting the plaintiff out of business."

The two theatre defendants are alleged to have conspired with the major defendants not to sell the plaintiff pictures.

Suit Against Majors Started in Philadelphia

A suit brought by Eugene Mori, owner of the Landis Theatre, Vineland, New Jersey, and several of the community's officials, against Warner Brothers theatres and the majors, started in U. S. District Court in Philadelphia on Tuesday.

Harry Shapiro, attorney for the plaintiffs, asserted that Warner officials had warned Mr. Mori against opening a theatre in opposition to the two circuit houses in Vineland.

Mr. Shapiro tried to illustrate the allegedly bad business practices of the defendants in other territories; but Judge William Kilpatrick directed him to confine his complaints to the Vineland situation.

Among witnesses appearing this week were Frank MacNamee, RKO exchange manager; A. J. Vanni, Warner zone manager, and Edgar Moss, Twentieth Century-Fox exchange manager.

KUYKENDALL LOOKS AT CODE, SEES IT ACCEPTABLE TO 90% OF OWNERS

Meets with Rodgers and Reports Back That Changes Have Been Made; Majors Also Meet with N. Y. Allied; Cole, Cohen Talk

First formal statement from within meeting chambers since the majors started this last time to re-draft their trade practice code, came Tuesday from Edward L. Kuykendall, who, as president of the MPTOA, met twice with William F. Rodgers on further suggested code changes, and, after the second meeting, Tuesday morning, issued a formal statement on their re-drafting progress, reporting that "90 per cent of the theatre owners of this country will accept the revised code."

Completed Draft Nearly Ready

The majors were continuing their re-drafting, which, in this instance, has been going on for several weeks. The industry was expecting announcement any day of completion of the final revisions, verification of this coming from Mr. Kuykendall's disclosure that Mr. Rodgers had assured him that the complete draft would be ready in time for a southern exhibitors meeting on August 9th, and that at the same time the majors would announce an effective date.

From elsewhere it was learned that that effective date will be September 1st.

All sides were moving swiftly codewise this week, with the MPTOA winding up its conversations with the majors, the majors then turning to code conversations with a special committee of New York Allied, which favors a code, as against complete rejection by the parent national Allied.

In this connection, it appeared significant this week that the majors have been receiving letters from individual Allied members elsewhere stating that they will disregard national Allied's rejection.

Also, Colonel H. A. Cole, national Allied president, and Max A. Cohen, New York Allied president, met in New York Tuesday to talk over the code situation as it involves both organizations.

On Tuesday, Mr. Cohen started negotiations with the distributors' code committee for "a fair" trade practice code for the state of New York.

Colonel Cole, said Monday that Allied's convention action of rejection of the code has been endorsed by several of its state units which have gone on record as "unalterably opposed" to the code.

At an open meeting of Allied States Exhibitors Association of Southern California, Arizona and Nevada, in Los Angeles, this week, secretary James Quinn condemned the code and urged exhibitors to join Allied and wage a militant fight.

Kuykendall's Statement

Complete statement of MPTOA's Kuykendall, following his meeting with the majors' Mr. Rodgers, follows:

"The various objectionable features in the code so far as MPTOA is concerned were discussed at length and the revised code will be more acceptable than the previous one but will still not contain some of the things that MPTOA insists should be in it. However, it is a step in the right direction and contains many things that are for the good of the industry as a whole and especially for the theatre owners of this country.

"The arbitration clause has been improved upon as compared to the last one printed. Several of the 'bugs' have been taken out of it. It is better languaged, therefore more easily understood by the average layman.

"There is yet considerable work to be done but Mr. Rodgers assured Mr. Kuykendall that he would have a complete draft ready for the meeting to be held by Southeastern exhibitors in Atlanta on August 9th, and at the same time would be ready to announce where the first arbitration boards would start functioning as well as giving a definite outline as to how the membership of these boards would be selected.

"Mr. Kuykendall is of the opinion that 90 per cent of the theatre owners of this country will accept the revised code for what it does contain and the advantages it will bring to theatre owners not as a final objective of the theatre owners but as a beginning of a happier relationship between exhibition and distribution because it is hard to believe that any theatre owner, regardless of affiliations, would reject something that he needs so badly.

Canadian Conferences

The proposal for a consideration of grievances of independent theatre owners of Canada with respect to alleged excessive clearance and priority procedure by the Conciliation Committee of the Film Section of the Toronto Board of Trade, definitely has been turned down by the Anti-Protection League of Canada. Arrangements are being made by the latter for the holding of the first All-Canada conference of independents in Toronto at the end of August to plan a course of action.

The Conciliation Committee suggestion has been rejected on the ground that the individual exhibitors are not adequately represented in that organization and also because the league has not yet been fully organized for a show of strength in backing up its claims. Organization work is under way in all parts of the Dominion and the convention at Toronto is expected to show maximum representation of privately owned theatres.

In turning down the offer of an immediate discussion of grievances with a view to adoption of reforms, the league has replied that an entirely new conciliation board for the whole Dominion, giving the independents balanced representation in a body that will be vested with final powers to draw up new clearance schedules and to enforce decisions in other problems, will be necessary. This new national committee would also have to take the scope of an appeal board to which regional committees would refer findings on local issues for final approval or revision, it is declared.

UNUSUAL CIRCUIT DEAL ARRANGED

The success scored in England in the pre-release engagements by Alexander Korda's "Four Feathers" and Samuel Goldwyn's "Wuthering Heights" has inspired "the most amazing" circuit contract ever made in that territory, Arthur W. Kelly, vice-president of United Artists, said in New York this week.

As a result of a deal made by Ted Carr, joint managing director of United Artists in England, he said, each production has been booked by the Gaumont British and the Odeon circuits to play simultaneously in all their theatres, even in those situations where the circuits are in direct opposition to one another. "The terms obtained for each film are the highest that have ever been paid for a picture in Great Britain," he added.

Mr. Kelly estimated that the ultimate gross for each picture in Great Britain alone would be close to the million-and-a-half mark in dollars—which, he said, "would be a record for the country, with the possible exception of 'Snow White'."

MPTOA May Drop Convention

The Motion Picture Theatre Owners of America may dispense with a national convention this year unless arrangements are completed shortly for a meeting in one of the larger Pacific Coast cities.

Western Pennsylvania MPTO, the Connecticut MPTO and Allied States of New Jersey this week set dates for meetings.

The national exhibitor group is now discussing arrangements by which a three day meeting would be held in San Francisco in October, permitting MPTOA delegates to visit the Fair there and then continue to Hollywood. If these plans are not consumated, it is unlikely that a national convention will be held this year.

The Allied Theatre Owners of New Jersey will hold their 20th annual convention at the Ritz-Carlton Hotel, Atlantic City, September 6th to 8th.

E. Thornton Kelly, executive secretary of New York Allied, has been appointed convention manager. Lee Newbury is chairman of the convention committee.

The Motion Picture Theatre Owners of Western Pennsylvania will hold their annual convention October 23rd and 24th. Both Colonel H. A. Cole, president, and Abram Myers, general counsel of National Allied, are expected to attend.

Over 150 motion picture guests and their friends are expected to enter the annual film golf tournament at Racebrook Country Club, New Haven, August 1st, under the auspices of the Connecticut MPTO.

Irving Jacocks, Jr., president of the exhibitor organization, heads the committee.

Nebraska-Iowa Pool

The Motion Picture Theatre Owners of Nebraska and Western Iowa, which has started a membership campaign, has been reported to be interested in the formation of a buying pool. Present membership of the organization is reported as less than 100.

OTTERSON HEADS NEW COMPANY TO DEVELOP "TELEVISION BY WIRE"

Solution to Difficulties of Power and Range Claimed; Operations to Start in East; Patent Interests Are Acquired

The first public "wired television" bowed in this week, called the Radio Wire Television Corporation, under John E. Otterson, former president of Paramount Pictures, Electrical Research Products and Winchester Repeating Arms Corporation, and who lately has been the president of Tri-National Pictures, foreign films importers.

Merger of Companies

The new corporation includes the former holdings of Wire Broadcasting, Inc., Wholesale Radio Service Company, Inc., and their subsidiaries. Papers of incorporation were filed on July 20, in Wilmington, Delaware.

Principal subsidiaries of Wire Broadcasting are Teleprograms, Inc., of New York; Telemusic, Inc., of New York; Wire Programs, Inc., of Delaware; Muse-Art, Inc., of Pennsylvania; Wire Broadcasting, Inc., of Pa.; Tele-Vision-Music, Inc., of Washington, D. C.; These will continue operating under present titles. They supply music by wire to hotels, clubs, industrial plants, homes, restaurants and barrooms.

Wholesale Radio, Inc., the other principal in the merger, operates retail outlets for merchandising of radios and equipment, phonographs, records, and photographic supplies. These will be re-named after the parent company, and stores in each state will be identified in their titles, by the state.

Would Overcome Range

The operations of the new television service are predicated upon the difficulties encountered by radio television engineers. Almost insuperable are two of these difficulties: increasing the transmission of radio television images beyond the sight range, and the corollary of setting up a television network.

Technical opinion generally concedes network television possible only with costly relay stations—or with almost equally costly special "co-axial" cable. Special experiments, not concluded, by A. T. & T., have pointed the way to use of telephone wires.

The new corporation is being built on the assumption of the practicability of such. In remarks this week on the new company's plans, Mr. Otterson asserted:

"Every current technological trend points to the ultimate distribution of entertainment by wire. Particularly is this true in the case of television, where, according to leading scientific authorities, the transmission of images beyond the horizon presents great difficulties. Not only can wire networks bring radio and television into any home in America from a central point, but this can be achieved without interference by static or other forms of atmospheric disturbance.

"At present, our operation is limited to key cities on the Atlantic seaboard. In the near future, however, we hope to extend our services on a nation-wide basis."

Interest in Patent Companies

Mr. Otterson also pointed out an additional advantage to wired entertainment. The listener, he said, will be able to govern the choice of selections by the broadcaster.

"Wired television" has the same principle as Muzak's "wired music," controlled by Warners, which pumps special wired music into homes and public places.

The new company says it has obtained a full interest in the Transformer Corporation of America, manufacturers of radio and electrical products; Tele-Capital Corporation, financiers; and the Syndak Corporation, which is reported owning a large group of patents on motion picture projection, sound and lighting. As with the subsidiaries of the Wire Broadcasting, these units also will continue operations under their own titles.

The new organization also has the rights to the World Broadcasting System library of music.

Vice-presidents of Mr. Otterson's latest venture are J. R. West, president of Wire Broadcasting; and A. W. Pletman, president of Wholesale Radio.

Gross business done by the new company's subsidiaries during the past year is estimated at $4,000,000. Wall Street rumors this week said that about $6,000,000 was being floated to underwrite the new amalgamation.

While these plans were being announced, the newly launched radio television industry, which first stirred into life on April 30 when the National Broadcasting Company began its first regular television service to the public, appeared to be stagnating.

The *Wall Street Journal* reported a lull in sales. The "lull" in plain fact, does not even mean a sharp decline in sales of television sets. From available reports, the public never did flock to the sale counters. The *Journal* reports radio dealers as not even "pushing" sales of television receivers; and that the whole industry appears to be "marking time," until the fall.

The vicious circle which analysts of the situation described earlier this year appears to be in effect. Manufacturers realize set sales will increase with lowered prices. But they cannot lower set prices until consumer demand rises. Consumer demand will not rise until there are better programs. The National Broadcasting Company cannot offer better programs without help of sponsors. But it cannot obtain sponsors, without the permission of the Federal Communications Commission. And the Commission is not willing to grant commercial licenses until the industry is standardized, and "full-grown."

However, despite the apparently disappointing sale of sets, the National Broadcasting entertainment plans proceed. An earlier difficulty which the company faced was the obtaining of films, in lieu of flesh and blood entertainment. This has been remedied, partly, by a supply of films from independent companies, after the major motion picture distributors, unwilling to antagonize exhibitor accounts by helping a rival industry, exerted an unofficial "boycott" against the television industry.

Adds Two Film Features

Last week, NBC obtained rights for one performance each, to "Hell's Angels" and "Abraham Lincoln." These are for August presentation. Each picture will be presented in two installments on consecutive evenings.

At present, NBC has the rights to about 40 features.

NBC is concentrating on use of its mobile transmitting units, for special events. It is telecasting tennis matches, auto races, and feature material.

It is also spending money for "live talent" at the rate of $115,000 per year, a breakdown this week showed. Its weekly expense for both live and film material is about $2,500.

At the National Association of Broadcasters Convention two weeks ago in Atlantic City, the Radio Corporation of America demonstrated "two-way" television, speakers hearing and seeing each other from widely separated floors of the convention hotel.

The RCA demonstration at the convention, and its show of equipment, occupying four large rooms, resulted in the sale of its television demonstration equipment to Station KSTP, of St. Paul.

Another technical item this week appears to be the development by the DuMont Laboratories of a cathode tube through which signals can be transmitted, and received.

In Kansas City, the first public showing of television occurred two weeks ago, in Katz's Drug Company store, with the aid of the First National Television Company (W9XAL).

New Companies Formed

New television corporations are being formed almost weekly. A late incorporation is that of the Ford Marine Telephone and Television Corporation at Albany, New York, with $10,000 of authorized stock.

Earlier this month, Thomas S. Lee and Lewis Allan Weiss, president and vice-president of the Mutual Don Lee Broadcasting System, publicly warned against purchase of "questionable" television stock.

From England, it is learned that doubts are spreading about the efficacy of large screen theatre television. A survey pointed out that most special events occur in the afternoon, during which theatre attendance is drastically cut. The same survey called attention to the fact that theatre operators pay continuously for television equipment which is used seldom.

However, installations of large screen television in theatres of that country, continue. Baird Television recently announced installations for the Gaumont, the Gaumont Palace, and the Gaumont Palace, these three being in different sections of London. Scophony, a rival English television concern, announced a television installation at the Swiss Cottage, a London suburban theatre.

At a meeting of the Bristol and West of England branch of the Cinematograph Exhibitors' Association, fears were voiced that television home sets in England, if the present rate of use continues, might cut theatre attendance as much as 25 per cent.

BRITISH NEWSREELS CONSIDER TELEVISION

The British Newsreel Association, representing five newsreel companies, will consider the practicability of compiling bi-weekly issues extracted from Paramount, Movietone News, Gaumont British, Pathe and Universal for regular use by the British Broadcasting Company. The suggestion follows the adamantine objection by exhibitors for the continued loan of the newsreels identical to those regularly released to theatres. The new idea would possibly prevent production and dissemination of the British Broadcasting Company's own newsreel which is tentatively and unofficially contemplated.

FAMOUS PLAYERS MEET, 400 STRONG; CONFIDENCE IN FUTURE STRESSED

First Coast-to-Coast Session Marks 21st Anniversary of Circuit; Nathanson Tells Plan to Increase Bonus Payments

by A-MIKE VOGEL
in Niagara Falls, Ont.

The new season, officially designated by Famous-Players Canadian Theatres as "Record Royal Year," was given a royal send-off by 400 managers, home office executives and guests at the General Brock Hotel, Niagara Falls, Ontario, for a four-day meeting that started on Monday, to celebrate the company's first coast-to-coast managers' conference since 1927 and the 21st anniversary of the circuit founded in 1918 by N. L. Nathanson, president.

Confidence Expressed

The occasion, which differs from previous years when annual meetings were held for the circuit's eastern managers in Toronto, followed by regional conferences in the west, was marked by announcement of plans for the coming year.

Confidence in the future of the company and of the industry was expressed by Mr. Nathanson who said at the opening session, "Regardless of world conditions the motion picture business is still the best business and we know in Canada that we represent the best in Canada. You are in an industry second to none in your community."

The founder further made known his feelings in the last business meeting on Thursday to the managers assembled to receive their bonus checks earned by the theatremen in the current year and personally distributed by Mr. Nathanson. "I have been asked how this bonus system is really working out," he said. "My best answer is this: I am going to continue it as long as I am president of this company. Not only am I going to continue it but I am planning to further it."

The Famous-Players Canadian personal participation plan, now in its sixth year of operation, was conceived by Mr. Nathanson and J. J. Fitzgibbons, vice-president. It allows managers a percentage of extra grosses obtained over a 12-month quota mutually agreed upon between the manager and home office. Based upon neither net earnings nor net profits of theatres, the plan makes it possible for managers in similar situations to share as importantly as those in the larger spots.

Extra Awards Announced

In addition, it was announced that for the months of September, October and November an extra compensation contest would be inaugurated which would allow the manager to participate in cash awards totaling $5,000.

To celebrate the return of Mr. Fitzgibbons, after a long illness, the managers on Wednesday night attended a surprise dinner in his honor. Mr. Nairn on behalf of the managers and officers of the company presented Mr. Fitzgibbons with a dozen sterling silver plates engraved with his name. A hand-tooled illuminated leather volume containing addresses and signatures of the managers was given by men of the company. In reply, the vice-president expressed his pleasure at being able to participate in the activities and thanked the managers warmly.

An added surprise was the presentation to Mr. Nathanson of a scale model of the "Blue Nose," famed Nova Scotia racing schooner and a 20-inch black slate totem pole, the only one of its kind on the Pacific coast. These gifts were symbolic of the expansion of the company's operations from Glace Bay, Nova Scotia, to Victoria, B. C., a difference of 4,000 miles.

For the opening session of the first day, the managers from the east and executives of the company met the special cars bearing the western and Pacific company's managers. Groups were greeted by Mayor Carl D. Hanniwell.

The opening day sessions were inaugurated by roll call and meetings were in charge of Clarence Robson, chairman in addition to T. J. Bragg, secretary and treasurer, R. W. Bolstad, comptroller, Morris Stein, Ben Geldsaler, Larry Bearg, R. S. Roddick, Frank Gow, Eddie Zorn, newly appointed district manager for Manitoba, Alberta and Saskatchewan.

Conduct Group Discussions

During the fourth day session, advertising, theatre operation and maintenance, home office and bookings were among the topics discussed. For the group discussions, the managers were divided into six groups under Morris Stein, Clarence Robson, R. S. Roddick, Eddie Zorn, Larry Bearg and Frank Gow.

The various departments of MOTION PICTURE HERALD were credited by the speakers for their value in theatre operation. The importance of BETTER THEATRES was emphasized by E. Harris, speaking on maintenance, who called attention to the necessity of maintaining a file of this monthly publication circulated with the HERALD.

For the second successive year, the convention highlight proved to be the circuit's "Show of Showmanship," an exhibition of advertising, exploitation and publicity as arranged under the supervision of Jimmy Nairn. Located in the main ballroom where the general sessions were held, the "Show" displayed material on coming product exploited by the film companies, new equipment and outstanding campaigns executed by Famous Players theatremen and the 1938 Quigley Awards judged in the finals for last year's annual Awards.

At the Thursday morning session, executives of the various film companies addressed the meeting including Herman Wobber and W. C. Gehring of Fox; Barney Balaban, Paramount president; Carl Lesserman, Roy Haines and Norman Moray of Warners; Jules Levy, RKO; Monroe Greenthal, United Artists; Jack Cohn and Abe Montague of Columbia; William Scully and Frank J. McCarthy of Universal; James Grainger of Republic and A-Mike Vogel.

A dinner on Thursday night which followed the program of games and picnics held in the afternoon was highlighted by the attendance of the Hon. Mitchell F. Hepburn, Premier of Ontario. Others who spoke included Hon. George A. Drew, V.D.; Major John Bassett; Mayor Hanniwell; Barney Balaban and Austin C. Keough of Paramount and Mr. Nathanson and Mr. Fitzgibbons. Mr. Bragg was chairman.

A special train from Toronto unloaded for the last day's activities the entire personnel of the Famous Players home office, representatives of Paramount, Regal, Empire, Universal exchanges among others.

Theatre Managers Present

The theatre managers included: Jack Arthur, Jerry Shea, Tom Daley, D. Krendel, A. Ritchie, R. Downey, W. Hunt, A. Sedgewick, J. Laver, V. Hudson, M. Margolius, J. Purves, R. Eves, C. L. Querrie, M. Roberston, Victoria, B. C.; Cliff Denham and M. Prieswerck, Victoria; D. Borderland, Prince Rupert, B. C.; William Novak, Regina, Sask., and others.

The company home office management was represented by President N. L. Nathanson, Vice-President J. J. Fitzgibbons, President Barney Balaban of Paramount, New York, Thomas J. Bragg and R. W. Bolstad, all of whom are directors, while the head office staff was represented by N. G. Barrow, F. J. Justin, B. Geldsaler, J. Nairn, Ben Cronk, J. A. Troyer, W. Kerr, L. G. Geering, M. Perry, R. G. Darby, A. MacCunn, H. Harris, Ben Whitham, C. A. Dentelbeck and J. J. Taylor.

NATIONAL THEATRES' MANAGERS MEETING

The National Theatres division managers' conference at the New York home offices on Monday and Tuesday featured discussions of relations with major distributors. Spyros Skouras presided. Attending from the field were Rick Ricketson, Arch M. Bowles, Frank Newman, Elmer Rhoden, Charles Skouras, Harold J. Fitzgerald, and David Idzal.

Division meetings will be held in August, it is expected, at Milwaukee, Kansas City, Denver, Seattle, and Los Angeles. Spyros Skouras will attend.

At the conclusion of the New York meeting, it was reported that National Theatres and Warner Brothers were resuming business relations, after a dispute over selling terms and methods of handling pictures.

SCHINES CALL IN THE OPERATORS OF THEIR 150 HOUSES FOR THE FIRST TIME

J. Myer and Louis W. Schine and a Score of Their Home Office and Division Executives To Discuss Product, Policies

J. Myer Schine, president, and Louis W. Schine, vice president of the Schine Circuit, Inc., one of the oldest and largest of independent circuits, on Tuesday through Friday, will have at their home offices in Gloversville, New York, more than 250 division and local managers, staff chiefs and exploiteers, from their 150 theatres scattered over New York, Ohio, Maryland, Kentucky and Delaware, for their first circuit-wide convention.

(*Motion Picture Herald's Managers Round Table this week, starting on page 70, tells a highlight story of the growth of the Schine Brothers in exhibition, from their original unit, the Hippodrome, in Gloversville, N. Y., in* 1918, *to today and a circuit of* 150 *theatres in five states*).

Product and policies, of course, for the new show season, starting in September, will top the agenda, with operation, both physical and mechanical, showmanship and promotion, advertising and exploitation, stage shows, show windows, staffs and the theatres' customers each standing as subjects of practically equal importance.

Majors To Be Represented

Tuesday morning, the convention will open with a general session, attended by zone, district and division managers and their theatre managers and home office executives, to discuss "business in general and plans for a new and greater show season."

Sales or division managers of the distributing companies will be present on Tuesday to detail the plans of their respective companies for 1939-40. Many of the majors will send advertising managers or advertising representatives from their New York home offices to talk about the advertising and exploitation plans they have for their new season's pictures.

Thursday will be "play day,"—a golf tournament, a steak roast at the Adirondack Inn at Sacandanga Park.

Friday business sessions will be resumed with all of the circuit's personnel participating.

The Schine brothers will head a home office delegation to the convention comprised of George Lynch, film buyer; Louis Goldstein, head booker; Bill Kreamer and Seth Field, bookers; Florence Thompson, office manager; Harold Antevil, legal department; Maurice Gloeckner, real estate and concessions; John May, comptroller; Francis Barter, insurance; Harold Sliter, executive assistant to Louis Schine; Gene Curtis, director of publicity and advertising; Sander Lazar, assistant director of publicity and advertising; Douglas Leishman, director of personnel and control of income and expense; Guy Selmser, in charge of construction, maintenance and repairs; J. Dewey Lederer, assistant to Mr. Selmser, and Al Marqusee, assistant to Mr. Leishman.

Managers To Preside

Zone managers Louis Lazar, of Ohio and Kentucky, and Clint Young, in charge of western New York and Delaware, will preside over various sessions, and so will Frank Boucher, home office representative in charge of eastern New York and Maryland.

District managers presiding will include Marsh Gollner, Maryland; Lew Hensler and Bill Heiss, Kentucky; Jim Levine and Bud Silverman, Ohio; Gus Lampe, Syracuse; Louis Levitch, Rochester, and Jerry Fowler, Harry Goldsmith and Bill Tubbert, New York.

A-Mike Vogel, chairman of the Managers Round Table Club of Motion Picture Herald, will be a guest speaker.

Various of the zone and district managers scheduled to address the convention include:

Louis Lazar: "What Is a Theatre Manager?"

Clint Young: "Does Good Housekeeping Sell Tickets?"

William Tubbert: "Analyzing Your Territory."

Jim Levine: "Proper Handling of Your Patrons for Greater Turnover."

Frank Boucher: "Your Show Window."

Bud Silverman: "Local Promotions and Giveaways."

Marsh Gollner: "Proper Presentation of Stage Activity."

Jerry Fowler: "The Value of an Organized Theatre."

Lew Hensler: "Your Theatre's Place in the Community."

Bill Heiss: "Intelligently Analyzing Your Business."

Lou Levitch: "Children—Patrons of Today and Tomorrow."

Gus Lampe: "Pre-Analysis of—and Taking Advantage of Picture Values."

Harry Goldsmith: "Billboards and Outdoor Advertising."

The Schine advertising-publicity director is down for a discussion of "a new show season campaign that will go a long way towards revolutionizing new show season business."

Both of the Schine brothers will address the delegates variously during the convention.

HEAD FAIR DAY FOR PROJECTIONISTS

Arrangements for a "Projectionists' Day" at the New York World's Fair, on September 7, have begun with the appointment of committees. The committee chairmen are Joseph D. Basson, general; P. A. McGuire, arrangements; Harry Rubin, speakers; Lester B. Isaac, technical and historical; H. Griffin, guests; Louis Kaufman, IATSE locals; M. D. O'Brien, publicity; P. D. Herbst, tickets.

Product Deals Set By Skouras Theatres

Preparing for the 1939-40 season National Theatres have set product deals with Columbia, MGM and United Artists. The details of the deals are being worked out at a meeting this week in New York.

David Idzal, operator of the Fox Detroit, arrived this week to attend the sessions. The six division chiefs, film buyers, bookers and others of the home office are attending the meetings.

The Schine circuit has acquired the Cla-Zel and the Lyric, in Bowling Green, Ohio.

FTC Sets Radio Manufacturing Ru

After a series of conferences and public hearings the Federal Trade Commission announced Monday trade practice rules for the radio receiving set manufacturing industry.

The rules provide for the elimination and prevention of false advertising, deceptive selling methods and certain other unfair trade practices and are issued in the interest of protecting the purchasing public and maintaining fair competitive conditions in the industry.

The rules are also applicable to manufacturers, jobbers, distributors, dealers and other marketers of sets, parts and accessories.

Eight rules govern trade practices. The first bans deceptive labels or trade marks. Rule 2 sets forth how wave length reception must be labeled. The third rule prohibits 17 specific types of false or misleading advertisements dealing with reception, interferences, defects, number of tubes, reduced prices, lateness of models, extra charges, list prices and trade marks.

Misleading advertisements about sponsorship of the sets by prominent manufacturers is forbidden in Rule 4. Alteration of brand name or use of chassis or cabinet of other sets are banned in Rule 5. Rule 6 bars imitation of trade marks. Rule 7 condemns bribery of employes who do the buying. Rule 8 forbids the use of "spiffs" or "push money" to promote the sales of the manufacturer or dealer.

The industry's total sales of receiving sets, accessories, etc., amounted to slightly more than $460,000,000 retail value for 1937.

At the present time there are about 41,000,000 radio sets in use in the country.

Parent's Organization To Show Spanish Film

A documentary film, sponsored by the Foster Parent's Plan For Spanish Children, had its American premier this week at the Fifth Avenue Playhouse in New York. The league is an organization to aid Spanish children who have been left parentless and homeless by the recent war in Spain. Over 600 Americans have already "adopted" children through this plan, among them being Mrs. Eleanor Roosevelt, Helen Hayes, Efrem Zimbalist and Tallulah Bankhead. International sponsors of the Plan include the Duchess of Atholl, the Earl of Listowell, Mrs. James Roosevelt, Thomas Mann and Helen Keller. Any person, or group, can "adopt" a child by promising to support the child for one year at the rate of $9.00 a month.

Musart Film Productions, Inc., plans to start production shortly on "Princess Aza," which will have English, French, Russian and Spanish versions. Michael J. Gann will be in charge of production.

AFL, CIO, IATSE, AFA, AAAA, SAG SQUABBLE IN FILM UNION FIGHTS

CIO's Growing Struggle for Power in Motion Pictures Takes New Form in Hollywood, Where AFL Belittles It

The national, and far from ended, struggle for power in the motion picture industry between John L. Lewis' Congress of Industrial Organizations and William Green's American Federation of Labor, this week took new form and added drama, in Hollywood.

Claims and Demands

A rapidly enlarging CIO organization, the United Studio Technicians Guild, on Sunday held a mass meeting, again claimed a membership of over 1,000 studio crafts workers, and demanded of producers a minimum security pay of $2,000 per year.

In New York City also, the CIO, on a smaller scale, is attacking the A. F. of L. domination of the motion picture industry unions. The United Ushers, Doormen, and Cashiers' Union, a CIO affiliate, is asking higher wages and better conditions for its members of the RKO circuit, and has filed a petition for recognition with the New York State Labor Relations Board. The IATSE was granted jurisdiction in this field by the A. F. of L., but no local was formed in New York City.

The invasion of the Hollywoods crafts union field, formerly held exclusively by the International Alliance of Theatrical Stage Employees, is abrupt, unusual; and is being countered by the A. F. of L. organizations in Hollywood this week with nothing but deprecations of the Guild strength, and counter meetings to emphasize loyalty.

The mass meeting of the new organization on Sunday, besides demanding a $2,000 minimum security wage, tentatively demanded a minimum six hour call, a seniority pay system for cancelled calls, time and a half for night shifts, and double time for "graveyard" shifts.

"The Guild is in a finish fight against two per cent salary assessments and dictatorship control of Hollywood's studio unions," Howard Robertson, the chairman of the meeting, said.

Herbert Sorrell, business agent for the Moving Picture Painters' Local 644, asserted his organization would stand with the guild "until democratic unionism had been restored."

Counter-Meetings Held

Mr. Sorrell's speech to the Guild was criticized the following day at a special meeting of A. F. of L. representatives, called by J. W. Buzzell, executive secretary of the Los Angeles Central Labor Council. Mr. Sorrell thereupon walked out.

There was a Friday meeting to align A. F. of L. unions against the CIO invasion. All A. F. of L.-IATSE unions were represented except Photographers Local 659, Sound Technicians, Local 695, and Studio Technicians, Local 37.

Another such meeting was to be held this Wednesday.

The Guild last week received a $1,000 loan from the CIO-affiliated International Longshoremens' and Warehousemens' Union. The money, advanced with "no strings attached," is to be used for organization.

Pat Casey, producers' labor contact, this week declared that the studios would not recognize a plea by the Guild that the studios suspend bargaining with the IATSE unions until the National Labor Relations Board decided upon an application for certification as the legal bargaining agent for studio workers.

Actors' Union in Fight

Involvement of other international labor organizations in the battle between the American Federation of Actors and the American Guild of Variety Artists, newly created by the Four A's to supplant the Federation, was seen in the declaration of William Green, president of the A. F. of L., that it still recognizes the Federation as an affiliate.

In response to a wire from Mr. Buzzell, Mr. Green said that the Federation was still an affiliate and both telegrams were read at a meeting of Federation members in Hollywood.

Other Disputes Rife

Initial conferences were to be held this week between Mr. Casey and representatives of the Soundmen's Local 695. The conferences will be following the settlement of a dispute which arose last week when the union discovered that MGM had hired several non-union men for its recording department. The union threatened an immediate strike. MGM hurriedly removed the men, with the explanation of "inadvertence."

Alexander Wilson, Jr., special board attorney for the National Labor Relations board, working out of Washington, has recommended, it is reported, that the hearing by the Los Angeles local board, on charges that the producers failed to bargain collectively with the Screen Writers' Guild, be reopened.

The hearing, if reopened, will arise out of the cessation of the bargaining between the Guild and the producers, after the producers had agreed to recognize the Guild as the writers' bargaining agent, and after negotiations had proceeded a certain distance.

The New York City CIO-A. F. of L. struggle, in more detail, concerns the efforts of the United Ushers, Doormen and Cashiers' Union, the CIO group, to take advantage of the fact that the IATSE never organized a local for these groups, and obtain certification from the New York State Labor Relations Board.

Conferences were to be held this Thursday at the board. There were conferences last week at the board, with no announced result. The union claims to have organized 650 employees in the RKO, Skouras, Cocalis, Loew's and Brandt circuits.

It seeks a wage scale of $25 for chief ushers, $23 for assistant chiefs, $22.50 for cashiers, ticket takers, and barkers, $19 for captains, and $18 for ushers; a maximum of 40 hours weekly, and vacations with pay.

LEO THE LION, JR., AT N. Y. WORLD'S FAIR

The "crowning" of Leo, Jr., new trademark for Metro-Goldwyn-Mayer's short subjects, was held last Saturday at the New York World's Fair. The three-months-old lion cub was chosen in a contest sponsored by the Lions International, which recently held their convention in Pittsburgh. Among those who attended the ceremonies were Mayor F. H. LaGuardia, Grover Whalen and Ed Kuykendall, president of the M.P.T.O.A. The cub has since been sent to the MGM studios.

Actors' Union, Disowned by Parent Four A's, Turns to IATSE for Help in Maintaining Status as Official Body

A national union fight, tying up much of the motion picture industry, this week appeared possible, as the American Federation of Actors, which two weeks ago was read out of the parent actors' union, the Associated Actors and Artistes of America, but which is still a member of the American Federation of Labor, this week applied for a charter from the International Alliance of Theatrical Stage Employees.

Would Further IATSE Plan

Entrance of the IATSE into the actors' union field, long threatened, and part of the philosophy of George E. Browne, president of the IATSE, would certainly precipitate violent objection from other unions, notably the Screen Actors Guild.

The Federation move was not entirely a surprise. Its executive secretary, Ralph E. Whitehead, against whose leadership the charges were leveled, has been friendly with Mr. Browne. In January of last year, the Federation refused to join with other AAAA unions in condemning of the IATSE for allegedly attempting to invade the jurisdiction of another A. F. of L. union.

That the Federation is still in the American Federation of Labor is virtually certain. William Green, president of the international organization, intimated the whole fight would have to be reported to the executive council meeting of the A. F. of L. in Atlantic City on August 7. The Federation immediately after its officers stood trial before the parent association on charges of mismanagement two weeks ago in New York—charges which resulted in a verdict of guilty and revocation of the Federation charter by the AAAA international board—sent 16 counter charges to Mr. Green. These charges as well as the charges made at the trial will probably be aired at the A. F. of L. council meeting.

In New York this week, Mr. Green, who met with both sides before the Federation was tried and expelled by the Four A's, again conferred, and said to the press that he thought the action "severe." He intimated his hope of a reconciliation. In a wire to J. W. Buzzell, executive secretary of the Los Angeles Central Trades Council, he declared the Federation was still in the A. F. of L

The American Guild of Variety Artists, to whom the Four A's issued a charter, this week grew rapidly. Its spokesmen claimed a membership of over 1,100. It has opened offices at 11 West 42nd Street, under the supervision of Mrs. Florence Marston, eastern representative of the Screen Actors' Guild. Eddie Cantor, comedian, a past president of the AFA, and a resigned member of the council, is the temporary president.

In San Francisco and Los Angeles this week there were organization meetings of the Federation and the new Guild; of the first, to reinsure loyalty of members; of the second, to organize new units.

The New York State Labor Relations Board on Tuesday heard the petition by the Theatrical Managers, Agents, and Treasurers' Union for certification as the bargaining agent for the Rugoff and Becker circuit, of New York and Brooklyn.

Fox Sets Short Subjects Schedule

The first of a series of four Father Hubbard Alaskan Adventures, "Birthplace of Icebergs," heads the Twentieth Century-Fox short subject release schedule for the first quarter of the new season. The Reverend Bernard R. Hubbard, known as the "Glacier Priest," in ten years exploring the Alaskan peninsula, has filmed more than 200,000 feet of film. Arrangements have been made with Father Hubbard by Fox Movietone Producer Truman H. Talley, to put these scenes into a series of one-reel subjects.

Three of the pictures have been completed —"Birthplace of Icebergs," "The Valley of 10,000 Smokes" and "The Aghileen Pinnacles." Father Hubbard is now in Alaska filming scenes for the fourth. Lowell Thomas and Father Hubbard will do the vocal description for the series.

The "Birthplace of Icebergs" will be released August 4th and on the schedule for the first month of the new season also will be two Terrytoons, "Two-Headed Giant," in color, and "The Golden West," and an "Adventures of a News Camerman" subject entitled "Conquering the Colorado."

For September, Vyvyan Donner's first Fashion Forecast, in color, Ed Thorgersen's Sports Review, "Big Game Fishing," Lew Lehr's "Monkeys Is the Craziest People" and two Terrytoons, "Sheep in the Meadow" and "Hook, Line and Sinker" make up the list. The four releases for October include: "The Orphan Duck," a color Terrytoon, "The Evergreen Empire," a Lowell Thomas "Magic Carpet" subject, "Filming the Fleet," another of the "News Cameraman" series, and an untitled Terrytoon.

Six Months Theatre Construction Report

Contracts for new buildings or alterations in the theatre field for the first six months of 1939, in the 37 states east of the Rocky Mountains, had a total valuation of $11,638,000, according to the Dodge Reports summary, issued by the F. W. Dodge Corporation.

The total for the six months ended last month was divided among 502 projects, which included 1,437,000 square feet of floor space.

The contract valuation for similar work for the first six months of 1938 amounted to $12,086,000. This was divided among a smaller number of projects, 410 but over a larger floor area, 1,576,000 feet.

The Dodge Reports indicates that theatre work in the six months of 1939 did not follow the general trend of non-residential building. An average of all types within this classification developed a gain of 19 per cent throughout 37 states.

Ben Abner has been named acting branch manager for Metro-Goldwyn-Mayer in the New Jersey territory, in which he has been a salesman for the company 13 years. He succeeds David A. Levy, recently appointed Universal branch head in New York.

ENGLISH STUDIOS TO HOUSE RECORDS IN WAR

In the event of war, English motion picture studios will serve as storage vaults for Government and private records.

The Denham studios will be used by the Government to store food, while Amalgamated Studios is already being used by the Office of Works as a storehouse for Government records.

Lloyd's, world-famous registry of shipping and insurance underwriters, has arranged a wartime lease of the Pinewood Studios and will transfer all business staffs and documents there in the event of emergency.

No Abatement in Coast Air Shows

Hollywood as an origination point and motion picture talent for network programs will figure as prominently the coming season as it did last year, which was a peak season for radio shows emanating from the film capital.

Business already booked by the Columbia Broadcasting System for the fall and winter of 1939-1940 shows 15 programs that will come from the west coast, in each of which film players will appear prominently. There is likelihood that additional programs from Hollywood may yet be booked. The CBS program book for October of 1938 shows that 15 programs were originating from Hollywood.

The programs that will be heard from the film capital this fall include Amos 'n' Andy, the Joe E. Brown series, "It Happened in Hollywood," the Lux Radio Theatre, "Big Town," with Edward G. Robinson, the Dick Powell series, Jimmy Fidler, the "Blondie" series, with Penny Singleton and Arthur Lake; RKO's "Gateway to Hollywood," "Silver Theatre," with Conrad Nagle as master of ceremonies; the Screen Actors Guild series, Lum 'n' Abner, Burns and Allen, the Texaco Star Theatre and the Dr. Christian series with Jean Hersholt.

The new season may surpass the last for deals are now in the making involving Al Jolson, Jack Haley and Eddie Cantor for possible CBS shows.

The National Broadcasting Company will have 13 major programs, as of September, coming from the coast each week, including some new programs such as the "Grouch Club," and Robert Benchley's "Melody and Madness" program. As is the case at CBS there is every prospect that other Hollywood programs for the fall may yet be signed.

Open Albany Exchange

Harry Berkson, Monogram franchise holder in upper New York, has opened an Albany exchange. Mr. Berkson, who manages the Buffalo office, has named Gene Lowe and Sam Milbery as Albany salesmen. Howard W. McPherson has replaced Mitchell Pantzer as booker at Buffalo, and Mr. Pantzer has taken a booker-salesman post at Albany.

Hollywood Unions Draw Battle Lines

(*Continued from preceeding page, column 3*)

Commission this week was determining the eligibility of seven employees of the Western Massachusetts Theatres, Inc., to vote on joining the TMAT.

In New York last week the Paramount warehouse employees designated the Bookkeepers, Stenographers and Accountants Union, an A. F. of L. affiliate, as their collective bargaining agent, in an election held by the National Labor Relations Board.

In New Orleans, the MPMOA, Local 293, was joined by Film Exchange Employee's Local B-57 last week in celebrating its 26th anniversary.

The Authors' League is to change the setup of the Radio Writers' Guild at a meeting in New York this week. The Guild is to be divided into three groups—New York, Los Angeles, and Chicago.

The American Federation of Radio Actors met in Chicago Tuesday night to discuss the new contracts obtained from agencies by their organization, and to elect officers.

Griffith-Dickinson Realign Managers

The new management setup of Griffith-Dickinson Theatres, Inc., in the four towns in Kansas and Missouri, in which the company now has full control, following the deal last week with Commonwealth Amusement Corporation, places Harry Wareham, in charge at Manhattan, Kans., at the Wareham, Dickinson, and Carleton; Billy Wagner at Independence, Kans., at the Beldorf, Mainstreet, and Booth, with Royce Adelotte as his assistant; R. W. (Sippi) Ferguson, formerly with Griffith Amusement at Oklahoma City, to Osawatomie, Kans.; Doyle Mowery, who has been operating the Chief at Marceline, Mo., city manager there, where G-D has closed the Uptown, acquired from Commonwealth, until a cooling plant can be installed.

In the transaction last week, Commonwealth took over the Dickinson at Great Bend, Kans., where the company has the Strand and Plaza; the Dickinson at Herrington, Kans., where it has the Dreamland; the Varsity and Dickinson at Lawrence, Kans., where it has the Granada and Pattee (the latter is being closed), and the Dickinson at Ellsworth, Kans., where it has the Golden Bell (the Dickinson will be closed).

W. G. McKinney, who has been manager at Lawrence for G-D, goes to Paola, Kans., as manager. Jack Scott, son of Ward Scott, district manager for 20th-Fox, who has been at Paola, goes to Parsons, Kans., as assistant to Dave Dallas.

Kassler to Transatlantic

Frank Kassler, foreign film distributor, has become associated with Transatlantic Films, Inc., bring with him four releases, "Dark Eyes," "The Curtain Rises," "The Flight Into Darkness." Other Transatlantic releases are "Conflict," produced by Cipra Films, Paris; "La Maison du Maltais," by Gladiator Films, Paris; "Esclave Blanche" and "Drame de Shanghai," both by Lucia Films, Paris, and "Innocence," by A. B. Pictures, Prague.

OHIO, OTHER STATES, ACTIVE IN FILM RULINGS

Six Communities, This Week, Act on or Consider Matters Affecting Film Exhibition

The state of Ohio, through its courts, legislature and tax commission, held the film taxation spotlight this week, in two main actions affecting the industry.

Until the court renders a decision in the suits of Thomas V. Bostwick, a Columbus, Ohio, taxpayer, seeking to enforce collection of unpaid sales tax on film rentals, the State Tax Department will not deviate from its ruling that rentals are not subject to taxation, Attorney General Thomas J. Herbert, declared.

Conversely, Wm. Evatt, recently appointed head of the new Ohio Tax Board, holds that film rentals should be included in the sales tax classification. He advances the opinion that the Tax Commission, abolished some time ago in favor of the present setup, exceeded its authority in the exemption ruling.

Counsel Move Rejected

Meanwhile, an effort made with the consent of the Tax Commission, which is the defendant, by which the industry would defend the case through Independent Theatre Owners and Motion Picture Producers and Distributors of America counsel, by naming the Universal exchange, Frank J. Ferguson, operator of the Avondale, and a group known as Cleveland Theatres as co-defendants, was turned down by the Franklin County Court of Appeals.

However, the Court granted until August 1st for hearing of the case, this being the fourth continuance since the inception of the action.

The plaintiff, as a taxpayer, not only challenges the authority of the Tax Commission in exempting film rentals from the state sales tax, but also urges the collection of an estimated $1,250,000 due for taxes since the law went into effect.

Ohio exhibitors are disturbed, as well, over the "matching process" advocated in Federal proceedings for state relief agencies, which would mean a $4,000,000 additional burden in the state. This would definitely pave the way for a boost in the admission tax to the previous 10 per cent, and the possibility of new and increased taxes along other lines affecting the theatre, to help defray the added state obligation.

Ohio industry leaders will take steps to discourage the plan, when and if a special session of the legislature is called to consider it. The matter is being closely watched by the industry in general, and by P. J. Wood, secretary of the Independent Theatre Owners of Ohio.

Quebec Sets Back Date

The administrative committee of the Quebec City Council has postponed collection of the 10 per cent tax on theatres, in protest against which the city's theatres had closed, until after April 30th, 1940.

Mayor Lucien Borne maintained that the city was bound to collect the tax once it had been legalized by the Legislature, but, in view of the assurance given the city by Premier Duplessis that the necessary steps would be taken to nullify the law, he recommended passage of the resolution.

The Sandquist bill, limiting film shows in Illinois to two hours and 15 minutes, is now before Governor Henry Horner for approval or rejection. Film opinion is that the Governor will let it pass without his signature.

The Wisconsin Senate Judiciary Committee has recommended passage of the Peters anti-Ascap measure, making it unlawful for two or more persons holding or claiming separate copyrighted works to band together or pool their interests for the purpose of fixing prices on the use of copyrighted musical numbers.

With a ruling by the Colorado Supreme Court that the service tax of two per cent on amusements is constitutional, Everett Cole, mayor of Alamosa, Colorado, and operator of theatres and dance halls in the town, appeared at the State Treasurer's office with a check for $3,418.78, paying taxes in full for the period since the law went into effect in May, 1937.

Sunday Show Fights

A law permitting Sunday motion pictures in the state of Maine under local option became effective last Friday. More than a dozen communities, it is reported, are planning to include a referendum on the ballot in the Fall election.

Sunday Schools throughout New Castle County, Delaware, Christiana Hundred, and the New Castle County Sunday School Associations have banded together in the fight to keep the Sunday movie bill from passing the General Assembly when the body reconvenes next month in Dover. In a poll at the regular session of the Brack-Ex School, latest to join in the movement, not a single vote was cast in favor of Sunday films in an enrollment of 400 persons. The measure is expected to be reconsidered by the Assembly, having been vetoed by Governor Richard C. McMullen last spring.

BROADWAY HOUSES DEMOLISH SIGNS

Broadway theatres this week completed demolition of electrical signs which have been on top of marquees for some years. Refusal of the Building Department to renew licenses for these signs which violate the New York building code, together with an agreement with the City Planning Commission which was reached recently, were ascribed as the reasons for taking down the signs.

The signs, which formed a superstructure above the marquees, were used generally to advertise stage attractions. The marquees are unaffected as they are all within the legal limit of nine feet. More than a month ago an attempt was made to establish a ban on Broadway and especially in the Times Square area.

Cozine Starts Shorts Series

Ray Cozine, former Paramount director, plans to start production on a new series of two reel subjects based on a "Search for New Talent" idea. The shorts will be made at the Eastern Service Studios in Astoria, Long Island.

I. E. Lopert of Juno Films, Inc., has acquired the Cuban distribution rights to "The End of a Day," French film directed by Julien Duvivier.

Film Council Report Frees Act of Blame

by AUBREY FLANAGAN
in London

England's new Films Act is exonerated of responsibility for the present condition of the British production industry in the Films Council's report of the first year's workings of the Act, published this week.

Doubts Legislation Efficacy

The report stresses that steps are imperative to facilitate voluntary (non-quota) production and doubts current problems are solvable by legislation.

The Films Council's activities of the past year are examined in the report, which speculates on the British industry's future, views the Quota Act with faint praise and stresses that limits should be applied to legislation.

The report gives the opinion that lower production is due to operations of the Quota Act, but insists that intermittent production, studio inactivity and unemployment are problems pertaining to the industry itself.

"Free and easy" financing of the boom period is criticized and it is stated that the reduction of "voluntary" production resulted from the consequent losses and withdrawal of backing. The report emphasizes that the decline in voluntary production is the true source of the industry's difficulties, insisting that without a substantial volume of voluntary British films, the establishment and maintenance of a permanent industry here is impossible.

Time Unfavorable

The Quota Act offers the protection necessary for secure establishment of production in the home market, but the present is an unfavorable time for launching such a move, according to the Films Council. The report sees promise for British films, but reserves judgment on the wider issues pending further operations of the Act.

The Council lectures the industry on the need for cooperation between its various sections and deplores the lack of a comprehensive producer organization. It reiterates that a solution to problems lies in the industry's own hands and not state help.

The Council, incidentally, records its unwillingness to vary the present quota rates, but will reconsider the renters' quota later. It reports that no sub-quota films were granted certificates under the special entertainment clause and reports that advice was given to the Board of Trade or readjustment of the treble quota section to remove penalization. The report reserves judgment on apprenticeship suggestions and shows a division of opinion on cooperative booking.

"Four Feathers" Booked Into 80 Gaumont Houses

Arthur W. Kelly, vice-president of United Artists in charge of foreign distribution announced Tuesday that "Four Feathers" has been booked into 80 Gaumont theatres in France, one of the largest circuit deals concluded in that country, and the first time an American or British film has ever received a complete Gaumont booking.

The contract includes both the dubbed version, which will play the first-run Rex theatre, and the original English version, which will open for a run either before or after exclusive second run at the Palace.

ASIDES and INTERLUDES

By JAMES P. CUNNINGHAM

"I HOPE very much that you will drop in to see us if you are in New York this summer during the World's Fair.

"As publisher of *Time* (also *Fortune, Life, March of Time*), I have always been sorry I could not meet each of our widely scattered subscribers and talk to you face to face . . ."

Thus Publisher Henry R. Luce in a folksy letter to his subscribers urges them to visit the new "subscribers' library" that *Time* has fitted out in its New York offices. Of the same stripe as the building that *Time* and *Fortune* had at the Chicago World's Fair, the new attraction on *Time's* home premises will feature easy chairs, writing desks, reading matter; this time there'll also be a *Time* editor on hand, and a *Life* photographer to "talk cameras."

But the *piece de resistance* will be *Time's* new motion picture showing how news is scented, tracked down and written up by *Time,* giving audiences a squint of *Time* employes at work, from publisher Luce on down to the office boys.

Product of *Time's* offshoot, *The March of Time,* the picture traces the *Time* production process through an editorial meeting, with Publisher Luce presiding, to the finished magazine in newsreel fashion, explaining the workings of "group journalism." The democratic boundaries of *Time* journalism are documented by the remarks of a mailboy who claims, as he clips a magazine: "Say, did you know that Hitler has a sister-in-law named Bridget?"

Exhibitors in England are hard put over the Military Training Act under which every British subject between 20 and 21 years must take military training for six months. In numerous cases the exhibitors have had to have their young operators and ushers and other house workers apply for permission to stagger the service call dates so that too many will not be away at one time.

The Works Progress Administration may have fired all of its actors, sending them out into the streets to starve, but it still is paying writers to dig up a lot of fanciful items about old New York, about how the Indians on Manhattan Island took baths, about old New York punishments and old New York cemeteries.

The soldiers of New Amsterdam were a gay lot, and not at all shy about haressing the good people of the town, they tell us. A popular "sport" was cutting a citizen's wainscot with a cutlass. A citizen who saw no humor in the matter had three playful soldiers brought up on charges of slashing his wainscot. Two of them were sentenced to ride the "Wooden Horse" for three hours. This was no mild sentence, for the "Horse" had a razorlike back upon which the prisoner sat, while weights and chains were hung on his feet.

As for the Indians' baths, they had to first dig a hole, carry water to it, prepare a fire, heat the water—but this they did only once a year, when, being philosophical, good-natured chaps, they would decide that Nature had had its way long enough.

Sitting around the Argentine Pavilion at New York's World's Fair, last Saturday morning, with Ed Kuykendall, MPTOA president, as guest of the very hospitable Senor J. A. de Marvel, Argentine Commissioner General at the Fair, we heard from Ed a charming little tale about how he met his wife.

Seems that down in his home town of Columbus, Mississippi, Ed was pretty busy trying to raise two little orphans he had adopted, one a boy, the other a girl. He hadn't married up to then and the child-rearing he found to be no easy task. So, frequently he called on a lady neighbor to help him, which she did for years. Meanwhile the signs of romance were budding, but Ed did not have the nerve to pop the question. Nor did he confide to anyone that he had the desire, even to the lady.

But his little daughter sensed it, and one day when Ed returned from a trip on theatre business, he found that everything had been arranged, that the 10-year-old had gone to the lady, proposed for him, got him accepted.

LL the make-up men with all the rouge in Hollywood couldn't turn the film capital's faces as red as a couple of University of California sorority girls did the other night. Beth Ann Stevens and Barbara Coutourier crashed one of those ultra-swank—and non-crashable, they say—movie premieres.

The great and the near-great at the Chinese Theatre fell for their act, but hard. They walked in with Charlie Chaplin and Paulette Goddard.

Inside the lobby, the actresses-for-the-night waved to Sam Goldwyn, smiled at Fred Astaire and greeted Jimmy Roosevelt. Then they swept down the aisle and found seats behind the velvet ropes. The ushers feared to tap them on the shoulder when the actual seat holders showed up. The latter had to sit elsewhere. When the girls left the theatre, autograph hunters nearly tore off their clothes.

The girls at the Alpha Delta Pi sorority house on the University of California campus had read that the preview of Alexander (United Artists) Korda's "Four Feathers," was going to be the fanciest thing of its kind this year. They recalled that their 20-year-old sister, Miss Stevens, resembled Myrna Loy. The 19-year-old Miss Coutourier looked like Joan Crawford.

That was enough for the Alpha Delts. They each contributed 25 cents toward expenses and the brunette Miss Coutourier and the red-haired Miss Stevens made a deal with Monty Westmore, the movies' makeup expert, to point up their Crawford and Loy highpoints. Then they put on their slinkiest evening gowns and rented for one hour the longest, shiniest and blackest limousine in Hollywood. This cost 60 of their quarters, driver included.

When they rolled up before the crowds and the spotlights at the theatre, the police bowed them from their car.

Chaplin and Miss Goddard arrived at about the same time.

Miss Coutourier told Chaplin how glad she was to see him again. He smiled—because in Hollywood it pays to be polite—and the gate-crashers told the ticket man that "Mr. Montgomery" had their ducats. (Mr. Montgomery still hasn't shown up, whoever he is.)

REHABILITATION IN SPAIN PROCEEDS AS FIRMS AWAIT IMPORT RULES

Draft of Regulations Provides for Quota Production; Metro, 20th-Fox, Universal Allowed Special Import Privileges

by VALENTIN MONTERO
in Barcelona

The motion picture industry in Spain, like all commercial, social and civic life is beginning slowly to revive after thirty months during which a million and a half of the country's people were killed, lost or maimed for life and during which all peacetime commerce, through the maelstrom created by the "republic of workers of all kinds" was driven to foreign lands or mismanaged and destroyed by committees of workers.

Losses and depreciation were suffered by the film industry, like all others, perhaps more through mismanagement than through actual destruction of property. The offices of American distributors were not interfered with on a large scale but the studios and other properties where direct control was impossible suffered heavily. Reestablishment of operations at present is going forward at a rapid pace. Studios and offices are being rebuilt and restaffed. Three companies, Metro-Goldwyn-Mayer, Twentieth Century-Fox and Universal have permission for limited imports and other distributors are awaiting final approval of a draft of governmental regulations which would permit large scale imports.

Draft of Regulations Ready

The Government at Burgos this week formulated the following proposed film import regulations:

Import licenses would be given for lots of ten pictures, but the importer would be compelled to produce, in Spain, one picture for each such lot. Licenses would not be given without a deposit made at the customs office through which the domestic production would be exported, the amount of the deposit to be determined by the ministry.

Only the negative of a film may be imported, all copies to be made in Spanish laboratories.

The Government would intervene in the exploitation of exported films, retaining 50 per cent of the benefits and devoting the remainder of the payment to imported material.

To obtain import licenses distributors would have to exhibit to the ministry signed contracts with the producers in which is set forth the percentage of rental returns which is to be reserved in blocked accounts, indicating in documents from producers to the bank where accounts are blocked that pictures were not bought at a high percentage.

Three Companies Importing

The three American companies mentioned are the only ones allowed to import films for the 1938-39 season and all had reasons for obtaining the privilege.

Twentieth Century-Fox sent a crew of cameramen to cover all the Nationalist advances and made several Nationalist short subjects including "Toledo," "Badajoz," "Teruel," "Bilbao," "Gijon," "Oviedo," "Barcelona," and "The French Frontier," telling a vivid story of the war. As a reward for their services they have been allowed to import five features and are now awaiting permission for 25 more.

MGM and Universal requested permits from the Nationalist Government two years ago when their request was considered a virtual recognition of the sovereignty of that Government. To show appreciation for the gesture the Government has authorized MGM to import 30 features for the present season and Universal 22.

All other American companies which requested permits after the war ended have been told that the quota for the 1938-39 season has been filled and that they must wait until September before their applications will be considered.

Foreign Exchange Scarce

Among the present obstacles to resumption of trade on a pre-war scale is the scarcity of foreign exchange which is used only to buy necessities. It is not expected that film imports will approximate the former volume for some time.

Competition is slack but audiences still prefer American films. Spanish sub-titles are used for showing in Madrid, Barcelona and San Sebastian but the pictures are dubbed entirely in Spanish for the rest of the country. Italy and Germany are sending to Spain old negatives and are reviving many which they had in circulation here in 1935 and 1936.

Stories of discrimination against American films, actors, directors or producers are unfounded as far as can be determined here and seem to have a common origin. It is true that censorship of certain subjects is somewhat more strict now than it was before but that is to be expected. Inquiries concerning discrimination elicited the information from Government circles that strict bans against certain actors were enforced about two years ago but that since then this type of pressure has slackened. A Franchot Tone film is showing at present in Bilbao, some Clark Gable pictures are being advertised in Madrid and Barcelona. The only important American star whose pictures are not being shown is Paul Muni but this appears to be because of a lack of any of his pictures.

Production during and since the war has been at a low ebb. Several propaganda subjects were produced with Russian technicians and materials as were two or three features, all loaded with propaganda, directed by Spanish and French technicians.

Since the liberation of Barcelona, studio material has been restored and repaired and casts selected for a few productions. Among these are "Monolenka," with Lina Yegros, Olvido Rodriguez, Jose Maria Nieto; "Immaculada" ("The Immaculate"); "Amanecer" ("Dawn"), and "Los Cuatros Robinsones" ("The Four Crusoes"), the last an Orphea Film.

Additionally there are several Italo-German-Spanish films made in Germany, like "El Rapto" ("Rapture"). The Spanish Film Company is presenting "El Corsario Negro" ("The Black Corsair") and has several others in preparation. This was filmed in Italy because all the Spanish studios were in Red territory, Madrid and Barcelona. "The Black Corsair" is by far the poorest film presented by the Spanish companies so far but it is expected that when the studios are reestablished in Spain the quality will improve.

BARCELONA STUDIOS SACKED BY REDS

The films studios at Montjuich, near Barcelona, were found nearly in ruins after hostilities ceased. Furniture had been removed and used by Red leaders to furnish their homes, cameras and projectors were taken to the various locals for "safekeeping" and in some cases used by amateur cameramen. In some studios, like the Trilla La Riva, the loyalty of the staffs saved much of the apparatus. In most cases, however, the equipment was dismantled with a hammer and chisel, distributed throughout Spain, or taken to France to be sold as a souvenir of "la Belle Espagne."

Decorations furnished excellent uniform material, and property and costume storehouses were robbed to provide clothing of all kinds.

Germans Show Film of Metal

The Germans are demonstrating metal film as a conveyor of sound and pictures, at the German Institute of Technical Research in Berlin, according to a New York *Times* wireless dispatch.

The results were declared needing only "slight improvements in sound reproduction."

Two types of metal film were used: one of aluminum alloy; the other of rolled iron bands, with aluminum plating. The aluminum alloy is lighter than celluloid film; the iron plus aluminum coating is the same weight.

Advantages of metal film are cited thus: its ability to travel through the camera at greater speed than celluloid film, thus enabling the taking of very slow motion pictures; greater durability; its ability to record pictures and sound on both sides of the film; its resistance against burning.

Pictures on metal film must be projected by reflection; and the loss of light is declared slight. Also cited as an advantage is the ability to use greater intensity light sources, because the film will not burn.

The emulsion used is only slightly different than that now placed on celluloid bases; fixation and development methods are the same.

Few projector changes, and no camera changes, are necessary.

THE HOLLYWOOD SCENE

Ratio 11 to 13

Eleven pictures were started and 13 finished during this mid-July week and Universal accounted for three of the new productions and was responsible for completing three. The most important of the three to have been put into the work is "Rio," in which Sigred Gurie will be starred with Basil Rathbone, Victor McLaglen, Robert Cummings and Leo Carrillo heading the supporting troupe. Preston Foster, Irene Hervey, Chick Chandler, Inez Courtney, Noel Madison and Paul Guilfoyle are the principals in "Missing Evidence" while "One Hour to Live" is engaging the attentions of Doris Nolan, Charles Bickford, Samuel S. Hinds, John Litel, Robert Emmett Keane and John Gallaudet.

Two of the studio's completed properties are potentially in the important picture class. For instance, the John M. Stahl production, "Modern Cinderella," will offer Irene Dunne and Charles Boyer as its stars in the company of Barbara O'Neill, Nydia Westman, Frances Robinson, Florence Lake, Mytris Crinley, Inez Courtney, Onslow Stevens, Nella Walker and Fritz Feld. The other film, "The Underpup," story content of which is unusual, will have for its name players Robert Cummings, Nan Grey, Gloria Jean, Margaret Lindsay, Beulah Bondi, Raymond Walburn, Virginia Weidler, Ann Gillis, Ernest Truex, Doris Lloyd, C. Aubrey Smith and Shirley Mills. The third picture, "Outlawed Marshal," an action adventure yarn, should be of importance to many exhibitors, too, inasmuch as it is a series film in which Johnny Mack Brown, Bob Baker, Fuzzy Knight, Anne Gwynne, James Blaine, Lane Chandler, Horace Murphy, Lloyd Ingraham and Robert Kortman will be seen.

MGM Starts Two More

Two pictures were started by MGM. "Henry Goes to Arizona" is a comedy adventure romance for Frank Morgan, George Murphy, Ann Morriss and Virginia Weidler. Its starting mate, "Dancing Co-Ed," topical collegiate comedy romance, will feature Lana Turner and Richard Carlson with Artie Shaw's Band, Lee Bowman, Ann Rutherford, Leon Erroll and Monte Woolley.

Paramount matched the MGM pace. One of the films, "Medicine Show," is a "Hopalong Cassidy" story and a Harry Sherman production. William Boyd, Russell Hayden, Bernerdene Hayes, Kenneth Harlan and Britt Woods will be concerned. The other, "Diamonds Are Dangerous," will have the benefit of the histrionic abilities and name values of Isa Miranda, George Brent, Nigel Bruce and John Loder among others.

"Oklahoma Terror" went before the cameras at Monogram. It will feature Jack Randall and Virginia Carroll with Al St. John, Glen Strange and Don Rowan. Republic also checked in with a western, "Wall Street Cowboy," cast for which is headed by Roy Rogers, George Hayes and Ann Baldwin.

Jane Wyman, Dick Foran and Maxie Rosenbloom will be the featured players in Warners' "The Lady Detective," while in "Three Sons," which RKO Radio started, has Edward Ellis, William Gargan, Kent Taylor, J. Edmund Bromberg, Katherine Alexander, Adele Pearce and Barbara Pepper as its principals.

RKO Radio eliminated two pictures from the active shooting list. Joe Penner is the star of "The Day the Bookies Wept," as Betty Grable, Richard Lane, Tom Kennedy, Jack Arnold, Thurston Hall and Max Wagner are numbered among the support. In "The Fighting Gringo" George O'Brien, Lupita Tovar, Lucio Villegas, Leroy Mason, Glen Strange and Mary Field are teamed up.

Warners finished work on "The Dead End Kids at Military School," in which the boys whom Sam Goldwyn introduced to screen audiences will be seen in company with Frankie Thomas, John Litel, Cissie Loftus, Aldrich Bowker and Selmer Jackson.

Roach, Selznick Finish

Two pictures were completed for United Artists distribution. Hal Roach contributed "The Housekeeper's Daughter," in which Joan Bennett, Adolphe Menjou, William Gargan, George E. Stone, Peggy Wood, Donald Meek and Lillian Bond will be seen. Establishing what is a brevity for Selznick-International production time, "Intermezzo" came off the line as the week closed. Not much more than a month in production, the speedy work was done by Leslie Howard (also associate producer), Ingrid Bergman, Edna Best, Cecil Kellaway, Ann Todd, Douglas Scott, Eleanor Wesselhoeft, John Halliday and Enid Bennett.

"Irish Luck," which features Frankie Darro and Dick Purcell, was finished by Monogram and Republic checked in with "Flight at Midnight," which co-stars Phil Regan and air ace Roscoe Turner with Jean Parker, Robert Armstrong, Noah Beery, Jr., Harlan Briggs and Helen Lynd.

Edward G. Robinson is the topliner in "Blackmail," which MGM finished and which will also present Ruth Hussey, Guinn Williams, Arthur Hohl and John Wray as the featured support.

"Seventeen" Done at Paramount

Paramount completed "Seventeen," theme of which is based on the Booth Tarkington puppy love classic and in which Jackie Cooper, Betty Field, Otto Kruger, Ann Shoemaker and Norman Nelson are the leads.

Out at 20th Century-Fox, Darryl F. Zanuck's production associates called it a day on "Hollywood Cavalcade." The release of this bizarre history of the picture business in the production capital will undoubtedly have a release coinciding with the celebration of the industry's 50th anniversary. Hundreds of famous old screen personalities will be seen again, but the modern names in it are Don Ameche, Alice Faye, J. Edward Bromberg, Stuart Erwin, George Givot, Buster Keaton, Chick Chandler, Alan Curtis and Lynn Bari.

RIDIN' AND SHOOTIN' IN HOLLYWOOD

Up to a couple of weeks ago such western stars as Gene Autry, William Boyd, John Wayne and George O'Brien were comparative strangers to metropolitan Los Angeles theatregoers. Although Boyd has been starred in a score or more "Hopalong Cassidy" pictures, it wasn't until two weeks ago that he cracked a first-run downtown or class neighborhood house. Then Los Angeles discovered him all of a sudden and over the current weekend fourteen houses in the downtown area were featuring "Hopalongs".

George O'Brien has been a little more fortunate than his compatriots in outdoor action adventure entertainment. Occasionally one of his westerns gets a showing at the downtown Orpheum theatre. But the top western box-office draw, Gene Autry, still has been unable to crack the ice with any degree of consistency. As a matter of fact, it was not until recently, after a lapse of more than three years, that one of his pictures, "In Old Arizona", was given a local public preview. Then the showing was held in suburban Santa Monica and but for the cantankerousness of a local daily paper it would have been a "secret" preview.

A diligent search of the records doesn't reveal a single downtown or neighborhood booking of a John Wayne film, and, popular as they are in other sections of the land, such western heroes as Tex Ritter, Tim McCoy and Charles Starrett are practically unknown in Los Angeles.

Itemized

Monogram signed Jackie Coogan for a feature role in "Sky Patrol," third in the series of productions based on Hal Forrest's "Tailspin Tommy" cartoon strip.

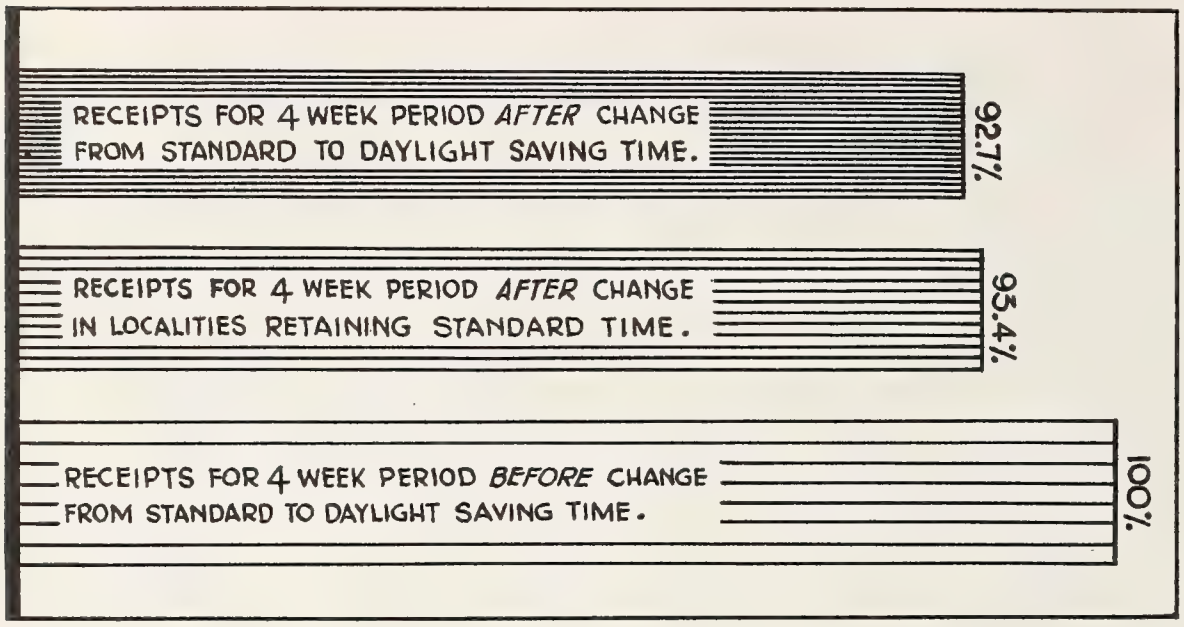
Unique clause in new contract signed by Jeanette MacDonald with MGM permits her to make a 25,000-mile concert tour each spring. The first picture under the new deal will be "Lover, Come Back to Me," in which Nelson Eddy will co-star. Production starts next month.

Monte Blue was seriously injured when thrown from a horse during the filming of "Geronimo."

Robert Taylor and Greer Garson will be teamed in the leading roles in "Remember," Milton Bren's first production for MGM.

As an exploitation stunt for "Gantry the Great," Warners will send Gantry, the blind jumping horse which appears in the picture, on a tour of 80 cities during August and September.

Paramount renewed director James Hogan's contract on a straight two-year basis.



Howard Da Silva has been signed to play the same role in "Abe Lincoln in Illinois" which he created on the stage.

Archie Mayo will direct Richard Rowland's first production for United Artists.

Twentieth Century-Fox plans to produce two Sonja Henie pictures before the end of the year. "Everything Happens at Night" will start in September to be followed by "Shadows of the Snow," an S. S. VanDine story.

Miriam Hopkins will replace Bette Davis in the leading role in Warners' "All This and Heaven, Too."

Cross Section of Receipts Shows Daylight Time Has Little Effect

Indications that Daylight Saving Time has little effect on box-office receipts in those communities where it is operative in the summer months are shown graphically in the chart above. The lower bar represents average business for a four-weeks period in a group of selected key cities. The middle bar represents the receipts for a four-weeks period in localities retaining Standard Time after other communities had changed over, and the top bar represents the receipts for the same four-weeks period in cities where Daylight Saving Time was in effect.

More Awards at French Festival

Half of the motion picture films competing in France's International Film Festival to be held at Cannes in September must have their original European showing on that occasion, according to a report to the Department of Commerce at Washington from Commercial Attache D. J. Reagan in Paris.

The sponsors of the festival hope, the report said, that this arrangement will give the competition an added attraction.

In order to be accepted for inclusion in the competition, the films must have been produced within the last 12 months. Each competing nation will have the privilege of nominating one member of the jury, who is not associated with the film industry. The film industry will nominate a delegate to act as a liaison officer but in no case shall he sit on the jury. The voting will be in secret.

A first prize of the Cannes Festival will be awarded for the best film presented by each country. The winning films will carry the title "First Prize of the 1939 Cannes Festival for the United States," or for England, or for France, etc. In this manner all the nations may win a first prize.

The Louis Lumiere First International Prize will be awarded to the best director of all countries.

First prizes will be awarded for the best actor and actress. There will also be a first prize awarded by the Society of Authors for the best scenario, a first prize for the best musical arrangement, and other prizes and medals for animated cartoons, scientific and other films.

The French Government has invited all nations to participate in the festival, the number of films each country may enter to depend on its annual production volume.

"Japan Business Best Ever": Daff

War-ridden Japan looks for escape, to the movies; and American motion picture companies benefit. At least, Universal does, and is grossing the biggest business of its history there, according to Al Daff, supervisor for the company in the Far East, who arrived in New York this week for a two-week stay.

Now that the Japanese government has somewhat eased its previous ban on importation of American films, the public is flocking to see American product, he said, and added that more permits for importation were being issued, and that negotiations are on for renewal of the importation permits, when the last of the present permits has been issued.

The Chinese business situation varies, Mr. Daff noted. The influx of refugees to the coastal cities, from which war has moved, has brought many to theatres. But collapse of the Chinese currency and closing of theatres and even of exchanges, in some of the interior cities, especially those of the Nationalist Government, has hurt business.

There is still Chinese production in Hongkong, he said.

About the rest of the Far East, Mr. Daff noted that American pictures dominated all except India. In that country, American pictures get only 40 per cent of the playing time. Native product obtains very long runs, he said.

Universal To Have Sixteen Films Ready September 1st

Universal will have 16 of its 1939-'40 features ready for release when the season opens on September 1st, Nate Blumberg, president, said in Hollywood this week. Only one picture, now in work, is still to be made for the 1938-'39 schedule, which is "First Love," starring Deanna Durbin. The first 1939-'40 picture, "The Underpup," is in the cutting room.

Also completed, and being prepared for release on the new season's schedule are "Mutiny on the Blackhawk," "Tropic Fury," "Bad Company," "Hawaiian Nights," "Hero for a Day," "London by Midnight," two westerns, "Desperate Trails" and "In Old Oklahoma" and a serial, "The Phantom Creeps." Six others in work or preparation, include "Rio," "Missing Evidence," "One Hour to Live," "Legion of Lost Flyers," "Call a Messenger" and "Listen Kids."

Regarding the program Mr. Blumberg said: "This is in accord with our policy of keeping production well ahead of distribution so that exhibitors will get their Universal product on schedule. Completion of our new sound stages and other improvements in the machinery of production will enable us to adhere strictly to this system in the future and meet every release date of our enlarged program for the new season."

Set "Rights" Premiere

Warner Brothers has set July 31st for the world premiere of "The Bill of Rights," historical short subject, at Williamsburg, Va., where the document was signed. The film will appear at the Radio City Music Hall in New York early in August.

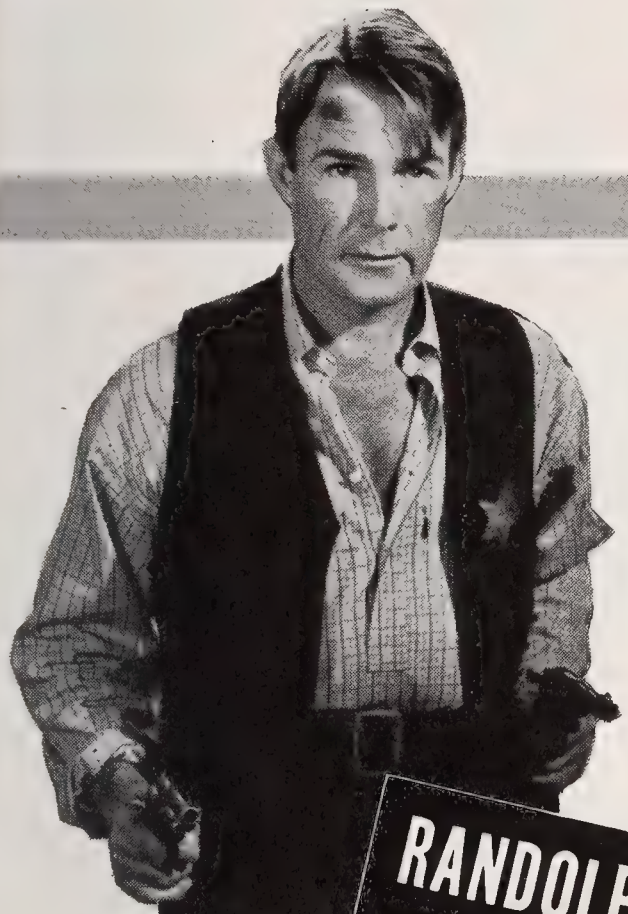
Reisman, Morris Go To Latin America

Phil Reisman, head of the RKO foreign sales department, and Sam Morris, holding the same post for Warner Brothers, sailed from New York on Friday for Latin America, to hold sales conventions in that territory for their respective companies.

The RKO sales convention in Rio de Janeiro will be held August 18, Bruno Chelli presiding. That in Buenos Aires will be held on August 31, with Nat Liebeskind in charge.

Warner Brothers also will hold sales conventions in those two cities.

Republic in India



Keshaval D. Mody & Co., of Bombay, India, have concluded a deal with Republic Pictures Corporation to distribute a group of features and serials in the territories of India, Burma and Ceylon. The Mody company, which has been active in the production of Hindu motion pictures for the past eight years, operates distribution offices in Bombay, Calcutta and Delhi.

ITOA Excursion

More than 700 members of the Independent Theatre Owners of New York excursioned, this week, to Indian Point, on the Hudson River. The Hudson River Day Line boat, the Alexander Hamilton, was chartered for the occasion.

THE KEYSTONE OF YOUR FUTURE

IN THE BRITISH STUDIOS

by AUBREY FLANAGAN
in London

Rule Britannia

The Spirit of Empire is the inspiration of the spectacular finale to the Carroll Levis film "Discoveries" just concluded for Grand National release at the Highbury Studios, London.

Some 500 men, wearing the uniforms of every branch of the services throughout the Empire were grouped into a tableau. Scarlet coated Mounties side by side with tall bearded Sikhs in the dress and massive turbans of their race, against a background of scarlet coats interspersed with Scottish clansmen and South African horsemen. Glengarries and white pith hats, turbans and busbies, slouch hats and waving plumes. Masses of scarlet coats in close formation as a background; broad dusky faces of soldiers from British Nigeria showing startlingly above the scarlet tunics at the base of the tableau. Men in Anzac uniform, flanked by sailors in their service blue. High overhead, at the apex of the huge mass of color a number of airmen in their quiet dress claim recognition.

Baghdad Winter

The Sultan's Palace set at Denham, built for "Thief of Baghdad" and crowning glory of the studios' art department, has been tripped to make way for a winter scene in the deserted gardens of the Sultan, and the glories of foliage and exotic blossom have given way to bare branches and parched grass lawns.

Elsewhere in the studio grounds Michael Powell is still at work on the Baghdad harbour sets.

William Cameron Menzies, maestro of cinematographic magic, is due at Denham shortly to assist Ludwig Berger and Alexander Korda on magic sequences for "Thief of Baghdad." Elaborate trick effects have already been devised by Larry Butler.

Among the miracles in "The Thief of Baghdad" are the transformation of a stony desert into the Enchanted City; the changing of Sabu, the Thief, into a dog; the dancing mechanical dolls, performed by a full corps de ballet; and the liberation of the miniature Djinn from a bottle and his enlargement to a figure 200 feet high.

At the end of the picture there is terrific aerial warfare in the clouds between the Flying Horse, carrying the villain and the heroine (June Duprez), and the magic carpet carrying the Thief (Sabu) and the hero (John Justin).

Conrad Veidt as Giafar besides being an evil personality in the picture also symbolizes man's conception of evil as an ever present force in the universe. Consequently the aerial battle ends with Good (Sabu, John Justin and June Duprez) triumphing over the evil Giafar and the spirit which Veidt signifies being vanquished and descending in flames into the lower regions.

New Title

"Farewell to Yesterday" has now been decided on finally as the title of the Balcon-Stevenson-Brook comedy which went into production at Ealing under the original title of "Goodness, How Sad."

The story, by Robert Morley, tells of the return to this country of an English actor who achieves international fame in Hollywood. Seeing his own country again fills him with a nostalgic desire to recapture the old days when he was a struggling touring actor. He indulges his whim and stays in a little seaside town, where he meets and falls in love with a girl, member of the local repertory company. This company he saves from financial disaster by appearing "in person" in a play with them. But he leaves them—and the girl—when he realizes that you can conjure up the past in your thoughts, but cannot recapture it in your life.

Propaganda

Director Walter Forde and a number of well known film artists including Edmund Gwenn, John Mills, Frank Lawton and Eva Moore, gave their services free for the making of a short National Service propaganda film, provisionally entitled "Happy Families" and produced at the Ealing Studios by Michael Balcon under the sponsorship of the National Service Department of the Ministry of Labor.

In addition to these, Ealing Studios volunteered their floor space and other facilities for the making of the film.

400TH PRODUCTION FOR GB INSTRUCTIONAL

GB Instructional this month set a new record for the studio with the 400th production coming to an end at the Shepherds Bush Studios on July 14th. A film about modern dancing, its stars were members of the Bedford Physical Training College. Each year GBI has made at least 50 educationals, dealing with various subjects in the curriculum of the modern school. "Secrets of Life" films are now being made in color in some cases.

States Bruce Woolfe, chief of GBI:

"At the moment we have no less than thirteen subjects in production, and a further twelve, some of which will deal with local government in England and Wales, are to be commenced shortly. West of England and Welsh geography, the woolen trade in Yorkshire, a series on South Africa, hiking, camping, dancing, and a number of natural history subjects are among the more important subjects now being completed.

"We have drawn up a plan for a series of Empire films which we hope to carry out fairly soon—a series of objective two-reel films on the following lines: 'Development of Self-Government', 'The Empire 'Round the Atlantic', 'The Empire 'Round the Pacific' and 'The Empire 'Round the Indian Ocean'."

Hand of Mars

The old French harbor of Paucot-sur-Mer, Breton fishing village, created as a set for Paramount's "French Without Tears," has been razed to the ground, and in its place, at Sound City, have appeared trenches, barbed wire, gun emplacements and all the grim paraphernalia of the battlefield—a setting this time for Mario Zampi's Duggie Wakefield film "Live and Let Live."

In this new Paramount British picture Mario Zampi, who will function both as producer and director, plans to present the North Country comicker in a new light and is developing Stacy Aumonier's original on lines which will make the Lancastrian droll a humorously pathetic figrue. The script is being written by Anatol de Grunwald and T. Thompson is writing the dialogue. Wakefield will have the role of Sam Gates, a village simpleton who falls into enemy hands during the War.

Bernard Knowles is chief cameraman and Theo Lageard production manager.

Elstree Active

Three films on the floor at Associated British Studios maintain Elstree's reputation as one of the most consistently active production centres in Britain.

Harold French has just started work on the screen version of A. E. W. Mason's thriler "The House of the Arrow."

French, who is a stage producer, numbering the long-running "French Without Tears" and "Anthony and Anna" among his successes, recently spent six months at Elstree studying every side of film production.

Already at work at the studios directing "On Guard in the Mediterranean" is Harold Huth, former actor and casting director.

Directing Thomas Bentley is nearing completion on "You're Lucky to Me," the new Stanley Lupino feature. Shooting has been centered on a set representing the Diamond Ring Night Club, where the floor show includes boxing matches and a water ballet.

Phyllis Brooks, Barbara Blair, David Hutcheson, Antoinette Cellier and Gene Sheldon head the supporting cast.

Ducks and Newts

A new series of "Secrets of Life" films, in natural color, are to be produced by Gaumont British Instructional and are to deal with varying branches of nature. Titles already tentatively agreed upon include "Ducks," "Newts," "Stickleback," "Burnet Moths," "Badgers" and "Lupins."

Dufaycolor will be used and the photography will be in the hands of Percy Smith and Oliver Pike.

Already much of the material required for the first two subjects has been shot. At present production is concentrating upon photographing the Burnet Moth, though much difficulty has been encountered owing to the propensity of the insect for getting singed on the studio arcs. A new cool light beam has had to be devised.

Meanwhile, Percy Smith is assembling his cast of sticklebacks with the aid of a jam-jar and fishing net.

IN THE CUTTING ROOM

The Dead End Kids In Military School

(Warner)

Character Melodrama

It should be a matter of exploitation importance that in this picture the members of the "Dead End" group who have been prominent in screen affairs since Samuel Goldwyn introduced them will, with one exception, be seen as honorable, earnest, ambitious lads. The maverick, first rebellious toward the self-government discipline of the military school in which he is an unwilling pupil, though learning the hard way, effects his own reformation and when a crisis develops he is the one who has sufficient presence of mind to save the lives of his mates.

Production detail of the picture will show the lead character first as a juvenile gangster of the New York tenement district and audiences later will be taken into a military preparatory academy where tough Leo Gorcey finds his erstwhile mates in villainy, Billy Halop, Gabriel Dell, Bobby Jordan and Huntz Hall, like Frankie Thomas, are serious students. While John Litel and Cissie Loftus also are featured, recalcitrant Gorcey gets himself into all sorts of trouble, meanwhile becoming the school's most brilliant student. It takes an injury to a schoolmate to bring him to his senses.

William Clemons is directing the picture, which is based on an original screen play by Tom Reed.

Release date: Not determined.

The Adventures of Sherlock Holmes

(20th Century-Fox)

Mystery Melodrama

How well your patrons like a whacking crime mystery picture and the degrees of enthusiasm with which they supported the first item in this new series, "The Hound of the Baskervilles," should be influential in determining the commercial results of "Sherlock Holmes." This picture is based upon the Arthur Conan Doyle story and stage play in which William Gillette, foremost among the delineators of the "Sherlock Holmes" character actors, was featured. It will again feature Basil Rathbone in the title role and present Nigel Bruce as "Dr. Watson." Most of the supporting cast is new to the series and includes such names as Ida Lupino, Allan Marshall, Terry Kilburn ("Mr. Chips" and "They Shall Have Music"), Henry Stevenson, E. E. Clive, Arthur Hohl, Mary Beatty and many others.

In this production, which Alfred Werker is directing, the king of fiction detectives will be pitted against a worthy foeman—the infamous criminal genius, Professor Moriarty. As the plot unfolds the solution of a series of mysterious murders, all of which are accompanied by a wave of terrorism and fear, the great Sherlock accounts for the Professor, prevents the theft of the British crown jewels and reunites a beautiful girl client with her sweethearts, suspected of belonging to Moriarty's mob.

Release date: Sept. 1, 1939.

Conspiracy

(RKO Radio)

Adventure Melodrama

The struggle between the secret police of a dictator nation and a group of determined patriots endeavoring to overthrow the dictatorship is the framework upon which the excitement, suspense and romance of "Conspiracy" is hung. It will detail how a young American is accidentally hurled into the struggle to become an important pawn in its strategy and his romance with a girl in the rebel forces. The principal locales are a coastal city in an unnamed European country, aboard a tramp steamer and the waters of the adjacent seacoast.

While the picture will give vivid glimpses of the undercover fighting going on today in many of these so governed countries, it will also stress the brutality and harsh methods adopted by secret police organizations. As such it will have considerable topical content.

A Cliff Reid production, "Conspiracy" is the 23rd picture to have been directed by Lew Landers during his term at RKO Radio. The screen play prepared by Jerome Chodorov is based upon a story written by John McCarthy and Faith Thomas.

The principal players in the film will be Allan Lane, Robert Barrat, Charles Foy, J. Farrell MacDonald, Solly Ward, Lester Matthews, William Vaughn and Lionel Royce with Linda Hayes, a graduate of the Jesse Lasky "Gateway to Hollywood" radio program and who has been seen in "The Spellbinder" and "The Girl From Mexico," the only woman in the featured list.

Release date: Not determined.

Tropic Fury

(Universal)

Adventure Melodrama

Melodramatic action, adventure, romance and danger in the Amazon jungle will be the subject matter of "Tropic Fury." The production technique assumes the character of a condensed serial, with all those elements that make for excitement that are common to that species.

Scheduled to be the second number in a new series of action adventure films which Universal is making with Richard Arlen and Andy Devine who previously have been seen together in "Mutiny on the Blackhawk," this Ben Pivar production is being directed by Christy Cabanne, who during his 25 years experience has specialized in handling swift-moving melodrama. His credits list such pictures as "Smashing the Spy Ring," "The Outcasts of Poker Flat," "We Who Are About to Die" and "Storm Over the Andes."

To support Arlen and Devine, the producer and director have chosen a troupe of players, all of which but one have been prominent on the screen. The newcomer is Lou Merrill, who has been featured in the Lux Theatre, and Edward G. Robinson radio shows during the past few years. Yet for established screen names, the picture will make available Beverly Roberts, Samuel S. Hinds, Leonard Mudie, Noble Johnson, Adia Kuznetzoff, Lupita Tovar, Charles Trowbridge and Milburn Stone.

Release date: Not determined.

Hawaiian Nights

(Universal)

Musical Comedy Romance

The plot of "Hawaiian Nights" will picture the experiences of a happy-go-lucky heir to a great fortune who, possessed of a talent to play a trumpet remarkable well, sets Hawaiian music to swing, finds romance under the tropical moon, meanwhile confounding his crusty father. The locale, as the title indicates, is Honolulu, a setting that has been the background for several successful bits of screen entertainment.

In general character the original screen play which Charles Grayson wrote is a youthful story in which youthful, but established, players are featured. Besides presenting Matty Malneck and his orchestra in the musical and spectacle numbers, the songs which will be used and which will be sung by the two leading girl players were composed by Malneck and Frank Loesser. Being produced by Max Golden who originated the "Jones Family" series and lists "Swing That Cheer" among his Universal films, the picture is being directed by Al Rogell.

For names the picture will have Johnny Downs, seen recently in "Swing, Sister, Swing," Constance Moore, who was featured in "You Can't Cheat An Honest Man," Mary Carlisle who had parts in many of Paramount's college life shows, Eddie Quillan, Malneck who is presently in "East Side of Heaven" and "Man About Town," Thurston Hall, Samuel S. Hinds and Etienne Girardot.

Release date: Not determined.

Everything's On Ice

(RKO Radio-Sol Lesser Production)

Comedy and Spectacle

Comedy will be the plot substance of "Everything's On Ice," but the sensational and spectacular skating dance routines which six-year-old Irene Dare performs in the show will undoubtedly prove to be its entertainment and exploitation highlights. Seen before only in a sequence in "Breaking the Ice," is this latest Sol Lesser discovery who he anticipates will follow in the footsteps of Jackie Coogan, Baby Peggy, Jackie Cooper, Bob Breen and others whom he developed.

The skating prodigy will be seen in eight lavish specialty numbers most picturesque of which is the "Birth of a Snowbird" revue, an elaborately staged fantasy of the arrival of a baby penguin into the world. In this episode, 24 of Hollywood's finest men and women skaters will be seen. Miss Dare will also solo in a speed and acrobatic demonstration, Hawaiian hula, can-can, Russian, Scotch, patriotic and jitterbug routines, in the last of which her skating partner will be a ventriloquist's dummy. All the ice dances were conceived by Dave Gould. Music for three big accompaniments was composed by Victor Young with lyrics from the pen of Paul Webster.

Being personally produced by Lesser with Erle Kenton directing, the picture will present Edgar Kennedy, Roscoe Karns, Lynne Roberts, Eric Linden, Mary Hart, Bobby Watson, George Meeker, Wade Boteler and Maxine Stewart.

The Spellbinder

(RKO Radio)

A Criminal Lawyer Reforms

"The Spellbinder" tells the story of a charlatan lawyer who was whipsawed by his own chicanery.

"Marlow" attained a unique position in his profession by his cleverness in inventing ruses and schemes which win legal acquittals for his guilty criminal clients. Yet smart, shrewd and resourceful as he is, he blazes the path for his own downfall when his daughter, misled by glib talk and false promises, marries a murderer whom her father has just rescued from the electric chair.

Charged with murder, standing in the same courtroom where he has won many victories by audacious trickery, he refuses to lift a finger or say a word in his own defense. Not until friends and sympathetic opponents, anxious to help him, put his daughter on the stand, does "Marlow" make a move. Then reciting the unwritten law, pleading the cause of the man who was forced to kill a predatory animal, his eloquence wins sympathy as he honestly admits his own responsibility and begs for a chance to repair the damage he has caused.

Certain commercial exploitation advantages accrue to the title. This selling job, however, must rely on the printed word and audience comment. Initially, considerable dependance must be placed upon name value to arouse public attention. While "The Spellbinder" doesn't offer any great names with which to work, it does offer Lee Tracy in the sort of character he does well and backs him up with Barbara Read, Patric Knowles, Allan Lane, Linda Hayes and Morgan Conway.

Previewed at RKO-Hillstreet Theatre. The ordinary midweek crowd that saw the picture was not dissatisfied.—G. M.

Shipyard Sally

(20th Century-Fox)

Shipyard Comedy

Deliberately topical, and tuned intentionally to the spirit of the times, is this new comedy vehicle for front rank Britisher Gracie Fields, whose recent illness has afforded an occasion for demonstrating the affection in which she is held by the English public. The screen play, by Karl Tunberg and Don Ettlinger—waves the old flag with unrestrained enthusiasm, tackles sentimentally rather than scientifically the problem of British shipbuilding, casts Gracie as spokesman for the Clydebank unemployed, seeking Government support for a resumption of industry, and ultimately rings all the changes in a grand patriotic finale.

This vein of national and social fervor runs through the film and whilst it does not obtrusively interfere with the comedy and the mnsic, does necessarily limit its appeal to the foreign audience. For the Fields fans, who are without apparent limit, the film should prove adequate entertainment, whilst the topical note may suggest exploitation in the appropriately unsophisticated circles, thought not necessarily in Clydebank!

Gracie comes to town to present a Cabinet Minister with a workers' petition in aid of shipyard work and most of the film is built around her endeavors to crash in on "Lord Randall." These endeavors include posing as a man, in a conjurer's trick evening clothes, in a Pall Mall Club, palming herself off as a certain American singer at "Lord Randall's" house party and generally keeping her card-sharping father in hand. It is gratuitous comedy of the accepted Gracie Fields type, with Gracie grimacing and romping, maybe less fiercely than usual, switching from a "Jitterbugs" number to the "Londonderry Air," but remaining always charming and sympathetic in her natural way. She has, in Sydney Howard, as her nimble fingered and glibly spoken father, a grand comedy foil, a smug and quaintly designed old reprobate whose pantomime and vocal nimbleness put him in the same class as W. C. Fields at his best. Oliver Wakefield in a new brand of tongue twisting character and Tucker Maguire as a human firework disguised as a Southern songstress further provide comedy dressing, whilst the impeccable Morton Selten has an all too brief reading of the puffy old Earl.

Critical opinion may be divided on the entertainment appeal and dramatic justification of the concluding sequence, in which, against a montage background, picturing shipbuilding and launchings on the Clyde, Grace sings "Land of Hope and Glory" twice.

Recent events should make any Gracie Fields subject easy to sell, and this should be no harder than its predecessors. Showmen in some regions may find the patriotic spirit a sales asset and the title—"Sally" was Miss Fields' first film—a lever to a loyal public.

Shown in a private projection theatre to a trade audience, the film was well received, with Howard and Wakefield not the least successful in commanding applause. Opinion was solid on the film's appeal as a Fields offering, with no small section critical of the closing sequence.—AUBREY FLANAGAN.

Dead Men Tell No Tales

(Alliance)

Study of a Schizophrenic

This horrendously titled murder melodrama should stir audience interest on several counts. The horror angle is strong enough to whet and satisfy that portion of the patronage who thrive on a diet of death and dark doings. For the section of ticket purchasers less robustly inclined in the matter of strong scenarios, the acting of the players involved and particularly the bravura emoting of the murderer are saleable items. For the limited number of customers who enjoy analyzing picture plots along criminological, sociological or pathological diagrams, the case study of a split personality unfolding in the class room of a boys' school and in the back office of a money lender should hold some academic and clinical interest, and mayhap a good bit of entertainment as well.

The histrionic demonstration of Mr. Williams in the dual role should make up for any loss of interest. In fact, his work is so intriguing that it causes the technical deficiencies of poor lighting, rapidly spoken, English-accented dialogue, a choppy continuity and slipshod editing to be overlooked for the time at least.

Audiences knowing a bit about the who is who in annals of the stage social register will recall the versatile talents of Mr. Williams, who appears to be an anglicized Sacha Guitry, being able to handle expertly a double assignment in the acting line as well as to contribute a bit of writing to the plot's composition. It will be remembered that it was from the bizarre imagination of Mr. Williams that the horror piece "Night Must Fall" came, in which play he also created the diabolically fascinating role of "Danny," the hat box boy. American audiences may remember the actor's work in "The Citadel" and he is soon to make another appearance on the States' screens in the forthcoming thriller and chiller, "Jamaica Inn." The only other actor with a familiar look is Hugh Williams, as the Scotland Yard representative, who contributed a memorable bit as the weak willed brother of the heroine, "Cathy" in "Wuthering Heights."

Two sequences stand out as highlights for interest tension reaction. The first one shows the murder of the dowdy school matron who is on her way to Paris to claim her lottery winnings. The playing of this portion will recall the killing of "Mrs. Branson" from "Night Must Fall." The other section, which has been preceded by two other deaths, comes when the heroine realizes that her cousin is the murderer, his facial reactions done with hypnotic close-ups, the attempt to murder the girl and the suicide of the killer. This particular piece of business is done with a bit of broken glass and made entirely convincing by the expression and the gestures of Mr. Williams.

The picture is a trifle vague as to the psychological explanation for the "Dr. Jekyll-Mr. Hyde" personality of the school master. As is explained by the character's mother he suffers the fate of being a frustrated actor. If such a reaction is true, the possibilities of inhibited murderous mimes are frightening.

Frontier Marshal

(20th Century-Fox)
Tombstone, Ariz., 1878

This is a film for the "Stagecoach" and "Dodge City" trade, a roaring melodrama with guns blazing lethally from start to finish and the story of Tombstone, Arizona, in its untempered youth, told in terms of a personal story well worth the telling. Brought to screen without benefit of bombastic ballyhoo, it stacks up with anything in kind recently released.

Produced on the Sol Wurtzel side of the Twentieth Century-Fox schedule, "Frontier Marshal" is not to be confused with what has been loosely defined as "B product." Whether or not it went into the hopper so tagged, it came out pure "A." Where historical westerns have been known to spin the turnstyle it commands top billing. It has what slangsters call *sock*.

Randolph Scott, Cesar Romero, John Carradine, Nancy Kelly, Binnie Barnes and Eddie Foy, Jr., who plays his late father, are money names for the marquee. Of Scott it can be promised that his best performance is to be seen here. Romero also hits a new high and Miss Barnes finally gets a chance to really turn on her talent. Carradine is less long but no less potently before the camera and Miss Kelly lives up to her press as the good girl in love with the bad man with a heart of gold. Foy seems to get a kick out of portraying his father in his prime and gives the audience one.

Allan Dwan's direction is as swift and sure as the heroic sheriff's six-gun, which is lightning. The screen play by Sam Hellman, from a book by Stuart N. Lake, furnishes plenty of the right kind of dialogue to keep situations clear but not enough to impede traffic, which flowed swiftly in those parts in those days. What executive producer Wurtzel furnished in the way of staging and production generally is all that could have been asked for if the film had been planned for transcontinental pre-release screenings with all the trimmings.

So few westerns have stories that stand on their own feet, your reporter declines to deprive you of the satisfaction of learning at first hand from your screen what this one is about. It is none of those plots you've been seeing week after week since Tom Mix played them in two reels each, but it has as much shootin', killin' and so on as your hardiest customer is justified in demanding.

"Frontier Marshall" may or may not be the likeliest title that could have been given a picture that does for Tombstone what "Dodge City" did for that place, but it's quite clear that "Tombstone" wouldn't quite do for the electrics. That it is a telling of the story of that city, is however, a point for showmen to register with their customers.

SHORT SUBJECTS

Joy Scouts
(MGM)
Our Gang

This round of kiddie cutups finds the Gang combination angling to ape the expert and almost professional efficiency of some of their senior pals, a troop of Boy Scouts. Deciding to be on their own, the lads embark on a camping trip and, of course, as a consequence run into all sorts of difficulties that belie the optimistic note implied in the short's title. There is the trouble of making the fire. The securing and the preparation of the camp grub provide additional difficulties. The final bit of woe that breaks the juvenile campers' determination to rough it is when their camp, which unknowingly is placed over an energetic caldron of a geyser spring, is suddenly projected into mid air by a rush of water, carrying the surprised and frightened children with it. A safe but hardly fortuitous landing is made in a patch of poison ivy. The juvenile element, especially the members of the local Scout bands, will especially relish the fun depicted and the adult members of the audience, particularly the ladies, will enjoy the cooking sequences.—Running time, 10 minutes.

Colorful Curacao
(MGM)
FitzPatrick Travel Talk

By this time, a great portion of fortunate exhibitors has come to know the superior grade of worth and entertainment to be found in the screening of a number from FitzPatrick travel talk series. This present jaunt by way of a scenic and color wise camera has its stopoff at the picturesque insular possession of the Dutch West Indies. Picturesque shots of the country's population, architecture of patently Dutch style, and general mode of living and business are vividly presented for the audience's inspection. The inclusion of the subject in the list of items for any program should afford all round audience and showman satisfaction.—Running time, nine minutes.

Yip-Yip-Yippy
(Paramount)
Fleischer Cartoon

With "Yip-Yip-Yippy" Max Fleischer introduces an entirely new character, a little horse called Vanilla. As in the case of other cartoon characters Vanilla is a most unusual animal. Here he enters the field by coming to the rescue of a soda jerker, a drugstore cowboy, who draws the wrath of the county's most dreaded "bad man." Vanilla's repertoire includes skill with six-guns and other western standbys. Running time, seven minutes.

Unusual Occupations, L8-6
(Paramount)
Interesting, as Usual

Some more interesting and, perhaps, inspiring illustrations on how to earn one's daily bread. Although two of the examples may be open to questioning on the grounds that Fritz Leiber, actor, makes a hobby rather than an occupation of his work in sculpture and that the middle west doctor is still a regular country medico except that instead of the horse and buggy he uses an aeroplane for long distance traveling, the other jobs depicted are along the out-of-the-ordinary ways of human work. There is the man who creates a living by the manufacture of giant balloons for street parades. An armless Mexican basket weaver—and the outstanding model of human ingenuity and perseverance in the lineup—produces through a tedious but skillful procedure some striking instances of his art. A young man from South Africa does beautiful and accurate needlework portraits of historical personages, while an enterprising Hawaiian lad has made for himself a job of being a toenail polisher along the beach of Waikiki. Color adds to tthe general effect of the subject's novelty.—Running time, 10 minutes.

Dog Daze
(MGM)
Our Gang

How the Gang extricates itself from their financial difficulties and the threats of a juvenile money lender through the ruse of corraling the locality's canine pets is the sum and substance of this moppet tale. Butch, the pint sized mobster, demands the payment of the enormous sum of thirty-seven cents, which the child Shylock had farmed out to the kids for the treatment of a wounded lost dog. The hound it seems belongs to the neighborhood cop and he rewards the youngsters for their good work with the gift of a dollar. However, this munificence soon disappears down the hungry throat of a goat. Being the precocious young ones that they are, the Gang figure out the business plan that if they received one dollar for one dog they should be able to make a tidy sum for themselves by the collection of many canines. But, the various owners of the pets do not see eye to eye with the kidde line of logic and gang up on them. The arrival of the friendly cop prevents the children from being carted off to the local hoosegow as petnappers. The finale finds them wiser individuals and thus hangs the tale of "Dog Daze."—Running time, 11 minutes.

Going Places, No. 65
(Universal)
The Windward Islands

Grenada, St. Vincent and St. Lucia, the Windward Islands in the Caribbean Sea, are the locale for Universal's latest in the Going Places series. Resplendent in natural beauty the habits, occupations and pastimes of the natives are depicted. Each of the islands has its own individualities that makes each one interesting. Grenada is known for its many fine cocoa plantations and nutmeg exports. St. Vincent is a playground for the tourist with its scenery and old forts, while St. Lucia's natives are known as master ship-builders, for which they have been trained since childhood. This subject is one of the more interesting of the series.—Running time, 9 minutes.

Popular Science, No. 6
(Paramount)
New Methods

The ever interesting Popular Science series in this subject covers a variety of new scientific methods and the latest in gadgetry. Photographed in color the issue shows how the United States Coast Guard makes use of new devices in saving lives at sea, how polaroid, the glare eliminating material, contributes toward the reduction of highway accidents; new gadgets for beach use, a revolving hot dog broiler, a catapult casting device for beach fishing and the removal of a steel splinter from an eye by means of an improved electro-magnet. Running time, 11 minutes.

PROFITS FOR WARNER, CONSOLIDATED; U. S. REPORTS SHARP DROP IN TAXES

$2,912,186 Net for Warners for 39 Weeks, $3,282,765 for Previous Period; $356,-117 for Yates' Firm

Warner Brothers Pictures and subsidiary companies report for the thirty-nine weeks ending May 27, 1939, a net operating profit of $2,912,186, after deducting all charges including amortization and depreciation and Federal income taxes, as compared with a net operating profit of $3,282,765.03 reported for the corresponding period the previous year.

Equal to 70 Cents a Share

The past 39 weeks' earnings were equal after allowing for dividend requirements for 39 weeks on 103,107 shares of $3.85 preferred stock (on which unpaid dividend accumulations to and including June 1, 1939, amounted to $2,877,974 or $27.91 a share), to 70 cents a share on 3,701,090 shares (par $5) of common stock, excluding 100,254 shares held by company.

This compares with 80 cents a share on common for the 39 weeks ended May 28, 1938, on that period's $3,282,765 net.

For the 13 weeks ended May 27, last, net profit was $1,246,297 equal after preferred dividend requirements, to 31 cents a share on common. This compares with $458,147 or nine cents a share on common for the 13 weeks ended May 28, 1938, and $1,562,085 or 39 cents a common share for the 13 weeks ended February 25, 1939.

The profit from operations for the 39 weeks ending May 27, 1939 before charges for amortization and depreciation of properties, and Federal income taxes, was $8,137,766.86.

The gross income, after eliminating intercompany transactions, for the 39 weeks ending May 27, 1939 was $78,387,001.12. The comparable gross income for the 39 weeks ending May 28, 1938, adjusted to include two companies not then consolidated, was $79,475,899.43.

During the period there was a net credit of $324,858.24 made directly to earned surplus.

Current assets as of May 27, 1939, including $5,994,146 cash, amounted to $28,063,938 and current liabilities were $24,727,236. This compares with cash of $3,850,844, current assets of $27,927,788 and current liabilities of $18,540,966 on May 28, 1938.

Revenue Bureau Admission Tax Receipts Drop $114,000 in Month; Year's Totals

A sharp slackening of business in the amusement field, including motion pictures, brought June collections of the Federal admission tax down to $1,491,260 from $1,605,988 in May, according to figures made public last Saturday by the U. S. Internal Revenue Bureau in Washington.

The June decline was in contrast to the experience of previous years for June, when collections increased, as in 1938 when they ran from $1,394,659 in May to $1,624,453 in June, and in 1937 when they jumped from $1,537,119 in May to $1,874,775 in June.

For the fiscal year ended June 30th last, the Bureau reported, admission tax collections totaled $19,470,801, a decline of $1,329,978 from the $20,800,779 collected in the fiscal year 1938, due to the fact that in ten of the twelve months receipts were under those of the corresponding period of the previous year.

Collections for the fiscal year by months, were shown by the Bureau as follows:

Month	1938-1939	1937-1938	Month	1938-1939	1937-1938
July	$1,618,813.00	$1,633,088.05	January	$1,564,134.28	$1,353,415.63
August	1,425,062.88	1,599,242.24	February	1,503,127.31	1,659,640.83
September	1,668,827.04	1,722,468.14	March	1,606,996.13	1,773,075.47
October	1,596,367.00	1,966,617.57	April	1,384,721.72	1,541,517.87
November	1,985,127.78	2,242,573.72	May	1,605,987.70	1,394,659.49
December	2,020,376.64	2,290,027.37	June	1,491,260.37	1,624,453.11

Collections for the first six months of the current year, it was shown, were relatively better than those of the last six months of 1938, when compared with corresponding periods of the preceding year. During the last half of 1938, receipts were $10,314,574, or approximately $1,140,000 under the $11,454,017 collected in the last six months of 1937, while during the first half of 1939 they totaled $9,156,-227, or only about $190,500 under the $9,436,762 of the same period last year.

In the Third New York (Broadway) District, which accounts for approximately one-third of the total admission tax revenue, collections in June were $457,258, nearly $35,000 under the May total of $492,012 but some $33,000 above the June, 1938, figure of $424,171, the bureau reported.

The greater part of the loss from May to June was in box-office collections, which declined from $425,376 to $393,376, but losses also were shown in receipts from tickets sold by brokers, from $15,578 to $12,079; permanent use or lease of boxes and seats, from $1,857 to nothing, and admissions to roof gardens and cabarets, from $46,512 to $42,668. Gains were reported on collections from tickets sold by proprietors in excess of the established price, from $161 to $3,375, and free or reduced rate admissions, from $2,528 to $5,760.

Consolidated Reports Profit of $356,117

Report of Consolidated Film Industries, headed by Herbert J. Yates, for six months ended June 30, 1939, shows net profit of $356,117 after depreciation and federal income taxes, equal to 89 cents a share on 400,000 shares of $2 preferred stock. This compares with $317,442, or 79 cents a share, on preferred in first half of 1938.

For the quarter ended June 30, 1939, indicated net profit (based on a comparison of company's

RKO DIRECTORS ELECT OFFICERS IN ANTICIPATION OF REORGANIZATION

Board of Present Company Acts for First Time Since 1933; Schaefer President, Financial Interests Represented

Anticipating the Radio-Keith-Orpheum Corporation's early emergence from reorganization proceedings, which were begun in 1934, and its re-establishment as an independent business organization, out of the hands of trustees and court, with new capital interests and renewed earning power, the corporation's board of directors met on Wednesday, at three o'clock in the afternoon, at corporate headquarters in Rockefeller Center, New York, for the first time since it entered receivership in 1933.

Eleven Elected

As one of the first steps toward final accomplishment of these aims, 11 of the 13 members of the new board that is to take over direction of the company upon consummation of its court-approved reorganization plan recently affirmed by the U. S. Circuit Court of Appeals in New York were elected to the present company's board.

Those elected were:

Ned E. Depinet, vice-president of RKO Radio Pictures, Inc.

Thomas P. Durell, associated with White Weld and Company.

Frederick L. Ehrman, associated with Lehman Brothers.

L. Lawrence Green, lawyer.

Conde Nast, president and chairman of the board, Conde Nast Publications, Inc.

John E. Parsons, lawyer.

Richard C. Patterson, Jr., former Assistant Secretary of Commerce.

James G. Harbord, chairman of the board, Radio Corporation of America, and Lunsford P. Yandell, executive, Radio Corporation of America, are members of the present company's board and will carry over as the other two members of the new 13-member board.

Schaefer Is President

George J. Schaefer, who has been president of RKO Radio Pictures, Inc., and other RKO subsidiaries, was elected president of Radio-Keith-Orpheum Corporation, and Richard C. Patterson, Jr., was elected chairman of the board. Mr. Schaefer left for Hollywood on Thursday and will be at the company's studios for several weeks.

The meeting and election were held pursuant to instructions obtained from the District Court of the United States for the Southern District of New York on petition by the Irving Trust Company, Trustee for RKO. This action will enable the men who are to have the responsibility for the affairs of the new corporation, under the reorganization plan, to meet informally for consultation with the RKO management and the Trustee.

"During recent months, RKO's earning power has been steadily increasing under the direction of George J. Schaefer, who has been president of RKO Radio Pictures, Inc., since October, 1938," said the company's statement.

RKO went into receivership early in 1933 and into reorganization proceedings under Section 77B of the U. S. Bankruptcy Act the following year. The Irving Trust Company was at first receiver and, later, trustee, taking over the responsibilities which normally would rest on RKO's board of directors. In January of this year, a plan of reorganization put forward by the Atlas Corporation of Floyd Odlum was approved by the court. Under this plan, all of the fixed indebtedness of RKO was taken care of by the creation in its place of two new classes of stock: a six per cent cumulative convertible preferred stock, callable at $105 and a common stock.

Several new interests have developed in the RKO picture during its period of reorganization proceedings. In 1935, the Atlas Corporation acquired one-half of the holdings of the Radio Corporation of America, which gave to Atlas approximately 42 per cent of the old RKO debentures and 24 per cent of the old common stock. Atlas bought an additional one-twelfth of RCA's remaining holdings in January, 1938. Rockefeller Center, Inc., held a claim against RKO which resulted in the allowance to it of 415,000 shares of the new common stock under the reorganization plan. Time, Inc., acquired certain six per cent RKO notes formerly held by the Pathe Film Corporation and will receive therefore, under the reorganization, a substantial block of new securities. The Radio Corporation of America retains approximately one-half of its former substantial holdings.

Meanwhile, it was made known this week that Federal Judge William Bondy will announce on July 31st, his decision on the underwriting plans for the new company. Judge Bondy has been sitting on most of the reorganization proceed-

On last Thursday, Hamilton C. Rickaby, attorney for the Atlas Corporation, which is backing the new plan, submitted the proposed incorporation of the new company to the judge. Included were copies of the proposed certificate of incorporation, the new stock certificates, the new scrip certificates, the subscription warrants, and the new by-laws.

The underwriting agreement calls for $1,500,000 of new common stock, to be offered to creditors at a price per share to be approved by the court. The sale of this stock will provide additional working capital.

It was said this week that the name of the corporation, Radio-Keith-Orpheum, will not be changed.

Expected to be filed this week in Wilmington, Delaware, was the certificate of incorporation. Prentice Hall, Inc., will be the RKO resident agent in Dover, same state; and the RKO offices in that city are to be at 317-325 South State Street.

The corporation, for incorporating purposes, is expected to issue 100 shares of preferred stock, and 900 of common. These securities will be registered with the New York Stock Exchange.

Colonel Hamilton C. Rickaby, attorney for Atlas, said this week that the new organization would be virtually in effect within the month, but that actually, all details will not be consummated until November.

On July 18th, the United States Circuit Court

ARBITRATION PROCEEDINGS, AWARDS, COSTS, END CODE DE-CODING SERIES

Nizer Completes Analysis of Code with De-coding of Final Three Clauses, Which Include Basic Arbitration Rules

by LOUIS NIZER

In concluding his analysis of the majors' new trade practice code and the arbitration agreement which is a part of the code, Louis Nizer in this last installment, de-codes for exhibitors the remainder of Clause IX: "Arbitration Proceedings," which was started last week. The remainder follows:

Clause IX—Part Two
Arbitration Proceedings

(3) *Notification of Arbitrators.* If any party requests a Special Arbitration Board, the Secretary shall immediately notify the arbitrators who have been designated.

Failure to Designate Arbitrator. If any party shall not designate an arbitrator when he is required to do so, the Chairman of the Permanent Arbitration Board shall designate an arbitrator for such party from one of the arbitrator panels.

Notice to Permanent Arbitration Board. If no party requests a Special Arbitration Board, the Secretary shall promptly notify the Chairman of the Permanent Arbitration Board presiding at the time the complaint is filed. The Permanent Arbitration Board as constituted at such time of filing, shall hear and determine the dispute.

(4) *Disqualification of Arbitrator.* No arbitrator shall act in any dispute in which he has, directly or indirectly a personal or financial interest, unless such disqualification has been waived by all parties.

Clearance Disputes. In a clearance dispute submitted to a Special Arbitration Board, the arbitrator designated by the distributors shall not be disqualified because of his personal or financial interest in any distributor unless that distributor is affiliated with an exhibitor which is a party to the dispute.

(5) *Hearing and Notice.* The Chairman of the Arbitration Board shall

(a) Arrange for a prompt hearing.

(b) Give reasonable notice to the other arbitrators.

(c) Give reasonable notice to the parties of the time and place of the hearing and of the personnel of the Arbitration Board.

(d) In an overbuying dispute, the Chairman shall give similar notice to all distributors who have contracts with the party complained against.

Place of Hearing. Hearings shall be held in cities (31 are named in Article I of the Rules of Arbitration) in which the Exchanges are located from which the complaining exhibitor is served. If the complaint is filed by a distributor, it shall be held in the city in which the Exchange is located from which the exhibitor complained against is served.

Representation of Parties. The parties may represent themselves or be represented by others at all hearings. They have the right to examine or cross examine all witnesses.

Testimony Under Oath. Witnesses shall testify under oath.

Production of Records. The Arbitration Board may require any party to a dispute to produce at the hearings any records or documents considered by it to be material.

Rules of Evidence. The Arbitration Board shall be the judge of the relevancy and materiality of the testimony or evidence offered. Legal rules of evidence shall not be applied. The Board may inquire into the good faith of any claim or defense.

Stenographic Record. Stenographic records will not be made unless one or more parties request them and provide funds therefor. In such a case, the stenographer shall be designated or approved by the Arbitration Board.

(6) *Waiver of Oral Hearing.* The parties to a dispute may, by written agreement filed with the Secretary, waive oral hearings.

Written Claim. Where the oral hearings have been waived, the complaining party must file with the secretary, a sworn statement of his claim supported by material and relevant evidence and by written argument, together with copies for each of the parties complained against. The evidence may include excerpts or statements from books of account or other records and documents.

Sending Claim to Defendants. Where the oral hearings have been waived, the Secretary must send personally or by registered mail, a copy of the sworn complaint to each party complained against.

Answering Written Complaint. Each party complained against may file an answer within seven days after receipt of the claim. The answer must be sworn to and similarly supported by evidence. Copies must be supplied for each other party to the dispute. The Secretary shall deliver such answers personally or by registered mail, to the other parties in the dispute.

Filing Reply. Wherever an answer is made, the other party may, within five days after receipt of such answer, file with the Secretary, a sworn reply statement, similarly supported by evidence. Copies must be supplied for the other parties.

Submission of case. The entire record shall be submitted by the Secretary to the Arbitration Board as follows:

(a) If an answer has been served, the record shall be submitted at the end of five days.

(b) If no answer has been served, the record shall be submitted at the end of the seven days permitted for answer.

Clause X—Awards

Award in Favor of Complaining Party. An award in favor of the complaining party shall contain

(a) Statement of the claim decided, and

(b) The procedure if any is necessary to be followed in carrying out the award.

Award Against Complaining Party. An award against the complaining party shall dismiss the claim for lack of merit.

Assessment of Costs. Each award of a Special Arbitration Board (as distinguished from the Permanent Arbitration Board) shall include an assessment of costs of the Board.

Clause XI—Local Rules and Regulations

The Permanent Arbitration Board may establish such rules and regulations as are considered necessary or proper to facilitate the arbitration of disputes. Such rules, however, may not

(a) Be inconsistent with the Rules of Arbitration or the Trade Practice Code, and

(b) May not enlarge the additional powers upon any Arbitration Board.

Preferences. The Permanent Arbitration Board shall establish a special class of disputes which require prompt decision.

Clause XII—Cost of Arbitration

Permanent Arbitration Board. The Permanent Arbitration Board shall not assess costs in any arbitration.

Special Arbitration Board. The Special Arbitration Board shall assess as costs only the fees of the arbitrator or arbitrators. Such costs may be assessed against one or more of the parties in such proportion as is considered just.

Filing Fees. The $5 filing fee shall be applied toward the payment of expenses of arbitrations in the Exchange territory where collected.

If Filing Fees Insufficient. If the filing fees collected are insufficient to pay the expenses of the arbitrations, the distributors, affiliated exhibitors and organized exhibitor groups who are entitled to participate in the appointment of the panel of neutral arbitrators for such territory, shall provide the necessary funds.

Apportioning Contributions. If the distributors, affiliated exhibitors and organized exhibitor groups are unable to agree upon a fair apportionment of the expenses, such apportionment shall be made by a Special Arbitration Board. In that case, however, the distributors and affiliated exhibitors shall be considered one party and the organized exhibitor groups shall be considered the other party.

DE-CODING THE CODE

"De-coding the Code"—the majors' new trade practice program for self-regulating distribution-exhibition—as analyzed by Louis Nizer, motion picture lawyer in New York, continues with a study of additional clauses of the arbitration agreement which is an integral part of the code.

The first installment of this series, appearing on page 31, June 24th, interpreted Clauses I and II, covering exclusion privileges, cancellation and trade announcement.

The second of the series, on page 30, July 1st, covered the six clauses from public demand for exceptional feature to score charges.

Six more clauses were covered on page 30, July 8th, including allocation, contract form, selective contracts, order of release, coercing contracts and other subjects of arbitration.

The three final clauses of the code proper were covered on page 32, July 15th, and the first three articles of the rules of arbitration were analyzed.

In the fifth installment, appearing on page 64 of the July 22nd issue, six more clauses of the arbitration agreement were covered, as follows: Special Arbitration Boards, Parties to Disputes, Jurisdiction of Parties and Choice of Permanent or Special Boards, Oaths of Arbitrators, and the first half of the clause on Arbitration Proceedings.

In the sixth and final installment, appearing herewith, the remainder of the Arbitration Proceedings is analyzed, also the clauses on Awards, Local Rules and Regulations, and Cost of Arbitration.

Chance Games Return in N. Y., Lose Elsewhere

New York City theatres are starting to reinstate chance games after License Commissioner Paul Moss had said that he would take no action for their elimination until the end of the summer, while Rochester Allied members have agreed to discontinue all games. In Wisconsin, games were dealt another blow as Circuit Judge Jesse Earle labelled "Shekels," a game, another lottery; as were others in the state. In Chicago, Balaban and Katz stopped running the radio show, "Dr. I.Q." after the office of the City Corporation Counsel called it a game of chance. Bank Night was held to be a violation of the State Lottery Law by Rhode Island Superior Court Judge G. Frederick Frost, in the state's first judicial ruling on the matter.

Moss To Study Games

Commissioner Moss, although taking no action on the elimination of games in New York at present, will keep careful watch on the situation in the midtown area, where games were taken out of film houses on July 3d. Further conferences in the Fall, according to the Commissioner, will be based on the experience of the midtown houses.

Games and premiums have been reinstated in approximately 25 houses of the Century Circuit in Brooklyn and Queens, after a three week period in which they were suspended "pending clarification of the legal situation."

The Rochester, New York, unit of Allied States has adopted a resolution agreeing to discontinue all games, premiums and giveaways. A $1,000 bond to fulfill this agreement will be put up by each independent theatre owner. A similar pledge will be sought from Schine Enterprise Theatres, and local RKO and Loew houses.

Judge Earle's decision in Wisconsin, which outlawed "Shekels" as a lottery, came after action had been started against the State, Rex and Majestic Theatres in Beloit, by District Attorney John Matheson. A recent State Supreme Court decision had labeled Bank Night a lottery.

In Milwaukee, Circuit Judge Gustave Gehrz has issued an injunction barring Bingo at the Midsummer Festival operated by the city. Milwaukee County exhibitors feel the decision a victory in preventing Bingo games sponsored by fraternal and religious organizations, and the like.

Ruled a Lottery

Treasure Chest, a game operated by the Kenosha Theatre, in Kenosha, Wisconsin, has been called a lottery by Attorney General John Martin; while the Elkhorn, Wisconsin, City Council has adopted an ordinance barring all types of gambling and lottery games, and specifically naming Bank Night.

Balaban and Katz has announced that it would cease running the National Broadcasting Company's radio show, ."Dr I. Q.," in its Chicago Theatre, in view of the opinion set forth by the office of the City Corporation Counsel's office that the program is a game of chance.

The attorney for Andrew Attenweiler in his suit against Troy Amusement Co., at Troy, Ohio, charging violation of the Ohio lottery law in operation of Bank Night at the Mayflower, has filed demurrer to the petition and a motion to dissolve temporary injunction granted by Common Pleas Court restraining further issuance of search warrants to seize Bank Night equipment as evidence.

Dismissal of injunction is based on grounds that state officers cannot be enjoined in a court of equity when acting under a valid statute; that Troy Amusement Co. did not question the right of the Justice in its petition to issue the warrant; that the company did not raise the question of the constitutionality of the statute under which the warrant was issued; that the claim the company has no recourse for damages is not ground for an injunction as the action is a criminal one, and that the injunction is against public policy.

In a decision handed down by Judge G. Frederick Frost, Bank Night was held to be a violation of the state lottery law by the Superior Court in Rhode Island. The court found the Big Chief Corporation guilty of lottery law violation in operation of Bank Night in June, 1938. The decision was the state's first judicial ruling on the matter.

According to District Attorney James R. Bain, Bank Night is invalid in Portland, the ban being in line with a recent Supreme Court decision denying the petition for rehearing in the test case brought by Carl McFadden, theatre operator. The decision covers Bank Night, Cash Night, Gift Night and similar projects.

HUTCHINSON MARKS 20TH ANNIVERSARY

Walter Hutchinson, Twentieth Century-Fox foreign head, this week observed his 20th anniversary with the company. He joined Fox Film July 19, 1919, after having served at General Headquarters, Chaumont, France, in the World War.

His first position was salesman in the Canadian territory. Soon after, he was made home office representative and branch manager for Canada and then became assistant foreign manager at the home office. In 1921 he went to Australia as home office representative and opened company offices in Tasmania, the Dutch East Indies, Singapore, Bangkok, Manila, Hong Kong, Shanghai and Japan.

In 1925 he was made managing director for Great Britain, and in 1933 he became European general manager. He was assigned his present post as director of foreign distribution by Sidney R. Kent, president, in December, 1935.

Grainger Returns After Visiting Branch Offices

J. R. Grainger, president of Republic Pictures Corporation, returned Wednesday to New York after visiting and conferring with all branch managers in the southern division at Atlanta last week. Mr. Grainger also talked with franchise holders Wm. B. Underwood and Claude Exell of Dallas, Sol Davis of Oklahoma City and B. F. Busby of Little Rock.

of Appeals unanimously upheld Judge Bondy's affirmation of the much amended RKO plan of reorganization. This plan, put forth by the Atlas Corporation in 1938, was attacked many times in the long court procedure, by attorneys of minority stockholders, who, when Judge Bondy finally approved the plan in the beginning of this year, appealed to the Circuit Court.

The amended plan does not interfere with first lien claims amounting to only $50,000, but offers debenture holders with $12,500,000 in securities preferred cumulative dividend stock for their principal, with the choice of preferred or common stock, with interest to the date of reorganization.

It also offers general creditors, with claims amounting to $12,000,000, and common stockholders, the common stock in the reorganized corporation for their claims.

When the decision of the Circuit Court of Appeals was handed down, attorneys for the minority stockholders declared they would take their cases to the United States Supreme Court, claiming they had been deprived of constitutional rights; however, Colonel Rickaby emphasized that the consummation of the plan would proceed, regardless.

The appellants were H. Cassell and Company, Copia Realty Corporation and Fabian Operating Corporation, and Ernest W. Stirn.

Annual reports of Atlas and RCA in March revealed the investments of these two companies in the RKO company as $6,614,434 for RCA; $3,884,014 for Atlas.

The RCA investments were represented by 55,254 shares of common stock and $4,485,550 of ten-year debentures.

The Atlas holdings, at the time, were $2,169,850 of six per cent debentures with a value of $1,594,840 at December 31, 1938; $135,776 of six per cent debentures with a market value of $99,795; 310,412 shares of common stock, with a market value of $41,325.

six months period) was $138,384, equal to 34 cents a share on preferred, comparing with $159,761, or 40 cents a share, on preferred in June quarter of previous year and $217,733, equal to 3 cents a share on 524,973 common shares, after preferred dividend requirements for quarter ended March 31, 1939.

With respect to the company's investment in Republic Pictures Corporation, Mr. Yates, stated:

"The management feels that the prestige of Republic Pictures with the public, theatre owners and the industry in general, both in this country and abroad, has been further enhanced during the first half of 1939 and with the elaborate program now scheduled for the 1939-40 season embracing several major productions it believes marked progress will be made throughout the current season."

Holds Monogram Stock

Thomas P. Loach, New York, who joined the directorate of Monogram Pictures June 27th, held 400 shares of that company's common stock and 6,173 options for common at the time of his election, it was reported Monday by the Security and Exchange Commission.

GOLDWYN ON DUALS AND U.S. "SALZBURGS"

Producer Arrives in New York with Plans and Statements; His Film and Others Shown

First showing to the public of Jascha Heifetz' first public screen appearance, in Samuel Goldwyn's "They Shall Have Music," at the Rivoli on Broadway, Tuesday evening, brought Mr. Goldwyn to New York for the occasion, and on his arrival he announced a "Salzburg" music festival for "every hamlet in the U. S." On his way east, at Chicago, and later, Mr. Goldwyn expressed himself on many other subjects, principally his continued distaste for the policy of double bills.

Benefit Premiere

The premiere of the Heifetz film was held for the joint benefit of the Greenwich House Music School and the High School of Music and Art. Among those invited were: Mrs. Franklin D. Roosevelt, Mr. and Mrs. Roy W. Howard, Mr. and Mrs. Arthur Hays Sulzberger, Mr. and Mrs. Herbert Bayard Swope, Mr. Edward G. Robinson, Miss Lucy Monroe, Dr. Allan R. Dafoe, Mr. Ogden Reid, Commissioner and Mrs. Paul Moss, Miss Fannie Hurst, Miss Lillian Hellman, Mr. Paul Althouse, Miss Erika Mann, Miss Marion Cooley, Mr. and Mrs. William Rhinelander Stewart, Mr. and Mrs. William Averill Harriman, Mr. and Mrs. Charles S. Payson, Mr. and Mrs. Robert Lehman, Mr. and Mrs. William Paley, Mr. and Mrs. Irving Berlin, Mr. and Mrs. Max D. Steuer, Mr. and Mrs. William Randolph Hearst, Jr., Mr. and Mrs. Henry Root Stern, Mr. and Mrs. William T. Dewart, Jr., Mrs. Herbert L. Satterlee, Mr. and Mrs. Paul D. Cravath, Mr. and Mrs. Gerard Swope, Mr. George Gordon Battle, Mr. and Mrs. Benjamin Harrison, Mrs. H. F. Ittleson, Mr. George Abbott, and Mr. Joseph Schenck.

Fifty children, all prize students at the Federal Music Centers, were guests at the premiere.

The children were selected from the following Centers of the Federal Music Project: Van Wyck Church Branch, Trinity Parish House Branch, Union Settlement Branch, University Settlement Branch, Central Manhattan Branch, and Council House Branch.

The committee sponsoring the Benefit was composed of Mayor LaGuardia, Mrs. Vincent Astor, Mrs. Mary Simkhovich, chairman of Greenwich House; Mrs. Henry Root Stern, chairman of the Greenwich House Music Committee; and License Commissioner Paul Moss.

A special program of Heifetz recordings was broadcast on the RCA Victor program on Monday and Wednesday mornings over station WEAF as a tribute to the violinist's debut in films.

Mr. Goldwyn's plans for "a Salzburg for every hamlet" were made on his arrival in New York for the opening of his new picture. He has tentatively selected "The Great Music Festival" as the title for a forthcoming production in which, he said, would be marshaled the great musical talents of Europe and America, and explained that the idea for such a film was given impetus by the playing of Heifetz in "They Shall Have Music."

"Due to the reactions to the previews of the Heifetz picture I know that great music now has a definite commercial as well as artistic place on the screen," said Mr. Goldwyn, "and I intend to bring some of the great artists of Europe, particularly those who have no place now in which to express themselves, to Hollywood. There I will put them in a picture with outstanding American artists so that the picture as a whole will be a contribution to the musical history of our time.

"Combined with the artists, I intend to use an orchestra of 100 children, chosen for their ability from the musical centers of the world. I am now negotiating with Mr. Deems Taylor to assist me in selecting the artists and the personnel of the orchestra. We will invite Arturo Toscanini to direct the festival.

"'The Great Music Festival' will utilize a story to bring these artists into the most impressive pageant of musical art and entertainment that the world has seen since the Salzburg days."

The producer added that work may not be started on the picture for another year. In the meantime, his studio is busy preparing for production of "Raffles" and a film based on the life of Hans Christian Andersen, he said.

Mr. Goldwyn resolutely refused to discuss his releasing plans for these pictures, asserting that the subject of his association with United Artists following delivery of "The Real Glory," with Gary Cooper, is "in the courts and will be decided there."

He was accompanied here by his wife and son, and said the only reasons for the trip were his interest in the opening of "They Shall Have Music" at the Rivoli tonight and his son's wish to see the World's Fair and a few major league baseball games.

Queried Sunday while passing through Chicago, Goldwyn declined to say whether he would confer with President Roosevelt.

In Chicago, Mr. Goldwyn said he would urge Governor Horner's signature on the bill now before him limiting film shows to two hours and 15 minutes, as sponsored by Representative Sandquist, who claims that independent exhibitors and Parent Teachers asked that he enter the bill.

Local film men believe that the Governor plans to let the bill become law without his signature. Meanwhile, exhibitors in Milwaukee are expected to ask the Common Council for an ordinance limiting the length of programs to about two and a half hours.

MOVIETONE SEEKING ELLIOTT ROOSEVELT

Truman Talley, general manager of Movietone News, is negotiating with Elliott Roosevelt, head of the Texas State Radio Network, to join the newsreel as a commentator. Mr. Roosevelt recently became a commentator for a sponsored series over the Mutual network and previous to that was a commentator over his own network system in Texas. His brother, James, eldest son of the President, is vice-president of Samuel Goldwyn, Inc., under a new five-year contract.

Warners Plan Trade Showings of New Films

Warner Brothers will hold a series of trade showings in the 32 key cities early in September, in order to give exhibitors a sample of forthcoming product. The films slated for these showings are "The Old Maid," "The Roaring Twenties," "A Child Is Born," "The Lady and the Knight," "Dust Be My Destiny," and "Gantry the Great."

Gantry, the blind jumping horse which will appear in "Gantry the Great," will make an exhibition tour of approximately 80 cities during September and October for charity.

According to figures received by the company's foreign department, "Juarez" has set a new record for a Warner picture playing Latin America, having been played in 4,700 theatres in that territory. "The Adventures of Robin Hood" was shown by approximately 4,200 houses in the Latin American territory during a comparative period.

"Each Dawn I Die," it has been announced, which opened to record business at the New York Strand last Friday, is topping everything since the Warner house inaugurated its stage show policy.

"Livingstone" Set For Pre-release

The first public showing of "Stanley and Livingstone," Twentieth Century-Fox picture which has been two years in production, at the Roxy theatre in New York on August 4 will be followed by special pre-release engagements in key cities throughout the country, it has been announced. The first two of these engagements are scheduled for August 10 at the Palace theatre in Washington, D. C., and at the Keith's Memorial theatre in Boston. These will be followed on August 11 with showings at the Albee theatre in Cincinnati; Chicago theatre, Chicago; Circle theatre, Indianapolis, and Hippodrome, Cleveland. Other pre-release dates will include Los Angeles and San Francisco as well as other key centers to be announced later.

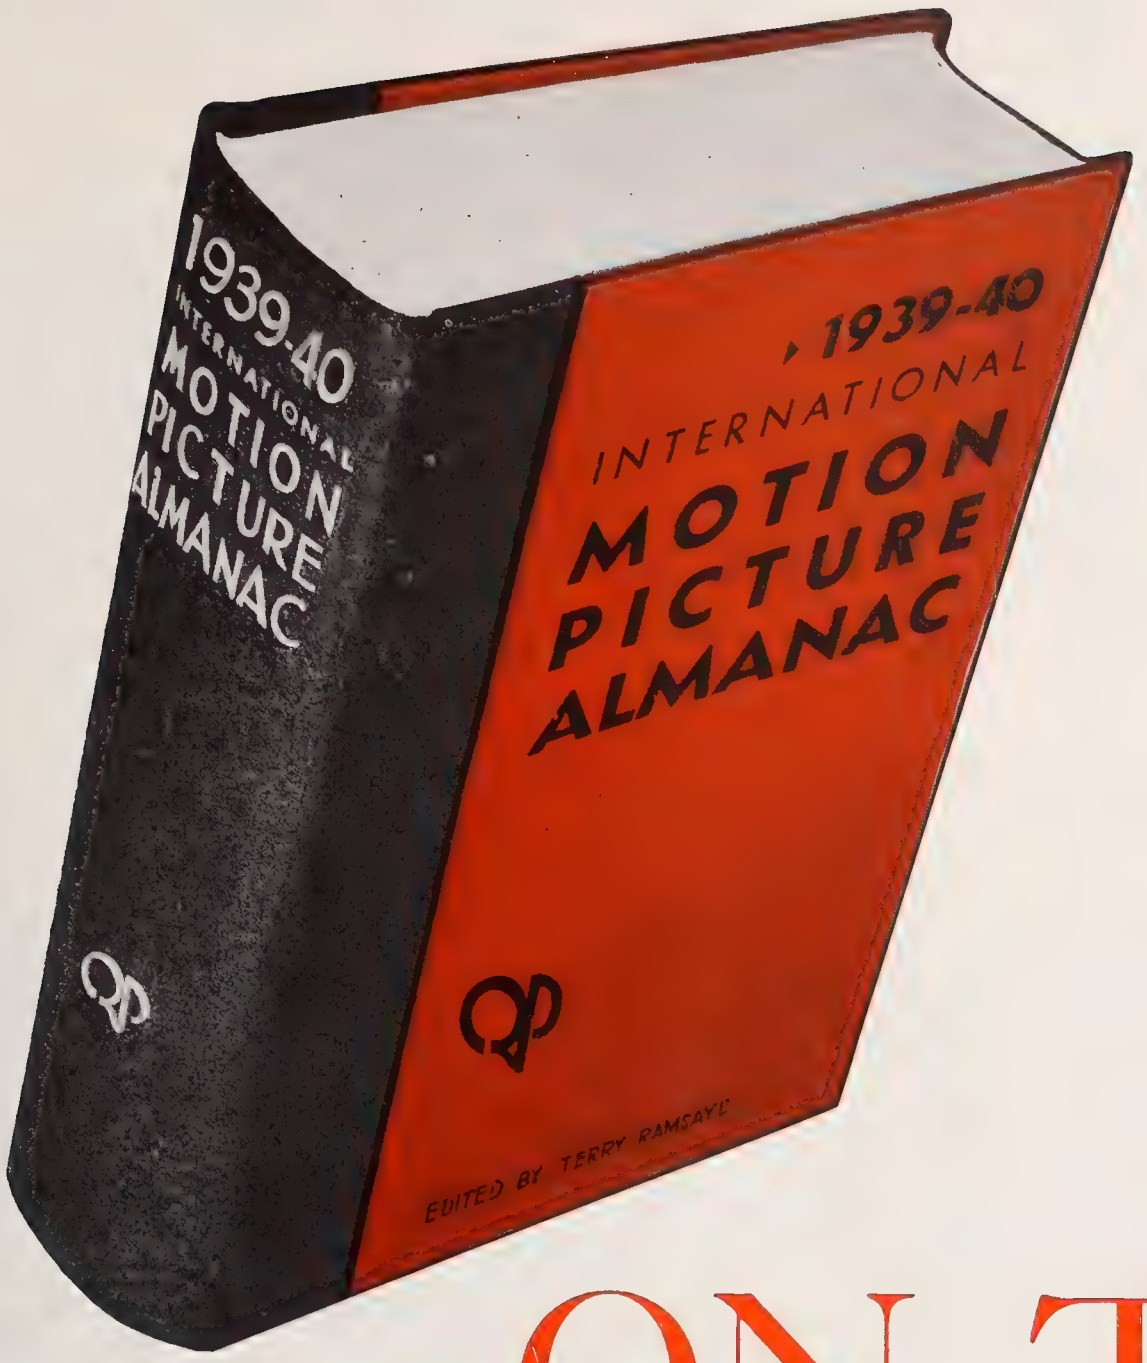
Paramount's Plans for Arkansas Opening

The premiere of Paramount's "Our Leading Citizen," starring Bob Burns, which will be shown in four Van Buren, Arkansas, theatres, on August 7th, will be broadcast over a 44 station, coast to coast Columbia Broadcasting System network. Mr. Burns, a native of Van Buren; Irvin S. Cobb, author of the story, Susan Hayward and Joseph Allen, Jr., who play the romantic leads in the film, will be among those on the broadcast.

Governor Carl Bailey of Arkansas and other state and civic officials have been invited to join in the celebration.

Last Friday Burns was host at a luncheon honoring Governor Lloyd C. Stark of Missouri, who made the actor an honorary citizen of the state.

Previewed last Thursday night in the National Archives Building in Washington before Government officials, press representatives and exhibitors was Paramount's "Beau Geste." On Thursday, also, the third in a series of special screenings of the film was held in Philadelphia. Having had a trade screening in Albany and Boston, the picture will be shown in all key cities shortly, it is announced.



Fall Trial Set For Plagiarism Suit

Federal Judge John Knox has set down for trial on November 6th the plagiarism suit of Mort Eisman, Clar Dellar and Robert Louis Shayon against Samuel Goldwyn, Inc., Eddie Cantor and United Artists Corporation. The suit, for $1,000,000 damages, claims plagiarism of the play, "Oh, Shah," in the film "Roman Scandals."

The U. S. Circuit Court recently reversed a dismissal of the suit and ordered a new trial.

LAW OF THE PLAINS: Charles Starrett, Iris Meredith—Very good. Well received. Business off due to heat.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

LET US LIVE: Henry Fonda, Maureen O'Sullivan, Ralph Bellamy—A powerful drama with a good ending and was very well liked here. Running time, 69 minutes. Played June 28-29.—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

MISSING DAUGHTERS: Richard Arlen, Rochelle Hudson, Marian Marsh—Here's a good little programmer that will please all the way. Enjoyed by all and a get 'em title.—W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

ONLY ANGELS HAVE WINGS: Cary Grant, Jean Arthur, Thomas Mitchell, Richard Barthelmess—Entertaining. We done nothing with it. Some walked out. Running time, 119 minutes.—W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

STRANGE CASE OF DR. MEADE: Jack Holt, Beverly Roberts, Noah Beery, Jr.—Played this on Sunday but it would have been most suitable on a Saturday. Was a good picture which seemed to pleased an ordinary attendance. Running time, 67 minutes. Played July 9-10.—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

WESTERN CARAVANS: Charles Starrett, Iris Meredith, Sons of the Pioneers—One of the best westerns Columbia has given us this season with plenty of music from the Sons of the Pioneers. This alone made it good audience appeal. A good picture. Running time, 58 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

First National

BLACKWELL'S ISLAND: John Garfield, Rosemary Lane, Dick Purcell, Stanley Fields—Expected a much better picture. The story was most improbable and neither Garfield or Lane had outstanding parts. Stanley Fields just about stole the picture. Running time, 71 minutes. Played July 7-8.—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

CONFESSIONS OF A NAZI SPY: Edward G. Robinson, Francis Lederer, Paul Lukas—Here is a big disappointment at the box office. It even fell flatter than tissue paper. I guess people aren't interested after so much newspaper publicity on the subject. It just won't click. But Warners have had so many good ones. Guess they all can't be A-1. Running time, 104 minutes. Played June 29-30.—Mrs. W. A. Wight, Rex Theatre, Konawa, Okla. Small town patronage.

CONFESSIONS OF A NAZI SPY: Edward G. Robinson, Francis Lederer, Paul Lukas—Very outstanding! Had a powerful story and was exceptionally well played. These must be facts because there was no beating around the bush. Should be a strong appeal for Americanism. Running time, 102 minutes. Played July 4-5.—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

DARK VICTORY: Bette Davis, George Brent, Humphrey Bogart, Geraldine Fitzgerald—This is just up the exhibitor's alley. Drew them in and well enjoyed by all. Running time, 105 minutes. Played July 11-12.—A Goldson, Plaza Theatre, Chicago, Ill. General patronage.

GOING PLACES: Dick Powell, Anita Louise, Allen Jenkins—A knockout. Crammed with comedy, songs, action and what have you. Pleased young folks more than old. Running time, 84 minutes. Played June 15-16.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

KID FROM KOKOMO, THE: Pat O'Brien, Wayne Morris, Joan Blondell, May Robson—Fine picture and good business. This picture has plenty of action. May Robson stole the picture as the drunken old dip. Will please all. Running time, 90 minutes. Played July 14-15.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

Metro-Goldwyn-Mayer

ADVENTURES OF HUCKLEBERRY FINN, THE: Mickey Rooney, Walter Connolly, Rex Ingram, Lynne Carver—A very good picture. Mickey Rooney always pleases. This one stuck to the book. Business very good. Played July 9-10.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.

BRIDAL SUITE: Annabella, Robert Young, Walter Connolly—I believe Metro allocates this as a class B picture. I would call it z for zero. A foreign locale never goes over here and no box office names made this one of the poorest shows of the year from the box office standpoint and that is what counts. I would suggest that Annabella let Tyrone do the acting for the family. Running time, 70 minutes. Played June 30-July 2.—Gladys E. McArdle, Owl Theatre, Lebanon, Kansas. Small town patronage.

BRIDAL SUITE: Annabella, Walter Connolly, Robert Young—Leave this "swishy swashy" thing in the exchange. Poor picture, poor business, poor box office, poor me! Played June 18-19.—Mrs. W. A. Wight, Rex Theatre, Konawa, Okla. Small town patronage.

BROADWAY SERENADE: Jeanette MacDonald, Lew Ayres, Ian Hunter, Frank Morgan—This is far below "par" for Jeanette MacDonald and Metro just did not click. Probably this was made while the director's back was turned. Running time, 113 minutes. Played July 14-15.—A. Goldson, Plaza Theatre, Chicago, Ill. General patronage.

CALLING DR. KILDARE: Lew Ayres, Lionel Barrymore, Lana Turner—A very entertaining picture but, why, oh, why not give Lana Turner bigger parts. Keep it up, Leo. You have a winner. Running time, 86 minutes. Played June 20.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

CALLING DR. KILDARE: Lionel Barrymore, Lew Ayres, Emma Dunn, Samuel S. Hinds, Alma Kruger, Lana Turner, Nat Pendleton, Marie Blake—The second of this excellent series did not disappoint us. A grand cast with Lionel Barrymore as usual dominating the picture while Lew Ayres, Samuel S. Hinds, Emma Dunn, Alma Kruger and Lana Turner make a fine supporting cast with Nat Pendleton and Marie Blake furnishing the comedy and what a team they make. An excellent feature. Running time, 86 minutes. Played July 8-10.—Gladys E. McArdle, Owl Theatre, Lebanon, Kansas. Small town patronage.

CALLING DR. KILDARE: Lionel Barrymore, Lew Ayres, Laraine Day—Not so good as the first but still nothing to be sneezed at. Miss Day is really a find and is excellent as was she in "Sergeant Madden." A good picture that should draw them in but not an extended run nor did we feel it worth Sunday opening. Running time, 86 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

HONOLULU: Eleanor Powell, Robert Young, George Burns and Gracie Allen—Music and dancing was swell. The story was rotten. Box office worse. Played June 25-26.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.

IT'S A WONDERFUL WORLD: Claudette Colbert, James Stewart—Here is a picture that will please in any town. It is fast, furious and funny. We did an average business but it is certainly not the fault of the picture! It had the "It Happened One Night" flavor and never a dull moment! Play it by all means. —Mrs. W. A. Wight, Rex Theatre, Konawa, Okla. Small town patronage.

KID FROM TEXAS, THE: Dennis O'Keefe, Florence Rice—Here was a nice little program picture which did extra business for us on Saturday. Nothing extra big in box office but still a little increase. Was entertainment from the start. Running time, 71 minutes. Played June 30-July 1.—Horn and Moragn, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

LUCKY NIGHT: Robert Taylor, Myrna Loy—Seemed to please the majority. So I guess that's what they want. Personally, I thought it was silly. Running time, 81 minutes. Played July 13-14.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

MAISIE: Robert Young, Ann Sothern—We did above average "summer slump" business on this and it pleased 100 per cent. Ann Sothern is tough and rough but she has the heart of "our little Nell." Everyone enjoyed it so everyone was happy. Played June 25-26.—Mrs. W. A. Wight, Rex Theatre, Konawa, Okla. Small town patronage.

PARADISE FOR THREE: Robert Young, Florence Rice, Frank Morgan, Mary Astor, Edna May Oliver, Reginald Owen—A very fine comedy that didn't make film rental.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

6,000 ENEMIES: Walter Pidgeon, Rita Johnson—We ran this on Saturday much to our discomfort. It has plenty of action but not the type for Saturday business in a small town. Poorest business in many moons. Our Saturday crowd craves the outdoor "shoot 'em up" westerns. This picture would click on bargain night or a double bill. But I am inclined to believe people are getting tired of these "big house" and gangster films. Give us good clean fun and comedy and let our patrons laugh! Played June 24.—Mrs. W. A. Wight, Rex Theatre, Konawa, Okla. Small town patronage.

STAND UP AND FIGHT: Wallace Beery, Robert Taylor, Florence Rice, Helen Broderick, Barton MacLane—This picture drew very well in spite of a bad rain storm on Sunday night. A good show for any small town. Played June 18-19.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.

STRONGER THAN DESIRE: Virginia Bruce, Walter Pidgeon—This is a very smooth running and interesting picture that did above average business on Sunday. The story is a "run through the mill" affair but the acting is good and we heard favorable comments. Above average "B" picture that should please small town patrons. Running time, 87 minutes. Played July 9-10.—Mrs. W. A. Wight, Rex Theatre, Konawa, Okla. Small town patronage.

SWEETHEARTS: Jeanette MacDonald, Nelson Eddy, Florence Rice, Frank Morgan, Mischa Auer—Say there! Repeat this smash hit instead of playing any other new one. It means a lot more dollars in the B. O. and 100 per cent satisfied patrons. Playing two French pictures and two English pictures each week. Closed Sunday and Church holidays. I think I'm the only one doing this. Is it true?—U. S. Allaire, Victoria Theatre, Victoriaville, P.Q., Canada. General patronage.

TARZAN FINDS A SON: Johnny Weissmuller, Maureen O'Sullivan—Very good picture which did above average business. This picture should draw and please anywhere. Played July 10-11.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

Monogram

SALESLADY: Anne Nagel, Weldon Heyburn—Very good picture. Business only fair. Played on a dual bill.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

Paramount

BACK DOOR TO HEAVEN: Wallace Ford, Patricia Ellis—They had me looking for another picture to replace this as the reports were very bad. Ran it anyway and our audience seemed to enjoy it. Not good but not bad. Running time, 84 minutes. Played July 11-13.—A. Goldson, Plaza Theatre, Chicago, Ill. General patronage.

CAFE SOCIETY: Madeleine Carroll, Fred MacMurray, Shirley Ross—Pleased all who saw it. The name held it back. People here don't go for that society stuff. Madeleine is a beaut and can act too. Carroll and MacMurray make an excellent starring team. Running time, 76 minutes. Played June 27.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

DISBARRED: Gail Patrick, Otto Kruger, Robert

Preston—Just a run of the mill picture. Miss Patrick deserves better material than this. So does Preston. Running time, 60 minutes. Played June 14.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

GRACIE ALLEN MURDER CASE: Gracie Allen, Warren William, Kent Taylor, Ellen Drew—They laughed, they howled, they roared, they rolled in the aisle, they tore up ten rows of seats. If they love something completely crazy, tell 'em about this one. I suggest you run it as a midnite show. Running time, 80 minutes. Played June 24.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

GRACIE ALLEN MURDER CASE: Gracie Allen, Warren William, Kent Taylor, Ellen Drew—Fair picture, fair business. Neither picture nor business as good as I expected. Played July 9.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

HEART OF ARIZONA: William Boyd, Russell Hayden, George Hayes—Another good "Hoppy." He's tops in this town. Plenty action as always. "Lucky" and "Windy" blend together just like corn beef and cabbage. Viva Hopalong. Running time, 68 minutes. Played July 1.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

Republic

RHYTHM OF THE SADDLE: Gene Autry, Smiley Burnette, Peggy Moran—Better than average Autry. Maybe it was the songs or maybe the refreshing personality of Miss Moran. Republic, she deserves bigger and better parts. Give her a break and watch her go. Running time, 55 minutes. Played July 15.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

RKO Radio

KING KONG: (reissue) Robert Armstrong, Fay Wray, Bruce Cabot—Well received. Still a lot of thrills left. Business normal due to heat wave.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

STORY OF VERNON AND IRENE CASTLE, THE: Fred Astaire, Ginger Rogers, Walter Brennan, Edna Mae Oliver—The title seemed to keep them out. Too bad as the picture was enjoyed by those who attended. Running time, 93 minutes. Played July 14-15. —A. Goldson, Plaza Theatre, Chicago, Ill. General patronage.

Twentieth Century-Fox

DOWN ON THE FARM: Jed Prouty, Spring Byington, Louise Fazenda—The best Jones Family picture to date. Played July 5-6.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.

JESSE JAMES: Tyrone Power, Nancy Kelly, Henry Fonda, Randolph Scott—Business best in months. Definitely Class A production. Power and Fonda were excellent. Good enough for preferred time and extended runs in any town. Running time, 106 minutes. Played February 24-28.—Earl E. Bower, Orpheum Theatre, Connellsville, Penna. General patronage.

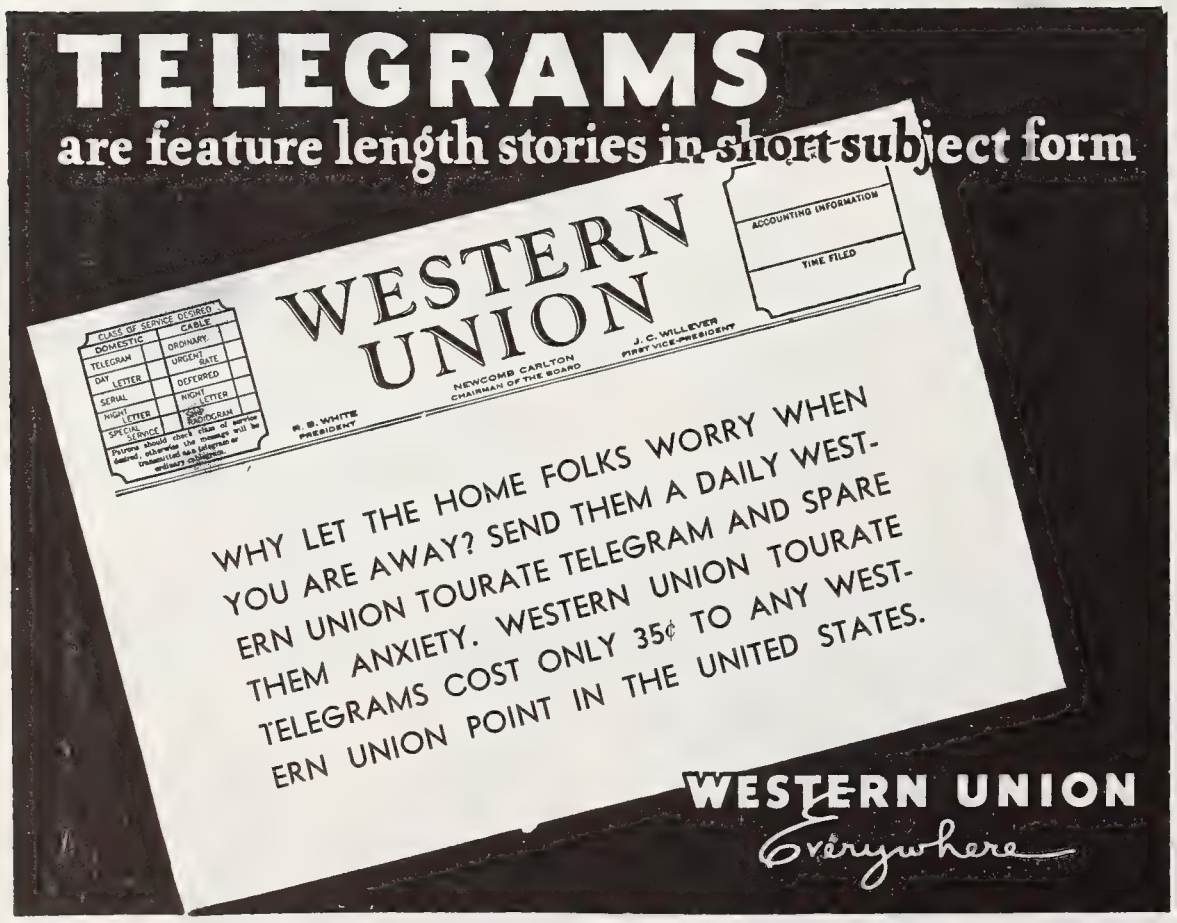
JESSE JAMES: Tyrone Power, Henry Fonda, Nancy Kelly, Randolph Scott—This picture is a money maker anywhere. Fonda did exceptionally well. If it weren't for Zanuck, there would be a lot more poor showmen. Played June 7-8.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.

JONES FAMILY IN HOLLYWOOD: Jed Prouty, Spring Byington—Best Jones Family picture we have ever had. Patrons enjoyed it very much and had plenty of laughs. Used it on a double bill mid-week to fair business. Running time, 62 minutes. Played June 7-8.—Earl F. Bower, Orpheum Theatre, Connellsville, Penna. General patronage.

KENTUCKY: Loretta Young, Richard Greene, Walter Brennan—A wonderful picture with beautiful scenery. Pleased everyone but business wasn't so good. Played June 14-15.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.

MR. MOTO IN DANGER ISLAND: Peter Lorre, Jean Hersholt, Amanda Duff—One of the best Motos. Entertaining and fast. Good second half. Enjoyed generally.—W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

MY LUCKY STAR: Sonja Henie, Richard Greene, Joan Davis, Cesar Romero, Bubby Ebsen—Did the Norweigians in this town go for this one. I wish they would make more pictures with Sonja. Played June 21-22.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.



RETURN OF THE CISCO KID, THE: Warner Baxter, Lynn Bari, Henry Hull, Cesar Romero—Good "B" product. Not extended runs. Entertains all the way. Running time, 70 minutes.—W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

STORY OF ALEXANDER GRAHAM BELL, THE: Don Ameche, Loretta Young, Henry Fonda, Young Sisters—Ameche and Young make a good team. Fonda as usual gave a good performance. Patrons enjoyed the picture. Comments were good. Running time, 97 minutes. Played May 6-9.—Earl F. Bower, Orpheum Theatre, Connellsville, Penna. General patronage.

STORY OF ALEXANDER GRAHAM BELL, THE: Don Ameche, Loretta Loung, Henry Fonda, Young Sisters—Swell picture which did the biggest flop at the box office of any big picture in months. We cannot understand it! Running time, 97 minutes. Played July 2-3.—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

SUSANNAH OF THE MOUNTIES: Shirley Temple, Randolph Scott, Margaret Lockwood—Not the best Temple but good and does business. Enjoyed generally and big enough for any spot. Extended runs.—W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

TAIL SPIN: Nancy Kelly, Alice Faye, Constance Bennett, Charles Farrell, Joan Davis—Pleased everybody. Little Nancy was the shining star. Seeing her is worth two bits of anybody's money. She is a coming winner of an "Oscar." Running time, 84 minutes. Played June 29-30.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

YOUNG MR. LINCOLN: Henry Fonda, Marjorie Weaver, Alice Brady, Arleen Whelan, Eddie Quillan—Business better than average. Fonda turns in another good performance. Some of the patrons remarked about Quillan, asking why they don't see more of him. First time we have had Quillan on our screen since "Mutiny on the Bounty." Here's hoping we see more of him soon. Running time, 104 minutes. Played June 30-July 3.—Earl F. Bower, Orpheum Theatre, Connellsville, Penna. General patronage.

United Artists

CAPTAIN FURY: Brian Aherne, Victor McLaglen, Paul Lukas, June Lang—They don't make any better action pictures than this one. The entire cast is excellent including lovely little June Lang. Running time, 91 minutes. Played June 8-9.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

Warner Brothers

DEVIL'S ISLAND: Boris Karloff, Nedda Harrigan —A dandy picture. Karloff drew very well. Played June 23-24.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.

FOUR DAUGHTERS: Lane Sisters, Gale Page, John Garfield, Jeffrey Lynn, Claude Rains, May Robson—This is a good one. It's not so much for box office but if you want a picture that will satisfy everyone grab it while there is still prints on it. Business fair. Played June 4-5.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.

HEART OF THE NORTH: Dick Foran, Gloria Dickson, Gale Page, Allen Jenkins, Patrick Knowles, Janet Chapman—Boy, did this bring them in. It just came a few dollars under "Jesse James." But the print was in terrible shape. The story itself was pretty weak. Played July 2-4.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.

JUAREZ: Paul Muni, Bette Davis, Brian Aherne, Claude Rains, John Garfield—Very good picture which did above average business. Being a historical drama, I did not expect much business in this small town but was pleasantly surprised. Running time, 127 minutes. Played July 12-13.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

JUAREZ: Paul Muni, Bette Davis, Brian Aherne, Claude Rains, John Garfield—An excellent picture that has everything it takes to make an outstanding production that hit a new low for us at the box office. The only comment we can give you is that it is, if your situation is an average small town community, definitely not a small town production. Skip it. Running time, 127 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

NANCY DREW, TROUBLE SHOOTER: Bonita Granville, Frankie Thomas, John Litel—We ran this on bargain night to above average business. We have run all the "Nancy Drew" series and our patrons enjoy them. It drew better than "Confessions of a Nazi Spy" on a "2 for One" night and is my face red! It has plenty of comedy situations and lots of laughs. In fact these series are improving all along. Running time, 70 minutes. Played July 4-5.—Mrs. W. A. Wight, Rex Theatre, Konawa, Okla. Small town patronage.

NAUGHTY BUT NICE: Dick Powell, Gale Page, Ann Sheridan, Donald Reagan—I don't know what did it but we had better business on this picture than anything we have run in quite a spell. Picture is just average and impossible in spots. Guess the title did it. It sure took the kink out of our stooped shoulders. Played July 2-3.—Mrs. W. A. Wight, Rex Theatre, Konawa, Okla. Small town patronage.

OKLAHOMA KID, THE: James Cagney, Rosemary Lane, Humphrey Bogart—What more could you ask for? Cagney really plays his part. Let's have more like it. Running time, 80 minutes. Played June 13.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

THEY MADE ME A CRIMINAL: John Garfield, Ann Sheridan, Claude Rains, "Dead End Kids"—Just what the doctor ordered. Garfield is a sensation, the greatest discovery in a decade. Entire cast outstanding. Don't pass it up. Running time, 92 minutes. Played June 17.—Pruitt Simms, Dale Theatre, Ozark, Ala. General patronage.

VALLEY OF THE GIANTS: Wayne Morris, Claire Trevor, Frank McHugh, Alan Hale, Charles Bickford—Brought this one back and did it go over. We had to put up our S.R.O. signs. Played June 11-12.—Edward Malone, Jr., Cozy Theatre, Colfax, Wis. Rural patronage.

Short Features

Columbia

GOLF CHUMPS: Krazy Kat Cartoons—Very good. —Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

HOUSE THAT JACK BUILT, THE: Color Rhapsodies—Just fair.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

TWO CONTRIBUTORS JOIN DEPARTMENT

Two new contributors this week join the ranks of the exhibitors sending reports to the What the Picture Did for Me department. They are:

EARL F. BOWER, Orpheum Theatre, Connellsville, Pa.

EDWARD MALONE, JR., Cozy Theatre, Colfax, Wis.

Returning after an absence of some months is:

U. S. ALLAIRE, Victoria Theatre, Victoriaville, P. Q., Canada.

Read these exhibitors' reports in these columns.

LUCKY PIGS: Color Rhapsodies—Just a fair cartoon. O.K. for a fill in. Running time, seven minutes. —A Goldson, Plaza Theatre, Chicago, Ill. General patronage.

NAVY CHAMPIONS: Special Sport Thrills—Very good. Worth playing.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

PEST FROM THE WEST: Buster Keaton—Here is a comedy that is a comedy. Why not give us more of this type. Has anything skinned a mile that Columbia has made this season. Just a knockout that had them in stitches the entire performance. Excellent. Running time, 18 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

VIOLENT IS THE WORD FOR CURLY: Three Stooges—Excellent for our farm lads.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

Metro-Goldwyn-Mayer

ANGEL OF MERCY: Passing Parade, No. 5—Entertaining one reeler dealing with birth of the Red Cross.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

ART GALLERY: Cartoons—Very good cartoon in color.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

COUSIN WILBUR: Our Gang—Very good comedy. —E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

HAPPILY BURIED: Musical Comedies—Average two reel musical.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

LITTLE GOLDFISH, THE: Cartoons—A crackerjack cartoon. A bit different and enjoyed by all. Running time, eight minutes.—A. Goldson, Plaza Theatre, Chicago, Ill. General patronage.

MONEY TO LOAN: Crime Doesn't Pay Series—Another very good Crime Does Not Pay short. Running time, two reels.—Gladys E. McArdle, Owl Theatre, Lebanon, Kansas. Small town patronage.

SINGAPORE AND JAHORE: FitzPatrick Travel Talks—Very good with wonderful color. All FitzPatrick's work is tops. Running time, nine minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

YANKEE DOODLE GOES TO TOWN: Passing Parade, No. 6—Fair short but not quite so good as Metro thinks it is. Running time, one reel.—Gladys E. McArdle, Owl Theatre, Lebanon, Kansas. Small town patronage.

Paramount

DEATH VALLEY THRILLS: Grantland Rice Sportlights—Entertaining.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

REPUBLIC OF PANAMA: Color Cruises—Average travel talk in color.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

RKO Radio

DONALD'S BETTER SELF: Walt Disney Cartoons —Certainly was one grand little cartoon.—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

Twentieth Century-Fox

THEIR LAST BEAN: Terry-Toons—Only fair. Very few good cartoons from Terry-Toons. Running time, seven minutes.—A. Goldson, Plaza Theatre, Chicago, Ill. General patronage.

Universal

ONE ARMED BANDIT: Lantz Cartunes—Just a fair black and white cartoon. Nothing to write about. Running time, seven minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

WITH BEST DISHES: Mentone Musical Comedies —Just fair. Several of the acts have been seen here in other musicals and that does not help matters. Running time, 18 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

Vitaphone

BARS AND STRIPES FOREVER: Merrie Melodies —Good color cartoon.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

CHAINED: Floyd Gibbons' "Your True Adventure" Series—As usual this short has plenty of audience appeal. Very good. Running time, 11 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

DECLARATION OF INDEPENDENCE, THE: Historical Technicolor Featurettes—A very fine short and were we lucky to have it booked on July 4th. Had many fine comments on it.—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

HOME CHEAP HOME: Henry Armetta—Terrible! Where did anyone get the idea that this was a comedy?—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

National Decency Legion Classifies Seven Films

Of seven pictures reviewed this week by the National Legion of Decency, three were approved for general patronage, three were listed as unobjectionable for adults and one was condemned. The pictures and their classification follow.

Class A-1, Unobjectionable for General Patronage: "Andy Hardy Gets Spring Fever," "The Cowboy Quarterback," "Range War." Class A-2, Unobjectionable for adults: "Indianapolis Speedway," "Way Down South," "A Woman Is the Judge." Class C, Condemned: "Human Wreckage."

The listing of "Bachelor Mother" has been changed from A-1 to A-2, following receipt of additional reviews which changed the consensus of opinion on the rating, according to the Legion of Decency.

Suit Filed by Radtke

Radtke Patents Corporation this week filed a patent infringement suit in the United States district court in New York against Blue Seal Sound Devices, Inc., Motion Picture Camera Supply, Inc., Ernest St. George, Chester Tappan, and J. Burger Contner. The plaintiff claims infringement of a patent on a method of and means for optically reproducing sound, issued to Albert Radtke, in 1922. The complaint charges the defendants with making and dealing in 16 mm. sound projectors which, it is charged, infringe on the patent. An injunction, accounting of profits, and damages are asked.

Simplifies Corporate Structure

Columbia Pictures Corporation of California, Ltd., studio subsidiary, and Columbia Pictures Distributing, with Columbia Pictures Corporation, parent company, have been merged in Albany, N. Y. The mergers were undertaken to simplify the corporate structure. The legal work was handled by Schwartz and Frohlich, counsel for Columbia.

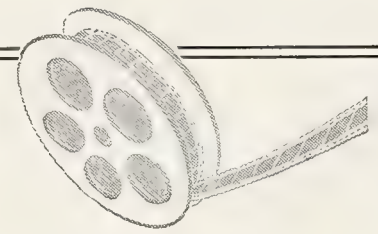
Judell Forms Distributing Unit



Producers Distributing Corporation has been formed to handle the distribution of Producers Pictures, the recently-formed producing company headed by Ben N. Judell, president, with its contributed product released through franchised exchanges in all parts of the country.

"Wanted for Murder" will be the first picture to be released by the new company and will have September 17th as its release date. Thereafter one feature a week will follow.

Harry Rathner will continue to act as eastern representative for Producers Pictures and in addition will function as eastern district manager for Producers Distributing.

Abe Fischer, former sales head for Gaumont-British in the middle west and before that with Metro-Goldwyn-Mayer, has been appointed general manager of Mr. Judell's exchanges in Chicago and the middle west

After long-distance telephone conversations with his affiliated exchanges, Mr. Judell says he will shortly issue a formal announcement as to the number, type and titles of the pictures which will comprise the 1939-1940 program to be distributed by his company. He has signed Bobby Clark, 13, "world's champion junior cowboy," to star in a series of eight western, the first to go into production August 14th. Clark, who is holder of junior trick riding and roping championships, has been starred in rodeos.

Golden Jubilee Boosted By Short Wave Broadcasts

The industry's Golden Jubilee, observance of which will start early in August, has been publicized over the Columbia Broadcasting System's short wave in six different languages. The broadcast was sponsored by the industry.

It is expected that theatre and film men will organize local committees to sponsor the event. The 300 newspaper and fan magazine writers in Hollywood are being given full information regarding the event.

Stockholders Actions Against Columbia Pictures Merged

An application by Columbia Pictures to consolidate the stockholders' suits of Benedetto LaPresti, Betty Davis and Samuel Shatse was granted last Friday by New York Supreme Court Justice Edward J. McGoldrick.

The suits charge payment of excessive salaries and bonuses, mismanagement and improper use of stock warrants, and seek the appointment of a receiver and an accounting by Columbia officials.

Joseph Burstyn, associated with Arthur Mayer in the importing and distribution of foreign films, arrived Wednesday from Europe after an eight week trip abroad buying product.

Dr. J. B. Fishman of Fishman Theatres, New Haven, has been reappointed honorary research fellow in physiological chemistry at the Yale Medical School for 1939-40.

MANAGERS' ROUND TABLE

An international association of showmen meeting weekly in MOTION PICTURE HERALD *for mutual aid and progress*

A-MIKE VOGEL, Chairman and Editor GERTRUDE MERRIAM, Associate Editor

AN OPEN LETTER

MR. JOHN COWLES, President,
The Star Company, Minneapolis, Minn.
Sir:

The writer calls your attention to the two items reproduced on this page, taken from the amusement page of the Minneapolis *Star*, issue of June 8th. One is an advance ad taken by the State Theatre to announce the motion picture, "Invitation to Happiness". The other, with a Hollywood dateline, is the head of a three-column story which has to do with criticism of various Hollywood stars—most importantly, Irene Dunne, star of the picture advertised immediately above.

Whether or not Miss Dunne is "chilly", as described, is beyond the point, as is the seeming lack of journalistic enterprise on the part of your Hollywood correspondent who picks up his material from a national magazine. Nor is there need to defend the star, who, according to those who should know, is cordial and helpful to all with whom she comes in contact.

Miss Dunne's role in the picture is entirely a sympathetic one. Her performance has been widely enjoyed, perhaps also in Minneapolis.

The questions raised are: Why should you allow this negative and hardly fair criticism to be published at all, and especially on the day before opening?

Should not the motion picture theatres of Minneapolis enjoy the same journalistic consideration given department stores, automobile agencies and other heavy advertisers?

A-Mike Vogel

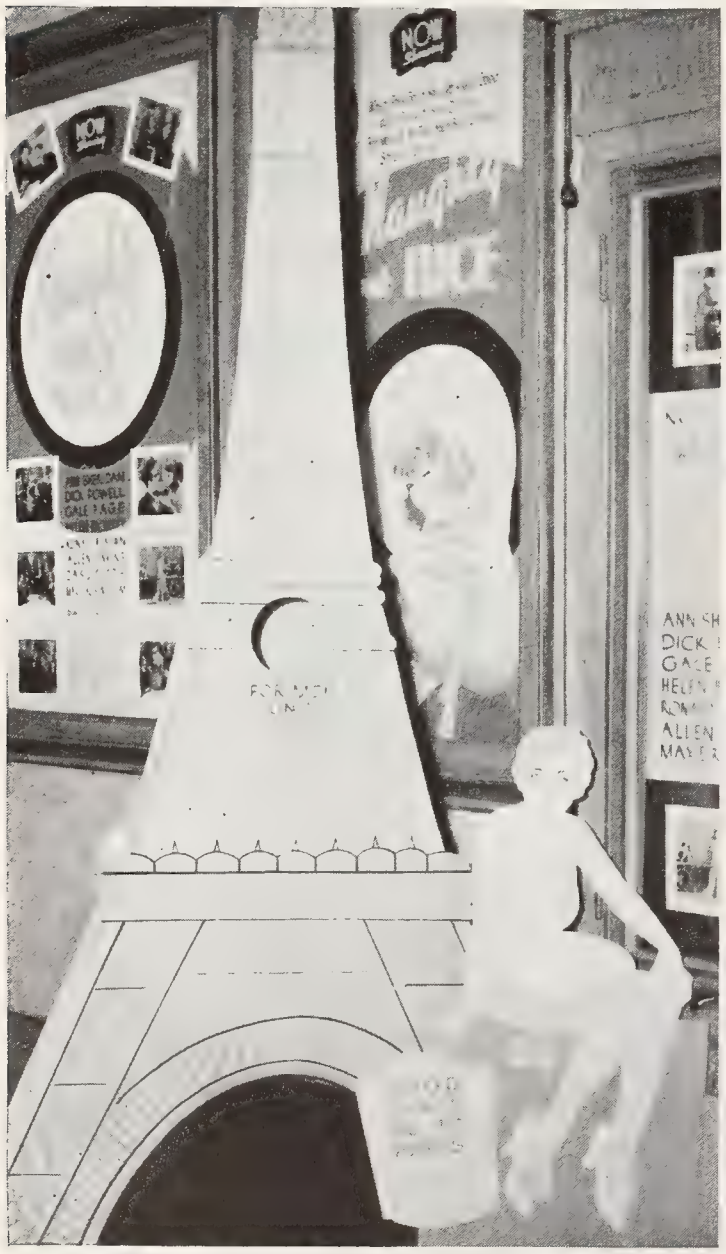
Round Table In Pictures



Illustrated at right is the eye-arresting lobby setpiece conceived and constructed for "The Kid from Kokomo" date at the Princess Theatre, in Shelbyville, Tenn., by Manager Joe Baily. Across the chest of Wayne Morris, depicted as he appeared in the film as the gullible fighter, were title cutout letters with star photos.

Arranged by Manager Charlie Bierbauer and his assistant, Nick Todorov, at the W. & V. Colonial, in Allentown, Pa., was lobby setpiece of the Eiffel Tower created for an advance on "Good Girls Go to Paris". Provided with peephole marked "For Men Only", the curious on inspection were confronted with cutout of Joan Blondell.

An attractive and colorful animated jungle scene was arranged for in the lobby of Loew's State, in Cleveland, by Publicist Milt Harris for "Tarzan Finds a Son". Set against a background of tropical foliage, papier-mache lion, tiger and elephant were planted, the latter providing animation by trunk, ears and head moving constantly. . . . Louie Charninsky at the Capitol, in Dallas, Texas, comes to the fore again with one of his typical fronts for "Wolf Call". Giant cutouts of Carroll and Movita were planted atop marquee; stuffed wolf in cage at boxoffice attracted plenty of attention.

Residents of Louisville were greeted one morning recently by Messrs. Chips, Chips and Chips in full graduate regalia escorting three attractive campus co-eds in shorts, all carrying back and chest banners as a visual bit of evidence for an advance on that picture. Stunt which provided much word-of-mouth comment was arranged for the date by Manager George Hunt at Loew's State.

Roy Moulton, managing director of the Hotel Piccadilly, welcomes Rodney Collier, Warners' Stanley, in Baltimore on his visit to New York. Collier's trip here was his Award for winning last year's July-August exploitation contest sponsored by Managers' Round Table. Unable to make use of his Award last year, Rodney took a raincheck on the prize and came up to do the Fair.

Three wise men covering the streets of Hamilton, Ont., Canada, and each carrying an imprinted umbrella drew attention for C. T. Spencer's advance bally on "Clouds Over Europe". Gag copy with playdates, etc., was featured on the trio's bumbershoots.

Attention attractor was the lobby setpiece constructed for the opening of "Man About Town" by Manager Paul Ketchum at Schine's State, in Hamilton, N. Y., featuring cutouts of Benny and one of the glamour girls. Title letters in flitter stood out in relief.

In advance of opening of "Young Mr. Lincoln" at the Paramount Theatre, in Anderson, Indiana, was street bally illustrated above and used by Round Tabler Harry Van Noy. Properly bannered with title and playdates, man rode nag about town heralding opening.

AWARDS JUDGES BESTOW SECOND QUARTER HONORS

Fifty-four Fortnight Winners in Second Quarterly Period Voted Added Distinctions by Majority Vote of Committee

by A-MIKE VOGEL

With the findings of the Judging Committee in the Second Quarter of the Quigley Awards, the important halfway mark in the 1939 Competitions is reached as the voting for the Quarter-Master Plaques, Medals and Citations is announced. Selected for these honors from among entrants who had earned Fortnight Appointments in the preliminary periods of the Second Quarter, 54 winners in all were designated by the judges: Arthur Mayer, of the New York Rialto Theatre, Oscar A. Doob, of Loew's Theatres, and Dan Michalove, of National Theatres.

Again three Quarter-Master Plaques and five Quarter-Master Medals were awarded as were Quarter-Master Citations, the detailed listing appearing elsewhere on this page. In addition, a Special Quarter-Master Silver Citation was voted to Harry Shaw, New England Loew's division.

No Repeaters for Plaques, Medals

That the race has tightened up considerably is indicated in the selections of the Plaque and Medal winners, none of those who scored similarly in the First Quarter repeating in the Second. However, a goodly number of these high scorers clicked for Second Quarter Citations and thus remain as strong contenders for the annual honors.

The judges' findings again emphasize that preference for the highest listings were given to those entrants who had scored more than one Fortnight Appointment during the two-week preliminary periods of the Quarter. It was felt that a winner of one Fortnight should be able to repeat since there were many opportunities to do so. In all cases, nevertheless, the greatest consideration was given to individual effort showing a greater degree of showmanship excellence. It may be observed that quite a few of the finalists had taken down from three to four Fortnight Appointments in the Quarter.

Third Quarter Important

The Awards now enter perhaps their most important Quarter, important to those who have already scored before and to those who have yet to hit for high honors. The race is still wide open for all. What entrants do from now on to the end of the Awards year will have much to do with the winners of the year's top prizes. It is again suggested that interested theatremen forward entries in as many of the two-week preliminary Fortnight periods as possible to insure top consideration from the Judging Committees.

A continued cross-section of showmanship displayed by winning entrants is offered in the promotions of Appointment winners in the last Fortnight of the Second Quarter which follow. Others were detailed in last week's issue.

Realizing the potentialities of "Invitation to Happiness" for woman appeal, Walter Van Camp and Don Alexander at the Paramount, in St. Paul, Minn., aimed their ad campaign mostly at female trade, plugging the romance and emotional drama, while for the men, they concentrated on the action element. Art in the ads got across the "happiness" implication with heads of Dunne, MacMurray, Ruggles and Billy Cook featured in layouts with each wearing a smile.

Special screening was held for women's clubs, business and professional women, sports editors, radio commentators, etc., at which comment cards were distributed. These later were used in ads on newspapers' amusement and society pages.

MORE "FORTNIGHTERS"

Harwell Ties "Juarez" Engagement To National Flag Week Observance

Playing "Juarez" during National Flag Week, Bill Harwell, at the Ohio, Canton, promoted Station WHBC for a 30-minute program. From the story synopsis, studio prepared a script for short dramatization of the picture, parts being played by members of the local Theatre Guild, which with an excellent musical background proved very effective. Also received by the theatreman and read by Harwell during the program was a wire from Major Albert Warner urging him to cooperate with the various civic committees, etc., toward making Flag Week the success it deserved.

Smith Ushers In "Honolulu" Date With Premiere and Dance Contest

A typical Hollywood premiere was accorded the opening of "Honolulu" at the Paramount in Hot Springs, Ark., through the efforts of Round Tabler W-Clyde Smith who staged a broadcast from his lobby opening night. As guests alighted from their cars they were introduced over the air, theatreman in addition reading congratulatory wires received for the occasion. Highlight of the campaign was a citywide "Honolulu" dance contest with finals held night before opening at local dance club, which paid all expenses in connection with the contest. Winner also attended the premiere and danced for the aggregation. Street serenade bally was arranged for with band playing and rotating at various cafes. Entire staff was dressed in Hawaiian costumes during run, theatre and front appropriately dressed for the occasion, heralds were distributed, window displays planted and cooperative ads secured.

Soriero Usherettes Cover City With Car Strips for "Susannah"

Blondes, brunettes and redhead usherettes dressed in attractive costumes covered various parking lots about city as part of Tom Soriero's advance on "Susannah of the Mounties" at the United Artists Theatre, in Los Angeles. Supplied with car bumper strips carrying copy "Warning, drive fast and see our jail, drive slow and see Susannah" etc., etc., girls pasted these on cars with Scotch cellulose tape. Wherever possible girls asked permission, however, if car owner was not in evidence, they went to it anyway since they were within the law.

" 'True' or 'False'?" Asks Dowdle With "Nazi Spy" Shadow-Box

Built entirely from scrap material lying about the theatre, was the lie detector constructed by George A. Dowdle at the Luna, in Deming, New Mexico, for "Confessions of a Nazi Spy". The words "true" and "false" were shadow-box illuminated and both gag and serious questions were put to patrons seated in the detector. Through a clever conglomeration of wiring and contacts, different weights and seated postures would turn on either the "true" or "false" lights. Copy on panel read: "Lie detectors played an important part in uncovering information about Nazi spy activities in this country. Learn the truth about Nazi activities in our Free America."

Also secured by the theatreman was a double truck carrying merchants' endorsements of the picture. These were also made into herald form and distributed house-to-house within a radius of 50 miles.

Syracuse Men About Town Witness Lampe Beauty Contest

In conjunction with the largest department store in Syracuse, Gus Lampe engineered a bathing beauty contest on the stage of the Keith Theatre for "Man About Town." All prizes and corsages for the entire affair were promoted from the store and cooperating florist. Trailers were run on theatre screen for three weeks preceding the event, advising where to get the entry blanks, etc. Spot radio announcements were planted and department store featured the event storewide and in their advertising. Syracuse *Herald* used an eight column streamer across top of movie page with story and art on Dorothy Lamour, other papers came through with nice breaks and the RCA Victor Radio dealers broke with a full page tied to picture in the *Journal-American*.

Martin Ties Local Air Service To Banner Stunt for "Angels"

One of the outstanding stunts engaged in by Guy Martin to put over "Only Angels Have Wings" at the Colfax, in South Bend, Ind., was the tieup between the Indiana Air Service and the theatre whereby a huge title banner was towed by plane for two 45-minute periods opening day, covering entire city and surrounding towns. Theatre organist featured "And the Angels Sing" in his solos two weeks ahead, following which he announced opening of the picture. Excellent tieup was effected with the telephone company which has an alarm ring covering most of the outlying territory surrounding South Bend. Twice preceding the opening the operator gave the alarm and when all phones had responded, she made an announcement concerning the picture.

"SPOT YOUR PICTURE AND SEE THE SHOW"

New club inaugurated by Ted DeGrazia at the Lyric, in Bisbee, Ariz., is what he calls his Junior Screen Club which meets each Saturday. With a 35mm. camera at his disposal, Ted takes pictures of kids at random and projects 20 of these on his screen each week. If the child whose picture is flashed on the screen is in the theatre, he receives a pass. Showman reports cost of 100 feet of film which takes 1,600 pictures, at four dollars, cost of developing and printing another four dollars for the hundred feet of film, or a total of eight dollars for the whole stunt.

A woman patron is like a wife! She'll stand for anything except a humdrum life in your theatre. Any dumb cluck can win 'em once but it takes a guy with change of pace to keep 'em satisfied.

Schine Brothers Convention Marks Rise of Circuit to 150 Theatres

Growth of Operations Credited to Selection by Executives of Top Manpower

TO those who know, and they are many who claim to know, no small part in the progress of the Schine circuit is the recognition given by J. Myer Schine, president, and Louis W. Schine, vice-president, to the excellence of the organization's manpower in home office and field, and the cooperation of the personnel in building the circuit from one house to 150 in 20 years of operation.

Emphasized at the circuit's recent convention, in Gloversville, New York, was the smooth functioning of the operating departments, each headed by a leader carefully selected by the brothers and highly trained as an expert in his particular line.

Many executives in the home office and in the field, have grown up with the company, but the organization is essentially young in spirit and personnel. Department heads and theatre managers are mostly young men with a preponderance of college graduates. Each home office department functions independently, but all are tied together by weekly meetings of department heads at which time general problems are discussed and policies formulated.

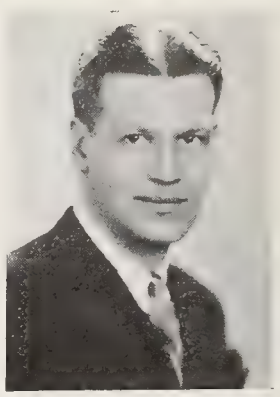
Typical of the Schine home office procedure, is their method of screening all features and shorts for the benefit of the operating, booking and publicity departments, with the heads and assistants of these departments present at the screenings. Immediately after each picture has been viewed, each person who has seen it, fills out a screening report that includes his opinion of the picture's boxoffice possibilities and playing time as well as his thoughts on the sales angles and exploitation possibilities. After the independent opinions are secured, a round table discussion is held by all concerned, and a complete plan of campaign is outlined.

Started Operations in 1918

The Schine brothers went to Gloversville in 1918 when they acquired the old Hippodrome which was an upstairs theatre. Formerly a roller skating rink, it had been converted into a theatre but had been unsuccessfully operated by a series of owners and managers. When they acquired the Hippodrome, it was one of three theatres operating in Gloversville. Within two years after taking over the Gloversville Hippodrome, the Schines acquired the two other Gloversville theatres and the new Glove which had been erected only three years before.

It was in Gloversville that the Schines first tested their theories. With these theatres as a nucleus, they put into actual practice the cardinal principles of giving the public the best and most in entertainment at reasonable prices and in comfortable and pleasant surroundings—ideals upon which they reasoned they could build the chain of theatres they have today and those they may operate in the future.

Keenly alive to the boxoffice possibilities of sustained showmanship, the Schines have always encouraged spirited exploitation in the field, evidences of which are indicated by the great number of the circuit's managers who are active members of the Round Table and frequent winners of Quigley Award honors.



Group insurance for employees, bonuses for managers, social organizations for the personnel have long been policies of the company.

FRANK BOUCHER

THE SCHINE CIRCUIT "WHO'S WHO"

The Schine executive staff is headed by J. Myer Schine, who devotes the major part of his time to company policies, and Louis W. Schine, general manager in charge of theatre operations.

In addition to those brought into the expanding organization, there are many home office executives, managers and other employees with long records with the company. Pointed out is that the original home office staff of seven, 15 years ago, are still with the circuit in executive positions. It is also said that as theatres were acquired, managers and staffs usually have been retained under the new management.

▽

John A. May

While many of the department heads have grown with the company, the rapid expansion occasionally necessitated going outside of the company for executives. One of the first to affiliate himself with the Schines was John A. May, Comptroller of the company and in charge of its finances, in which he has displayed marked ability. He came with the Schines in 1925, having formerly been connected with the Federal Reserve Bank in New York City.

▽

Harold F. Sliter

Executive assistant to Louis W. Schine in charge of theatre operations, has been very instrumental in helping to build the Schine organization since he came with the company in 1933. He is well versed in the essentials of theatre operation, having been with Paramount-Publix and later executive assistant to Charles Cabellero with the Fox and Skouras organizations. With the acquisition of new theatres, he has personally inaugurated the Schine methods of operation and policies in the new territories.

▽

Gene Curtis

Heads the advertising and publicity department. He is a graduate of Stanford University and has a very successful background as a teacher of advertising and in commercial advertising, followed by an enviable record in theatre advertising and operation. In the Quigley Awards, Curtis has won many prizes. His capable staff furnishes the theatres with sales-campaign bulletins on all pictures and outstanding shorts, special activities, edits the weekly house organ, prepares special ad mats and trailers.

▽

Guy Selmser

In charge of construction and maintenance for the entire chain of theatres, is another of the early members of the Schine staff, having been with the company since 1923. He has gone through the training and routine of every department. Assisting Mr. Selmser, and in charge of purchasing is J. Dewey Lederer, a graduate of Yale School of Engineering, with commercial background as plant superintendent and purchasing agent.

CIRCUIT HOME OFFICE OCCUPIES HALF BLOCK

Headquarters of the Schine Theatres is the two-story Schine Building built especially for the purpose and occupying a half-block on the main street of Gloversville. Called complete in every detail, the building has private offices for all department heads, staff and general offices and board room.

Electric kitchen and lunchroom providing for regular meetings of department heads also are available for use of the "Schiners Club", social club of the home office staff which meets monthly in the club's recreation rooms in the building.

Louis Lazar

Well known for his fine record in theatre operation, affiliated himself with the Schines in 1935 to take command of the Ohio division office with supervision over Ohio and Kentucky. His assistant is Saul Silverman who was promoted from district manager.

▽

Gus Lampe

One of the most popular and well-known of the Schine field executives is Gus Lampe who has charge of the very important RKO Schine Theatres in Syracuse. He has been with the Schines for many years and has been very successful as a "theatre doctor," having rare ability to analyze a hard situation and get immediate results. His dynamic personality and ability have won him recognition as one of the most aggressive showman executives in the business.

▽

Clint Young

District manager in central New York, has been with the company for many years, as have other district managers including William Tubbert in northern New York and Louis Levitch in the Rochester territory. Seymour Morris, district manager in southern New York, has been promoted from assistant manager to manager and to his present position. Joe Schwartzwalder, city manager of the Auburn theatres, has held that position since these theatres were acquired by the Schines.

▽

William Heiss

District manager in northern Ohio, has grown with the company and Jim Levine, district manager in southern Ohio was promoted from the management of the Glove Theatre in Gloversville and was at one time director of the Paramount-Publix Managers School. Lew Hensler, district manager in Kentucky, and Marsh Gollner, district manager in Maryland, joined the Schine interests when those theatres were acquired by the company, as did Lee Insley, home office representative in Maryland.

Frank Boucher, another well-known Round Tabler, is also a home-office representative.

George V. Lynch

Is the chief film buyer who has grown up with the Schine Company and has been connected with their film buying and booking department for a number of years. A keen judge of pictures and their boxoffice potentialities, he has been a valuable asset to the Schines and his personality and reputation for fair dealing have made him popular throughout the industry.

Louis Goldstein is chief booker and is assisted by William Kraemer, Joel Golden, Harry Thompson and Seth Field.

▽

E. Douglas Leishman

Is head of the personnel department. Under his direction, the company has a systematic schedule of training in theatre management. Many present managers are young men who started in Schine theatres in subordinate positions and who have been developed until they were capable of taking charge of a theatre.

▽

Al Marqusee

Assistant to Mr. Leishman, is head of the statistical department. This department conducts a thorough analysis of all receipts and expenditures. Although the theatre managers are not hampered in their efforts by inflexible budgets, the results are all carefully scrutinized with the thought of thorough cost control without effecting the boxoffice receipts. This department also conducts a unique method of checking ticket sales and receipts which efficiently controls any possible irregularities.

▽

Francis Barter

Head of the insurance department, has also grown up with the organization. Originally personal secretary to Louis W.Schine, he became familiar with many phases of theatre operation and step by step has learned various home office routines until today he is in charge of his very important department.

▽

Maurice Glockner

Formerly a member of the faculties of New York University and Columbia, heads the real estate department, which has charge of the various rentals and many commercial properties which, in addition to the theatres, include more than one hotel, office buildings, stores, apartments, parking lots, etc.

The legal department is headed by Willard S. McKay as General Counsel, assisted by Howard Antevil in the home office and Peter Klein, and William H. Townsend.

▽

Florence D. Thompson

Office manager, was one of the first employees ever to be engaged by the Schines in Gloversville. As the company has grown, her capable administration within the office has been an important part in its smooth functioning and growth. Endowed with a pleasant personality and a happy faculty of organization and administration, she is a very important wheel in the home office machinery.

Further Reports On "Fortnighters"

(Continued from page 69)

The effective tiein to find the most popular local policeman on "Sergeant Madden" was given an unusual twist by Moon Corker at the Palace, in Athens, Ga., who discovered that the cop chosen for the honors had been on the local police force for 43 years. During that time he had never been reprimanded, never faced a charge of any sort, never had taken a vacation out of the city and was considered one of the most beloved citizens. Medal from Beery presented by Mayor A. G. Dudley for "distinguished service to the citizens of Athens" was awarded the 73-year-old copper.

Mayor officially declared Beery an honorary citizen and suggested that the City Civil Service Commission bestow title of Honorary Sergeant of Athens Police Department upon the star. This done, sheepskin copies of the proclamation and resolution were mailed to Beery who upon receipt posed with the Mayor and Police Chief of Hollywood making the presentation. This photo planted in the Athens papers.

Movie Star Day Co-op. Page Aids Wartha on "Angels" Date

Outstanding in his "Only Angels Have Wings" exploitation at the Roxy, in LaPorte, Indiana, was the full co-op page promoted by Round Tabler Art Wartha. Called "Movie Star Days," each merchant's ad in addition to carrying picture plug, featured a cut of various of the stars appearing in the film. Also stressed was a contest angle whereby readers were required to go to each of the cooperating stores, make a purchase of any amount and receive a star photo. When the entire set was secured from each of the stores and presented at boxoffice, guest ticket was awarded. Another angle used by Wartha was the distribution of four-page colored heralds, entire cost met by merchant's ad on back page.

Schlax Promotes Department Store To Sponsor "Lone Ranger" Shows

With the new "Lone Ranger" serial set to open right at the start of the summer, with children's minds away from attending theatres, F. B. Schlax, at the Bay, in Green Bay, Wis., sold local department store on the idea of sponsoring the entire run to be started off with a special morning show for which tickets were distributed by the store ten days ahead. For this special show the merchant paid Schlax a flat price in return for which he furnished him with 4,000 tickets.

Special "Ranger Club" was formed, officers elected and weekly prizes to all were guaranteed in addition to main prize of a 16 mm. movie camera to winner of a "Lone Ranger" Quiz Contest with lesser prizes to runnersup. Merchant set up a "trading post" in theatre lobby, displaying the various "Ranger" merchandise which was available at the store.

THE RELEASE CHART

INDEX

On this and the following page appears an alphabetical index to the titles of all features listed in this week's Release Chart, with additional information for the exhibitor.

The number immediately following the title is the production number. Also given is information regarding the classification of the subject matter. A melodrama is denoted by the abbreviation Mel., Comedy by Com., Comedy-Melodrama by Com.-Mel., Musical by Mus., Musical Comedy by Mus.-Com., Western by West. If the production is made in color, the letter "C" appears in parenthesis after the classification. Thus: Com.-Mel. (C) denotes a Comedy-Melodrama in Color.

At the extreme right of the line containing the title of the production is the name of the distributor.

(THE RELEASE CHART--CONT'D)

THE CHART

Productions are listed according to the names of distributors in order that the exhibitor may have a short-cut towards such information as he may need, as well as information on pictures that are coming. Features now in work or completed for release later than the date of this issue are listed under "Coming Attractions." Letter in parenthesis after title denotes audience classification of production: (A) Adult, (G) General. Numerals following audience classification are production numbers. Dagger symbol indicates picture is of the 1938-39 season. Asterisk (*) after title of feature denotes first appearance of picture in Release Chart.

NOTE: The totals for running time are the official figures announced by the home offices of the distributing companies.

When a production is reviewed in Hollywood, the running time is as officially given by the West Coast studio of the company at the time of the review, and this fact is denoted by an asterisk (*) immediately preceding the number. As soon as the home office has established the running time for national release, any change from the studio figure is made and the asterisk is removed.

Running times are subject to change according to local conditions. State or city censorship deletions may cause variations from the announced and published figures; repairs to the film may be another reason.

IN COURTS

Paramount Asks Suit Dismissal

Paramount Pictures, last Thursday, filed notice that it would apply to the U. S. District Court on August 6th for dismissal of the stockholder's suit brought by Frank Jablow and Sam Acker, on the ground that the suit is insufficient in law.

The suit claimed waste and mismanagement on the part of Paramount officers and directors, and excessive salaries paid out.

McCarthy to Be Examined

Charles E. McCarthy, Twentieth Century-Fox advertising and publicity director, was ordered Monday by New York Supreme Court Justice Edward McGoldrick to appear for examination before trial on August 2nd. Mr. McCarthy will testify in reference to the suit of Robert E. Sherwood and the Playwrights Producing Company against Twentieth Century-Fox for alleged unfair competition of the film "Young Mr. Lincoln" with the play "Abe Lincoln in Illinois." The court denied an application to require Darryl Zanuck, Twentieth Century-Fox vice-president and production head, to testify without prejudice to a new motion for commissions to take his deposition in Los Angeles.

Infringement Suit

Federal Judge Edward A. Conger last Thursday ordered John Joseph Davila to file a bill of particulars in his song infringement suit against Warner Brothers Pictures, Inc., the Radio Corporation of America, the National Broadcasting Company, the Columbia Broadcasting System and a number of other defendants. The plaintiff contends that "The Desert Song" was copied from his song, "If I Were a Spider and You Were My Fly."

Reorganization Hearing

Federal Judge William Bondy was scheduled to hear arguments, on Thursday, for confirmation of the plan of reorganization of the French Motion Picture Corporation. A petition was filed on February 19th, 1938, listing liabilities of $21,571. Among its provisions, the proposed plan includes a 50 per cent cash payment to the general creditors of the company.

Sued on Sale of "Miracle"

Selwyn and Company filed suit last Friday in U. S. District Court against Bayard Veiller, author of "The Miracle," stage play. The plaintiff seeks to recover $7,500 which it claims the defendant received unlawfully for the sale of the film rights to the play in 1939 to Loew's, and says it produced the play in 1914.

The U. S. Circuit Court of Appeals, on Friday, upheld the dismissal of the plagiarism suit brought by Albert Bein against Warner Brothers Pictures, Inc., in which the plaintiff charged infringement of his novel, "Youth in Hell," by the film, "Mayor of Hell."

OBITUARIES

Frank Harding, Music Publisher

Frank Harding, famous music publisher of the last two decades of the ninteenth century, died at the age of 75 in Bellevue Hospital, New York, last Sunday. Succeeding his uncle, the late Edward Harding, in 1879, in the business which the latter had established, Mr. Harding's ventures helped make the Bowery, where his place of business was established, the "Tin Pan Alley" of that time.

He retired about two years ago, after having published hundreds of popular songs, some of which had sold as high as 100,000 to 150,000 copies. Among them were "My Sweetheart's the Man in the Moon," "Throw Him Down, McCloskey," "Down Went McGinty," and "Say Au Revoir But Not Goodbye."

Merlin E. Schreiber, exhibitor and banker at Wisner, Nebraska, was killed in an automobile crash last Wednesday. His wife and son survive.

Casler, Biograph Inventor, Succumbs

Herman Casler of Canestota, N. Y., builder of the machines which started the first patent war of the motion picture industry, died last Thursday at his home, at the age of 72.

When the late William Kennedy Laurie Dickson, laboratory worker employed by Thomas A. Edison on various electrical projects and on the evolution of the Kinetoscope, founding the motion picture, left Edison he went to dally a while with the endeavors of Otway and Gray Latham, Kinetoscope concessionaires who wanted to put the peep show pictures on the screen. Impatient of progress there, Mr. Dickson entered into an arrangement later known to history as the K.M.C.D. Syndicate—taking its name from the initials of the entrepreneurs, E. B. Koopman, Henry N. Marvin, Mr. Casler and Mr. Dickson.

Mr. Dickson had the ideas, Mr. Casler built the machines. It was expedient, in the patent controversies which arose, beginning with the memorable Thomas A. Edison vs. The American Mutoscope & Biograph company in 1897, for the defendants to credit the inventions to Mr. Casler rather than to Mr. Dickson.

Mr. Casler was a mechanician of extraordinary competency. His association with Mr. Marvin began in their days together in the service of the then Edison General Electric Company of Schenectady. They formed the Marvin & Casler Company to enter manufacturing. Mr. Casler made many important contributions to the ingenious devices by which the Biograph company evaded and skirted the specifications of the Edison patents.

Mr. Casler and his establishment also made important contributions to the development of color photography for the screen in building a succession of cameras for the Prizma company, including one with a 270 degree shutter opening with extreme light efficiency and later others with a two frame pull-down for simultaneous exposure of the complementary frames to eliminate fringing, a common curse of early color efforts.

The competent contributions of machinery from Mr. Casler empowered the rise of the famous American Biograph company, which gave to the art the names and fames of Griffith, Sennett, Pickford and many another.

Mr. Casler continued active in the affairs of his concern until his death, latterly engaged mainly in the making of various precision devices. He is survived by his wife and two sons.

Sebastian Romer

Sebastian Romer, a member of the box office staff of the Center Theatre in New York, died last Thursday at the age of 48 in Merrick, Long Island. Mr. Romer had joined Klaw and Erlanger as an office boy in his youth, and had become treasurer of the Gaiety and Fulton Theatres. Funeral services were held last Sunday.

First Meeting of Film Archivists Held in New York

The first annual congress of the International Federation of Film Archives met Tuesday in New York at the Museum of Modern Art, to continue for several days, attended by the four original charter members: Henri Langlois, of the Cinemathéque Francaise, Paris; Miss Olwen Vaughan of the National Film Library, London; Frank Hensel, of the Reichsfilmarchiv, Berlin; and John E. Abbott, director of the Museum of Modern Art Film Library. In addition, the following countries sent observers: Argentina, Brazil, Chile, Denmark, Italy, Japan, Peru, Sweden, Switzerland and Russia.

Mr. Abbott, first president of the organization, presided. The meetings reviewed the activities of the organization during the past year, discussed plans for the coming year, and considered applications for membership from other organized private, semi-official and national film libraries.

The International Federation of Film Archives was founded in July, 1938, to develop closer cooperation between the film archives of member-countries in order to make the greatest possible non-commercial use of the historical, educational and artistic films of all countries. The central offices of the Federation, located in the Palais Royal, Paris, in quarters supplied by the French Government, acts as a clearing house between the members and serves as a source of information for similar organizations not yet members of the Federation. Georges Franju is executive secretary in charge of the work of the central office.

Membership in the International Federation of Film Archives is open to national, semi-official and recognized private film archives, provided these organizations have for their prime object the conservation of films, the compilation of national and private film records and the use of films for a non-commercial purpose, either historic, pedagogic or artistic. Film archive organizations are admitted only when their own rules are similar to the regulations already in force at the National Film Library of England, the Reichsfilmarchiv, the Cinemathéque Francaise and the Museum of Modern Art Film Library. The Federation excludes any institution or organization which makes use of its films for commercial purposes.

Broun May Be Film Writer

Heywood Broun, column writer for the New York *World-Telegram,* was mentioned Monday in a United Press dispatch to that paper, from Hollywood, as having received an offer to write for Selznick International Pictures in California.

Mr. Broun, who also publishes the weekly *Broun's Nutmeg,* at Stamford, Conn., inserted a "job wanted" advertisement in the New York *Post,* the other evening, disclosing that his contract with the *World-Telegram* expires early this winter. He has been in California for the convention of the American Newspaper Guild, of which he is president.

Italy and France Hold Rival Film Expositions

The Venice Film Exposition will be held "as usual" in August, despite the refusal of French and American companies to send their product, it was stated from Italy this week. And the Exposition will be held, too, in the face of an International Film Festival at Cannes, France, from September 3 to September 17.

The Cannes festival will have the participation of the United States, Great Britain, Belgium, Holland, Spain, South America, Poland, Switzerland, Roumania, India, Egypt, Russia, and the Scandinavian countries.

English, Dutch, Belgian, Spanish, South American, German, Japanese, Italian and other films will be shown at the Venice Exposition. While the United States and France are not officially participating, they will be somewhat represented, however, by, respectively, "The End of a Day" and "Dark Rapture." Julien Duvivier made the former; Denis Roosevelt, the latter.

"WHAT'S MOVIETONE DOING?"

Among newsreel men all over the world, that's the question always asked first. Craftsmen recognize leadership.

For over a year, newsreel men saw MOVIETONE NEWS shots of European events first on the screens of America. In impotent chagrin, they tried to ferret out the secret. But month after month, MOVIETONE NEWS' pictures of Europe's important events continued to reach American theatres from 3 days to a week ahead of all competitors.

At last, through an accident, the secret was discovered. MOVIETONE, to get its news to the screens first, shipped via airplanes from Marseille. These airplanes carried the film to Africa and across the Atlantic to Brazil. There the Pan-American Airways took over and brought it to Miami. From there, it went by Eastern Airlines to New York!

Typical, also, of MOVIETONE NEWS enterprise, was the world-beat scored on the Coronation of King George and Queen Elizabeth! To accomplish that, Truman Talley took a staff of technicians together with Lowell Thomas and half a dozen foreign language commentators to London to make their dramatic narration of the great event on the spot . . . so that MOVIETONE NEWS could come through first!

FAIR SHOWMANSHIP

SHOWMEN experienced in the endless travails of the evolution of the motion picture industry and its box office problems will be getting some grim entertainment out of observing the antics on the Mad Meadows of Flushing at the show known as the World's Fair.

"The World of Tomorrow" is running the entire gamut, starting with padded admission reports, cut prices, giveaways, flirting with lottery schemes, naughty-naughty nifties in publicity, a change of press agents, staff reductions, salary cuts, hot dog giveaways—everything in fact but a double bill, so far.

Two facts obtrude. Reduced admissions brought crowds. Meanwhile Coney Island, a perennial world's fair for the masses, for the world of today, and now, at a price, has been doing surprisingly well. The World Fair did a better job selling the bonds than the people. The bonds, over the counter, were at 47 bid, 50 asked this week.

PROFESSOR'S VIEW

SINCE the motion picture industry has had so much of adverse attention from academic sources, these several years, there is both relief and surprise in an outgiving of Mr. Benfield Pressey, professor of English at Dartmouth College, who seems to find a number of things about the industry are not entirely wrong.

"Since I came back from Hollywood I have talked to about twenty audiences," Professor Pressey records in the Manchester, N. H., *Union*. "Usually after the talk questions have been asked indicating a considerable dissatisfaction with the pictures offered the public by the motion picture industry. Most of these questions have complained that pictures are not 'real' or 'lifelike' enough. I believe that that objection is unsound and that in fact to demand that 'truth to life' as a test of any art is inadequate and misleading.

"In 'America in Midpassage' . . . Mr. and Mrs. Charles A. Beard devote some thirty pages to the commercial picture industry. After reviewing the development of the industry into big business, they say 'corporation managers and directors were in control, combining dominance in production with the selection of artists, plays, ideas, features. . . . Depending upon the emotions of millions, their enterprise was precarious, but they could assure the supremacy of escapist presentations. The result was innumerable beautiful bores.'

"May I interrupt the Beards with a question? If these escapist presentations, contrived by the financiers, were beautiful bores, why didn't the financiers lose their shirts? Do the Beards believe that 80 or 90 millions go to the movies each week to be bored, however beautifully?"

IT seems necessary to agree with Professor Pressey that the motion picture industry could hardly have attained its status without being in tune with its consumers and right at least a large part of the time.

Of further interest on a divergent phase of the screen and its public relations, is the professor's remark: "I do not agree that motion pictures, even the sound picture, can do anything. We tend to exaggerate the potentiality of the medium and to make excessive demands upon it. . . ."

That needs to be said again and again.

The screen has not and never can have more potentiality, more penetration, more significance than the makers of the pictures on it. It also can achieve no more, nor soar higher, than the intellectual ceiling of the audience will permit. It is a medium, not magic. So far the best that it has done has been to entertain the multitude, and it is rather a job to do that.

△ △ △

TIMING

IT is axiomatic that "when" is just about as important as "what." Long observation of the screen tends toward accumulation of an impression that it pays more attention to what than to when.

This begins with production. Interestingly, the screen rages and races, in the newsreel departments, to get pictures into the theatre of the world's great events while the public is still a-fever with interest. But dramatic production, despite all of its expensive efforts to be alive and vital, waits for play or book to have discovered and pioneered and exploited a wave of public interest, and then buys the rights and sets about converting it into mass pabulum, or box office merchandise, after an expensive interval of the months that it takes to spend a million or two on the stages of Hollywood.

Not so many years ago that was fast enough.

In the not-so-long-ago this season's Broadway hits were the staples of the roadshow territory for the next year or two. In fashions New York was often a year behind Paris and the American hinterlands were from months to years behind New York. Radio, airplane, telephoto and all that have sped up everything. It's faster, faster, faster, tabloided, digested, compacted, broadcast and injected, under pressure.

A wise crack circles the globe in a week. A song hit is threadbare in a fortnight.

The big smacking thought is never an after-thought.

But the screen's major efforts are all derivative, full of debts to yesterday.

REASONS are ample, if not adequate. Pretentious production by today's standards costs so much that there is too vast a gamble in adventurously doing something first. Once in a blue moon it does happen, from a combination of circumstance. Then may come a seeming miracle like "Snow White," or may come nothing.

Literature and art can gamble, because their creative personalities can live in attics and strive through belly pangs. Picture production can not do that. It takes millions, and millions have a way of demanding the security that is not to be had in speculative creation. The media which can and will venture first, empowered by lesser costs and higher speed, beat the screen to the wave crests in the tides of public attention.

Now, always the now, is the time.

Independents' Plans

One hundred and four independent producers and distributors today have plans completed or in various stages of formulation for providing product to the 124 states right exchanges in the U. S.

The position of the independent in production and distribution, with both Hollywood and foreign made product, his plans and programs for 1939-40, *are described on page* 13.

Abroad

Recent weeks have brought an influx of foreign representatives of American distributors to home offices in New York for reports on conditions and conferences on plans and policies. This week Del Goodman, Far East manager for 20th Century-Fox; W. Ray Johnston, president of Monogram, and Joseph Burstyn of Mayer and Burstyn brought news of the markets in Japan, England and France.

Their views are reported in the story starting on page 77.

Fall Prospect

The motion picture was given to understand this week by the United States attorney general's office in Washington that the fall and winter months will bring new anti-trust actions against what is claimed to be monopoly in the distribution of films. Department of Justice agents have been carrying on investigations of supposed violations of the anti-trust laws in several large centers. Touched upon also are income tax matters and the labor situation.

The prospects are outlined on page 63.

Doubled Earnings

Paramount on Wednesday estimated earnings for the second quarter, ended July 1, at $830,000. This included $300,000 from partly owned, non-consolidated subsidiaries. Earnings for the same period a year ago were $394,000 of which $359,000 came from the partly owned, non-consolidated subsidiaries.

Six months' earnings for the period ended July 1 were estimated at $2,150,000 including $978,000 from the subsidiaries, compared with a net of $1,225,000 for the first six months of 1938 when the company received $1,165,000 from the non-consolidated subsidiaries.

Earnings for the second quarter of 1939 were equal to 21 cents a share on outstanding common stock compared with 4 cents a share for the same quarter of 1938. For the six months the earnings were equal to 62 cents a common share compared with 26 cents a share in 1938.

Labor Pains

The International Alliance of Theatrical and Stage Employees, on Wednesday, planned to file a sensational affidavit with the National Labor Relations Board in which a former officer of the Congress of Industrial Organizations-financed Studio Technicians Guild declared that several top members of the Screen Actors Guild had financed a campaign of publicity against the Alliance; that the source of the Technicians Guild income was not the C.I.O. but other unnamed sources, and that the Technicians Guild had only 25 paid up members when its petition for certification as a bargaining agency was filed.

Alex Saunders, temporary executive secretary of the Technicians Guild, announcing his "resignation" from the Guild—he had been discharged last week—made a deposition which John Gatelee, Alliance representative, exhibited and said he would give to the Labor Board on Wednesday.

Mr. Saunders charged in the deposition that Robert Montgomery, former Screen Actors' Guild president, had given Jeff Kibre, "an agent for unknown sources," $5,000 to use in in a campaign "to get the IATSE." He also alleged that Harry Bridges, CIO West Coast director now facing deportation as a Communist, had pledged funds for the Technicians Guild but that Los Angeles CIO officers knew nothing about the deal.

Although not denying Mr. Montgomery's support, Technicians Guild spokesmen Wednesday refuted categorically all other statements, and charged that Mr. Saunders was an "IATSE plant" used to "frame" the Guild.

—

Hollywood branches of the Associated Actors and Artistes of America Wednesday called a mass meeting of protest for Sunday night against the chartering of the American Federation of Actors by the IATSE.

—

The four A's international board Wednesday appointed a committee of four to represent it at Monday's American Federation of Labor Council meeting in Atlantic City. The four are Lawrence Tibbett, Frank Gillmore, Kenneth Thomson and Paul N. Turner.

—

A delegation of stars will fly from Hollywood to the Atlantic City meeting Monday, to ask the AF of L to revoke the charter granted by the International Alliance to the American Federation of Actors.

Details of this labor situation, as well as of that in which, on Tuesday, a charter was assigned to the American Federation of Actors by the IATSE after the Federation had been expelled by the Associated Actors and Artistes of America, are on pages 55 *and* 56.

Closed Market

Although both American distributors and Italian authorities are desirous of a resumption of normal distribution conditions, it is believed that under the Italian Government's present economic plans and laws it is impossible for the restrictions which have resulted in withdrawal of American companies to be lifted. Italian authorities deny discrimination against American product and point to the fact that the restrictions apply equally to other foreign countries.

Hugo Speck discusses the situation in a story from Rome on page 80.

Press Book

Exhibitors this weekend will have in hand an elaborate amplified press book, issued by the New York office of the Motion Picture Producers and Distributors of America, outlining hundreds of exploitation possibilities hinging on the fact that this fall will mark the Golden Jubilee of the motion picture industry. Parades, proclamations, commercial tieups, historical references, special campaigns and advertising stunts of all kinds are suggested for use by the individual exhibitor. No industry drive as such is planned and no suggestions for contests, quiz or otherwise are made.

The suggestions are abstracted on page 33.

"Notorious Lady"

Characterized as a "notorious lady" by Arthur Driscoll of O'Brien, Driscoll and Raftery, New York attorneys, this week, was "Letty Lynton," better known to the trade as the title piece of a Metro-Goldwyn-Mayer film of 1932, found by the Circuit Court of Appeals to be a "deliberate plagiarism" of "Dishonored Lady," a play written by Margaret Ayer Barnes and Edward Sheldon. In a 21-page decision written by Senior Circuit Judge Learned Hand, a precedent breaking departure from copyright law has been taken in that the profits made by the film are apportioned according to the value actually contributed by the story, found by the court to be 20 per cent. Formerly, all profits from an infringing work were held to be subject to the person from whose work they had been taken.

Background of the case and the court's decision are on page 45.

"Headache"

In resigning his chairmanship of the Federal Communications Commission, Frank R. McNinch, in correspondence made public this week, told President Roosevelt that the Commission requires brand new personnel and a new Federal law to bring it up to the "maximum efficiency in the public interest."

Mr. McNinch will continue in office through August, when he will be succeeded by James L. Fly, general counsel of the Tennessee Valley Authority.

Details of this and other radio news are on page 72.

August 9th Promised "Deadline" Brings Majors to End of Their Code Revamping

William F. Rodgers, MGM, chairman of the majors' code drafting committee, steered the sales manager and counsel members this week through several meetings to bring the final draft out of the long process of rewriting, in order to meet the promise Mr. Rodgers gave Ed Kuykendall of the MPTOA, two weeks ago, that the document would be ready in time for a southern exhibitors' meeting next Wednesday. The code was virtually complete. It had been approved by the lawyers and returned to the distributors' committee for ratification.

Mr. Rodgers' committee held an extraordinarily long session Tuesday, continuing into the night its work of revamping arbitration clauses. Another meeting was agreed to, but because of the attendance of several of the sales managers at the convention of the Schine Circuit in Gloversville, Wednesday, a date had not been set.

The New York State Allied association, long reported at loggerheads with the national Allied over acceptance of the code, started negotiations last week with the large distributors for a code which, it was hoped, would apply peculiarly to New York state. That New York Allied would sign the fair trade practice code, if certain provisions pertinent to New York operations were included, was considered possible.

Meanwhile, the other state Allied units joined in approving the national Allied's rejection of the code, and generally backed the national Allied's attitude towards other film matters.

The Independent Exhibitors of Northern Ohio unanimously approved the rejection.

The Independent Exhibitors, Inc., of New England, another Allied organization, did likewise, and approved the Neely bill.

The Allied Theatre Owners of Oklahoma in a special bulletin advised exhibitors to delay buying, not to sign arbitration agreements; praised passage by the Senate of the Neely bill, and scored trade publications for printing stories of dissension within Allied.

The Independent Theatre Owners of Ohio last week questioned the sincerity of the distributors in certain of the code concessions. A bulletin asks members to write to the unit's officers regarding discontinuance by the majors of practices such as forcing shorts and westerns, increasing rentals, adding score charges to flat rentals, and the like.

Patent Revisions

Six bills, recommended by the National Economic Committee, to reform patent procedure, were passed this week by the Senate. One, a Senate measure, was sent to the House for concurrence. The others, which have been adopted by the House, were made ready for the President. The Senate bill would lengthen the life of a patent from 17 years to 20 years from the date it was filed.

The bills before the House were passed without amendment. The first cuts from two years to a year the period within which an inventor may make public use of his invention before filing application for a patent. The second seeks to improve "interference practices" within the Patent Office by reducing the number of hearings on applications. Another abolishes so-called renewal applications. Another bill extends the authority of the Commissioner of Patents to enable him to require an applicant to answer an unofficial action within less than the current statutory period of six months. The last bill reduces the period within which to copy claims from an issued patent for the purpose of asserting priority.

Profits

Financial news of the week is headed by a statement from General Theatres Equipment Corporation showing net profits of $182,686 for the second quarter of 1939, ended June 30. Paramount Pictures called a debenture issue for redemption and the Roxy Theatre of New York, Keith-Albee-Orpheum and Radio Corporation of America declared dividends.

The statistics are on page 66.

INDEPENDENT PRODUCERS SET THEIR 1940 PROGRAMS

104 Producing or Distributing Units Form Plans Varying from Single Feature to Sixty Subjects

Independent motion picture distribution in the U. S.—the "states right" market, is taking on new life for 1939-40, aided and abetted by several brand new producing projects in Hollywood and increasing imports from abroad, imports that are now running almost 200 a season.

One hundred and four producing or distributing companies or individuals today have plans completed or in various stages of formulation on programs ranging all the way from a single feature release, or two, or three, to the 60 pictures announced Wednesday by Benjamin N. Judell's Producers Pictures.

There still are many to be heard from, as was observed in the first-hand sifting of activities of the independents in Hollywood and New York, both producers and distributors.

Granting that many of the commitments will not be forthcoming, if the averages of other years prevail, there still will be plenty of pictures, domestic and foreign, available in 1939-40 for the 124 "states right" territorial franchise buyers and for the thousands of exhibitors they serve, the majority, of course, operating after first runs.

Because nearly all of the independent producers and distributors operate on a looser schedule of releasing than the majors, making a single picture available as it comes along, either from their own production efforts or the markets abroad, it is almost impossible to estimate at the beginning of a season the expected numerical output. However, a safe prediction would place the minimum for the new season at 100 to 125 domestic, 200 foreign, which, with the 502 promised by the 10 large companies, gives exhibitors a potential product supply of some 800 features for 1939-40.

The independents' pictures consist, for the most part, of "blood-and-thunder," "down-to-earth" action. Their "smart" "sophisticated," "drawing room" contributions are few and far between, except in the cases of imports. Hollywood's independent pictures go a long way on the double bills of many theatres in many sections of the country.

Cross Section of Product

The states right market presents quite a cross section of film fare. It even embraces all-Negro pictures, for there are some 385 all-Negro theatres running regularly in the United States. And films in Yiddish, too, for the two score theatres catering to that special clientele, principally in and around New York. And, with the majors unable to handle any films but those with English dialogue, the independent market today continues to market everything from the French to the Hungarian, remembering that there are some 13,000,000 foreign born to be served in the U. S.

Not considered for purposes of this study of the independents are the distributors of so-called "sex" or "hygiene" pictures, distributors of political propaganda, most of which are forever running into difficulty with censors or other local authorities.

Not considered independents for these purposes are the independents who produce for the majors, under contract to deliver, such as the Sol Lessers, the Harry Shermans, Walter Wangers, David Selznicks, Hal Roachs, and the like, who, while independent producers in their own right, make no product available for distribution on the independent market, the "states right" market.

Nor are Monogram and Republic considered "independents" in this light. They are independent, of course, in comparing them with the "Big Eight," but, while they do distribute through many states right exchanges—operating several of their own, too—their franchise holders in numerous cases are in "partnership" with the company.

Hollywood's independent producers will be found unable to furnish any great number of titles in advance of product completion. Mostly they prefer to "peg" the title and release date when they have the negatives in hand, so many of them coming from original stories. There are many exceptions, of course.

Until Ben Judell and his Producers Pictures Corporation took the field, a few weeks ago, there was little loud discussion by independent production in Hollywood. But with Judell definitely committed to release five features a month, the independents became vocal again.

Many had been marking time, perhaps awaiting the outcome for the majors of the anti-block booking bill in Congress, or Governmental attacks, or anti-trust suits, or, perhaps, attempts by both state legislatures and the Department of Justice to "divorce" the majors from their 2,000-odd theatre holdings, which, many felt, might open the market much wider than it has been of late.

EXHIBITORS FORM PENNSYLVANIA UNIT

Exhibitors in the area between Pottsville and Harrisburg, Pennsylvania, have formed a new organization known as the Lykens Valley Group, to be affiliated with the United Motion Picture Theatre Owners of Eastern Pennsylvania, Southern New Jersey and Delaware.

An organizing meeting was held last week, with Lewen Pizor, president of the parent organization, attending. Mr. Pizor was made chairman of the new group, which will meet twice a month.

Independents Reorganize

The independents assumed further strength, too, last month, when a reorganization of the Independent Motion Picture Producers Association was effected in Hollywood, with I. E. Chadwick elected president; Charles C. Burr, vice-president, and H. S. Webb, secretary-treasurer. These officers, with Ben Judell, A. W. Hackel and Sam Katzman, comprise the executive committee. The IMPPA might possibly be called the MPPDA, the Hays organization of the independents. It had been dormant for some time. Immediately they set out to obtain from Hollywood unions and guilds concessions in wage scales, wages and hours which obtain at the majors' studios.

Independent production for the new season will gain impetus by the virtual determination of Audio-Electrical Research's Eastern Service Studios, at Astoria, Long Island, to develop space customers for the plant, even listening to financing, it is understood.

Few Independent Shorts

The independent short subject for release through states right exchanges is almost non-existent. Virtually all the short subject makers now produce for major company consumption. The extent of out-and-out independent short product available these days for states right exchanges may best be gauged by a typical issue of the MOTION PICTURE HERALD release chart, which lists shorts for state right exchanges from but a handful of producers, and some of those are not even in the theatrical business, principally the WPA, American Red Cross, Association of School Film Libraries. Other short distributors listed include the handful of Lenauer, World Film, ABFD Productions, ABPC Pictures, American Trading, British Films, Central Films, French Film Exchange, Sanders Film, Spectator-Denning, and a few others.

There are, of course, scores of so-called non-theatrical organizations, political and documentary film groups, industrial interests, civic, fraternal and religious organizations, not to mention the hundreds of sponsored, or advertising film purveyors, who have short subjects available for theatres.

In the company-by-company analysis of 1939-40 plans and pictures of independents which follows, will be found many old-time producers, a dozen or more new ones:

Judell's Program

Moving rapidly after announcement, a few weeks ago, of the formation of his new Producers Pictures Corporation, the producer, and Producers Distributing Corporation, as distributor, Benjamin N. Judell, on Wednesday,

(Continued on following page)

FOREIGN FILMS FROM INDEPENDENTS

(*Continued from preceding page*)

in Hollywood, his headquarters, announced the individual title or series identities of the 60 pictures which he promises for 1939-40, one of the largest programs to which an independent has ever been committed for states right distribution.

Rounding out 22 years as an independent producer, Mr. Judell is lining up some of Hollywood's well-known independent producers and directors, Sig Neufeld, Victor Halperin, Robert Tansey, William Lively, Sherman Scott.

His program as announced comprises, principally, "action" and "thrill" films and "down-to-earth melodramas."

There will be nine "Four-Star Specials"; four "Jack London Melodramas"; five "Horror Pictures"; six "Mystery Melodramas"; twelve "Action Melodramas"; eight "Tales of Billy the Kid"; featuring George Houston, based on the career of the Southwest character; eight "Tim McCoy Westerns"; eight of "The Sagebrush Family," featuring Bobby Clark, billed as "World's champion junior cowboy"; eight "Tim McCoy Westerns."

Mr. Judell believes that "art and delayed tempo productions" have their places, "but millions want moving pictures."

From the Judell headquarters at 1426 North Beachwood Drive, Hollywood, came word that Sig Neufeld already is directing a corps of writers on scripts to be produced in August and September.

Carter Wayne has completed the script of "Wanted for Murder," to be directed by Sherman Scott, from the novel, "Millions for Murder," for release October 22nd.

George Sayre and Harvey Huntley are writing "Torture Ship," based on Jack London's "A Thousand Deaths," to be directed by Victor Halperin, for release on October 1st.

William Lively is finishing the script for the first of the series of eight Westerns to star young Bobby Clark, entitled "The Sagebrush Family Goes West." The courts only recently approved his long term contract with Producers Pictures. Peter Stewart will direct the opener, with Mr. Lively. October 8th release.

Several writers are at work on "Hitler—the Beast of Berlin," which reminds of Carl Laemmle's "The Kaiser—the Beast of Berlin," in World War days. Mr. Judell promises much for this one. October 15th is the release date.

Also in writing stage is "Man from Oklahoma," first of the "Billy the Kid" series which will feature George Houston. With Sherman Scott directing, Houston will continue the same singing-cowboy technique he used in "The Melody Lingers On," Edward Small's production for United Artists.

Actual shooting on the first of the foregoing starts over the weekend.

Producers Pictures will release through its own and affiliated exchanges. Abe Fischer, former sales executive for Gaumont British in the middle west, has been appointed manager of Mr. Judell's Chicago exchange, and, in addition, will act as district manager for Chicago, St. Louis, Detroit, Cleveland, Milwaukee, Minneapolis, Cincinnati, Kansas City, Indianapolis and Omaha. Harry Rathner is eastern representative and district manager, with headquarters at 35 West 45th Street, New York. In charge of publicity and advertising is Jerome Olineck, with headquarters in Hollywood.

Of the 27 exchanges distributing Judell's product, he will operate his own in Chicago, Milwaukee, St. Louis, Kansas City, Philadelphia, Los Angeles and Washington, with others, perhaps.

With Ben Judell as president, other corporate officers include Clare Judell, vice president, and H. Judell, secretary.

Other distributors at this time include: Lou and Milton Lefton's Monarch Pictures, in Pittsburgh; Melvin Hirsch's and Bert Kulick's Syndicate Pictures, in New York; Lee Goldberg's exchange, Cincinnati; William Flemian's and Ann O'Donnell's Excellent Pictures, Detroit; Harry Asher's exchange, Boston; Lee Goldberg, Cleveland; Armand Cohn's All-Star Film Company, in San Francisco; Big Features Rights, Indianapolis. The remainder of the franchises are being negotiated.

AUTO "THEATRE" IN BIRMINGHAM

Birmingham, Ala., has joined the towns having auto "theatres" with the opening of Auto-Movies Amusement Company's open air theatre on the Birmingham-Bessemer super-highway this week, one of the first on a main highway.

Motorists drive their cars into the theatre, where attendants guide patrons, still seated in their machines, to individual parking stalls. Loud speakers are placed in each automobile, enabling patrons to hear the actors' voices. The theatre area will accommodate from 75 to 100 cars.

Grand National in Work

With new financing in the amount of $1,000,000 virtually arranged, E. W. Hammons, head of Educational-Grand National, is preparing to return G. N. to the position of an important states right distributor, contemplating 36 features, 12 to 18 westerns and a color cartoon for 1939-40.

Meanwhile plans of several other important independent producers formerly active in that field will continue indefinite until ultimate alignments resulting from Grand National's readjustment are completed.

Educational and Grand National as such will probably not reenter production, but will finance independent producers to avoid heavy commitments and assure immediate product availability.

The plans of Franklyn Warner for his Fine Arts Pictures, one of Hollywood's most active independents, are being held in abeyance pending completion of the Educational-Grand National readjustment. It is expected that Mr. Warner will contribute a large block to the 1939-40 Grand National feature program, headed by "Trouble Over the Pacific," in color, for which a $150,000 budget is reputed to have been set. With many more contemplated, Fine Arts will reduce its new season's program to eight and seek release elsewhere if a deal is not effected with G. N.

Budd Roger's Plans

One of the most formidable lineups of made-in-England program for the 1939-40 states right market is that announced last week by Budd Rogers whose new Alliance Films Corporation, with headquarters at Rockefeller Center, New York, is promising a minimum of 12 features, all already in hand.

Alliance will operate its own New York exchange, at 630 Ninth Ave., with Arthur Greenblatt in charge. Mr. Rogers is now negotiating with states right exchanges in the field, on a franchise basis, to cover the rest of the country.

Superseding unsuccessful negotiations for merging John E. Otterson's Tri-National Pictures, importers of French and English features, with Mr. Rogers' Alliance Films, is talk of a similar arrangement with the old established Principal Pictures of S. S. Krellberg. Alliance's 12 for 1939-40 would, if such a deal is arranged, be swelled by a possible 24 features from Principal, all to be obtained from various Hollywood independents. The Rogers company would be in complete charge of sales and distribution for the combination and would share in a percentage of the gross rentals from Principal's 24.

With most of his product coming from John Maxwell's Associated British Pictures, Londan, Mr. Rogers last week disclosed the identities of his complete program.

The first 1939-40 Alliance release will be "The Warning," which recently played Loew's Criterion on Broadway, and the Loew Circuit elsewhere. This will be sold independently of the 12. It is a three-reeler.

The second release will be "Black Limelight," starring Raymond Massey, which recently played the Globe on Broadway. Joan Marion and Walton Hudd support. Release on September 15th.

The others follow:

"Dead Men Tell No Tales," featuring Emlyn Williams and Hugh Williams, with Sara Seegar, August 15th release. This, too, recently played the Broadway Globe.

"The Housemaster," based on the Ian Hay stage play known as "Bachelor Born," stars Otto Kruger, with Diana Churchill and Phillips Holmes. October 15th release.

There will be two Edgar Wallace Scotland Yard detective tales: "The Terror," with Wilfred Lawson, Bernard Lee and Arthur Wontner, and "The Mystery of Room 13," with Gibb McLaughlin, Sara Seegar and Peter Murray Hill.

Otto Kruger and Gertrude Michael will star in "The Hidden Menace," directed by Albert de Courville, with John Clements in support.

Otto Kruger also will appear with Mary Maguire in "Black Eyes," a story of Russia in the days of the Tsar. Walter Rilla is featured.

"Spies of the Air" is based on the stage play by Jeffrey Doll. Cast are Barry K. Barnes, Roger Livesey and Basil Radford.

"Just Like a Woman," a comedy, with a story in Buenos Aires, features Gertrude Michael and John Lodge, with David Burns. Paul Stein directed.

"One Night in Paris" stars John Lodge and Hugh Williams, with Joan Marion.

"Little Miss Molly," a comedy, features Maureen O'Hara, Binkey Stuart, Tom Burke and Phillip Reed.

"Luck of the Navy," a service story, has Geoffrey Toome, Clifford Evans and Judy Kelly.

Mr. Rogers reported that in addition, Alliance will also have a number of individual shorts and featurettes running from two to three reels, among them, "Scotland Calls You," "Come Back to Erin," "March of the Movies," "Tail Waggers" and "Pathetone Pictorials."

Another Important Candidate

Following closely on the heels of Budd Rogers' announcement of Alliance Films came word on Monday of the entry of the new Film Alliance of the United States into the 1939-40 states right market with importations, numbering between 15 and 20, from England and France.

Disclosure was made with the arrival in

ILLINOIS GOVERNOR DECLARES BILL BANNING DUALS UNCONSTITUTIONAL

Horner Quotes Legal Opinion in Vetoing Measure; Double Bills Declared Not Within Public Protection Province

Illinois' Governor Henry Horner, last Thursday, declared unconstitutional and vetoed the Sandquist bill, which had been passed by the General Assembly and which would have limited film shows in that state to two hours and 15 minutes, thus effectively outlawing double features. The bill set as penalties for violation a fine of from $100 to $500 or imprisonment for six months, or both.

Gives Legal Opinion

"In an opinion the Attorney General informs me that this bill is unconstitutional," Governor Horner said. "He states that our Supreme Court has consistently decided that the power of the General Assembly to regulate a lawful occupation extends only to such measures as are reasonably necessary and appropriate for the accomplishment of a legitimate object within the domain of the police power; that the police power cannot be invoked unless the purpose to be attained has a rational and clear relationship to the public health, morals, safety or welfare; that this bill contains no reference to the quality or character of motion picture films exhibited, and consequently, was not intended to protect public morals, safety or welfare; and that, in the absence of competent scientific proof to the contrary, there is no reason to believe that public health will be adversely affected by motion picture exhibits lasting more than two hours and 15 minutes.

"Since the Attorney General is of the opinion that this bill is not constitutional, I veto and withhold my approval of it."

This was the first attempt to eliminate double bills by state legislation. Passage of the bill encouraged Minnesota independents to plan similar measures for introduction in city councils. A limitation bill is being prepared in Milwaukee, as well.

Neighborhood and small town merchants had been besieging the Governor with letters and telegrams, urging him to sign the bill, according to his secretary, Arthur O'Brien. Long double feature shows, it was contended, keep people out of stores with a consequent loss of trade.

Meanwhile, Chicago's independent theatremen are expected to meet this week to discuss plans for getting an ordinance before the City Council which will limit the running time of film programs.

The idea of a city ordinance to prevent double features is not a new one. Last year several ordinances were proposed to stop double features. One of them was based on the presumption that duals were harmful to health. This same idea will probably be brought out again. Women's clubs and parents' and teachers' groups as well as independent theatremen will back the plan, it is expected.

Taxes, Civil Rights Involved in Other Laws

The Tax Commission of the State of Washington has exempted theatres from payment of the state's two per cent sales tax, as enacted this year by the Legislature.

A contemplated amusement tax, designed to assess Miami's theatres and night clubs $200,000 annually, was given a temporary set-back this week as the result of vigorous opposition voiced by motion picture exhibitors who termed the proposed levy "distinctly discriminative and a death blow to summer business recovery."

The proposed graduating tax which would make variable flat assessments upon admission prices and cover charges, has been under discussion by city commissioners who are faced with the problem of seeking a new source of revenue to compensate for a $374,000 budget deficit as a result of a state homestead exemption law.

Strong protests by exhibitors and intimation that legal tests of the levy's validity would follow enactment resulted in the commission's temporary abandonment of the tax plan "with a view to determining what other sources of revenue are available under city charter provisions."

A. E. Fuller, city manager and director of finance, informed the commission that he "seriously questioned advisability of such a measure" following presentation of arguments against the tax by attorneys and officials of Paramount Enterprises and Wometco Theatres, operators of all but five of Miami's 33 motion picture houses.

Mayor E. G. Sewell, staunch advocate of a liberal policy to encourage increased tourist business, said the tax had been proposed as a partial substitute for a general sales tax.

Civil Rights Bill Passed

The Rubin civil rights bill has passed its first test in the Wisconsin assembly, when the House refused to kill the measure, by a vote of 45 to 34. Further action, however, was delayed when Speaker Vernon Thomson moved reconsideration of the vote.

The measure would require theatres, hotels and places of public accommodation to give equal rights to all, regardless of race, creed, color or nationality.

Ignoring warnings from the deputy attorney general's office in Georgetown, Delaware, that arrests would follow showing of Sunday movies in the Blue Hen Theatre at Rehoboth Beach, Charles S. Horn opened the theatre as usual last Sunday night. No charges have been placed against him as yet but Deputy Attorney General Daniel J. Layton, Jr., said that he is preparing to act against the showing of films on the Sabbath.

Complaints against the Blue Hen Theatre, which has been showing Sunday movies at the summer resort openly for the past four years, have been lodged by various church groups. Church groups were planning either to send protests or appear before the Legislature when it reconvenes in Dover, in opposition to the bill which would allow a referendum on Sunday movies in Delaware.

About 400 persons attended the Sunday film.

LOCALE OF "MUNCHING" PLAGUES EXHIBITORS

Ohio exhibitors who maintain candy and popcorn concessions are in a quandary over collection of retail sales tax, since an Ohio Supreme Court ruling holds that these commodities come within the classification of food, and thus are exempt from tax. However, the exemption designated by the tax authorities about a year ago, applied to "food for consumption off the premises." This compels the exhibitor to collect tax if these edibles are consumed anywhere within the theatre or adjoining premises. Alternatively, he can legally waive the tax if eaten outside the theatre-owned premises.

One exhibitor facetiously offers the suggestion that each purchaser be questioned under oath as to exactly where he will munch the candies and thus permit the theatre to operate within the law.

ASCAP To File Suit In Nebraska and Montana

The American Society of Composers and Publishers will file suit for copyright infringement against Montana broadcasting companies who have continued to use Ascap music since their licenses were cancelled by the society several weeks ago.

The licenses were cancelled following an enactment of a Montana law which Ascap officials said made further operations in the state impracticable for the society. The radio networks were warned at the time against serving Montana stations with Ascap music and since the warning was ignored the suits will be brought against Montana's six stations, according to Schwarz & Frohlich, Ascap counsel.

Trial of Ascap's action to test the constitutionality of Nebraska's anti-Ascap law has been set for September 18 before a Federal statutory court at Lincoln.

Griffith-Dickinson and Commonwealth in Deal

An agreement was reached this week between Griffith-Dickinson Theatres, Inc., and Commonwealth Amusement Corporation whereby Griffith-Dickinson is to lease or sell to Commonwealth the following theatres: Dickinson and Varsity, Lawrence; Dickinson, Great Bend; Dickinson, Herington and Dicking, Ellsworth, all in Kansas, while Commonwealth is to lease or sell to Griffith-Dickinson the Wareham, Manhattan; Beldorf, Independence; Kansas, Osawatomie, all in Kansas, and Uptown, Marceline, Missouri.

Branch Changes

Ernie Pichler, United Artist salesman, is being transferred to Milwaukee, and is being replaced by Max Stahl. Mr. Stahl was formerly United Artists branch manager at Cincinnati, resigning to go into business as an exhibitor at Shelbyville, where he recently sold out, to return to selling.

Retire Stock

Paramount Oshawa Theatres, Ltd., a subsidiary of Famous Players Canadian Corporation, has announced the retirement of half of its $125,000 seven per cent preference shares, out of current revenue, at a premium of $10 above par value of $100.

NEW INDEPENDENT UNITS ACTIVE

(*Continuel from page* 14)

New York from Paris of Nat Wachsberger, French distributor and circuit head, who will be associated here with Harry Brandt, New York circuit owner.

Mr. Wachsberger brought with him prints of 12 features, which are in addition to three already here. Eight of the 15 are in English, the seven others are in French.

Mr. Wachsberger plans to travel to Hollywood in a few days to talk over a production deal with Boris Morros in a tieup between Mr. Morros and French interests. Morros is entering 1939-40 production, his first venture since he left Paramount as associate producer. The two already are partners in an English version of "Royal Box," which was produced by Tobis in Germany several years ago, probably before Hitler, for it burlesques dictatorships.

First release of the new Film Alliance will be "Port of Shadows," made in France as "Quai de Brumes," which, in June, was selected as the best French picture of the year by the Ministry of Education. Jean Gabin and Michele Morgane star.

Another will be "The Pirate," also French (Le Corsaire), which Charles Boyer will make. Boyer sailed for Paris Tuesday for the purpose.

While there, Mr. Boyer will make a second, possibly with Danielle Darrieux, likewise for Film Alliance.

Jean Gabin and Michele Morgane will also star in "Salvage," to be made in France by Andre Daven.

Two of the English pictures are "Command Performances" and "Follow Your Star," which Arthur Tracy made this past season for General Film Distributors in London, C. M. Woolf heading General. Tracy returned to New York Monday with Mr. Wachsberger.

General manager of Film Alliance in the United States is Nat Sanders, who last week closed states right franchises with Herbert Rosener, for the West Coast, the deal including playing time in all of his independent theatres for two pictures; with Cameo Attractions, for New England, and with Times Pictures for Metropolitan New York.

Harry Brandt is to show Film Alliance's French Films at his Park, at Columbus Circle, and English pictures at either his Globe or Central, on Broadway, all in New York, as well as through his Brandt Circuit.

Several Other New Units

Several well known names in independent and other production, on both coasts, are aligned with seven other new companies entering the field for 1939-40.

Although two of them, General Films and Arcadia Pictures, may release through majors, thereby taking their releases out of states right availability, no deals have been closed yet.

Jack Skirball is president of Arcadia Pictures, taking as his first, "Fourteen Uncles," based on the "coming-out" party given each year by 14 well known New Yorkers in sponsoring non-debutantes as a burlesque of debutantes' society events. Peter Arno, artist, and one of the "uncles," will collaborate with Bertram Block and Adele Nathan on the scenario and Adele Nathan will supervise production.

Arcadia also has purchased rights to "Angela Is 22."

Both will be made in New York, at Eastern Service. Release may be through Columbia.

Samuel Bronston, in Los Angeles, last week announced the formation of Samuel Bronston Productions, Inc., for 1939-40 production. The new company took over the assets of Commodore Pictures, an independent production unit.

Reportedly backed by $2,000,000 of eastern capital, Mr. Bronston's first film—all production in Hollywood—will be "Martin Eden," from Jack London's book, and has taken options on all Jack London stories not filmed. Also, he has purchased an option on London's life story.

Associated with Mr. Bronston are J. F. T. O'Connor, A. Ronald Hutton and John J. Bergen, Mr. Bergen representing the financiers.

Headquarters have been set up at the General Service Studio, Hollywood.

Lee Garmes also enters 1939-40 production, planning three features, some of which, however, may go through RKO. Starting in October, Mr. Garmes will work at Eastern Service Studio, his first being set for "And So Goodbye," the original by Mildred Cramm and Adele Commandini. Financing has been set.

Anothe possible reentry into production this season is Al Christie, pioneer of Christie shorts, who may return to Eastern Service Studios in New York. He would produce a series.

General Film Company, also starting for 1939-40 release, is headed by Lawrence Fox, Jr., formerly president of Crime Club Productions, a Universal unit. Mr. Fox has purchased as his first, "Babar," a series of children's stories written and illustrated by Jean de Brunhoff. The stories will be filmed in one reel length, in color animation. Release one a month. Production probably in New York, and a deal may be arranged with RKO.

First will be "Andrew Jackson."

Gaylord Hoyt Productions is another new Hollywood independent, formed by Mr. Hoyt, president, and John J. Raskob, Jr., secretary-treasurer.

Jack Wildberg, Broadway producer, heading his own unit, has two features in mind for 1939-40, for production at Eastern Service Studios, probably starting in September. Release may be arranged through Columbia.

Lon Young, a pioneer in motion pictures, has started Lon Young Productions in Hollywood. Freeman Lusk will be associated with him.

Burr, Others Have Plans

Charles C. Burr, another pioneer in states right production, has plans for six Fred Scott westerns, starting September 1st, for delivery to Spectrum Pictures.

Leonard Goldstein has closed with *Look Magazine* for filming rights to its "Photo-Crime" feature and will base a series of shorts on it.

J. H. Hoffberg, head of the independent distributing company bearing his name, headquarters in New York, will leave Tuesday for his annual country wide trip to arrange first run exhibitions and franchise distribution deals on his new season's product. He will take along prints of "Escape from Yesterday," "Ultimatum," "School for Husbands" and "Living Dead." First stop will be Los Angeles, stopping off at all keys on his return.

Mr. Hoffberg handles both domestic and imported product, shorts included.

Last week, Mr. Hoffberg appointed Robert H. Campbell, as district manager for Washington, Maryland and Virginia; William E. Spie, for Tennessee, eastern Kansas and western Kentucky, and Pat Garyn, for Texas and Oklahoma.

Max Sprecher, director of Monopol Films, A. G., Holland, returned to Rotterdam after completing arrangements for 30 pictures through the Hoffberg company, his representative here.

Mr. Hoffberg is also distributing "Escape from Yesterday" and "Father O'Flynn."

AmerAnglo Corporation, for years an importer and exporter of features, has plans for 1939-40. The company on Monday sold to National Pictures the Philippine novelty feature, "Zamboanga."

Atlas Pictures has eight Spanish and four English features on its new schedule.

Mayer and Burstyn is another of the larger importers, Joseph Burstyn returning to New York from Europe last weekend with the U. S. distribution rights to eight productions for release in the first half of 1939-40.

They include: "Katia," starring Danielle Darrieux and John Loder, directed by Maurice Tourner; "Louise," with Grace Moore; "Revolt of the Dead," "Song of the Streets," "Whirlpool," "Shadows of the Past," "Mozart" and "Gulliver's Travels," in which puppets are featured. All are French-made.

Astor Pictures has lined up as one of its first for 1939-40, a feature entitled "Vengeance of the Deep," now being made in the south Pacific.

Robert M. Savini, president of Astor, sold the Los Angeles states right franchise for his pictures to Astor Film Company, newly formed by Louis Goldstein. Selected Pictures, Los Angeles, formerly represented Astor.

French Cinema Center, importing French dialogue features, starts off its 1939-40 season with a new sales manager, S. Ernest Pelson, who was formerly with Grand National. One of the company's new pictures, "Harvest," is now in censorship troubles in New York, where the state board banned it, the distributor taking an appeal.

Musart Productions will start production shortly in the east on its first for 1939-40, "Princess Aza," to be made in English, French, Russian and Spanish. The company now is distributing "Exile."

Principal Pictures, one of the oldest independents, with a deal pending to release 24 through Alliance in New York, will cut that total considerably if the merger is not affected. Its pictures are acquired from various Hollywood independent producers.

Roland Reed Productions will produce at Selznick International Studios in Hollywood. George Batcheller, Jr. has joined Mr. Reed. He formerly was assistant director at Republic, and prior to that was an executive of Chesterfield Pictures.

I. E. Lopert, president of Juno Films, has as a starter the French film, "End of a Day," for release as Juno's first for 1939-40, in the fall.

Charles R. Rogers, another pioneer in production, both independent and major, will start

FAIR RESCINDS RULE AGAINST CAMERA TRIPODS

The New York World's Fair has rescinded its regulation prohibiting the use of tripods and other supports with amateur motion picture cameras. The use of tripods had been banned because the Fair's contract with the Official Motion Picture Photographers provided that no other agency should be permitted to take commercial motion pictures at the Fair, save the five newsreels.

However, the ban aroused a great protest, among amateur photographers, and so was rescinded, although the taking of films for commercial purposes is still prohibited.

FOR SPECIAL MARKETS

off the new season with "A Star in Manhattan," with Linda Ware, 14-year-old singer, in a story about autograph seekers in New York, written by Dorothy Kilgallen and Jerry Horwin, production in Hollywood.

Standard Pictures Productions, Inc. will continue right along in 1939-40, expanding by opening eastern offices, at Rockefeller Center, New York. Production will be resumed in the fall, starting with "20,000,000 Witnesses."

Standard's expansion also embraces the setting up of a distribution subsidiary, Standard Pictures Distributing Company. George Lagranas, president, has appointed George Trainer as general manager and secretary.

Imperial Distributing Company is another engaged in states right distribution.

E. J. Smith, who two months ago resigned from Imperial, has plans for an independent distributing company of his own.

B. B. Ray's Reliable Pictures, of Hollywood, starts 1939-40 activities Friday when he accompanies a camera and sound crew to China to shoot pictures around the Sino-Japanese and Japanese-Russo conflicts. J. C. (Doc) Cooke, who has made 26 trips to the Orient, is in charge of the unit, Mr. Cooke reputedly having obtained permission from officials to shoot in the war zones. Out of the material obtained, Reliable will have a feature for release in the new season. A second feature will be obtained from material gathered in Siam, taken on the same expedition.

Mitch Leichter, headquarters in Hollywood's Taft Building, starts off with "The New Sudan," which he is now offering to territorial distributors.

"Sudan" Rights Bought

Majestic Film Distributors, Los Angeles has purchased "The New Sudan," for California, Nevada, New Mexico, Hawaiian Islands and Alaska. The New England States have also been sold.

Boris Morros, who formed Boris Productions some months ago, starts actual releasing in the new season, producing some for RKO, others for the independent market, including picture for the new film Alliance of the United States. In association with Nat Wachsberger, Mr. Morros has on his schedule "Royal Box," and for RKO will next have "If I Were President," following the Laurel and Hardy "Flying Deuces."

The new program of Transatlantic Films will be augmented by a merger with Frank Kassler, who brings with him four pictures: "Dark Eyes," "The Curtain Rises," "Flight Into Darkness," and another.

Other Transatlantic releases includes: "Conflict," produced by Cipra Films, Paris; "La Maison du Maltais," made in Paris by Gladiator Films; "Innocence," produced by A. B. Pictures, in Prague, and "Esclave Blanche" and "Drame de Shanghai," "both product of Lucia Films, Paris. Transatlantic was organized last May by Eugen Scharin, who formerly was with Twentieth Century-Fox and RKO in Europe.

Deal Abandoned

Tri-National Pictures, headed by John E. Otterson, had a deal on to merge with Budd Rogers' Alliance Films. It was dropped. The company imports French and English films.

Victory Pictures will continue with product for the states right market through 1939-40, under the leadership of Samuel Katzman.

World Pictures, active in importing for distribution here, has acquired "Ski Chase," produced by Sokol Films in Paris. Featured is Hannes Schneider, noted skier. World has also acquired "Hatred," another French film, in which Harry Bauer is starred, for release in September. A third is Julian Huxley's "Monkey Into Man." Bruno Zwicker, who is distributing "Two Hearts in Waltz Time," is in London, thence to Paris, for product for 1939-40.

From the Spanish side will come a company formed this week. Selecciones Hispanas, Inc., incorporated in New York to conduct a Spanish-American distributing business, handling the product of Cecimil Productions, of Manila. The first is "La Dulce Mestiza."

Other foreign language distributors in this country who have been active include William Alexander, American Trading Association, Amropa and Atlas, Casino, Viennese Film and Vedis, Thomfilms, Sphinx, Pax Film, Danubia, Esperia and Exhibitors Film Exchange, Foreign Cinema Arts, Franco-American Film and French Film Exchange, New Star Films, National, Metropolitan Pictures and French Film Exchange, Gallic Films, Garrison, International Film Exchange, Lenauer International, Jewel, Malmar, Brodie, Vedis, Ukrafilm, Walch, Paris Film, Nero, Tower Francinex, among others.

Yiddish, Negro Films

For the limited market in this country for Yiddish and Negro films, there will again be a supply of new product. Among the former most active are Maurice Schwartz, Mayman, Carmel Productions and American Trading, which produce features, principally in New York—because of a concentration of Yiddish actors there.

For the 388 all-Negro theatres in this country, there are several Negro film producing companies, the largest, Million Dollar Productions, in Hollywood. Alfred Sack, of Sack Amusement Enterprises is probably the largest Negro film distributor. Another is Domino Productions, formed in June in New York.

Schlaifer Back to New York

L. J. Schlaifer, vice-president and western sales manager of United Artists, returned to New York last Thursday after visiting the company's western exchanges. In the three weeks of his trip, Mr. Schlaifer spent time in San Francisco, Los Angeles and Chicago.

Pollock Addresses Convention

After a two week visit to the west coast studios, Lou Pollock, Universal eastern advertising and publicity manager, has returned to New York to leave this week to attend the Schine Circuit Convention at Gloversville, N. Y., where he is scheduled to be one of the speakers at the gathering.

McCarthy to Coast

Charles E. McCarthy, director of advertising and publicity for Twentieth Century-Fox, and Louis Shanfield, the company's art director, left New York this week for the coast.

A. Suarez del Rivero, Columbia Pictures' Director of Spanish Publicity, sailed for London to join Foreign Manager J. A. McConville and European Representative J. Friedman for discussions relative to his new assignment for Columbia in Spain.

Enthusiasm Lags For Ticket Plan

Abolition of the ticket broker, a New York legitimate theatre "institution," appeared remote this week, as their antagonism, and the difficulties of time and expense apparently are preventing the adoption of a central ticket agency plan by the League of New York Theatres.

The League was to meet with the Actors' Equity this week, in New York, for further discussion.

However, Gustave A. Gerber, attorney for the Associated Theatre Ticket Agencies, last week served notice that his organization would take "legal steps" to prevent adoption of the plan by New York theatres, and added that, in event of a court fight, there would be "startling disclosures of the producer-manager-ticket seller tie-up."

In some Broadway quarters this week, the announcement of the plan by the League was attributed to its desire to keep ticket brokers "in line" anent the ticket code, and to make them sign a new code for the new season; and also, to the League's partial dissatisfaction with the working of the code.

The cost of opening an agency was put this week, at about $100,000; though ticket brokers termed this figure too low. Under the still viscous plan, each theatre operator would share the cost. There would be a service charge of 25 cents per ticket; possibly, even less, depending on the agency's expense of operation.

The present ticket brokers' service charge, under the ticket code, is 75 cents per ticket.

Yugoslavia Has 384 Film Theatres

There are 384 motion picture theatres in Yugoslavia, of which 357 are equipped for sound, according to a report to the Motion Picture Division of the Department of Commerce from the American Consulate in Belgrade. The total seating capacity is 121,120.

Most of the theatres in the smaller towns are open from one to six days a week, as follows: 108 theatres work every day; eight work six times a week; 13 work five times a week; 45 work four times a week; 42 work three times a week; 110 work twice a week and 44 work once a week.

The prices of admission to Yugoslav cinemas vary somewhat widely. In cinemas that work one, two or three days a week, the price of admission runs from 1 to 12 dinars (4-22 cents) each. Cinemas that work over three days a week charge from 2 to 15 dinars per seat.

In the year 1938, 987 films totaling 950,670 meters in length, including both foreign and domestic films, were submitted for registration and censorship in Yugoslavia. Of these, 924 were foreign and 63 domestic.

Of the total number of registered films, nine films of 18,037 meters were banned for public showing, as follows: German, three films; American, two features and one advertising; French, two films and Russian, one film.

THE THEATER

By RICHARD WATTS Jr.

IT STRIKES me that when I go on to say that Walt Disney is another film man without pretentiousness or side, that I am trying to write fan-magazine stuff. Nevertheless, it is the only way in which Disney can be described, and I think it is important to say so in a community ridden by phony pretentiousness, since the creator of Mickey Mouse, Donald Duck and "Snow White and the Seven Dwarfs" is the one person working out here who can with any justification be referred to as a genius. It is strange that in so many years of connection with stage and screen I had never before met Mr. Disney or visited his studio, and it is only fair for me to report that I was delighted with both. One of the most loathsome traits of Hollywood is its insistence on caste, and it is therefore all the more pleasant to find that the Walt Disney studio is a completely democratic community in which all the employees actually do seem to be fellow workers engaged in the pleasant manufacture of masterpieces. It is not my purpose, however, to write about a studio, or even about the conversation of the man responsible for the cinema's most definite works of art. I have something more pleasant to say. I have seen parts of "Pinocchio," the next full-length Disney film.

What I saw was a rough draft, without color and with intermittent synchronization and most of the characters merely sketched in. Yet, even from this somewhat primitive version of what is to come I can tell you that here is an authentic masterpiece in the making which already makes "Snow White and the Seven Dwarfs" look like a scratch-pad exercise. I should warn all of the critics who raved about the earlier work to start looking up new superlatives, for here is a thing that for really lovely imagination is far ahead of anything in its field. I should tell you, also, that it contains at least two new characters —in the persons of Jiminy, a cricket, and Figaro, a kitten—that join Dopey, Mickey and Donald in the rich field of the Disney imagination and will occupy a place with them in our modern folklore.

NEW YORK HERALD TRIBUNE,

THE HOLLYWOOD SCENE

Famous Starts

Famous Productions, newly organized movie-making company headed by Harry Edington, will launch its first film, "South of the Amazon," at Universal Studios early in August.

Douglas Fairbanks, Jr., and Joan Bennett will head the cast and James Whale has been engaged to direct. A topical romance drama, the production will be based on an original screen play by Frances Marion.

This and two other productions will be made for Universal by the new Edington company. All three will be high budget films.

In addition to the Famous Production's effort, Universal will start two other important pictures during the month. Joe Pasternak will get his long projected "Destry Rides Again" under way with James Stewart and Mischa Auer heading the cast and Rowland V. Lee will start "Tower of London" in which Boris Karloff will be starred.

By operating at near capacity during the summer months, Universal will start its 1939-40 season with more important pictures in the exchanges than at any time in years.

"This is in accord with our policy," commented president Nate Blumberg, "of keeping production well ahead of distribution so that Universal exhibitors may get their product on schedule. Completion of our new sound stages and other improvements in the machinery of production will enable us to adhere strictly to this system in the future and meet every release date of our enlarged program for the new season."

Swanee River

The love story of Stephen Foster, noted composer of native American music, "Swanee River," will be brought to the screen by 20th Century-Fox with the most important cast and the largest outlay of money ever expended by Darryl F. Zanuck on a production of this type.

With Don Ameche set for the role of the author of "My Old Kentucky Home" and more than 200 other folk songs, and Nancy Kelly selected to play his sweetheart and Al Jolson to be seen as Edwin Christy, first minstrel king, Zanuck is preparing to cast other big names in the story's many important parts.

Kenneth Macgowan, who was associate producer on "In Old Chicago" and other screen historical pictures will be engaged in the same capacity on "Swanee River." Sidney Lanfield, director of some of Sonja Heinie's biggest successes, will direct the film.

More than $2,000,000, as much money as is alloted the biggest production spectacles, has been set aside for "Swanee River." While the picture is not essentially a musical, music will be an important element with Ameche and Jolson singing the Foster melodies. In addition to "Swanee River," songs now favored for the production include "My Old Kentucky Home," "Nellie Was a Lady," "Old Folks At Home" and "Old Uncle Ned."

A Quiet Week

In comparison with the rest of July, the month's closing week was comparatively quiet in the production capital. Only six pictures were started and but seven were completed.

Paramount found it convenient to begin work on two films. The more important, if considered from the standpoint of cast strength alone, is "Remember the Night," a melodramatic romance which will feature Barbara Stanwyck and Ray Milland with Beulah Bondi and Elizabeth Patterson. The second, "Federal Offense" is another in the series founded on G-Man J. Edgar Hoover's book. It will present William Henry, Virginia Dale, Lyle Talbot, Harvey Stephens, Marjorie Gateson and Robert Paige in the principal roles.

Two in Series

Universal also started two. Both are outdoor action adventure stories and items in a series. Johnny Mack Brown, Bob Baker, Fuzzy Knight, Doris Weston, Forrest Taylor, Anthony Warde, Karle Hackett and George Anderson will be featured in "Chip of the Flying U." Richard Arlen, Andy Devine, Anne Nagel, Ona Munson, Guinn Williams, William Lundigan, Leon Ames and Theodore Von Eltz are the headliners in "Legion of Lost Flyers."

Monogram began another series picture, "Sky Patrol," adapted from the "Tailspin Tommy" cartoon strip in which John Trent, Milburn Stone, Marjorie Reynolds and Jackie Coogan will be seen.

For RKO Radio distribution, Boros Morris, former Paramount musical director and associate producer, began the comedy "Flying Deuces." It will present Stan Laurel and Oliver Hardy with Jean Parker, Reginald Gardiner, Sheila Darcy, Jenifer Gray, Fay McKenzie, Paul Irving, Charles Middleton, James Finlayson and Jean Del Val.

Seven Completed

Two of the completed pictures are credited to MGM. "The Marx Brothers at the Circus" will star the three funny brothers with Florence Rice, Nat Pendleton and Kenny Baker as supporting principals. Personalities in "Dancing Co-ed" are Lana Turner, Richard Carlson, Lee Bowman, Ann Rutherford, Leon Erroll and Artie Shaw and his band.

Paramount finished "Are Husbands Necessary" in which Fred MacMurray and Madaleine Carroll are the stars. Allan Jones, Helen Broderick, Akim Tamiroff, Carolyn Lee and Osa Munson constitute the featured support.

Monogram finished "The Oklahoma Terror" in which Jack Randall, Virginia Carroll, Don Rowan and Davison Clark will be seen.

Samuel Goldwyn Productions completed "The Real Glory." Gary Cooper and Andrea Leeds are the star names with David Niven, Reginald Owen, Broderick Crawford, Maurice Moscovitch, Vladmir Sokoloff, Thurston Hall, Russell Hicks, Roy Gordon and William Stack in support.

"The Five Little Peppers and How They Grew" was completed at Columbia. Edith Fellows, Clarence Kolb, Dorothy Peterson, Ronald Sinclair, Donorth Ann Seece and Tommy Bond will be featured.

At 20th Century-Fox, "Tin Hats" in which Jane Withers, The Ritz Brothers and Lynn Bari are the top players, was finished.

VILLAINOUS FACES HOLLYWOOD'S NEED

The fellow whose face would never appear in a collar advertisement is just the one Hollywood is looking for, claims Charles Bickford, one of the screen's most unhandsome yet successful actors. Pointing out that handsome lads with perfect profiles abound in the film capital, he declares that faces with menace are astonishingly scarce.

"Young actors who can play villains are really scarce," says Bickford. "Movie makers are being forced to turn good-looking leading men into villains. Unfortunately, they are not convincing and I'm certain that the boy with a face that connotes evil, that suggests a thorough cad, would find a hearty welcome in films."

Bickford, whose menacing face has done right well by him for 10 years in Hollywood, should know whereof he speaks.

News in Brief

With the consent of Louis B. Mayer, Mervyn LeRoy relinquished his post as executive producer and will devote his future efforts to those of producer director at MGM.

Norman Taurog will direct MGM's forthcoming "Broadway Melody of 1940" which will star Eleanor Powell and Fred Astaire with George Murphy.

Sara Haden, the Aunt Milly of the "Hardy" series has been signed to a new contract by MGM and set for a featured role with Robert Taylor and Greer Garson in "Remember."

James Cagney, Pat O'Brien and Priscilla Lane have been assigned the leading roles in Warner's "The Fighting 69th" which William Keighley will direct.

David L. Loew who has been scheduled to make two pictures for the United Artists 1939-40 program will postpone his start until the 1940-41 season.

Mickey Rooney and Judy Garland will be so-starred in a remake of "Good News" which MGM first produced in 1930.

Victor Schertzinger will direct a musical starring Bing Crosby and Bob Hope for Paramount.

Randolph Scott has been assigned the leading role in "20,000 Men a Year," forthcoming 20th Century-Fox melodrama based on the government's plan of aviation training for college students.

Lon Chaney, Jr., will play the role of Lennie in "Of Mice and Men," the Lewis Milestone production for Hal Roach.

Hot upon the success of "Each Dawn I Die," Warners plans to co-star James Cagney and George Raft in "Invisible Stripes," plot of which deals with prisoners after they leave jail.

"Pacific" Exploitation

The foreign department of Paramount and the export division of the Lionel Electric Toy Train Company have completed arrangements for a co-operative, world-wide exploitation and advertising campaign on Cecil B. DeMille's "Union Pacific."

MAJORS TELL EXHIBITORS HOW TO GET "FREE PUBLICITY" FOR "JUBILEE"

Amplified Press Book Outlines Exploitation Possibilities for Exhibitors; Parades, Proclamations Left to Individual Effort

The Motion Picture Producers and Distributors of America, Inc., will on Saturday morning, mail from New York headquarters to every theatre owner in the country, and to their press agents, a 24-page "manual" telling them how and when and where they may get publicity and public attention for the motion picture's fiftieth anniversary, tying-in and tying-up for this industry's "Golden Jubilee," in October, with banks and furniture dealers, department stores and phonograph shops, electrical supply dealers, automobile dealers and men's clothing stores—many of which lines had early motion picture connections.

No Funds, No Quiz

"The Fiftieth Anniversary Manual," as it is officially called, is designed to garner free publicity to commemorate that October 6, 1889, when Thomas Alva Edison placed the first pictures in motion on his Kinetoscope in his West Orange, New Jersey laboratories. The idea, of course, is to bolster the box office and to emphasize the importance of the theatre to the community.

Neither suggesting nor providing for any drives, quizzes, contests, pledges, certificates or largess of advertising to the newspaper press such as that by which the majors marked last year's million-dollar "motion Pictures' Greatest Year" campaign, the pending effort will include "no solicitation of funds from any source nor will there be any special paid committee." The job this time is being placed almost entirely in the laps of the local theatre owner, for him to use "individual initiative and resourcefulness."

Telling the exhibitors of the country that "many newspapers, magazines and commentators have already displayed great interest in the event," the manual invites each and every one "most cordially to join in a campaign,"—the exhibitor's efforts helping "the general cause of motion pictures."

The campaign as a "time schedule," as follows:

AUGUST: Organize local committees, including civic, school and club leaders to plan campaign.

AUGUST 12: 62nd birthday of Edison's Phonograph.

AUGUST 15: Will H. Hays' "Fiftieth Anniversary Announcement." Local announcements, publicity, ads, etc.

SEPTEMBER: Launch school, library, club, newspaper cooperation. Run newspaper serial of movie history highlights any time, preferably when local publicity lags.

WEEK OF OCTOBER 1 TO 7: Hold special observances of Fiftieth Anniversary, luncheons, club meetings, etc.

NOVEMBER: Book Week poster on books of past 50 years that have been made into movies. Continue national and local publicity, exploitation and tieups.

Hays Announcement Included

Will H. Hays' "Fiftieth Anniversary Announcement" has already been written and is printed in the campaign manual. Captionwise, his announcement says: "Motion Pictures Must Entertain," "Films Command Universal Audience," "Demonstrate Progress and Significance." Later, on completion of compilation, Mr. Hays will add "a resume of forthcoming pictures of outstanding merit." This listing, exhibitors are told, may be called to the attention of local newspapers and radio stations.

"We want the cooperation of our friends among civic, church and club leaders," continues the manual's message to exhibitors. "We want the active help of the schools and press."

"The Fiftieth Anniversary," adds the manual, "serves as a legitimate news peg for announcing your new season's product." But, says a warning, "It is suggested that this should not be proclaimed as the best, the greatest or the most colossal parade of hits in history—that approach is likely to antagonize the press and the public."

"It is true that, as the result of 50 years of artistic and technological progress, pictures were never better. But it can be said without superlatives."

Owners are advised to cooperate with their competitors "so as to get the most out of your local observance."

If the theatre owner cannot organize a committee to represent the industry locally, and establish and maintain contact with the press, libraries, schools, motion picture councils, clubs, merchants and others—he is urged not to let the campaign go by fault.

All are urged to find and bring to the press "local pioneers" of the film business, for interviews for the press.

Committee Procedure Outlined

The exhibitor's "local committee of fellow film men, civic, school and club leaders and representatives of the newspapers, need meet only to ratify plans," says the manual, when that committee is too large.

"One or two local stories a week will be enough to keep your observance in the papers. . . . Mr. Hays' announcement will make one story. Organization of your local committee will make another."

Interviews with school heads are advised, particularly on the use that they are making of motion pictures. A display in the public library "is worth a story."

The manual provides a four-installment history of the motion pictures for newspapers, to be used "early or whenever local publicity lags." The serial, without by-line, is captioned:

1. "Invention of Kinetoscope by Edison in 1889 Marks Birthday of Motion Pictures; Eastman Film Used in Early Experiments."
2. "Projection of Motion Pictures on Theatre Screen Began in 1896; Tale's Tours and Nickelodeons Spread Throughout United States."
3. "By 1915 Feature Motion Pictures Win Respect As Entertainment Medium; Art of Silent Screen Approaches Zenith; Sound Experiments Begin."
4. "Motion Picture Solves Technical Problems Brought by Sound; Challenge of Future Is: Where Do We Go from Here, Says Hays."

Returning to the theatre itself, the manual suggests that the observance can serve as an opportunity "for sprucing up your marquee and lobby."

Accessories Available

Accessory manufacturers will have available special banners, pennants, valances, burgees and the like.

Other suggestions include the use of billboards, with spots, crosslines, and snipes to tie in current and coming attractions; use of stickers, cards, ads, posters, displays, tieups "and all other means to let your customers know you are observing the Fiftieth Anniversary."

In advancing the keynote of the campaign: "Half a Century of Progress," the manual points to the enlistment of cooperation of the "constructive elements of the community," on the ground that "Any local institution that goes back more than 50 years will have an excuse to tell the world about it," again citing bankers, industrialists, public utilities, automobile dealers, clothing stores, civic leaders, clubs, and others as potentials.

"There will be national observances of the 'Fiftieth Anniversary,' which will doubtless be covered by the newsreels, and the national magazines are planning stories."

When pictures of the majors lend themselves to it, their press books will have suggestions for tying them in. "Sometimes they may play up a veteran actor. Or, if your picture is swank and up to date, that can be played up in contrast with 1889."

The manual makes suggestions for a variation of other stunts, running from a proclamation by the Mayor to an "Easter Egg Hunt." All couples married 50 years or longer are to be invited to the theatre without admission cost; "any couple whose anniversary falls during or near the 'Fiftieth Anniversary Week' will make good newspaper copy—a dinner party can be arranged at the leading hotel, followed by attendance at the theatre."

As a variation, "invite persons whose names were mentioned in the personal columns of newspapers 50 years ago," continues the manual. Also, "find persons who attended the first movie in the town or at the theatre and have them as guests."

Parades Suggested

Parades, with floats are suggested, with old buggies contrasted to new cars, stagecoaches with streamlined busses, etc.

The variation of the "Easter Egg Hunt" involves the gilding of pebbles, scattering them over a given area, awarding prizes to those finding the "golden nuggets."

Another manual idea: "For a herald an-

19,000 "JUBILEE" MANUALS READY

The Hays Organization is paying the printer's bill for the 19,000 manuals printed for the majors' "Golden Jubilee" campaign which they are sending to exhibitors suggesting local campaigns in observance of the industry's 50th anniversary, in October. There are no campaign funds.

Joel Swenson of the MPPDA prepared the manual, but the MPPDA-majors' special "Golden Jubilee" committee participated. The committee handling the campaign includes, besides Mr. Swenson: Kenneth Clark, also of the MPPDA; Lester Thompson of the MPPDA's Advertising Advisory Council; Harry Goldberg, Warners; William Ferguson, MGM; Ben Grimm, RKO; Louis Pollock, Universal.

A committee of independent producers and distributors was formed Wednesday in New York to participate in the Jubilee. Joseph Balaber of Screen Attractions is chairman.

nouncing your Fiftieth Anniversary attractions, attach a pseudo gold wedding ring to card by cord or ribbon, the card announcing "Happiness . . . Joy . . . Movies . . . Complete Golden Cycle of Entertainment'."

Special luncheons should find civic officials, film veterans, school and library executives, representatives of photoplay appreciation classes. Speeches—"which should be brief"—can bring "considerable entertainment reminiscent and contrasting with modern times."

Considerable space is given in the manual to the staging of "local historical projects," "projects in history and the arts," "school projects," "radio cooperation," "library cooperation."

Advertising "slug-lines":

"Fiftieth Anniversary of Motion Pictures."

"Half a Century of Progress."

"A Fiftieth Anniversary Hit."

"It's the Fiftieth Birthday of Motion Pictures."

"The Fiftieth Anniversary of Screen Entertainment Commemorating Half a Century of Progress."

Articles Available

By writing to the "Fiftieth Anniversary Committee" at the Hays office, 28 West 44th Street, New York, exhibitors may have any one or all of the following articles for newspaper use:

"A Story of the Hollywood Without Grease Paint and Makeup. How the Stars Live"—1,000 words.

"Who Makes the Movies? A Story of How Pictures Are Produced."—700 words.

"Story of the Important Advances in the Use of Motion Pictures in Education."—600 words.

"Editorial on Fifty Years of Motion Picture Progress."—600 words.

"James T. Shotwell, Famous Historian, Pays Tribute to Motion Pictures."—400 words.

"A List of Motion Pictures Based on Outstanding Books."

"Motion Picture Industry Stimulates Business, Both Nationally and Locally."—600 words.

"Motion Picture Exhibition."—1,500 words.

"Motion Picture Distribution."—1,300 words.

Two Independents Protest Censor Bans

Two independent producers and distributors this week were appealing, one successfully, against the decision of censors banning their product.

In Albany, N. Y., counsel for Eureka Productions, sponsors of "Ecstasy," expect their appeal from the ban of Dr. Irwin Esmond of the state Department of Education, to be heard on September 11th by the Appellate Division. Dr. Esmond's decision was affirmed by the state Board of Regents.

Grand National Films Limited, in Canada, won a victory when its appeal on its new version of "Damaged Goods" won a reversal of a previous ban by the Board of Moving Picture Censors, of Nova Scotia. However, persons under 16 may not be admitted to showings, under the new rule.

Governor Cone has disapproved the payment of a bill by the state road department for a picture made for showing at the Florida exhibit in the New York World's Fair.

Arthur Silverstone, assistant managing director for United Artists in Great Britain, arrived in New York Monday on his first trip in four years.

Richard Rowland Joins UA Roster

Richard Rowland, this season, will produce a picture for United Artists release. Mr. Rowland's 34 years in the industry have included the presidency of the Metro Picture Corporation, production work for Paramount, Metro-Goldwyn-Mayer, Universal, Republic and RKO, vice-presidency of the Fox Film Corporation, general managership of First National, and the production of "The Four Horsemen" of famous memory.

His initial venture for United Artists will be "Three Cheers for Miss Bishop," scheduled to face the cameras shortly with Archie Mayo directing and Barbara Stanwyck starred.

Motion Picture Research Council To Hold Discussion of Movies

The National Motion Picture Research Council, now sponsoring the Neely Anti-Block Booking Bill in Congress will hold a panel discussion of the educational value of theatrical motion pictures at the California Building, San Francisco Exposition, on August 5. The program will include a 20-minute short subject, "Men in White," made from the feature film of the same title, a discussion by Dr. Mary H. Layman, clinical professor of Pediatrics and director of Child Guidance at the Stanford University Medical School, Dr. Paul R. Hanna, professor of education at Stanford University and Dr. John Powell, director of the San Francisco School of Social Studies, an experimental school devoted to adult education, and finally an open forum period under the chairmanship of Dr. Philip N. Youtz.

RKO Signs Birdwell

RKO has closed a deal with Russell Birdwell and Associates to handle an advance publicity campaign on Herbert Wilcox's Hollywood production, "Nurse Edith Cavell," starring Anna Neagle. An auxiliary unit staff has been formed at the RKO studio under the direction of Charles Leonard to handle the studio end of the campaign.

Schenck, Cohn Stock Dealings

by FRANCIS L. BURT
in Washington

Disposition by Joseph M. Schenck, chairman of the board of Twentieth Century-Fox, of 700 shares of $1.50 preferred stock, reducing his holdings to 22,584 shares, was the largest film transaction reported for June by motion picture company officers or directors, it was disclosed Thursday by the Securities and Exchange Commission, at Washington.

The semi-monthly summary of the Commission included only a few other transactions in film stocks. Daniel M. Sheaffer, Philadelphia, Universal Corporation director, reported the acquisition of 500 common voting trust certificates, bringing his holdings to 18,000 direct and another 26,500 through Standard Capital Company.

Loew's, Inc., reported the acquisition of another 100 shares of Loew's Boston Theatres common stock, of which it now holds 99,792 shares.

A belated report for Harry Cohn, Hollywood, Columbia Pictures president, revealed the acquisition in March of 1,762 common voting trust certificates direct and 30 certificates through a Joan Perry account, together with 42 shares of Columbia common stock. At the close of the month, Mr. Cohn held 1,765 shares of common and 72,284 voting trust certificates direct and 1,260 in the Joan Perry account.

A corrected May report for Y. Frank Freeman, Hollywood, Paramount Pictures' executive and director, showed the acquisition of 500 shares of second preferred stock, his entire direct holdings. The report showed that Mr. Freeman held another 600 shares of preferred through his wife.

N. Peter Rathvon, New York, held no equity securities of Keith-Albee-Orpheum when he became a director in that company December 8th last, it was shown in reports on the holdings of persons becoming officers or directors of corporations.

Lottery Inquiry Committee Hears Mrs. Will Rogers

Mrs. Will Rogers, widow of the famous humorist, testified this week in Boston before a Federal grand jury investigating an alleged $20,000,000 fake lottery racket which included a purported scheme for raising money for a memorial to her husband.

Mrs. Rogers' testimony was kept secret by United States Attorney Edmund J. Brandon, but it was understood that she had refused permission to a Chicago man to conduct a lottery from which a portion of the receipts would have been given to the legitimately organized Will Rogers Memorial Fund.

The Film Carriers Association of Chicago will hold their annual outing August 13 in the Mannheim Woods. Hank Porter and Shorty Otto are in charge of the arrangements.

I. E. Lopert, president of Juno Films, Inc., New York, arrived on the coast this week with a print of "The End of a Day," new French film, which will be released in September.

PHEW... SUMMER!

AH... LEO!

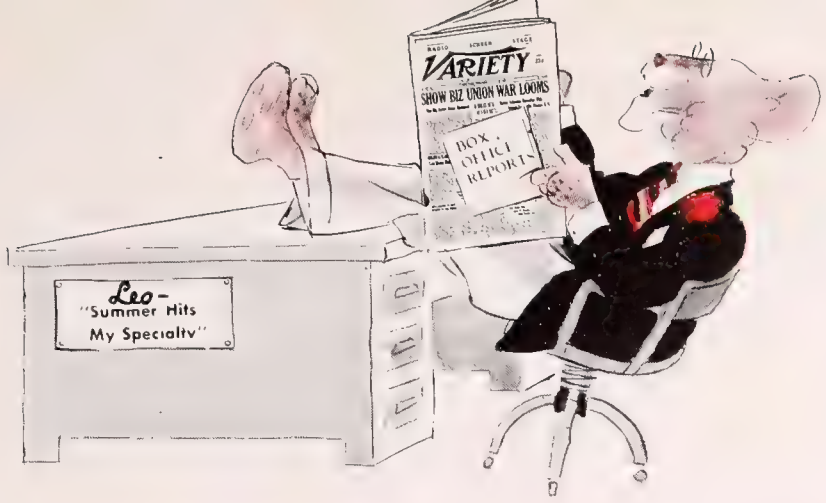
mething to stand up and cheer about!

(*next page please*)

THREE WEEKS IN A ROW IT'S ALL M-G-M!

FIRST WEEK:

"Variety's Box-Office Reports point to another M-G-M Summer!"



SECOND WEEK:

"Um-m-m, M-G-M's Hot Weather Hits again in Variety's Box-Office Reports!"

THIRD WEEK:

"Again leading Variety's Box-Office Reports! And the Best is Yet to Come!"

"Let's see what they say!"

PITTSBURGH—"Way out in front with 'ANDY HARDY GETS SPRING FEVER', rolling up top take of the summer. Doing 'BOYS TOWN' biz, nothing short of phenomenal for this time of year. Sticks second week. Last week, 'ON BORROWED TIME' strong."

OMAHA—"Biz in general so-so, but 'HARDY' aiming for big gross."

CHICAGO—"'ANDY HARDY' strong entry for healthy gross. Last week, 'WITHIN THE LAW' good."

SEATTLE—"'MR. CHIPS' good in 4th week. 3rd week big. 'HARDY FEVER' holdover."

NEW YORK—"'MR. CHIPS' continues strong money-getter in its 11th week. A run through Labor Day is a certainty. 'ANDY HARDY' neat and holds over."

PROVIDENCE—"'HARDY FEVER' torrid, biggest gross in weeks."

MINNEAPOLIS—"'MR. CHIPS' b. o. achievements command attention. 3rd week still traveling at profitable pace. Yielded exceedingly substantial figure in fortnight."

OKLAHOMA CITY—"'ON BORROWED TIME' good. Last week 'MAISIE' good."

LOUISVILLE—"'ANDY HARDY' furnishing the b. o. oomph, overcoming all opposish. Will cop the gravy in easy fashion. Last week, 'BORROWED TIME' healthy gross."

INDIANAPOLIS—"'MAISIE' top money of the town."

KANSAS CITY—"'HARDY FEVER' sailing strong. Last week 'BORROWED TIME' nice."

CINCINNATI—"Current topper is 'ANDY HARDY GETS SPRING FEVER', best trade sizzler for quite a spell. Midsummer b. o. tonic for hefty gross. 'ON BORROWED TIME' 2nd week okay. Last week big."

PHILADELPHIA—"'CHIPS' is town's only h.o. and, in 4th week, still its strong man."

SAN FRANCISCO—"'CHIPS', 5th week, fine gross."

DENVER—"'HARDY FEVER', for four days, did almost as well as an average week. Tremendous."

BOSTON—"'BORROWED TIME'—'MAISIE' smash at Orpheum and State (day and date) way out in front. Grabbing plenty coin. Quiet elsewhere this week."

LINCOLN, NEB.—"'HARDY FEVER' high, is the current toast, doing best biz so far this summer."

PORTLAND—"'ANDY HARDY GETS SPRING FEVER' still strong in 2nd week, continuing to mop up in great style."

BALTIMORE—"'BORROWED TIME' nice. Last week, second of 'CHIPS', okay."

TORONTO—"'MAISIE' bright, topping the list. Last week 'TARZAN' good."

WASHINGTON—"'ON BORROWED TIME' easy leader. 'MR. CHIPS' 3rd week, nice."

MONTREAL—"Montreal dull, but 'MR. CHIPS' shines; town's only standout."

LOS ANGELES—"'CHIPS' in 11th week after move-over from Four Star. Last week, 'HARDY SPRING FEVER', big."

20% OF PROFITS FOR PLAGIARISM; EXHIBITOR CUSTOMERS MAY BE SUED

Appeals Court Apportions Profits in 'Letty Lynton' Case, Setting Copyright Precedent; Decision of Lower Court Reversed

Plagiarism by a motion picture producer makes him liable to the author of the plagiarized work for only a a part—20 per cent in this case—instead of the whole of the net profits accruing from the film based on the plagiarism—so a Federal Court has ruled, setting a precendent under copyright law.

And out of this precedent looms another, of possible greater importance—certainly to exhibitors. Dissatisfied with the decision, the complaining authors, expecting a full 100 per cent of the distributors' profits, may sue every theatre owner who played the film, charging copyright violation, this to make up for the 100 per cent that had been expected, and which was allowed by previous court rulings. It would be the first time exhibitors would be sued for plagiarism.

In effect the court set down 20 per cent as the value of the story to the film in this instance. This could lead to the "lifting" of books, plays or stories for film use with the producer then paying on a percentage under court action.

One-Fifth Allowed

In a decision likely to have a profound effect upon, and setting a precedent in, motion picture copyright, the U. S. Circuit Court of Appeals for the Second Circuit last Friday ruled that only one-fifth of the net profits of the film "Letty Lynton" belonged to Margaret Ayer Barnes and Edward Sheldon, authors of the play "Dishonored Lady," which the court found to have been plagiarized by the Metro-Goldwyn-Mayer film. The infringer, in former plagiarism suits, has been found liable for all profits accruing from the infringing work. The case has been in the courts since June 24, 1932.

Further Appeal Sought

In a 22-page opinion written by Senior Circuit Judge Learned Hand and concurred in by Judges Harris Chase and Robert Patterson, the court reversed the opinion handed down by Federal Judge Vincent Leibell in New York district court last December 31st, in which the latter awarded $532,153 to Miss Barnes and Mrs. Sheldon, reduced from the $587,604 suggested by Special Master Gordon Auchincloss.

A further appeal will be taken, to the U. S. Supreme Court, if a petition to do so is granted, according to O'Brien, Driscoll and Raftery, attorneys for the plaintiffs.

The copyright case of Callahan vs. Meyers is the only one of any similarity known to have been heard by the Supreme Court, it is said, and in that case the court held that the profits involved could not be apportioned, and awarded the plaintiff the total profit.

Exhibitors May Be Sued

Additionally, it was stated by attorneys for the plaintiff that exhibitors who showed the film may be sued, in the light of the lessened award granted by the court, to make up for the monetary loss to the authors. As licensed agreements are now written, there is no assurance given a theatre that the distributor or producer-distributor will assume responsibility in the event that the theatre shows a film which is shown to be a plagiarism, and thus unwittingly becomes liable to prosecution.

However, sales managers and company counsel this week in New York expressed the opinion that there was, while no expressed warranty, an implied warranty to protect the exhibitor in the very granting of a license under a copyright. That is, it is held probable that if the distributor did not of his own volition compensate for the losses sustained by the exhibitor, the latter would probably be successful in obtaining a judgment against the distributor for the amount of those losses.

One company executive said: "It would seem to me that the exhibitor would certainly be protected, if not for legal then for business reasons." To date, there has been no case where an independent exhibitor has been sued for showing a film which is found to be a plagiarism. It was also said that a court would be apt to "look very unkindly upon a suit in which an exhibitor, although technically at fault for the exhibition of a pirated work, was simply fulfilling a contract in good faith."

Capitol Profits Awarded

At the time of the award granted Miss Barnes and Mr. Sheldon against the Capitol Theatre in New York, operated by Loew's, O'Brien, Driscoll and Raftery had said that they had no intention of suing any other theatre that had showed "Letty Lynton." In that case, still pending before Federal Judge Leibell for confirmation of the $16,470 awarded by Special Master Kenneth Walzer, the total profits of the exhibition of the picture, which played from April 29th to May 12th, 1932, minus the cost of the film rental, were awarded.

One of the longest plagiarism suits from the point of view of its time in the court, the "Letty Lynton" case (Edward Sheldon and Margaret Ayer Barnes vs. Metro-Goldwyn-Mayer Pictures Corporation, Metro-Goldwyn-Mayer Distributing Corporation, Loew's, Incorporated and the Culver Export Corporation) has been on the calendar since 1934. At that time Judge Woolsey dismissed the case, a decision which was reversed by the Court of Appeals. The latter ordered the appointment of a Special Master to determine the film's earnings. It was then that Federal Judge Leibell, in New York district court, having found the defendants guilty of an infringement, substantially confirmed the award made by the Special Master, Mr. Auchincloss, although reducing it from $587,604 to $532,153.

However, Judge Leibell presaged the finding of the Court of Appeals by saying, in his report, "In my opinion it is punitive and unjust to award all the net profits of the motion picture 'Letty Lynton' to the complainants in this case. Yet under the wording of the Copyright Act as interpreted by the decisions of the appellate courts, I can do nothing less. The rule for apportioning profits, followed in patent infringement cases, should not be difficult of application to copyright infringement cases."

Apportionment Theory Followed

The Circuit Court, in its decision of last Friday, may be said to have followed the theory of apportionment in recognizing the contribution made to the success of the film by the stars, director, advertising, and the like, as against the value contributed by the story itself. In patent cases, the courts have worked out a theory of apportionment to determine the exact amount representing the value contributed to an article by the particular invention used without permission.

Judge Leibell's opinion had also stated, last December, "An allowance to complainants of 25 per cent of the net profits . . . would be such a sum as could be justly fixed as a limit beyond which complainants would be receiving profits in no way attributable to the use of their play in the production of the picture."

The Circuit Court in Metro-Goldwyn-May-

Few More Houses Line Up Vaudeville For New Show Season in September

Added to the bare three dozen "downtown" theatres in key or large cities listed last week on page 15 as using vaudeville or contemplating returning to vaudeville at the beginning of the new show season, after Labor Day, in September, are another 17 which Broadway vaudeville bookers and managers predict will use acts again in the fall—in all cases with films, of course.

The additional 17 include Loew's Washington, full week; Majestic, Paterson, N. J., split week; Oxford, Philadelphia, weekends; Capitol, Lynn, Mass., full week; State, Manchester, N. H., two days; Auburn, Auburn, Mass., two days; Gates, Lowell, Mass., split week; Palace, Chicago, full week; Stanley, Pittsburgh, occasional full week; Loew's, Montreal, full week; Shea's, Toronto, full week; Flatbush, Brooklyn, N. Y., full week; Windsor, Bronx, N. Y., full week; Carleton, Jamaica, N. Y., full week; Audubon, New York, full week; Roxy, Atlanta, full week; Orpheum, Minneapolis, full week; Palace, Youngstown, occasional full week. New York's Capitol returns to stage shows August 17th.

In addition, Bert Levy will have a seven-week route on the west coast, all full weeks; the Warner Circuit will have several Saturday dates around Philadelphia; the Comerford Circuit will have about 100 days for five-act unit shows in towns that formerly played Major Bowes' units. The Fox in Brooklyn is studying plans for vaudeville for the new season.

COURT EVALUATES "LYNTON" STORY

(*Continued from preceding page*)

er's appeal of the accounting, set the value contributed to the picture by the story as one-fifth of the net profit, or 20 per cent.

The plaintiffs' work, "Dishonored Lady," was a play which Metro-Goldwyn-Mayer agreed to buy for $30,000 if it could pass the industry's Production Code Standards. Apparently it could not, and the deal was allowed to lapse. Subsequently, Metro-Goldwyn-Mayer purchased the motion picture rights to a novel, "Letty Lynton," by Mrs. Belloc Lowndes, based on the same theme, that of the murder trial of Madeleine Smith in Scotland in 1857.

Deliberate Plagiarism Charged

In directing a new hearing on the suit by remanding it to the U. S. District Court for the computation of damages in accordance with the terms of the opinion, however, the Court of Appeals stated that the defendants "were not innocent offenders; they deliberately lifted the play; it would take far more than the denials in the old record to convince us to the contrary in the face of the step by step 'tracking' which our comparison and analysis disclosed."

At the time of the first appeal, the Court continued, the defendants may have misunderstood the Court's refusal to pass on the issue of the plagiarism "as evidence of our acceptance of their disclaimers. We meant nothing of the kind," the opinion continues, "it was not necessary to decide the issue and we left it open against the chance of receiving new light. No new light has come, and we now hold that the borrowing was a deliberate plagiarism."

Thus, the importance of the case to the industry hinges not upon the fact of plagiarism, but on the decision to break with precedent and set a specific share of the value of the completed work on the value of the story alone, rather than decreeing that the fact of plagiarism entitles the person or persons whose work has been plagiarized to the entire profit of the offending work.

"Expert Testimony" Taken

Basing its valuation of the story in reference to the completed film primarily upon "expert testimony" as given by producers and exhibitors, which ascribed between five and 12 per cent of the gross receipts as properly apportionable to the play in this particular case, and citing the "high public esteem" in which the two leading players, Joan Crawford and Robert Montgomery, had stood in 1932, the Court added that "We will not accept the experts' testimony at its face value; we must make an award which by no possibility shall be too small. It is not our best guess that must prevail, but a figure which will favor the plaintiffs in every reasonable chance of error. With this in mind, we fix their share of the net profits at one-fifth."

The opinion, written by Judge Hand, took up in detail both the defendants' and the plaintiffs' objections to the accounting determining the net profit, as set by Special Master Auchincloss and confirmed by Judge Leibell.

Payments Held Deductible

Over-ruling the Master, it held that payments made to Louis B. Mayer, Irving Thalberg and J. Robert Rubin, as a partnership, were properly deductible from the net profits of the picture.

It accepted the Master's accounting of the distribution costs, based on a division of the year's total cost of distribution by the number of films distributed. The defendants had wanted the total distribution cost set by the infringing picture's proportion of the total gross receipts.

It said that "profits made from exhibiting the infringing picture outside the United States" were to be estimated in the net profits of the picture, on the ground that "the Copyright Act gives to the author the exclusive right, not only to perform a dramatic work, but 'to make . . . any transcription or record thereof . . . from which in whole or in part it may in any manner . . . be . . . reproduced."

It found that the profits of the defendants, Loew's, theatres, as prorated by the Master in proportion to the number of shares held by the defendants, are to be included in the accounting of the net profits.

Overhead expenses are to be based on the cost of production, as they were by the Master, rather than allocated by the number of pictures, as the defendants wished them.

An estimated depreciation of continuities, in the amount of $500,000, was not allowed to be included in the overhead.

The last of the defendants' objections, against the Master's refusal to allow the deduction of the interest of a loan made by Loew's to the Picture Company, was not allowed.

Income Taxes Allowed

The first of the plaintiffs' objections, to the allowance by the Master in his accounting of a credit on the income taxes paid by the defendants, was allowed by the court; which held that the Master "allowed them because he thought that the defendants were not deliberate plagiarists"; and added that "It does indeed seem somewhat arbitrary to distinguish this from other expenses necessary to the business; yet on the other hand the distinction illustrates that in dealing with a conscious wrong-doer, courts do not feel obliged for consistency's sake to take one extreme or the other."

However, it allowed the defendants to include in the overhead payment for the "idle time" of Miss Crawford and Mr. Montgomery, to which the plaintiff had objected.

Also overruled was the objection that a payment made by the defendants to the Motion Picture Producers and Distributors of America based upon the revenue derived from "Letty Lynton" was not properly deductible.

Allowance of any overhead at all was found to be proper to the extent that it assisted in the "production of the infringement."

On the score of the inclusion in the overhead of scrapped continuities and completed pictures never exhibited, the Court held that they should be allowed; saying that the plaintiffs "must be content to take the breakage" along with the capacity for profit, inherent in the methods of the defendants.

On the method of computing the interest item in the overhead expense, the Court held it better to "compute this item by assuming that the infringing picture used that proportion of the whole plant which its cost of production bofe to the cost of production of all pictures made that year, than to attempt any allocation of buildings and other property according to their actual use for the picture."

Upheld was the plaintiffs' contention that losses from unprofitable exhibitions of the film in the United States should not be credited to the defendants.

Regarding the extent to which foreign distribution expenses of some $500,000 should be credited against the profits of "Letty Lynton," the Court held that the expense should be divided by 57 features, the number produced in the year, according to the Master's formula of counting nine reels of "true" features or news reels and shorts as a feature.

Attorney Allowance Reduced

The allowance to O'Brien, Driscoll and Raftery, as attorneys for the plaintiffs, was reduced from the $55,000 set by Judge Leibell to $33,000, for the reason that "The great reduction in the recovery must result in a reduction of the allowances, though by no means in the same proportion." Opposing Arthur Driscoll in the action was John W. Davis for the defendants.

TELLS PATRONS TO SEE WHOLE PICTURE

"For maximum enjoyment, see this picture from the beginning."

Thus reads the newspaper advertising "tag line" for the Keith's Theatre, in Hamilton, Ohio. A schedule of starting times follow the announcement, appearing in all ads.

Plagiarism Trial Set

November 1st has been set by Federal Judge John Knox in U. S. District Court for trial of the plagiarism brought by Select Theatres Corporation against Warner Brother Pictures. Plagiarism of the work, "The Audition," is claimed in the picture "Ready, Willing and Able." An injunction and accounting of the profits is asked.

Levy and Ferri End Drive Tour

M. A. Levy, leader for the S. R. Kent sales drive, for Twentieth Century-Fox and Roger Ferri, editor of the company house organ, Dynamo, conducted the final exchange meeting in New York last week after completing a seven-week tour of the company's exchanges.

Talks on sales policy and the 1939-40 program were made by Herman Wobber, general manager of distribution; William Sussman and W. C. Gehring, eastern and central division manager; H. H. Buxbaum, New York exchange manager; Joe J. Lee, New York sales manager, Mr. Levy and Mr. Ferri.

Promotion plans were discussed by Charles E. McCarthy, director of advertising and publicity, Walter J. Hutchinson, director of foreign distribution, Felix Jenkins, general counsel, and William Clark, manager of short subject sales, also spoke at the meeting.

Rodman Pell, of San Francisco, business man, has returned home from a round the world tour with six feature length films in color. Titles of the pictures are "Palestine Under Martial Law," "Camel Trails to Damascus," "East of the China Seas," "Rainbow Isles in the South Seas," "To Mexico in High Gear," and "Land of the Head Hunters." After being shown at the extension division of the University of California, the films will be generally released.

ASIDES and INTERLUDES

By JAMES P. CUNNINGHAM

THE GENIAL AND GENTLE Louis Sobol of Broadway shouts loud and long his praises of "the fifth estate"—the press agents—who are not too distant cousins of "the fourth estate"—the press—in his New York *Journal* column, which he calls "New York Cavalcade." Lou Sobol compares press agents to the John Aldens who must do the wooing for the Miles Standishes.

All through Louis Sobol's Alden-wooing-for-Standish, he points repeatedly to the press agents of and for motion pictures, to the Einfelds and the Dietzes, to press agents who are, or have been close to the hearthstone of motion pictures, of theatricals, of showmanship, Cavalcading through "the fifth estate" all the way from Ivy Lee to Frank Whitbeck. Sobol anecdotes a bit about the late Lee, who convinced the great skeptical public that John Davison Rockefeller, Sr., was no ogre—but a gentle, tolerant and charitable fellow. They say that much of the inspiration for the Rockefeller Center city-within-a-city in which we are sitting this late afternoon—a "city" costing $250,000,000, or something—came from Ivy Lee, or, if not inspiration, at least encouragement—with a hint thrown then and now by the late Samuel (Roxy) Rothapfel.

Then there was Harry Reichenbach, who, for and behalf of many a motion picture, registered many things, from lions at hotels to milk baths for charming actresses who were bent on Hollywood or bent on the way back from Hollywood.

Howard Dietz, holding forth at Metro these so many years, is also mentioned as one who went for lions, providing the head of a roarer as a trade mark for Metro-Goldwyn-Mayer. (P. S. Howard and his aides-de-camp only the other day had the Lion's convention run a "beauty contest" for a young lion for Metro shorts.)

Then there's Press Agent Harry Klemfuss, who turned Rudolph Valentino's funeral into a publicity stunt for his client, Campbell's Funeral Parlor, by drawing the first mob to a mortuary with the aid of 12 stooges, who stood out front and stared into the window from dawn 'til midnight. Mr. Klemfuss deserves a bow because he provided many a free funeral for penniless newspapermen. In fact, a legend spread that when James Gordon Bennett lay dying in London, he called his wife to his bedside and gasped: "Send for Klemfuss!"

Harry Sobol decided the nation was entitled to one millionaire band leader and Meyer Davis became the fabulous character. Sobol was depressed because President Roosevelt had no favorite song—and lo and behold, one day the country learned that the President grew very wistful and sentimental indeed over "Home on the Range." When he learned that Marlene Dietrich was on her way to the Cotton Club, Harry took 20 one-dollar bills and began tossing them to a few strangers passing by. Within half an hour the street was jammed and the police reserves were summoned. Marlene (unaware of the stunt) bowed graciously and tossed kisses to her "admiring public!"

Bernard Sobel, former Ziegfeld press agent, conceived the idea of the Ziegfeld Girls clubs—as promotion for "The Great Ziegfeld." The organization still flourishes. Steve Hannagan made the nation wonder how it had ever done without the Indianapolis Speedway and shortly thereafter discovered a blessed retreat for the freezing populace—Miami Beach. More recently, he discovered another "hideaway" for those scorched by the heat—Sun Valley—the St. Moritz of America. They say Steve has a chart on his office wall indicating the number of truck loads of garbage hauled out of Miami Beach daily. A barometer, he insists, to the popularity of the resort. Right now Steve is "press agenting" the majors' defense in the Government's New York anti-trust suit.

Irving Hoffman is now convincing New York that Coney Island is a permanent World's Fair. Edward Bernays, in handling the Edison Centennial campaign, wheedled a special Edison stamp out of the Post Office Department. Richard Maney, top-flight press agent of the theatre, had New York chuckling for days when, in publicizing Billy Rose's "Jumbo," he kept a pair of elephants marching through town with signs on their backs which said: "Sh-h-h!"

Genial Charles Einfeld, of Warners', started the current vogue of out of town premieres by staging the gala occasion for "Gold Is Where You Find It" in Weaversville, Cal. —most of whose citizens had never seen a motion picture. Harry Brand, of 20th Century-Fox, has made Darryl Zanuck a character whose only peers are to be found in mythology. Russell Birdwell kept the nation agog as he pleaded plaintively for a girl—any girl—to play the role of Scarlett O'Hara for David Selznick's film. Arch Reeve made us aware that Dietrich had legs. Frank Whitbeck of Metro put Garbo over as a talkie star with two words—he plastered the country with 24-sheets announcing "Garbo Talks."

Most of the screen's stars have, at one time or another, changed names. Usually it's because some executive thinks Dawn Delight, or something like it, sounds better than Sadie Schmaltz, or something like that.

There's a reason why Lynne Roberts changed hers the other day.

Miss Roberts came to the screen 18 months ago as Lynn Roberts. Then she became Mary Hart. That was all right until she signed for a Sol Lesser role in "Everything's on Ice." Also in the picture was a real Mary Hart, a former middlewestern stock actress.

Back she went to Lynn Roberts. But Sol Lesser suggested Lynne sounded more feminine. That's what it is, and Lynne hopes everybody's satisfied. If anyone cares.

Visiting the Chrysler Building at New York World's Fair, the other evening, we made directly for the display of gadgets and badges given to and collected by Major Edward Bowes, of the radio and Capitol theatre, New York, on his travels through the country for and in behalf of his "Original Amateur Hour" air show. Of greatest delight were the hundreds of police and fire badges, gold and silver, brass and tin, given to the Major by the departments of the country. Latest item to be added is a bust of Major Bowes carved from a block of compressed evaporated salt—gift of the International Salt Company.

Carrier Air Conditioning Company will divert its attention from the air conditioning of theatres and other public places on August 23rd for a little while to play host at New York's World's Fair to hayfever sufferers, sending invitations to the 4,000,000 persons in this country who are allergic to the ragweed pollen, to go over to their Flushing Meadows exhibit and get some nice fresh, first-class, handmade Carrier air.

▽

Speaking of free air, Harry Storin, manager of the Paramount theatre in Springfield, Mass., has installed a personal air-conditioning system. As far as he knows, his contraption is unique. The "personal" in the description applies to the citizen who passes along Main Street, and not to Harry Storin, who sits in an air-cooled office without a care or a heat rash to his name.

The sweltering citizen passing by the Paramount, muttering at the air-cooled information on the marquee, becomes aware of the contraption. It is for all the world like a bathroom fixture, seven feet high and wide enough. It has two handles marked "hot" and "cold" and a sign which informs him that here is a cold air shower. He may feel foolish about taking a chance, but if he does, at once a cool breeze flows over him.

The air is of the same temperature as that circulating in the theatre and the handles on the gadget are merely for show. What happens is that the girl in the box-office, seeing a hopeful but skeptical citizen under the air shower, throws a switch and permits the sample refreshing zephyrs to come down.

A Hollywood producer never gives another a break in any of his pictures, but Sonny Shepard, of the Lincoln theatre down in Miami Beach, Florida, observes that Twentieth Century-Fox unintentionally gave Universal a big break in Fox's "Second Fiddle."

In "Fiddle," Fox's Tyrone Power and Alan Dinehart are seen with a newspaper in their hands from which they are supposed to be reading some highly favorable reviews on a theatrical performance they had made. On the back of the newspaper facing the audience is a big picture of Universal's Charlie McCarthy and Princess Baba glaring out at the audience with a big caption of their Universal picture "You Can't Cheat an Honest Man."

▽

This sounds pretty much like a figment of the imagination of a highly imaginative Hollywood press agent. Hollywood actor Cliff Edwards says he can grow hair on bald heads by rubbing them with duck eggs.

He offers his own head as proof of his discovery. A year ago the top of Edwards' head resembled a billiard ball. But in the past eight months, he has grown an inch of new hair on the top.

Here's how he did it, says he:

1—Massaged his head with warm cocoanut oil 15 minutes every morning.

2—Exposed his head to the sun or an infrared ray lamp 10 minutes a day.

3—Before retiring each evening, applied a warm towel to his head to open the pores.

4—Then rubbed the yolk of a duck egg very lightly into the scalp.

GERMANY STARTS PUBLIC TELECASTS; NOVELTY LOST IN ENGLAND: HYAMS

Government Controlled Broadcasts Begun in Reich; Program Supply Problems Loom as Obstacle to British Progress

Following long behind England and the United States, Germany started only this week to telecast to the public, on a regular daily schedule. Television, of course, will be controlled by the Nazi Government, which controls all other public media, the press, motion pictures and radio.

While the Nazis were looking most optimistically to the launching of television to the public, a discordant note on public telecasting was struck for British television by Mick Hyams, prominent British exhibitor, who arrived in New York for a stay from England, and who said that the novelty has already worn off.

Program Supply Weak

Arriving in New York last week on the Champlain, Mr. Hyams said that the market for theatre television is still there but is awaiting perfection of program supply. He added that the medium is technically perfected, even for theatres, but that the problems of programs have not yet been solved.

"Television, as television, doesn't mean a thing to a London theatre audience any more," he said. "It takes a Derby, a boat race or an outstanding prize fight to draw. Nothing else will."

Mr. Hyams is chairman of the entertainment committee of the Cinematograph Trade Benefit Fund, which is sponsored by the British film industry with royal cooperation. While in America he will arrange for the participation of American talent in the outstanding charity event.

Among the names mentioned in connection with his mission are those of Eddie Cantor, Mickey Rooney, Deanna Durbin and others. The affair is a command performance before King George and Queen Elizabeth at the Gaumont State Theatre, London, Oct. 18. Mr. Hyams is managing director of the theatre.

In addition to the variety performance, the benefit program will include a film selected by Their Majesties from a list of about 20 which will be prepared for this by Mr. Hyams' committee. The 20 will be selected fro m150 British and American productions which will be volunteered during the next few months.

Mr. Hyams left for Hollywood by plane Monday for a two weeks stay.

Study Television Possibilities

The motion picture employees' union, the National Association of Technical and Kinematographic Engineers, in its annual conference in London last week, authorized an investigation into the possibilities of establishing a technical institute providing television training for projectionists. Cooperation will be asked of the Cinematograph Exhibitors Association and theatre circuits.

Televising Stage Plays

Current television programs in England are largely composed of legitimate plays, with many prominent English actors featured in recent telecasts.

A recent survey of some 4,000 users of television sets at home is reported to have shown 93 per cent of those using sets at home in favor of stage play telecasts direct from theatres.

LONDON CENSORS ACT ON ANTI-NAZI FILMS

The London County Council, governing body of the city, has approved "Professor Mamlock", Russian-made anti-Nazi film, for adult audiences. "I Was a Captive of Nazi Germany", independent film made in America, also was approved for adults. Deletions had been demanded in both pictures.

The Council took no action on Warner Brothers' "Confessions of a Nazi Spy" which recently was licensed by the British Board of Film Censors for universal exhibition. The city legislators viewed all three pictures following rejection of "Professor Mamlock" by the censors.

"War" on Films for Television

Originating with the Manchester branch of the Cinematograph Exhibitors Association, a move has been launched in England to bring independent distributors into line with the majors in refusing to release features to the British Broadcasting Company for telecasts.

The Nazis' Plans

With the opening of the annual German Radio and Television Exposition last Friday, the Postoffice Department in Berlin announced that television would be a "regular feature" of German life in the future. The Postoffice controls radio in Germany.

Orders will be taken at the exposition for the 10,000 sets which have been built to sell for approximately 700 marks each. Daily afternoon and evening programs will be broadcast for the public, although up to now television has only been carried on experimentally by the Postoffice.

While only one station is prepared to function at present, others are said to be under construction, as is a cable network to transmit programs to other stations through the country. The stations planned will have a radius of 30 to 60 miles.

Sports, Films Stressed

Sports and films will be emphasized in the National Broadcasting Company's television plans for August, with evening studio programs having been dropped last week for a four week period. Evening studio presentations will be resumed August 29th.

The sports schedule will probably be inaugurated with the playing of the Eastern Grass Courts Tennis Championships at Rye, New York, on August 9th, 11th and 12th.

In continuing a weekly television schedule of 10 hours, NBC will telecast three feature length motion pictures a week; at 8:30 P. M. on Tuesdays, Thursdays and Fridays. This week the films were "Generals Without Buttons," Tuesday; "Edge of the World," Thursday, and "My Heart Is Calling," Friday.

Television for Stores

Audio Productions, Inc., of Astoria, Long Island, has registered "Televisuals" as a trade name for a series of merchandising films it is making for use in department stores for televising through the use of self-contained units. Bloomingdale's, New York department store, will be the first to use the system, described as the first commercial use of the medium.

"Cold Light" for Television

General Electric has announced the development of a new lamp unit giving 30,000 watts of relatively "cold" light, thus eliminating the possibility of a burn from incandescent lamps used to project the actors' images into the transmitter.

The new light consists of a battery of 12 small but powerful mercury-arc lights which have water-cooled jackets dissipating most of the heat. Each unit, it is claimed, emits about two and a half times the light given off by an incandescent lamp of the same wattage.

Television Permission Asked

Station WTIC, of Hartford, Connecticut, has applied to the Federal Communications Commission for permission to build a television situation. It has been reported that a transmitter of 1,000 watts maximum power will be constructed.

Cave Returns to London

Rita Cave, publicity and television director of the Odeon Theatre Circuit of Great Britain, sailed from New York for London on the Mauretania last Friday. Miss Cave had been in New York on a combined vacation and business trip, and made a study of American television.

Yates, Autry to Europe; Siegel to Hollywood

Herbert J. Yates, president of Consolidated Film Industries and the guiding hand of Republic Pictures, sailed from New York for Great Britain last week, accompanied by his wife, and son.

Also aboard the liner Manhattan was Gene Autry, Republic's western star, who will tour the key cities of Britain and Ireland.

Last week, M. J. Siegel, president of Republic Productions, Inc., before entraining from New York for Hollywood, asserted that the 25 per cent increase in the Republic 1939-40 product budget, would stand.

James R. Grainger, president of Republic Pictures, returned to New York last week from Dallas, after closing with the Interstate circuit, for 1939-40 product.

Before his return, Mr. Grainger stopped off at the Famous Players Canadian Corporation convention at Niagara Falls, Ontario.

National Decency Legion Classifies Ten Films

Of the ten films reviewed this week by the National Legion of Decency, three were approved for general patronage, five were listed as unobjectionable for adults and two were classified as objectionable in part. The pictures and their classifications follow.

Class A-1, Unobjectionable for General Patronage: "Bad Lands," "They Shall Have Music" and "Man from Texas." Class A-2, Unobjectionable for adults: "Frontier Marshal," "Island of Lost Men," "I Stole a Million," "Mr. Wong in Chinatown" and "This Man Is News." Class B, Objectionable in part: "Each Dawn I Die" and "Winter Carnival."

IATSE COUNTER-ATTACKS ON COAST, WINS ACTORS FEDERATION IN EAST

Strong Demands for Agreements with Studio Locals Served on Producers; Battle with New CIO Unit Feared

For many years suffering from jurisdictional fights between its Hollywood crafts unions, more recently suffering unfavorable publicity from the court battle with its dissident Studio Technicians' Local 37, and this week threatened with loss of its sovereignty over Hollywood unions, the International Alliance of Theatrical Stage Employees is counter-attacking.

Producers met Tuesday night to consider the IATSE demands that they sign agreements with Alliance locals, immediately. They are also considering demands for representation as the bargaining agent for the first cameramen of the studios, who have been represented by the American Society of Cinematographers.

The Alliance's vigorous demands, and attempted "invasion" of other jurisdictions, arose out of a threat to its hold on Hollywood unions from the United Studio Technician's Guild, affiliated with John L. Lewis' Congress of Industrial Organizations.

The Technician's Guild, formed only a few weeks ago as a "vertical union," and claiming about 3,000 members, over the weekend picketed Fox West Coast theatres. Its petitions, distributed among the patrons, called upon the producers to refuse to sign agreements with the IATSE until the National Labor Relations Board holds elections to determine whether the Guild or the IATSE is the proper bargaining agent for Hollywood workers.

Address Producers' Group

The USTG on Tuesday sent wires to E. J. Mannix, Y. Frank Freeman, Walter Wanger, Mendel Silberberg, and Joseph M. Schenck, who comprise the special producers' committee. The wires read, in part:

"We are certain that if the producers will stand firm and resist illegal threats of George Browne and his wrecking crew, democratic processes of a secret ballot supervised by the NLRB will bring lasting peace and decent conditions to Hollywood."

While the connection between the CIO and the Technician's Guild is openly affirmed by observers, the organization's officials deny any such connection.

Claim Cameramen Jurisdiction

The IATSE move to gain supervision over studio first cameramen is justified by the union officials on the ground that such supervision was once theirs. (In 1933, after abrogation of a pact by the Alliance, the Society of Cinematographers gained a closed shop agreement for cameramen, recently renewed for five years).

The Society this week served notice it would not relinquish its government over first cameramen. The organization's officers were to meet this week to consider counter-moves.

The Alliance, if it obtains renewed agreements with the studios, and obtains supervision over the studio first cameramen, will be in a strong position. It will have reestablished its ability to bargain successfully for all studio crafts, will have proved its ability to expand, and will have set up a closed shop situation against which the new Guild could not struggle.

Significant of the producers' feeling of the gravity of the situation was seen in their appointment of the special committee named in the foregoing to investigate the crisis.

Meanwhile, the continual labor fighting which has confused and hampered many Hollywood business enterprises, last week brought a specific complain, as the Independent Motion Picture ture Producers Association met to elect officers. Said one producer:

"We are fed up with the bullying tactics of certain labor officials who have come here from Chicago and other places, and who have threatened to put us out of business. If necessary, we shall go to the District Attorney's office."

Officer re-elected was I. E. Chadwick, president; those elected were C. C. Burr, vice-president; Harry Webb, secretary-treasurer. These and Ben Judell, Sam Katzman, and A. W. Hackel are on the executive board.

The producers complained of having to pay the same scales as the larger producers. They will ask, and are determined to get, it was said, concessions from the labor organizations.

Independent production was at its lowest in years, it was noted. Only about 20 pictures will be made this year, for states rights distribution.

The IATSE in Hollywood this week was preparing an order forbidding its members from joining the new Guild, under severe penalties. The constitutions of most of the member locals forbid dual unionism.

In New York, it was noted this week that the IATSE had speeded its organization of ushers, doormen, and cashiers, apparently in answer to the activities of the C.I.O. affiliated United Ushers, Doormen, and Cashiers Union in that city.

With the arrival of M. J. Siegel, president of Republic Productions, on the coast this week, the dispute between the company and the Screen Directors' Guild was expected to be settled.

The Screen Publicists' Guild is asking the NLRB to review its application as the bargaining agent for the Selznick International Studio.

IATSE STRENGTHENS THEATRE POSITION

Reverberations of the coast struggle between the American Federation of Labor-International Alliance of Theatrical Stage Employees and the Congress of Industrial Organizations-United Studio Technicians' Guild were recorded in New York this week. The IATSE, which had been reported lacking a local with jurisdiction over ushers, doormen, and cashiers of motion picture theatres, announced that its Brooklyn Local B-170 has jurisdiction over the entire New York area, and thus served warning on the CIO United Ushers, Doormen, and Cashiers' union, which is attempting to gain certification as the bargaining agent in RKO circuit houses, from the New York State Labor Relations Board. The IATSE also warned RKO that signing of contracts with the CIO union meant a strike of IATSE projectionists and stagehands. Another meeting of the board was scheduled for this Thursday.

Affiliation of Federation Dropped by Four as First Move by Alliance to Extend Jurisdiction to All Amusements

Threatened by possible serious disruption of normal business growing out of the recent widening of the breaches between the several warring theatrical unions, the industry's top executives this week were considering intervening in the brewing battle between the International Alliance of Theatrical Stage Employees and the Associated Actors and Artistes of America.

Follows Expulsion

The fight is the almost direct result of the expulsion, several weeks ago, of the American Federation of Actors by its parent body, the AAAA. On Tuesday, they received a charter from the IATSE. This move is feared, and will be fought, by the present body, for it is an invasion of the actors' field by what is termed "the stagehands' union." Opening reactions of both sides indicate coming strife along the whole entertainment industry front: from the Hollywood studio to the New York theatre; in laboratories, projection rooms, vaudeville houses, night clubs, carnivals, radio studios, legitimate theatres—wherever there are actors, technicians, stagehands, or projectionists; in short, wherever there are members of the AAAA and the IATSE.

For the motion picture industry is one of those most strongly unionized. What workers of the industry the AAAA and the IATSE, and the various coast guilds have not got—that still minor irritant, the C. I. O., has got. But virtually all of the entertainment industry's workers belong to some union—or are in the process of joining.

At five o'clock Tuesday afternoon, in the Rockefeller Center offices, in New York, of the IATSE, George E. Browne, president, handed a charter to Sophie Tucker, president of the Actors Federation.

Publicity accompanying the granting of the new charter stressed the assurance to the Federation of unlimited support from the "oldest and strongest union in the profession," the IATSE.

The move immediately met protest from Frank Gillmore, president of the Associated Actors and Artistes. Said Mr. Gillmore, in part:

"The treasonable and disgraceful act of certain performers in delivering their brethren to the stagehands will receive our immediate attention. As for any actor who participates in this betrayal of his fellow actors, we will take immediate action against him and his kind.

"The actors in the AAAA will remain firm and no self respecting actor will be a party to the transaction," Mr. Gillmore continued. "George Browne's act in attempting to raid the jurisdiction of the AAAA, a jurisdiction which has been recognized for 25 years, is a deliberate and inexcusable violation of the constitution of the American Federation of Labor. . . .

"The next move is up to president Green and the executive council of the American Federation of Labor. Any organization that will permit a union to raid the jurisdiction of another is no protection to any union.

"The AAAA is well equipped to take care of itself and its membership in this or any other fight."

On Tuesday evening, Mr. Gillmore also sent

(*Continued on following page*)

a letter to president Green of the American Federation of Labor. The letter said that the Actors Federation had been lawfully expelled from the parent body, and that the executive council of the A. F. of L. (meeting at Atlantic City August 7th) had no authority to reverse the decision, nor even to receive a complaint about it; that the AAAA autonomy was guaranteed by the A. F. of L. constitution; that Mr. Green's telegram on July 18, to the secretary of the Los Angeles Central Labor Council, stating that the Actors Federation was still a part of the A. F. of L., even after its expulsion by the AAAA, needed an explanation by president Green to the A. F. of L. executive council and to the international board of the AAAA, on his "authority for his action in presuming to overrule the decision of our International, and infringing on our autonomy and our legal rights."

Miss Tucker Replies

On Monday night, the Screen Actors Guild suspended Miss Tucker. The move bars her from every sound stage in Hollywood. Miss Tucker replied on Tuesday that the Guild would "rue" the move; and that the organization was "letting itself in for more than it bargained."

She further said: "It is very obvious that in retaliating against me, they are dealing in personalities, and making a last dying attempt to frighten actors who might fear similar retaliations."

The American Federation of Radio Artists national board was to meet on Thursday, and suspension of Miss Tucker was expected from this organization.

Miss Tucker would be able to retaliate only by enlisting the IATSE, stagehands and projectionists in legitimate and motion picture theatres, technicians in Hollywood studios, and AFA members in whatever fields might be helpful. Failing to enlist support of the national IATSE membership, her only recourse would be the law.

Speculation this week centered upon the support that Miss Tucker and Mr. Browne would receive from the IATSE membership in the New York and Hollywood territories. It was reported that New York IATSE members were not in favor of embracing the actors' union, the AFA; and certainly, not in favor of risking their employment in battle for the AFA. And in Los Angeles, the IATSE is faced with negotiations with the major studios, threats from the C.I.O., as represented by the United Studio Technicians, and with rebellion from its Local 37 members there.

Resisting "Encroachment"

In contrast, the AAAA seems united in determination to resist IATSE "encroachment." At the meeting in Hollywood, on Monday night, which resulted in Miss Tucker's suspension, Kenneth Thomson, executive secretary, said the SAG would use "every" resource to have the A. F. of L. set aside the IATSE embracement of the AFA. He charged that many of the names used by the AFA in connection with the granting of the charter, had been used without their knowledge of the action.

Partial support of this charge seemed evident on Tuesday, in New York, when it became known that several of the noted actors whom the AFA publicity release claimed to have been present at the granting of the charter by the IATSE, were not present. Morton Downey was ill at home. Rudy Vallee was in Chicago. Ben Bernie declared he was not there; that he supported the American Guild of Variety Artists, and that he might sue to stop the use of his name by the AFA.

In suspending Miss Tucker, the Guild said it had acted because of her "flagrant and obvious offense against the best interests of the Guild."

All member unions of the AAAA are backing the leadership in the fight against the new combine, the IATSE-AFA. These are expected to act against those of their members who, against orders issued two weeks ago, remain members of the AFA in preference to the AGVA.

In addition, the AAAA will seek the support, and is likely to obtain it, of the Screen Directors' Guild, the Screen Writers' Guild, and other independent crafts unions.

Withdrawal Plan Reported

Shunted from mouth to mouth this week was the talk that, if all endeavors fail to have the A. F. of L., at the Atlantic City executive council meeting, force the IATSE to reconsider its granting of a charter to the AFA—the AAAA will quit the A. F. of L. In any event, AAAA executives will be at Atlantic City on Monday.

Withdrawal of the AAAA from the A. F. of L. would not necessarily mean alliance with the C. I. O., officials said this week; though it is known that John L. Lewis' organization, as evidenced by its Hollywood invasion of the IATSE domain, is considering such a move.

However, regardless of the C. I. O. affiliation question, there is said to be much resentment within the AAAA against the regime of William Green in the A. F. of L.

Expected within the week were further charges from the AAAA to Mr. Green and all A. F. of L. subsidiary unions, the gist of which will be that Mr. Green, Mr. Padway (counsel of the AFA), Mr. Whitehead (AFA executive secretary), and George Browne (president of the IATSE) "conspired" to "turn over the actors" to the stagehands' union.

The letter will point out Mr. Browne's oft-repeated assertions that the whole entertainment industry should be under IATSE domination; and that Mr. Green's position is unconstitutional.

Growth Predicted

The actors' statement asserts that it had been hampered by the apathy of the parent organization; and, now that it is allied with a "real" labor organization, it can grow beyond its present strength of 15,000 members.

The IATSE is estimated to have some 60,000 members, a large percentage employed in Hollywood crafts unions. The Actors Federation has about 15,000. The new Variety Guild claims about 2,000 members, some of whom are former Federation members, but many of whom are members of the Screen Actors' Guild, Actors' Equity and the American Federation of Radio Artists, who work in "variety" entertainment. The AAAA claims about 30,000 members.

The American Guild of Variety Artists, of which Eddie Cantor is the temporary president, and Mrs. Florence Marston, the guiding hand in the East, and which has set up offices at 11 West 42d Street, New York, this week grew rapidly, with assurances of support, financial and otherwise, from the AAAA.

"Front Office" Employees Ask Recognition in New York City

Demand by the Theatrical Managers, Agents and Treasurers Union that it be certified by the New York State Labor Relations Board as the bargaining agent for the Rugoff & Becker circuit this week appeared to be nearer fruition, as circuit and union officials at the beginning of the week discussed settlement of the claim. The dispute which the circuit offered to the union was based on the grounds that its theatres were owned by corporations with varying interests and that the circuit should not be dealt with as a whole. Thirteen houses were involved.

The union also seeks certification as the bargaining agent for "front office" employees in the following corporations and circuits: Raybern Theatres, Prudential circuit, Five Boro, Kaybern, Landon, Jewel, Dartmouth, Costello, Windsor, Times Square, Brancon Park, Helsel, Helgus, Rosenberg, Nelson & Renner, Sharbu, Fabian, and R. & N.

In Springfield, Mass., this week, the TMAT petitioned the state Department of Labor to rule on alleged hiring of aliens to replace discharged union men. The Goldstein circuit is named, in one charge, according to Harry Storin, union spokesman.

Guild Will Organize the "New" Vaudeville Actors

The organization of motion picture stage presentation performers is the first move of the Guild of Variety Artists, it was reported this week. While RKO has no houses with vaudeville, Loew's and Paramount few, and National Theatres only a few, the revival of vaudeville, planned by the Brandt circuit and other independents in some 20 houses in New York and other Eastern cities this Fall, will aid the group in obtaining members.

Maida Reade was elected, on Friday, as executive secretary of the Variety Guild.

Equity Reorganizes Executive Committee

The Actors' Equity council last week reorganized its executive committee and passed upon jurisdictional matters. Walter Greaza was named executive assistant. Robert Keith, Hiram Sherman, and Beverly Bayne were named to the committee, in addition to the present members, Mr. Greaza, Hugh Rennie, and Bert Lytell. Robert T. Haines, and Phillip Loeb were dropped.

The American Refugee Artists' Guild was refused permission to hold performances in which performers were not Equity members.

The charter given by the IATSE to the Actors Federation establishes it as a separate and autonomous "performer" division.

In the statements accompanying the granting of the new charter, it is said that only Federation members can be booked in locations in which an IATSE operator or stagehand is employed.

MAJORS JOIN SCHINE MANAGERS IN OBSERVING CIRCUIT'S 20TH YEAR

A-Mike Vogel, Addressing Banquet of Majors' Executives and Theatres' Managers, Answers "Escapism" Criticism

The territory between Gloversville, New York, and Sacandaga Park, a distance of over 20 miles and encompassing a number of prosperous communities, became "Schineville" for four days, starting Tuesday. Nearly 300 managers, home office executives, major film company officers and other guests of J. Myer Schine, president, and Louis W. Schine, general manager, attended the annual managers' convention and observed the 20th anniversary of this second largest independent circuit in the country, with its 150 theatres in five states.

Meetings were held in the Gloversville Community Center for three days and the fourth was given over to a golf tournament at the Pine Brook Golf Club and a steak roast at Sacandaga Park where the brothers Schine played host.

Campaigns and Bonuses

The two hundred managers and assistants from the five states and home office personnel convened on Tuesday morning, at a session of discussions of the fall advertising campaign and the awarding of bonuses by L. W. Schine. Talks by the brothers, and by Harold Sliter, George Lynch, Lou Goldstein and Gene Curtis followed. In the afternoon various phases of operation were analyzed by the home office chiefs and by district and zone managers.

A banquet was held in the evening, at the Hotel Johnstown in Johnstown, where A-Mike Vogel was the guest of honor and principal speaker. Mr. Vogel urged a greater respect for the motion picture as an institution which gives happiness to millions.

Bob Hall, vaudeville headliner, was toastmaster.

Theatre and Community

Mr. Vogel noted that the motion picture was an important factor in the culture of a community; so important was it, he pointed out, that in many instances local merchants have contributed to keep local theatres open.

Replying to those critics of the screen whose criticism consists chiefly of assertions that it is an "escapist" medium, Mr. Vogel said:

"What else is the screen intended for, in its basic appeal, than to serve as an escape medium? Yes, motion pictures have their place, and a significant one, I grant you, in visual education, and in other directions away from direct entertainment. But the essential appeal of the screen is the happiness it brings. If that is escapism, then let us rejoice we are its exponents."

The job of the theatreman is to guide the people to happiness, Mr. Vogel indicated. "I might venture to say," he said, "that the theatreman who, deep down in his consciousness believes that he is an important contributing factor to the production of this happiness, in his community, is not only a better theatreman, but a happier man—because he realizes the importance of the part he plays."

Loyalty to the Motion Picture

The theatreman should realize that the motion picture is the greatest entertainment in his community, Mr. Vogel stressed. The realization demanded loyalty to motion pictures, he pointed out.

"It is time the industry left off with apologia for what critics choose to term the shortcomings of motion picture entertainment," Mr. Vogel asserted. "It is time that we stood with heads erect, and attacked vigorously, and consistently, any specious charges against the place of the motion picture theatre in communal life."

Fight for Respect

"We are in the best business," he continued, "and because we recognize it, we must fight vigorously and consistently to maintain respect for the institution of the motion picture. . . . This is a good business. It gives us our living, and not a bad one, either. And being in it, I know that we all, more than ever, will stand shoulder to shoulder in waging a more determined fight to win for the motion picture the respect and attention it deserves."

Mr. Vogel praised the morale of the Schine circuit, attributing it to the treatment afforded Schine managers.

Open Forum Conducted

On Tuesday afternoon, Louis W. Schine, as chairman, assisted by H. F. Sliter, as general manager, conducted an open forum on operating problems, with addresses and explanations of procedure by the circuit's executives, division managers and theatre managers. The Tuesday program follows:

Fellowship Emphasized

In opening the Tuesday morning session, Myer Schine said, "We look forward to the biggest year yet in the history of our organization. With the manpower at our command and the determination of the entire organization as expressed here we have every reason to look forward to a consistency of showmanship that will reach even a higher mark than that established in the past year."

Good fellowship and an opportunity to gain a wider knowledge of the many phases of theatre operation at the convention were emphasized in the welcome to the conventioneers. Harold Sliter, assistant to L. W. Schine and general convention chairman, pointed out the value of teamwork. He said: "All that our company needs to reach unparalleled heights today and during the coming year is cooperation based on a better understanding between you men in the field and the home office personnel."

New Product Discussed

Both morning and afternoon meetings on Wednesday were given over to distributing company sales managers and advertising heads who discussed product for the new season and detailed the various selling approaches which have been adopted to merchandise pictures to the best advantage.

On Wednesday, addresses were given by specialists and executives of major companies. A. J. Rademacher, Altec sound engineer, began with a discussion of the latest developments in sound. Charles Cas-

Last week, N. L. Nathanson's Famous Players Canadian circuit, in convention at Niagara Falls, the first for all of the company's managers, paid off a substantial sum in bonuses to its house managers, a customary procedure. This week, in convention at Gloversville, N. Y., the Schine brothers awarded bonuses. In Chicago, John Balaban of Balaban & Katz, acted similarly, declaring that, due to a special circuit drive in the second quarter, business had increased considerably. Seventeen B&K managers split $2,800, and 70 company officials and managers attended a luncheon Tuesday as guests of Mr. Balaban to witness the presentations.

sanave, of National Screen, followed. Maurice Bergman of Columbia talked on "How to Use Your Pressbook," while Alec Moss of Paramount discussed "Showmanship to Sell Seats." Herman Wobber and William Sussman of 20th Century-Fox took up "National Publicity." Lou Pollock of Universal followed with a discourse on "Fan Magazines." Final speaker before luncheon was Monogram's Eddie Golden.

Monroe Greenthal, United Artists, opened the afternoon session with a talk on "National Tie-Ups," while "Selling Shorts" was the subject taken by Warners' Roy Haines. RKO's Leon Blumberger discussed "Direct Mail Advertising."

Principal speaker Wednesday afternoon was Carl Milliken, of the MPPDA. Governor Milliken discussed new problems confronting the industry, as well as its public relations.

Following him was Republic's president, James Grainger, and Ted O'Shea of Metro.

Dinner in honor of the visiting guests highlighted activities of Wednesday at Adirondack Inn, Sacandaga Park. The guests were Governor Milliken and Assemblyman Denton Lake. There was a screening of color pictures of the circuit's convention golf tournament. Charles Coburn, Sally Eilers and Jean Muir represented Hollywood at the dinner.

Wide approval was voted the circuit advertising campaign for the coming year, outlined by Gene Curtis, advertising head and early Quigley Award Plaque winner. The plan, endorsed also by the distributor heads in attendance, is based upon a contest designed to sell institutional advantages of motion picture entertainment. In addition the plan also is aimed to sell feature pictures directly and ties in with the majors' "Golden Jubilee" campaign.

Merchants Cooperate

The convention publicity campaign, executed by Mr. Curtis, Frank Boucher, Lou Hart and Sander Lazar, had the cooperation of the city's leading merchants, civic officials, Chamber of Commerce and lunch clubs. A proclamation by Mayor Chauncey Thayer was carried in all local papers, as was the resolution of appreciation by the Chamber of Commerce. All stores in the downtown area were decorated with bunting, special window cards and shields. Streets were bannered and circuit shields placed on telegraph poles. A civic committee greeted the managers and presented souvenirs of Gloversville. Newspapers cooperated with special editions and front page banners.

Among the Guests

Among the invited guests, mostly from the majors in New York, and many of them speakers, were:

Maurice Bergman, Phil Fox, Stanley Goldberg, Joe Miller, Lou Weinberg, John Maloney, Ralph Moore, Ralph Pielow, Jack Walsh, Harry Berkson, Edward A. Golden, G. S. Beattie, Clayton Eastman, Alec Moss, Joe Unger, Jack Bellman, James R. Grainger, Miss Mary Hawkins, Nat Marcus, Arty Newman.

Three New Houses Set for Illinois

Three new theatres, one in Chicago, one in Effingham and one in Peoria Heights, all in Illinois, have been announced.

Plans have been drawn for a $700,000 four-story fireproof theatre and business building for the northwest corner of North and Mobile avenues in Chicago. According to John T. Wheeler & Company, negotiations are under way for financing the project. If this is accomplished, work will start this month.

George Walters has provided for a 1,000-seat theatre, eight stores, and a furnished apartment hotel with eighty-six suites of two and three rooms. The site fronts 213 feet on North avenue and 180 feet on Mobile. John T. Wheeler will head the corporation which will erect the building.

Plans for a new theatre in Effingham, to be built sometime after September 1st, on the south side of the court house square, were received this week by Russell Hogue, manager of the Effingham Theatre. A seating capacity of 850 persons is specified. The present Effingham theatre seats 900. Plans and specifications for the new theatre are now in the hands of local contractors.

Plans for construction of another residential theatre, in Peoria Heights, have been announced. Promoting the construction of the new structure are Albert F. Gury, Jr., and his brothers, Joseph, Clarence and Elmer, and Phil Hauter, mayor of Morton, Ill. The theatre will stand in Peoria Heights on a plot 50 feet by 260 feet, acquired by the promoters from the People's Federal Loan Association.

Plans for the building have not been completed. The only shows in the Heights in the past have been ten shows and school theatricals.

Four Companies Are Formed in Albany

Four companies have been licensed in Albany, N. Y., to conduct motion picture enterprises. They are:

Argus Pictures, Inc., New York, motion pictures, 400 shares, 200 at $100 each, no par value. Directors are Ellis R. Smith, Samuel Sherlip and Eddy Meredith.

Maymon Film, Inc., motion picture production, 100 shares, no par value. Directors are Henry Ziskin, A. Bordofsky and Frances Goldberg. Attorney is Gustave A. Teitelbaum, all of New York.

Arthur Ziehm, Inc., dealer in motion pictures, 100 shares, no par value. Directors are Arthur Ziehm, Samuel L. Forst and Rose Lippman, all of New York.

John Henry Productions, motion picture and theatrical ventures, 200 shares, no par value. Joey W. Alexander, M. C. Monahan and K. G. Devine, all of New York, are the directors. O'Brien, Driscoll and Raftery filed the papers.

Arthur Lucas and William Jenkins, operators of the Lucas and Jenkins circuit of Georgia and Alabama, were to arrive in New York next week to negotiate with Paramount on a new operating agreement. The circuit is affiliated with the distributing company.

FALL TO BRING NEW ANTI-TRUST SUITS AGAINST MAJORS SAYS MURPHY

Attorney General Tells Press New Actions Will Develop from Tax and Monopoly Probes by Agents Now Near Windup

The United States Department of Justice, which of late has been making almost weekly "disclosures," formal announcements and whatnot, either threatening or promising new and various attacks against the motion picture industry, follows this week with the disclosure by Attorney General Frank Murphy, in Washington, that a number of new anti-trust proceedings will be brought to the courts in the fall.

Last week, Mr. Murphy let it be known that another action will be brought in Los Angeles, and that a Federal Grand Jury investigation will be conducted, into alleged monopolies, income tax matters and the labor situation there.

Investigations Near Completion

Department agents for many months have been engaged in investigations of the film situation in various centers throughout the country, and these studies now are approaching completion, Mr. Murphy said. During the summer, the material gathered in the field will be studied by Department lawyers and whipped into shape for cases to be initiated, probably in September and October. No intimation could be secured, however, as to the number of suits under consideration, but it is believed there will probably be a round half-dozen.

The Attorney General disclosed again that the Department is engaged in investigation of a number of tax cases for the Treasury, three of which, it has developed, involve Joseph M. Schenck of Twentieth Century-Fox.

One of the cases is the Schenck-Zanuck-Goetz situation, in which also three other persons, never identified by the Department, are involved in charges of tax evasion in connection with transactions during the Twentieth Century-Fox merger.

Mr. Murphy said that the Department last week conferred with Mr. Schenck regarding two other matters, one involving alleged failure of William Bioff, coast labor union official, to report payments allegedly made to him by Mr. Schenck through Arthur W. Stebbins, Hollywood insurance broker, and the other concerning Mr. Schenck's personal tax liability, in which Joseph M. Moscowitz, of Twentieth Century-Fox is also named.

The Department has previously announced its intention of presenting the Bioff case to a Los Angeles grand jury but, the Attorney General said this week, Mr. Schenck in his discussions with Justice officials, denied that he had ever aided Mr. Bioff to hide the payments which he is charged with having failed to report.

The Attorney General commendingly said that Mr. Schenck had discussed all phases of the situation with Government officials very frankly, and that the case is "interesting and a not altogether clear issue."

Thurman Arnold Won't Resign, Friends Say

Associates at Washington of Assistant Attorney General Thurman S. Arnold this week denied that he planned to resign. They said that, instead, he plans to remain in Government service and intensify his drive against monopoly.

Mr. Arnold is in charge of the Justice Department's anti-trust prosecutions against the motion picture companies.

The reports anent Mr. Arnold's resignation have spread in Washington for several months. They related his desire to resume teaching at Yale.

However, his associates are understood to have been in conference with Mr. Arnold last week, at which he said he would definitely continue Government work.

—

A suit charging violation of the anti-trust laws was filed against the Century circuit, New York and Brooklyn independent, in New York State Supreme Court on Tuesday by Mobeel Enterprises, Inc.

The plaintiff operates the Glenwood in Brooklyn and charges in the complaint that five distributors gave preferential treatment to the defendant circuit. It is alleged that the Century company opened the New College theatre in the same competitive area as the Glenwood and that the new house was able to obtain better runs on product licensed by RKO, Warner Brothers, Loew's, United Artists and Paramount.

—

Having failed to agree on a trial date, after conference with defense attorneys on Friday, the Department of Justice, prosecuting the majors in New York Federal Court for anti-trust violations, is expected to ask for calendar preference in hearing this Thursday, and possibly, for trial date on November 1st.

Special Assistant Attorney General Paul Williams said early this week that he expected his move to be combatted by the argument from majors' defense attorneys, that they needed more time.

—

The defendants in the Department of Justice suits against the Griffith circuit and affiliated companies in Oklahoma City, gained an extension of time last Thursday, by the ruling of the Federal Judge Edgar Vaught that they had until August 20th to file memorandum briefs on their motions, filed two weeks ago, for a bill of particulars from the Government.

The Government was allowed 15 days after August 20th to file its briefs, and the defendants five days after that, to file rebuttals.

The case may be ready for trial in October.

Senator O'Mahoney Moves for Action On Bill to Tighten Anti-Trust Laws

Asserting that enactment of his measure providing heavy penalties for violation of the anti-trust statutes would strengthen the hands of the Department of Justice and contribute toward broader compliance with the monopoly laws, Senator Joseph C. O'Mahoney of Wyoming this week urged a Senate Judiciary subcommittee to make a favorable report on his bill to expand the use of civil proceedings in anti-trust situations.

Written as a result of the experiences of the Administration's Temporary National Economic Committee, of which he is chairman, the O'Mahoney bill would make the officers and directors of offending corporations personally responsible for anti-trust law violations.

Under the bill, for instance, directors and officers of film companies found guilty of monopolistic practices under the several trust suits pending, could be fined double the amount of their compensation for each month in which a violation occurred, and could be barred from rendering further service to, or receiving any compensation from, their companies for such periods as the courts might decree.

The corporations themselves could be required to forfeit sums equal to double their net income for each month in which a violation occurred.

Senator O'Mahoney told the subcommittee that the present penalties for anti-trust law violations are inadequate; that imprisonment is rarely meted out because it is not generally considered that a monopoly violation is in the same category as a crime involving moral turpitude, and the fines imposed seldom are sufficiently heavy to cause concern to large corporations.

"It is clear that the anti-trust laws have never been effectively enforced to preserve competition because of the inherent defects in the sanctions provided, and it is clear by trial and experiment that self-government in industry likewise has been a failure," he declared. "Are we not driven to the inevitable conclusion that the time has come actually to try competition and by effective statutory provisions, prevent instead of punish violations of the law?

"That is the purpose of the bill before this committee—to prescribe such clear, personal penalties upon the officers and directors who are responsible for commercial policy that they will not be willing to undertake the chance of personal loss in civil damages if they advise and carry through a trade policy which they know to be inherently wrong and plainly condemned by the law."

New Trust Suits Ahead: Murphy

Tuesday, petitioned the court for a bill of particulars.

The companies asking the bill were Paramount, Loew's, Twentieth Century-Fox, Monogram, Republic, and Randforce Amusement Corporation, the latter a circuit in Brooklyn.

At the same time, United Artists sought a dismissal of the complaint, alleging no cause for action was stated; though the plaintiff alleges a conspiracy between the defendants forced cessation of his operation of the Folly theatre, in Brooklyn. Decision was reserved.

Landis Suit Against Majors, Warners Reviewed September

September 1st is the date on which Federal Judge William Kirkpatrick will review the application for a temporary injunction by the Landis Theatre, Vineland, New Jersey, against Warner Theatres and the major distributors. Testimony in the case ended in Philadelphia Federal Court on last Thursday. Defendants are allowed until August 14th to file counter affidavits, and both sides until September 1 to file briefs.

The suit was filed by Eugene Mori, owner of the Landis, and by several of the town's officials, including the mayor. Mr. Mori alleges the Warner theatres in the town took the best pictures, and were abetted by the majors. The town officials assert town business is hurt by the alleged restraint of trade.

Among those testifying were Bob Lynch, manager of MGM in Philadelphia, from which the town is served; Harry Bodkin, of United Artists; Earle Sweigert, of Paramount; Harry Weimer, of Columbia; George Schwartz, of Universal; Bill Mansell, of Warners; Frank MacNamee, of RKO; Ted Schlanger, zone chief for the Stanley-Warner theatres; and Edgar Moss, of Twentieth Century-Fox.

Books of the Landis and of the Globe, the latter the Warner competitor in Vineland, will be studied by accountants.

Chicago Stadium Theatre Suit Awaits Judge's Return

Disposition of depositions by Balaban and Katz and the major defendants in the Stadium Theatre clearance case, Chicago, must await return to the bench of Federal Judge Wilkerson, Federal Judge Michael Igoe ruled in Chicago, on Monday. The attorneys for defendants had asked the quashing of the depositions, which had been requested by the plaintiff.

In the Chicago anti-trust action, by the Government against B. & K. and the majors, which does not resume trial until September 5th, Federal Judge Edgar Eldredge ruled last week that evidence of theatres owned by the defendants in other cities was not admissible in the present case.

Boston Monopoly Suit

In Boston, the Morse and Rothenberg monopoly suit was recessed last week till September 11th. The suit involves $2,100,000.

The Museum of Modern Art has announced the appointment of Alfred H. Barr, Jr., as administrative vice-president. He will retain his present office as director of the Museum. It was also announced that John E. Abbott, director of the Museum's film library, has been appointed executive vice-president. The appointment was made by the board of trustees executive committee.

The film will be released in this country by Film Alliance of the United States in September under the title "Shadows in the Fog."

Reveals Theatre Ownership

An appraisement of the $22,000,000 dollar estate left by the late B. H. Kroger, founder of the Kroger Grocery and Baking Company, in Cincinnati, revealed ownership of the Capitol Theatre building there. The theatre is leased to RKO.

Elect Shea Erpi Vice-President

T. E. Shea has been elected vice-president of Electrical Research Products in New York. He assumes his post next Monday. H. G. Knox, former vice-president of the organization, resigned July 15, on advice of his physician.

Mr. Shea, formerly of the Bell Telephone Laboratories, becomes director of engineering, and will be in charge of technical activities for the company in New York and Hollywood. His appointment as vice-president of ERPI gives to the company "a strength of technical background which is unique," T. K. Stevenson, president of ERPI, said this week.

"ERPI has drawn most of its engineers from Bell Telephone Laboratories, and Mr. Shea's appointment is a fresh draft on that fountain of technical knowledge," Mr. Stevenson said.

Mr. Shea was graduated from the Massachusetts Institute of Technology, in 1918. He was in the Western Electric Company, and then joined Bell as an engineer. His work with Bell included experience with electric wave filters and equalizers, carrier telephony, transatlantic radio, acoustical, optical, and electrical circuit development, in connection with sound pictures.

Mr. Shea contributed to the solution of problems concerning light valves, flutter control, noise reduction, and wide range recording, in the early days of "talkies."

He is a fellow of the Acoustical Society; fellow and past treasurer of the Society of Motion Picture Engineers; and an associate of the American Institute of Electrical Engineers.

Kuhn Ordered to File Particulars

Federal Judge Edward A. Conger ordered Fritz Kuhn, last week, to file and serve a detailed bill of particulars concerning his $5,000,000 libel suit against Warner Brothers for alleged defamation of character in the film, "Confessions of a Nazi Spy." Under the order Warners will have 20 days after the service of the bill to file its answer.

Campaign for "Mother"

An RKO Radio field force equal in number to that which campaigned for "Gunga Din" was on the road this week cooperating with exhibitors in the exploitation and promotion of pre-release key city engagements of "Bachelor Mother." Charles Levy of the home office is handling the field assignments.

Marjorie Reynolds Signed

Marjorie Reynolds, young blonde screen actress, has been signed to a five year contract by Monogram. Miss Reynolds who appeared in the Boris Karloff feature "Mr. Wong in Chinatown" will also play the feminine lead in the next Karloff film at Monogram, "Mr. Wong at Headquarters."

Nikitas D. Dipson in association with Basil Brothers has acquired the three Morall and Williams houses in Lackawanna, New York. Involved are the Franklin, Ridge and Hollywood.

Orson Welles To Star And Produce for RKO

RKO Radio this week signed Orson Welles to make one picture a year for the company in which he will star and be the producer. Mr. Welles is now on the coast and will start production immediately on his first screen feature.

The 24 year old actor has attained national prominence in the last two years through his activities with the Mercury Theatre group and last year as producer of a sponsored radio program, which presented plays with Mr. Welles usually in the leading role.

RCA Plans Large Sound Drive in the Fall

At the conclusion of a three-day meeting of RCA sales engineers at the company's headquarters in Camden, N. J., it was revealed that an extensive advertising and sales campaign for RCA sound amplification and related equipment will be held during the fall months. Engineers from all sections of the country attended the meeting and new equipment announced in the new RCA commercial sound catalogue was reviewed by the representatives.

Joins CBS Chain

Richard Watson, manager of the Regent theatre, Battle Creek, Mich., has been elected president of the Exchange Club there. Other officers are Charles E. Lockwood, vice-president; Henry Baker, secretary, and Louis McDowell, treasurer.

National Vision Incorporated

National Vision Pictures, Inc., has been incorporated at Dover, Del., to exhibit motion pictures. The company listed a capital of $10,000. Herbert A. Birrell of Long Island, N. Y., and Lowell M. Birrell and Robert H. Snyder of New York, are the incorporators.

Nat Sanders, general manager of Film Alliance of the United States, has closed deals with Herbert Rosher Company, for the west coast; Cameo Screen Attractions, Inc., for New England and Times Pictures, Inc., for Metropolitan New York for the pictures "The Challenge" and "Second Bureau."

Ground has been broken for a new 500-seat theatre in Groton, Conn., the first theatre to be built in the town. Mr. and Mrs. John C. Hess, operators of the Moosup Theatre will operate the new house.

The Century Theatre, Seattle, formerly used only for club and amateur productions, has been leased for showings of foreign films.

Warners Far Ahead Of Production Schedule

With more than a month to go before the 1939-40 season officially starts Warner Brothers are far in advance of their production schedule with nine of the features completed and seven still in production. The features completed are "The Lady and the Knight," "Dust Be My Destiny," "The Old Maid," "A Child Is Born," "Secret Enemy," "Steeplechase," "No Place to Go," "The Return of Dr. X" and "Nancy Drew and the Hidden Staircase." Features still in production are "Twenty Thousand Years in Sing Sing," "We Are Not Alone," "The Roaring Twenties," "On Your Toes," "Career Man," "Queer Money" and "The Dead End Kids in Military School."

Jeanette MacDonald Signs

Jeannette MacDonald has signed a new long-term contract with Metro-Goldwyn-Mayer. Under the terms of the contract Miss MacDonald will defer a planned concert tour until next spring to appear with Nelson Eddy in "Lover, Come Back to Me," scheduled to go into production within the coming month, and "Smilin' Through" in which she will co-star with Robert Taylor, "Lover, Come Back to Me" will be produced and directed by Robert Z. Leonard.

In a lineup of pictures for 1939-40 first quarter appearing on pages 13 and 14 of last week's MOTION PICTURE HERALD the Columbia pictures "Golden Boy," "Coast Guard" and "Five Little Peppers and How They Grew" were listed as 39-40 product. The three pictures are to be released in the 1938-39 season.

Hyman Resigns

Edward L. Hyman has resigned his managerial post at Prudential & Playhouse Operating Co.

Three Film Golf Tournaments

New Haven's and Cleveland's motion picture industries held film golf tournaments Tuesday, and the Toronto division set August 14th for a similar event.

In New Haven 150 film men competed for the prizes sponsored by the Connecticut MPTO. The low gross prize was awarded to Joseph Cohen of the Pouzzner circuit of Boston. Milton Small won the low net prize, the Connecticut Exhibitor Trophy, with George Loukides, of the Loew-Poli circuit; second, Ralph Thurston of the Saybrook theatre, and third prize went to James Casey of the Colonial theatre in New Canaan.

At the Variety Club tournament in Cleveland, with more than 300 in attendance, the lowest gross score was held by Manny Landers, orchestra leader. M. B. Horwitz, general manager of the Washington circuit, held the low net.

In Toronto the film division of the Toronto Board of Trade will hold its first annual golf tournament at the Oakdale Golf Club on August 14th. The main prize of this tournament is a trophy presented for annual competition by President N. L. Nathanson of Famous Players Canadian Corp.

Police Honor Cagney

James Cagney has been awarded the annual Crime Prevention Award in a vote of 5,000 police chiefs in the country, conducted by the publication, *Police Call,* for making the gangster a "loathsome character" in his screen portrayals.

Huot with Republic

Arthur H. Huot, former exchange executive in the Seattle territory and more recently connected in the film industry in California, has returned to Seattle and is now associated with the Republic exchange in a sales capacity.

Gibralter Circuit Enlarges

The Midwest theatre, of Midwest, Wyo., has been purchased by Gibralter Enterprises of Denver and will be the 38th theatre of the circuit. The house, seating 448, has been closed for an alteration and renovating job.

Change in Drew Series

Warner Brothers plan to convert the "Nancy Drew" series into two-reelers. The first film under the change will be "Dangerous Nancy Drew," which goes into production late this month. Bonita Granville and Frankie Thomas are appearing in the series. Gordon Hollingshead will supervise.

Sam Seletsky has been appointed manager of Republic's New Haven exchange by Herman Rifkin, New England franchise holder for New Haven and Boston territories. George Rabinowitz, former New Haven branch manager, has been transferred to the Boston sales staff.

Selznick International has appointed Donahue & Coe, Inc., as advertising counsel on all pictures produced by the company under their distribution contract with United Artists Corporation covering the 1939-'40 season.

Capitol-Monogram Pictures of Chicago this week celebrated the opening of its new building with a cocktail party. Henri Elman is exchange manager.

$182,682 GTE PROFIT; THREE PAY DIVIDENDS

Heywood-Wakefield Loss Cut; Orpheum Report Received; Roxy, KAO, RCA Dividends

General Theatres Equipment Corporation, controlling some of the largest motion picture theatre equipment interests, including International Projector, reports net profits of $182,686 for the second quarter of 1939, ended June 30th.

Losses of Heywood-Wakefield, manufacturer of seats and chairs for theatres and other places, were cut from $153,312 in the first six months of 1938 to $125,519 in the first six months of 1939.

United States District Court this week received the final report on Orpheum Theatre Company, showing a balance of $28,516.

Paramount Pictures, last Friday, posted a notice of redemption of 20-year six per cent debentures.

Dividends were declared this week by Roxy Theatre, New York, Keith-Albee-Orpheum and Radio Corporation of America, which controls NBC, Photophone and a half interest in RKO.

Net Profit Up

The General Theatres Equipment profit of $182,686 for the quarter ended June 30th is equivalent to 31 cents a share on 597,247 no par shares of capital stock. This compares with $194,920 or 33 cents a share in the corresponding quarter last year. For the six month period ended June 30th, consolidated net profit was $382,230; as against $315,185 for the first half of 1938.

As of June 30th, the corporation had 597,247 shares of capital stock outstanding, compared with 597,172 shares on June 30th, 1938.

While Heywood-Wakefield losses were cut from $153,312 for the first half of 1938 to $125,519 for the corresponding period this year, shipments for the first six months of 1939 exceeded those made in the first half of last year by 16 per cent.

Peter B. Olney, Jr., the referee in bankruptcy, filed a final report on the Orpheum Theatre Company in U. S. District Court Monday, revealing a balance of $28,516 to be distributed. The report recommends payment of $3,998 in attorneys' fees and commissions, and the distribution of the balance to creditors.

Judge Murray Hulbert confirmed the report and ordered the proceedings closed.

The largest creditor is listed as the Irving Trust Company as trustee for RKO, with a claim of $825,026 for guaranteeing notes of the company. Also listed are RKO Orpheum as assignee of Stadium Theatres, Inc., $510,807, and Paramount Pictures, Inc., in the amount of $94,462 for rent.

Debentures Redeemed

Paramount redeemed on Monday its 20-year six per cent sinking fund debentures due January 1st, 1955.

The board of directors of the Roxy Theatre, Inc., at its meeting last week, declared a quarterly dividend of 37½ cents on the outstanding preferred stock of the corporation, payable August 24th, 1939, to holders of record August 10th.

The Keith-Albee-Orpheum Corporation board of directors has declared a dividend out of operating surplus of $1.75 per share on the seven per cent cumulative convertible preferred stock, for the quarter ended December 31st, 1936, payable on October 2nd, 1939, to the holders of record as of September 15th, 1939.

A quarterly dividend on the outstanding shares of the $3.50 cumulative convertible first preferred stock, and a quarterly dividend on the outstanding shares of "B" preferred stock, were declared at the meeting of the Radio Corporation of America board of directors last Friday.

The dividends are for the period from July 1st, 1939 to September 30th, 1939.

Price Cuts Help Business in Miami

Deep cuts in summer admission prices "to keep the turnstiles turning" is given as the reason for this summer's business being the best in Miami's history by W. R. Lynch, general manager of Paramount Enterprises, operators of 13 theatres in the metropolitan Miami area.

Mr. Lynch said that downtown theatre admission prices have been reduced approximately 20 per cent while neighborhood houses are operating under as much as 50 per cent reductions in night admission prices.

The reductions have been justified, he said, "because the public has shown its gratitude in a general response which has enabled several of the smaller neighborhood houses to remain open during the summer months."

"Reduced prices, however, do not mean that we have reduced the calibre of entertainment offered," Mr. Lynch said, "as we have booked the best productions available for our summer patrons."

The Paramount chief said individual picture promotion remains at the same level as is in effect during the populous winter months and that no summer layoffs have, or will be, put into effect.

"Gateway" Talent Search

Jesse L. Lasky, heading a company of 24, including four screen personalities, plans to start shortly on a personal appearance tour of nine key spots in search of talent for the third "Gateway to Hollywood" radio program. Two candidates from each city will appear in a fall air show elimination with the winners to be renamed Gale Storm and Terry Belmont and given RKO film contracts. The tour opens in Ft. Worth, Texas, August 5th. The other cities to be visited are San Antonio, Houston, Dallas, New Orleans, Atlanta, Washington, New York and possibly Chicago. Accompanying Mr. Lasky will be Randolph Rogers, Dave Marshall, Roy Pomeroy, Joseph Wagner, Edward Sobol, Mark Daniel, Terry Turner and Paul Snell.

Poland Approves "Spy"

Poland has approved the Warner Brothers film, "Confessions of a Nazi Spy," after having banned it for several weeks, without making any deletions. The film had its Paris opening on Monday simultaneously in three theatres, the Apollo, Colisee and Rex.

SEEK THREE-CENT STAMP FOR VICTOR HERBERT

The American Society of Composers, Authors and Publishers, whose plan to honor American "genius" in a special series of postage stamps has been adopted by the Post Office Department, has asked that the Department assign the three-cent stamp of the composers' class to Victor Herbert, founder of the Society.

Tentative plans of the Department call for the issuance in the near future of five stamps, in denominations of one cent, one and one-half cents, three cents and five cents, for each of seven classes, including authors, artists, poets, educators, inventors, composers, and scientists. The idea was first advanced by ASCAP October, 1937.

Selection of the subjects has been made by polls of philatelic societies and educational and civic organizations. The composers selected are Stephen Collins Foster, Victor Herbert, Edward A. MacDowell, Ethelbert Nevin and John Philip Sousa. All these composers except Foster are in the roster of ASCAP membership, the heirs of the composers receiving through the Society income from the commercialization of their copyright music. Foster's music had outlived its copyright when Herbert founded the Society in 1914.

Policing Summer Theatres

Policing of summer stock theatres is up to members working in that field, *Equity*, official organ of Actors Equity, declares in its current issue. Robert Keith, of Equity's council, was compelled to resign from the policing job because of professional engagements, and recommended that the efforts be abandoned. He said "connivance" between managers and actors could not be unearthed. The council has accepted his suggestion and advised actors that violations of contract must be reported.

Launches "Music" Campaign

RCA Victor, in cooperation with United Artists, has launched a nationwide publicity campaign for "They Shall Have Music," the Samuel Goldwyn production starring Jascha Heifetz. The campaign will be directed towards the dual purpose of exploiting the film and promoting the sale of Victor Red Seal recordings by Heitetz.

Snapshots Anniversary

Columbia's Screen Snapshots, the oldest of all short subject series now being produced, according to the company, celebrated its 18th birthday last week with the release of an "Anniversary Reel." The film presents 38 stars of the past, in scenes as they appeared in the first Screen Snapshots.

Hinchy Promoted

Ed Hinchy, in the Warner theatres film department, has been appointed assistant film buyer. Previously, Mr. Hinchy had been with Paramount.

The Show Business!

YOU CAN'T GET AROUND THAT, SO . . .

PRODUCERS DISTRIBUTING CORPORATION

BEN JUDELL *President*

is honestly proud to offer for the 1939-1940 EXHIBITOR SEASON

60 PROFITABLE PICTURES!

When you're ready to measure your theatre for its 1939-1940 Profit Capacity throw away all your old-time yard-sticks. Art and "delayed tempo" productions have their places, to be sure, but MILLIONS of theatregoers on whom exhibitors depend for steady, profitable patronage will continue to steadfastly refuse to pay for anything except moving pictures!

Hence, the policy of Producers Distributing Corporation will be to distribute only such Pictures as merit definite audience-acceptance. Positive dynamic Box Office productions high in entertainment and exploitation value — moving pictures!

Our production schedule consists of SIXTY pictures, from choice, closely-knit, entertaining stories, directed by masters of their craft, with stellar "name" casts.

Pictures that have life, action, thrills, suspense and down-to-earth *melodrama;*

Pictures the theatregoing public needs, wants and for which it is willing to *pay!*

WITH OUR 60 PROFITABLE PICTURES, EVERY LAST ONE OF THEM DELIVERED PER SCHEDULE, EXHIBITORS CAN REVIVE, REAWAKEN, RE-ESTABLISH, THE OLD-TIME BOX-OFFICE SPIRIT AND GET BACK WHATEVER PATRONAGE THEY LOST THROUGH NO FAULT OF THEIR OWN.

That's a big promise, but we **CAN** keep it—we **WILL** keep it!

9 **4-STAR SPECIAL PRODUCTIONS**—Conceived, designed and presented for **SHOWMEN** who know exceptional screen merchandise when it's offered them. Timely in theme and intelligent in treatment. Big ideas handled in a big way—for **BIG**, profitable exploitation campaigns.

4 **MIGHTY JACK LONDON MELODRAMAS,** based on narratives by one of literature's immortals. The clash of gigantic, red-blooded heroes in epic struggles for power, possessions and—**LOVE!** Filmed against spectacular backgrounds of primitive grandeur.

5 **HORROR PICTURES.** Deliberately and painstakingly produced to meet popular demand for the unusual, the bizarre, the unique in screen entertainment. **EXAMINE THE BOLTS ON YOUR SEATS BEFORE YOU SHOW THESE!** They're that kind.

6 **MYSTERY MELODRAMAS.** Not cut-and-dried "whodunits" based on old formulas, but **NEW** stories with sleuth heroes who mix brains with plenty of brawny, physical action.

12 **MELODRAMAS WITH ROBUST ACTION.** Pictures that start with a bang and end with explosive climaxes; with stories that never falter, never halt, until their objectives are reached.

8 **"TALES OF BILLY THE KID,"** featuring **GEORGE HOUSTON.** Based on the career of the Southwest's most misunderstood character, who wrote his laws on curtains of gunfire with bullets of flaming lead.

8 **TIM McCOY WESTERNS,** with a star now at the zenith of a glorious screen career, with millions of loyal fans. These are "investments," not "speculations."

8 **"THE SAGEBRUSH FAMILY,"** a De Luxe series for De Luxe and other theatres, featuring Bobby Clark, world's champion Junior Cowboy. A "family" series that upsets screen traditions and pleases everyone in the household.

Athletics

Furnishings and equipment from the office of George Allison, famous manager of the Arsenal football team, including cartoons and photographs which decorate his walls, are being used in "The Arsenal Stadium Mystery," currently in production at the Denham Studios.

The Arsenal team are making their debut in this picture individually and collectively, with Eddie Hapgood, Arsenal captain, first to face the camera, upside down! He makes his screen debut doing physical exercises and is seen standing on his head. Next to face the camera were Bastin and Drake and others in the team including the famous international Bryn Jones.

Hapgood and Bryn Jones occupy positions in English sporting life equivalent, more or less, to Joe Di Maggio and Babe Ruth.

The film is being produced by Joseph Somlo and directed by Thorold Dickinson.

Naval Cadets

Shooting has now been concluded on location work at the Royal Naval College, Dartmouth, for Maurice's Elvey's "Sons of the Sea," which is being filmed in color.

Among the sequences filmed are scenes of "Sunday Division" a spectacular ceremonial parade in which the cadets are inspected by the Captain of the College, in the forecourt. Dartmouth College was built to replace the old "Britannia" as the training headquarters for the future naval officers.

Meanwhile, the unit has already had cameras photographing the Devon countryside around Dartmouth, and pictures have been taken of the quaint stone built villages of Stoke Gabriel and Stokenham, Kingswear and Kings Kirswell. The lower ferry between Kingswear and Dartmouth has been loaned and the Great Western Railway co-operated by loaning Churston Station, even moving a train out of the way to let the unit get to work.

Leslie Banks plays the leading role in the film with Cecil Parker, Peter Shaw, Mackenzie Ward and Kynaston Reeves also included in the cast.

On Location

Inside shooting on the Irving Asher production "Ten Days in Paris" having been completed, work is now concentrated upon location sequences, most of which are being tackled in the studio grounds. The indifference of the English summer, and intensive flying maneuvres operating from a nearby service aerodrome, have presented difficulties in the way of the time schedule.

Recent sequences have been shot on the banks of the River Colne, which runs through the studio grounds, and scenes representing a picnic are already in the box.

It is expected that the film will be concluded within the next two weeks and will then go into the cutting room.

The unit will return to work almost immediately on a new Irving Asher production "What Immortal Hand," from the novel by James Curtis.

"This Man"

David Macdonald, director of "This Man Is News" and "This Man in Paris," has started work at the Warner Bros. First National Studios, Teddington, for producer Sam Sax, on "The Midas Touch" which is based upon the novel by Margaret Kennedy.

Barry K. Barnes—"This Man"—and Judy Kelly are leading in the cast with Frank Cellier and Iris Hoey, Bertha Belmore, Anna Konstam and Eliot Makeham also amongst those playing.

"The Midas Touch" is the story of a Welshman who outgrows the insular life of his mountain village and turns everything, so to speak, into gold, but whose superstitions return when a clairvoyant foretells his death.

Stage Atmosphere

Work is in full swing at Ealing on the Michael Balcon production "Goodbye to Yesterday," which reunites him once again with Clive Brook.

During the last week work has been concentrated upon a composite set representing the stage, backstage, auditorium, entrance and bar of a small repertory theatre on a seaside pier, on which much of the action of the story takes place.

Report has it that the art department has excelled itself in capturing the discomforts and the romance of this type of theatre—the flashy curtains garnished with badly designed royal crowns, the broken chairs, the musty ill-fitting scenery, the backstage notice to artists, the telephone half away from its mooring, and the faded pennants hung in the auditorium to distract attention from the peeling plaster of the walls.

Panda Stars

Widgey Newman, creator of the popular British series "Derby Secrets," and producer-director of many documentary and topical films, has just filmed "Pandamonium" which stars Britain's most popular zoo attraction, the giant Panda. He returns to work now on "Weather Flight," the story of an aeroplane which goes to 26,000 feet for the purpose of weather forecasts. He has also recently concluded what is described as "an encyclopaedia of racing in two reels," titled "Silks and Saddles."

Galleon Ahoy

Billowing peacefully at anchor on the grassy sward of City Square, famous location lot at Denham Studios, a red sailed eastern galleon waited nearly a mouth for suitable weather to set sail, in order to provide sequences for Alexander Korda's "The Thief of Baghdad." Unlike most galleons, this one waited not for wind, but only for the cessation of the rain which has marked the English Summer, and which had so far prevented Michael Powell from filming. Eventually seventy-five swarthy natives swarmed over the ship's rigging, unfurled sails, cast off the ropes and the black ship set sail across the sea—by remaining stationary leaving the motion to the camera.

Lachmann Returns

Harry Lachmann, American director, after some years in Hollywood returns to London to direct "They Came By Night" for Twentieth Century Productions. Will Fyffe will star. The subject is a comedy drama by Barre Lyndon and is already on the floor at the Islington Studios.

Leading lady to Fyffe is Phyllis Calvert, twenty-two-year-old British actress, making her screen debut and breaking into films via provincial repertory.

Others in the cast include Morten Selten, Hal Walthers, Wally Patch, Peter Gawthorne, George Merritt and another discovery, Sylvia St. Claire.

Woman Detective

The unusual role of a woman detective has been given Mary Clare, distinguished British actress, who is playing in the first of a series of films based on adventures of Mrs. Pym, the creation of novelist Nigel Morland. The film is being made at the Highbury Studios for release by Grand National.

* * *

Merle Oberon has been tested at Denham for her next Alexander Korda production "Manon Lescaut," which is to be produced in Technicolor.

Grierson on Survey

John Grierson, of the British Films Council, is on a six month's tour of the Dominions, to study the function the screen may play in promoting closer relations between the Motherland and the Empire.

Capitol Has "Four Feathers"

The Loew's Capitol, in New York, has booked "Four Feathers," Alexander Korda's United Artists release. It is the first UA picture to play the house, and may presage a change in UA New York bookings, because, heretofore, UA product has played the Music Hall, same city, for first runs.

Cohn to Europe

Harry Cohn, president of Columbia, sailed for Europe on the Normandie Wednesday. Also on the boat were Norma Shearer, Mr. and Mrs. Edward G. Robinson, Mr. and Mrs. Robert Sperling, Mr. and Mrs. Gilbert Miller, George Raft, and other film personalities.

McNINCH LEAVES FCC, STRONGLY CONDEMNING ITS OPERATIONS

James Fly, Another New Deal 'Trouble Shooter', Takes Over as Chairman's Resignation Removes a Major Friction Cause

The Federal Communications Commission, one of the New Deal's "biggest headaches" and one of the "biggest headaches" for broadcasters both in their radio operations and television contemplations, requires brand new personnel and a new Federal law to bring it up to the "maximum of efficiency in the public interest."

This was the parting shot leveled by the retiring Frank R. McNinch, Commission chairman, this week. He is to be succeeded by James Lawrence Fly, of Tennessee.

"Ill Health" Causes Resignation

With conditions in the Commission showing little improvement over two years ago, when he was transferred from the Federal Power Commission to "clean up" the situation, Chairman McNinch last week resigned his post because of ill health.

Officially general counsel of the Tennessee Valley Authority, which he joined in 1934 as general solicitor, Mr. Fly, who was born in Texas 41 years ago, comes to the FCC from the Bonneville Power Administration, to which he was recently "loaned" by the TVA.

A graduate of the United States Naval Academy at Annapolis, the new FCC member, whose nomination was sent to the Senate July 27 by President Roosevelt, served three years as a Navy officer, was at one time secretary to Senator Pat Harrison of Mississippi and, under President Hoover, was a special assistant to the Attorney General, handling several important antitrust suits.

Ill for many months, Mr. McNinch last week was a luncheon guest of the President at the White House, at which time he informed Mr. Roosevelt of his fears that his strength would not permit him to continue the arduous work imposed upon the head of the radio board.

His resignation removes one of the major causes of friction, both within the commission and between Congress and the FCC, but leaves to his successor the solution of many problems and facing the probability of a major reorganization of the commission next year.

Served 22 Months

In his letter of resignation, subsequently made public by the White House, together with President Roosevelt's acceptance, McNinch reported that during his 22 months of service he had made many improvements in the commission but admitted the objectives of the President in appointing him could not be reached without revision of the Communications Act and reorganization of the FCC.

"Once having undertaken this work," he wrote, "I found it so fraught with problems and difficulties and the commission so disunited that not until now have I felt justified in respectfully requesting you to release me from further service at the commission.

"The procedure for handling the work of the commission has been radically reorganized and certain personnel changes effected, all of which have contributed toward a marked improvement in the efficiency of the commission, but, in my judgment, it is not possible to reach the maximum of efficiency in the public interest with the present personnel and within the inadequate framework of the Communications Act. It was this conviction that moved me to recommend to you last winter a reorganization of the commission and a revision of the act, both of which recommendations I now renew."

Chairman McNinch advised the President that he would be willing to continue in office through August and, in accepting his resignation "with reluctance and sincere regret," the President accepted the offer.

Under Chairman McNinch, the most recently attacked ruling of the Commission was that attempting to restrict short wave broadcasts from this country to foreign countries to those which will "promote international good will, understanding and cooperation." The regulation, which went into effect last May 23rd, caused a wave of protest, and was suspended pro tem on July 14th.

Made Organization Changes

Mr. McNinch had, during his term of office, reorganized the administrative set up of the legal department of the Commission, abolished the position of information expert, abolished the examining department and let out the chief examiner, Davis Arnold, and made other administrative and personnel changes in an effort to successfully reorganize the Commission.

Meanwhile, New York and Washington sources indicated a strong probability of Congressional action next year, permitting the appointment of a new Commission which would deal with the industries under its control according to a more specific legislative mandate. FCC reorganization was proposed during the present session of Congress, but little progress was made in dealing with it.

Senator Burton Wheeler, chairman of the Senate Interstate Commerce Committee and author of a bill now pending which would replace the Commission by a new three member board, said, after hearing of Mr. McNinch's resignation, that the Commission needed "something done very badly."

SAYS PEOPLE WANT "HONEST CRITICISM"

Eighty-one per cent of persons questioned by Fortune Magazine *on a poll of the press voted "Yes" to the question: "Even if it injures the sale of the product and lessens the income of the producer, do you think that newspapers and magazines have the right of honest criticism about a movie?" Eleven per cent voted "No", seven per cent voted "Don't know".*

Mutual Adds More New Stations in South

The Mutual Broadcasting System continued its expansion into the South with the recent addition of three new stations which will become affiliated with the network September 24th. Last month, four other Southern stations joined Mutual.

The new stations are WSIX, Nashville, Tenn., WLAP, Lexington, Ky., and WGRC, which operates in New Albany, Ind., but maintains studios in Louisville, Ky.

The four stations which joined Mutual last month are all in North Carolina: WSOC, Charlotte, WRAC, Raleigh, WSTP, Salisbury and WAIR, Winston-Salem.

The new National Association of Broadcasters code, recently adopted by the Association's members at their meeting in Atlantic City, has been put into effect by the Yankee and Colonial networks, the first to do so.

All new contracts signed by these networks, of which John Shepard, 3rd, is president, will contain the provisions that program material must be in full accordance with the Code. Contracts now in force conflicting with the Code will be carried to completion under their original provisions, but must thereafter be adjusted to the Code.

New Network In Canada

A challenge to the increasing control of radio operations in the Dominion by the Canadian Broadcasting Corporation, is seen in the recent incorporation under the Companies Act of the International Broadcasting System, the stated purpose of which is to construct, equip and operate private broadcasting stations in Canada and elsewhere and to establish a network of private stations.

The named incorporators include Britton Osler and John Osler, prominent lawyers of Toronto, and the new company lists its headquarters at Toronto.

According to the regulations of the Canadian Broadcasting Corporation, which is backed by the Dominion Government, application must be made to the CBC for any broadcasting privileges throughout the country. Officials of the CBC declare that no such application has been received and it is rumored that the International Broadcasting System will make a test of Government control of the air which will shortly become practically a monopoly in the taking over of the supervision of private independent stations in September, the latter being prohibited from accepting contracts for any commercially sponsored programs except through the offices of the CBC. Further, CBC is placing its network service in the private stations at charges to be determined.

The newly incorporated International Broadcasting System looms as fresh opposition to the Canadian network and a battle, both political and legal, may develop over the question of a permit to operate from the CBC. The Government could not decline to issue a company charter to the new enterprise but permission to broadcast is an entirely different point. It is obvious that the CBC is frowning upon any expansion by private broadcasting interests in the Dominion, and with Federal elections about to be announced the matter may become an issue, it is reported.

NBC Leases Theatre For Broadcast Use

The National Broadcasting Company has leased the Vanderbilt Theatre, on New York's West 48th Street, for 61 weeks with an option for renewal, it has been reported.

The theatre will be used for the Fred Waring Pleasure Time program, sponsored by Chesterfield Cigarettes, which is on from Monday through Friday nights.

Ending radio's longest association of performer and sponsor, Rudy Vallee will leave the Standard Brands hour after 10 years, with the broadcast of September 28th.

Mr. Vallee started on the air for Standard Brands on October 24th, 1929, and his program during the 10-year association over the National Broadcasting Company Red network is generally credited with starting in radio such people as Burns and Allen, Eddie Cantor, Bob Burns, Joe Penner, Charlie McCarthy and Edgar Guest.

FEDERAL THEATRE ENDS AND LABOR TALKS ABOUT BACKING SUBSTITUTE

Union Delegates at Meeting in New York Hear Leader Tell of Plan for 'People's Theatre'; Hallie Flannagan Denies Part

The WPA Federal Theatre ended officially at midnight Monday, liquidated by Congress. But it did not end without action by other groups, who plan a substitute "People's Theatre," formed by, and sponsored by, labor.

Union Delegates Hear of Plan

The idea of a private continuance of the theatre project was broached on Saturday, for the first time publicly, at a meeting in New York of about 300 union delegates, under the auspices of the American League for Peace and Democracy. The meeting was called to discuss plans for a "Democracy Marches" parade in New York on August 31.

After various speakers, Bernard Simon, a member of the Theatrical Managers, Agents, and Treasurers' Union, was asked about the plans of the Federal Theatre project. He answered:

"We need a people's theatre to express the things we want to express. This is to announce a substitute for the Federal Theatre is being planned. Shortly, I hope, we will call a conference of your organizations, and many more, to send delegates to a meeting to lay before them this plan for a people's theatre. It will not be run for profit, but it will be self-sustaining. Take the news back that such a theatre is in the preliminary stages of planning."

Sponsorship Discussed

Mr. Simon then claimed that Mrs. Hallie Flannagan, formerly national director of the Federal Theatre project; Samuel Handelsman, administrative assistant on the New York project, and himself had met with four theatrical unions to discuss labor's sponsorship of such a program.

However, in Washington, on Monday, Mrs. Flannagan denied any connection with the new plans.

"I wish to state," she said, "that I am not connected with this plan or with any other plan. Since Congress ended the Federal Theatre as of June 30, there have been a great many plans suggested to this office for continuing the Federal Theatre. In every case, when consulted about such plans, I have said that I was greatly interested in any idea which would give employment to some of our people."

Though the Federal Theatre ceased performances on June 30, its administrative staffs worked until Monday to release its estimated 7,900 employees, close theatres, stock properties, and the like.

Some 2,000 workers remain on the payrolls through September, as provided by the Congressional relief fund measure, but these will receive their checks at home.

300 Dropped in New York

In New York, 300 supervisory workers were dismissed on Monday. They were reported planning suit for pay on accumulated leaves which they claim they never took.

The WPA ruling had been that supervisors, who are non-relief workers, are entitled to two paid days leave per month; these had never been taken by many of the supervisors, through the five years of the project's existence.

If the suits are filed, it will be the first time, it is thought, that the WPA has ever been sued for salaries.

CENSORSHIP APPEAL FILED ON "HARVEST"

An appeal from the decision of the New York State Board of Censors' decision barring the French picture, "Harvest," has been filed with the State Board of Regents by Arthur Garfield Hays, counsel for Andre Heymann, president of the French Cinema Center of New York City.

Irwin R. Esmond, executive of the state board of education's motion picture division, in answer to the appeal filed by Mr. Hays reiterated his decision that "Harvest" was "immoral" and "would tend to corrupt morals," citing the fertility theme and its treatment.

The picture was produced two years ago by Marcel Pagnol at Marseilles, and the French Cinema Center holds sole rights to its distribution in the United States. It is reviewed on page 89.

The Federal Theatre Project, which ended so hopelessly on Monday, started in January, 1934, in New York City, as part of the Civil Works Administration. It was a $28,000 project. It grew into a $7,000,000 project, under the WPA, in 20 states.

The project's production of "radical" plays, and the militantly Leftist attitude of many of its personnel, alienated Congressional support; so that, in June, when the national relief funds measure was passed, the project was cut out by both houses of Congress, though many influential personalities pleaded for its continuance.

Senator Pepper of Florida this week was to attempt to revive the Federal Theatre Project by inserting an amendment in the third deficiency bill, scheduled to come before the Senate just before adjournment. The amendment would permit only such theatre projects supported by local funds, as are other WPA projects.

Republic Signs National Theatres for 1939-40

Republic Pictures, on Tuesday, closed a deal for its 1939-40 product with National Theatres, for the San Francisco, Los Angeles, Denver, Portland, Salt Lake City and Seattle territories. This is the fifth such deal with National Theatres.

In the negotiations were James R. Grainger, president of Republic; Grover C. Parsons, its West Coast division manager; William T. Powers, chief film buyer for National Theatres, and George Balsdon, same circuit.

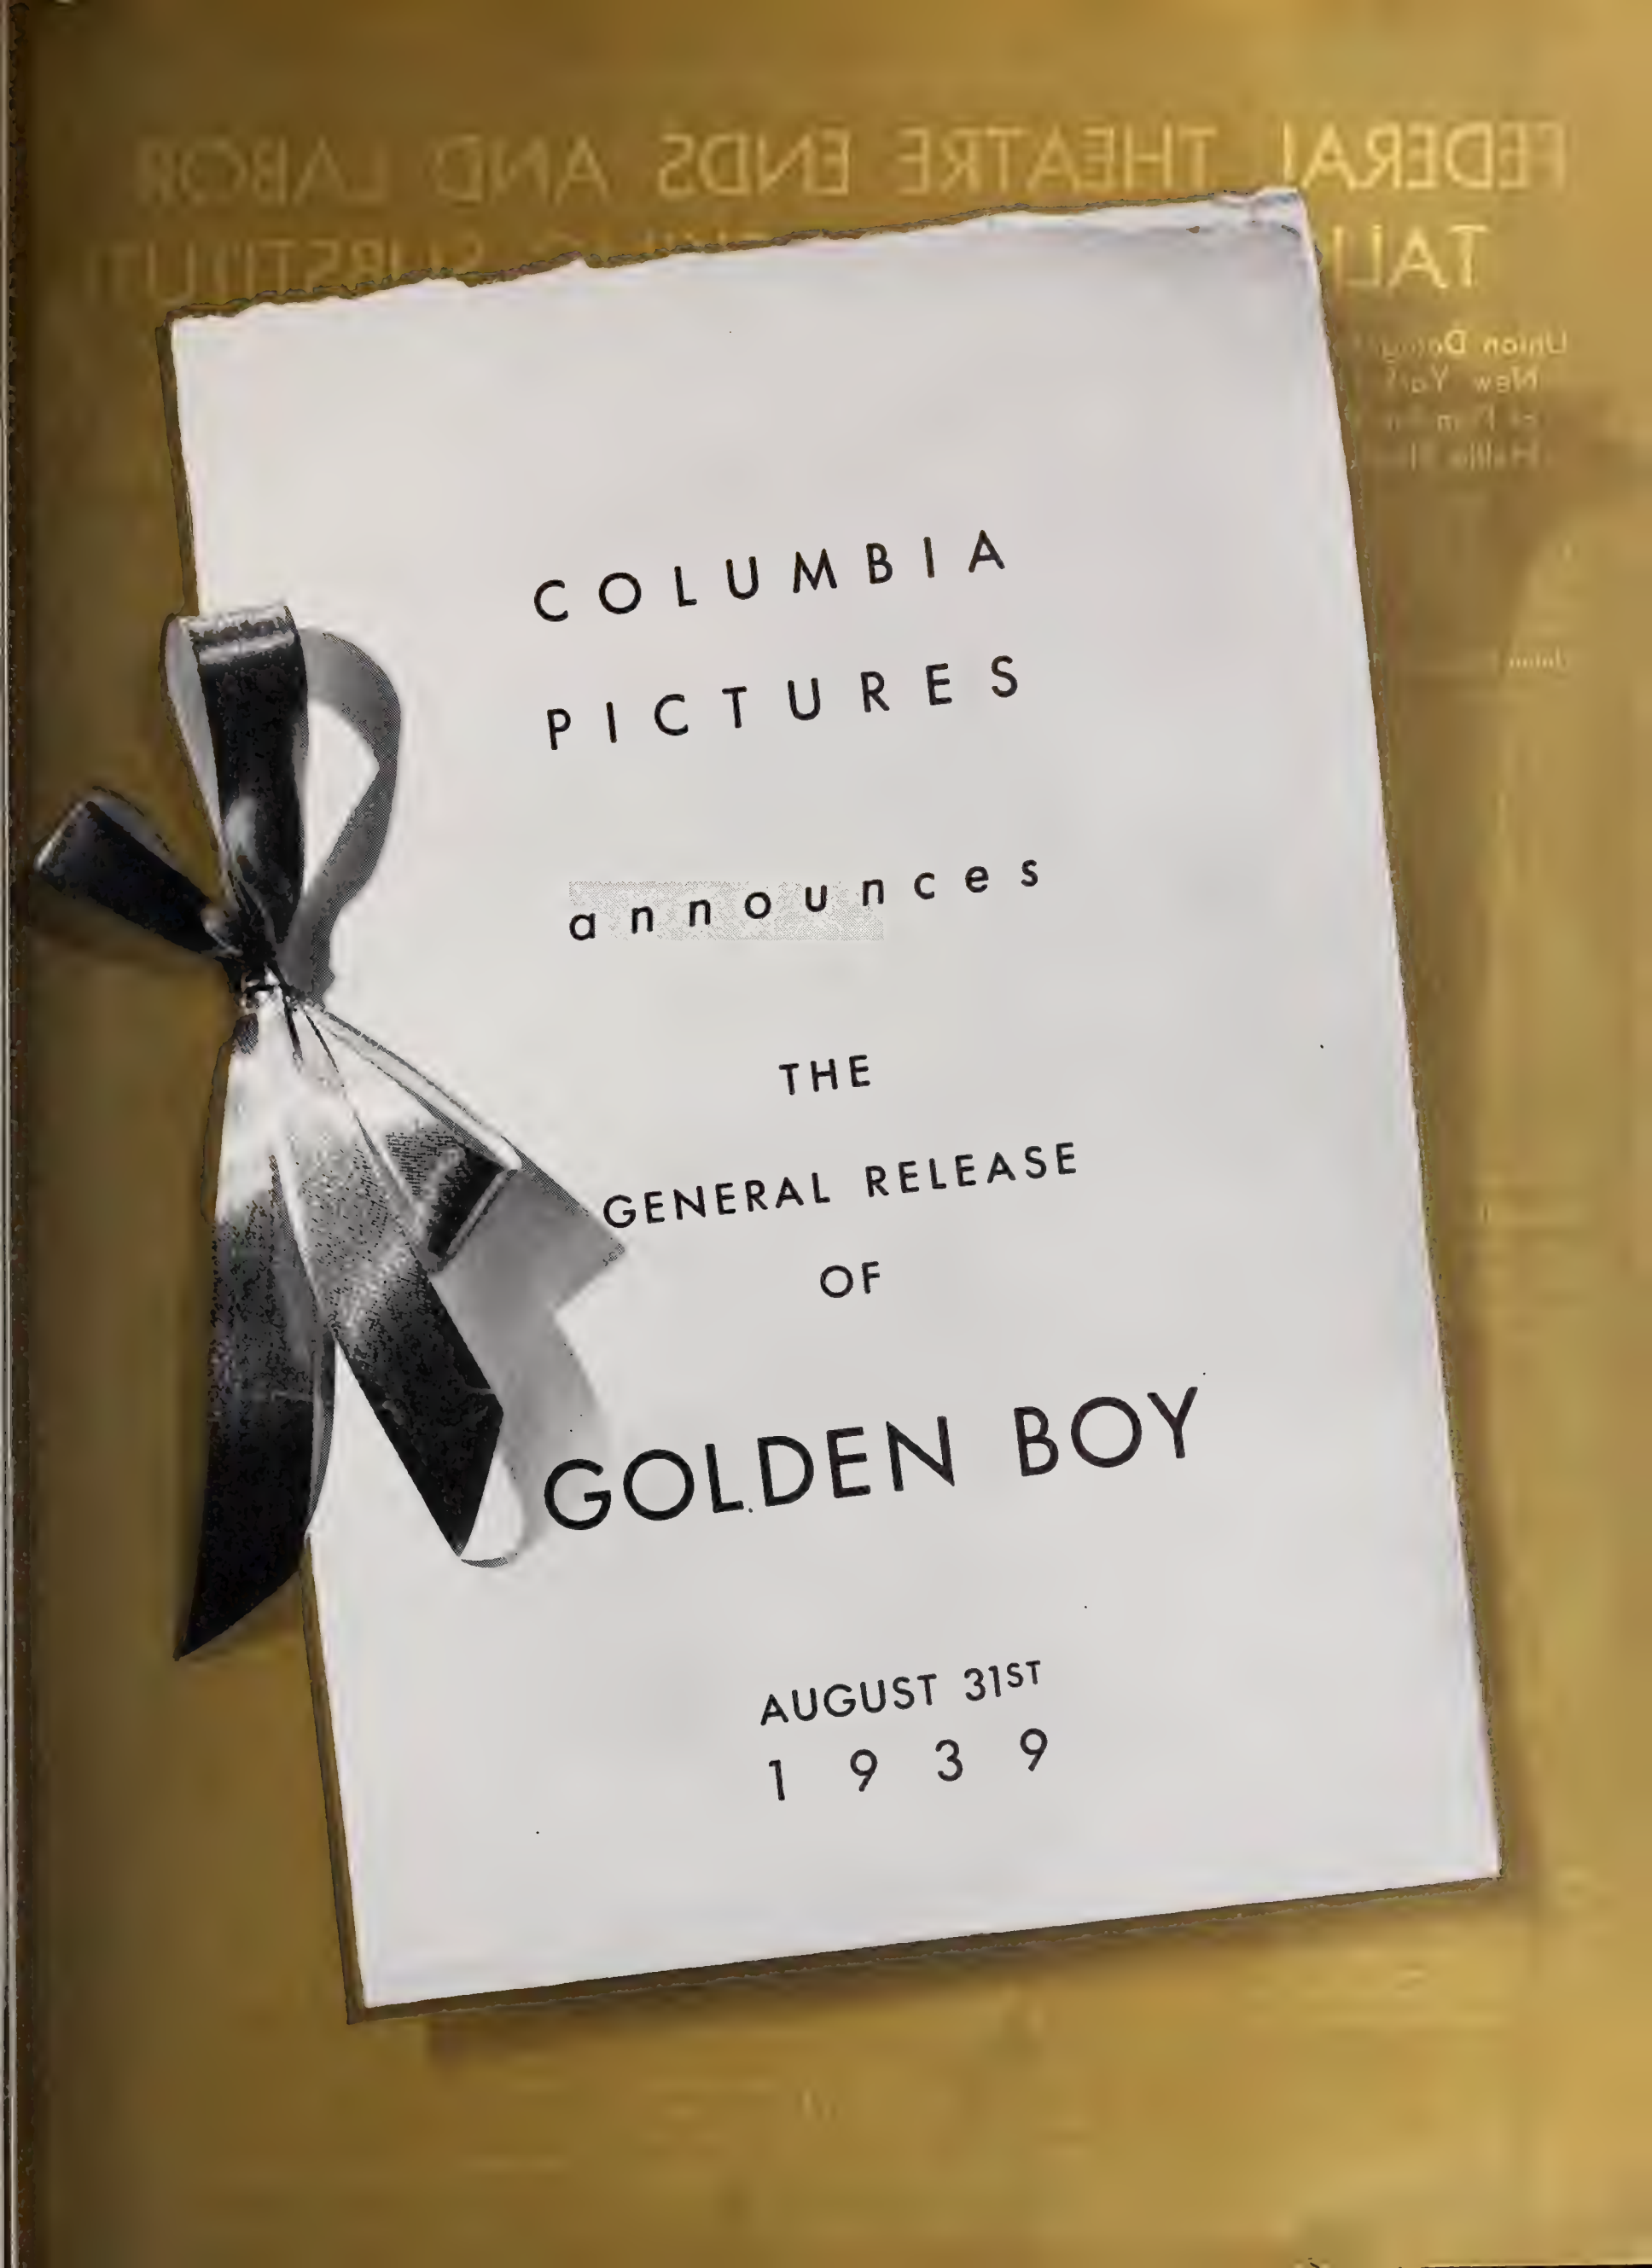
Expected to be closed shortly is a deal for the Kansas City division of the circuit.

Joseph M. Schenck, chairman of the board of Twentieth Century-Fox, is back in Hollywood, after an extended stay in the East.

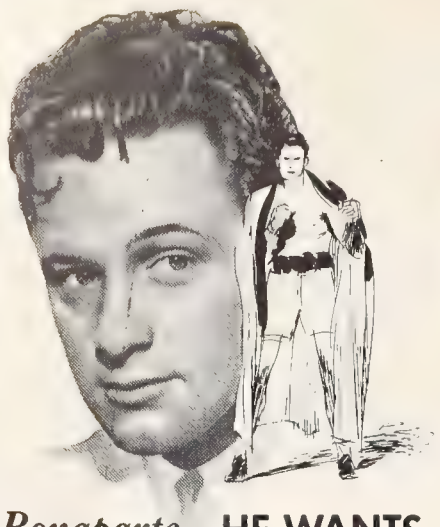
Film Archivists Hold Convention

The International Federation of Film Archives held its first annual convention in New York last week, at the Museum of Modern Art, attended by representatives of 12 countries. Discussions were centered around the best methods of teaching modern culture, and recording it, through film libraries.

Among those present were Miss Olwen Vaughan, of the National Film Library, England; Frank Hansel, of the Reichsfilmarchiv, Germany; Henry Langlois, of the Cinemathéque, France; Alberto Garabelli, of the Italian Library of Information; Tamon Mayeda, director of the Japan Institute, and representing the Japanese Society for International Cultural Relations; Shigeyoshi Sakabe, of the Japan Institute; Conrado Traverso, Consul General of Argentina; Armando Vidal, Commissioner General to the New York World's Fair from Brazil; Anibal Jara Letelier, Consul General of Chile; Count Hugo Hamilton, assistant Commissioner General to the World's Fair, from Sweden; Vistor Nef, Commissioner General to the World's Fair, from Switzerland; Horace Poleman, of the United States Library of Congress; Irene Wright, of the Division of Cultural Relations, United States State Department; H. C. Stockholm, assistant Commissioner General to the World's Fair, for Denmark; Allen Haden, secretary of the United States Embassy in Buenos Aires; Mrs. Frances Flynn Paine, of the National Advisory Committee of the World's Fair; John E. Abbott, Iris Barry, and Douglas L. Baxter, of the Museum of Modern Art Film Library; Margaret Summers, secretary of the Joint Committee on the International Exchange of Films.



Cowdin Returns From Abroad



J. Cheever Cowdin, chairman of the board of Universal Pictures, returned from a business trip in Europe last week. Mr. Cowdin reported that Universal's foreign business this year is well ahead of the business for the same period last year. Mr. Cowdin was abroad five weeks, during which time he conferred with C. M. Woolf and other Universal associates in London.

In Paris, Mr. Cowdin conferred on the completion of the Danielle Darrieux's contract with Universal.

With Universal in the black for the past 12 months the studio mortgage is being reduced and now stands at about $1,000,000, Mr. Cowdin reported.

At the dock to meet Cowdin, who was accompanied on the trip by his wife, were Joseph Seidelman, Matthew J. Fox, who came east to confer with Mr. Cowdin, Charles Prutzman, Peyton Gibson, Samuel Machnovitch and Anthony Petti.

GOODMAN, JOHNSTON AND BURSTYN REPORT ON FOREIGN MARKET STATUS

Japanese Treaty Denunciation Held Not Important to Film Interests; French, British Production of Improved Quality

International affairs of the motion picture business are sending more domestic and foreign executives of American motion picture companies traveling to and from New York and the far points of the world than at any time in years. And they are reporting many important developments, what with the international political, economic and military situation being what it is.

Within the past few weeks alone, at least a score of film executives have reported at first hand the position of and outlook for the product of Hollywood in almost as many countries abroad. This week, Del Goodman, Far Eastern manager for Twentieth Century-Fox; W. Ray Johnston, president of Monogram Pictures, and Joseph Burstyn, of the Mayer-Burstyn film importing combination, disembarked in New York from Japan, England and France, respectively.

Mr. Goodman disclosed a sad plight for Hollywood pictures in China and Manchukuo. Mr. Johnston had a more favorable report on conditions in England, while Mr. Burstyn spoke of tremendously increased costs in France.

Reports on the Mexican film market and further information on Japan came this week from the United States Department of Commerce at Washington.

Treaty Denunciation Seen Without Effect

The denunciation by the United States of the 1911 commercial treaty with Japan, latest diplomatic bombshell to burst in the Orient, should not give motion pictures any concern, according to Del Goodman, Far Eastern manager for Twentieth Century-Fox who arrived in New York for home office conferences this week.

"I have every confidence that the two Governments will settle their differences within six months," Mr. Goodman said. "I doubt that our business will be affected in any event. The matter is not so important that they would attack American films in retaliation."

In spite of this however, Mr. Goodman said, there remain many almost insurmountable difficulties for American film operations in the Far East. The only markets left in China are the cities of Tsientsin, Pekin, Tsingtao, Shanghai, Hongkong, and Macao, Mr. Goodman pointed out. Manchukuo has been lost; and also the Chinese Nationalist territory.

The latter was lost because the Chiang Kai Shek regime insisted the American company pay duty in addition to duties paid to other Chinese or Japanese-controlled governments, Mr. Goodman said.

"We can't pay all those duties," he remarked; "and anyway, there are only three cities in that territory, Chungking, Yunan, and Chengtu, and we had to ship film to them by Indo China, which was plenty of trouble."

The Manchukuan market was closed voluntarily by American companies, after they refused to accede to terms of revived business handed to them by the Manchukuan monopoly. The American companies had insisted upon a "Free market."

Not obtaining this, they burned their prints, which were in Dairen offices. There were about 40 to 50 prints belonging to each company, Mr. Goodman said; this amount included shorts. The prints were from two to four years old.

"There was nothing else to do," Mr. Goodman asserted. "The law provided that no films could be removed from the country. It's too bad, but it was the only thing. The market is dead."

Japanese business is normal, Mr. Goodman declared; however, this good news is tempered by the difficulty in withdrawing money.

Ordinarily, Japan would give us a darn sight more revenue than China. As it is, we are faced with difficulty in both places," Mr. Goodman said.

However, the Japanese authorities are fulfilling their permit agreement with the American companies, he noted. Some delays in business are occurring, pending the submission of the new film law to the Diet, he added.

"The Japanese realize that they need our pictures because they help the morale of the people in the present difficult times. There is nothing that can replace this type of amusement in Japan. If they don't have pictures, people will become restless—and the authorities realize this.

"In any event, the Japanese have treated Americans very well. You might also say that, considering the circumstances, they could not be better," Mr. Goodman said.

He noted that native product in the Philippines was cutting into bookings of American pictures at mid-week; but this, he declared, was not too alarming.

"It may hurt for a while," said Mr. Goodman, "but in the long run, the native product acts as a stimulant. It opens up new markets. The same applies to any of the Far Eastern countries."

There is some theatre building in Shanghai, Mr. Goodman reported; also in Singapore. In the former, the Embassy, a new first run house has been under construction, and MGM has booked product into it; and in the latter, the Cathay is being built, to be ready by September.

2,400,000 *COPIES OF "WIND"*

Turning for a moment from the filming of "Gone with the Wind", David Selznick's press agents in Hollywood this week pointed up to the advance interest created to date by Margaret Mitchell's book of the Civil War, which, they said, has sold 2,400,000 *copies, as arrangements were being made to translate the book into Rumanian, its* 16th *foreign language.*

Sales of the original English version of the book in the United States, the British Empire and other English-speaking communities amount to approximately 2,000,000.

Languages into which "Gone with the Wind" has been translated include Lettish (of Latvia), Japanese and, in Brazil, Portuguese. It formerly had been published in France, Germany, Italy, Sweden, Norway, Denmark, Poland, Czechoslovakia, Finland, Hungary, The Netherlands, and Chile—in the last country a Spanish version.

Foreign language sales now total more than 385,000. *In France, last major country to publish the book, sales of* 12,000 *in three months are reported. In Germany, sales exceed* 140,000 *copies.*

French Costs Up 300% Reports Burstyn

The necessity of overcoming tremendously increased production costs and of keeping the emphasis on theme and treatment, rather than on individual stars, as well as not trying to compete with Hollywood methods, are seen as of primary importance to the French film industry by Joseph Burstyn.

French production costs have risen 300 per cent in the last three years, Mr. Burstyn said: stars who used to get 400,000 francs per film now demand 1,400,000. (The franc today is based on a rate of approximately 37 to an American dollar.) Julian Duvivier, Mr. Burstyn pointed out, who formerly received about 300,000 francs a film, was paid 1,200,000 francs for the last film he directed—"Phantom Chariot."

The increased costs are largely due to the French producers themselves, according to Mr. Burstyn. In trying to compete with Hollywood in the world market, they patterned films after the Hollywood system, and built up stars who came to demand a larger share of the film costs for their services. "Now," he said, "they are faced with the problem of getting back to normal."

However, motion picture production in France today still retains "the personal touch," Mr. Burstyn added. In almost every case, independent producers, handling one film at a time, are the rule. One of the few exceptions is Gregor Rabinovitch, who is producing six films under his present schedule with Victoria Films. From him, Mr. Burstyn purchased and brought back a film based on the play, "The Miracle of Verdun," which he has tentatively titled "The Dead Will Arise."

Also purchased were the American and Canadian rights to "Louise," a French film with Grace Moore, based on the opera by Gustav Charpentier. This will be cut from its present 20,000 feet to approximately 7,000 feet. In its original form, the picture ran two hours and 40 minutes. Mr. Burstyn feels that in its shorter version, and with a star such as Grace Moore, known to American audiences, the film has every possibility in playing to a larger audience than that usually afforded a foreign film. In distributing the picture, he will try "to reach the average American exhibitor, through independent houses as well as unaffiliated and affiliated circuits."

He will also release in the fall a Danielle Darrieux picture, "Katia," based on the novel of the same title published by Doubleday Doran in May of this year. Foreign rights to the film, a historical romance, are held by RKO. "The Life of Mozart," an English film, and "Song of the Streets" will also be released by Mayer and Burstyn this fall.

A great growth in the number of French films sold in the South American market was also noted by Mr. Burstyn, who said that typcially South American rights to French

films were purchased before the completion of the film.

One of the most outstanding developments in England, he added, was the development and growth of the documentary film. While in London, Mr. Burstyn saw over 100 one reel documentaries in one week, and believes that there must be several thousand in circulation in the country.

Johnston Cites Big Improvement in England

British production has improved "1,000 per cent" in the last year, W. Ray Johnston, said in New York, on his arrival Monday after four weeks in England and France, during which he obtained four British pictures for release in this country.

"They are all starting to pay attention to the American market," Mr. Johnston said, in discussing British picture producers. "They seem to have the American slant now. There is no need for this company to engage in production there."

Financing for English production is readily obtainable, Mr. Johnston said.

"I don't think the old line companies are suffering any from money trouble," he remarked. "It was the promoters who suffered in the cutting of production."

The four pictures which Monogram will begin distributing within the next three months are from Pathe and Associated British, and are titled, "My Irish Molly"; "Dark Eyes of London," with Bela Lugosi; "The Gang's All Here," with Otto Kruger, Edward Everett Horton, Jack La Rue, and Jack Buchanan; and "Traitor Spy," with Bruce Cabot. The latter is starting production.

Mr. Johnston said that Monogram would endeavor to have its personalities starred in British pictures.

Monogram examines the scripts of English films in this country before their use in English production, Mr. Johnston said, citing as example, the script of "Traitor Spy."

Mr. Johnston was accompanied on his return by George West, Monogram franchise holder, and Ralph Bettinson, representative in Hollywood for Pathe.

He and Mr. West were guests on Monday at luncheon in the Hickory House, New York, immediately after their arrival. Among those present were Jerry Brandt, Joe Felder, Lou Lifton, Edward A. Golden, Madeline White, Lloyd Lind, Russell Bell, Charles Morla, Mrs. N. Whiting, Mr. and Mrs. Lou Guimond.

Mexican Industry in Difficult Position

Lack of demand for its productions has brought about a crisis in Mexico's domestic-film-producing industry, according to a report to the Department of Commerce at Washington from U. S. Commercial Attache T. R. Lockett at Mexico City.

Estimates place the number of locally made pictures which have not been exhibited at around 35. Very few companies which have been able to release all their productions have continued producing, the report points out. Because of the acute situation in the motion picture industry which affects studios, producers, and distributors, a petition to the Government for assistance was recently made on behalf of all these branches. The first apparent result of this action, the report points out, was a promise made by the Federal District Authorities to enact legislation which will force local exhibitors to set aside 12 complete weeks each year for the exhibition of Mexican-made pictures. The proposed legislation is said to include first-run theaters as well as the smaller houses.

In order to stimulate domestic production, local studios have promised to reduce charges as much as possible but it is not believed the reduction will be sufficient to encourage increased output, the report said.

U. S. Reports on Japan Market

The office of the Commercial Attache in Tokyo has informed the Department of Commerce at Washington that during the first six months of 1939, a total of 304 pictures were released for exhibition in Japan, including 226 Japanese films and 78 foreign films. The foreign films included 64 American films, 7 British films, 4 French films, and 3 German films.

The companies releasing the Japanese films follow:

Daito Motion Picture Co.	52
The Shochiku Co.	49
The Shinko Co.	48
Nikkatsu Co.	45
Toho Company	30
Others	2
Total	226

Although only three German films were released during the first half of 1939, it was reported that 18 of the 30 films contracted for by Japanese interests from the Manchuria Motion Picture Association have recently been imported. It will be recalled that during 1938, one of the provisions of the "Manchukuo"-German Trade Agreement provided for the purchase of a specified number of German films by "Manchukuo."

Attendance in Tokyo

According to a report released by the Metropolition Police Board, Tokyo, attendance at Tokyo's 296 motion picture houses totalled 71,304,484 during 1938, and attendance at all amusement places amounted to 86,598,627, an increase of 3,107,944 over 1937. However, attendances at motion picture houses fell off by 15 per cent in Tokyo during May, 1939.

Censorship Difficulties

While there has been no official change in Japanese film censorship, observers have noted that the national emergency has created a different attitude on the part of the censors towards scenes which previously had not been objectionable, according to the U. S. reports. This is not only true regarding new films, but also applies to old films which have come up for re-censoring and have been rejected or cut. The censorship authorities have stated that the policy of the film censor is immutable, as always, though the censorship policy may change according to the change in social conditions. As the national situation has admittedly changed in Japan since the outbreak of the China "incident," it is claimed that it is unavoidable for motion pictures to suffer from deletions or prohibition to the same extent as periodicals. Motion picture interests have been advised to make a study of conditions before and after the outbreak of the present hostilities, but as the *"Japan Advertiser,"* newspaper, points out "motion picture groups are unable to grasp the abstract instructions, namely 'a healthy motion picture' from the practical point of view."

Floyd Henninger has succeeded Louis Goldsmith as head booker at the Seattle, Washington, RKO exchange. Mr. Goldsmith is on the road for RKO in the eastern part of the state.

Arkansas Opens Bob Burns Film

With governors of five states and mayors from more than a score of Arkansas cities promising attendance, Paramount is preparing for the premiere of "Our Leading Citizen," starring Bob Burns and featuring Joseph Allen and Susan Hayward. The premiere will be held in Van Buren, Ark., which Burns made famous.

Expect 100,000

Basing their predictions on the crowds which flocked to Omaha for the premiere of "Union Pacific" and to Waukegan for the opening of Jack Benny's picture, "Man About Town," Paramount officials estimate that at least 100,000 persons will pour into Van Buren for "Our Leading Citizen" day.

As Van Buren's "Leading Citizen," Bob Burns will speak to the nationwide CBS audience from the stage of the Bob Burns theatre where the program will originate. Irvin S. Cobb, author of "Our Leading Citizen," will be one of the guest speakers on the program, as well as Joseph Allen and Susan Hayward, who play the romantic leads in the film.

With the premiere taking place in three theatres in nearby Ft. Smith simultaneously with the Van Buren showing, arrangements have been made to "pipe" the radio program into all theatres so that all premiere guests will be able to hear the program prior to the screening of the picture.

Meanwhile chief executives of three eastern states took time out from their official duties this week to attend private screenings which are being held for high government officials and motion picture critics throughout the country. Governor Herbert R. O'Conor of Maryland saw "Our Leading Citizen" in the Circle Theatre in Annapolis; Governor James H. Price saw the film in the Colonial Theatre in Richmond, and Governor Richard C. McMullen of Delaware attended a screening in the Capital Theatre in Dover.

Shuford to Lord and Thomas

Stanley Shuford, formerly with the Biow advertising agency, has joined Lord and Thomas, to work with Jack Pegler on motion picture and commercial accounts. Roy Winkler has left his position as Warner Brothers' advertising layout man and may also join the Lord and Thomas agency.

Give Visual Education Course

Evelyn S. Brown, assistant director of the Harmon Foundation, will give a six-week course at St. Lawrence University on visual education, including film production, research and scenario writing.

Forms Lithograph Company

S. D. Sacks, formerly connected with various lithographing companies which cater to the industry, has organized the Saxon Offset Lithograph Company on East 45th Street in New York.

Orion Productions, Inc., has been formed at Dover, Delaware, to deal with motion picture film. Capital is 250 shares, no par value. Incorporators are David H. Jacksman, John E. Cosgrove, and George F. Reilly, New York.

The Courant, one of Hartford, Connecticut's oldest newspapers has installed a daily motion picture column conducted by Mrs. A. Oakley Cristoph.

NO CHANGE SEEN IN ITALIAN FILM DECREE

But Move Seen to Exchange American, Italian Film "Ambassadors" to Clear Red Tape

by HUGO SPECK
in Rome

Although it is known that "feelers" have been made with the view of reestablishing normal relations between the American motion picture industry and the Italian government, no change in the existing regulations can be foreseen in the immediate future. It is learned from an official source that while the Italian authorities would be glad enough to see the "Big Four" again distributing films in Italy, economic reasons make it impossible to presently change the law defining the conditions under which foreign films can be expoited in this country.

Currency Restricted

As explained to this correspondent, the sums allotted for the purchase of foreign films cannot be augmented under existing economic conditions when every effort is being made to make Italy's self-sufficiency program a success. At the same time, however, it is emphasized that the question is entirely economic and that the matter of politics has been given not the slightest consideration in any aspect. Proof of the statement is demonstrated by the fact that all foreign producers distributing films here are compelled to operate under the same conditions as those prescribed for the Americans.

Viewed from a different angle, it is stated that Italian production is rapidly being stepped up to fill the hole made by the absence of American films. When all of Hollywood's producers distributed their product here, the Italian market absorbed some 300 films yearly. Contracts made with the American companies other than the Big Four will be honored until the end of the year but the number of films to be distributed here under those agreements is limited. So to supply the market, the films must be found elsewhere.

In the year of 1937-38 the Italian producers made 35 films; the present cinematographic year will see 90 productions and for the coming year no less than 125 films are being planned.

By extending playing dates it is pointed out that 250 films can amply supply the market. If Italian films are allowed to capture half of that market, as it is planned here they shall do one year hence, the margin left for American films will be much smaller, regardless of the conditions under which they are allowed in the country. Concurrently, French films are steadily gaining a stronger foothold here and twelve months from now will be even better established. Which says nothing of the chances German, English and Spanish films, which are expected to be revived, will have here.

So as pointed out here, monopoly or not, if American companies want to entirely withdraw from the Italian field, films can always be found to answer the public's desires. The above information was given in no "take it or leave it" fashion, but as a frank exposé of a condition which must exist as long as economic conditions remain as they are today.

Understanding Seen

It was added, however, that a move can be expected in the near future to promote a better understanding between the American and Italian industries. Under existing conditions, all relations between Hollywood and Rome more or less have to follow tedious official channels. It is learned here that the Italian government is studying the advisability of appointing an official representative of the Italian industry to the United States while Hollywood would be asked to appoint a similar representative here. It is understood the matter has been taken up with the Italian ambassador in Washington where an inquiry has begun to find a suitable person to fill the post in America.

German Films Set

It has been announced that the Italian ambassador to Germany, Paulucci di Calboni, has arranged for 20 German films to be distributed in Italy.

Acting on behalf of the Italian government, it is stated the ambassador negotiated with officials of UFA, Tobis and Terra for the acquisition of the films for the market here. The terms of the agreements reached were not disclosed.

With Italian production steadily increasing, every effort is being made to improve the quality as well as the quantity of the output here.

With this in view Minister of Popular Culture Alfieri has called a meeting of outstanding writers and authors in an effort to obtain better scenarios and fuller collaboration between authors and producers. He advised them that to have an original idea for a script was not always a guarantee that the finished work would be what it should. He stated that the story should be developed in collaboration with the producer and that films should hold an appeal for the greater proportion of the population considered from a collective point of view.

Universal Closes Three-Year Deal with Schine Circuit

George Lynch, booker for the Schine circuit, has closed a three-year deal, involving 150 theatres, with Dave Miller, Universal district manager. Mr. Miller also concluded a deal involving 20 Comerford houses in New York state.

To Make Feature

A feature length picture will be produced by members of the Andron Playhouse at Haines Falls, N. Y., under the direction of Murray Rumsey. The film will be based on historical events that have taken place in and around Mountain House. The picture to be made on 16 mm. film will be released to schools and colleges.

Ontario Theatres Increase

Theatres in the Province of Ontario have increased by 18, over the previous year, according to the official count. The number of licensed houses is now 372. Licenses to public halls showing 16 mm film shows have dropped.

The Washington Variety Club will hold a testimonial dinner in honor of E. A. Lichtman's fiftieth birthday and 19 years in exhibition on August 11th.

Rudolph Berger is chairman of the sponsoring committee with Carter T. Barron chairman of the entertainment committee. The various committees will be composed of Harry S. Brown, A. Julian Brylawski, Clark M. Davis, Archie D. Engel, J. Edward Fontaine, Samual A. Gallanty, Edward J. Haley, Sidney B. Lust, Hardie Meakin, Joseph P. Morgan, Alvin Newmeyer, John J. Payette, Frederick A. Rohrs, J. Louis Rome, Charles C. Schulman, Morris Simon and Samual N. Wheeler.

Tent 21, Atlanta, Opens Clubrooms

New club rooms of Tent 21, Atlanta Variety Clubs of America, were opened last week with a cocktail party at which Chief Barker Wm. K. Jenkins and Dough Guy R. B. Wilby were hosts. More than 200 guests were present.

One of the highlights of the opening was the auctioning off of the first beverage at the bar, knocked down to C. M. Bolen of the American Seating Company and club member, for $175.00. The money was placed in the charity fund.

Officers elected for the first year are, William K. Jenkins, chief barker; Harry Balance, first assistant chief barker; Chas. E. Kessnich, second assistant chief barker; R. B. Wilby, dough guy and E. E. Whitaker, property master.

Directors of the club are John T. Ezell, W. A. Finney, Harold F. Wilkes, R. L. McCoy, Walter Anderson and Paul Wilson.

Approximately $10,000 was spent in decorating and equiping the rooms, located in the Henry Grady Hotel. An elaborate social program is planned.

Morris to South America

Sam E. Morris, Warner Brothers' vice-president in charge of foreign operations, sailed last Friday from New York for a nine-week business trip to South America. Mr. Morris will spend three weeks in Brazil and the rest of the time in Rio de Janeiro.

Hacker Joins Accountants

Sam Hacker, former assistant to Morris Goodman, vice-president in charge of Republic foreign sales, and before that in charge of the contract department at Republic and Columbia, has joined Henry H. Ackerman and Company, public accountants. He will specialize in film accounts.

Twentieth Century-Fox will have eight pictures in work during the summer. They are "Drums Along the Mohawk," "Lady Jane," "Tin Hats," "Hollywood Cavalcade," "The Rains Came," "Heaven With a Barbed Wire Fence," "Frontier Marshal," "Adventures of Sherlock Holmes."

Shine Joins Ross

Ross Federal Research Corporation has appointed W. J. Shine coordinator of research activities in the executive offices in New York under C. B. Ross, director of research. Mr. Ross was formerly in charge of research sales for Ross in Chicago.

Distributors in Mexico Facing Wage Increase

by JAMES LOCKHART
in Mexico City

American distributors in Mexico are beset with fresh labor trouble in the form of demands for salary increases that average 20 per cent. The demand has worried Americans because business is not of the very best and money remittances have dropped owing to the shaky condition of foreign exchange. The dollar has become very expensive down here, the rate tossing between 5.80 and 5.90 pesos (the normal ratio is two to one), a sharp break from the pegged quotation of 4.99 that obtained for several months.

It is understood that the distributors will reject the demands as wages they are now paying are considered high. Not long ago employees received increases averaging up to 50 per cent. An abundance of labor complications are expected to result from this situation as the workers are strongly unionized.

Investment Climbing

During the first eight years of Mexico's talking picture industry, which had its inception in 1930 with the making of two films, the investment in production was $3,500,000. That outlay leaped from $69,000 in 1930 to $1,125,000 last year, for the making of 60 pictures.

The 1938 output seems to have put Mexico in the lead of Spanish America, for, according to Mexican figures, the Argentine made 40 pictures last year, Cuba and Peru six each, Brazil five, Venezuela two and Uruguay one.

Some grumbling is heard because Jose Mojica is Mexico's best paid picture player at the rate of $4,000 per production, while Libertad Lamarque, ace Argentine performer, is said to command $20,000 a picture.

To Sell Theatre

Determined to give the town adequate picture entertainment the Government of Durango State, owner of the theatre, is to auction August 1 the Cine Principal, a 2,500-seat house in Durango City, the state capital. Action is being taken, the Government explains, because the lessee quit exhibition some time ago and has failed to keep the house in repair. Initial bid is fixed at $40,000.

Legion Five Years Old

Mexico's Legion of Decency, which is chiefly concerned with clean pictures, has rounded out its fifth year. It has 12,000 active members and claims 300,000 others. Manuel Gomez Morin, a prominent lawyer, is president. During its career, the legion has sat in on the censorship of 11,325 pictures and induced the cleaning up of about 25 per cent of them.

Green Resigns

Jules Green, formerly manager of Warner Brothers Hollywood theatre, Pittsburgh, has resigned. Ernest Lieberman, formerly manager of the Plaza in Pittsburgh, succeeds Mr. Green at the Hollywood, while James McHugh moves from the Regal to the Plaza and Ed Solomon is promoted from assistant to manager of the Regal. Another Pittsburgh promotion sends John Finnegan, assistant manager of the Paramount in Braddock, a Shapero-Fineman theatre, to manager of the Grand in Hazelwood, owned by the same partnership.

COURT GETS DETAILS OF NEW RKO STOCK PLANS

Capitalization To Be $13,000,000 First Preferred; 8,000,000 Shares of New Common

In addition to the more than 2,230,000 shares of new common stock which the RKO reorganization plan already provides shall be issued in settlement of creditors' claims. Colonel Hamilton C. Rickaby, attorney for the Atlas Corporation, proponent of the plan, told Federal Judge William Bondy Monday that approximately 4,367,554 shares also will be issued. Mr. Rickaby said that it was expected that the new common stock would have an initial market value of approximately $3.00 per share.

Atlas stands ready to handle $1,500,000 of the stock any time within the next 50 days, Mr. Rickaby told the court.

No Berman Successor

In advance of the arrival in Hollywood on Monday of George Schaefer, RKO president, and Ned E. Depinet, vice-president, it was reported last Friday that no new production head may be named to succeed Pandro S. Berman, present production chief, at the expiration of his contract. Mr. Berman had signified his desire to be relieved of the responsibilities of his post and devote himself to independent production.

The inception of a unit system at the studio was also reported, with final decisions in the hands of Mr. Schaefer, who has favored the unit set up, having signed the Gordon-Goetz and Towne-Baker unit deals.

Last Thursday Richard C. Patterson, recently appointed chairman of the board, said that new financing for the company would be set at about the same time that the reorganization plan becomes effective; giving the time as about three months. Mr. Patterson, former National Broadcasting Company executive, and more recently Assistant Secretary of Commerce, said that his duties would be to supplement the work of Mr. Schaefer.

Directors Elected

Last Wednesday, anticipating its early emergence from reorganization proceedings, begun in 1934, and its re-establishment as an independent organization, the RKO board of directors met at company headquarters in New York's Rockefeller Center for the first time since RKO entered receivership in 1933.

Elected to the present company's board at that time were 11 of the 13 members who will take over direction of RKO upon the consummation of its reorganization plan, recently affirmed by the U. S. Circuit Court of Appeals in New York.

Further discussing the capitalization of the new RKO company, Rickaby said that 1,040,000 shares of new common will have to be reserved for the conversion of new six per cent cumulative preferred stock; 2,577,554 shares of new common will have to be reserved for the exercise of option warrants which will be issued to holders of the present common stock of RKO; 250,000 shares will be reserved for option warrants to be issued to company executives, and 500,000 shares will be issued to raise $1,500,000 of additional working capital for the new company.

Atlas Corp. is committed to underwrite the $1,500,000 issue if it is undertaken during the next 60 days. The number of shares involved is estimated on the basis of the $3 initial market value of the new shares. The underwriting agreement has not been completed yet, but it was discussed at the meeting of the RKO board last week. Atlas's compensation for its underwriting services is to be fixed by the court.

Capitalization Outlined

Capitalization of the new company will be $13,000,000 of six per cent cumulative convertible first preferred stock of $100 par value and 8,000,000 shares of new common. Of the 130,000 shares of new preferred, more than 127,000 shares will be issued to holders of the old RKO debentures.

In addition to the 4,367,554 shares of new common to be issued for the foregoing purposes, holders of the old debentures will receive 602,697 shares; Rockefeller Center, 400,000 shares; unsecured creditors, 800,000 shares, and holders of the old common stock, 429,593 shares.

Atlas Reports Holdings

A report of the Atlas Corporation's operations for the six months ending June 30 reveals its holdings in film company stocks.

Bonds held include $2,169,850 in principal amount of RKO six per cent debentures, 1941, represented by full-paid certificates and valued on June 30th at $1,459,224; and $268,776 of RKO six per cent debentures, 1941, and valued at $180,751.

Its preferred stock holdings include 4,300 shares of Paramount six per cent convertible cumulative, first, valued at $382,700, and 5,000 shares of Paramount six per cent convertible cumulative, second, valued at $45,000.

Its common stocks include 310,412 shares of RKO, represented by full-paid certificates, valued at $504,419; 17,400 shares of RKO valued at $28,275; and 7,000 shares of General Theatres Equipment Corporation, at $75,250.

834 Theatres In Poland

Motion picture houses in Poland number 834 theatres and 36 traveling shows, according to a report received by the Department of Commerce, Washington, from Jule B. Smith, Acting U. S. Commercial Attache at Warsaw. In comparison with 1937 the theatres increased by 65 or 8.4 per cent. Theatres operated in 1937 numbered 769, in 1936, 741, in 1935, 722, in 1934, 707 and in 1933, 728.

The total seating capacity of the theatres was 297,611 seats compared with 272,812 in 1937, an increase of 9 per cent. The increase in the number of theatres in operation was not due entirely to the opening of new theatres since there were 27 theatres in the "Trans-Olzan Silesia" district taken over from Czechoslovakia in the autumn of 1938.

Of the 14 largest cities of Poland the city of Warsaw had the largest number of theatres and seating capacity with 68 theatres and 40,389 seats.

All of the theatres in the larger cities are wired for sound and out of the total of 834 theatres, 816 were wired and only 18 were not compared with 743 and 26 respectively in 1937.

The Old Maid

(Warner Brothers)

Pulitzer Prize Play

Distinguished as a novel by Edith Wharton and as a Pulitzer Prize play by Zoe Atkins, "The Old Maid" is no less distinguished as a picture produced by Henry Blanke from a screen play by Casey Robinson directed by Edmund Goulding and played by Bette Davis, Miriam Hopkins, Donald Crisp, Jane Bryan, Louise Fazenda, Cecelia Loftus, George Brent and admirably selected supporting players.

Showmen are justified in exhausting their vocabularies to great degree by way of notifying the adult trade that this is something extra special in the field of cinematic art.

Showmen are also justified in employing whatever means may be efficacious in notifying both adults and children that it is not a film for the juvenile trade.

As has been made somewhat widely known in articles and news stories relating to the awarding of the Pulitzer Prize to Miss Atkins' play, the old maid of the title is a maid in name only, the child who grows up to regard her as a straight-laced aunt being in fact her daughter, illegitimate issue of her fleeting but earnest union with a young man subsequently killed in the Civil War. Effects of the supposed old maid's successful effort to conceal her true relationship to the child, upon her own personality and that of her cousin whom the child learns to love as a mother, are traced vividly throughout the major portion of the picture which ends with the child happily wed.

The story opens in Philadelphia in 1861. "Charlotte," secretly in love with "Clem," whom her cousin, "Delia," 'though loving him, throws over in favor of a wealthy suitor, comforts the heartbroken "Clem" too well on the eve of his departure for the war. Five years later she has become engaged to a brother of "Delia's" husband but refuses to give up charge of a home for war-stricken children. On the day of her wedding she reveals to "Delia" that one of the children is her daughter, by "Clem," whereupon "Delia," jealous of the now deceased "Clem" although twice a mother by her chosen mate, tells "Charlotte's" fiance that his bride-to-be's health is bad, preventing the marriage.

On the death of "Delia's" husband, "Charlotte" and her daughter, "Clementina," come to live with "Delia" and her children. In the years that follow, "Clementina," who has been told she is a foundling, learns to regard "Delia" as a mother and "Charlotte" as an embittered old maid. When the parents of "Lanning," in love with "Clementina," display unwillingness to have him marry a girl lacking name or fortune, "Charlotte" gives "Delia" permission to adopt the girl legally, an arrangement which satisfies the boy's parents.

On the night before "Clementina's" wedding "Charlotte" insists upon going to her daughter's room and talking to her as her mother, but decides, after she has entered, to continue her chosen role of aunt. "Delia" later coaches "Clementina" to be kind to her "Aunt Charlotte" next day and when the wedding is over "Charlotte" and "Delia" look forward to years of growing old together with only the embers of their parallel loves for the long departed "Clem" and his child to warm them.

Naturally, the picture is sombre, a fine study of frustration, of conflicting emotions, of unnatural suppressions which blight two lives for the sake of a third. It paints with utter lucidity a period and the social code of that period. It tells a sad story brilliantly.

The Misses Davis and Hopkins, as "Charlotte" and "Delia," give sterling performances, as evenly weighted as matched pearls. Mr. Crisp plays again the family doctor he has made something of a classic and Jane Bryan is ideal as the buoyant love child grown up. Louise Fazenda adds notably to the effectiveness of the support. George Brent dies early in the picture.

Stanley and Livingstone

(Twentieth Century-Fox)

Historical Narrative

Here is told, with manifest fidelity to available record, the story of New York *Herald* reporter Henry M. Stanley's search for British missionary Dr. David Livingstone in Africa, long a favorite adventure story of growing boys. An international controversy of enduring proportions in the closing years of the 19th century, and of course, granddaddy of all the stories about newspaper reporters who follow their assignment through hell and high water, it makes a commanding picture of distinctly unusual cut.

As produced for Darryl F. Zanuck by associate producer Kenneth Macgowan and directed by Henry King, the film is free of interpolated heroics designed to divert the ignorant and full of an almost documentary earnestness that accomplishes a screen result no fictional adventure achieves. As enacted by Spencer Tracy and Sir Cedric Hardwicke, the now almost legendary characters named in the title measure up to idealizations of them crystalized by a thousand tellings of their story. There is no humor in the film, and the only romance in it is of the unspoken variety, but there is warmth and depth and a power that seems to derive from vastness of subject matter and sincerity of its treatment.

The picture takes up Stanley's story at the point of his assignment by James Gordon Bennett to find Dr. Livingstone and leaves off at the point of his victory over scoffing British geographers who have doubted the story of his success. Most of the interviewing footage presents, in a technique akin to the newsreel, Stanley's penetration of the dark continent, his meeting with Livingtone, his experiences while in the missionary's company and, read in off screen voice by Tracy as the safari picks its way through the jungle, passages from Stanley's diary. This is a most effective narrative device.

The screen play by Philip Dunne and Julien Josephson is based on historical research by Hal Long and Sam Hellman. Evident throughout its straightly drawn development is a faithfulness to fact and a disdain for fabrication which combine to produce an effect of utter authenticity.

Elsa Maxwell's Hotel for Women

(20th Century-Fox)

Career Story

To exhibitors with vision and courage and, above all, showmanship ability, "Elsa Maxwell's Hotel For Women" offers unusual opportunities. We call it a "career story," for, as far as fundamental plot is concerned, all it does is trace the meteoric rise and swift fall of a country girl who ventured into New York. Yet it is a moving human narrative; one that plays upon sentimentality but remains light and gay. It tells of the loves, jealousies, adventures and intrigues of a group of women, most of whom are very young, who live in a hotel from which men are barred. While telling its story, this lavishly produced picture teems with charm and glamour. Still, it's not sophisticated. It will arouse much attention in the metropolitan centers and promises to be successful any place where sincere human interest entertainment is appreciated.

In essence, "Hotel For Women" is a deft blending of the "Grand Hotel" and "Stage Door" plots.

When it comes down to the use of names to interest the public in this picture, there is no lack of personal worth with which to work. Ann Southern, who has been around for quite a while but didn't get much recognition until her talent was discovered in "Maisie" is the featured actress. Then there is a small platoon of femininity, Jean Rogers, Lynne Bari, June Gale, Katharine Aldridge, Amanda Duff, Ruth Terry and others. And there is Elsa Maxwell herself, one of the most unique personalities in the public eye today. James Ellison is the boy who turns hero in the nick of time; John Halliday plays the philanderer who is shot; and the other masculine roles are filled by Alan Dinehart, Sidney Blackmer and Barnett Parker. But all of them, older and more experienced, played second fiddle in audience estimation to Darryl F. Zanuck's latest discovery, Linda Darnell, the country girl who makes good without going wrong in a big city. Of the many newcomers 20th Century-Fox has presented in the past several years, she, in this picture, looks most promising. Naturally amateurish, she seems to have the stuff of which the stars of tomorrow are made. She has looks and personality and an evident latent ability. The preview crowd recognized her and it is very likely that general audiences will.

Produced under the supervision of Mr. Zanuck, with Raymond Griffith in direct charge, the story told is a product of the combined imagination and writing finesse of Kathryn Scola, Darrell Ware and Elsa Maxwell. Under Gregory Ratoff's direction it teems with engaging, intriguing situations and is laced with smartly clever dialogue.

Previewed at Village Theatre, Westwood. It excited the attention and stimulated the emotions of those who saw it.—Gus McCarthy.

Produced and distributed by 20th Century-Fox. Raymond Griffith Associate producer. Darryl F. Zanuck in charge of production. Directed by Gregory Ratoff. Screen play by Kathryn Scola and Darrell Ware. Range War

(Paramount - Harry Sherman)

Western

"Range War," first of Hopalong Cassidy Pictures for Paramount's new season program, maintains the high entertainment, artistic and exploitation standards established by Producer Harry Sherman in previous numbers of the series. Possessed of all the action, comedy, semi-mystery, excitement and suspense to suit the most exacting demands, Russell Harlan's fine photography of beautiful natural scenic backgrounds adds greatly to the film's entertainment value.

In this episode Hopalong Cassidy is forced to turn priest and stage coach robber in turn to halt the depredations of "Collins," who is exacting usurious tribute from cattle raisers who must ship cattle through his range while they are trying to build a railroad.

Between robberies and sabotaging construction of a railroad "Collins" and his henchmen drive the ranchers to desperate straits. But "Hopalong," aided by "Lucky" and "Speedy" quickly gets to the bottom of the deviltry and by a clever bit of strategy, plus the customary gun-roaring battle, rounds up "Collins" and his bad men.

Fast moving, yet containing more than the usual amount of comedy plus a romantic love story twist which does not interfere with slam bang action, the production is full of those western elements common to exciting adventure features.

Previewed at General Service studio projection room to a press guest audience which frequently applauded the photography and work of the players.—G. M.

Produced by Harry Sherman. Directed by Lesley Selander. Based on an original story by Josef Montaigue. Screen play by Sam Robins. Additional dialogue by Walter Roberts. Our Leading Citizen

(Paramount)

Questions and Answers

While various studios have been sending up trial balloons in the syndicated movie columns with a view toward finding out, free, how the public feels about having this or that problem of the day solved painlessly for the population on the motion picture screen, the ancient and honorable House of Paramount has been proceeding quietly about the business of bundling up several subjects about which Congressmen and newspaper editors seem somewhat indecisive and disposing of them, in bulk, in a single film. Naturally, therefore, "Our Leading Citizen" is an extraordinary picture, not the least extraordinary aspect of it being its complete fitness for incidental service to the entire art-industry as a trial balloon-to-end-trial balloons in this indubitably important matter.

The personal star of this production is Bob Burns and the new news for showmen to tell their customers about it and him is that it's different from anything he's been cast in and he's different in it from what he's been in anything else. It derives from a story by Irvin S. Cobb, whose name is box office to the Burns public, and he has as cast associates the versatile Gene Lockhart, villainous Charles Bickford, austere Elizabeth Patterson, oncoming Susan Hayward and, in a role as unlike his accustomed stint as Burns' is like his, the capable Clarence Kolb, names enough for anybody's marquee. What with Burns plugging the picture steadily on Bing Crosby's radio program, and Paramount giving it a pyrotechnical premiere in the star's home town, ways and means of exploiting the attraction locally seem to have been abundantly provided.

The matters these players are given to attend to in John C. Moffitt's screen play include a number of things most thinking citizens would like to have attended to at once and for all time. The picture purports to show how this can be done (it boils down to simply finding an utterly honest man for each seat of power).

Chief among the live issues dealt with is the one that used to be called Capital vs. Labor. Other questions answered include the one about whether or not American industrialists should count on selling goods to foreign nations if said nations go to war and the one about what to do with Communist agitators. Employers' prerogatives, employees' rights, collective bargaining and other matters pertained to by the Wagner act also are treated.

Burns plays his role straight. There is practically no humor in the picture. Alfred Santell

Irish Luck

(Monogram)

Crime Melodrama

This will be the fourth in a series of pictures in which Frankie Darro has been starred by Monogram. This time he will be cast as a bell boy in a metropolitan hotel and as a lad whose penchant for amateur detecting is continually getting him into trouble. However, as he gets into all sorts of trouble himself and involves others in dangerous predicaments, he is instrumental in unravelling a mysterious robbery and murder case that clears an innocent young man of complicity and traps the culprits.

Dick Purcell will be seen with Darro again and the principal supporting cast will feature Lillian Elliott, Sheila Darcy, Dennis Moore, Mantan Moreland and Howard Mitchell.

Origin of the screen play which March McCarthy prepared is "Death Hops the Bells" of which Charles M. Brown is the author. It is being directed by Howard Bretherton.

Release date: *August 22*, 1939.

Bad Company

(Universal)

Oil Field Melodrama

A lot of titles, of which this label is one, concocted nowadays don't even make a remote pretense of defining the thematic subject matter of the productions they are presumed to identify. Such a designation as "Bad Company" is wide open for lots of interpretations as the designation for an action adventure story of the Texas oil fields.

Be that as it may, "Bad Company" will detail a few episodes in the life of a quick witted, courageous Irish-American lad, who without influence or money and with only the help of a rascally English expatriate and a son who wants to aid a scapegrace father in regenerating himself, beats a scheming promotor at his own game and brings in a million dollar gusher. Production background, of course, demands that much exciting action, spectacle and human interest will amplify the theme.

Jackie Cooper and Freddie Bartholomew, last together in "The Spirit of Culver," will be starred and featured. The supporting cast will include Alan Dinehart as the unscrupulous financier, Melville Cooper, seen in "Robin Hood," "Dawn Patrol," and "The Sun Never Sets," who will play the renegade, and Dorothy Peterson and J. M. Kerrigan.

Charlie Chan at Treasure Island

(20th Century-Fox)

Comedy Mystery

Excitement plus mystery, comedy, and romance are the ingredients being blended in this newest Charlie Chan feature. With Treasure Island, the site of San Francisco's Fair as the setting, thrills that provide smiles and chills are promised to pile upon one another from the moment a China Clipper flies through the Golden Gate with a mysteriously dead man aboard until the final moment when the great Oriental detective traps the least suspected character as the perpetrator of a bizarre crime.

The story also will expose the activities of a blackmailing fake psychic medium who preys upon the gullible in all walks of life.

Sidney Toler will be seen again as Charlie Chan. For feature support he will have Cesar Romero, now in "Frontier Marshal"; Pauline Moore, Sen Yung who became Chan's number one son when Toler inherited the title role, Douglas Fowley, June Gale, Douglas Dumbrille, Sally Blaine, Wally Vernon and Donald McBride.

John Larkin prepared the original screen play and the production is being directed by Norman Foster who handled "Charlie Chan in Reno."

Release date: *September* 8, 1939.

Death of a Champion

(Paramount)

Comedy Mystery

There are some interesting facts about "Death of a Champion" that exhibitors should find it advantageous to know. Basis of the production is one of Frank Gruber's stories which appeared in *Black Mask Magazine,* one of the most widely circulated pulp magazines. It was adapted by Stuart Palmer and Cortland Fitzsimmons and is being directed by Robert Florey.

The picture will introduce a picturesque new detective character, Oliver Quade, to theatre audiences. Quade is successful in peddling encyclodepias by the simple process of demonstrating that he has learned the answers to every question. He dabbles in solving crimes as a side line. This role will be played by Lynne Overman. Featured with him will be young Donald O'Connor and such personable and capable players as Robert Paige, Joseph Allen, Jr., Virginia Dale, Susan Paley, Harry Davenport, Frank M. Thomas, Pierre Watkin, May Boley, Grace Hale, Hooper Atchley and Guy Usher.

It is promised that the picture will be one of the most exciting, baffling and amusing mysteries of the year. At least it has all the necessities—suspense, action, thrills and numerous killings in it.

Release date: *September* 1, 1939.

Television Spy

(Paramount)

Television Melodrama

"Television Spy" will show what a marvelous medium television will be when it gets here. It won't be a scientific film. As a matter of fact it will be a melodramatic exposition of international intrigue and, of course, a love story, founded upon an attempt to steal a television invention with almost everything that happens happening via television. However the spies fail in their battle with the courageous young scientist and, true to picture making technique, the heroic lad and the menaced girl fall in love (via television) in the end.

The picture will feature William Henry, who before this production's release will be seen in a strong role in "Geronimo," and another member of the studio's "Golden Circle of New Faces," Judith Barrett. For support they will have the services of William Collier, Sr., Richard Denning, Anthony Quinn, John Eldredge, Minor Watson, Morgan Conway and quite a contingent of lesser known players.

"Television Spy" is based on a story by Andre Boehm which William Lipman and Horace McCoy adapted and which Edward Dmytryk is directing.

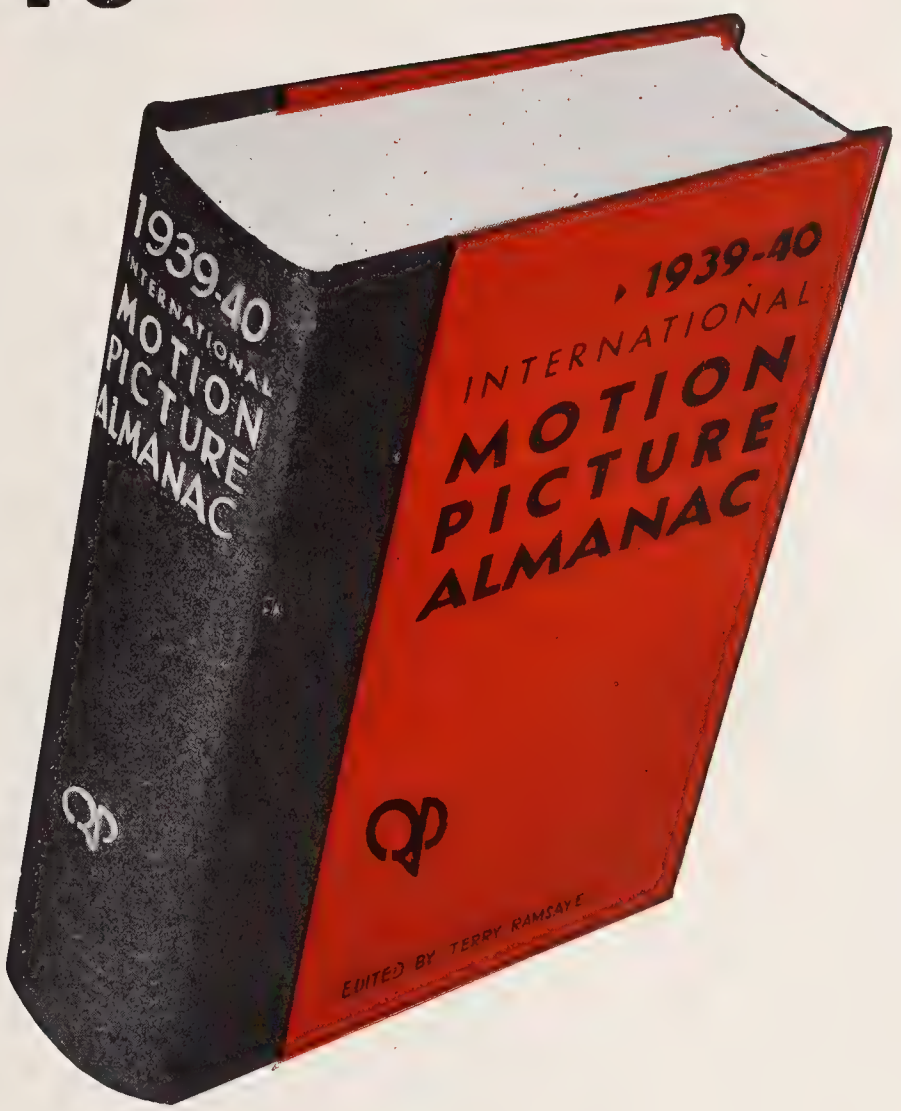
The television consciousness of many people is a natural exploitation angle of which showmen may elect to make use.

Release date: *September* 8, 1939.

The Fighting Gringo

(RKO-Radio)

Western



The locale of this newest George O'Brien adventure film is the southwestern part of Texas, near the Mexican border, of 60 years ago. Use will again be made of all those features and angles which have elevated its star to high rank among western actors.

In his 14th consecutive RKO-Radio picture, O'Brien will have the support of a carefully chosen cast. His leading lady, Lupita Tovar, is by no means a newcomer to film audiences and such troupers as Lucio Villegas, Leroy Mason, William Royle, Glen Strange, Slim Whittaker, Ben Corbett and Martin Garralaga have long been active in outdoor adventure films.

The behind the scenes personnel have been closely identified with George O'Brien pictures. Bert Gilroy has produced nine of them, David Howard has directed 21, and Oliver Drake has written the screen plays for seven or eight.

Miracles for Sale

(M-G-M)

Melodrama

MGM's "Miracles for Sale" is an unusual picture, based on the activities of a former magician who makes a living creating and selling illusions to other artists. It is the type of film on which showmen can go the limit in the way of exploitation campaigns. Frankly melodramatic in style, the film, which features Robert Young and Florence Rice, met with hearty approval at the preview.

Supporting Young and Miss Rice are Frank Craven, Henry Hull, Lee Bowman, Cliff Clark, Astrid Allwyn, Walter Kingsford, Frederic Worlock, Gloria Holden and William Demarest.

Tod Browning directed from a screenplay by Harry Ruskin, Marion Parsonnet, and James Edward Grant who adapted the book by Clayton Rawson.

"Morgan," attempting to prevent a seeress from seeking $25,000 posted by a psychic research organization to be given to anyone communicating with the dead, becomes involved in two murders. He follows the slender clues through a set of eerie circumstances and finally uncovers the killer.

Colorado Sunset

(Republic)

Musical Western

From a screenplay by Betty Burbridge, who probably has written more western stories than any other woman writer in Hollywood, and directed by George Sherman, Republic has prepared another in their series starring Gene Autry and Smiley Burnette. Gene and Smiley are not alone in this picture in rendering their songs. This time they share the melodies and musical accompaniment with the KMBC Texas Rangers and Patsy Montana. Of course the really humorous singing as well as the rest of the comedy angles in the picture are given to Smiley Burnette.

William Farnum and Elmo Lincoln, stars of a few years back, are in a few of the scenes. The rest of the cast, including June Storey, Barbara Pepper, Larry "Buster" Crabbe and Robert Barret, lend name value to the picture that might be exploited and they handle their parts ably enough to more than hold audience interest.

Gene, "Frog" and the Texas Troubadours run into difficulty when they buy a ranch but discover it is a dairy farm which includes a contract to deliver a specified quantity of milk. The neighboring dairymen are unable to deliver the milk because a gang, who they believe are hired by a trucking firm, wrecks their wagons. Gene investigates and finds that it is not the trucking company but a local veterinarian who is trying to control the milk distribution. Gene runs for sheriff and, with the aid of a musical campaign staged by "Frog," "Patsy" and the Texas Troubadours, wins.

As sheriff Gene uncovers the whole plot and the gang is driven from the county.

The action shots and photography, taken by William Nobles and edited by Lester Orlebeck, along with the musical composition of the picture make it an ideal western for the Autry fans.

Fugitive at Large

(Darmour-Columbia)

Melodrama

Jack Holt appears in a dual role in "Fugitive at Large," the latest of the Larry Darmour productions for Columbia release. A story of injustice in which an innocent man is sent to jail because of a mistaken identity, "Fugitive at Large" is a compactly made, well knit piece of entertainment of its particular kind.

Supporting the perennial Holt are Patricia Ellis, Stanley Fields, Guinn Williams, Arthur Hohl, Cy Kendall, Jonathan Hale, Leon Ames, Don Douglas, Weldon Heyburn, Ben Weldon and Leon Beauman.

Lewis D. Collins directed from the screenplay and adaptation by Eric Taylor and Harvey Gates, from Taylor's original story. Rudolph Flothow was associate producer.

The mistaken identity case motivates the plot as "Storm," convicted of a payroll robbery, is sent to the chain gang. Escaping, he seeks to find the real criminal, "Farrow," whom he has never seen. Caught by the police again, "Storm" is unsuccessful in presenting his story until the real criminal emerges for another robbery.

Island of Lost Men

(Paramount)

Melodrama

This is double-dyed-in-the-wool melodrama, and its thrills are yards deep and just as wide. A tongue-in-the-cheek spine-chiller, "Island of Lost Men" is a production that audiences cannot help talk about. Aware undoubtedly of the great popularity of lurid adventure stories such as propagated by pulp magazines, producer Eugene Zukor and director Kurt Neumann took the bizarre story of Norman Reilly Raines and Frank Butler, made into a robust screen play by William R. Lipman and Horace

McCoy, and with the capable acting of Anna May Wong, J. Carroll Naish, Eric Blore, Anthony Quinn, Ernest Truex, Rudolph Forster, William Haade and Broderick Crawford, plus regiments of jungle savages, turned it into a picturesque and spectacular piece of screen merchandise.

From the sinister streets of Singapore, "Kim Ling," luring on yet lured by the cold blooded Eurasian "Prim," follows him into the fastnesses of his jungle kingdom, hoping thereby to find trace of her missing father, a long lost Chinese General.

The picture is wide open for flamboyant exploitation, and the farther one permits his imagination to run in concocting weird ideas the more favorable public reaction is likely to be.

Previewed in the Paramount studio projection room to a press and guest audience. Applause at the end indicated satisfaction with the return of blood and thunder melodrama. —G. M.

In Name Only

(RKO-Radio)

True Love Triumphs

What to do about getting the active generation in to see a picture offering Carole Lombard, Cary Grant and Kay Francis in the top spots is printed on page one of the practical showman's exploitation manual. What to do about getting in the oldsters, those stay-at-homes who say the theatre isn't what it used to be and save their money, is suggested in the title of this offering and the suggestion is backed by the material. The film is a modern and varied treatment of the wife-in-name-only theme that was as dependable as "East Lynne" in the Gay Nineties and, in the absence of proof to the contrary, still is.

By way of modernizing the subject matter, the story is timed as of now and it is the other woman instead of the wife who does the suffering. She doesn't suffer all the time, though, and never in the lachrymose extreme that used to be fashionable. In fact, the best moments of the picture are the humorous ones, of which there are many, possibly as many as the other kind. Sometimes, in these stretches, audience laughter drowns out dialogue. Present and accounted for, however, are the Christmas sequence and the bedside finale, although it is the husband instead of one of the women who's teetering on the brink of death when the villainess is exposed and the way for a happy ending cleared.

Miss Francis is not too frigid and altogether credible as the wife who refuses to divorce her rich husband so that he can marry the honest young widow. Grant plays the distressed husband without a touch of the stuffed shirt manner but, on the contrary, with spirit, unfailing humor and complete conviction. Miss Lombard has to do some crying and gets into a modern version of the traditional black cloak for the emotional showdown at the finish, but prior to that she makes good use of ample opportunities to display her easy command of gay mood.

Richard Sherman's screen play is from "Memory of Love," a novel by Bessie Breuer, and the producer, George Haight, supplied superb facilities for its presentation. John Cromwell, director, brought out some especially fine acting in key spots, breaking the strain with nice judgment. By the time the story gets down to where the villainess betrays herself and makes a happy ending possible, the preview audience was affected to the point of booing her just as in the old days.

Harvest

(French Film Center)

Gallic Garden of Eden

It is probable that the critical hullabaloo of charges and counter charges concerning this picture may becloud the important item of evaluating the production from a pictorial and entertainment point of view. For all its poetic intentions and the paeans of praise that its sponsors will sing, the back to the land plea voiced by the production is given an unsatisfactory and incomplete treatment.

For all its concern with the good earth, the camera has failed to give the spectator the feeling of farm life and the sense of growing things upon it.

The plot of the piece would seem to be chiefly framed along the designs of that customary cinema cliche of "boy meets girl" or rather in view of its earthy connotations, "mate meets mate." "Panturle," a rather aboriginal and eccentric farm recluse, finds himself a companion and worker when "Arsule" fishes him out of a pond into which he has fallen from a tree while ogling her pulchritudinous appearance. Being an earth bound fable, the writing has no time for full explanation as to why the woman should desert her present lover, "Gedemus," a knife grinder, outside of the fact that she objected to the double assignment of being the man's beast of burden and plaything of desire.

Previewed for an invited audience composed of cultural and educational classes, who watched the proceedings with pencil and book in order to record their reaction as a contribution to the collection of comment held at the completion of the screening.—Joseph F. Coughlin.

SHORT SUBJECTS

March of Time, Vol. 5, No. 13

(RKO Radio)

Metropolis—1939

March of Time has prepared a unique film on Manhattan for the many persons who will be unable to visit New York during the World's Fair. Showing first the various nationalities who live in the city and the foreign atmosphere which they preserve in their surroundings, the camera takes the audience through Chinatown, Harlem, Little Italy, Yorkville and other sections. The second part of the film brings to the screen the activities and duties of New York's finest, the police department. Scenes of a criminal line-up at police headquarters, how emergency calls are answered, the intricate mechanism that keeps the New York police in constant communications with the rest of the country, and other phases of police work are included. This is one of the most interesting subjects of the series.—Running time, 18 minutes.

The Memory Lingers On

(Bert Ennis)

Screen Memories

Bert Ennis has prepared a second in the series of his short subjects dealing with memorable events and persons that made news a few decades back. Among the events that personalities highlighted are the sinking of the Maine in Havana Harbor that sent two nations into war, President Theodore Roosevelt at work and at play, Amelia Earhart's memorable flight to Ireland and the never to be forgotten Dempsey-Firpo fight. The reel is also spiced with humor and adventure with Charlie Chaplin in a scene from one of his pie-throwing fights with Mack Swain; Mary Pickford resisting the advances of the villain until she is rescued by the hero; Douglas Fairbanks, Sr., in his breath taking fights and daring stunts, and the forming of the United Artists Corporation by D. W. Griffith, Mary Pickford, Douglas Fairbanks, Sr., and Charlie Chaplin. Judging from the audience reaction at the Radio City Music Hall, the second of this series of short subjects was a success.—Running time, ten minutes.

Will Osborne and His Orchestra

(Vitaphone)

Melody Master

A regulation orchestral act is made a bit different and enjoyable by the addition of novel renditions and a sense of the ridiculous in this newest number from the Melody Master billing, featuring Will Osborne and his band. Besides the maestro, some pleasing song chatter is offered by vocalists, Lynn Davis and Dick Rogers. As for the rest of the company, they blow and strum on their instruments to tuneful and satisfactory results.—Running time, 10 minutes.

A MONOGRAM PICTURE

WHAT THE PICTURE DID FOR ME

Columbia

CALLING OF DAN MATTHEWS, THE: Richard Arlen, Charlotte Wynters—Double billed this and just got by.—George Khattar, Casino Theatre, Whitney Pier, Sydney, Nova Scotia, Canada. General patronage.

CLOUDS OVER EUROPE: Laurence Olivier, Valerie Hobson, Ralph Richardson—Hang the press sheet with the Sears-Roebuck catalogue and send the trailer back. Columbia, after furnishing the money for this production, ruthlessly threshed out a stereotyped campaign centering around hackneyed advertising blobs such as "thrills and chills," "he risked his neck for the woman he loved," "a timely expose of spy problems in war shrouded Europe." "Clouds Over Europe" pokes fun and delicious fun at the whole rigamarole of spies and international relations, makes a thoroughly enjoyable farce of just those things Columbia seeks to promote as the real values in the film. This English production starring Ralph Richardson (than whom there is no one more pleasing and capable in films today) and Laurence Olivier (an outstanding star who possesses originality and individuality), is one of the most clever, most amazing and decidedly the most delightful film we have had the good fortune to exhibit to the public in many a moon. In fact, after careful consideration, we have notched out a berth for "Clouds Over Europe" in a group of the 25 best films ever to have graced our screen. Played July 6-7.—C. T. Cooney, Jr., Waldo Theatre, Waldoboro, Maine. General patronage.

FIRST OFFENDERS: Walter Abel, Beverly Roberts, Johnny Downs—Another so-so programmer that boasts of a good moral and that's just about all. Slow moving and misses fire. Patrons comment non committal.—Theodore J. Friedman, Strand Theatre, Suffern, N. Y. General patronage.

MY SON IS A CRIMINAL: Alan Baxter, Jacqueline Wells—Just fair to middling production which will never be rated above the low program class. Columbia seems to be lacking something this year.—Theodore J. Friedman, Strand Theatre, Suffern, N. Y. General patronage.

OUTSIDE THESE WALLS: Michael Whalen, Virginia Weidler, Dolores Costello—An entertaining program picture. It seemed to be enjoyed by our patrons. Nothing exceptional but will get by. Running time, 59 minutes.—Theodore J. Friedman, Strand Theatre, Suffern, N. Y. General patronage.

First National

ANGELS WITH DIRTY FACES: James Cagney, Pat O'Brien, Ann Sheridan, "Crime School Kids," Humphrey Bogart—Strike up the band, boys. Here's dynamite and plenty powerful and be sure your box office has an extra drawer. After playing this any exhibitor should be able to take a long vacation and a happy one.—George Khattar, Casino Theatre, Whitney Pier, Sydney, Nova Scotia, Canada. General patronage.

DARK VICTORY: Bette Davis, George Brent, Humphrey Bogart, Geraldine Fitzgerald—One that the ladies will love. After the first show, mouth-to-mouth advertising will take care of you. I think it is one of the best shows of the season. It is just natural. Played July 17-18.—Bud Davis, Ritz Theatre, Roanoke, Ala. Small town patronage.

MAN WHO DARED, THE: Charles Grapewin, Jane Bryan—Built around a snatch and not so good and another thing that is not so good either is this is another gangster picture. Ask the patrons and you sorrowfully admit that it is and that you are in a crack for pictures and that against your better judgment they must suffer through what they have seen so many of this season. When you figure that from all your contracts you get 40 that are built around killings is it any wonder that business is not so good? The public is punch drunk with gangster pictures.—A. E. Hancock, Columbia Theatre, Columbia City, Ind. General patronage.

Grand National

WALLABY JIM OF THE ISLANDS: George Houston—A honey and one any exhibitor can use on the week-end where action and thrills are in demand.—George Khattar, Casino Theatre, Whitney Pier, Sydney, Nova Scotia, Canada. General patronage.

IN this, the exhibitors' own department, the theatremen of the nation serve one another with information on the box-office performance of product for their mutual benefit. It is a service of the exhibitor for the exhibitor. Address all communications to—

Rockefeller Center, New York

Liberty

SCHOOL FOR GIRLS: Sidney Fox, Paul Kelly, Lois Wilson—This is quite old and can safely say it drew much bigger houses than many specials.—George Khattar, Casino Theatre, Whitney Pier, Sydney, Nova Scotia, Canada. General patronage.

Metro-Goldwyn-Mayer

GIRL DOWNSTAIRS, THE: Franchot Tone, Franciska Gaal, Walter Connolly—A very fine comedy. Suitable for a double bill. Played to nice week-end business.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

IT'S A WONDERFUL WORLD: James Stewart, Claudette Colbert—Right up the old alley for a small town exhibitor is this mystery comedy. Both of the stars did themselves proud and the supporting cast is excellent. A good picture that should do business. Running time, 85 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

LUCKY NIGHT: Robert Taylor, Myrna Loy—Robert Taylor and Myrna Loy make a grand team. It is not the best picture in the world but it will please. One that most everyone will enjoy. It will stand up on any program. Just step on the name and the picture will take care of itself. Played July 9-10.—Bud Davis, Ritz Theatre, Roanoke, Ala. Small town patronage.

STRONGER THAN DESIRE: Virginia Bruce, Walter Pidgeon—Good programmer. Running time, 70 minutes.—W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

TELL NO TALES: Melvyn Douglas, Louise Platt—Good little B picture. Running time, 65 minutes.—W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

Monogram

MR. WONG, DETECTIVE: Boris Karloff, Grant Withers—A company that puts such as this on the market ought to be arrested for stealing because you know when you sell them a ticket to see it you know they are not going to see anything. I have a good trade on my late show Saturday nights but one or two more like this and it will be curtains for me. Played July 15.—Bud Davis, Ritz Theatre, Roanoke, Ala. Small town patronage.

WOLF CALL: John Carroll, Movita—Surprisingly good for an inexpensive picture. Our audience liked it; so will yours. Running time, 65 minutes. Played July 22-25.—W. C. Lewellen, Uptown Theatre, Pueblo, Col. General patronage.

Paramount

BOY TROUBLE: Charles Ruggles, Mary Boland—A good little picture that appealed to the family trade. Cannot really stand alone but good entertainment on a double bill.—Theodore J. Friedman, Strand Theatre, Suffern, N. Y. General patronage.

GRACIE ALLEN MURDER CASE: Gracie Allen, Warren William, Ellen Drew, Kent Taylor—This picture is alright as a screwball comedy but Paramount's record for poor pictures is militating against us in the matter of grosses. You just can't kid the picture going public any more. They have graduated with high honors in selecting what they want to see.—A. E. Hancock, Columbia Theatre, Columbia City Ind. General patronage.

HERITAGE OF THE DESERT: Evelyn Venable, Donald Woods—Better than average western. Running time, 73 minutes.—W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

I'M FROM MISSOURI: Bob Burns, Gladys George—Good picture to good business. All Bob Burns' pictures are good. Running time, 80 minutes.—P. G. Held, New Strand Theatre, Griswold, Iowa. General patronage.

INVITATION TO HAPPINESS: Fred MacMurray, Irene Dunne—Fairly good picture which failed to draw. Played July 19-20.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

INVITATION TO HAPPINESS: Irene Dunne, Fred MacMurray—Prize fight picture of mediocrity. The ladies don't like prize fighting and the men evidently didn't like the title. So at the box office you are on a limb and someone had a saw. Second day of run 40 paid admissions and three deadheads. Bring on the Townsend plan.—A. E. Hancock, Columbia Theatre, Columbia City, Ind. General patronage.

KING OF CHINATOWN: Akim Tamiroff, Anna May Wong—Just a program picture that just about squeezes by. If I were using baseball scoring, no runs, no hits, no errors.—Theodore J. Friedman, Strand Theatre, Suffern, N. Y. General patronage.

MIDNIGHT: Claudette Colbert, Don Ameche, John Barrymore, Francis Lederer, Mary Astor—Good program picture. No special. Running time, 94 minutes.—P. G. Held, New Strand Theatre, Griswold, Iowa. General patronage.

Republic

HEROES OF THE HILLS: Three Mesquiteers (Bob Livingston, Ray Corrigan, Max Terhune), Priscilla Lawson—Another good one with the favorites, Three Mesquiteers.—George Khattar, Casino Theatre, Whitney Pier, Sydney, Nova Scotia, Canada. General patronage.

MEXICALI ROSE: Gene Autry, Smiley Burnette—What a relief it is to run a western of this kind. He

is one cowboy that certainly elevated westerns to a higher plane. I do not know how it is with other houses but with my house, when you show Gene Autry, I show to the same crowd of people that I do to some special outstanding attraction. Business always good in anything that Gene makes. Played July 15.—Bud Davis, Ritz Theatre, Roanoke, Ala. Small town patronage.

OUTLAWS OF SONORA: Three Mesquiteers (Bob Livingston, Ray Corrigan, Max Terhune)—A dandy. As good a western that any exhibitor would like to play.—George Khattar, Casino Theatre, Whitney Pier, Sydney, Nova Scotia, Canada. General patronage.

PRAIRIE MOON: Gene Autry, Smiley Burnette, Shirley Deane—Gene very good as usual and pleased. Cannot see where this star will outdraw Dick Foran or Buck Jones.—George Khattar, Casino Theatre, Whitney Pier, Sydney, Nova Scotia, Canada. General patronage.

RED RIVER RANGE: Three Mesquiteers (John Wayne, Ray Corrigan, Max Terhune), Lorna Gray, Polly Moran—These are the type of pictures that enable us to keep our doors open during this slump.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

RHYTHM OF THE SADDLE: Gene Autry, Smiley Burnette, Peggy Moran—Another Autry that pleases. —George Khattar, Casino Theatre, Whitney Pier, Sydney, Nova Scotia, Canada. General patronage.

WYOMING OUTLAW: Three Mesquiteers (John Wayne, Ray Corrigan, Raymond Hatton), Donald Barry—Pretty good western which did average business. Played July 21-22.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

RKO Radio

ALMOST A GENTLEMAN: James Ellison, Helen Wood—A swell program picture. Fine for Friday and Saturday. Running time, 58 minutes.—P. G. Held, New Strand Theatre, Griswold, Iowa. General patronage.

LOVE AFFAIR: Irene Dunne, Charles Boyer—Very much enjoyed by my patrons. A refreshing story and the kids were great. Can recommend this one. Running time, 80 minutes. Played July 6.—A. L. Dove, Bengough Theatre, Bengough, Saskatchewan, Canada. Rural and small town patronage.

ROOKIE COP: Tim Holt, Virginia Weidler, Frankie Thomas—OK for Saturday. Running time, 60 minutes. —P. G. Held, New Strand Theatre, Griswold, Iowa. General patronage.

SORORITY HOUSE: Anne Shirley, James Ellison —Played with "Timber Stampede." Make a good double bill. Both entertaining. Running time, 61 minutes.—W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

TIMBER STAMPEDE: George O'Brien, Marjorie Reynolds—Played with "Sorority House." Make a good double bill. Both entertaining. Running time, 61 minutes.—W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

TROUBLE IN SUNDOWN: George O'Brien, Rosalind Keith, Ray Whitley—Good western with a good story and good acting. O. K. for Saturday. Running time, 60 minutes.—P. G. Held, New Strand Theatre, Griswold, Iowa. General patronage.

Twentieth Century-Fox

GORILLA, THE: Ritz Brothers, Anita Louise, Patsy Kelly, Bela Lugosi—Weak lower half. Running time, 65 minutes.—W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

HOUND OF THE BASKERVILLES, THE: Richard Greene, Basil Rathbone, Wendy Barrie, Nigel Bruce—Fox certainly pulled a boner with this thing. Richard Greene was ace at my house but two or three more like this and he will be a gone duck. To start with, the title was terrible and it is in keeping with the picture because it is the same way. All in all, it is just nothing. Played July 14.—Bud Davis, Ritz Theatre, Roanoke, Ala. Small town patronage.

JESSE JAMES: Tyrone Power, Henry Fonda, Nancy Kelly, Randolph Scott—A really swell picture! Well acted, a superb cast, and good box office appeal. I would like to say that the acting of Henry Fonda steals the show.—Theodore J. Friedman, Strand Theatre, Suffern, N. Y. General patronage.

MYSTERIOUS MR. MOTO: Peter Lorre, Mary Maguire, Henry Wilcoxon—Very good. Business average.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

NEWS IS MADE AT NIGHT: Preston Foster, Lynn Bari—Newspaper yarn cleaning up city crime, and furnishes plenty of laughs and thrills. A good programmer. Running time, 73 minutes. Played July 23.—Bob Elliano, Palace Theatre, Torrington, Conn. General patronage.

SUBMARINE PATROL: Richard Greene, Nancy Kelly, George Bancroft, Preston Foster—A very good programmer that satisfied. This picture seemed to have action, romance and a bit of comedy. No adverse criticism.—Theodore J. Friedman, Strand Theatre, Suffern, N. Y. General patronage.

TAIL SPIN: Alice Faye, Constance Bennett, Nancy Kelly, Joan Davis, Charles Farrell—Here is a picture that I had set for two days and pulled it out and set it in for one day. Was a little skeptical about it. Everybody knows the girls can't fly but it is a good make-believe. The patrons will enjoy it. Played July 13.—Bud Davis, Ritz Theatre, Roanoke, Ala. Small town patronage.

THANKS FOR EVERYTHING: Adolphe Menjou, Jack Oakie, Jack Haley, Arleen Whelan, Tony Martin—A screwball show if there ever was one. There is some comedy but otherwise I don't see any reason for this picture.—Theodore J. Friedman, Strand Theatre, Suffern, N. Y. General patronage.

YOUNG MR. LINCOLN: Henry Fonda, Alice Brady, Marjorie Weaver, Arleen Whelan—Good picture. I didn't do any business with it. My folks didn't take to it. Very little action and short on entertainment. Not a laugh nor a cry. I should say see it first before you give it extended time. I don't believe it's good enough. Running time, 101 minutes. —W. L. McPhee, Strand Theatre, Old Town, Maine. General patronage.

YOUNG MR. LINCOLN: Henry Fonda, Alice Brady, Marjorie Weaver, Arleen Whelan—Good picture and good business. Should have played it on Sunday. No complaints but many compliments on it. Running time, 101 minutes. Played July 17-18.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

United Artists

STAGECOACH: Claire Trevor, John Wayne, Andy Devine, George Bancroft, Thomas Mitchell, Louise Platt—A very good picture that did us extra business. Had our times been normal and our factories humming, I think we would have had real business.—Harold Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

TOPPER TAKES A TRIP: Roland Young, Constance Bennett, Billie Burke, Alan Mowbray—Good comedy that did quite well at the box office. Running time, 82 minutes.—P. G. Held, New Strand Theatre, Griswold, Iowa. General patronage.

WUTHERING HEIGHTS: Merle Oberon, Laurence Olivier, Geraldine Fitzgerald, David Niven, Flora Robson—A box office flop. This may get raves among the critics who do not pay to get in but among cash customers it's a picture to skip. Do not think too many liked it. Too bad. Running time, 104 minutes. Played July 16-17.—Woodrow Wilson (for R. Covi), Covi Theatre, Herminie, Pa. Small town and rural patronage.

Universal

FAMILY NEXT DOOR: Hugh Herbert, Joy Hodges, Juanita Quigley, Eddie Quillan—Here is a picture that will please everyone. A sleeper for sure and the box office was a decidedly pleasant surprise. A swell little comedy for a small town. Do not skip it. Excellent. Running time, 61 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

FAMILY NEXT DOOR, THE: Hugh Herbert, Ruth Donnelly, Joy Hodges, Juanita Quigley, Eddie Quillan —A swell comedy that kept our audience laughing continually. Running time, 65 minutes. Played July 15-18.—W. C. Lewellen, Uptown Theatre, Pueblo, Col. General patronage.

FOR LOVE OR MONEY: June Lang, Robert Kent —A good picture but without drawing stars, so was a decided flop. Nothing wrong with the picture but no draw. Running time, 67 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

GOODBYE, BROADWAY: Alice Brady, Charles Winninger—Sold as a special, and when an exhibitor has to double bill it, you can draw your own conclusion. Play it on a double or can it.—George Khattar, Casino Theatre, Whitney Pier, Sydney, Nova Scotia, Canada. General patronage.

NEWSBOYS HOME: Jackie Cooper, Wendy Barrie, Edmund Lowe, "Little Tough Guys"—Pretty good program picture. Only fair at the box office. Running time, 75 minutes.—P. G. Held, New Strand Thetare, Griswold, Iowa. General patronage.

OLD DARK HOUSE, THE (reissue): Boris Karloff, Melvyn Douglas, Charles Laughton, Gloria Stuart—Has grown big lying in the vaults. Great comment from audience. Star value terrific now. Played July 8-11.—W. C. Lewellen, Uptown Theatre, Pueblo, Col. General patronage.

PRESCRIPTION FOR ROMANCE: Wendy Barrie, Kent Taylor, Mischa Auer—Very nice. Played this on a double bill and it pleased. Don't risk it single.—George Khattar, Casino Theatre, Whitney Pier, Sydney, Nova Scotia, Canada. General patronage.

SUN NEVER SETS, THE: Douglas Fairbanks, Jr., Basil Rathbone—All comments good but picture failed to beat the heat here in competition to "Tarzan Finds a Son!" Running time, 73 minutes. Played July 15-18.—W. C. Lewellen, Uptown Theatre, Pueblo, Col. General patronage.

YOU CAN'T CHEAT AN HONEST MAN: Edgar Bergen, "Charlie McCarthy," "Mortimer" Snerd, W. C. Fields—I don't think any jury in the country could convict Jimmy Fidler for panning this picture. Kiddie entertainment at best. Running time, 79 minutes. Played July 4-5.—Woodrow Wilson (for R. Covi), Covi Theatre, Herminie, Pa. Small town and rural patronage.

Warner Brothers

ADVENTURES OF JANE ARDEN, THE: Rosella Towne, William Gargan—Only fair. Not much of a drawing card. Running time, 61 minutes.—P. G. Held, New Strand Theatre, Griswold, Iowa. General patronage.

COWBOY FROM BROOKLYN: Pat O'Brien, Dick Powell, Priscilla Lane, Ann Sheridan, Dick Foran—This is a repeat booking and can safely say it's tops. One big roar after another and a box office magnet. Will bring it back for a third showing if the print is good enough to run through machines.—George Khattar, Casino Theatre, Whitney Pier, Sydney, Nova Scotia, Canada. General patronage.

DAWN PATROL: Errol Flynn, Basil Rathbone, David Niven, Donald Crisp—Another smash from Warner that any theatre will be proud to present. Give it the works.—George Khattar, Casino Theatre, Whitney Pier, Sydney, Nova Scotia, Canada. General patronage.

FOUR DAUGHTERS: Lane Sisters, Gale Page, Jeffrey Lynn, John Garfield, Claude Rains, May Robson, Dick Foran, Frank McHugh—Our fans don't go for this kind of picture and nevertheless it pleased and can safely say it's one of the year's best. Bringing it back for a return showing; it must be good.—George Khattar, Casino Theatre, Whitney Pier, Sydney, Nova Scotia, Canada. General patronage.

GIRLS ON PROBATION: Jane Bryan, Ronald Reagan—Where they like prison stories this will pack them in. Not a special and we'll bet it will make many look sick. Get behind this gold mine. Casino will certainly bring it back for a repeat showing.—George Khattar, Casino Theatre, Whitney Pier, Sydney, Nova Scotia, Canada. General patronage.

HARD TO GET: Dick Powell, Olivia de Havilland, Charles Winninger, Allen Jenkins—A very nice picture that pleased. Powell is tops and a favorite. Olivia de Havilland is great. Played July 10-11.—George Khattar, Casino Theatre, Whitney Pier, Sydney, Nova Scotia, Canada. General patronage.

OKLAHOMA KID, THE: James Cagney, Rosemary Lane, Humphrey Bogart—A swell picture. Just the type for Cagney. Another hit from Warners. This did well at the box office. Running time, 80 minutes. —J. G. Held, New Strand Theatre, Griswold, Iowa. General patronage.

SECRET SERVICE OF THE AIR: Ronald Reagan, Irene Rhodes, John Litel—Good Saturday picture. Running time, 62 minutes.—P. G. Held, New Strand Theatre, Griswold, Iowa. General patronage.

SECRETS OF AN ACTRESS: Kay Francis, George Brent, Ian Hunter, Gloria Dickson—Will please on a double bill. Featuring three good stars and double billed, should draw nice business.—George Khattar, Casino Theatre, Whitney Pier, Sydney, Nova Scotia, Canada. General patronage.

TORCHY BLANE IN CHINATOWN: Glenda Farrell, Barton MacLane—Good for double bills only. Why don't Warner make one good feature out of two of the Torchy series and we'll bet it will be a wow. —George Khattar, Casino Theatre, Whitney Pier, Sydney, Nova Scotia, Canada. General patronage.

TOVARICH: Claudette Colbert, Charles Boyer, Basil Rathbone, Anita Louise—Small towns better watch out for this and be sure to double bill it as we had done and got by nicely. A very good feature for a double program.—George Khattar, Casino Theatre, Whitney Pier, Sydney, Nova Scotia, Canada. General patronage.

WATERFRONT: Gloria Dickson, Dennis Morgan, Marie Wilson—A good action programmer. Watch this boy Dennis Morgan. Running time, 59 minutes. Played 21-22.—Bob Elliano, Palace Theatre, Torrington, Conn. General patronage.

WOMEN ARE LIKE THAT: Kay Francis—Pleased on a double bill. Kay is well liked.—George Khattar, Casino Theatre, Whitney Pier, Sydney, Nova Scotia, Canada. General patronage.

Short Features

American Red Cross

FOOTSTEPS: Interesting.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

Columbia

CLOCK GOES ROUND AND ROUND, THE: Scrappy Cartoons—Brought much delight to our juveniles.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

DIVING RHYTHM: Special Sport Thrills—Very entertaining and timely.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

HOME ON THE RANGE: Andy Clyde—If your audience likes comedies, don't pass this up. It's a scream. They'll roll in the aisles.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

Metro-Goldwyn-Mayer

ANGEL OF MERCY: Passing Parade, No. 5—A story of Clara Barton and the founding of the Red Cross. Very, very good. Running time, 10 minutes. —A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

ART GALLERY, THE: Cartoons—Very good. Since MGM has quit the Captain and the Kids these cartoons have improved greatly. Very clever. Running time, eight minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

LOVE ON TAP: MGM Miniatures—Here is a knockout. Do not waste it. Excellent. Running time, nine minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

NEW ROADWAYS: Passing Parade, No. 8—Interesting.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

RADIO HAMS: Pete Smith Specialties—Good one reeler which pleased all.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

Paramount

HELLO, HOW AM I: Popeye the Sailor—Good cartoon which pleased.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

PARAMOUNT NEWS: No. 99—Brings the cold Atlantic sea to your screen. Magnificent camera shots and superb picturization of the first and unsuccessful attempt to raise the sunken submarine Squalus. Thrilling documentary reel, achieving in six minutes a perch far nearer the summit of worthwhile cinema than hundreds of full length productions. This is one of the finest single reels we have ever shown. In fact, Paramount's entire coverage of the Squalus disaster has been nothing short of splendid. Played July 14-15.—W. C. Cooney, Jr., Waldo Theatre Corp., Waldoboro, Maine. General patronage.

PARAMOUNT PICTORIAL: No. 11—Average filler.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

RKO Radio

FISHERMAN'S PARADISE: RKO Pathe Sportscope—Good sports reel of deep sea fishing. Running time, one reel.—A. L. Dove, Bengough Theatre, Bengough, Saskatchewan, Canada. Rural and small town patronage.

MARCH OF TIME, THE: No. 8—These subjects just can't be beat. We need more propaganda of world affairs. Enjoyed by all my patrons. The only reel that will get us some business during a period of film depression. Running time, 18 minutes.—A. L. Dove, Bengough Theatre, Bengough, Saskatchewan, Canada. Rural and small town patronage.

MICKEY'S PARROT: Walt Disney Cartoons—Good cartoon. Can recommend same. Running time, eight minutes.—A. L. Dove, Bengough Theatre, Bengough, Saskatchewan, Canada. Rural and small town patronage.

MAJOR INDUSTRY PROBLEMS PLAGUE BRITISH EXHIBITORS ON VACATION

Product Shortage, Television and Redundancy to Be Discussed at CEA-KRS Talks; Interest Shown in Booking Combines

by AUBREY FLANAGAN
in London

With the spectre of a potential film tax now completelv and finally exorcised from the scene British exhibitors have packed their holiday grips and made their way in search of the annual and, in these hard times, well earned vacation. They go, however, to Turnberry and the Tyrol, to Stockholm and Southend with one preoccupation incessantly upon their minds—the question of product, and its current shortage.

Television and Redundancy

Presently before the exhibitor groups are two vital problems, each of them the subject of joint examination between themselves and the distributors—television and redundancy. Bound up with them either directly or indirectly are the questions of free shows and bank nights, of cut prices and of booking combines such as that promulgated by John Maxwell. Each and everyone is linked with the incessant and vexed question of product and its depleted reservoir.

With the tackling of redundancy as first subject of the new CEA-KRS talks, the wider problem will, of course, be partly attacked. So, too does the joint trade effort to present a united case to the Postmaster General on television policy, have a bearing upon the broader question. The decrease in the amount of product available, a decrease, say some, in quality as well as in quantity, has sharpened the exhibitor attitude to these two propositions.

The increasing anxiety, manifest up and down the country in exhibitor groups, at both cut-price shows and free shows and the by no means unfriendly reception accorded John Maxwell's offer to back financially product which would be guaranteed an independent market, are indicative of the exhibitor state of mind.

CEA willingness to sit around a table with the distributors on the two major problems, is interpreted in many quarters not so much as expression of a desire for trade unity, as a manifestation of a longsighted bid for trading freedom. So far, despite protestation on both sides of communality, the trade has been unable to present a collective face to the Postmaster General on television. It remains to be seen whether an agreement can likewise be reached on a redundancy policy.

Efforts have been vigorous during the last few weeks towards the pooling of ideas and attitudes on behalf of a trade policy on television. It is already known and has been recorded that talks between renters and distributors failed to bridge the gap which exists, a gap not so much between exhibitor and renter *per se* as between renter and renter-exhibitor. Efforts are presently being concentrated upon securing the united backing and united functioning of the newsreels in regard to television. Newreels continue to be shown on the British Broadcasting Corporation television programme, but it is claimed that this does not betoken any unwillingness on their part to join hands with the exhibitors, who are adamant against the diffusion of films of any kind. It is, say CEA counsellors, part of the policy of appeasement with which the trade faces the Postmaster General, that they are unwilling to exasperate him by removing newsreels from BBC programmes forthwith. In spite of this, rank and file opinion in exhibitor circles is obviously and completely against the hiring of any films whatsoever, and expressions of this attitude reiteratedly are found in the branches.

It is reported, however, and despite protests of complete unity on the trade policy, that the newsreel camp is not entirely unanimous. It may not be insignificant that certain of them have links with the major circuits. Already recorded is an unwillingness to aggravate the Postmaster General by removing from his television programmes an item with which, of course, is wrapped up much of the future development of the new medium.

Pooled Newsreels Considered

The Newsreel Association will now discuss the possibility of pooling their periodical resources, and offering BBC from their five different issues a regular reel which would supply a consistent programme and, withal, which could not be said to be in identical competition with exhibitors showing individual newsreels. This, too, would be an operative factor against any newsreel which the BBC might make being offered to exhibitors in competition with the trade reels.

The trade remains, in spite of its appeasement policy, highly critical not only of the BBC's policy in regard to rediffusion of shows, but in regard to the competitive nature of the entertainment provided. Not only are complete shows now broadcast over the BBC television wavelength—"Me and My Girl" was televised in its entirety from the Victoria Palace—but the dilettante type of French film previously broadcast is now being supplanted by feature length Westerns, supplied, however, by other than KRS members.

In the more "inexpensive" exhibitor regions, like Devon and Cornwall, it is currently claimed that even the payment of a small "performing right" fee, such as that suggested by Major Bell at the Blackpool Conference, plus installation and service charges, would be beyond the reach of the average small picture houses. Labor circles take a more progressive view and a suggestion is being made at this year's National Association of Technicians and Kinematograph Engineers conference that picture house operators should be given training in handling television apparatus.

United on Redundancy

The redundancy question, however, is likely to find a more united trade atttitude, for the product shortage has had an obvious effect on the trade, not only of exhibitors, but of renters. It is the contention of Theodore Hinge, president of the CEA, that redundancy is still in its infancy, and that there is still abundant finance awaiting more politically stable times, before it is poured into new building schemes.

Further consideration is, of course, being given to Mr. Maxwell's proposals for financial backing of production for a potential independent group. There is a natural nervousness on the part of independents to be party to any scheme which would ally them to a circuit so vast as Maxwell's Associated British Pictures group. Many of them have asked if there must not be a catch in it. On the other hand the prospect of securing further product which would not be available presumably to the other circuits is one which cannot be and has not been dismissed out of hand. The proposal is to be examined further and a Committee has been delegated to discuss it at greater length with Mr. Maxwell. There will be a significant CEA nucleus in favor of agreement with him. It is, however, on the wider field, an agreement with a policy rather than with an individual. Already the idea of an independent product bloc has been unofficially mooted, and it is by no means unlikely that other studios will make similar approaches to the CEA. The first assurance of production finance is obviously a guaranteed release, and any such scheme would appear on the face of it to solve problems not only for exhibitors but also for producers.

Problematical, however, is the KRS attitude, but indication of what it might be in this case can be gleaned from the opposition they have always offered booking combines of every description. It is unlikely that they would be willing to let Maxwell or any other producers cut across their interest.

Profits Shown

Associated British Pictures showed a trading profit of $6,530,905 for the year ending March 31, 1939, an increase of $207,848, or a net profit of $3,904,530, according to a financial statement issued this week. The general reserve is now $13,512,500.

Gaumont British profit for the year, according to a statement also issued this week, was $3,353,438. After deductions for income taxes, interest on mortgages, debenture stock and depreciation, the balance available is $551,854. A moderate decrease in theatre profits was recorded.

NO PASSES FOR CITY EMPLOYEES

Maury Maverick, Mayor of San Antonio, at a meeting of the city council said that in the future city employees will not be permitted to accept passes for film theatres. He said that the employees receive a fair wage and should be able to afford theatre admissions. Inspection of theatres by firemen will be abolished, he said.

OBITUARIES

Beryl Mercer, Actress, Succumbs in Hollywood

Beryl Mercer, veteran actress, died last Saturday at the Santa Monica Hospital in Hollywood, California, at the age of 57. Little hope had been held for her recovery following an operation earlier this month.

Miss Mercer gained widespread recognition while appearing in the Broadway production "Outward Bound" in 1924. Soon after she appeared in her first film "Three Live Ghosts" and later appeared in such films as "All Quiet on the Western Front," "Cavalcade," "Magnificent Obsession," "The Little Minister" and "Berkeley Square."

Morton Selten

Morton Selten, British stage and screen actor, died this week in London. Mr. Selten was a member of Daniel Frohman's famous company here in the United States before returning to England. In 1932 he entered motion pictures in England.

Mrs. James H. Reid

Mrs. Bertha Westbrook Reid, mother of the late Wallace Reid, well-known actor of silent films, died in the Presbyterian Hospital in Newark, N. J., after a long illness.

Jack Duffy

Jack Duffy, veteran stage and screen comic died in Hollywood last week.

Dominique Amaros

Dominique Amaros, former vaudeville acrobat and member of Actors Equity Association, died in Freeport, L. I., this week. Mr. Amaros appeared in vaudeville with a partner under the name of Amaros and Jeanette.

Joseph C. Spieker

Joseph C. Spieker, 48, who operated the Imperial theatre in Cincinnati, Ohio, died in his sleep of a heart attack. His widow, two daughters and a brother survive.

John F. Buck

John F. Buck, 76, who for 55 years worked as stage manager in practically every Cincinnati theatre, died at the Bethesda Hospital after a two month's illness.

Roy H. Steward

Roy H. Steward, for more than 17 years a salesman in the Indianapolis territory for the National Theatre Supply Co., died at his home in Terre Haute, Ind. Funeral services were held last Monday.

Set Omaha Tourney

The Omaha Variety Club will hold its annual golf tournament and dinner at the Ralston Club on August 21st, according to Harry J. Shumow, chief barker. The committee includes Mr. Shumow, Glenn Rogers, Joe Jacobs, Joe Scott and Sid Rose.

Chaplin Starts "Dictator"

Charles Chaplin's "The Great Dictator" went into production on Monday with Paulette Goddard and Henry Daniell playing the leading roles opposite Chaplin.

Tarkington Loses Warner Suit Plea

Booth Tarkington, author, was denied his application to dismiss an $18,750 counterclaim against him by Warner Brothers, in Mr. Tarkington's suit against Warner Brothers for an injunction, accounting, and damages. The denial was made in New York Federal Court.

Mr. Tarkington's suit against Warner alleges the company appropriated the literary rights to "Penrod" in the film, "Penrod and His Twin Brother," and also violated the Civil Rights law in using Tarkington's name in the picture's advertising.

On the same day, Thursday, that Mr. Tarkington's application for dismissal of the Warner counter-claim, which charges Tarkington sold motion picture rights after copyright had expired, was denied, Federal Judge Bondy granted his application for a bill of particulars from Warner Brothers.

Cantor Sued for $750,000

Eddie Cantor, comedian, was named as chief defendant in a $750,000 damage suit, in Los Angeles, by Charles Gollob, apartment house manager, and his wife. The suit alleges Mr. Gollob and his wife were mishandled after a political argument in a Hollywood radio studio on March 27. Other defendants are the Reynolds Tobacco Company, program sponsors, and the Columbia Broadcasting System.

Bill of Particulars Denied

Federal Judge Murray Hulbert on Wednesday in New York denied an application by Warner Brothers for a bill of particulars in a suit brought by Katherine Moog charging libel in the picture "Confessions of a Nazi Spy."

Charge Over-Assessment

The Old Time Petroleum Company, of Wilmington, Delaware, owner of the Warner theatre property and lessee of its entrance, filed suit last week against the city board of assessment, for over-assessment.

Tries to Close Theatres

An injunction to close the Broadway and Howard theatres was asked last week in Tampa, Florida, in circuit court, by the county tax collector. Butler E. Gore, operator, is charged with delinquency of $750 in license taxes.

Howson Talks on Sound

In a radio program to commemorate the thirteenth anniversary of talking pictures, broadcast last week by the Franklin Institute of Philadelphia over Station WCAU, the motion picture industry was represented by Albert Howson, Warner Brother executive, who spoke on the subject of the invention of sound pictures. In the course of his talk outlining the beginnings and progress of sound, the speaker said that since the advent of sound on film great strides forward have been made in the quality of tonal reproduction and in uniformity of tonal quality. Although the sound picture of today would seem to leave little or no room for improvement, scientists are constantly working for the greater perfection in every detail, according to Mr. Howson.

Budd Rogers has named Evelyn Lee Jones to the post of publicity representative for Alliance Films.

IN COURTS

Bondy Approves French Unit's Reorganization

Federal Judge William Bondy on Friday in New York approved the French Motion Picture Corporation's plan for reorganization. The company distributes foreign films.

The plan provides for payment of 15 per cent to general creditors and 100 per cent to preferred creditors.

There was no opposition.

Tri-Color Loses Appeal For Patent Injunction

The application of the Tri-Color Corporation for an injunction and damages against Technicolor, was denied Tuesday in Los Angeles, by Federal Judge William James. The action alleged infringement of the Charles F. Jones patent pertaining to certain apparatus and processing.

The suit disposition is regarded importantly, inasmuch as several patent infringement actions have been held up, pending a ruling by the court concerning the present case.

The court ruling held that processes claimed to be exclusive under the Jones patent were being used prior to the filing of that instrument.

MANAGERS' ROUND TABLE

An international association of showmen meeting weekly in MOTION PICTURE HERALD *for mutual aid and progress*

A-MIKE VOGEL, Chairman and Editor GERTRUDE MERRIAM, Associate Editor

AGAIN AND AGAIN

Driving in from the midwest and stopping off to look around, a vacationing scout reports an alarming drought of showmanship in many of the spots visited. It was his observation that managers were too willing to concede a lack of entertainment; that theatremen were allowing themselves to become intimidated by carping criticism of dubious importance. The visitor indicated that there was an inclination on part of the managers to run and hide when anyone yelled "boo."

If these charges be true, let faltering brethren take heart. There is little reason to hide, less to apologize. No entertainment in recorded history has ever given as much consistent satisfaction to millions of pleased patrons as the motion picture. For what it offers, the average motion picture program is still the greatest entertainment buy and the biggest bargain in town.

Managers should not take for granted the manifold virtues of the motion picture. The public should be told, again and again.

Where the public is being told, there is no drought.

▽ ▽ ▽

THEY ARE FINDING OUT

Results of the Quigley Awards so far in 1939 affirm the growing suspicion that the new policy has turned the Competitions into the greatest and most spectacular free-for-all in the history of motion picture showmanship. For current proof, turn back to last week's issue and find the listings for Second-Quarter-Master Plaque and Medal honors. None of the First Quarter-Masters in these classifications have repeated. The current winners are all first-timers. Check where they come from and what type of house they operate. They come from small towns, key cities, and neighborhoods. The Quarter-Master Citation list says much of the same.

Yes, it's a merry free-for-all, and why should it not be? For the first time in Awards history, the bars are all down. All the limitations have been removed. No deadlines, no classifications. No complete campaigns are needed. Just single ideas or promotions.

All that remains is the challenge of pure showmanship, and as the records show, the man in the field has accepted this challenge in quantity and quality of exploitations that have broken every record for entries since the Awards first made their bow in 1934.

Based on the going in the first two Quarters of the year, the Third and Fourth Quarters promise even a faster pace in the battle for the annual honors. The contest is still wide open and that's another reason why there is bound to be an influx of newcomers to the Competitions in the last half of the annual contest.

No one here ever indicated that a man must win Award honors to prove his worth as a showman. But it appears that theatremen with the teeniest bit of curiosity on how they stack up alongside of brother-managers are finding out, and favorably, through the Competitions.

All branches of the industry have unanimously accepted the new policy of the Awards as the fairest test yet of showmanship at the boxoffice. The unprecedented participation of theatremen everywhere, is a further and even more definite endorsement.

THE FAMOUS PLAYERS WAY

Outstanding impressions gathered by your chairman at the recent Famous Players-Canadian managers' conference, reveal almost automatically the high consideration for the welfare and security of employee by employer; the strong bond of affection between manager and executive. The former immediately was apparent in every word spoken before the convention by president and founder, N. L. Nathanson. The finest expression of the latter was the tumultuous and touching welcome by the assembled managers to J. J. Fitzgibbons, vice-president, happily recovered from a serious illness.

In today's chaos and confusion, the consistently progressive and human policy of this premier Canadian circuit indicates that a genuine concern for the manager and his future is not at all inconsistent with highly profitable operation. It has yet to be disproven that regard for one's fellow-man is a more effective stimulator of individual boxoffice effort than threats and whips.

Round Table in Pictures

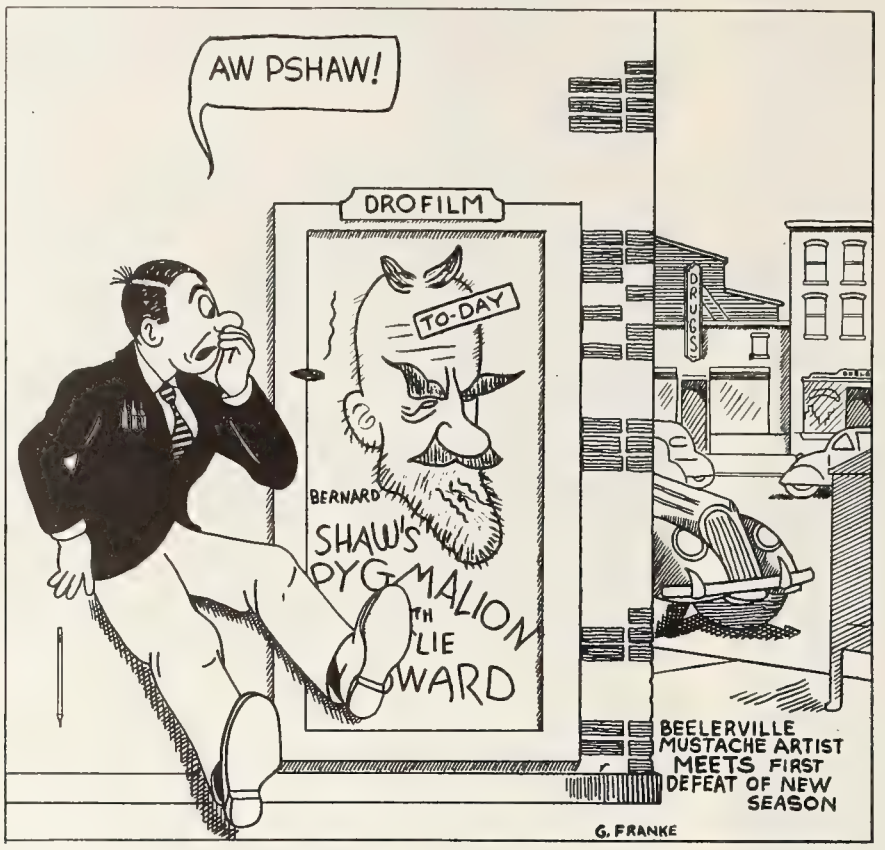
Above, left, is reproduced a photo of Louie Lamm's "Juarez" lobby display at Warners' Uptown in Cleveland. Twenty-four-sheet was pasted to floor, and strung along the lobby were cutout photos of all the stars in the picture. Also planted at left may be seen numerous scene stills. . . . During the run of "Tarzan Finds a Son" Publicist Joseph A. DiPesa, Loew's Theatres, Boston, created the float shown above which was used five days ahead of opening. Touring local beaches, etc., special recordings, "Tarzan" yells and animal effects with picture and playdate plugs were interpolated.

A come-on teaser gag recently engaged in by Round Tabler Les Pollock at Loew's in Rochester for "Maisie" was the use of an empty store window in which girl, concealed from the knees up, paced back and forth. Appropriate tiein copy covered balance of windows and door. In addition for street bally, man in tails distributed "Maisie" visiting cards.

Contrasting sharply with its surroundings, is the window display at right with an attractive girl skating on a 12 x 9 foot portable rink in the main window of leading New York furniture store to aid in publicizing the engagement of "Winter Carnival" at Radio City Music Hall. Tieup was engineered by Arthur Jeffries under the direction of Monroe Greenthal at United Artists.

In the seashore resort of Arverne, Long Island, and at the open-air Boardwalk Theatre, Round Tabler Ed Siegal for his advance exploitation on Fox's "Young Mr. Lincoln" planted the woman, illustrated in photo above, in front of his house ahead of opening. Sign above read, "I am waiting for 'Young Mr. Lincoln', my attorney. He will arrive here", etc. Stunt is reported to have attracted much attention.

Animated lobby display was conceived by P. W. Maddock, General Manager for MGM in New Zealand, for the opening of "Sweethearts" at the Regent in Masterton, New Zealand. Windmill revolved and the two Dutch figures moved back and forth as though in the act of kissing.



Most exhibitors try to keep the wolf from their doors, but not so with Manager Bernard Stewart at the Gorman Theatre in Framingham, Mass., who for his date on Monogram's "Wolf Call" undaunted, bannered a promoted thoroughbred wolf dog and used his street bally to call attention to the picture's opening. Stunt is reported to have been such an eye-attractor that local dailies picked it up, running stories and art work.

A Bob Burns mule race was staged by Manager W. S. Samuel, at the Rex Theatre, in Arp, Texas, through the cooperation of the officials of the Arp Civic Club Trades Day for opening of "I'm From Missouri." Theatre received free newspaper space three weeks in advance and gratis publicity in the special edition published for the event by the local paper. Shown left to right in the photo are: Joe Law, Arp Civic Club manager; Samuel; Lewis Cook, winner of the race, and C. L. Tubb, track manager.

SHOWMEN'S LOBBY LAFFS

An adventure at the fictitious Drofilm Theatre in the non-existent town of Beelerville, in the series portrayed by Glenn Franke, of Cheviot, Ohio.

Safety Angle Tied to "Angels Have Wings"

Teaser campaign was engaged in by Manager Charlie Bierbauer and his publicist Nick Todorov for the opening of "Only Angels Have Wings" at the Wilmer and Vincent Colonial in Allentown, Pa., with street crossings in the theatre neighborhood stencilled with copy reading "Cross carefully; only angels have wings."

Soda fountains featured an "Angels Delight" drink and five and tens distributed paper napkins and specially printed heralds which were headed "you may belong to a club, you may wear a diamond, you may have a big heart, but you don't have to have a spade to dig up real entertainment," etc. Herald was printed in red and black ink on white stock and using a cut of a card club, diamond, heart and spade in the proper colors on the cover, with large cut on the picture inside.

Pierce Inaugurates "Variety Hour" Show

An innovation in screen entertainment was introduced to Oklahoma City, Okla., theatre audiences last week by Spence Pierce, manager of the Midwest theatre. The first "Variety Hour," a full hour's program of shorts, was presented and if it meets with public approval will become a regular feature of this first run Oklahoma City house.

The Variety Hour is made up of diversified screen entertainment including news flashes, and current events, cartoons, sports reels, travel trips through foreign lands, comedies, fashion forecasts, musicals, and other novelties all presented in one hour.

Lawler Hosts Aged Couples

Sponsored by the Paramount Theatre and the Toledo Blade, Ralph Lawler and Mrs. M. R. DeLong hosted members of the local Golden Wedding Club at a showing of "Pursuit to Happiness." Localites married 50 years or more through publicity run in the cooperating paper were invited to attend the show. Through courtesy of baker, giant wedding cake was donated, as were flowers and other gifts. With Mrs. DeLong as general chairman of the Club, an annual party for its members is held at the Paramount.

LOEW'S HOLD "TARZAN" CONTESTS AT BEACHES

If the folks at the swimming pools in New York are startled by jungle shouts, no circus has broken loose nor have the Martians invaded our planet. It is just the "Tarzan" swimming contest put on for "Tarzan Finds a Son" by Oscar Doob's henchmen, according to the pen of Eddie Dowden.

Practically all pools have been tied up, most important of which was at Manhattan Beach, where reported crowd of some 50,000 witnessed a "Tarzan" junior and senior swimming contest. Loving cups and medals appropriately inscribed from Loew's, etc., were awarded. As in all pool and beach tieups, the contests were advertised at least two weeks ahead with banners and 40 by 60's, all of which mentioned title.

Yell Contest Tops 'Tarzan' Campaign By Wallace Cowen

Monster "Tarzan Yell Contest" was engineered by Wallace Cowen, at the Princess Theatre, in Modesto, California, in advance of his opening on "Tarzan Finds a Son." Staged for all the kids in the county, in exchange for purchasing 24 spots on the picture, theatre promoted eight gratis spots and a 20-minute program, the latter being broadcast of the finals of the contest and broadcast from the stage of the theatre.

Cowen promoted in addition two free free recordings from local music company. The first recording was made by taking the equipment into the theatre auditorium and picking up the Tarzan yell from the trailer. This was used to open the spot announcements, and the local announcer cut in with the yell. Second recording was used as a first prize for the contest. The winner was taken to the cooperating music store after the conclusion of the contest where a recording of his voice was made and record presented to him as a permanent record of his voice.

Eliminations Held at Theatre

With about 60 contestants entering, these boys and girls were brought to the front of the theatre and the eliminations held over a period of two days just before the opening of the matinee. From the two groups, one boy and one girl were selected each day and the semi-final winners presented on stage first evening of run of the picture. This also was broadcast over KTRB.

Drums were beaten at intervals throughout the day four days ahead. Drums were taken to the tops of various buildings throughout the city, drummer was kept out of sight to build suspense and curiosity. The drums were beaten like jungle signal drums rather than a steady pounding.

Newsies Give "Tarzan" Yell

Street bally consisted of a costumed "Tarzan" and boy dressed in lion and leopard skins with back credit cards. In addition, all paper boys and shoe shiners gave "Tarzan" yells while on the streets. Another stunt was hanging of a swing from a tree near the "old swimming hole." By arranging with lifeguard, a contest was held whereby prizes were offered to those who could swing furthest out into the river, such as "Tarzan" and his son do in the picture. Only cost to theatre was a guest ticket to each winner during the four days of contest's run.

A window tieup was arranged with local book store which featured a display of the Edgar Rice Burroughs "Tarzan" series. Generous display of scene stills, picture copy, etc., was included.

Lampe Gets Theatre Message Into All City's Playgrounds

The City of Syracuse and its 31 playgrounds have been tied up for the summer by Gus Lampe of Keith's Theatre with the best boy and girl from each playground, so judged by the supervisor, guested at the theatre each week for the balance of the vacation period. Large cards are prominently displayed in each playground stressing the offer and current attraction. Lampe reports that while only 62 can win each week, his message is brought before at least 15,000 children who also discuss the arrangement in their homes.

Local Visit of "Angels" Stunter Tied by Corker to Opening

Neat newspaper and radio breaks were obtained by Moon Corker, due to the visit locally of a daredevil stunter, who appeared in "Only Angels Have Wings," which was playing at the Palace, in Athens, Ga. Reporter from the Banner-Herald was sent to interview the young man, story and art appearing in the paper and the daredevil was also an invited guest of Station WGAU where he related many thrill packed stories involved in the filming of the picture.

Newspaper also cooperated on a contest whereby prizes were awarded to those submitting best stories on "My Most Terrifying Moment." Contest made page one news in paper, breaking six days in advance of opening. Stunt was also plugged over WGAU at certain periods each day when contestants entries were read by station announcer. Winners were determined by number of phone calls received, and presented with cash awards and theatre tickets by the newspaper and radio station.

Girl Pianist in Window Plugs Tunes for Fitzpatrick

Promoting local music shop for use of one of the new small Grands, Manager Ed Fitzpatrick at the Poli in Waterbury, Conn., planted the piano in his lobby ahead of opening of "Second Fiddle" and further obtained the services of an attractive girl who played all the hit tunes from the picture. In this manner, the songs were plugged week in advance to crowds coming in and out of the theatre.

Tieup was also effected with five and ten, which featured a window display consisting of standee of Sonja Henie with stills and song covers and gave the picture several plugs on their radio program three times a week, two weeks ahead over station WATR.

Caldwell Opens Branch Library In Lobby to Lend "Chips" Books

Effective was the tieup arranged by Wally Caldwell for "Mr. Chips" date at Loew's Valentine, in Toledo, whereby the public library opened a branch in the lobby of the theatre for 10 days ahead and four days current. Library supplied attendants to care for patrons who wished to read copies of the book which were available. Tieup also included distribution of bookmarks plus mounted stills on display boards throughout the 14 library branches all over the city.

Lad dressed in students cap and gown strolled downtown streets reading "Mr. Chips" with front page cover of photoplay edition showing on both covers of the book. Back banner gave title, playdates, etc. For another street bally, Caldwell used a large float comprised of six and three sheets with toured shopping district ahead and during run.

Various Organizations Plug Callow's Date to Members

Eighteen days in advance of opening of "Mr. Chips" at the Boyd, in Philadelphia, Everett C. Callow arranged screenings, newspapermen, and heads of various local educational organizations and women's clubs. Following the screenings, the heads of the various organizations agreed to mail prepared endorsements to their memberships. Two weeks ahead, public library system cooperated by distributing imprinted bookmarks as did lending libraries. Beauty shops were tied in through use of placards displaying Miss Garson's coiffure as worn in the picture, radio stations were supplied with electrical transcriptions and weekly shopping guide with a house-to-house circulation of 340,000 featured a letter contest, cash prizes to those presenting most comprehensive opinion of the picture either for or against.

Name of Street Changed by Prickett for "Union"

Permission was granted by Mayor to issue a proclamation for a special "Union Pacific" week in Junction City, Kansas, as part of Ken Prickett's campaign on that date. Also agreed to by His Honor was the decoration of individual flag poles in front of each business place with cardboard shields designating the main street as Union Pacific Avenue. Cooperating newspaper issued special edition which was devoted to the week, its ceremonies and greeting of stars on the special train when it pulled into the city.

Leading department store featured a window display of Hollywood fashions which exploited the picture with standees of Barbara Stanwyck, another store permitted all employees to wear red bandannas with title imprint and stressed the opening in their ads. In addition, sponsored by the English teacher at local high school was an essay contest for which educational guides were distributed. Local dailies and school papers also covered this feature.

Academy Award Week Staged for "Dark Victory"

Highlight of Sam Shafer's "Dark Victory" at the Liberty, in Herkimer, N. Y., was the proclamation of the Mayor, designating a "Merchants Academy Award Week" in honor of and to commemorate Bette Davis as the most consistent Academy Award winner. Due to the proclamation, the movement became a citywide affair and resulted in abundant newspaper publicity in the local paper which has a set policy of absolutely no publicity for theatre or merchant other than regular paid advertising.

Shafer was able to secure a full co-op page and story on the telegram which he arranged from Bette Davis thanking the Mayor and people of Herkimer for thus honoring her. Banner across top of ad page read "If an Academy Award could be given for outstanding merchandise and values to a community the size of Herkimer, Herkimer merchants would win the Award. Also included in the page was a misspelled word contest with guest tickets to winners whose names were run in paper.

Covered Wagon Exploits "Dodge City" for Sarvis

Specially constructed covered wagon was featured by George Sarvis for his "Dodge City" engagement at the Library in Warren, Pa., which was driven around the city and parked in prominently located spot at peak hours. Giant book tieup was effected with local department store, tying the picture in with thrilling act stories of the days of the great west. Through cooperation of school authorities, history teachers plugged the picture in classes where special action stills were displayed calling attention to opening date.

Broadcast was held over WJTN, guest tickets going to those entering a tune quiz contest, costless heralds were distributed house-to-house, special menu sheets were used in numerous restaurants about town and tieup was made with local news dealer whereby heralds were inserted in Sunday section of the *American Weekly*.

Exploitation Briefs Here & There

Effective was the tieup arranged with three of the city's leading cafes by Jimmy Redmond at the Bonham, in Fairbury, Neb., for "Rose of Washington Square." Girls serving lunch or dinner presented each guest with a papier mache rose to which was attached a slip of paper carrying title, cast and playdates. These blooms were distributed opening day of picture and so great was the demand for them that the theatreman reports by six p. m. it was necessary to order another batch.

▽

At dusk on opening day of "Jesse James," Johnny Sanders at the Chief, Gallup, New Mexico, arranged with the fire boys to blow a siren until every one's attention was attracted and then rockets and roman candles were lit from the marquee of the theatre and 34-30 minute red fuses in front of the house to herald the opening. Sanders says the townfolks gathered to watch the fireworks which were the talk of the town for some days.

Two weeks ahead, cashier's cage was converted into bank teller's cage, tent was planted at depot with boys in attendance distributing handbills on the picture and neat displays were stationed in both the theatre and banks.

▽

Lad carrying a sandwich board on which was a one sheet advertising opening of "The Gorilla" at Schine's Ritz, in Lockport was stunt used by Round Tabler Ronald Failes. In addition, the chap led his bally around by chain consisting of man inside a gorilla skin. Failes reports the stunt as startling to say the least and very productive at the boxoffice.

▽

In what he says is a hard-to-crack paper, Manager Wesley L. Tefft, Smalley's Theatre, Stamford, N. Y., secured a story on the electric clock which he has planted over his ticket booth, which not only tells what time one goes into the show, but also when one comes out.

For "Union Pacific," Tefft bannered a truck which was driven about town reproducing the sounds of a locomotive pulling out of a station and chugging down the track.

▽

With the golf season upon us, Bill Exton, Kenosha, Kenosha, booked the short "Shooting for Par" and promoted free golf lessons and expert advice for his patrons. To sell the idea, showman advertised the tieup on the local daily's sports page.

▽

Boucher Holds "Chips" Contest

The *Leader-Republican-Herald* of Gloversville, N. Y., cooperated with Frank Boucher in connection with his four-day contest in advance of "Mr. Chips" opening at Schine's Glove. Cash prize was offered for best 100 word letter on "My Happiest Schoolday Experience," guest tickets to runnersup. Paper ran stories in connection with the contest.

Golf Contest Highlights "Lincoln" for Lampe

The Journal-American tied up with Gus Lampe at Keith's Theatre, in Syracuse for a golf driving contest for high school boys and girls in connection with the showing of "Young Mr. Lincoln." Generous publicity garnered on the sports page of the cooperating paper included two 8-column banners, special writeups and daily paragraphs. All schools throughout the city were circularized, letters read in English and Social Study classes, thus gaining complete coverage with students, and through tieup with the public library system, display of books with stills was effected.

Cards Thrown from Plane Aid "Angels Have Wings"

Playing cards, backs of which carried copy on "Only Angels Have Wings" were dropped from plane flying over city as part of Frank Murphy's campaign for that picture at Loew's State, in Syracuse. Newspaper readers informed folks that all who caught the Queen of Hearts would be admitted free at theatre. Also featured was an early bird matinee opening day, advertised with lobby posters, screen trailer and line in ads tying in Early Bird and flying to the picture.

Walking ballyhoo in the form of ten jumbo beaver board tickets was used. Copy on cards read "not good if bent, folded or broken," these were given out in the business district and people receiving them had to carry them to the theatre in order to gain admission.

Let's Hear From You!

Mexican Quiz Contest Promoted for "Juarez"

Local daily cooperated with Louis Lamm for his "Juarez" opening at the Palace in Lorain, Ohio, by featuring a Mexico quiz contest. Running for a week two questions about Mexico were scattered daily throughout the want ad section, guest tickets going to those correctly answering them. Paper stressed the contest, running winners' names and addresses at end of run.

Leading beauty parlor featured a Bette Davis coiffure as worn in the picture, personal letter over the star's signature was sent to various members of local Mexican Societies, jumbo window cards were planted about town and for his lobby display, Lamm constructed display of critics' reviews.

Let's Hear From You!

Novelty Cards Sell "Midnight"

Special novelty heralds in form of cards were distributed by Don Allen at the Des Moines, in Des Moines for "Midnight" on which was cut of hand, drawn through which were pieces of red string. Copy read "tie a string around your finger and then you won't forget to see," etc., etc. This was followed by cast and playdates. Newspapers were generous with stories and art, special lobby setpiece was constructed for the date and side stages and head of balcony stairs were illuminated with signs weeks ahead. Outdoor posting included three foot standees, street car cards and numerous stores came through with window displays stressing midnight blue and picture.

Some Representative Days In Theatremen's Routine

Round Tablers Detail Accounts of What Goes On In a Typical Tour of Duty

How does your manager spend his time? What does he do? How does he do it? And etc. Such were some of the questions that led to requests made of various members to set down in full one of their representative days in the theatre, from early morn to lockup.

It was felt that from the replies of the different theatremen published for the benefit of the readership, there might be sufficient information for those seeking it on how they also could get the most out of each day with profit to themselves and their operations.

Morris Rosenthal and John Burhorn are the first to report. More of the same from other contributors in coming issues.

"IN THE BLOOD," SAYS BURHORN

A day at the Gayety, which opens at 11:30 A.M. and closes at midnight is from all appearances a long one but not nearly as long as it seems and . . . sometimes it isn't long enough to get in all the work we set out to do.

While the average daily routine varies little, we try to set aside one day each week away from the theatre. Shopping on "Film Row," calling at the home office re bookings and other details, consulting with film exchange men, such as bookers, advertising department heads, etc., where we get valuable hints and information on coming attractions in person. This proves a welcome change in a busy routine and many times results in getting first hand information about advertising aids and ideas which are quite helpful.

Desk Duties Take Until Noon

We start our average day by a visit with the cleaning staff, checking the house, discussing with the head janitor various details regarding his work, hearing suggestions and arranging for repairs. Then to our desk, where the morning mail is looked over and we proceed to clean it up as quickly as possible, closely checking the notations on our "Reminder Pad" to get this worked off as well.

If we are not interrupted by callers we'll get thru with the desk by noon. By this time our first show is under way. We check with the assistant, who on opening days is "catching" the picture, and hope that another day has started to prove whether we picked the right program or not.

Lunch at a local Business Men's Club at 12:30 brings us together with a group of different merchants, industrial and civic leaders where we have an opportunity to promote, contact and build good will. Then back to the theatre where we take a "peek" at the box office. Our look is all we need to know how we'll wind up the day in dollars and cents.

"Sometimes We Could Go Home"

Two to four p.m. may see us writing ads, layout campaigns, visiting merchants and following up other miscellaneous work left over from the morning. Then home to the wife and kiddie for dinner and an hour's relaxation. Back at 6:30 we "dig in" for the evening, meeting, greeting patrons and friends, young and old alike, catching the picture and generally moving around to see that things run smoothly.

At 10:15 the box office closes. We check out and take care of the mail. Then, sometimes, we could go home. But do we? Very seldom. There's always something coming up that we'd like to finish before the day is done. Not because we have to but because it's in the blood. Who cares about hours in this business anyhow?

Home, usually by midnight, we look for a good book—not necessarily a trade paper—relax for an hour and then to bed.

Sunday mornings we manage to squeeze in a staff meeting before the show starts. Region and district meetings prove a welcome and valuable stimulant in this routine, which we try to follow regularly with one thought in mind, that time is precious, the desk must be kept clean and advance publicity be done as far ahead as bookings permit.—John Burhorn, Manager, Gayety Theatre, Chicago, Ill.

ROSENTHAL MAKES GOODWILL VISITS

Ten o'clock each day finds me opening the day's mail and taking care of important details that require personal supervision. Other items are turned over to other members of the staff as they apply to them.

Then a quick resume of my notes from the preceding day and laying out sign shop copy, advance lobby display, etc., for a consultation with my artist and carpenter (if there is building to be done). Routine details are laid out for the assistant and student assistant. It is now ten thirty or ten forty-five. Out on an exploitation call or a quick dash to the papers if there is something for the afternoon edition. Back to the theatre by noon every day for a quick look around the house and to see that the proper house inspection is made. If this is Saturday there is a staff meeting at 11:30 for an hour. Once a week an inspection of uniforms. On opening day everything is cleaned up by noon so I can check the first show in peace.

Now for the artist conference. Assistant manager, artist and stage carpenter are called in and we discuss next week's lobby layouts. From noon to around one o'clock is devoted to writing my column for one of the papers and preparing rough layouts and copy for the printer. Look around for a few minutes to see that the house is properly opened and everything is running smoothly.

Now for a longer visit to the papers. Contests, special stories or stunts are prepared for submission to the editors. I find the best time to catch them in a good mood is between 1:30 and 2:30 after the first edition is out of the way.

If there is nothing special for the papers and I have time to spare I may make a good will visit there earlier and take some of the boys out to lunch. With that out of the way there are still a number of hours to devote to my exploitation work for the coming attraction. During all this time I keep in touch with my cashier and advise her where I am going next so I can be reached in an emergency.

Capitalises On Spot Events

After dinner I dress and am on the floor all evening. Then at the close of the box office upstairs to finish the roughs of the ads, etc., that have been left unfinished. Notes for the following day's work are prepared and a few minutes time is left to the perusal of trade magazines and a quick look over the dailies for spot events that can be capitalized upon. As an example of this one day I noted that a news carrier boy had his bicycle stolen. As he was a cripple and this was his sole means of livelihood, I contacted the editor next day and offered to replace his bicycle. It not only netted us good stories but good will with everyone connected with the papers.

By this time it is late and I step down stairs to see the patrons leaving and say good night.—Morris Rosenthal, Manager, Majestic, Bridgeport, Conn.

Various Exploitations Aid Kemp on "Angels"

Addressing his mailing list, Wally Kemp, manager of the Grand, in Grand Island, Neb., sent postcards from New York with message on "Only Angels Have Wings" to be played shortly at his house. Cashiers and usherettes were dressed in aviatrix suits a week in advance, paper napkins were imprinted and used in the town's popular restaurants and full page co-op in color was solicited from local merchants.

Rotos were also imprinted and distributed at no cost, the back page ads paying for heralds and distribution. For his street bally, Kemp promoted a truck and trailer from local dealer which was mounted with 24 sheets and used three days in advance.

Rules for the Quigley Awards

Awards are now voted on single exploitations and not on complete campaigns as formerly. This includes goodwill and institutional ideas as well as those on pictures.

▽

Each Quarter is divided into two-week preliminary contests.

▽

Winners in each preliminary are appointed Fortnighters.

▽

Entries of Fortnighters in each Quarter are judged for Quigley Quarterly Plaques, Medals, Citations.

▽

Quarterly Plaque, Medal and Citation Winners are appointed Quartermasters.

▽

Entrants registering the best records of Quigley Plaques, Medals and Citations in the four Quarters will be eligible for the Grand Awards judging.

▽

There are no classifications of population or situation. Everyone starts from scratch.

▽

Every theatreman everywhere is eligible to compete.

▽

All product is eligible — features, shorts, serials. Also stage shows, amateur presentations, etc.

▽

More than one idea may be included in one entry but Preliminary Awards will be voted for best individual idea.

▽

No fancy entries are necessary. With the usual "evidence", submit brief description and "reasons why" an entry should be considered.

▽

Theatremen who win more than one Fortnight Appointment in any one Quarter will receive greater consideration in voting for the Quarter-Master Plaques and Medals. The best way of securing this consideration is to enter material regularly in the two-week preliminary periods which make up the "Fortnights" of each Quarter.

THE RELEASE CHART

INDEX

On this and the following page appears an alphabetical index to the titles of all features listed in this week's Release Chart, with additional information for the exhibitor.

The number immediately following the title is the production number. Also given is information regarding the classification of the subject matter. A melodrama is denoted by the abbreviation Mel., Comedy by Com., Comedy-Melodrama by Com.-Mel., Musical by Mus., Musical Comedy by Mus.-Com., Western by West. If the production is made in color, the letter "C" appears in parenthesis after the classification. Thus: Com.-Mel. (C) denotes a Comedy-Melodrama in Color.

At the extreme right of the line containing the title of the production is the name of the distributor.

(THE RELEASE CHART--CONT'D)

THE CHART

Productions are listed according to the names of distributors in order that the exhibitor may have a short-cut towards such information as he may need, as well as information on pictures that are coming. Features now in work or completed for release later than the date of this issue are listed under "Coming Attractions." Letter in parenthesis after title denotes audience classification of production: (A) Adult, (G) General. Numerals following audience classification are production numbers. Dagger symbol indicates picture is of the 1938-39 season. Asterisk (*) after title of feature denotes first appearance of picture in Release Chart.

NOTE: The totals for running time are the official figures announced by the home offices of the distributing companies.

When a production is reviewed in Hollywood, the running time is as officially given by the West Coast studio of the company at the time of the review, and this fact is denoted by an asterisk (*) immediately preceding the number. As soon as the home office has established the running time for national release, any change from the studio figure is made and the asterisk is removed.

Running times are subject to change according to local conditions. State or city censorship deletions may cause variations from the announced and published figures; repairs to the film may be another reason.

Vol. 136, No. 7 — August 12, 1939

PRO-EXHIBITOR

TWO of the most vitally important declarations of policy that have been heard this season were made within the week—both of them recognitions of trends invasive of exhibition.

MR. HERMAN WOBBER of 20th Century Fox Corporation:

"Our company will do everything possible to keep stars that belong to films and were made by motion pictures from appearing on radio and television programs. The stars are yours (the exhibitors), you helped to make them and they should remain yours."

MR. MATTHEW FOX of Universal Pictures Corporation:

"We will tell the trade about our product and our plans before we tell the public . . . we operate by and with exhibitors . . . beginning at the studio."

The expression from Mr. Fox of Universal may be taken to make clear there is recognition of the creative contribution of the competently run theatre, that it is not yet to be viewed entirely as a counter where the customers buy entertainment like crackers by brand and national ballyhoo. The same exhibitors who, as Mr. Wobber observes, help make stars, in the same process make consumers, the box office we live by.

△ △ △

THE ARTS DELVE

THERE seems to be an obligation to record certain strange symbiotic and perhaps even incestuous relations between the arts as evidenced at the week-end by certain goings-on in the drippy twilight of the bore where New York's mid-town vehicular tunnel is pushing under the East River. It appears that Fox Movietone News went down to make a picture of tunneling, and that the CBS "America at Work" microphones followed to tell a 90-station hook-up about the making of the movies, and that in sequel, consequence, or something, more cameras were assigned by Movietone to record the radio's recording of the newsreel's recording. It would be interesting to hear why Television did not go down and shoot the whole proceedings. That is about all that might be done about a hole in the ground.

PROGRAM

WERE it not for the telephone and Mr. A-Mike Vogel, Mondays would be reasonably comfortable routine days in the editor's office. Now Mike has just been in raising particular about certain aspects of the exhibition situation.

"You'd think," observed Mike, a-hammering with a cob pipe in a menacing manner on the glass of our immaculate, or almost, desk, "that they'd know better."

With some difficulty the "they" was identified with whoever is running the movies. Neither Mike nor the editor could decide.

But whoever "they" are it seems they ought to know better than to be forever swamping Broadway and the rest of the national first runs with coincidences of material.

"Last week," complained Mike, "there was nothing in town but 'shoot 'em ups,' hell roaring action opera, in the top spots. Now look at it—the main stem is positively reeking with Africa, black and white and colors, assorted, from the sub-blistered sands of the desert (Mohave—domestic) to the noisome, dank and devil ridden gloom of the jungle (McCoy—imported). You got to like what they have on the menu, all over town, or stay home. The way they program this business makes it look like a stampede of a Board of Trade campaign with ideas like Raisin Day, or Apple Week. We are always getting a flood of something, or else a line of foot races in production like 'Let's all play Lincoln.' Even if the customers are a lot of yokels they don't all want the same thing the same time."

"FURTHERMORE," and Mike raised a warning finger, "whereas the masters of the movies seem to be able to seem to agree so often that they get their names in the paper in anti-trust suits because of their coincidental arrangements, you'd think they could get together enough to be different and arrange the programming. That would be a conspiracy in behalf of the box office public and the customers and probably they'd not get into trouble about that.

"Variety, contrast, differentiated appeal, showmanship!" Mike's voice rose higher and higher and he approached the window for air. Below his eye caught the blithe picture of the Rockettes at play on the Music Hall roof. "Hand me those binoculars," he demanded. "Now and then there's an idea that's always good."

BIG HEARTED BEN

OF a Sunday afternoon in the hammock with the New York *Times* spread from hither to yon across the grass, here's something to find on the screen page. It's an outgiving by Mr. B. R. Crisler concerning "Four Feathers:"

"Mr. Korda's delightfully improbable story is quite the best thing in the way of conventional cinema that has happened on the local screen this summer. That it IS conventional, of course, nobody can very well deny, but like many of his fellow countrymen, Mr. Korda observes the conventions so beautifully that one simply hasn't the heart to chide him for his tactful conformism—feeling certain that he could be a non-conformist, too, if only he felt that it would pay."

This, one must admit, is jolly generous of Mr. Crisler, and in a newspaper which in general "observes the conventions so beautifully."

Alas it does seem that Mr. Crisler feels, perhaps, that it is only a mercy which spares Mr. Korda from being chided "for his tactful conformism." Obviously the reviewer makes this a concession with a decided internal reluctance, some self-chiding mayhap. The norm, he would infer, is to non-conform.

Oh Times, Oh Mores, Oh Horsefeathers! Another syphon, quickly.

This Week

Unions and Alphabets

Amid richocheting and thudding verbal cannonade in the battle of the alphabet over union jurisdiction in Hollywood, there came on Tuesday a tentative agreement between producers and officials of the International Alliance of Theatrical Stage Employees, officials of the American Federation of Labor, for a five-year contract covering crafts held by the IATSE when it participated in the basic agreement on studio labor.

This was but one phase of the complicated problem, into which the Los Angeles Central Labor Council had thrown a threat to strike, if necessary, to halt an invasion of its members' jurisdiction by the Congress for Industrial Organization.

At Atlantic City, N. J., the executive committee of the AFL on Thursday was to hear protests against the granting of a charter to the American Federation of Actors, a unit which had been disbanded by its parent association, the Associated Actors and Artistes of America. The committee was also to prepare strategic plans to repel the CIO encroachment in Hollywood.

The details are in two news articles in this issue. The first, on the Atlantic City meeting and the eastern situation, starts on page 15. *On page* 17 *begins a review of developments on the western front.*

Convention Calls

The West Virginia Managers Association this week set August 30 and 31st at the Greenbrier Hotel, White Sulphur Springs, for their fifth annual convention and New Jersey Allied set September 6-8 at Atlantic City for the annual convention and meeting of eastern regional vice-presidents.

The regional vice-presidents will convene on the opening day, with entertainment scheduled for the evening at the 500 Club. Colonel H. A. Cole, national president, and Abram F. Myers, general counsel, are to discuss national problems on the second day of the convention. The annual banquet is scheduled for that night with business sessions to be resumed September 8th.

More than 100 members of the Motion Picture Theatre Owners of Western Pennsylvania held their seventh annual outing and corn roast Sunday at Dr. C. E. Herman's farm near Carnegie. Sports and games comprised the program. M. A. Rosenberg, president, and Fred Herrington, secretary, headed the committee.

George Loukides, assistant at the Loew-Poli, Waterbury, Conn., won the title of best Connecticut exhibitor golfer at the fourth annual film golf tournament sponsored by the Connecticut Motion Picture Theatre Owners at Racebrook Country Club. He was awarded a golf trophy which must be won three times for permanent possession.

$15,000,000 Loan

Loew's, Inc., on Wednesday, announced that the company had borrowed privately $15,000,000 at an interest rate averaging 3.30 per cent., for the refunding of obligations of a subsidiary and for additional working capital, through a bank loan of $3,750,000 and an issue of $11,250,000 of bonds which was purchased by two life insurance companies.

Loew's stated that the bank loan will bear interest at the annual rate of 2¾ per cent. and will be paid off in five years through semi-annual installments of $375,000. This loan was made to Loew's, Inc., by The First National Bank of Boston.

The new bond financing is represented by an issue of $11,250,000 of first lien 3½ per cent. bonds of Loew's Theatre and Realty Corporation, a wholly-owned subsidiary of Loew's, Inc. The issue has been purchased in its entirety by Metropolitan Life Insurance Company and Equitable Life Assurance Society. A sinking fund will operate after five years to retire $400,000 of the bonds semi-annually during the final ten years of the term of the issue.

Approximately $7,000,000 of the proceeds of the new financing will be used to retire on September 15, 1939, the outstanding first lien six per cent gold bonds of Loew's Theatre and Realty Corporation, due 1946. The balance of the proceeds will be additional capital, to be available to Loew's, Inc., for such future purposes as may arise.

Twentieth Century-Fox and RCA report earnings in other financial news of the week. See page 42.

Nazi Film Order

All German motion picture exhibitors were ordered this week by Chancellor Hitler to show a new 40-minute film, entitled "The Westwall." The picture, dealing with the extensive fortification system of Germany from the Netherlands to the Swiss border, appears to have been produced with the intention of instilling in the German people "a feeling of security and invincibility in case of war."

The film dramatizes the work of building Germany's western line defense, which faces France, from the engineer's plans to the finished steel and concrete fortifications, but does not reveal much of armament or soldiers in action. Emphasis is laid on actual construction work and how the resources of the entire nation were mobilized to make the job possible and to complete it in 18 months. The camera delves into the interior of the fortifications and reveals fleeting glimpses of arsenals, living quarters for the soldiers, kitchens, and the like.

The theme of the picture is "1914—encirclement but undefended boundaries; today—encirclement but invincible border."

Nullification

A decision nullifying rights of further payments to authors whose literary works were first purchased for silent screenplays and later remade in sound was handed down Tuesday in Hollywood by Federal Judge Harry Hollzer.

Judge Hollzer ruled that Ralph Murphy, Donald Gallaher and M. and G. Amusements, Inc., New York corporation, were not entitled to damages and accounting from Warner Brothers Pictures, Inc., and First National Pictures, Inc., because the defendants remade the silent film, "Sh! The Octopus."

In several instances, authors of silent film material or their estates have been paid for use of material for sound versions of pictures.

Color Television

"The first demonstration ever to be given in the world of television in natural colors" was held in the laboratories of Baird Television at Sydenham, England, before the press, according to a cable from London received by I. C. Javal, commercial director of the company, in New York.

The cable said that a color photograph of King George was received on a large screen in full color.

Britons Look to Italy

Neville Kearney will go to Rome next week to discuss, among other things, the possibility of a return of British producers to the Italian market, writes Aubrey Flanagan from London.

It is believed that certain producers invited to participate in the Venice Film Festival have indicated willingness to do so if guaranteeed bookings in Italy.

British companies have been wary of Italian overtures since the ENIC monopoly decree, which went into effect Jan. 1, whereby films may be imported at a price set by the Government agency.

Dr. Paul Joseph Goebbels, German Propaganda Minister, arrived in Venice Tuesday to open the seventh annual motion picture exposition, from which American films will be absent for the first time. The Nazi propaganda chief was accompanied from Munich by his wife, 13 Nazi officials and five German newspapermen.

Attacking the Circuits

Extension of the Department of Justice's campaign against what is claimed to be restrait of trade on the part of large independent circuits this week took form with the filing of a suit in equity against the Schine Circuit operating 150 theatres in New York, Ohio, Maryland, Delaware and Kentucky. Major distributors also are named in the suit which charges them with combining unreasonably with the Schine interests to restrain competition in the distribution of motion pictures.

Details of the charge are on page 20.

It's Still a Code in the Head, Not On Paper; Allied Answers Critics

The majors' code for self-regulation of distribution and exhibition, which was to have been ready for delivery to the industry on Wednesday, wasn't.

Relayed back and forth among the distributors, sales managers and the distributors' lawyers as it has been for months, the code's status continued to be one of code, code, who has the code. And anyone's guess was as good as another's as to when the document would be signed, sealed and delivered—although it was said that the end is in sight.

Edward L. Kuykendall, president of the MPTOA, had issued a statement in New York three weeks ago that William F. Rodgers, chairman of the majors' committee, had said the code would be ready in time for Wednesday's meeting of the Southeastern MPTO in Atlanta. No explanation of this delay in completing the draft was made in New York.

Chief interest in the fourth revised form centers upon a new method of administering arbitration boards and their personnel setup.

A statement Wednesday from the Washington headquarters of Allied States Association explained the reasons for its outright rejection of the code, gave the highlights of the discussion at Allied's national convention last June, and concluded with reports "from various parts of the country" that "shorts are still being forced with feature sales, score charges are being added to film rentals, although not separately, distributors are demanding higher prices with a larger number of percentage pictures, and distributors are waiving guarantees in order to exact preferred playing time."

The distributors have repudiated a code which would be acceptable to the Department of Justice and written into a consent decree, thus made "permanent and enduring", and would meet "the reasonable demands of the Government and the puppet groups, would clean the slate, and the industry could again concentrate on the motion picture business, untroubled by governmental or outside interference," said Allied.

"It is probable that some, or even many, independent exhibitors will sign the code in order to participate in its benefits. So long as the campaign is conducted fairly and without coercion it is a matter of indifference to Allied since it, as an organization, is in the clear and will not be affected by their individual signatures. But if it becomes apparent that coercion is being used to induce exhibitors to sign the code against their will, Allied will be both interested and active."

The MPTOA statement sent out from New York headquarters over Mr. Kuykendall's signature urged that "acceptance or rejection of the trade practice code when it is presented in final form should be based on hard-headed business sense and not on prejudice or on exhibitor politics".

Independent exhibitors of Ontario met late this week in Toronto in furtherance of the Anti-Protection League of Canada under the chairmanship of J. O. Scott of Weston to prepare for a national Canadian convention of independents in Toronto in two weeks to formulate demands for the revision of clearance schedules and to obtain other concessions from distributors.

War on ASCAP

Irked by the payment of $4,000,000 annually in fees to the American Society of Composers, Authors and Publishers for the music sent over the air 24 hours a day, seven days a week, the National Association of Broadcasters has called a conference to consider ways and means of developing other less expensive sources of material. The announcement brought echoes of the fight against ASCAP which has been conducted steadily by the broadcasters and sporadically by motion picture exhibitors for the last five or six years and which has resulted in a rash of state legislation taxing the Society or prohibiting it from collecting royalties.

The radio industry's plans are outlined in a story starting on page 22.

ART AND GEORGE BROWNE CLASH IN ATLANTIC CITY; GREEN REFEREES

And the Motion Picture Producer and Other Employers Are in the Middle, as Usual; It's a Jurisdictional Fight

Actors of Hollywood and Broadway and George Browne's IATSE projectionists and stage hands clashed at the weekend in the "battle of the century" before William Green's American Federation of Labor, over who has jurisdiction over what in acting, in the Boardwalk setting of Atlantic City's wheel-chairs and salt-water taffy.

On a quiet, sunny Sunday afternoon, on the fifth of June, a year ago, in his large, modernistic suite on the tenth floor of the Hollenden Hotel in Cleveland, George E. Browne, as president, on hand for the 34th convention of the International Alliance of Theatrical Stage Employees and Moving Picture Operators, in an interview with MOTION PICTURE HERALD, expressed, without reservation, the organizing aims of his IATSE forces. One note particularly stood out. Said Mr. Browne:

"Anything connected with the making or showing of motion pictures belongs to the jurisdiction of the IATSE . . . the IATSE will eventually have in its membership the workers of the entire motion picture industry . . . as many as 300,000."

Jurisdictional Fight

IATSE on that June day had 60,000 members, in theatres, in exchanges, in studio crafts —but not a single professional.

Today, George Browne's IATSE is also a union for actors, taking under its wing, as a starter, the Sophie Tucker-Ralph Whitehead American Federation of Actors, actors of vaudeville, night club, circus, and carnival, which had been disowned in July for managerial dereliction and diversion of benefit funds, by its parent Associated Actors and Artistes of America, the American Federation of Labor Union of all actors.

But, Mr. Browne's granting of an IATSE charter, two weeks ago, to the AFA, has precipitated probably the greatest jurisdictional fight in theatrical history, and one of the greatest in American Federation of Labor unionism.

In the middle of the fight, as usual, is the employer, the motion picture producer, the stage producer, the radio broadcaster and concert manager whose talent supplies come almost entirely from the 11 unions comprising the Associated Actors and Artistes.

Strike Is Threatened If——

"Strike!" is the threat of the actors if the American Federation of Labor does not dislodge the IATSE from its new position in actor unionism, a nationwide strike, they promise, that will run from Broadway's stage, over the air and on westward to Hollywood studios. And if the film actors strike, that is, the Screen Actors Guild, whose officers have been the most vociferous in strike challenges, then the IATSE will "retaliate"—retaliate against the entire film industry, by calling out every motion picture theatre projectionist in the country, a promise made on Tuesday by Mr. Browne.

It's all quite complicated, what with the many and varied charges, the many and varied aims and ambitions, the widely divergent interests. The New York *World-Telegram,* attempting to set down the set-up, said that red pins and a map will NOT be supplied readers who are trying to follow the war. William Green, president of the American Federation of Labor, who finds himself unexpectedly in the role of chief referee, says, "It sure is a headache."

Solely Jurisdictional

One thing is certain, Hollywood's motion picture producers and the country's motion picture exhibitors, who would be seriously affected by a strike of either actors or projectionists, are in no argument with the unions. Neither wages, hours nor working conditions are involved. It is purely a jurisdictional dispute, and, at that, entirely within the ranks of the American Federation of Labor. The AFL vs. CIO jurisdictional battle in Hollywood is still another matter. (See page 17).

Two weeks of planning strategy, of issuing loud and long statements to the press, brought all sides to the Ritz Carlton hotel on Atlantic City's Boardwalk Thursday afternoon to present their cases before the Executive Council of the American Federation of Labor, William Green, presiding.

The Council had been in regular quarterly sessions all week, listening to arguments and settling matters in the building trades and in other "muscle" branches of AFL unionism. On the eve of his meeting the folk from filmdom and Broadway, Mr. Green was reported by the press to have a good case of stage fright, for the actors brought on a whole plane load of what the reporters described as "glamour boys" and "glitter girls" from Hollywood Boulevard, to "demand" that the AFL uphold the "Four A's" against the IATSE. Jean Muir, Ralph Morgan, Olivia De Havilland, Binnie Barnes, Lucille Gleason, Edward Arnold, Mischa Auer, Wayne Morris, Henry Hull, Larry Steers rode east for the occasion, to represent the Screen Actors Guild. They were met at the plane by "Four A's" officials and by Miriam Hopkins, Lawrence Tibbett, Tallulah Bankhead and other stars who have been on Broadway.

"Council of War"

George Browne called in his entire official personnel and all of his regional vice-presidents for the hearing and for a "council of war" of their own.

Sophie Tucker, self-styled "Last of the Red Hot Mammas," and Ralph Whitehead, appeared as president and executive secretary respectively of the American Federation of Actors, the center of the argument. Miss Tucker in the week had been suspended from membership in the Screen Actors Guild, the American Federation of Radio Artists and

Author's League Joins Free for All, Charges Radio Guild with Invasion

The Authors League of America, headed by Marc Connelly, Pulitzer Prize winner, has accused the American Federation of Radio Artists of invading its jurisdiction, the same charge that the AFRA's parent body, the Associated Actors and Artistes of America, is making against the International Alliance of Theatrical and Stage Employees for granting a charter to the American Federation of Actors. The Authors League, which is not affiliated with either the American Federation of Labor or the Congress for Industrial Organization (both the AAAA and the IATSE are affiliated with the AF of L), has branches covering writers in the theatre, motion pictures and radio.

The AFRA has organized radio writers in several cities, including Los Angeles, St. Louis and Cincinnati, it was said. The AFRA charter does not specifically cover writers, there being no AF of L union in the field. Henry Jaffe, attorney for the AFRA, explained that the writers had been organized with the express knowledge of the Radio Writers Guild, the affiliate of the Authors League, and that writer-members of the actors' union subsequently had been willingly released to the guild in Los Angeles. The limitations of an AF of L charter, Mr. Jaffe said, did not have any bearing on the matter, since AFRA was not invading the jurisdiction of another AF of L union.

Emily Holt, AFRA executive secretary, said her union inherited a number of writers when it was chartered and that in every instance the writers had wanted AFRA to be their bargaining agent. She said the union stood ready to turn over its writers to "any bona fide organization" prepared and capable of representing them.

New York officials of the league declined to comment on the feud, inquiries being referred to Mr. Connelly, now in Los Angeles. It was learned, however, that the Authors League felt AFRA had consistently been breaking promises in regard to its announced intention of cooperating with the league. The league is planning steps to claim definitely the radio writers for the Radio Writers Guild.

AFL HOPES FOR COMPROMISE

(Continued from preceding page)

Actors Equity, for "delivering" the AFA into the hands of the AFL, the suspension being temporary, pending hearings.

Actors Equity Association was also well represented at the Ritz Carlton, and so were all 11 unions belonging to the "Four A's," with its combined membership of 30,000 from Equity, American Federation of Radio Artists, Screen Actors Guild, American Guild of of Musical Artists, Brother Artists Association, Hebrew Actors Union, Hebrew Chorus Union, Hungarian Actors and Artists Association, Italian Actors Union and the American Guild of Variety Artists, which the "Four A's" has set up to take the place of the disowned American Federation of Actors.

Reverses Decision

Completely reversing his original decision, AFL chieftain Green decreed the hearings open to all actors and unionites, closed only to the press. Reporters in the Ritz-Carlton who had been "covering" the story for the trade and news press wondered at the sudden clamping down after so many of the principals had said so much for public consumption in the week leading up to Thursday.

Although no decision in complete settlement of the issue was expected immediately from the American Federation of Labor, complete confidence in their position appeared to prevail among the IATSE leaders who stood around the Ritz Carlton's lobby. They were unanimous in the opinion that the IATSE will be upheld and that jurisdiction over actors will be handed over to them. They invariably stressed the fact, in private conversation, that their organization is 50 years old and that their original charter gave them jurisdiction in the acting profession. Their contention is that they never had chosen to exercise that jurisdiction, but that the time has now arrived for them to "take the actors into the fold."

Bitterness Evident

Bitterness against the "Four A's", and particularly against Kenneth Thomson, executive secretary of the Screen Actors Guild of Hollywood, was intense in IATSE ranks. Much was being made of the fact that the Screen Actors Guild had eagerly accepted the help of the IATSE two years ago. IATSE officials were accusing Mr. Thomson of having then agreed with IATSE-president Browne to "go along" in the formation of "one big union" in the motion picture business, and to have forgotten his promise.

Faced with the difficult and troublesome problem of deciding between the IATSE and the "Four A's", the executive council of the parent American Federation of Labor will seek to find a compromise acceptable to both, it was understood as the hearing started. However, continued stubbornness coupled with the violent attacks and statements emanating from both sides, has set the fate of any compromise proposal in a questionable position at best.

Calls Charter "Vague"

In the event of the almost certain failure of compromise in the negotiations and discussions that are to follow, the Federation of Labor's Executive Council, it was thought in Atlantic City, will merely confirm the charter already issued by Mr. Browne's IATSE to Miss Tucker's AFA, and probably confine the jurisdiction of the AFA to variety actors as embraced in the old AFA charter.

Such disposition, however, was seen by labor observers as not relieving the strife between the "Four A's" and the IATSE, because of the IATSE's "invasion" of actors' ranks. Delay of a decision on the IATSE's position in the jurisdiction over actors probably would result in a long drawn out fight between the two factions.

President Green this week opened the way for such a fight, when he declared that the original charter issued to the "Four A's" some 29 years ago, was "vague" and that he had been unable to determine the extent of that jurisdiction.

Other courses were seen open to the AFL: Vindication of the action of the "Four A's" ousting of the Tucker-Whitehead AFA, and a rebuke to the IATSE for invading another jurisdiction granting the IATSE outright jurisdiction over all the actors; or thirdly, the appointment of a committee of the Federation of Labor's Executive Council to investigate the conflicting claims, a course which would tend to postpone final action for at least a year, if the speed of usual parent labor organization investigations is to be taken as a criterion.

Limited Charter Favored

As the various delegations started for the hotel meeting chambers Thursday, the general labor opinion appeared to favor a limited charter to the Tucker-Whitehead group under IATSE jurisdiction, for the obvious reasons that support for the "Four A's" within the Executive Council was seen as negligible, whereas the IATSE is, and has been for many years, in a powerful position in the Federation of Labor, with its president George Browne, sitting as a member of the Council and having strong alliances in the Federation of Labor movement.

The American Federation of Musicians, another powerful AFL affiliate, while not represented Thursday because of the illness of Joseph N. Weber, its president, is known to be supporting the IATSE, while such groups as the International Brotherhood of Electrical Workers, important in Hollywood studios and in theatres, which has carried on intermittent warfare with the IATSE in Hollywood, are absorbed in their own problems and in no position to join in any fight against the IATSE.

Regardless of any strike action, any decision by the Executive Council against the "Four A's" would, according to AFL procedure, be appealed to the convention-of-the-whole of the American Federation of Labor, in the fall. The "Four A's" would then be faced with the alternative of accepting the decision of that convention and remaining in the AFL or becoming an independent union with no affiliation at all.

Some indication of the bitterness existing between the "Four A's" and the IATSE, as both sides prepared for Thursday's "war council" was seen in statements issued formally and otherwise for days before President Green sounded the gavel.

The "Four A's" circulated petitions among the 30,000 members of its 11 affiliates asking for authorization to strike, if necessary, "against the impudent attempt of outsiders to interfere in our affairs." Several documents were appended thereto for the edification of the members, including the "Four A's" version of "the disgraceful raid" on the actors' ranks and the "attempted sellout" of the actors by Ralph Whitehead to Mr. Browne. William Bioff, former IATSE official in Hollywood, was named as aiding and abetting Mr. Browne. Another document purported to be a Chicago police record of Bioff's. All in all there were some half-dozen pages of categorical charges against the IATSE and Mr. Browne and Mr. Whitehead for their motives.

James Brennan, vice president of the IATSE, chided the Screen Actors Guild for its attacks on the IATSE and on Mr. Browne and Mr. Bioff, pointing out that the Guild had publicly thanked both Browne and Bioff for obtaining its first contract from Hollywood producers.

Equity's Paul Dullzell, who is also executive secretary of the "Four A's", said he was threatened with "bodily harm" over the battle.

Tallulah Bankhead, Miriam Hopkins, Fredric March, Frank Morgan, Sophie Tucker, Helen Hayes, Katharine Hepburn and a score of other Broadway and Hollywood Boulevard stars and "big-name" players were shouting over the front pages of the nation's press, for and against one side or the other, such choice epithets as "traitor," "hitting below the belt," and such colorful expressions.

Meanwhile the producers in Hollywood and the exhibitor in his theatre await the outcome of the "battle of the century" clash between art and George Browne; William Green, referee.

INJUNCTION DENIED ACTORS' FEDERATION

The application of the American Federation of Actors, for a temporary injunction to restrain the Associated Actors and Artistes of America from revoking its charter, from interfering with its employer contracts, and from soliciting its members for the newly formed American Guild of Variety Artists, was denied on Tuesday in New York City by Supreme Court Justice Edward A. McGoldrick. However, Justice McGoldrick ruled that the issues were important, and asked the AAAA to stipulate for a trial on the first available date on the court's Fall calendar.

The Justice added that, if the parties involved wanted an earlier trial, the court would select a referee from three members of the New York Bar Association submitted by William Green, president of the American Federation of Labor. He also allowed the two union groups to stipulate whether they wanted him to select a referee in different fashion.

Charge Film Smuggling In Diplomats' Pouches

A presentment was handed up Wednesday by a federal grand jury in New York charging the French Ministry of Foreign Affairs with permitting its diplomatic pouches to be used in smuggling commercial films into the United States, according to a release issued by John T. Cahill, U. S. attorney for the southern district of New York. A presentment was forwarded Mr. Cahill and to Cordell Hull, secretary of state, at the request of the jury. The jury's findings resulted from an investigation that started on July 13th for the arrest of Andre De La Varre, accused of smuggling a number of travelogues, the release said. Mr. De La Varre conducted business under the name of the "Screen Traveler" and is at present out on $2,000 bail.

IATSE, MOVING TO REPEL CIO, SIGNS TENTATIVE CONTRACT WITH STUDIOS

Five Year Pact Reached as Alliance Closes Lines Against Invasion by New Guild; Producers Strive for Neutrality

The attempt of the International Alliance of Theatrical Stage Employees, affiliate of the American Federation of Labor, to stave off an invasion of its Hollywood domain by the United Studio Technicians' Guild, affiliate of the Congress for Industrial Organization, was partly successful Tuesday evening when it was announced from the offices of the Motion Picture Producers' Association in Hollywood that a tentative agreement had been reached on a five-year contract between the IATSE crafts unions and the studios.

Appeals to Board

The IATSE, two weeks ago, demanded that the producers "immediately" sign bargaining agreements with IATSE crafts unions. The demand came after the abrupt formation of the USTG, which was backed with CIO money; which claimed over 3,000 paid up members, said it represented 12,000 studio workers; that it embraced all of these in a "vertical" union in CIO style, and then immediately applied to the National Labor Relations Board for certification as the studio workers' bargaining agency.

The IATSE demand was backed by the threat of a strike. The demand, and the warning of harsh action by the IATSE, was attributed to the desire of its leadership to prove to members that they could act forcefully and so prove to them the superfluity of a CIO organization; and to their desire, additionally, to secure once again the benefits of participation in the studios' "basic agreement" with unions, from which the IATSE withdrew last year, after Hollywood unions had asked for local autonomy, following disputes with the international leadership over assessments.

The new tentative agreement for five years is also regarded in Hollywood this week as a partial defeat for the IATSE, for it had been trying to obtain supervision over the first cameramen of the studios, for its local 659. These cameramen are under the jurisdiction of the American Society of Cinematographers, under a recently renewed five-year agreement. The statement which announced the new IATSE-producers' agreement, emphasized the inviolability of existing contracts of producers with other studio organizations, including the ASC.

Seek Neutrality

This statement regarding the "sacredness" of the producers' contracts with "other studio unions," such as the Screen Actors Guild and the Screen Directors Guild, is also regarded as the result of the producers' desire to preserve neutrality in the national war between the IATSE and the Associated Actors and Artistes of America.

The Screen Actors Guild is a member of the AAAA. Other studio unions of writers, directors, and actors are regarded as sympathetic to it. Any agreement, therefore, with the IATSE by the producers, must be tempered by assurance that the producers do not look seriously upon the assertions of George Browne, president of the IATSE, that "all actors" unions must come under the IATSE; and that they do not yet intend to face the pregnant fact that the charter which Mr. Browne issued in the East last week to the American Federation of Actors, embraces actors in all fields.

In the Hollywood aspect of the national union battle, the CIO affiliate, the Technicians Guild seems to stand side by side with the A. F. of L.'s Actors Guild and the American Guild of Variety Artists (formed by the AAAA as a substitute for the Actors Federation) in battle against the IATSE.

Sought to Prevent Agreement

The Technicians Guild, ever since its formation, had tried to prevent an agreement between the producers and the IATSE, claiming that the National Labor Relations Board must first hold an election to decide whether the IATSE or USTG should represent studio workers. Its executives have repeatedly written or wired to the producers to that effect; they have beseached Pat Casey, producers' labor contact, with the same message; and they have importuned the public and the press. To the public, they went with the distribution of circulars in front of Fox West Coast Theatres last week.

The reaching of an agreement with the producers is not the whole IATSE answer to the Technicians Guild, it was clear this week. Resentment against the "invasion" ran so high among the IATSE and its AFL Los Angeles allies that the Los Angeles Central Labor Council threatened a strike, trying up all studio production if the USTG continued activity. Resolutions were voted against the CIO; the AFL Executive Council, meeting in Atlantic City this week, will be importuned to deal with it; and delegates of affected unions were to be told to prepare for a strike call.

The announcement of the tentative agreement between the producers and the IATSE was issued Tuesday by John Gatelee, international representative of the IATSE, and Joseph M. Schenck, chairman of the Board of Twentieth Century-Fox, head of the Motion Picture Producers Association, and chairman of the producers' labor negotiating committee. The agreement was declared to cover those crafts which were under the IATSE jurisdiction, under the terms of the so-called "basic labor agreement," which governs studio unions.

A contract embodying the terms of this agreement was being drafted this week. The tentative agreement arrived at, left open to negotiation hours, wages, and working conditions.

Mr. Schenck reiterated his statement, made for the producers on Monday night, that the negotiations with the IATSE representative did not involve the status of any other contracts with studio employee organizations.

Virtually at the same time that Mr. Gatelee and Mr. Schenck were issuing their statement, on Tuesday, representatives of the USTG, the producers, and the IATSE, were disagreeing at a conference called by the NLRB attorney, William Walsh, who sought to expedite a hearing into the jurisdictional fight between the Technicians Guild and the IATSE.

After the conference, Mr. Walsh declared: "By reason of the failure of all parties to agree on stipulations to expedite the holding of hearings, it will be necessary to issue notices in regular course. Accordingly, notices of hearing are being prepared and sent out. The hearing is tentatively set for August 16th."

Present at this conference were A. H. Peterson, representative of the American Federation of Labor; Howard Robertson and H. I. Besbeck of the USTG; Charles Katz, attorney for the same organization; Harold Y. Smith and Lew Blix, IATSE officers; Leo Rosencranz, IATSE attorney; Homer Mitchell, Herbert Freston, and Jack Karp, producers' lawyers.

Calls It "Obvious Maneuver"

After leaving the conference and hearing about the agreement between the IATSE and the producers, for a new five-year contract, Mr. Robertson, who is the acting chairman of the USTG, called the move an "obvious maneuver on the part of Schenck to herd the workers back into the company-dominated IATSE," and charged that it was a violation of the Wagner Labor Act. He amplified the comment with a more complete statement of position, thus:

"We appeared at the Labor Board today. Representatives of the United States Government asked all parties to waive the formal five-day notice, in order to bring about an immediate election (election by the NLRB of proper bargaining agent for Hollywood crafts unions, as requested by the USTG). The USTG imme-

"Front Office" Theatre Employees Union Votes on Affiliating with the IATSE

The Theatrical Manager, Agents, and Treasurers Union, an organization of "front office" theatre men, was to meet this Thursday evening in New York, to decide whether to affiliate with the International Alliance of Theatrical Stage Employees.

The organization's aid has been sought by the IATSE. Overtures to it have also been made by the Associated Actors and Artistes of America, parent actors' union, which is warring with the IATSE.

This tug-of-war between the two factions has resulted in a split within the TMAT. The press agents' division is against an IATSE affiiation, but the motion picture division wants it. A special committee visited Atlantic City over the weekend, and is reported to have received assurance of George E. Browne, IATSE president, that the unit would receive a charter.

Meanwhile, the first union contract in New York covering wages and hours for film theatre managers and assistants was drawn up last week, after successful negotiations of the union with the Five-Boro circuit.

The contract takes effect September 3rd.

The union is now conducting a drive to unionize all New York houses.

LABOR BOARD PREJUDICE CHARGED

diately agreed. The IATSE refused to waive this five-day period, in keeping with its policy of delay. We now understand that, at the same time that this hearing was proceeding before the labor board, the statement has been made by the producers, indicating that they had reached a tentative agreement with the IATSE on everything except hour, wages, and working conditions."

Calls Agreement Worthless

"We, of course, have not seen this agreement," he continued. "But, in our opinion, it is not worth the paper it is written on; for it violates not only the spirit, but the letter, of the Wagner Act. It is another effort on the part of Schenck to deliver the civil liberties of all studio workers to his cohorts, Browne and Bioff.

"We expect to get a real contract for our men; and we believe that, with the aid of all right thinking people, we will succeed in our effort to permit the processes of law to go forward to an election under the supervision of the United States Government. No worker should be fooled by this obvious maneuver on the part of Schenck to herd the workers back into the company dominated IATSE. Schenck can rest assured that the USTG is not being fooled."

It was not only the CIO affiliated USTG that was dissatisfied by the NLRB hearings, but also the AFL, as evidenced by the "blast" also issued after the Tuesday NLRB conference, by Mr. Peterson, who is southern California representative of the AFL. His statement was an answer to the USTG charge that its opponents refused to waive the five-day rule through a consistent policy of delay.

Charges "High Pressure"

Said Mr. Peterson:

"The board tried to high-pressure us into waiving its own rules of procedure, which require five days' notice before hearings are held. Furthermore, the board has never before attempted to divide the jurisdiction of a labor unit, before hearing. In this case, the board, under the prodding of Charles Katz, the CIO attorney, attempted to define the jurisdiction over cameramen. When the IATSE requested the board to hold an election in Hollywood several months ago for the purpose of having itself defined as the bargaining agent for workers under its jurisdiction, the board informed the IATSE that its own regulations prevented the elections from being held for 10 months, because Jeff Kibre (leader of the Studio Technicians' Local 37 dissidents) had filed a complaint."

"When it comes to the CIO," Mr. Peterson continued, "the NLRB is apparently willing to change its regulation and rules, or make up new ones as it goes along. Mr. Katz has only to request the board's cooperation for the USTG—and, presto! the 10 months' clause that prevented the IATSE election is not binding upon the CIO.

Threatens Inquiry

"The AFL intends to find out the secret source of Attorney Katz' power over the NLRB. We have information that Dr. Towne Nylander's resignation, which was never made public, will shed some light on this peculiar situation.

"The NLRB should first get a clean bill of health from a Congressional investigating committee, before it injects itself into a situation where impartiality is a prime necessity. At the present time, it is frantically trying to make hay for the CIO before its bias is exposed by the Congressional committee."

Mr. Peterson concluded with the statement that the AFL executive council, meeting this week in Atlantic City, was being asked to "take proper steps" to "bring out into the open" the NLRB situation.

In contrast to these heated charges and counter charges, anent the NLRB conference and the IATSE producers' agreement, there was Mr. Schenck's statement, after the meeting with Mr. Gatelee, which resulted in the five-year tentative agreement with the IATSE.

Strike Threatened

While the NLRB was holding conferences with all parties, anent the USTG plea for certification, and Mr. Schenck and the IATSE reached their agreement, the resentment of the AFL unions in Los Angeles boiled over in several concrete actions, including the strike threat.

On Tuesday night, in emergency session, the Los Angeles Central Labor Council drafted a long resolution declaring the USTG to be invading AFL jurisdiction, and asking representatives of the affected Hollywood unions meeting in Atlantic City this week, to prepare for a strike call, and to set up funds and operations for such a call.

J. W. Buzzell, executive secretary of the Council, flew to Atlantic City from Hollywood, bearing copies of a resolution to present to the leaders of the teamsters, electrical workers, musicians, and carpenters, all of whose unions are in the basic agreement with the studios; and also, for presentation to the leaders of the IATSE, the plasters, plumbers, machinists, and stationary engineers, and other unions who, up to Tuesday, did not have basic working agreements with the studios.

Another resolution of the Los Angeles Council condemned the NLRB for stepping into the jurisdictional fight. Mr. Peterson, who had been at the NLRB conferencee, declared that many AFL unions had filed application for certification as bargaining agents with the NLRB; but that the board had not acted upon these, though it was acting immediately on the USTG petition.

"One AFL local has had a petition on file for four years, but no action has even been taken on it," he charged. "That the board should suddenly become interested in a motion picture case affecting the CIO shows definite prejudice against the AFL."

Calls Differences "Minor"

Over the weekend, it was decided by the Labor Board's Los Angeles office to have the hearing held on the Technicians Guild's certification application, and to ask the Washington head office to give permission. Over the weekend Mr. Walsh, the board's senior member in Los Angeles, said that differences between the IATSE and the Technicians Guild over the certification were "minor."

Last week, the IATSE filed an affidavit with the NLRB, charging that the USTG was not backed by the CIO, but by "unidentified sources"; that members of the Screen Actors Guild had financed a publicity campaign against the IATSE; that Robert Montgomery, SAG former president, donated $5,000 to a fund for Jeff Kibre, leader of the Local 37 insurgents, so that he might "get" the IATSE; that the USTG had only 25 paid up members when it applied to the NLRB for certification as the bargaining agent for Hollywood crafts unions; that Harry Bridges, West Coast CIO leader, who has been charged with Communism, had pledged money to the USTG, without the knowledge of the West Coast CIO officials.

Made by Saunders

The affidavit was made by Alex Saunders, formerly temporary executive secretary of the USTG, who was discharged two weeks ago.

In immediate reply, USTG spokesmen said that Mr. Saunders' charges were being used to "discredit" the USTG. But they did not deny financial assistance from Mr. Montgomery.

Howard S. Robertson wired to Mr. Schenck that Mr. Saunders' charges were "a typical IATSE smoke screen." He countered with several charges against Mr. Saunders.

Mr. Saunders' affidavit had also disclosed, for the first time, publicly the backers of the USTG, who, according to him, were Mr. Bridges, Mr. Kibre, Mr. Katz, George Bidle, of the Pacific Labor Bureau, and Herb Sorrell, of the Painters' Local 644.

Mr. Sorrell, two weeks ago, after delivering an address to an organization meeting of the USTG, was called "on the carpet" by the IATSE. He walked out.

Denies Guild Move

This week, Philip M. Connelly, president of the California CIO, in addressing the USTG, denied that his organization sought affiliation of the USTG. The USTG last week charged that the producers were favoring, and even insisting upon, workers who hold IATSE membership cards. This was said to be unfair, inasmuch as it was pointed out that the IATSE did not have a closed shop agreement with the producers.

Labor Board Reopens Screen Writers' Case

After protracted and ineffectual negotiations with the producers, and after long knocking at the doors of the National Labor Relations Board for appeasement, the Screen Writers Guild this week appeared to have won a round when the Los Angeles NLRB office set next Thursday for the reopening of hearings on the Guild's charges of producer coercion, intimidation, and bad faith; and also ruled against the signing of long term contracts between producers and crafts unions.

The ruling voided agreements between the Screen Playwrights, Inc. and the producers, and charged the eight majors with unfairness against the Guild.

Disagreement in the Washington office of the National Labor Relations Board, over the case, was disclosed last week. The board's newest member, William M. Leiserson, refused to sign the amended complaint against the majors. He refused to explain why.

The disagreement between the producers and the SWG, that resulted in the resumption of the case by the board, hinged upon contractual length.

EXISTING CONTRACTS STAND, SAYS SCHENCK

"Producers will observe, in strict accordance with their terms, all contracts now in existence, including those with the Screen Actors Guild, Screen Directors Guild, American Society of Cinematographers, and other agreements of a similar nature," Joseph M. Schenck, chairman of the producers' negotiating committee, said Tuesday in Hollywood in announcing the tentative agreement with the IATSE on a five-year contract.

U. S. STRIKES AGAIN AT CIRCUITS; DELAY OF NEW YORK ACTION SEEN

Action Against Schine's 150-Theatre Organization Parallels Suit in Oklahoma Against Griffith Circuit

Striking at another key territorial situation in its campaign to secure the dissolution of large independent theatre circuits, the Department of Justice on Monday "moved in" on the Schine Circuit which, with all of the major producing companies, is charged with combining unreasonably to restrain trade in the distribution of motion pictures in parts of New York, Ohio, Maryland, Delaware and Kentucky, in which states it operates 150 theatres.

The Department Monday filed a petition in equity in the District Court for the western district of New York, at Buffalo, paralleling the suit filed in Oklahoma last April against the Griffith Circuit.

Specifically, the Government named as defendants in the new suit, Schine Chain Theatres, Inc.; Schine Circuit, Inc.; Schine Theatrical Company, Inc.; Schine Enterprises Corporation; Schine Chain Theatres of Ohio, Inc.; Schine Lexington Corporation; Chesapeake Theatres Corporation; Loew's, Inc.; Radio-Keith-Orpheum; Universal Pictures; Universal Film Exchanges; Twentieth Century-Fox Film; United Artists; Columbia Pictures; Warner Brothers Pictures; Vitagraph; Paramount Pictures, and Paramount Film Distributing Corporation.

Like the Griffith case, the Schine suit is held by the Department to be an essential complement to the Government's New York suit against the major companies. It is the second of several such cases which are to be brought in various areas in an effort to abolish the monopoly which the Government claims the large independent circuits hold in their areas, corresponding to the monopoly allegedly exercised by the major companies wherever they operate.

The objectives of the New York suit, it was asserted at the Department, "cannot be attained so long as there exist chains of theatres exercising monopoly power in various sections of the country, even if the affiliation between such chains and the major companies is broken."

Demands Competitive Market

If the major producers are deprived of control over local theatres, as sought in the New York suit, it was explained, they must have for themselves a competitive market of truly independent theatres in which to distribute their product and must not be at the mercy of local monopolies which control the market in particular areas.

"To leave the chain theatres in control of the market after divestiture by the major companies would be simply to substitute a number of local monopolies for the national monopoly which is now charged to exist," it was declared by Assistant Attorney General Thurman Arnold, in charge of the prosecutions. "Such control would be equally disastrous to independent theatre owners. Local monopoly control may be quite as effective in stifling competition as national monopoly control and at the same time be more disorderly. It would also put the producers, who had divested themselves of their theatres, at the mercy of the local monopoly."

Department officials pointed out that at the time of the filing of the Griffith suit a warning was issued that there were a number of other independent theatre chains in a similar situation and that additional suits would be brought as rapidly as investigations were completed.

The filing of the Schine petition was announced by the Department in Washington, which at the same time made public an explanation of the purposes of the suit.

"This proceeding is designed to break the monopoly control exercised by the Schine Theatre organization in the exhibition of motion pictures in parts of New York, Ohio, Kentucky, Maryland and Delaware," it was stated.

"While operations of this organization are not nationwide, its effect upon the independent theatre owners in its area of operation is substantially similar to that of the major producing companies within the area of their operations. Because of the control by this chain of a large number of theatres, it is able to make blanket contracts for all desirable pictures for its theatres without competing with local independent exhibitors.

"This action seeks, among other things, to break the monopoly combination in the area in which it operates. To effect such object, this suit asks that the exhibitor defendants be dissolved and their properties rearranged under separate and independent corporations in such manner as to create competitive conditions and prevent further violations of the Sherman Act.

"It also seeks injunctive relief by directing that practices resulting in this monopoly control and its oppressive exercise be enjoined. In addition, it seeks to enjoin the producers from licensing pictures except on a local competitive basis. Finally, it seeks an injunction against the acquisition of additional theatres or financial interest therein by the defendant chain."

Would Rearrange Ownership

As in the Oklahoma case, civil proceedings were decided upon because the aim of the Department to restore competitive conditions in the industry may require a rearrangement of corporate structures and ownership which can only be done by civil decree, it was explained.

J. Myer Schine, president of Schine Enterprises, Inc., which has headquarters at Gloversville, N. Y., declared Monday that the organization would fight with all its resources against the charges.

He said he was certain the Schine chain had "nothing to fear."

Willard McKay, film attorney with offices in New York, is in charge of the defense, assisted by Howard Antevil, head of the home office legal staff. The Schines will file an answer within 20 days.

The suit was filed at Buffalo by R. Norman Kirchgraber, assistant federal attorney.

The complaint was signed by Attorney General Frank Murphy, Thurman Arnold, assistant attorney general in charge of anti-trust investigations, U. S. Attorney George L. Grobe and others.

United Artists Sued

G. J. Spencer, operator of the Ritz theatre, Trenton, Mo., has filed suit in circuit court against United Artists, alleging violation of contract. Through his attorney, Harry J. Fair, Mr. Spencer alleges that his contract with U.A. specified the furnishing of first run films, but that he got second run pictures in many instances.

Mr. Spencer also charges that U.A. terminated his contract without just cause or excuse at a time when he planned to exhibit desirable films in the contract and after he had played many of the less desirable pictures in order to get the good ones.

Attorneys Doubt New York Case Will Come to Trial Before Next Year but Expect It to Take All of 1940

Though U. S. government attorneys had been optimistic, legal observers in the film industry felt this week there was little likelihood that the suit by the Department of Justice against the majors in New York federal court, for anti-trust law violations, could come to trial before the beginning of next year.

Knox Reserves Decision

Judge John C. Knox said as much on Monday, as he reserved decision on the application by the Government for calendar preference. He pointed to a crowded court calendar and a lack of judges. He pointed specifically to the absences of Judges Robert F. Patterson, Francis G. Caffey, and John M. Woolsey. The latter cannot be assigned to a motion picture case because his wife owns stock in Loew's.

The Government's case is on the calendar for next March. Its motion for preference asks for a trial date of November 1st. It is predicted that the case will start some time between these two dates.

In asking for the preference, Special Assistant Attorney General Paul Williams asserted that the case was of special concern to the public, and would require long service for the court. He estimated a Government presentation of four months and a defense of six to eight months.

Donovan Objects

In opposing the government motion, Colonel William Donovan of RKO, argued that the Government had had more time than the defense to prepare its case: two years as against eight months; and that the so-called "urgency" of the case was lessened by the application of a trade practice code which modified many of the alleged evils complained of by the Government.

David Podell, acting as special counsel for the Government, delivered his first speech in such service by arguing that the independent exhibitors were hard pressed now, and didn't have much chance to survive longer.

Earlier in the day, Federal Judge William Conger denied United Artists' application for a further bill of particulars from the Government. The company must file its answer to the Government's present bill of complaint within ten days.

Brooklyn Suit Dismissed

The suit by the Folly Amusement Holding Corporation, former operator of the Folly Theatre, of Brooklyn, New York City, against the majors, Randforce circuit, Monogram, Republic, and Loew's, Inc., was dismissed, as applying to United Artists, in New York Federal Court on Monday, by Judge Murray Hulbert.

Judge Hulbert found that the complaint of the plaintiff made no specific reference to U.A. He allowed the plaintiffs to amend the complaint within 20 days, to rectify the mistake.

The suit asks $750,000 damages, alleges restraint of trade, violations of the Sherman anti-trust law; and that, as a result of these violations, the plaintiff had been forced out of business.

Judge Hulbert's decision also directed the Folly concern to file a bill of particulars against the other defendants, exclusive of U.A.

BROADCASTERS TO "WAR" ON ASCAP; 40 ATTACKS IN 25 STATES TO DATE

Association Calls General Meeting September 15th to Build Up Other Sources of Music at Lower Cost

The National Association of Broadcasters this week sounded a "call to arms" for its members to set up a "war chest" and open battle on the American Society of Composers, Authors and Publishers for its royalty collections for the public performance of music written or composed by ASCAP members, which in six years has cost radio $20,000,000.

General Meeting September 15th

Feeling that the $4,000,000 a year paid by broadcasters is "too stiff" a price to pay ASCAP for its music rights, Neville Miller, president of the National Association of Broadcasters, has called a general meeting of the entire radio industry, to be held in Chicago on September 15th, to determine what might be done to develop other and less expensive sources of musical material.

Thus the broadcasters again bring into the open the fight which they conducted with exhibitors in 1934 against ASCAP royalties. At that time, ASCAP made a considerable revision upwards, and the United States Government came on the scene with an anti-trust suit against the composers' organization. The suit never came to trial, but only last month Washington heard rumblings of new interest in the case from the vicinity of the Department of Justice. ASCAP officials, however, branded this "propaganda."

Out of that 1934 battle, and following many long conferences between an exhibitors' "Emergency Committee," created for the purpose, ASCAP agreed to temper its demands for increased rates from theatres, which up to that time had been paying a flat ten cents a seat annually. ASCAP had attempted to raise the rates to the point where the large theatres would have been required to pay almost $1,300 a year. As a result of the negotiations, however, the annual rate was set at 10, 15 and 20 cents per seat, according to theatre size.

No Concessions to Broadcasters

The broadcasters, however, received no concessions. For a while, they marked time, until, about a year later, they started to sponsor legislation in various states to either heavily tax ASCAP, prohibit its collecting royalties within a state, or abolish ASCAP outright. Anti-ASCAP legislation has since reached 25 states, but little has been enacted. (See third column for status.)

While hotels and night clubs joined radio in its state legislative attack against ASCAP, exhibitors, except in a few instances, did not participate, they having just previously received concessions. Variously since, there has been some exhibitor interest locally in different states, but nothing widely organized. Whether exhibitors will now join radio to any appreciable extent in its renewed fight remains to be seen.

In any event, an exhibitor viewpoint was expressed this week, by Edward L. Kuykendall, president of the Motion Picture Theatre Owners of America, who declared: "Leaving ASCAP as it is, without any limitations, is a serious menace to the theatre industry, as well as to some other industries. The national copyright laws give them the right to do anything they want to do. They can levy a percentage of your gross receipts, if they want to.

"We have not tried to destroy ASCAP, but we have tried to limit the assessment they can place on our theatres."

Cites Increased Charges

In calling the September conference, Mr. Miller, for the broadcasters, pointed out that ASCAP charges have been increasing steadily over a number of years and apparently will continue to increase, imposing a burden on broadcasters which it becomes constantly more difficult to meet.

Several years ago, the Broadcasters' Association sought to develop a music library from non-ASCAP sources, and that plan, as well as resort to music sources outside the area of ASCAP, may be revived.

Determination of the Broadcasters to cut loose from ASCAP is the result of continued inability to obtain any satisfaction from the music society as to how much broadcasters would be expected to pay for their music on the expiration of their present contract December 31, 1940, it was explained by Mr. Miller.

More immediately, however, broadcasters' action followed a conference between their negotiating committee in New York and John Paine, general manager of ASCAP, last Thursday, at which Mr. Paine advised that the Society was not ready to make any proposals to the broadcasters and that, although the ASCAP board of directors on July 13th authorized President Gene Buck to appoint a negotiating committee, Mr. Buck had gone on a vacation without naming any of its members and the date of his return to New York has not been set.

Negotiations Begun in March

"We began negotiations with the copyright pool on behalf of the broadcasters last March, and these negotiations have been energetically pressed by the negotiating committee for many weeks, but the committee was forced to admit that in view of the society's attitude, it had been able to make absolutely no progress," Mr. Miller said.

"It immediately got in touch with the copyright committee of the broadcasters' organization, of which it is a sub-committee. The copyright committee thereupon called a convention of the entire broadcasting industry at the Edgewater Beach Hotel in Chicago on September 15th to raise a substantial 'war chest' and to ratify plans which will be formulated meantime and which are expected to create an adequate supply of music from independent sources."

Plans for the meeting and the employment of a specialized staff for the campaign were discussed by the NAB committee at a meeting in New York Wednesday.

Chief Objectives

The chief objectives of the broadcasters, Mr. Miller said, are to:

"1. Defend themselves against the Society's requirements that they pay tribute percentage-wise on all programs regardless of whether or not they use any ASCAP music or, indeed, any music at all.

"2. To reduce the broadcasters' annual toll to the Society, which is now running around $4,000,000 a year and is rapidly mounting.

"3. To bring about a more equitable distribution of the charges among the broadcasters themselves.

"4. To foster, encourage and promote the writing of new music and new lyrics by giving opportunity to be heard to new composers and authors.

"5. To arm themselves with such supply of, or access to, music as will enable them to con-

Career of Composers' Society Marked by Attempts at Taxation, Prohibition of Royalty Collection or State Abolition

The American Society of Composers, Authors and Publishers, which collects royalties from motion picture and other theatres, radio stations, night clubs, hotels, dance halls, amusement places and other public performers of music, has had a stormy career in the past four years, since the broadcasters and theatres first openly fought the organization, in 1934, for reductions in the payments which ASCAP demands. Exhibitors at that time did get somewhat of a reduction. They got cuts in new increased rates which ASCAP had attempted to level, but the broadcasters did not fare so well, and they started sponsoring state legislative attacks.

Extensive Campaign

The legislative campaigning has been extensive, as witness a report completed this week for the organization by Edwin Claude Mills, general manager, in New York.

No less than 40 different bills have been introduced in 25 states, to either tax ASCAP, prohibit its collection of royalties within the state, or abolish its state operations entirely. ASCAP is reported to have already spent $500,000 in legal defense fees.

Enacted and now in effect are laws in Alaska, Georgia, Kansas, North Dakota and Vermont. Some are drastic, others not.

Enacted and awaiting court tests are laws in Florida, Montana and Nebraska.

Bills have been introduced, but have been defeated by ASCAP in Alabama, Arkansas, Colorado, Connecticut, Illinois, Indiana, Iowa, Louisiana, Missouri, Minnesota, Michigan, New Mexico, New York, Oklahoma, Oregon, Ohio, Pennsylvania, Texas and Washington.

In the recent state legislative sessions, 14 bills were introduced.

Mr. Mills' report on the status of legislation hitting at ASCAP in the past few years, since broadcasters and others have been campaigning against the organization, follows:

Report by States

Alabama: The General Revenue Bill of 1935 incorporated a provision following the Georgia precedent, to tax ASCAP $100 per county per annum. Was not enacted.

Alaska: A bill patterned after the Washington anti-ASCAP statute, Chapter 13, laws of 1939, was approved on February 16, 1939.

Arkansas: Senate Bill No. 56, introduced on January 13, 1939, following the pattern of milder bills, was defeated on March 8, 1939.

Colorado: Senate Bill No. 405 (House Bill No. 576), introduced on January 18, 1939, following milder bills. Was not enacted.

Connecticut: Senate Bill No. 830, introduced January, 1939. Was not enacted.

Florida: Senate Bill No. 679 introduced May 6, 1937, following the pattern of the Washington law. Was enacted and approved June 9, 1937.

Suit to test the constitutionality of this law was brought by ASCAP in the Florida Federal Constitutional Court and argued March 3, 1938.

Georgia: House Bill No. 132 was introduced in December, 1937. It was the same as the Montana bill. Was not enacted. However, House Bill No. 676 was enacted in March, 1935; this pro-

vides for a tax on ASCAP of $1,000 per county per year. After litigation, this was adjusted, upon the basis of ASCAP paying a single tax of $1,000 in the county where its office is located.

Illinois: A bill in 1937 was not enacted. House Bill No. 115, introduced in January, 1939, also was not enacted. Also, House Bill No. 567, in March, 1939, was not enacted. This was a modified form of the Montana bill.

Indiana: House Bill No. 459 was introduced in March, 1937, and passed the House, but was eventually rejected. House Bill No. 532, introduced in January of this year, and a copy of the Montana statute, was also rejected. Also rejected was House Bill No. 532, in February of this year. This was a modified bill.

Iowa: Bill rejected in 1937.

Kansas: Senate Bill No. 397, introduced in April, 1939, was enacted. This is a modified anti-ASCAP bill. It was amended so as not to affect existing contracts.

Louisiana: House Bill No. 409, to tax ASCAP $5,000 per year per parish, was enacted July 13, 1934. Senate Bill No. 237, introduced May 29, 1938, was passed, but finally rejected.

Missouri: Three house bills, introduced in 1935, were not enacted. In St. Louis, the City Council twice rejected occupation taxes directed at ASCAP, in October, 1934, and April, 1936.

Montana: House Bill No. 396, as Chapter 90 of the laws of 1937, was enacted on March 12, 1937. "This is drastic," says Mr. Mill's report. "It's author is Kenneth Davis, secretary of, and attorney for, the Washington State Broadcasters Association. It has since become a pattern for other attacks on ASCAP."

ASCAP brought suit to test its constitutionality. This was argued on April 23, 1937. An interlocutory injunction was denied. Case was then appealed to the U. S. Supreme Court. It was remanded for trial "on merits"; it is now awaiting trial.

On March 4, 1939, House Bill No. 246, a modified anti-ASCAP bill, repealing the previous law, was enacted. This is known as Chapter 123 of the laws of 1939, of that state.

The ASCAP legal department is considering action to test the constitutionality of this law.

"To additionally harass and hamper and terrorize ASCAP, local indictments under criminal laws have been filed against our various executives," said Mr. Mills. The ASCAP legal department is handling these.

Minnesota: The legislature did not enact House Bill No. 1529, patterned after the Washington law. It also did not enact a bill in both houses, introduced in February, 1939, for a modified anti-ASCAP measure.

Michigan: The Governor, on July 27, 1937, vetoed an anti-ASCAP measure, which was introduced on May 20, 1937.

Another anti-ASCAP bill, introduced in February, 1939, was not enacted.

North Dakota: Senate Bill No. 284 was defeated; it then was re-introduced in amended form, modeled on the Kansas measure, which does not interfere with existing contracts, and, on March 2, 1939, was enacted.

New Mexico: The Governor vetoed Senate Bill No. 85, introduced in February, 1939, as a modified anti-ASCAP measure.

New York: An Assembly bill, introduced in March, 1938, was not enacted.

Nebraska: Bill No. 478, following the Washington pattern, was introduced on May 17, 1937, and enacted.

A suit was brought to test this law's constitutionality. A temporary injunction was granted. The suit awaits trial, "on merits."

Oklahoma: The legislature did not enact a bill in both houses, introduced in March, 1939.

Oregon: Senate Bill No. 386, which was introduced on February 16, 1939, was defeated.

Ohio: The legislature did not enact a February, 1937 bill; and, again, did not enact a bill introduced in April, 1939.

Pennsylvania: The House did not enact its modified anti-ASCAP measure, introduced on February 6th, 1939.

Texas: The legislature did not enact the modified measure nor a 25 per cent tax ASCAP tax bill.

Vermont: House Bill No. 379, a modified measure, was introduced in March, 1939. After hearings, its form was changed to require filing of copies of all license contracts issued in that state, and payment of a tax of five per cent of the gross receipts.

Washington: In 1933, Chapters 10, 57, and 191 of the laws of 1933 to tax ASCAP five per cent of the receipts, was enacted. This was held not to apply on January 8, 1935, as ASCAP was not doing business in the state.

On June 24, 1935, there was a suit against ASCAP under the state anti-trust laws. On August 7, 1935, an injunction against ASCAP was granted. On August 13, 1935, a receiver was appointed. On June 8, 1936, ASCAP was cleared in Superior Court. The case was dismissed. The receiver was discharged.

During the progress of this litigation, in May, 1936, Messrs. Burkan, Buck, and Mills were indicted in a Washington county for alleged criminal conspiracy, "in an effort to terrorize ASCAP." These indictments were subsequently dismissed.

Broadcasters Ask New Music Source

(*Continued from page 22, column 2*)
duct future negotiations with the Society on terms of some equality.

Seek Reservoir of Music

"While the broadcasters are not yet prepared to disclose their plans fully, their principal effort will be toward the engaging of composers and authors with a view to building up a reservoir of new music and the arranging and popularizing on the air of music now in the public domain which is not controlled by the copyright pool," he continued. "Efforts will be made to enter into arrangements with such publishers, composers and authors as have not yet renewed their contract with the Society, and very probably there would be cooperative effort towards entering the music publishing field on a non-profit basis. The broadcasters desire to give opportunity to new and non-established composers and any writers who feel that the Society has denied them an opportunity to be heard."

Members of the NAB negotiating committee are Neville Miller, president of the NAB; Lenox Lohr, president of NBC; Edward Klauber, executive vice-president of CBS; John Elmer, president of Station WCBM, Baltimore; Samuel R. Rosenbaum, president of Station WFIL, Philadelphia; Walter J. Damm, managing director of Station WTMJ, Milwaukee, and John Shepard, 3d, president of the Yankee Network in New England.

Members of Committee

All the foregoing are members of the broadcasters' copyright committee, which also includes Edwin W. Craig, executive vice-president of Station WSM, Nashville; Gregory Gentling, general manager of Station KROC, Rochester, Minn.; Clair McCollough, general manager of Station WGAL, Lancaster, Pa.; Theodore C. Streibert, vice-president of Mutual Broadcasting; Harold Wheelahan, general manager of Station WSMB, New Orleans, and I. R. Lounsberry, manager of Station WGR-WKBW, Buffalo.

If the National Association of Broadcasters thinks it can "break" ASCAP, it is entitled to another think, Gene Buck, president of ASCAP, told reporters in San Francisco Saturday.

"I don't believe that the American people, when the facts are disclosed, will begrudge the authors and composers of the nation a few crumbs from the table of these powerful gentlemen who control the air," Mr. Buck said.

"It is a sad state of affairs when these gentlemen, who sell commercial time to the amount of $118,000,000 annually and will pay artists and performers and interpreters of music as much as $15,000 for a single performance, cry and whimper because they have to pay the composers and authors of the nation about $3,500,000 a year which makes their entire operation possible."

Mr. Buck said attempts of the association to smash his organization through "legal piracy" have failed in the past and will fail again.

At ASCAP's home office in New York, Edwin Claude Mills, general manager, said that "the existing agreements still have about 18 months to run—until December, 1940—and there seems ample time available in which to formulate plans reasonably acceptable.

"It may be," he continued, "that the broadcasters, holding a six-months franchise from the government, for the free use of the air, conditional upon their operating in the 'public interest, convenience, and necessity' can, in 18 months, create a repertoire of available music, either non-copyright or subject to their control, sufficient to meet the cultural needs of the radio, the commercial needs of the radio advertisers, and the demand of the public, for worthwhile musical entertainment.

"However, the repertoire represented by ASCAP has been more than 100 years in the building, and includes the music of some 22 foreign countries.

"ASCAP is neither terrorized nor frightened, or its members in the least worried, for fear that broadcasters, even if they were united, can by any process of magic or legerdemain, or regardless of the amount of money spent, create in 18 months a catalogue of music sufficient to anything like meeting the needs of the broadcasting industry, or the demands of the public; and it is stupid to think that the advertisers, whose millions of dollars support the radio, will consent to hazard the entertainment value of their programs, with untried material."

Columbia To Rebuild Market in Spain

Columbia Pictures will begin the immediate rebuilding of its distribution organization in Spain, starting with the assignment of A. Suarez del Rivero, director of Spanish publicity for the company to a new post in Spain.

Mr. del Rivero sailed last Saturday for London, where he will confer with Joseph A. McConville, Columbia foreign head, and J. Friedman, European representative. Before he left, he was guest of honor at a dinner in New York, tendered by friends and business associates.

He will be succeeded as head of home office publicity by John Agell, formerly with Universal's foreign department.

World Pictures will release "Ski Chase," produced by Sokal Films in Paris. Hannes Schneider, famous skier featured in the film, is in this country after being released from a Nazi Concentration camp.

THE KEYSTONE OF YOUR FUTURE

FILMS' TELEVISION "BOYCOTT" FORCES NBC TO CURTAIL FILM TELECASTS

Product Not Available Following Exhibitors' Protests to Large Distributors; Independent Supply Runs Out

To the "unofficial boycott" by the motion picture industry against television, with resultant inability of television to obtain films, is attributed the decision last week that the National Broadcasting Company will curtail telecasts of film entertainment after August 29th.

Follows Exhibitors' Protests

The broadcasting company, only purveyor in this country of a regular daily television entertainment service to the public, has faced a film problem since the inception of its television service on April 30th, coincident with the opening of the New York World's Fair. The major distributors "unofficially" have refused to allow the television industry to obtain new films, except on "rather high" rentals. The vigorous protests by exhibitor accounts, notably from some of the Allied units, dictated this policy. The exhibitor argument was the same used against the supplying of film stars to radio: it is the aiding of a rival industry, exhibitors say.

After a protest, some months ago, by George Gold of the New Jersey Allied, George Schaefer, president of RKO, replied, through his office, that his company certainly would not aid willingly in the building of competition to its exhibitor accounts. Most of the large companies have concurred. Twentieth Century-Fox, which earlier this season barred its stars from radio appearances, has taken steps to prevent them from appearing on television. At the Schine convention in Gloversville, N. Y., last week, Herman Wobber, general sales manager of 20th Century-Fox, said that "our company will do everything possible to keep stars that belong to films and that were made by motion pictures from appearing on radio and television programs."

NBC, effective August 29th, will increase its television broadcasts over W2XBS to a minimum of 11½ hours weekly, according to Alfred H. Morton, NBC vice-president in charge of television. The present schedule is 10 hours per week. But, under the schedule, NBC will televise only one feature film each Wednesday evening. Studio presentations will be telecast Tuesday, Thursday and Friday evenings. Noonday telecasts will continue on the present schedule of four days a week, and outside telecasts by the NBC mobile units will be relayed over W2XBS, three afternoons a week.

Independent Films Used

The National Broadcasting Company had been using independent features and shorts on its afternoon "test" programs, which were instituted to aid television mechanics in installation of sets in homes, and to aid dealers in demonstrating sets in afternoon sales hours.

The lack of sufficient live talent and material for it to appear in, had induced this policy. The company had started out with a stock of old shorts, most of them of a commercial nature. The stock soon being exhausted, one month ago it gained almost two dozen foreign features from independent distributors after having been defeated in endeavors to get feature material from the Hollywood studios.

This "International Film Festival," as it has been called, comes to an end on August 25th. Most of the features by then will have been shown at least once. It is understood, however, that the policy has been unsuccessful for several reasons, mainly, a general public apathy towards foreign films.

Despite these difficulties, however, new developments in television were noted this week.

In New York it was announced that Metropolitan Television, Inc., had been set up. This company will transmit television programs in The New York Metropolitan area, it is hoped. Its practicability rests upon the disposal of its application with the Federal Communications Commission, filed in July, for a transmitter permit.

A group of department store personalities makes up the executive personnel of this corporation. The New York department stores have been trying television for several months. Foremost among the experimenters has been Bloomingdales, which uses wired television, working essentially as follows: a program being transmitted from one floor, manikins and the like displaying their wares before the iconoscope. The programs, wired, being delivered to receivers in various other parts of the store.

The officers' listing of the new company is: Walter Rothschild, president; Harry A. Hatry, Robert E. Blum, and Ira A. Hirschmann, vice-presidents; David M. Freudenthal, secretary; and Kenneth C. Richmond, treasurer.

Films To Be Used

Mr. Hirschmann, department store figure in New York and noted music commentator and much respected for his views on art and merchandising, this week commented on the new company's plans and his own. Mr. Hirschmann is the vice-president of Bloomingdales.

He said that films would be used by the new transmitting company, if it receives its license from the FCC.

Mr. Hirschmann declared that the experience of engineers with his store had also resulted in their development of a new "shooting" technique, which, he noted, was particularly needed in view of the fact that one of the problems facing television has not only been that of supplying adequate material but of properly photographing them with the television camera.

Mr. Hirschmann left New York for London this week, to study the British Broadcasting Company's methods of television broadcasting; and the methods of the Selfridge Department store, in London, which is using television for merchandising.

In the proposed set-up of Metropolitan Television, Inc., the Allen B. DuMont Laboratories have been retained as consulting engineers. This company is partially owned by Paramount Pictures. It has developed, in conjunction with Paramount Pictures, and their newsreel, a method of printing and transmitting films. It has a factory for the manufacture of television equipment, and a transmitter, is Passaic, New Jersey. The special television system which DuMont has developed is declared by experts to be as good as, if not better than, that which the RCA-NBC has developed. The company recently applied to the FCC for permission to erect a new transmitter, in the New York City area; for more power for such a transmitter; and for permission to use it during the daylight hours. At present, the DuMont transmitter broadcasts only during the night and early morning hours, using the same television wave lengths as the NBC-RCA transmitter atop the Empire State Building, in New York City.

The new transmitter of the Metropolitan Television, Inc., will probably be in a midtown hotel, Mr. Hirschmann indicated.

Besides Bloomingdales, Abraham and Straus, Brooklyn department store, has an interest in the new corporation.

New Cameras for Lee

Following are other items in the news about the growth of the entertainment world's newest industry, television.

In Hollywood, last week, Thomas S. Lee, of the Don Lee network, declared, after a visit to the East, that there would be no "war" between the motion picture industry and television.

The Lee network television station, W6XAO, which up to last week had been off the air, is installing higher definition cameras. The network also plans a new station, in 1940, on top of a mountain.

In New York this week, it was learned that Station WOR, of the Mutual network, had applied to the FCC for a television transmitter in New York City. The application calls for a 1,000 watt transmitter atop a "skyscraper." In line with other applications to the FCC, the application states that the policies of the transmitter, still experimental, will be to promote educational telecasts, and spot news coverage. The statement from Station WOR, accompanying its revelation of the FCC application, declares that motion pictures will be used. It also says that the cooperation of many educational institutions in New York and New Jersey has been obtained.

In San Francisco, the National Broadcasting Company has been exploiting television with window displays, in which appear prominently the iconoscope tube.

In New York was formed Radiant Productions, Inc., which will specialize in the building of television shows and the supplying of talent. Jacques Green, Jack Kappes and Joseph Herman are the principals.

Formed last week was the United States Television System, Inc., in Dover, Delaware. Its capital is $100,000. Frederick Farren of East Elmhurst, New York; John E. Buell, of New York City; and Ann M. Docken, of Sunnyside, New York—are the principals.

New Stations

In Washington, observers of the situation at the FCC predicted that before the coming winter a dozen new television stations will have been licensed.

In an interview last week in Montreal Sir Allan Powell, chairman of the board of governors of the British Broadcasting Company, declared that the company was contemplating a television network to cover all of Great Britain. Next place for a transmitter will be Birmingham, Sir Powell said (London is the present site); the new transmitter will be hooked up with London, and with a chain of Scottish stations, he intimated.

GET AWARDS FOR RED CROSS COURSE

Red Cross certificates in the administration of first aid treatment were awarded this week to 26 employees representing Paramount Enterprises' 13 Miami theatres, according to W. R. Lynch, general manager of the circuit.

Each of the employees, including managers, assistant managers, department heads and chief ushers, was given an eight weeks' course under supervision of Red Cross instructors in cooperation with the national Red Cross movement.

CONGRESS ADJOURNS; BLOCK SALES AND FIGHT FILM BILLS GO WITH IT

Next Round on Neely Measure Awaited in Next Session; Five Bills on Patent Law Now Before the President

The first session of the 76th Congress of the United States of America adjourned sine die last Saturday night and with it went Senator Matthew Mansfield Neely's anti-block booking bill, the progress of which, during the session, caused no little concern at times among the large distributors.

The motion picture business again virtually slipped past Federal legislative prohibition of block and blind selling. As in the last previous session, an anti-block selling bill passed the Senate, but failed to reach the floor of the House.

At the session which adjourned last Saturday, however, strenuous cloakroom efforts had been made to push the bill through the House at the 11th hour. It had passed the Senate with much stronger support than previously.

Allied States Association and the Motion Picture Research Council were principal sponsors.

New Battle Next Fall

Since adjournment marked merely the end of the first half of the session and not of the Congress, the bill, sponsored by Senator Matthew Mansfield Neely (Dem., W. Va.), will be "alive" next year, when it is considered almost certain of re-introduction and is expected to be the subject of a fight even more acute than the recent one.

Also left "on the shelf" was the Barbour bill to repeal the ban on the interstate transportation of fight films, which had passed the Senate but failed of action in the House.

The Federal Theatre received its death blow at the hands of the late session, after strenuous last-hour efforts had been made by Senator Claude Pepper, of Florida, to amend the deficiency bill through which Congress had eliminated the project.

Five Bills Before President

President Roosevelt has before him five bills passed by the Senate to tighten the patent laws, as recommended by the Administration's Temporary National Emergency Council.

The measures reduce from two years to one the period within which an inventor may make public use of his invention before applying for a patent, revise "Interference Practices" and cut the number of hearings which may be held, abolish "renewal" applications for patents, extend the authority of the Patent Commissioner to allow him to require an applicant to respond to an official action within less than the current statutory period of six months and reduce the period within which to copy claims from an issued patent for the purpose of asserting priority.

Passed by the Senate, following earlier House passage, is the measure to limit the life of a patent to 20 years from the date of filing an application, instead of the present 17 years from date of issuance of a patent. The TNEC said that under old procedure delays up to 40 years took place.

In the more general legislation enacted at the session, the industry was included in the tax bill which extended the life of the theatre admissions tax and eliminated the undistributed profits tax.

Film legislation proposed during the session included 16 bills, but four of them (by Senator Neely of West Virginia and Congressman Edmiston of West Virginia and Culkin and Celler of New York) were on block booking; three (by Representatives Sirovich of New York and McGranery and Moser of Pennsylvania) were on the establishment of a "fine arts" bureau; two (by Senator Barbour and Representative Osmers of New Jersey) were on fight films, and four dealt with copyright revision.

Representative Culkin also reintroduced his bill to establish a federal film commission; Congressman Dickstein of New York renewed his efforts to bar alien actors, and Congressman Hobbs of Alabama again sponsored his bill to make talking pictures of court trials.

30 Bills Concern Radio

Even less progress was made with the nearly 30 measures dealing with radio. Only the bill sponsored by Senator Johnson of Colorado, to ban the advertising of liquor on the air, received any attention and that got no further than hearings and a report by the Senate Interstate Commerce Committee.

Among the measures affecting the broadcasting industry were several dealing with the question of liquor advertising (by Senator Capper of Kansas and Representative Culkin of New York, as well as Senator Johnson); investigation of the Federal Communications Commission and the broadcasting industry (by Senator White of Maine and Representatives Connery and Wigglesworth of Massachusetts); reorganization of the FCC (by Senators Wheeler of Montana and White of Maine and Congressman Lea of California); and a number of miscellaneous bills, including several dealing with radio phases of the copyright law.

Included in the miscellaneous group were measures requiring announcement if endorsements are paid for (Representative Maloney of Louisiana); establishment of a Government broadcasting station (Representative Celler of New York and Senator Chavez of New Mexico); and a further investigation of superpower (Representative Larrabee of Indiana).

"Must" Measure, but——

The FCC reorganization is practically a "must" measure, President Roosevelt having asked for it last February. Its consideration is expected to involve the long-sought investigation of the activities of the commission, which Congress in the last few years has repeatedly refused to engage in.

Another FCC matter which may come up next year is the commission's report on its $1,500,000 investigation of the American Telephone & Telegraph Company, sent to Congress last June, in which it was recommended the company be required to keep out of the motion picture and radio businesses other than as, with respect to radio, it might be necessary for its regular communication activities, and be required to license freely to others such patents as it might develop for those industries in its communications research.

Drop WPA Theatre

A feature of the session was the "cracking down" on the Government's $40,000,000 adventure into the field of the theatre, with the House, in passing the relief appropriation act for 1940, providing for the abandonment of the Federal Theatre Project. Friends of the project in the Senate succeeded in having an amend-

Now the Humane Society Wants Aid Of Congress Against Hollywood

The motion picture business, its policies, procedure, pictures and personalities, have been the subject of attacks of one kind or another down through the years, from many a unique source. Now Hollywood is accused of "cruelty to animals." And the aid of Congress is to be asked to change the condition—a condition which an official spokesman of the MPPDA in New York denies exists, pointing out that representatives of the local Society for the Prevention of Cruelty to Animals are on hand in Hollywood whenever animal scenes are being filmed.

Sydney H. Coleman, executive vice-president of the American Society for the Prevention of Cruelty to Animals, with whom the Motion Picture Producers and Distributors Association has had various dealings over ten years, has desired a "veto power" in Hollywood studios over animal scenes, possibly sitting in which Joseph I. Breen on the administration of the Production Code. This has been refused by the majors, resulting at times in attacks leveled at the industry in the public press by Mr. Coleman.

Last week, Eric H. Hansen, of the American Humane Association, who said he had just spent three weeks investigating "Hollywood conditions," proposed that the Humane interests appoint a paid representative in Hollywood, and that he, in turn, select some person to supervise any part of any production. Also, agreement "must" be made by producers on "certain principles" in the treatment of animals in production.

With its "following of millions," the Humane Association, says Mr. Hansen, will "teach" the producers that "the proper treatment of animals is not only the right thing but it is sound business."

The Coleman Society for the Prevention of Cruelty to Animals and its associated groups are understood to be planning to petition Congress at its session next winter for "veto power" at the studios.

FIGHT FILM LAW ARGUED 27 YEARS

(*Continued from page 27*)

ment adopted, retaining the activity, but under restrictions, but were forced to bow to the insistence of the House that the WPA quit the producing business.

A final effort to revoke the ban was made by Senator Pepper of Florida as Congress prepared to wind up the session August 4, by an amendment in the third deficiency bill, the last major measure. His amendment was one of several seeking to reverse action previously taken with respect to WPA activities all of which failed, the Pepper amendment being rejected by a vote of 18 to 42.

Television Factor in Vote

With the passage of the bill to limit shipment of fight pictures in the Senate, the Federal law prohibiting interstate transportation of prize fight films seemed certain of being headed for the limbo of outmoded legislation. Unanimous action in the Senate appeared to presage similarly favorable voting in the House. It is difficult to say what specific conditions assisted in the Senate vote to repeal this archaic law, but the advent of television certainly played a part.

Just as in 1912, when Congress enacted the Sims bill into law, a Negro holds the heavyweight championship of the world. Few sport activities, however, are so readily adaptable to the new medium, television, as is boxing. Experimental telecasting of the Baer-Nova fight was completed with good results.

It will be recalled that the earliest efforts in the film industry were likewise tied up with fistics and development of the present day camera and projector owes much to the fight game. The closed sphere of action of the prize ring, and the ability of the early camera to cover the area without shifting made boxing the ideal spectacle for the pioneer camera as it now does for the iconoscope.

Inspired by the necessity of filming a complete fight, Enoch J. Rector's effort to record the Fitzsimmons-Maher bout at Langtry, Texas, resulted in extending the capacity of the camera.

The desire of the Latham boys, who photographed the Leonard-Cushing bout at West Orange, N. J., as the first prize fight for the peep shows, to show their films to larger audiences, spurred Major Woodville Latham to investigate the possibilities of a projector. So, too, in 1899 the Coney Island A. C. was scene of the Jeffries-Sharkey contest as the first successful attempt to make motion pictures at night.

And Now Television

Now 40 years later, television makes its first halting steps with the aid of the same ancient sport. Whether the sending of pictorial representations of a prize fight by television over State lines violated the federal law is open to question. A cursory reading of the statute would indicate that a serious problem is presented:

"It shall be unlawful for any person to deposit or cause to be deposited in the U. S. mail for mailing or delivery, or to deposit or cause to be deposited with any express company or other common carrier for carriage, or *to send* or carry from one state or territory of the United States or the District of Columbia, or to bring or to cause to be brought into the United States from abroad, any film or *other pictorial representation* of any fight or encounter of pugilists, under whatever name, which is designed to be used or may be used for purposes of public exhibition."

So far as is known, no action was taken against the National Broadcasting Co. Neither, for that matter, has any newspaper ever been called to account for sending "pictorial representations" of prize fights over State lines. Credit the *New York Law Journal* with having discovered this turn.

In a recent editorial, the *Law Journal* said:

"While the law referred to was doubtless intended primarily to prohibit the transportation of moving picture films of prize fights, its provisions appear to apply equally to still life photographs. Surely, a still life photograph is a 'pictorial representation' of a prize fight, which is the phrase used by the statute."

Local Statutes

Local statutes have also been enacted to prevent showing of fight films where a white and colored man have been involved. It is only within the past month that such a local law was repealed in Miami, Florida, after having rested on the statute books there since the Jeffries-Johnson fight.

"Bootlegging" of fight films has existed almost since the first days of the federal law. One of the first ingenious devices used in an effort to avoid the law is recalled in the editorial. It occurred almost a year after the Johnson-Willard fight, and after fight films of that engagement had enjoyed a wide popularity in South America and Europe. The attempt was made with no secrecy—indeed, customs officials were invited to, and did, attend. The case is Pantomimic Corp. vs. Malone, 238 Fed Rep. 135:

How It Was Done

"On April 5, 1915, one Jess Willard and one Jack Johnson engaged in a prize fight at the City of Havana, Cuba. Moving pictures of the fight were taken on negative films, from which positive films could be and were developed for public exhibition. Early in April, 1916, a moving picture camera was set up eight inches within the American side of the international boundary between the State of New York and the Dominion of Canada, with the lens directed toward Canada. About eight inches on the Canadian side of the boundary a box was set up facing the camera. An original positive film taken from the negative film made at Havana was run on a reel through the box in front of an electric light on the Canadian side. An unexposed film was run from a reel through the camera on the American side directly opposite. The two reels were connected by an endless chain, so that the two films should move the same distance in the same time. The result was that an exact negative reproduction was taken on the American side of the positive film on the Canadian side. From this secondary negative, rephotographed by another camera, a positive film capable of public exhibition could be and was made."

Scheme Ruled Illegal

In ruling the scheme illegal, the United States Circuit Court of Appeals said:

"The transaction is plainly within the mischief of the statute, but the appellant contends that the statute only prohibits the importation of something physical or corporeal, whereas nothing but rays of light were brought in on this occasion. Generally speaking, this may be so; but we think that when parties on each side of the boundary cooperate, by means of two plants connected together, to transfer a prohibited picture from Canada to New York, they are carrying on foreign commerce and do cause the picture to be brought into the United States. within the meaning of this act, even though rays of light are necessary to the result. Certainly, the operation resulted in producing a picture in New York of the picture in Canada."

P. J. Wolfson, for the last four years an RKO producer-director-writer, has signed a contract to joint Columbia on November 1st.

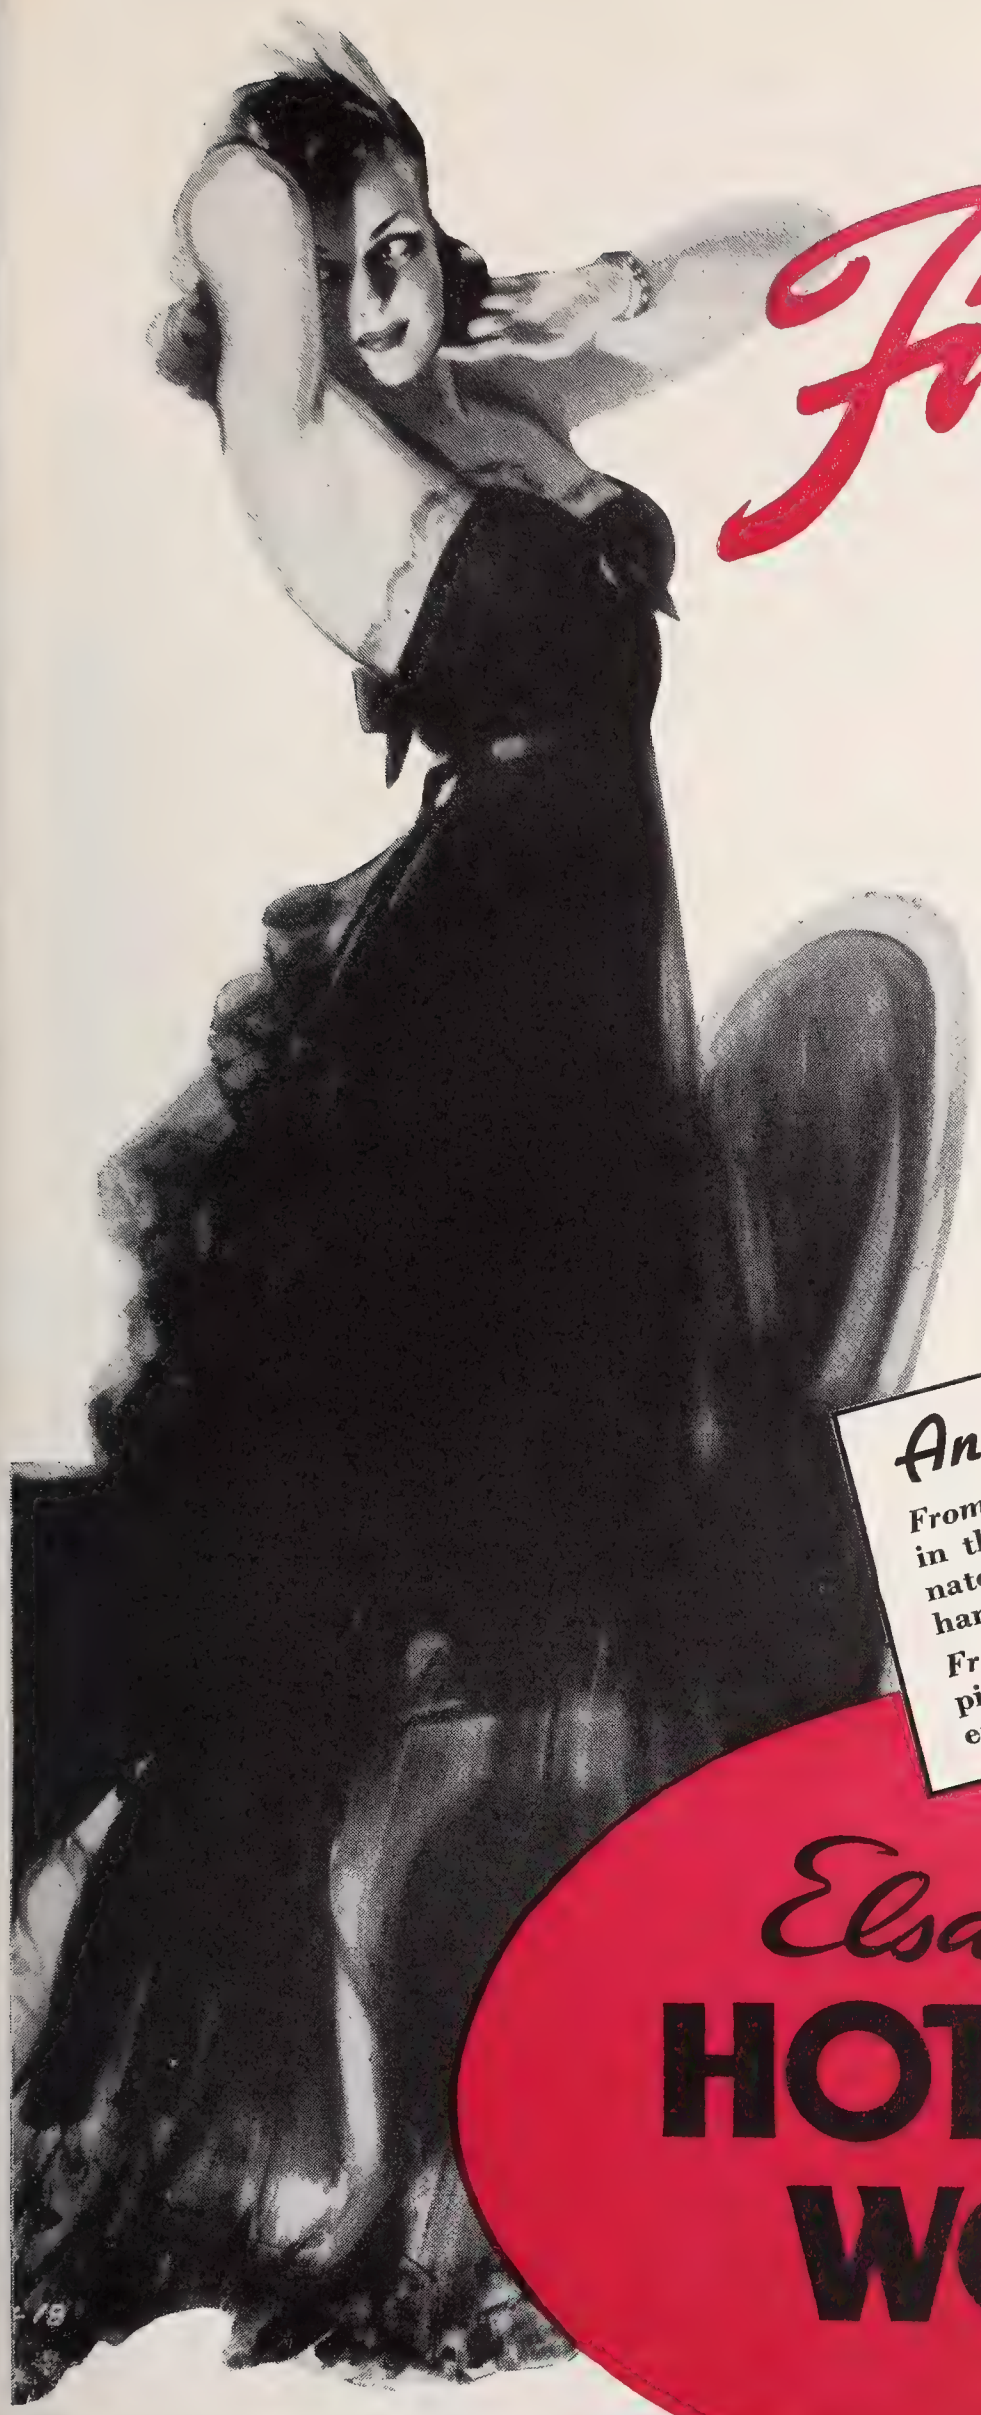
GN Starts to Build Product

The first of Grand National's new contracts with independent producers was announced over the weekend by E. W. Hammons, president. The contract calls for a minimum of eight features, all in color, to be produced by the new Golden West Pictures, Inc.

At least four of the pictures will be released in 1939-40. The first "Call of the Range," has been completed and is being prepared for September release.

Golden West Pictures, of which Charles E. Goetz, Arizona business man, is president, has set up a production budget of approximately $1,000,000 for the pictures to be made under this contract. The company is an Arizona corporation, with headquarters in Phoenix, where "Call of the Range" was produced. Other pictures scheduled will also be produced in the desert and mountain settings of Arizona and neighboring states.

"Call of the Range," which features John Barclay, John King and J. Farrell MacDonald, and the horse Rex Junior, was produced in the new Magnacolor and presents a new child actress, Ruth Reece. It was produced and directed by Earl Haley, who will also be in charge of production on future Golden West Pictures.



Mr. Haley has been a motion picture actor, writer and director. He was assistant to Howard Hawks, wrote the screen play for "Laughing Boy" and "Lone Cowboy" and wrote and directed "Wild Horse Stampede" and "King of Wild Horses." He has also been assistant director on a number of features, including the Shirley Temple pictures.

Preparation for the second of the Golden West features was well underway when the GN releasing contract was signed and camera work will start within three weeks. Among the pictures for which stories and tentative titles are set are "Casa Grande," a story of Mexico against a Spanish background; "The Apache Kid," a tale of how the western scout brought law and order to Globe, Arizona, with a mining and cattle country background; "The Forest Patrol," to be produced with the cooperation of the United States Forest Service, and "Call Back Yesterday," to be made on the desert with a Navajo Indian background, and incorporating the Gallup inter-tribal ceremonial.

The premiere of Golden West's first picture will be held with exploitation in Phoenix in September.

Julian Lesser, son of Sol Lesser, has joined his father's Principal Productions, and is assistant to Louis Hyman, head of the distribution department. Julian Lesser was with the J. E. Brulator company for a number of years.

Warner Brothers' "Each Dawn I Die" has received 235 simultaneous playdates for the week of release, August 19th.

UA Contest Ends; MGM Drive is on; Warner Awards

Film sales and theatre exploitation contest conscious distributor activity this week found United Artists deciding on winners of its "20th Anniversary Drive," Metro-Goldwyn-Mayer announcing titles of pictures eligible in its exploitation contest for independent owners, and Warner Brothers awarding prizes to foreign managers for exploitation.

Under the leadership of Harry L. Gold and L. J. Schlaifer, vice-presidents of United Artists and heads of the eastern and western sales organizations respectively, "the drive culminated as the most successful ever conducted in the fifth-of-a-century history of the company," said the announcement.

The results of the drive follow:

Award to the district manager of the leading district; a tie between Bert Stearn, central district and Ben Fish, far west district; Leading salesman in the east, James Hendel, Cincinnati; Leading salesman in the west, F. M. Higgins, Seattle; Leading western manager, Guy Navarre, Seattle exchange; Leading eastern manager, D. Griesdorf, Winnipeg exchange. Award to each employee of the exchange exceeding, by the widest margin, its played and earned quota for the duration of the drive, San Francisco exchange.

Award to the booker of the leading branch in each district: Ray Curran, St. Louis; Elmer McKinley, Washington; Jack Reid, Winnipeg; Roy Sachs, Dallas; Harold Hardin, Seattle, and David Brown, Pittsburgh.

The MGM contest embraces all the company's films to be released between September 1st and January 1, 1940. Exhibitors may submit campaigns on one or more of these pictures. "The Wizard of Oz," although a current release, will be eligible for the contest. It is estimated that MGM will release about 18 pictures during the contest period, among them "The Women," "Marx Brothers at the Circus," "Babes in Arms," "Ninotschka," "Broadway Melody of 1940," "Henry Goes Arizona," "Dancing Co-ed," "Thunder Afloat," "Remember," "Another Thin Man" and "Balalaika."

Richard Richter, Warner manager for Yugoslavia, and Jack Kamras, manager for Finland, were first and second in the European Exploitation Contest for 1938-'39 sponsored by Robert Schless, Warner managing director for Europe. Honorable mention was given to Dr. B. Jankolowicz, manager for Poland, and to Victor Michaelides, manager for Greece.

"Under-pup" Premiere Set for Scranton

Universal will stage a field premiere August 24th for "The Under-pup," Joseph Pasternak's production featuring a "new starlet," Gloria Jean, at Scranton, Pa., the girl's "home town."

Newspapers, fan, trade and syndicate writers will attend the premiere and the personal appearance at the New York World's Fair and on radio programs.

Paramount Pictures, Inc., asked Federal Judge Conger, in Ne wYork, Tuesday, to dismiss the minority stockholders' suit of Samuel Acker and Frank Jablow brought against it, its officers and directors, American Telephone and Telegraph Co., Western Electric Co. and ERPI.

High Court Removes Part of Blame For House Accidents from Exhibitor

by GERTRUDE LANDER
in New Haven

Accidents to patrons in theatres, the bugaboo of many an exhibitor—there are hundreds of cases annually—are given a new standing in the courts as a result of a decision in the high court of Connecticut which takes into consideration the darkness required by this type of entertainment.

Defining the duty of a theatre operator as regards safety of patrons in his theatre and especially as regards visibility in a theatre, the Supreme Court of Errors of Connecticut has handed down a unanimous decision in the matter of Frances Miller vs. Poli's New England Theatres, Inc., brought last year in the County Court at Waterbury, and appealed to the higher court by the defendant, Poli's. The plaintiff originally received judgment in the amount of $643 as the result of an injury sustained while stepping down from a 7½-inch platform from the row of seats from which she was emerging. Morris Mendlesohn of the Poli's New Haven office represented the appellant.

Of interest to operators is the decision which denies that "it is the duty of the defendant to make the theatre reasonably safe for its patrons", but states, rather, that the theatre must "use reasonable care in the construction, equipment and management of it, having regard to the character of the entertainment given and the customary conduct of the persons attending". The decision continues: "The degree of illumination consonant with reasonable care must be something of a compromise between two opposing objectives—successful showing of the picture, which calls for darkness, and the safety of those for whom the entertainment is provided, which calls for light. The criterion adopted is that the theatre operaor's duty is satisfied 'if the condition of light was that ordinarily used in exhibiting moving pictures to enable the audience to get a reasonably clear view of the image thrown on the screen'."

The court found that since the patron had seated herself without aid of an usher in her seat, entering from daylight, it was reasonable to suppose she could leave her seat even more easily. A white line was painted at the edge of the platform from which the patron fell, and blue, red and amber lights were lit in various fixtures directly above and to the rear.

Films Contributed $68,772 to Fund

The Motion Picture Division contributed $68,772 to the Greater New York Fund in the drive which ended in June, according to the report of J. Robert Rubin of Loew's, chairman of the industry division. The figure represents a 13½ per cent increase over collections of $60,556 last year.

Contributions were received from 97 company and employee groups this year as compared with 37 company and group contributions last year. Four vice-chairmen supervised collections in as many industry divisions. They are: the producers and distributors group, under Ned E. Depinet, which contributed a total of $60,433; the exhibitors group, under B. S. Moss, which contributed $3,467; the laboratory group, under H. J. Yates, which contributed $652, and the allied accessory group under Herman Robbins, which contributed $4,218.

Among the larger contributors were: Loew's, $10,000 company contribution and $10,048 employees contribution; Twentieth Century-Fox, $7,500 company, and $1,817 employees; Paramount, $5,000 company, and $2,199 employees; Warners, $3,000 company, $4,000 employees; RKO, $2,500 company, $4,395, employees; United Artists, $2,500 company, $857 employees; and National Screen Service, $1,500 company, and $500 employees.

THE HOLLYWOOD SCENE

Action in New Films

Action is the quality emphasized in all but one or two of the seven pictures started and nine completed in the first week of August. In most cases, the titles key the film's story content and production character. Most of the work recorded is sustaining screen material.

The seven pictures started are the properties of seven separate studios. RKO-Radio and Paramount undertook the pictures that probably will excite most interest when they are made available to the public. The cast of RKO-Radio's "Vigil in the Night," which is being produced and directed by George Stevens, will include Carole Lombard, Ann Shirley, Brian Aherne, Brenda Forbes and Robert Coote. Paramount's "Typhoon" will feature Dorothy Lamour with Robert Preston, Lynne Overman, J. Carrol Naish and Paul Harvey.

Universal started "Call a Messenger," in which Robert Armstrong, Huntz Hall and Billy Halop are the headliners. Across the Los Angeles river, at Warner Brothers, "Philo Vance Comes Back" went into work with James Stephenson, Henry O'Neil, Ed Brophy, Margot Stephenson, Sheila Bromley and Ralph Forbes. Farther out the valley, which is pretty warm these days, Republic began "Calling All Marines." It will present Donald Barry and Helen Mack with Leon Ames, Robert Kent, Warren Hymer, Selmer Jackson and Cy Kendall.

A western, "Sundown in Helldorado," went before the cameras at Columbia. Bill Elliott, Iris Meredith, Stanley Brown and Dick Curtis head the cast.

As the week closed MGM started "Remember." With Greer Garson, Robert Taylor and Lew Ayers listed as principals, this picture, too, undoubtedly will attract attention.

Carters and Cassidys

Paramount checked two pictures off the active shooting list. "Our Neighbors—The Carters," a typical American family life story, is a vehicle for Fay Bainter, Frank Craven, Bennie Bartlett, Donald Brennan, Scotty Beckett, Joyce Arleen, Gloria Carter, Edward McWade, Edmund Lowe and Genevieve Tobin. In the Harry Sherman production, "Medicine Show," a "Hopalong Cassidy" story, will be seen William Boyd, Russell Hayden, Bernadene Hayes, Marjorie Reynolds, Earle Hodgins, Kenneth Harlan, William Pagan and Britt Wood.

Two pictures also were finished at Universal. Both are melodramas. "Missing Evidence" will have the benefit of the name values of Preston Foster, Irene Hervey, Chick Chandler, Inez Courtney, Noel Madison and Joe Downing. "One Hour to Live" will present Charles Bickford with Doris Nolan, Samuel S. Hinds, John Litel, Jack Carr, Robert E. Keane, Emory Parnell and John Gallaudet.

A Wild Horse Story

Columbia finished "Konga," a wild horse story, in which Fred Stone, Rochelle Hudson, Richard Fiske, Eddie Waller, Robert Warwick, Don Beddoe, and the horse, Konga, are the participants.

"Henry Goes Arizona" went off the schedule at MGM. It will present Frank Morgan, George Murphy, Ann Morriss, Guy Kibbee, Porter Hall, Virginia Weidler, Slim Summerville and Robert Spindola.

Monogram wound up "Sky Patrol," which again teams John Trent, Milburn Stone, Marjorie Reynolds and Jason Robards, with Jackie Coogan in a feature role.

A western, "Wall Street Cowboy," was finished at Republic. Roy Rogers, George Hayes, Raymond Hatton, Ann Baldwin, Pierre Watkin and Craig Reynolds interpreted the characters.

"City in Darkness," a "Charlie Chan," was finished by 20th Century-Fox. It will offer Sidney Toler with Lynn Bari, Harold Huber, Sen Yung, C. Henry Gordon, Dorothy Tree, Douglass Dumbrille, Noel Madison and Pedro de Cordoba.

News in Brief

Warner Brothers has lined up five pictures as James Cagney starring vehicles, "The Fighting 69th," "Invisible Stripes" (with George Raft), "The City of Iron Men," "Two Sons" and "John Paul Jones."

* * *

Edward Small borrowed Jon Hall from Samuel Goldwyn for the featured role in "South of Pago Pago."

* * *

Paramount promoted Hugh Bennett from film cutter to director and assigned "The Biscuit Eater" as his first picture.

* * *

Universal signed Frank Tuttle to produce and direct the next Edgar Bergen-Charlie McCarthy feature tentatively titled "Charlie McCarthy, Detective."

* * *

Tay Garnett signed with Walter Wanger to direct two pictures in 1940.

* * *

Rowland V. Lee selected Nan Grey and Barbara O'Neill for feature roles in his forthcoming Universal production, "Tower of London."

Three color productions, "Typhoon," "Untamed" and "Dr. Cyclops," are in work at Paramount.

In Case of a Strike

At the moment of this writing nobody knows whether Hollywood is to be the scene of an industrial strike that would halt picture production. Yet with ultimata being tossed about freely, with statements and counterstatements, challenges, denials, charges and countercharges issued with fervent abandon, all concerning so many unions, guilds, societies and associations, their allies, autonomous groups and rebels, and whatnot, that trying to keep intelligent track of everything makes one dizzy, the situation is more complicated than a Chinese puzzle.

There is little need to worry about picture availability for, not counting the 41 productions released in July, the Hollywood producers in all have on hand, as of August 5, completed and ready for shipment, 116 productions. In quality the pictures run all the way from the super-specials to the run-of-the-mill sustaining attractions and serials. On the basis of the July release quota, this is approximately a three months' supply. Additionally there are 13 pictures now in work which should be completed within the next ten days.

22 Paramounts Completed

Making a recapitulation of the 116 completed films, it is noted that Paramount has 22, among which are such potentially promising commercial properties as "Rulers of the Sea," "Dr. Cyclops," "Disputed Passage," "The Star Maker," "Our Neighbors, The Carters" and "Seventeen."

Warner Brothers has 18 pictures in reserve with "The Old Maid," "The Lady and the Knight," "On Your Toes," "Career Man," "Dust Be My Destiny," "A Child is Born" and "The Return of Dr. X" among the exceptional attractions.

By a coincidence, three studios, MGM, 20th Century-Fox and Universal, each have 13 completed pictures available to meet any exigencies in release schedules. Such pictures as "Babes In Arms," "Balalaika," "The Marx Brothers at the Circus," "Lady of the Tropics," "The Wizard of Oz" and "The Women" are in the vaults at the Culver City plant. Darryl F. Zanuck's organization is ready to deliver "Stanley and Livingstone," "The Rains Came," "Elsa Maxwell's Hotel for Women," "Hollywood Cavalcade," a couple of Jane Withers' pictures, a Charlie Chan and a Sherlock Holmes adventure. Among the Universal 13 are "When Tomorrow Comes" (formerly "Modern Cinderella"), "The Under-Pup" and "Hawaiian Nights."

Monogram has four pictures in reserve, Republic eight and RKO Radio seven including "My Fifth Avenue Girl," "Full Confession," "Nurse Edith Cavell" and "In Name Only."

12 Columbias Await Release

Topped by "Mr. Smith Goes to Washington" and "Golden Boy," Columbia has 12 completed but not released pictures.

The United Artists group is fortified with six unreleased productions which include Selznick's "Gone With the Wind" (MGM release) and "Intermezzo." Hal Roach has two finished pictures, "The Housekeeper's Daughter" and "A Chump at Oxford," as well as "Zenobia" which probably would be forgotten except in times of dire emergency. Samuel Goldwyn's "The Real Glory" is ready, as is Wanger's "Eternally Yours."

If circumstances arise which force Hollywood to stop making pictures, but at the same time permit theatres to operate, a condition that probably would not ensue, the big first-run houses, naturally, would be the first to feel the effects. They probably could go along for a month or so, depending upon the number of more important pictures available to them and what deals, swaps and switches could be made. On the other hand, subsequent-run theatres have at least a three months' supply upon which to draw.

Million Spent On Ad Films In England

by COLIN R. HAWORTH
in Montreal

The field of educational motion pictures in England has for the most part been "captured" by private industry, it was said by John Grierson, director of the London Film Center, when he arrived in Quebec last week, in the S.S. Empress of Australia, en route to Australia and New Zealand to look over picture production systems in those two countries.

Mr. Grierson explained what he called one of the most surprising trends in motion picture work overseas. "In Great Britain today, some of the best short films are being put out by big industries at their own expense. It is a subtle form of public relations work—a form which provides the public with educational films yet steers clear of the 'advertising' classification."

He mentioned as an example the recent output of the gas industry, a short entitled "The Londoners," which was booked in about 40 large houses in London and subsequently ran in theatres throughout England and Scotland. The gas industry similarly released shorts dealing with housing schemes.

Last year, Mr. Grierson estimated, private interests spent something over $1,000,000 on educational films such as these. Oil trusts, too, have entered the field supplying technical schools with shorts on many and varied subjects. "A film depicting the principle of certain gearing systems, released in technical schools throughout Great Britain, tends to further the use of mechanism—and mechanism means oil consumption." In the same way, he said, they had released a number of agricultural shorts, films which were of interest and use to the farmer and at the same time made him more machinery conscious. "A film on farming, such as the oil concerns put out, would be booked solid by farmer unions throughout the country," Mr. Grierson added.

The whole development, the Britisher said, was the result of a new principle of advertising. "It's a long-range, eye-to-the-future scheme. Industry is content to interest the younger element of the population in what it has to offer them. And it is doing it through motion pictures."

Though private business had jumped into the field actively, he thought, the Government was by no means lagging in its educational and documentary work. Government departments, however, with limited budgets could not take chances on "flops" and consequently planned each production carefully and limited themselves to short inexpensive films. Perhaps the most expensive it had ever turned out was "North Sea," which cost $15,000.

The government, too, was concentrating on "mobile theatres," he said, trucks equipped with twin projectors which toured the country on a definitely planned route giving up to three or four performances a day at schools, churches and clubs. "Last year in this field, we had an audience of more than 10,000,000 outside theatres," Grierson claimed.

From Montreal Mr. Grierson will proceed to Ottawa for a brief stay. Last year he went to Canada to aid the Department of Trade and Commerce draft a bill, recently passed in Parliament, which consolidated the film-making activities of the government under a National Film Board.

He has been invited by both the Australian and New Zealand governments to survey possibilities of picture production in their countries.

U.S. Reports Sharp Decline in Exports Of Film and Equipment for First Half

Following the trend toward narrowing markets for Hollywood films abroad, which began a few years ago with the actions of the totalitarian states, American motion picture film exports in the first six months of 1939, decreased another 18,070,745 linear feet, as compared with the first six months of 1938, according to Nathan D. Golden, Chief of the Motion Picture Division of the Bureau of Foreign and Domestic Commerce, in an official statement issued Thursday night.

During the first six months of 1939 a total of 79,402,568 linear feet of American negative and positive film, was exported to the markets of the world as compared with 97,473,313 linear feet for the first six months of 1938. Positive film exports for the first six months of 1939 totaled 75,734,690 linear feet and negatives for this period totaled 3,667,878 linear feet, as against 93,081,777 feet of positives and negatives totaling 4,391,536 feet during the same six months of 1938.

For the first time an attempt has been made by the U. S. to determine the number of feature prints the positive and negative export footage represents. To all markets of the world, 10,438 separate positive and 515 negative prints of features of 4,000 feet or more were exported.

The five countries which were the largest importers of American motion pictures in point of footage (but should not be considered so in dollars and cents returns), for the first six months of 1939, with comparative exports to those countries for the same period of 1938, follows:

	1939 Positive Feet	1939 Negative Feet		1938 Positive Feet	1938 Negative Feet
Argentina	7,344,286	23,709	Argentina	7,944,917	16,849
Brazil	6,694,070	6,343	Brazil	6,715,302	15,690
United Kingdom	4,874,445	612,316	United Kingdom	7,746,403	812,870
Mexico	4,231,414	24,494	Mexico	4,926,061	40,695
France	3,395,263	202,361	France	3,318,909	71,161

Exports of sensitized positive film of 35 mm. width for the first six months of 1939 also show a decrease. During this period 56,651,162 linear feet were exported as against 64,227,616 linear feet for the same period of 1938. Negative sensitized film exports for the first six months of 1939 show a slight increase. During this period 23,272,019 linear feet were exported as compared with 17,916,786 linear feet for the first six months of 1938.

Exports of positive and negative 16 mm. sensitized not exposed motion picture film during the first six months of 1939 totaled 28,353,321 linear feet as compared with 28,018,064 linear feet for the first six months of 1938.

Sound reproducing exports decreased for the period totaling $515,529 as compared with $800,091 for the first six months of 1938. Comparative figures for sound recording equipment totaled $102,119 for the first half of 1939 as against $125,694 for the same period of 1938. A slight increase is noted in our exports of standard 35 mm. projectors. During the first six months of 1939, 596 projectors, valued at $194,951 were shipped abroad as against 516 projectors valued at $171,008 during the first six months of 1938.

Motion picture cameras of standard gauge, show a decrease for the first six months, 72 with a value of $22,864, were exported as against 120, valued at $67,920 for the first six months of 1938.

Producers Pictures Set Five Films to Start

The first five of a schedule of 60 releases for 1939-'40 by Producers Pictures Corporation have been set to start this month. In addition, exchanges have been notified of the following October release dates: October 1st, "Torture Ship," to be directed by Victor Halperin; October 8th, "The Sagebrush Family Trails West," starring Bobby Clark; October 15th, "Hitler—Beast of Berlin," with Sherman Scott, director; October 22nd, "Wanted for Murder," to be directed by Mr. Scott; October 29th, "The Man from Oklahoma," starring George Houston, with Robert Tansey, director.

Abe Fischer, former sales executive for Gaumont-British in the Middle West, has been appointed manager of Ben N. Judell's Chicago exchange, and, in addition, will act as district manager for Producers Pictures in the Chicago, St. Louis, Detroit, Cleveland, Milwaukee, Minneapolis, Cincinnati, Kansas City, Indianapolis and Omaha territories. Harry Rathner is eastern representative and district manager.

Warner Brothers home office advertising-publicity department is distributing this week copies of a "Showmen's Manual" containing advance information on the company's 1939-40 features and short subjects.

The manual contains information and thumbnail synopses of new season releases, and a resume of exhibitor and newspaper services available to theatremen to aid them in promotion.

"OUR LEADING CITIZEN"

gives them the answer they want...

READ this newspaper editorial:

"Movies are about to come into full realization of their power as an editorial agent, a power long possessed but seldom realized. 'OUR LEADING CITIZEN' is as modern as tomorrow and might have been lifted bodily from the headlines of any newspaper. It teaches in entertaining and not too sugary fashion the wholesome lesson that of all the 'isms' Americanism is best."—*State Journal, Fankfort, Kentucky*

LISTEN to this actual telephone conversation between Senator John E. Miller of Arkansas and Bob Burns, star of Paramount's "OUR LEADING CITIZEN"

"Bob, this is Senator Miller. We have just had a showing of that fine picture, 'Our Leading Citizen', here tonight and it is the unanimous opinion of all who saw it that you have rendered a distinct public service in making this film. This is the opinion of such men as Senator Barkley of Kentucky, Senator McKellar of Tennessee, Senator Johnson of Colorado, Senator Hughes of Delaware, Senator Brown of Michigan, Senator Smathers of New Jersey, Senator Tobey of New Hampshire and representatives from your own State of Arkansas, Congressmen Terry, Norrell and Gathings. We all believe that you and Paramount have rendered a splendid public service in the handling of a problem of vital interest to the people and the members of the United States Senate and House of Representatives who saw this film tonight and asked me to express to you their best wishes and their appreciation of the work that you and Paramount have done in producing this picture. We had a nice crowd present and all of us were enthusiastic. We wish you well and I want to say I feel proud of you, old boy, being from our home state. Good night."

Hollywood Cavalcade

(20th Century-Fox)

The Picture Parade

Catchlines for exploitation of this story of Hollywood beginnings and rise to greatness might well include: "From pies to pageantry, gagsters to geniuses, ribaldry to romance, muggers to millionaires—from the days of Keystone Kops and bathing beauties to the saga of sound—the lives, loves, laughs and thrills of an entertainment generation that turned nickelodeons into movie palaces." While telling the story of a legendary director who rose to the heights, fell to the depths and rose again, and the obscure actress he made queen of the screen, it will be the history of picture making Hollywood during the period from 1913 to 1937.

It will picture the inception of the Keystone Kops, the evolution of Sennett's bathing beauties, the colossal sets of Babylonian magnificence, the first spectacular world premiere at Grauman's Egyptian and the thousand and one bizarrre episodes that were the soul and spirit of Hollywood's fabulous gold rush days. These events will be made authentic by the presence in the cast of Mack Sennett, Buster Keaton, Chester Conklin, Hank Man, Jack Mulhall, Snub Pollard, Marjorie Beebe, Eva Novak, Lee Duncan, owner and trainer of original Rin Tin Tin and a score of others. For up-to-date names, exhibitors will have Don Ameche, Alice Faye, Al Jolson, J. Edward Bromberg, Alan Curtis, Stuart Erwin, Lynn Bari, Donald Meek, Jed Prouty, Eddie Collins and a dozen or so more contemporary figures.

Being made in color, "Hollywood Cavalcade" is approaching completion under the direction of Irving Cummings, a member of the industry for 30 years during which he was stage actor, picture star and maker of the first outdoor talking picture, "In Old Arizona." The several silent day sequences will be in black and white, however, directed by Malcolm St. Clair under the joint supervision of Mr. Cummings and Mack Sennett.

Release date: *Sept.* 15, 1939.

When Tomorrow Comes

(Universal)

A Love Affair

Such pictures as "Back Street," "Only Yesterday," "Imitation of Life" and "Magnificent Obsession" have established John M. Stahl as a master of melodramatic story telling technique. For this producer-director effort for Universal, "When Tomorrow Comes," he has chosen a story in which the elements are those which he delights in handling. It will tell the love story of a waitress and a famous French concert pianist. The plot concerns a girl who found love, danger, heartbreak and happiness; a man who indulged in a light flirtation as surcease from sorrow; a wife to whom the man owes a heavy debt, but who is mentally unbalanced, and an understanding and sympathetic mother.

For his stars Mr. Stahl selected Irene Dunne, whom he presented in "Back Street" and "Magnificent Obsession" and Charles Boyer who co-starred with Miss Dunne in "Love Affair." The principal supporting cast includes Barbara O'Neil, previously seen in "Stella Dallas" and "The Sun Never Sets," Nella Walker who was featured in "Three Smart Girls" and "Three Smart Girls Grow Up"; Nydia Westman and Onslow Stevens.

The time of the story is the present and the locale is New York City and environs. Among the action sequences will be a turbulent union labor meeting and a recreation of the hurricane that swept the Eastern seaboard last autumn.

Release date: *Not determined.*

One Hour to Live

(Universal)

Crime Melodrama

"One Hour To Live" will tell the story of a detective inspector who stages a one-man war upon gangsters and cuts through official red tape to bring them to justice, although the leader whom he kills is the husband of the girl he loves. Naturally, it will be full of those ingredients that make for menacing melodrama.

Charles Bickford, foremost in the ranks of screen villains and presently featured as the labor racketeer in "Our Leading Citizen" will be seen as the avenging policeman. Although the part may be strange to him, there is no doubt that Mr. Bickford is possessed of sufficient histrionic ability to handle it capably. The two principal supporting roles will present Doris Nolan, who has been absent from the screen for two or three years and John Litel who has appeared in many Warner productions. The active support will further include Robert Emmett Keane, Samuel S. Hinds, Paul Guilfoyle, John Gallaudet, Emory Parnell and Jack Carr.

Basis for the production is an original screenplay by Roy Chanslor and it is being directed by Harold Shuster whose other Universal credits are "Swing That Cheer" and "Exposed." He also directed the European made picture "Wings of the Morning."

Release date: *Not determined.*

Sky Patrol

(Monogram)

Aviation Adventure

"Sky Pilot" will be another adventure in the "Tailspin Tommy" series. The regular cast personnel—John Trent, Milburn Stone, Marjorie Reynolds and Jason Robards—will be supplemented by Jackie Coogan, Boyd Irwin, Bryant Washburn, LeRoy Mason, John Peters, Johnny Day and Dickie Jones.

The screen play, prepared by Joseph West and Norton S. Parker is based on the Hal Forrest cartoon strip. Howard Bretherton is the director of this episode.

As usual the story will concentrate on aerial adventure with a great deal of the action taking place in the sky and on the sea. Trent and Stone, this time busy training pilots for the army reserve and on watch for smugglers, find themselves involved in many exciting situations. Saving the life of Coogan, a student pilot, they in turn are captured by the smuggler's ring who are also holding Coogan who had been believed killed in a crash.

Release date not determined.

Balalaika

(MGM)

Musical Romance - Drama

In this musical, founded on a London stage success, MGM will offer a picturesque story of Old Russia, the Bolshevik Revolution and the experiences encountered by exiled Russian nobility in Paris. It will star Nelson Eddy and will mark the feature debut of Ilona Massey who previously has been seen in "Rosalie." Eddy will be seen as an officer of the Imperial Cossack Guard while Miss Massey will appear as a singer. Aware that the girl detests the Czar's officers, he courts her while disguised as a student, meantime not knowing that she and her family are leaders in the revolutionary movement. Separated by the World War and the collapse of Imperial Russia, they are reunited as exiles in Paris.

Music, naturally, will be a highlight of the love story which is being produced on a lavish scale. Of the 11 musical numbers Eddy will be heard singing "The Volga Boatman," a "Carmen" aria, "Silent Night," and the dashing "Ride, Cossack, Ride" and "Magic of Your Love," while Miss Massey will sing "Scheherazade" and several "Tanya" operatic sequences. In other musical interludes, Dalies Frantz, internationally known concert pianists who made his screen bow in "Sweethearts," will be heard.

The supporting cast will include Charles Ruggles, Joyce Compton, Lionel Atwill, Walter Woolf King, George Tobias, Phillip Terry and Feodor Chaliapin, Jr.

Reinhold Schunzel is directing the Lawrence Winegarten production.

Release date: *not determined.*

Henry Goes to Arizona

(MGM)

Comedy Melodrama

MGM mined a new idea in western entertainment when "Maisie" was made and is about to repeat the technique in "Henry Goes to Arizona." The treatment consists of taking familiar situations, treating them in new and novel ways and putting upper bracket players in the cast. The mixture is skilfully churned by a good director and seasoned to taste.

The picture will detail what happens to a pompous but very hammy vaudeville actor, who is fired from a show in a cowtown and learns that he has inherited a ranch. It doesn't take this tenderfoot long to get into pecks of trouble, to find himself the center of a murder mystery, to discover that he's going to be the guest of honor at a lynching party. Escaping that fate, he saves another from it.

Basis of the production is a serial story by W. C. Tuttle, a prolific western writer, which appeared in *Argosy Magazine*. It was polished for the screen by Florence Ryerson, Milton Merlin and John Draft. Edwin L. Marin who delivered "Maisie" is directing.

The hero of the piece will be Frank Morgan and George Murphy, Ann Morriss, Guy Kibbee, Virginia Weidler and Slim Summerville will constitute his principal support. In other important parts Douglas Fowley, Porter Hall, Tenen Holtz, Gordon Jones, Chester Conklin and Robert Emmett Keane will be seen.

Release date: *Not determined.*

SKOURAS, SINGER, NATHANSON HEAD EXHIBITOR DRIVE FOR "U" PLAYDATES

The Company Also Discloses Plans for a Campaign on New Product; Will "Tell the Trade First"

Nate Blumberg, president, and Universal Pictures are being honored by theatremen in a voluntary "Exhibitors' Testimonial Drive" to get playdates for Universal and Nate Blumberg during August, September, and October. Heading the drive are Spyros Skouras, president of Fox National Theatres; Mort Singer, mid-west theatre circuit executive; and N. L. Nathanson, president of Famous Players Canadian Corporation. Some 700 exhibitors are said to be enrolled already.

"Telling the Trade First"

The move was made known Tuesday in New York by Matthew Fox, vice-president of the company, representing J. Cheever Cowdin in its management, and an assistant to Mr. Blumberg. Calling representatives of the trade publications into his office, Mr. Fox outlined the aims and scope of the drive and detailed the efforts which Mr. Blumberg and his executive staff have expended in rehabilitating the company.

At the same time, Mr. Fox disclosed a new policy for the company, an extensive promotional campaign, in and for the trade, for its new product.

"We will tell the trade before we tell the public," he said.

He thanked the assembled trade press men for Mr. Blumberg, himself, and Universal; he thanked them for "support" in "trying" days.

Referring to the exhibitor testimonial drive, Mr. Fox said that his company was "surprised and happy," and added, "the number of requests for such a drive has run into the many hundreds. As a matter of fact, about 700 exhibitors have written or wired that they wanted to participate in it."

"This experience is unique," Mr. Fox continued. "It is the first time that a distributing company is so honored by the exhibitors in the field. And it goes outside of our country. Joseph Seidelman, our foreign sales manager, is even getting responses from the foreign territories.

"This is not a sales drive, but, of course, our company may be favored by playdates. In any event, we are cooperating by giving very fine product in the months of the drive. We'd certainly like to see it a success, so as not to let the exhibitors down."

Clifford Work Coordinator

Clifford Work, director of production for the company on the coast, is the coordinator of the drive, Mr. Fox said.

Mr. Fox outlined the struggles which the new management of Universal had, in reorganizing the Hollywood studios and created the present "fine crop of products."

"We adopted a policy of operating our company by exhibitors and for exhibitors," he said, and pointed out that practically every sales and production executive in the company had had experience in the exhibition field.

"Every move we make in the studios is decided by the suggestions of exhibitors," he said. "We firmly believe that by keeping in touch with the exhibitors and their problems we will be able to keep ahead of the times."

Mr. Fox reviewed the problems of production

MATTHEW FOX

with which the Universal sales staff were faced in taking over the studios more than a year ago.

"When we first stepped in, they thought we were crazy," he said. "But it was not such a long time before they, the skeptics, found that the results justified the new rulings."

Among these new rulings and policies was the decision to make the studio management more democratic, Mr. Fox said. Men who for years had never been able to express themselves were now given opportunity to offer suggestions, and their suggestions were acted upon. The atmosphere in the studios was rebuilt, he said, and so far did the democratic trend go that the studio dining rooms, which had been separated into partitions for each class of worker, were combined into one, in which producer, director, and ordinary worker ate in sight of each other.

Says All Have Voice

Even the directors, strong individualists all, he said, have been made to realize what is meant by cooperation in favor of the company name and progress. The directors now realize, he said, that "they're making pictures for a market, and not that they're making pictures which may or may not be sold."

"It is still the same organization," Mr. Fox emphasized. "They are mostly the men we found there," he said, 'but there is this difference, that they now have a voice, and they have been given an opportunity to deliver."

Clifford Work, studio production head, was highly praised by Mr. Fox. "In the entertainment industry we couldn't find another man to do the work and to do it as well as he."

Mr. Work's job and his "showmanship attitude" had inspired great loyalty at the studio, he said.

New product, with which to honor the exhibitors' testimonial to Nate Blumberg, was next the theme of Mr. Fox. He cited the new Durbin picture, "First Love," a Jackie-Cooper-Freddie Bartholomew picture, and many others, noting that, by September 1st, the company would have 14 pictures completed, including "First Love" and "The Tower of London," and "Rio" with Sigrid Gurie, an untitled Jackie Cooper-Freddie Bartholomew subject; "Hawaiian Nights," Johnny Downs and Mary Carlisle; "South of the Amazon," Douglas Fairbanks, Jr., and Joan Bennett; "Hello Stranger," Baby Sandy; "Destiny Rides Again," James Stewart and Mischa Auer; "The Invisible Man Returns," Sir Cedric Hardwicke; "Call a Messinger," "One Hour to Live," "Listen Kids," "When Tomorrow Comes," with Irene Dunne and Charles Boyer, and "The Underpup."

He singled out "The Tower of London" with Boris Karloff and Basil Rathbone as a picture worthy of comment, and noted that the W. C. Fields-Mae West picture would go into production around September 1st.

Atlas Plans for New RKO Capital

The Atlas Corporation, backers of and chief financial partners in the newly reorganized RKO, last Friday in New York federal court disclosed the underwriting agreement by which some $1,500,000 of new capital for working operations will be raised for the company.

Hearing on the agreement, which has been approved by the new RKO board of directors, was set for this Wednesday, in the same court, before Judge William Bondy, who has been sitting in most of the decisions affecting the reorganization.

Court to Fix Price

Under the agreement, Atlas will underwrite a sufficient amount of the new stock to be issued. The price of this stock is to be fixed by the court. The RKO board, it was learned, proposes to offer 375,000 shares of common stock at $4 per share to holders of unsecured, allowed claims, and to Rockefeller Center, on or before August 29th. Atlas is reported agreeing to pay the same price a share for all the stock not subscribed for by these two groups.

As evidence of the subscription, the company is expected to issue transferable warrants to the two mentioned groups, which may be exercised within 20 days of issuance. Two days after this deal, RKO is to notify Atlas of the amount of unsubscribed stock. Atlas will then pay the company cash for this, within seven days of the notification.

Testimony at Friday's hearing showed that the average price quoted for the new RKO common stock now is $5 per share. The court noted this, and observed this meant a 20 per cent discount if the proposed $4 per share price is allowed.

Nathan Rosenberg, attorney for H. Cassel & Company, an RKO creditor, called the new agreement a "subterfuge"; he charged the company would lose $2,000,000. He was interrupted in a cross-examination of Mr. Rathvon by Judge Bondy, who said the company needed capital, that it had to get this on the best terms, that Mr. Rosenberg might try other banking houses to seek for more favorable terms.

The SEC has been requested by Judge Bondy to submit an opinion on the Atlas proposal. Mr. Rathvon, at a hearing Tuesday urged the need of working cash, saying the new production budget would exceed $15,000,000. Objection to the Atlas offer was made by Myron Kommel, representing H. Cassell and Co.; John H. Stover, H. B. Spring and Russell McKirk of Farley and Co., all RKO creditors.

ASIDES and INTERLUDES

By JAMES P. CUNNINGHAM

It had to come: A picture story of "A Roosevelt Day in Hollywood." Referring to Sam Goldwyn's James Roosevelt, of course. And what a day, as pictured by the New York "Times" in rotogravure. James Roosevelt, at 9:00 in the morning, "walks to his office on the Goldwyn lot"; 10:00 A.M., "James Roosevelt reads his fan mail—more than many stars receive"; 10:30 A.M., he's "called into the office of his boss, and they tackle a problem"; 11:30 A.M., "following the problem through, he goes to the cutting room"; 2:30 P.M., "A short walk brings him deep into a Philippine Jungle, where he watches Andrea Leeds at work"; 5:00 P.M., "A footbridge carries him back from the wilds of Hollywood." And Jimmy is shown wearing four different suits during the eight hours.

Rachman now is No. 1 Showman of Nebraska State Penitentiary, buying and booking films for fellow convicts, showing nearly 600 pictures since he has been behind the bars, plus staging 12 stage shows on the inside and framing a 20-person, all ex-cons "Big House Follies," which ran 12 weeks in theatres outside.

Seadler's Art

IF you are a reader of some of the more esoteric prints you'll be aware that the art of "doodling," the process by which many persons draw strange things on the blotter while telephoning, is now under scientific examination. One of the most serious cases of the kind has resulted in those strange, mad drawings by James Thurber, first erupting in *The New Yorker,* and more recently contaminating some ultra sophisticated advertising in national media.

Now we have, right in our own industry, another and equally alarming manifestation of doodling in most elaborate form in what is coming to be known as "the art of Si Seadler."

Silas Drags Weary Foot

What with his experience in the industry, one way and another, Mr. Seadler has perhaps been controlled by necessity, words having failed, to resort to his doodle drawings first for escape, second for expression and communication.

A specimen in illustration is submitted: First we see Mr. Seadler, drawn by himself, in the state of humid lethargy in which it is alleged he approached the screening of "The Wizard of Oz." The subcaption, "Silas drags weary foot," is from his own gifted pencil.

Dignified Gents Dance in Corridors

We now introduce this paragraph to cover a lapse of time in the course of which the screening, 101 minutes for $3,000,000, is said to have taken place.

And now the epilogue, as reported and recorded by Mr. Seadler's facile medium, which would give us to understand that the screening was followed by sweeping, swirling emotions of joy, excitement, satisfaction, etc., etc.

Si will recover.

"Ann Neagle is my mother's name, which I took as my stage name. The earliest known ancestor on my mother's side won his name by rescuing a child from the talons of an eagle."

20th Fox-RCA Report Profits For Six Months

Twentieth Century-Fox Film Corporation Friday reported a consolidated net operating profit of $2,325,525 after all charges including federal incomes taxes for the 26 weeks ended July 1, 1939. This compares with a profit of $3,419,658 for the first twenty-six weeks of 1938.

$1,101,275 Net for Quarter

For the second quarter, ended July 1, 1939, the consolidated net operating profit, after all charges, was $1,101,275, compared with the first quarter profit of $1,224,250 and a profit of $1,778,121 for the second quarter of 1938.

No dividends were received from National Theatres Corporation during the first half of either year.

After allowing for preferred dividends for the half year, there remained a profit for the half year equivalent to 93 cents a share on the 1,741,988 shares of common stock outstanding at July 1, 1939. For the quarter ended July 1, 1939, after allowing for the preferred dividend, profit amounted to 43 cents per share on the 1,741,988 shares of common stock outstanding at July 1, 1939.

RCA Net

Net income of Radio Corporation of America and subsidiaries, including RCA, NBC, Photophone sound equipment and a half interest in RKO-Radio, for the three months to June 30 totaled $724,091, or $81,198 less than preferred dividend requirements of $805,289 for the period, David Sarnoff, president, reported Monday.

In the same 1938 period, net income was $1,086,956, equal after preferred dividend requirements to two cents a common share. Gross income totaled $23,285,124, against $22,623,736 a year ago.

For the six months to June 30, consolidated net income was $2,172,201, equal after preferred dividend requirements to four cents a common share, against $2,524,757, or six and six-tenths cents a common share, a year ago. Six months' gross income was $48,290,113, against $45,254,305.

CBS Dividend

Columbia Broadcasting Company declared a dividend of 45 cents on both Class A and Class B stocks payable September 8. Company paid 35 cents on these issues on June 9, and 25 cents on both classes on March 10, 1939, making a total of $1.05 paid on the stocks this year.

Kansas City Upturn

Economy in exploitation is assigned as the reason for an upturn in business of the Kansas City area, according to a circuit executive there. The spokesman said that money for boosting pictures was spent on smaller product; not on the bigger, which is to some extent pre-sold.

Two New Butterfield Houses

Contractors working for the Butterfield circuit were working this week on two theatres in Lansing, Michigan. Ground was being broken for the second theatre, on East Grand River Avenue, at Cedar Street. The first theatre, the New Gladmer, at Washington Avenue and Ionia Street, is expected to be completed this month.

S. Ernest Pelson, formerly of Grand National, is the new general sales manager of the French Cinema Center, in New York. The company is attempting to distribute "Harvest."

Employees Adopt Refugees

One hundred and forty-one employees of three film companies have "adopted" Spanish refugee children through the Foster Parents' Plan for Spanish Children, according to a statement to the press issued this week from American headquarters of the organization, under the names of Eric G. Muggeridge, executive secretary, and Robert Yaller, publicity director.

One hundred and eight employees of Warners have "adopted" Spanish children, 25 employees of United Artists and eight of RKO.

The Wizard of Oz

(Metro-Goldwyn-Mayer)

Millions for Whimsy

In 101 minutes of multicolored splendiferousness utterly colossal in photo-technology Metro-Goldwyn-Mayer bets three million dollars it can give the kiddies a good time.

A foreword, coming right after the roar of Leo-the-trademark, dedicates the picture to "the young in heart," and that's rather whom it is for. Curiously here and there the refurbished tale is flecked with a tender sort of allegorical sophistication, but there is not enough of that to make much difference.

The endeavor is whimsy with a wham, a vast and ornate plunge through the breach of prejudice opened by "Snow White and the Seven Dwarfs," to which this has aspects somewhat akin, not perhaps without intent or design.

Outstandingly interesting to many the oldster will be a comparison of the media, with their time-tinted memories of the stage hit those three and a half decades ago and the capacities of today's cinema in picture and sound. The picture spread across the screen is an old master in blithe new colors, gayer than the day it first flowered.

Miss Judy Garland, with whom M-G-M has been making valiant effort these several years, has done pleasantly well with much the most demanding part she has had. She comes through neatly alongside such older and time-seasoned, able performers as Frank Morgan, Ray Bolger, Bert Lahr and Jack Haley.

It might be mentioned that Miss Garland in the role of "Dorothy" is effectively surrounded and considerably more than knee deep in Singer midgets in some of the most fantastically imposing of the swirling color-and-song numbers.

Departures from the original, the play book and lyrics by L. Frank Baum, opening at the Majestic theatre in New York in January of 1903, have been rather less than might be expected in the light of some Hollywood re-treatments. The authors of the screen play have done no violence to the original in spirit and the slight touches of modernization are not obtrusive, probably because of the timelessness of the theme and the uncheckable fictitiousness of the background. It's all, you know, in that Land of Oz, which never was, except for a dash of realism at start and finish—the realism dramatically including a tornado sequence lusty enough to make Kansas proud.

Lady of the Tropics

(MGM)

Hedy LaMarr Plus Robert Taylor

On the morning after Hollywood had had its first look at this second American appearance of Hedy LaMarr, Edwin Schallert told readers of the Los Angeles *Times*: "There is only one thing that really matters about 'Lady of the Tropics,' and that is that it permits its audiences to gaze upon the glowing, glamorous, lush beauty of Hedy LaMarr."

In the Los Angeles *Examiner* of even date Louella O. Parsons exclaimed: "What a team! Hedy LaMarr and Robert Taylor—two young people so attractive, so exciting, that any defects in the story are quickly forgotten in the joy of just looking at these two. . . . It is just as fantastic as some of those Sheik dramas, but for all that it should be oxygen to the languishing summer box office."

Came afternoon and the *Herald Express*, Jimmy Starr saying: "The highly touted Hedy LaMarr, often hailed as Number One Glamour Girl, will no doubt cause long lines at the box office. . . . The picture will probably be a terrific hit with the fans, while the critics will play their old game of 'knock knock'."

Came dinner time and James Francis Crow telling subscribers of the Hollywood *Citizen-News*: "It is likely to have a tremendous, although possibly short-lived, box office vogue. It will set the movie mind back 10 years . . . well calculated to raise hob with the hormones of the millions of seekers after vicarious cinema romance."

Your reporter places the foregoing remarks of representative lay critics before you showmanly readers in this unusual prominence because what the lay press tells the lay readers about this picture is likely to have more than usual bearing upon its financial success or failure. Up to now Hedy LaMarr—wafted to these shores on a wave of publicity, lifted high on another following her effective but not extensive appearance in her first American film, and sustained at headline elevation steadily during the year elapsed since that film's release—is in extraordinary degree a printers' ink personality, a lustrous news figure, a glamorous halftone subject, a most unusual circumstance which must be rated a prime factor in local box office equations.

Regrettably, none of the lay critics whose findings are at hand have remembered to mention that "Lady of the Tropics" is not a film for the little folk. It distinctly isn't, the story running something like this:

"Bill Carey," eligible bachelor, but poor, arrives in Saigon, Indo-China, aboard a yacht owned by the father of a marriageable daughter, meets "Manon," half-caste beauty, and stays on after the yacht sails away. "Manon" has plans for marrying a native potentate rich enough to take her to the so dear France to which her father returned without her native mother, and "Pierre," rich and powerful half-caste, has plans for subjecting her to his will. "Bill" fools "Pierre" and the native potentate by marrying the girl outright, but "Pierre" fixes it for the girl to be denied a passport and in time the young couple's money runs out. "Manon" makes a deal with "Pierre" by which "Bill" obtains an out-of-town job and she spends the time of his absence paying off for the required passport. "Pierre" delivers the document but also arranges for "Bill" to find out what's been going on while he's been away. "Bill" sets out to find and shoot "Pierre" but "Manon" beats him to it, killing "Pierre" and then herself, this last death a lingering one, permitting "Bill" to arrive in time for plenty of closeups.

Incidental features of the film are some temple dances which are said to be authentic and look it, an original song by Phil Ohman and Foster Carling sung by Gloria Franklin, and an opera sequence staged by William von Wymetal. Sam Zimbalist produced and Jack Conway directed. The screen play is attributed to Ben Hecht.

Previewed at the Chinese theatre, Hollywood, to a mixed reaction.—W. R. W.

Produced and distributed by MGM. Producer, Sam Zimbalist. Directed by Jack Conway. Screen play by Ben Hecht. Song by Phil Ohman and Foster Carling. Photographed by George Folsey. Film editor, Elmo Vernon. P.C.A. certificate No. 5497. Release date, August 11, 1939. Running time, when seen in Hollywood, 91 minutes. Adult audience classification.

Mutiny on the Blackhawk

(Universal)

Two in One Melodrama

A picture with a double plot, like a person suffering from a dual personality, is subject to the danger of becoming muddled and pointless, and this production does not wholly escape.

Richard Arlen, as an example of the strong silent type of manhood, and Andy Devine, with all his radio humor and giggles transposed to the screen, are the most potent possibilities for marquee material. Constance Moore, figuring in the story's second angle, offers negligible romantic flavor. Noah Beery, as a slave trafficker, exudes menace in the first section of the

plot which deals with the live cargo situation, and a corps of Mexicans later offer some military opposition to a settlement of pioneers. Mabel Albertson plays a buxom, blond and twice-widowed frontier woman. The historical personalities of Kit Carson and General Fremont gloss the proceedings.

"Captain Robert Lawrence" is assigned by the American governmental forces to investigate the South Sea Island slave traffic. He rescues a cargo of natives from being dumped into the sea to save the vessel's lowered water supply and brings the passengers and boat to the shores of the Californian coastline. Thereupon the ambidexterous army man proceeds to settle the problems of a band of settlers at Fort Bailey against Mexican militarists.

The sequences depicting the efforts of the Fort folk in repelling the Mexican martinets are pictured excitingly and the shots showing the release of rocks from rocky perches upon the marching men pack some dynamite celluloid thrills.

The three-quarter sized mid-afternoon gathering, most on the male side, at Broadway's Rialto theatre, home of horror and firework screen stuff, seemed to be none too pleased with the proceedings of the day.—JOSEPH F. COUGHLIN.

Quick Millions

(20th Century - Fox)

Domestic Comedy

Crowded with action and teeming with comedy, in which the entire cast participates with funny Eddie Collins, "Quick Millions" compares more than favorably in audience entertainment value with any previous numbers in the Jones Family series. Based on a hilarious story written by Joseph Hoffman and Stanley Rauh, which Hoffman and Buster Keaton adapted, the production is so directed by Malcolm St. Claire that all values quickly appealing to family audiences are expertly developed. The regular series cast plus Collins is expertly aided in putting across the lively and wholesome amusement by Paul Hurst, Helen Ericson, John T. Murray, Peter Lynn and Horace MacMahon.

With the reputation of the earlier Jones Family pictures to serve as the basis of the exploitation campaign, exhibitors should have no difficulty in building advertising campaigns to popularize the show with the regular followers of the family's exploits as well as all others appreciating that type of exciting amusement.

Back in Maryville from their Hollywood adventure, the family, believing they have inherited a gold mine, take off via trailer for the Grand Canyon. The mine never materializes as paying property, but in meeting with "Beaver Howard" (Collins), a Baron Munchausen of the wide open spaces, the family encounters a series of weird and risible adventures, the climax of which has "John Jones" (Prouty) suspected of being a notorious outlaw, tossed in the calaboose. The younger members of the family, aided by a ranger (Robert Shaw), capture the real bandits.

Previewed at the Uptown theatre, Hollywood. The audience went for the show, hook, line and sinker, with laughter several times drowning out the dialogue. The crowd topped off its appreciation with enthusiastic applause at the finish.—GUS MCCARTHY.

Produced and distributed by Twentieth Century-Fox. Director, Malcolm St. Clair. Associate producer, John Stone. Screen play, Joseph Hoffman, Stanley Rauh. Original story, Joseph Hoffman and Buster Keaton. Based on the characters created by Katharine Kavanaugh. Photographer, Lucien Andriot, ASC. Art directors, Richard Day, Albert Hogsett. Down Our Alley

(British Screen Service)

Musical Comedy Romance

Hughie Green and his Gang are known widely to native radio and vaudeville audiences, and this inexpensive framework is designed to set off their peculiar talents and to exploit their public, actual and potential. The Gang are mainly children, and the story of their exploits here would not seem designed for appeal to the adult or the adult mind.

There is little in treatment or matter which is likely to take it outside the very indulgent and uncritical brand of audience. None the less there is talent of the precocious variety among the Gang, for Mr. Green has a confident manner, and at least one 15-year-old a technique of swing singing which makes most of the local constellation very dim.

The fragile story on to which the various vaudeville items are knit sets Hughie Green as leader of a Gang of gifted gamins seeking cabaret fame. With confident efficiency of the hero of the juvenile dime novelette he thrashes the crooner who has aspirations to his girl friend, and stages his Gang in a cabaret show while his victim is locked up—with an immediate contract as obvious corollary. Neither script nor direction seem to aim at much higher than the lowest common denominator of audience appeal, but the various turns by the Gang in the street and elsewhere will register with the less sophisticated areas. Setting and staging, though of the less expansive variety, seem adequate to their purpose.

Wally Patch, local Cockney character artist, is probably the most palatable ingredient of the film as Hughie's commissionaire father, while Anthony Holles works hard at his material as an Italian maestro of the fiddle whose greatest exasperation is the accordion.

Screened to a trade show audience, mostly feminine, in a Wardour Street theatre, the film did not seem to evoke great enthusiasm for its story, though the juvenile turns were received with approbation.—AUBREY FLANAGAN.

Produced and distributed by British Screen Service. Directed by George Cooper. From a story by Ted Kavanagh and George Cooper. Editor, J. Seeborn. Art director, Jim Carter. Running time, when seen in London. 65 minutes. General audience classification.

Night Work

(Paramount)

Domestic Comedy

This continuation of the domestic adventures of the Fitch Family profits by the use of non-routine material and an extremely non-routine performance by Clem Bevans, who enacts a crusty steeplejack set in by circumstance as guest and critic of the Fitches. Mary Boland and Charlie Ruggles conduct themselves with their usual complete competence as the host and hostess to this eccentric but important guest, reminding just about anybody present of that time when Uncle John or somebody came to visit and stayed around.

The steeplejack arrives at the Fitch home in response to their letter asking permission to adopt his grandson. A sturdy soul accustomed to viewing the world and deciding about things from the tops of chimneys and lofty buildings, the grandparent announces that he'll stay a while and see if Fitch is the sort of man he ought to be, which means brave, bold and so on. Various complications culminate in a sequence reminiscent of the "High and Dizzy" era, a sure-fire device productive of hearty response, and the ending is as the audience would have it.

William H. Wright was associate producer. George Archainbaud's direction is straightaway and effective. Monte Brice, Lloyd Corrigan and Lewis R. Foster wrote the screen play, an original.

In Old Monterey

(Republic)

Musical Western

Republic has given a slightly different twist to their latest musical western featuring Gene Autry and Smiley Burnette. Getting away from the usual "rancher-against-outlaw" theme the United States Army is used as the force the ranchers must contend with. Later on a crooked borax company takes advantage of the army's delicate position to further their own gain. Backed with a great deal of army life and with cavalry and airplanes a major part of the film, the action, theme and events are absorbing and follow in orderly continuity.

For musical background Gene sings, the Ranch Boys harmonize and the Hoosier Hot Shots add humor, along with Smiley Burnette, with their collection of comic songs and claptrap musical instruments.

On special detail for the U. S. Cavalry, Gene and "Frog" are sent to Colby Basin to influence the citizens to move from the only available bombing area. Many of the cattle and farm life are sick and dying from the constant bombing and smoke screens effected by the army planes but still the ranchers refuse to give up their long established homes. Gene and 'Frog" accompanied by the Ranch Boys and the Hoosier Hot Shots buy a ranch in the territory to gain the confidence of the people. A borax company incites the towns-people to revolt against moving so that the company will be able to use the short cut across the bombing area in hauling the borax. As the time approaches for the residents to evacuate

"Gilman," an employee of the company bombs a ranch and leads the ranchers to believe that it was done by one of the army planes. Gene, at a town meeting, shows the residents how important it is for the government to have Colby Basin and at the same time proves that the bombing of the ranch was done by the borax people. The town goes up in arms and with the help of the cavalry and "Frog" in an army tank, wipe out the company.

The supporting cast of June Storey, George "Gabby" Hayes, Sarie and Sallie, and Billy Lee help to make this picture one of the better in the Autry series. Credit should be given to Ernest Miller for his photography of the complicated scenes.

Reviewed in the Republic projection room in New York at a screening for the trade press.—GEORGE SPIRES.

Produced and distributed by Republic Pictures. Associate producer, Armand Schaefer. Directed by Joseph Kane. Screen play by Gerald Geraghty, Dorrell McGowan and Stuart McGowan. Original story by Gerald Geraghty and George Sherman. Production manager, Al Wilson. Photographed by Ernest Miller. Film editor, Edward Mann. Musical supervisor, Raoul Kraushaar. P.C.A. No. 5516. Release date, August 14, 1939. Running time, when seen in New York, 74 minutes. General audience classification.

The Stubborn Mule
(Universal)
Lantz Cartune

In the latest of Walter Lantz's Little Eight Ball cartoons, the colored lad runs into difficulty with a stubborn mule which he has received as a gift from a fruit peddler. After using every possible means to make the mule move from the spot he gives up, exclaiming that only a bolt of lightning would do any good. Conveniently, lightning strikes, and the mule races back to the peddler ready to work again. —Running time, seven minutes.

Zoo
(RKO Pathe)
Reelism

Showmen know that besides a cooing infant there is no more assured entertainment ingredient than a collection of performing animals, be they elephants or monkeys. The spectator is invited to inspect the St. Louis Zoo where the inhabitants are given exceptional care and freedom. From the kitchen where the diets of the animal residents are as scrupulously attended to as those of any infants of the rational animal species, to the habitats of the zoological personnel, the visit is interesting and amusing. The parts showing the performing elephants and the acrobatic simians should especially delight the juveniles.—Running time, nine minutes.

The Two-Headed Giant
(20th Century - Fox)
Terry-Toon

The nursery room fable of the doughty young Jack, the Giant Killer, is trotted out via the Terry-Toon drawing board and is dressed up in bright colors, if not particularly new trappings. The tale follows the traditional groove except that the big boy in the battle of the centuries is topped by a double dome. More attention seems to be given to the routine matinal doings of the overgrown chap and to the preliminary skirmishes of the bellicose bully and the guards of the castle which he is besieging than to the big and main business of the subject, the combat between the giant and Jack. The pigmentation is attractive.—Running time, seven minutes.

Hare-Um-Scare-Um
(Vitaphone)
Merrie Melody

Another gay and colorful romp is done in this cartoon example of screwball fantasia from the Merrie Melodies catalogue. John Sourpuss decides to hunt for his own meat rather than pay the increased prices. With gun and determination he takes to the field and tracks his prey in the zany person of "Bugs" Bunny, a true lineal descendant of the original Mad Hatter if there ever was one. The tables are reversed in that the hunter becomes the hunted as a result of the crackbrained heckling of "Bugs." Such baiting would cause any huntsman to turn vegetarian. In the case of Mr. Sourpuss, the gunman loses control of his aim and his sensibility. "Bugs" is a cutup who will delight with his mad mannerisms and insane line of patter any group in the mood for some foolish fun.—Running time, seven minutes.

Hollywood Sweepstakes
(Columbia)
Color Cartoon

This tells the story of how the little pony stablemate of "Lightning," the great race horse, wins the race as a substitute when "Lightning" falls ill of a cold before the race. It is lavishly executed; but the plot is like a bad dream. Children will like it.—Running time, eight minutes.

Hello, How Am I?
(Paramount)
Popeye

The one-eyed sailor with the bulging forearms is almost the victim of a huge fraud in his latest adventure with the voracious Wimpy who perpetrates one of his most dastardly deeds for the sake of some hamburgers. When Olive Oyl invites Popeye to a hamburger dinner Wimpy, overcome by the mere mention of that tidbit, impersonates the sailor. Popeye and Wimpy have quite an argument as to who is really Popeye and Wimpy convinces Miss Oyl that he is the sailor. Wimpy is stuffing the hamburgers down when Popeye, having stood it long enough, breaks open a can of spinach and proceeds to wipe the proverbial floor with the by now thoroughly chastened Wimpy. Running time, seven minutes.

Modern Methods
(Vitaphone)
Color Parade

There is a little bit of something in this colored collection of modern miracles of invention to interest any general audience. There is a section of study covering the methods of the New York City Bureau in compiling statistics on the rise and fall of ocean tides. Another portion inspects the work of a mask maker. The two other items will especially intrigue the feminine movie goer. One of them pictures the use of remote control in the running of a home. All the little wife has to do is to move a simple dial and science does the rest in the preparation of the morning meal. The other division shows the genesis and development of milady's headwear.—Running time, 10 minutes.

Culinary Carving
(MGM)
Pete Smith Specialty

A juicy and rich slice of general entertainment is offered in this present dish of Pete Smith sense and nonsense serving. Concerned this time with the fine art of meat carving, as usual with his accustomed manner of presentation, Mr. Smith offers the work of an expert and the bungling efforts of an amateur. Accompanied by appropriate words and gestures, M. O. Cullen, who wields a sure and gay blade, demonstrates his art with a handsome set of carving instruments. To make the skill of Mr. Cullen all the more evident and the more to be appreciated, Pete presents the sad plight of one of his comic stooges, who is throwing a snooty dinner party for his boss with the hope that the way to a boss's moneyed heart is through his mouth. The culinary sequences with Mr. Cullen performing his art on a succulent array of roasts and baked meats should cut some ice with the ladies, who always claim that their better halves may be good providers but no hands with the carving knife and fork. The audience in general, if it can check the floods of saliva stimulated by the delectable dishes, should find a good course of enjoyment and education in this table side chat.—Running time, nine minutes.

Pictorial No. 12
(Paramount)
Storks, Alaska, Monkeys

This is an interesting number of the Pictorial series touching on three diversified subjects. The first sequence shows three young storks learning how to fly for the first time while the mother stork scouts around for their food. Narrated by Ward Wilson. The second part is concerned with the southern half of Alaska which contrary to the general conception has a temperate climate. Agriculture, lumbering, dairying and mining are the principal industries. Narrated by Alois Havrilla. The third and final sequence is very interesting and shows spider monkeys, gibbons and apes living in roomy cages and performing for the camera. Narrated by Bill Farron. Running time, 10 minutes.

Saved by the Belle
(Columbia)
Three Stooges

The Three Stooges are salesmen for a clothing concern in a comic opera country. They run into a revolution, are almost executed by the firing squad of one army, escape in an ammunition truck. One of them, of course, ignites the dynamite in the truck; and they land, after the explosion, on the back of a large horse, continuing their escape. And the picture ends. This is for Three Stooges fans.—running time, 17 minutes.

Colombia
(Paramount)
Color Cruise

This is a tour of the South American country, Colombia, photographed in color. The architecture of the cities dates back to the influence of Spain and the Spanish Conquistadores. Walled and with narrow, crooked streets the cities are dominated by the number and beauty of their churches. In the fields natives pick the coffee beans to be shipped to various ports. The principal means of transportation in the mountains, (Colombia is the most mountainous country in South America), is by the cable suspension railways. Also shown are gold-dredging operations with which the country hopes to restore her economy. Running time, 10 minutes.

Border Collie
(British Screen Service)
Animal Study

A pleasing little picture about the life and work of the collie dogs which herd the mountain sheep and farm animals of the Cumberland mountains. Devised around one particular prize winning collie, the short takes in, against an impressive background of craggy mountain and rugged farmstead, a miniature canvas of sheep herding on the Fells, of sheepdog trials and so forth. Backed by an ultra refined commentary giving it a first person singular note, the picture is none the less the brand of native novelty which the non-English audience should like as well as the home variety.

SCHINE, GIBRALTAR AND LUCAS MEETINGS END

National Theatres' Inter-Mountain Division Meets; Fox Midwest Dist. Managers Convene

Annual circuit conventions of managers and executives were concluded over the weekend by Schine, in New York; Lucas-Jenkins, in Georgia, and Gibraltar Enterprises, in Colorado. In meeting this week were Warner theatre managers of the Washington, D. C., territory. Preparing for meetings are the various divisions of Fox-National Theatres, in the west.

Denver Meeting

The National Theatres Inter-Mountain division begins its meeting at the Brown Palace hotel, in Denver, next Wednesday. The meeting runs three days. District sessions occupy the third day. Rick Ricketson will preside. About 55 are expected to attend. Among them will be managers and Denver headquarters men. Spyros Skouras, head of the theatre chain, is expected.

National Theatres' fourth annual Fall drive begins September 1. It continues until December 24. Thirty districts will compete for $25,000 in cash prizes.

The visits of Spyros Skouras in each territory this month and September are being timed to coincide with regional meetings.

District managers of Fox Midwest Theatres, Inc., a subsidiary of National Theatres, met in Kansas City last week, with E. C. Rhoden, head of the company, presiding. They discussed plans for the annual managers convention, to be held Tuesday and Wednesday of next week at the Elms Hotel, Excelsior Springs, Mo. Present at the meeting were Fred Souttar, St. Louis; H. E. Jameyson, Wichita, Kas.; Ed Haas, Harry McClure, and Lon Cox.

Meet at Lucas Estate

In Point Peter, Ga., the entire force of the Lucas and Jenkins circuit met last week, in annual convention, at the estate of Arthur Lucas, circuit president.

Attending were Mr. Lucas; William K. Jenkins, vice-president and treasurer; E. E. Whitaker, district manager; and the following city managers and partners: Charles Powell, of Moultrie; A. Latimer Heard, of Elberton; Moon Corker, of Athens; O. L. Benson, of Gainesville; Earl M. Holden, of Atlanta; Arthur Barry, of Macon; William Wilson, of Waycross; Mrs. Alma King, of Brunswick; Hudson Edwards, of Savannah; Willis J. Davis, of Atlanta; C. P. Rhino, of the accounting department; A. C. Cowles, of the booking department, and I. L. Shields, of Columbus.

Special topics were discussed by Mrs. King, Mr. Whitaker, Mr. Whitham, Mr. Cowles, Mr. Rhino, and Mr. Davis; and there was also general discussion.

Gibraltar Session

The Gibraltar Enterprises, Inc., holds its annual convention in Denver, beginning this Friday and continuing through Tuesday. The place is the Cosmopolitan hotel. Attending will be company officers, theatre managers, advertising men, maintenance men, directors, and bookers.

The company controls and operates 38 theatres in the Denver territory. Its president is Charles R. Gilmour.

Officers are to be elected for the coming year; also, the directors may issue a statement of policy on current trade problems, including the trade practice code, the Neely bill, and the like.

In the company, or associated with it are well known theatre men, such as the following: Ed Schulte, Caspar, Wyo.; William Oatenberg, Scottsbluff, Neb.; Everett Cole, Alamosa, Col.; Thomas Murphy, Raton, N. M.; E. W. Ward, Silver City, N. M.; John Green and Nathan Salmon, Santa Fe, N. M.

Warner Washington Session

John J. Payette, general zone manager for Warner Brothers Theatres in the Washington territory, held his annual meeting of managers Tuesday at the Mayflower Hotel, Washington, to discuss product for the new season.

All managers in and out-of-town attended. Robert Smeltzer, district manager of Warner pictures, discussed the coming product. Films from other producers were discussed by Frank La Falce, advertising head. Executives who also spoke are George A. Crouch, assistant zone manager; Guy Wonders, Maryland district manager; Nat Glasser, Virginia district manager; A. Julian Brylawski, in charge of real estate; C. E. McGowan, contact manager; Louis Ribnitzski, booker; J. Alton Pratt and Walter Pettus, in charge of projection and sound, respectively.

Following the conference the entire personnel went on an outing Wednesday at Annapolis Roads, Md. Managers of most film exchanges in Washington also attended the outing as guests of Mr. Payette.

Managers who attended were Fred Thomas, Earle; Charles Grimes, Metropolitan; Robert Etris, Ambassador; James Glennon, Apollo; Theodore Lohmeyer, Avalon; Nelson Smith, Avenue Grand; Alan Bachrach, Calvert; Maynard Madden, Central; Sidney Hoffman, Colony; Ernest Wells, Home; Claude Land, Kennedy; Henry Coon, Penn; Le Roy Sherman, Savoy; Raymond Burch, Seco; Lawrence Snoots, Sheridan, all in Washington; and Fred MacMillan, Silver, Silver Spring, Md.; Wm. Cleveland, Takoma, Washington; James Root, Tivoli, Washington; Walter Cersley, Uptown, Washington; Earl Heatwole, York, Washington; Rodney Collier, Stanley, Baltimore; Ted Crowther, Opera House, Frederick; Jack Forney, Tivoli, Frederick; Joseph Cumiskey, Academy, Hagerstown; George Payette, Maryland, Hagerstown; Lou Kusner, Apollo, Martinsburg; Henry Clark, Arcade, Waynesboro; C. H. McKinney, Masonic, Clifton Forge; Don Nichols, Virginia, Harrisonburg; Ralph Daves, State, Lexington; Frank Shaffet, Dixie and Strand, Staunton, and Lamar Keen, Capitol, Winchester.

Schine Convention

The Schine circuit, comprising 150 theatres in the East, held its first circuit-wide convention in Gloversville, New York, on Tuesday through Friday of last week.

High spots during the convention, aside from the golf tournament and assorted dinners, were the talks by executives of the company, of the major distributors and others. Among the speakers were A.-Mike Vogel, of the MOTION PICTURE HERALD; Alec Moss, of Paramount; Herman Wobber, Twentieth Century-Fox: James Grainger, Republic; Eddie Golden, Monogram; J. Myer and Louis Schine.

Loyalty to the theatre, and to motion pictures; realization by the theatre man that he is necessary and the motion pictures are important, to the community—were urged by Mr. Vogel.

Alec Moss, Paramount exploitation executive, told the conventioneers that showmanship "comes first." Pictures are of no use, excellent service by house personnel is of no use—without the selling of the picture, he emphasized.

A promise that Twentieth Century-Fox would keep its stars off television programs as well as off the radio, was made by Herman Wobber, vice-president and general sales manager of the distributing company.

"Those stars are yours and should remain yours," he told the Schine delegates.

James R. Grainger, president of Republic Pictures, promised that his company would produce more pictures like, and bigger pictures than, its "Man of Conquest." He said his travels convinced him of coming prosperity.

Rodney Bush of Twentieth Century-Fox emphasized the news value in motion pictures.

Lou Pollock, director of advertising and publicity for Universal in the East, pointed out the value of fan magazines. Huge sales of these magazines, he asserted, created remarkable preselling.

Lee Blumberg, of Warners, detailed the value of shorts on a program, and outlined the way in which his company pre-sold them.

Charles Stern, of United Artists, explained his company's picture policy: United Artists was "different," he noted; it did not get into "ruts" or on the "tail end of cycles."

Joseph Unger, of Paramount, outlined that concern's Fall plans.

Importance of Independents

Edward A. Golden, president of Monogram, told of the importance of the independent producer. Said he:

"We are producing pictures that can be sold to the public, and that please when they are sold. No company can do more."

Lou Weinberg, of Columbia, said that company's new product would be superior.

Maurice Bergman, head of the same company's publicity and advertising department, asserted that present day pressbooks differed from those of other years; they are now carefully compiled, he said.

Monroe Greenthal, director of exploitation for United Artists, also stressed the value of pressbooks.

Eddie MacEvoy, of RKO, said that an analysis of exhibitor business, taking into account population proportion, revealed that Schine houses consistently turned in higher grosses.

Howard Antevil, attorney in charge of the Schine circuit legal staff, gave one of the shortest talks: he said it was too warm to talk, and that he would mail the delegates a copy of his proposed talk, which was titled, "Legal Pitfalls and How to Avoid Them."

Newsreel Demonstrated

Hugh Elsasser, national director of DeVry Local Newsreels, who was negotiating last week on a deal with the Schine circuit, demonstrated the 16 mm newsreel idea by the taking of pictures at the convention, and their display, speedily, to the convention. Mr. Elsasser traced the history of Local Newsreels, and asked for acceptance of the idea.

Other speakers were Charles Casanave, of National Screen Accessories; Marsh Gollner, Maryland-Delaware district manager; Gene Curtis, of the circuit's advertising department; Carl Milliken, of the Hays office; Charles Coburn, actor; Sally Eilers and Jean Muir, actresses; Denton D. Lake, assemblyman; Leon Bamberger, of RKO.

Louis W. Schine, vice-president and general manager of the circuit, thanked employees for their attendance and their work.

J. Myer Schine, president of the circuit, who had introduced the speakers during the three-day convention, on the final day spoke, in eulogy of the organization's "teamwork" and loyalty.

The convention ended on Friday. At the golf tournament, held last Thursday, Joe Schwartzwalder, city manager in Auburn, for the circuit, made the lowest gross score, and was declared the 1939 Schine golf champion.

John Winn, of Gloversville, won second prize, and M. A. Conrow, of Altec, the third prize.

SCREEN PROPAGANDA ISSUE COMING TO HEAD IN BRITISH PARLIAMENT

Overriding of Censor Board in Passing "Mamlock" and Bill to Widen Newsreel Use Point to Action

by AUBREY FLANAGAN
in London

With the increasing preoccupation of the British Parliament, the British public and British industry, with international politics, the film trade once again, is facing the problems, potential and actual, of propaganda on the screen. Recent incidents, censorial and parliamentary, indicate the possibility that the issue will come to a head soon.

Most significant, perhaps, has been the "Mamlock" incident, in which the London County Council overrode the ban of the British Board of Film Censors and passed the film for public exhibition. Related by no means distantly to this is the current pother, in Parliament and out, over the distribution of newsreels to hotels and elsewhere, a matter which, fortunately for the trade, would seem likely to regularise itself.

Bill Introduced in Commons

In the last week a Parliamentary bill sponsored by a private member has been introduced into the House of Commons with the objective of compelling the newsreel organisations to allow distribution of their reels through other than the normal picture-house channels. It would seem that the move, which is in line with reiterated political questions and suggestions propounded in the House of Commons, is inspired by a belief that the newsreel is a valuable propaganda medium.

The newsreel organisations naturally do not accept such a classification of their productions. The trade, in general, long convinced of the necessity for keeping politics, party propaganda, and social pleading from the screen, is watching this counterplay of purposes with a cautious eye.

Wrapped up, too, in the question of propaganda, is the apparent confusion of the licensing position as it applies to non-flammable film shows, a position which may be clarified in the not far distant future by any moves the Home Office may make on the lines of the report to be offered by its advisory committee.

War Film Plans Already Made

According to ministers in the House of Commons the Government is satisfied with arrangements already made for the production and exhibition of suitable propaganda films in the event of an outbreak of war. Already pictures aiming to stimulate recruiting for Territorial and other Service organisations, to propagate the idea of National Service and Air Raid Precautions, have been produced in British studios with the collaboration of artists, executives and technicians, and are being shown. To these apparently non-party efforts the trade has no obvious objection, though it is watching the machinery with an eye to prevention either from falling into party hands or from overstepping the bounds of national welfare.

In Commons members have raised the question of screen propaganda during wartime, following up the Government's declared intention of using the film for national ends, by demanding guarantees that any department such as contemplated under the proposal to set up a Ministry of Information shall be divorced completely from party headquarters.

Problem of Procedure

The "Mamlock" case raised for the trade a precarious point of procedure, bringing once again into the limelight the whole question of censorship authority. "Mamlock," refused a certificate by the trade's own British Board of Film Censors, was the subject of an appeal for a special local license. Reviewing this film before giving a decision, the London County Council demanded also the screening of "Confessions of a Nazi Spy," to which the British Board of Film Censors had granted a certificate for public showing, reserving their decision on "Mamlock" until they had come to conclusions about "Confessions." Ultimately an "A" license was granted "Mamlock," and no restrictive action taken regarding the Warner picture.

Although the incident hinged upon the legislative rights of the licensing body in regard to censorship, its significance for the trade lay perhaps no less deeply in the whole complex problem of propaganda and the screen. Without saying so in those exact words, the London County Council Entertainments Committee made it clear that they are watching jealously the present tendency of certain motion picture interests to infuse a propaganda element into entertainment.

Similar Action Elsewhere

Other counties working cooperatively with London on such matters, took similar action. Surrey and Essex approved "Mamlock" and "I Was a Captive of Nazi Germany" for adult audiences. Essex demanded that all sequences with Hitler be cut.

The attitude of the British Board of Film Censors is probably explicable on the thesis that whereas "Nazi Spy" is an authenticated record of actual happenings and circumstances, "Mamlock" is fictitious.

The trade problem for the exhibitor is not eased by the fact that the Warner film has enjoyed a record breaking run at the Warner Theatre and so widespread has been public support it has been necessary to give it a second and concurrent pre-release at the Regal, Marble Arch.

Propaganda Value Emphasized

Not dissimilar from the "Nazi Spy" case, the core of the "newsreels in hotels" wrangle, is, it would appear, not so much the question of trading as that of potential or actual propaganda. Sir Ernest Graham Little, independent member of Parliament for London University, who introduced into the Commons the new Cinematograph News Films (Prevention of Abuse) Bill, objects of which are to prevent trade monopolies and restriction on distribution, has made it clear that he is not necessarily interested primarily in commercial liberty.

In pleading the cause of his measure he emphasized the great propaganda value of the newsreel.

With the return of Commons from recess in October, the matter will be raised again. Colonel Harry Day already has decided to challenge the Government whether any advice or instruction of a political nature has been given the British Board of Film Censors by Whitehall departments.

16 mm. Film Report

The situation regarding the application of existing film laws to non-theatrical films remains virtually unchanged following the publication Monday of a report of the Home Office advisory committee, which had been appointed to investigate the situation.

Safety and censorship were exhaustively studied but no changes or new legislation were recommended. The committee considers the risk of fire and panic as negligible. It is expected that exhibitors will be dissatisfied with the report, in view of the refusal to tighten the regulations for competitive film exhibitions.

▽

Following appeals in Parliament to prevent the complete closing of studios in the event of war, Oliver Stanley, president of the Board of Trade, said that an approach is being made to an agreement on use and functions of the studios in wartime.

Mr. Stanley said the industry could not hope to be unaffected.

The question of the restriction of newsreels' distribution to exhibitors was raised in Commons twice last Tuesday. Interrogated by Lieut. Commander Fletcher, Labor member, Mr. Stanley replied there is no reason to question existing arrangements on production of newsreels and that the Government has no intention or power to intervene in their distribution. Mr. Fletcher suggested an inquiry on both points.

A bill of Sir Ernest Graham Littles to regulate newsreels and prevent distribution "monopoly" was formally read for the first time. Members' consensus is that the bill will be given a polite but emphatic "cold shoulder."

AUTHOR OF ILLINOIS BILL IN HOLLYWOOD

Elroy Sandquist, Illinois state representative and author of the bill limiting the running time of film shows to 2 hours and 15 minutes, which was passed by the Illinois legislature but vetoed by Governor Henry Horner, was en route to Hollywood with his family this week.

While there he plans to interview motion picture executives who are interested in halting double features, with the idea that legislation of some sort can be introduced next year to stop duals. Representative Sandquist also expects to have a report ready at the next session of the legislature showing that double features are harmful to the health.

Arkansas Turns Out for Its 'Leading Citizen'

by I. BENEDICT
in Van Buren

Van Buren, Arkansas, a town of 5,182, according to its Mayor, Tom English, mushroomed overnight into some 50,000 persons from surrounding Arkansas towns and nearby states, as Van Buren and Fort Smith observed Bob Burns day in celebration of the world premiere of "Our Leading Citizen," Paramount's film starring "the Arkansas philosopher."

All Roads to Van Buren

All day, all roads led to Van Buren, gay with bunting, colored lights and jammed with traffic and pedestrians converging for a special CBS broadcast on the Bob Burns theatre, one of the Malco Circuit, originally known as King's Opera House, where Burns started out 30 years ago as an entertainer between showing of the "Squaw Man."

The local Van Buren paper, the *Press-Argus,* used headlines of a size not used since the United States declared war 22 years ago. They dusted the type off and put it to work to herald an event to them equally important.

Simultaneous showings of the picture at six theatres in Fort Smith and Van Buren marked the opening of the premiere with a special coast-to-coast broadcast over the Columbia chain "showing Bob Burns' home town for what it is" and with an all-star cast headed by Burns, Susan Hayward, leading woman in the film; Joseph Allen, Jr., juvenile lead, and a group of Van Buren singers and musicians. Personal appearances outside the theatre by the stars brought cheers and applause from the crowd that at times almost threatened to get out of hand.

Governor Opens Broadcast

The broadcast was opened by Governor Carl E. Bailey of Arkansas, who paid tribute to Burns as a man who "has left our state to become our leading citizen." Burns reminisced about his home town and exchanged memories of his school days with Mrs. Frances W. Shaver, who taught Burns in the Van Buren schools and returned here from Pueblo, Col., especially for the broadcast. Among highlights contributed by entertainers from Van Buren were the singing by Miss Martha Ann Jaylor of Van Buren of "Call of the Ozarks" composed by Mrs. Kate Strauss Shibley and Mrs. Harry Wilcox Bryan, both of Van Buren; a description of Van Buren, by High Park, editor of Van Buren's *Press-Argus;* a reading of the proclamation of Bob Burns Day by Mayor English; and the singing of "God Save America" by Jimmy White, nine-year-old schoolboy soprano of Fort Smith.

Burns and the other stars made brief appearances in the five houses before some 2,500 film patrons and before thousands of other eager persons gathered outside.

It was a big day for Burns, but it was a bigger day for Van Buren and Forth Smith, Arkansas.

Miss Hayward and Allen attended the official dance at the "21" Club, mid-way between the twin cities, after the world premiere of "Our Leading Citizen." Burns didn't go. He couldn't. His right arm was in such bad shape he had to call in a doctor. The arm was just tired, not broken.

Spending Sunday at the home of a friend in Van Buren, Burns and the stars were entertained at the Hardscrabble Country Club in Fort Smith and at a series of informal parties in the homes of friends. They spent Sunday in Little Rock. Publicity for the premiere was in charge of Harlan Hobbs of Paramount.

"Our Leading Citizen" was screened last week for official Washington, the audience including senators, representatives and high government executives. The screening was arranged by Senator John E. Miller of Arkansas. The officials praised the picture highly, thanked Senator Miller for arranging the showing and asked him to express their thanks and appreciation to Bob Burns.

New Iowa Closings

Iowa theatre closings this summer have been few. There has also been a decided absence of exhibitor complaints of free shows put on by business men cutting into the business of the small theatres over the state. At the spring meeting of the Allied Theatre men of Iowa and Nebraska in Des Moines a committee was appointed to aid in putting across to small town business men the idea that a free show might be put on in connection with the theatre already located in the town but that the theatre men are strongly opposing free shows brought in as transient projects.

MGM Writing Contracts

New writing contracts are announced by Metro-Goldwyn-Mayer with John Higgins, Frederick Faust and William Thiele. Mr. Thiele will both write and direct.

Lou Smith Joins Small

Formerly associated with Frank Lloyd at Paramount Lou Smith has joined Edward Small, now a United Artists producer, as production aide.

Majors Cite Heavy Grosses and Holdovers for Many New Films

This midsummer season is witnessing some heavier-than-usual box-office intakes on new releases, in the light of Broadway theatres' figures.

Paramount's "Beau Geste" ran up a new summer high of $20,000 last weekend at the Broadway Paramount, New York, heading for a $55,000 gross for the week, the first film to exceed $50,000 during the summer at that house, according to the company. By playing to more than 50,000 persons in the first three days, the film went ahead of that theatre's best grosser of the year, "Man About Town". $11,000 was taken in on the opening day alone.

Twentieth Century-Fox reported that its "Stanley and Livingstone" broke all opening records at New York's Roxy, with the exception of "Alexander's Ragtime Band" and "Jesse James", two Fox top grossers. Some 14,000 entered last Thursday; 75,000 paid in the first four days.

With six weeks already behind it, MGM's "Goodbye, Mr. Chips" at B. & K.'s Apollo, Chicago, played to 101,700 admissions in the first five days of the sixth.

Warners report that "Each Dawn I Die" is running far ahead of its "Angels with Dirty Faces", a high grosser, in Cleveland, Lima, Hartford, Worcester, Atlantic City, Charleston, Brooklyn. A record is claimed for the opening at Philadelphia at Fox's theatre. The film will open simultaneously in 314 theatres over the weekend of August 19th.

RKO claims an 18-month opening-day record for its "In Name Only" at New York's Music Hall grossing $15,000 the first day.

Top business was reported by United Artists for its "Four Feathers" at New York's Capitol, where a second week holdover was obtained.

United Artists also reports heavy grosses for its "Man in the Iron Mask", which started off to a $170,000 gross and 400,000 attendance in two weeks at the Music Hall, New York. Top summer business and holdovers prevail at Warners' Stanley, Philadelphia; the Roger Sherman, New Haven; Apollo, Atlantic City; Ocean, Asbury Park, and United Artists theatre at San Francisco. Opening day records for a period of four months were claimed for the Hollywood and Downtown theatres, Los Angeles.

RKO Reopening Seven This Month and in September

Seven RKO theatres will reopen this month and in September. They are the Palace, Chicago, this Friday; the Albee, Providence, August 17th; the Orpheum, Kansas City, August 18th; the Alden, Jamaica, August 24th; the Strand, Syracuse, August 25th; the Trent, Trenton, September 1st; the Orpheum, Champaign, Ill., September 8th.

Autry Los Angeles Showings

Republic's Gene Autry pictures frequently are shown in Metropolitan Los Angeles theatres, it was noted this week following an item in the MOTION PICTURE HERALD of July 29th. Autry's "The Old Barn Dance" played the Orpheum, Los Angeles, April 20th to 26th, 1938; his "Man from Music Mountain" was at the Los Angeles theatre from November 23rd to 29th, 1938, and his "Western Jamboree" was shown in the same theatre from February 8th to 14th. Also, his "In Old Monterey" was shown recently at a preview at Santa Monica.

Republic added that the Roy Rogers westerns also received "good downtown representation in Los Angeles."

New Haven Outing

The New Haven film colony had their annual outing on Thursday, at the Rustic Inn, Lake Quanipaug. There were a buffet luncheon, games, prizes, dinner, and dancing. Homer C. Downey, of RKO, was chairman in charge. George Weber, of MGM, had planned the sports.

'Hays Office' Replies to Critic's Charge of Dictating to Studios

BECAUSE it answers so much of what is so often and so recklessly set down by many and various commentators of the lay press pertaining to the motion picture, a letter by Kenneth Clark of the New York staff of the Motion Picture Producers and Distributors of America, Inc., addressed to Palmer Hoyt, publisher of the Portland Oregonian, *is presented here:*

The article, "Movie Moguls Say 'Phooey' to the Dictators," by Shotwell Callvert, which appeared in the Portland *Oregonian* of July 9th, bears little resemblance to fact. Mr. Callvert's comments on so-called Hays office control just don't make sense, and much of the article seems to be malicious nonsense.

1 Callvert says: "Have you ever wondered why the stirring events of our own Revolutionary War are never dramatized by Hollywood? The reason is because such a picture might annoy some of our British cousins."

The fact is that the American motion picture industry has been making pictures of this type for years. "Land of Liberty," an historical cavalcade of America, now on exhibition in the Federal Theatres at the New York and San Francisco Fairs as the motion picture industry's exhibit (made under the auspices of the Hays organization and paid for by its members) contains numerous examples, including excerpts from: (a) D. W. Griffith's "America," showing the battles of Lexington and Concord, Washington at Valley Forge, and other scenes; (b) Cecil B. deMille's "The Buccaneer," portraying in great detail the Battle of New Orleans in the War of 1812; (c) "Old Ironsides," made by Paramount, portraying sea fights between the battleship Constitution and various British war vessels; (d) sequences from "Declaration of Independence" (Warner Brothers), in which Patrick Henry delivers his terrific indictment of the British king; (e) sequences from "Bill of Rights" (Warner Brothers), showing British oppression in Virginia and Massachusetts which precipitated the Revolution. Another film of the same type is "Song of a Nation" (Warner Brothers), which portrays in detail the battle which led to the writing of the "Star Spangled Banner" by Francis Scott Key.

It appears, therefore, that pictures of the Revolutionary War and the War of 1812 with Great Britain have been filmed, and excerpts from them are included in the film made and exhibited under the auspices of the Hays office.

Denies Story Was Barred

2 Callvert says: "Projected filming of the book, 'Forty Days of Musa Dagh,' was recently abandoned on order from the Hays office at the request of the government of Turkey."

The fact is that the Hays office has never forbidden the filming of "Forty Days of Musa Dagh."

3 Callvert says: "Events centering around the siege of the Alamo and the Mexican War have never been filmed by Hollywood because the picture might possibly peeve our good neighbors, the Mexicans."

The fact is that "Heroes of the Alamo," bearing the seal of the Production Code Administration, was released in 1936, and "Man of Conquest" was released in 1939 and is now playing in hundreds of theatres. This latter film portrays the battle of the Alamo and bears the seal of approval of the PCA. As a matter of fact, "Man of Conquest" played at the Broadway theatre in Portland, June 1st to 7th, 1939—just a month preceding the publication of Callvert's assertion that "events centering around the siege of the Alamo . . . have never been filmed by Hollywood." In fact, the *Oregonian* itself, in one of its advertisements for the Broadway theatre, carried the following with reference to "Man of Conquest"; "Thrill to the thundering scenes of San Jacinto and the Alamo!"

Excerpts from both these pictures, dealing with the siege of the Alamo, appear in the industry's own pictures, "Land of Liberty," playing at the New York and San Francisco Fairs.

4 Callvert says: "Until very recently the Hays office invariably quashed any picture which might offend Hitler, Mussolini, or the Japanese."

The fact is—to cite just one example—that "I Was a Prisoner in Nazi Germany" was released with the seal of the PCA in the summer of 1936. Approval of this picture is likewise a sufficient answer to Callvert's further assertion that "so long as Germany bought even a small quota of American movies, the Hays office obligingly censored any film 'offensive' to the Nazis; Hitler could thus censor our movies."

5 Callvert indicates that Mr. Breen (Joseph I. Breen, director of the Production Code Administration) and his staff pass upon the suitability of motion picture titles.

The fact is that Mr. Breen and his staff do not pass on titles. Producing companies which are members of this trade association organized a title registration bureau in the New York office of the Association. It is operated by the Association and has on registration more than 30,000 titles. The title registration committee is composed of representatives from the member companies.

6 Callvert says: "Breen will not allow producers to depict unmarried mothers on the screen."

The fact is that unmarried mothers have appeared in numerous films. A well known example of that which Callvert says is forbidden occurred in "Conquest," a story of Napoleon's illicit sex affair with the Polish Countess Marie Walewska, in which Greta Garbo and Charles Boyer played the leading roles. In this film the illegitimate child of this illicit union was shown in a number of scenes and his illegitimacy pointed up. This film was approved by the PCA because it contained adequate compensating moral values.

7 Callvert says: "Breen wouldn't re-release "Farewell to Arms . . ."

The fact is that "Farewell to Arms" was re-released in 1938 with the seal of approval of the PCA.

8 Callvert says: "The Code does not forbid suicides, but Breen forbids them."

The fact is that films in which there are suicides have been approved every year by the PCA.

9 Callvert says: "The Code does not forbid drinking, but Breen forbids it unless it advances the plot."

The fact is that the Code adopted by the producers themselves states, "The use of liquor in American life shall not be shown unless necessary to the plot or proper characterization."

10 Callvert says: "The ideal villain, according to the Hays office, should be: 'White, over 21, of no nationality, a member of no union, religious faith or fraternal body, and unemployed.'"

The fact is that Mr. Breen himself, in commenting on the activities of various groups which object to unsympathetic portrayals of any of their members, pointed out that if the industry heeded all these protests then the screen villain would be the kind of person mentioned. Callvert's use of this quotation creates a deliberately opposite impression from the point which Mr. Breen was making when he voiced it.

11 Callvert says: "The success of such foreign made films as "The Citadel," "Grand Illusion," "The Beachcomber," "Professor Mamlock" and "Pygmalion" has given Hollywood a bad jolt where it hurts most: in the pocketbook. These pictures were produced, of course, without advice of the Hays office. . . ."

The fact is that all five of these pictures bear the seal of approval of the PCA. "The Citadel" was made in England by a company which is a member of this Association. Both the "Beachcomber" and "Pygmalion" were distributed in the United States by companies which are members of this Association. The script of "Pygmalion" and "The Beachcomber" were submitted to the PCA during production, and the PCA worked actively with the producers and distributors thereof in connection with Code matters.

—

A considerable portion of this literature of pestiferation about the motion picture is a consequence of the screen's allure to persons who just have to have something to write about.—T.R.

Columbia

BLONDIE MEETS THE BOSS: Penny Singleton, Arthur Lake, Larry Simms—This one held up very well during this season of poor attendance when it takes something extra to bring them in. The characters in this series are exceptionally well cast. And it draws young and old. Running time, 70 minutes. Played July 21-22.—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

I AM THE LAW: Edward G. Robinson, Wendy Barrie, Barbara O'Neil, John Beal—A strong picture with Edward G. Robinson carrying the lead. Played July 29.—C. W. Mills, Arcade Theatre, Sodus, N. Y. General patronage.

ONLY ANGELS HAVE WINGS: Cary Grant, Jean Arthur, Richard Barthelmess, Thomas Mitchell—A very fine picture to the best business we have had for a mid-week attraction in months. The management gave its personal guarantee and this helped the attendance. Played July 19-20.—C. W. Mills, Arcade Theatre, Sodus, N. Y. Family patronage.

ROMANCE OF THE REDWOODS: Charles Bickford, Jean Parker—No excuse to make a picture so poorly. Poor sound, poor photography and poor exhibitor.—C. L. Niles, Niles Theatre, Anamosa, Iowa. General patronage.

First National

DARK VICTORY: Bette Davis, George Brent, Humphrey Bogart, Geraldine Fitzgerald—Some liked it and some didn't. Anyway it's a very sad story. And the box office report was also a sad story. Played July 21.—B. Hollenbeck, Rose Theatre, Sumas, Wash. Small town patronage.

DARK VICTORY: Bette Davis, George Brent, Humphrey Bogart, Geraldine Fitzgerald—Wonderful picture and played magnificently by the entire cast. Miss Fitzgerald has lots of promise. Don't believe there's an actress that can compare with Miss Davis. Running time, 106 minutes. Played July 23-24.—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

KID FROM KOKOMO, THE: Wayne Morris, Pat O'Brien, Joan Blondell, May Robson—A good B picture that pleased fine. Running time, 91 minutes. —W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

KID FROM KOKOMO, THE: Pat O'Brien, Wayne Morris, Joan Blondell, May Robson—The story is paper thin. Very flimsy material is the fault and that is not the only one. May Robson portrayed as a gin soaked mother is extremely bad judgment. That does not sit well with a rural town audience. True we see drunkenness here as in any other town. But a drunken man is one thing and a drunken woman another. May Robson is a trouper and if I were that lady I would refuse such an ungracious role. It might have been a necessary adjunct to the picture but it was deplorable that so much footage was devoted to that angle. But these things they do not like to see on the screen in such generous doses.—A. E. Hancock, Columbia Theatre, Columbia City, Ind. General patronage.

KID FROM KOKOMO, THE: Wayne Morris, Pat O'Brien, Joan Blondell, May Robson—Swell is the word for it! May Robson walks away with the picture and really does a fine job of it. My crowd very enthusiastic about this show. Will please anywhere. Running time, 92 minutes. Played July 26-27.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

NANCY DREW, REPORTER: Bonita Granville, Frankie Thomas, John Litel—They like this series here and they always draw on the week-end. This was no exception. Kids thought it swell and the oldsters enjoyed it too. Keep up the good work, Warners, you've got something in this series! Running time, 67 minutes. Played July 21-22.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

Metro-Goldwyn-Mayer

BRIDAL SUITE: Robert Young, Annabella, Walter Connolly—Poor picture; poor business. I was warned about this picture and never should have played it. Very light farce with Annabella gumming up the works as usual. Running time, 70 minutes. Played July 16.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

CALLING DR. KILDARE: Lionel Barrymore, Lew Ayres—Very good picture. Did good business due to buildup by "Young Dr. Kildare." Our business could profit by more pictures such as this series and Hardy series. Running time, 86 minutes.—B. F. Jackson, Delta Theatre, Ruleville, Miss. Rural and small town patronage.

FLIRTING WITH FATE: Joe E. Brown, Leo Carrillo—Just fair. Business average. Joe E. Brown seems to be slipping badly at our box office. —Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

GOODBYE, MR. CHIPS: Robert Donat, Greer Garson—Another great picture of the year. Business fair. Played this feature on Bargain Night. It would stand up anywhere on Sunday and Monday date. Robert Donat is really going places. Our people seem to like "Goodbye, Mr. Chips" as well as "The Citadel," if not better. This is a picture the whole family will enjoy. If you have not played this picture, get busy and advertise it. Tie up with your schools. Running time, 114 minutes. Played July 25-26.—Paul T. Mitchell, Mitchell Theatre, Barbourville, Ky. Small town patronage.

HARDY'S RIDE HIGH, THE: Mickey Rooney, Lewis Stone, Cecilia Parker, Fay Holden, Ann Rutherford—It's got everything that a good picture should have. Goes to show that pictures will please and do business without being too expensive and spectacular. Here's hoping MGM keeps up the good work on this series. Running time, 81 minutes. —B. F. Jackson, Delta Theatre, Ruleville, Miss Rural and small town patronage.

KID FROM TEXAS, THE: Dennis O'Keefe, Florence Rice—Good comedy; good business. Played on Friday and Saturday and pleased all. O'Keefe is getting better. Played July 28.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

LET FREEDOM RING: Nelson Eddy, Virginia Bruce, Lionel Barrymore, Edward Arnold. Guy Kibbee, Victor McLaglen—A fair picture that flopped at the box office. Played July 12.—B. Hollenbeck, Rose Theatre, Sumas, Wash. Small town patronage.

LET FREEDOM RING: Nelson Eddy, Virginia Bruce, Lionel Barrymore, Edward Arnold, Guy Kibbee, Victor McLaglen—Good picture which failed to do business. Will please all who see it, however. It seems that Virginia Bruce cannot click at the box office and the public seemed to think it was just a musical Eddy picture.—B. F. Jackson, Delta Theatre, Ruleville, Miss. Rural and small town patronage.

LUCKY NIGHT: Robert Taylor, Myrna Loy—Good picture but lacks some little something to make it click as it should. Play it, though, for it will do fair business. Running time, 81 minutes. Played July 27-28.—B. F. Jackson, Delta Theatre, Ruleville, Miss. Rural and small town patronage.

MAISIE: Robert Young, Ann Sothern, Cliff Edwards, Harland Briggs—One of the best features for some time. Excellent story that includes everything from a Rodeo, ranch life, romance, murder and comedy. Robert Young's best performance while Ann Sothern as "Maisie" really goes to town. Glad to see Cliff Edwards back on the screen. Harland Briggs as the sheriff deserves special mention. Pleased one hundred per cent. Running time, 74 minutes. Played July 14-16.—Gladys E. McArdle, Owl Theatre, Lebanon, Kansas. Small town patronage.

MAISIE: Ann Sothern, Robert Young, Cliff Edwards—Many good comments on this picture. The picture is well made, well acted, had good action. Excellent performances by Ann Sothern, Robert Young and Cliff Edwards. Be sure and play this. Business should be above average in any spot. Running time, 74 minutes.—G. D. Carpenter, Colonial Theatre, Valdese, N. C. Small town patronage.

MAISIE: Ann Sothern, Robert Young—Here is a picture that pays big dividends on exploitation. It is audience satisfying and full of surprise twists. Keeps your interest and has plenty of laughs. Running time, 73 minutes. Played July 22-25.—W. C. Lewellen, Uptown Theatre, Pueblo, Col. General patronage.

MAISIE: Robert Young, Ann Sothern—Entertaining picture above the average. Running time, 72 minutes.—W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

PYGMALION: Leslie Howard, Wendy Hiller—Excellent. They don't make better entertainment than this and did a nice business, too. Played July 19.—B. Hollenbeck, Rose Theatre, Sumas, Wash. Small town patronage.

SERGEANT MADDEN: Wallace Beery, Tom Brown, Alan Curtis, Laraine Day—Here is a swell picture. Why Beery fans did not flock to it is more than we can understand. And that little Day girl certainly has what it takes. We're going for her strong. Drew some extra business but not like it should have. Running time, 80 minutes. Played July 14-15—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

6,000 ENEMIES: Walter Pidgeon, Rita Johnson—Well, here is one that has everything a prison drama should have but too much of this stuff is just too much. Our audiences are sick and tired of prison dramas and fighting pictures. We need more comedies to help the box office. Just fair. Running time, 60 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

STRONGER THAN DESIRE: Walter Pidgeon, Virginia Bruce—A madeover picture that is about as satisfactory as a madeover dress or a 1930 car. The original story, featuring Myrna Loy and William Powell, was tops and why they want to reissue it with a poor cast is the ninth wonder of the world. Walter Pidgeon and Virginia Bruce do not and in my opinion never will rate top billing. Neither of them have any box office draw here and it takes stars to get them in these days of drought and depression. It seems to me we have had Virginia Bruce in about every role but "Snow White" lately. This might go if they did not see the original but it took a nosedive here. Running time, 78 minutes. Played July 21-23.—Gladys E. McArdle, Owl Theatre, Lebanon, Kansas. Small town patronage.

TARZAN FINDS A SON: Johnny Weissmuller, Maureen O'Sullivan—Played this picture on a late show Saturday and Monday and Tuesday to the best business since "Jesse James." This is the best box-office attraction Metro-Goldwyn-Mayer has given us in four years. Get behind this attraction and you will find that the summer heat isn't so bad after all. Running time, 82 minutes.—G. D. Carpenter, Colonial Theatre, Valdese, N. C. Small town patronage.

TARZAN FINDS A SON: Johnny Weissmuller, Maureen O'Sullivan, John Sheffield—Tarzan howls again and so did the cash register to nice business. The picture is a natural for any spot. The picture is cut over the same pattern this time with a son. He and the clever monks added a lot to the picture. But what burns me up is that some of the customers sneer and ask if it is another synthetic jungle picture. That, my friends, is the cardinal fault of the producers for laying open the studios to every crack-brained commentator and columnist. Why do they do their level best to destroy the illusion that goes with the motion pictures is beyond me. But this I know. It is the only business that would lay their laboratory open. Try to get into Eastman's, General Motors' and see the reception you would get. No dice; that's their business and not the public's.—A. E. Hancock, Columbia Theatre, Columbia City, Ind. General patronage.

TARZAN FINDS A SON: Johnny Weissmuller, Maureen O'Sullivan—The best audience picture we have run in some time and it deserves your best

playing time. A picture that should make the turnstiles click. Metro has produced a new tone to their sepia prints which has a blue color that cannot be passed by without commenting. This new color is excellent on the eyes and brings out the photography much better than before. Running time, 85 minutes. —A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

Paramount

BUCCANEER, THE: Fredric March, Franciska Gaal, Margot Grahame, Akim Tamiroff, Walter Brennan—Very good for our situation. Did real good business, although late in playing it. Wasn't disappointed.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

MIDNIGHT: Claudette Colbert, Don Ameche, Francis Lederer, John Barrymore, Mary Astor—Very good. Pleased all who saw it. One of the best pictures by Paramount this year. We need lots of pictures with good clean fun and entertainment presented in a snappy and fast moving pace. Running time, 94 minutes.—B. F. Jackson, Delta Theatre, Ruleville, Miss. Rural and small town patronage.

MILLION DOLLAR LEGS: Betty Grable, Jackie Coogan, John Hartley, Donald O'Connor—Fair picture; fair business. Title is better than picture besides being misleading. Played July 23.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

PLAINSMAN, THE (reissue): Gary Cooper, Jean Arthur—Some extra money in bringing it back. Running time, 90 minutes. Played July 26-28.—W. C. Lewellen, Uptown Theatre, Pueblo, Colo. General patronage.

ST. LOUIS BLUES: Dorothy Lamour, Lloyd Nolan —Played this one May 21-23 to a good audience. This is a fine picture. In fact it is a down to earth picture for the small situation. Our business was off because the picture had played all around us and people were afraid it was just another musical.—Frank J. Biberstein, Attica Theatre, Attica, Kansas. General patronage.

SOME LIKE IT HOT: Bob Hope, Shirley Ross, Una Merkel, Gene Krupa and His Orchestra—Light comedy with some really hot drumming by Gene Krupa. Got by O. K. on Sunday and drew above average business.—P. H. Billiet, Coliseum Theatre, Annawan, Ill. Small town patronage.

SUNSET TRAIL: William Boyd, Russell Hayden, George Hayes—Another swell Hoppy to good business. This series is fine and hard to beat. Unusual story helps this one. It's different. Running time, 68 minutes.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

TOM SAWYER, DETECTIVE: Donald O'Connor, Billy Cook—One of the best family pictures you could ask for. Played to poorest Friday night in year but it is not the picture's fault. Excellent week-end entertainment. Running time, 66 minutes. Played July 28-29.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

UNDERCOVER DOCTOR: Lloyd Nolan, Heather Angel, J. Carrol Naish—The G-Men will be pleased at the way Paramount is killing off the gangsters. After they get them, they can dispense with this Department. Paramount's quota this year has been topheavy with this type. And they aren't through yet, but we will be by that time. Every gangster picture played antagonizes the audience. They are surfeited with them and you know what that does to business. It just isn't there. They look the title over and settle down by the radio. May the gangster pictures be few and far between next season. And if the producers are smart they will see that they are.—A. E. Hancock, Columbia Theatre, Columbia City, Ind. General patronage.

UNDERCOVER DOCTOR: Lloyd Nolan, Heather Angel, J. Carroll Naish—Here is a Paramount picture that is better than some of their specials. I ran this picture on giveaway night, but I believe it would have stood up without it. It is OK for a single day show. Played July 12.—Bud Davis, Ritz Theatre, Roanoke, Ala. Small town patronage.

UNION PACIFIC: Barbara Stanwyck, Joel McCrea, Robert Preston, Brian Donlevy, Akim Tamiroff, Lynne Overman—Paramount finally comes through with a good picture. We have waited most of the season and finally we have an outdoor epic that will appeal to any audience.—Theodore J. Friedman, Strand Theatre, Suffern, N. Y. General patronage.

UNION PACIFIC: Joel McCrea, Barbara Stanwyck, Robert Preston, Brian Donlevy, Akim Tamiroff, Lynne Overman—What a picture. A box office natural. A masterpiece. A picture for the whole family. Clean and entertaining. We played this five days to excellent business. This outgrossed "Snow White and the Seven Dwarfs." Who says Paramount can't make good pictures. More success to Paramount. Running time, 137 minutes.—P. G. Held, New Strand Theatre, Griswold, Iowa. General patronage.

UNION PACIFIC: Barbara Stanwyck, Joel McCrea, Robert Preston, Bian Donlevy, Akim Tamiroff, Lynne Overman—Played this one Sunday, July 8. A fine attraction. In fact I believe it is the best from the box office standpoint that Paramount has released for a year. This is the type of picture that people want to see. It would be better if it was shortened about 20 minutes.—Frank J. Biberstein, Attica Theatre, Attica, Kansas.

UNION PACIFIC: Barbara Stanwyck, Joel McCrea, Robert Preston, Brian Donlevy, Akim Tamiroff, Lynne Overman—Right up our alley. This is just what our audiences go for. Action plus everything that goes with it. Ran this alone. Kind-a hate to see the men grow beards while out for a few hours of entertainment. Running time, 138 minutes. Played July 30-31.—A. Goldson, Plaza Theatre, Chicago, Ill. General patronage.

UNMARRIED: Buck Jones, Helen Twelvetrees—Not a bad "B" picture but a terrible title! Running time, 65 minutes. Played July 26-28.—W. C. Lewellen, Uptown Theatre, Pueblo, Col. General patronage.

UNMARRIED: Helen Twelvetrees, Buck Jones—Much better than usual run of programmers. Buck in the role of prizefighter is okay but I am of the opinion he will be missed by his western followers. Running time, 65 minutes. Played July 16.—Bob Elliano, Palace Theatre, Torrington, Conn. General patronage.

TWO CONTRIBUTORS JOIN DEPARTMENT

Reports on What the Picture Did for Me are published from two new contributors to the department and from two prodigal members whose reports have been missing for some months. The new contributors are:

DON BLOXHAM, Palace Theatre, Exira, Iowa.

G. D. CARPENTER, Colonial Theatre, Valdese, N. C.

The prodigal contributors are:

FRANK J. BIBERSTEIN, Attica Theatre, Attica, Kan.

P. H. BILLIET, Coliseum Theatre, Annawan, Ill.

Read reports from these and other exhibitors in the adjoining columns.

Republic

BLUE MONTANA SKIES: Gene Autry, Smiley Burnette, June Storey—Wow! How these Autrys get no better. Why, oh, why doesn't some one teach Autry to act. Give him a production.—C. L. Niles, Niles Theatre, Anamosa, Iowa. General patronage.

COLORADO SUNSET: Gene Autry, Smiley Burnette, June Storey, Buster Crabbe—Very fine western. Autrys are always good. All Republic westerns are tops. This Autry is little longer than others. Running time, 65 minutes.—Sammie Jackson, Jackson Theatre, Flomaton, Ala. General patronage.

HIGGINS FAMILY, THE: James, Lucille and Russell Gleason, Lynn Roberts—These productions too short for single billing. Fair comedy. Not much entertainment value. Pass it up unless running double bill. Running time, 58 minutes. Played July 13.—A. L. Dove, Bengough Theatre, Bengough, Saskatchewan, Canada. Rural and small town patronage.

MYSTERIOUS MISS X: Michael Whelan, Mary Hart, Chick Chandler—Good little comedy mystery which played on Bargain Night to very poor house. Kept the audience busy laughing with it. Running time, 64 minutes. Played July 25.—Don Bloxham, Palace Theatre, Extra, Iowa. General and rural patronage.

SHINE ON HARVEST MOON: Roy Rogers, Mary Hart, Lulu Belle and Scotty—A very good western that drew exceptionally big business because of the popularity of the radio stars. Play it and boost it to the limit as it really deserves it.—P. H. Billiet, Coliseum Theatre, Annawan, Ill. Smalltown patronage.

PRIDE OF THE NAVY: James Dunn, Rochelle Hudson—Entertaining programmer but has no drawing power. O.K. for Bargain Nights. Running time, 64 minutes. Played July 11.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

RKO Radio

BEAUTY FOR THE ASKING: Lucille Ball, Donald Woods, Patric Knowles—Just like the rest of the RKO stuff this year. Awful weak.—P. H. Billiet, Coliseum Theatre, Annawan, Ill. Small town patronage.

CAREFREE: Ginger Rogers, Fred Astaire—Played this late. Enjoyed by my patrons who came out to see it. Weather against the box office. However, can recommend this one. Running time, 80 minutes. Played July 20.—A. L. Dove, Bengough Theatre, Bengough, Saskatchewan, Canada. Rural and small town patronage.

FIVE WHO CAME BACK: Chester Morris, Wendy Barrie, Lucille Ball—Just a get by B picture. That's all. Running time, 75 minutes.—W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

FLYING IRISHMAN, THE: Douglas Corrigan, Paul Kelly, Robert Armstrong—Fair little picture but lowest Sunday-Monday business of 1939.—Sammie Jackson, Jackson Theatre, Flomaton, Ala. General patronage.

LOVE AFFAIR: Irene Dunne, Charles Boyer—An outstanding picture. Will please all who see it. Said to be as good as "Magnificent Obsession" by some patrons and that's saying lots. Give it all you've got and you will not be sorry. Running time, 89 minutes.—B. F. Jackson, Delta Theatre, Ruleville, Miss. Rural and small town patronage.

MR. DOODLE KICKS OFF: Joe Penner, June Travis—All darn foolishness but our audience loved it. Great Saturday night picture.—C. L. Niles, Niles Theatre, Anamosa, Iowa. General patronage.

PACIFIC LINER: Victor McLaglen, Chester Morris, Wendy Barrie—We ran into a heat wave and played to losing business both nights. Played July 5-6.—C. W. Mills, Arcade Theatre, Sodus, N. Y. Family patronage.

ROOKIE COP: Tim Holt, Virginia Weidler, Frankie Thomas—This pleased most of them. O.K. for second feature on a twin bill. Running time, 61 minutes. Played July 18-19.—A. Goldson, Plaza Theatre, Chicago, Ill. General patronage.

Twentieth Century-Fox

BOY FRIEND: Jane Withers, Richard Bond, Arleen Whelan—Pretty good Withers. Not up to standard, though.—C. L. Niles, Niles Theatre, Anamosa, Iowa. General patronage.

EVERYBODY'S BABY: Jed Prouty, Shirley Deane, Spring Byington—Another satisfying appearance with the Jones Family. Fair business. Played July 15.—C. W. Mills, Arcade Theatre, Sodus, N. Y. Family patronage.

GORILLA, THE: Ritz Brothers, Patsy Kelly, Anita Louise, Bela Lugosi—The Ritzes are very unfunny in this one and the picture is crude, as I remember the other issues of "The Gorilla." From the business done I think that the public is fed up with the Ritzes. Certainly this one will not add to their laurels.—A. E. Hancock, Columbia Theatre, Columbia City, Ind. General patronage.

JESSE JAMES: Tyrone Power, Henry Fonda, Nancy Kelly, Randolph Scott—Very good picture that played to excellent business. Played July 14. —B. Hollenbeck, Rose Theatre, Sumas, Wash. Small town patronage.

JESSE JAMES: Tyrone Power, Henry Fonda, Nancy Kelly—This is an exceptional picture and broke all our house records for the past five years and all this after the picture had played all around us. Hats off to Zanuck for this wonderful portrayal of this noted character.—Frank J. Biberstein, Attica Theatre, Attica, Kansas. General patronage.

JESSE JAMES: Tyrone Power, Henry Fonda, Nancy Kelly—We played this late but our business was good in spite of hot weather. Impressed our audience as a really class A picture. Played July 26-27.—C. W. Mills, Arcade Theatre, Sodus, N. Y. Family patronage.

JESSE JAMES: Tyrone Power, Nancy Kelly, Henry Fonda—If you ever get into a spot for a good picture, just set "Jesse James" in and relax. It will do as good as any new first run mediocre picture.—B. F. Jackson, Delta Theatre, Ruleville, Miss. Rural and small town patronage.

JONES FAMILY IN HOLLYWOOD: Jed Prouty, Spring Byington—Fair picture; fair business. No kicks. Played July 25.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

LITTLE PRINCESS, THE: Shirley Temple, Richard Greene, Anita Louise, Ian Hunter, Cesar Romero, Arthur Treacher—Played this on Friday and Saturday to good crowds. While Shirley is losing ground at the box office, yet pictures of this type are bringing her back.—Frank J. Biberstein, Attica Theatre, Attica, Kansas. General patronage.

LITTLE PRINCESS, THE: Shirley Temple, Richard Greene, Anita Louise, Cesar Romero, Ian Hunter, Arthur Treacher—Shirley is done as far as my town is concerned. Business very light on this one but was enjoyed immensely by the few who ventured out to see it. Supporting cast very good. Running time, 92 minutes. Played July 16-17.—Don Bloxham, Palace Theare, Exira, Iowa. General and rual patronage.

PARDON OUR NERVE: Michael Whalen, Lynn Bari, June Gale—Just as we expected, this one died at the box office. Really we believe this had the

(*Continued on following page*)

(Continued from preceding page)
correct title and there are dozens more just like it, all of which should bear the same title. Running time, 68 minutes. Played July 12-13.—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

PARDON OUR NERVE: Michael Whalen, Lynn Bari—Good comedy for Bargain Night. Lots of laughs and should please all. Running time, 68 minutes. Played July 14-15.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

ROAD DEMON: Henry Armetta, Henry Arthur, Joan Valerie—Very good Sport Adventure picture of auto racing. Loads of thrills and comedy. Fine family entertainment. Running time, 67 minutes. Played July 21-22.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

ROSE OF WASHINGTON SQUARE: Alice Faye, Tyrone Power, Al Jolson—Good songs, good stars, good story, good photography, good business. What more could one ask for.—P. H. Billiet, Coliseum Theatre, Annawan, Ill. Small town patronage.

SECOND FIDDLE: Sonja Henie, Tyrone Power, Rudy Vallee, Edna May Oliver—Nice production. Extended runs. Pleases generally. Running time, 87 minutes.—W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

STORY OF ALEXANDER GRAHAM BELL, THE: Don Ameche, Loretta Young, Henry Fonda, Young Sisters—Here is a picture that every exhibitor should play. It has the stars and do they play their parts. Full of entertainment. It is the type of picture that people will leave your theatre remarking to you what a fine attraction they have seen.—Frank J. Biberstein, Attica Theatre, Attica, Kansas. General patronage.

STORY OF ALEXANDER GRAHAM BELL, THE: Don Ameche, Loretta Young, Henry Fonda, Young Sisters—Fine picture to poor business. If you can get them in they will have nothing but praise for it but it is a hard picture to sell to the public. Henry Fonda swell. Running time. 98 minutes. Played July 23-24.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

SUSAN OF THE MOUNTIES: Shirley Temple, Randolph Scott—Good picture; fair business. Played July 26-27.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

SUSANNAH OF THE MOUNTIES: Shirley Temple, Randolph Scott—This picture is not up to the usual Shirley Temple picture. The picture did about average business in this spot. Running time, 78 minutes.—G. D. Carpenter, Colonial Theatre, Valdese, N. C. Small town patronage.

TAIL SPIN: Alice Faye, Constance Bennett, Nancy Kelly, Joan Davis, Charles Farrell.—This is one of the best air pictures that we have ever played. Played to good houses on Sunday, Monday and Tuesday. Audience left feeling they had received their money's worth of thrills.—Frank J. Biberstein, Attica Theatre, Attica, Kansas. General patronage.

TAIL SPIN: Alice Faye, Constance Bennett, Nancy Kelly, Joan Davis, Charles Farrell—Gave satisfaction to medium size audiences. Played July 12-13.—C. W. Mills, Arcade Theatre, Sodus, N. Y. Family patronage.

WIFE, HUSBAND AND FRIEND: Warner Baxter, Loretta Young, Binnie Barnes, Cesar Romero—This is a box office natural. Loretta Young is marvelous. Warner Baxter also plays a fine part. Played in the midst of the wheat harvest to good business. Fox is certainly turning out fine pictures.—Frank J. Biberstein, Attica Theatre, Attica, Kansas. General patronage.

WINNER TAKE ALL: Tony Martin, Gloria Stuart, Slim Summerville, Henry Armetta—Fair prize fight film suitable for week-end or Bargain Night. Henry Armetta fine again as Papa Gambini. Business poor. Running time, 61 minutes. Played July 28-29.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

YOUNG MR. LINCOLN: Henry Fonda, Marjorie Weaver, Alice Brady, Arleen Whelan—One of the finest pictures of the year. I can't see why it did not draw here. Have heard several say it was the best picture of the year. When picking out the Academy Award, I can't see how they can leave Henry Fonda out, for his acting in this great feature, if he does not win the Academy Award he should rate very high for his acting in this great feature. Running time, 101 minutes. Played July 23-24.—Paul T. Michell, Mitchell Theatre, Barbourville, Ky. Small town patronage.

United Artists

CAPTAIN FURY: Brian Aherne, Victor McLaglen, Paul Lukas, June Lang—Good B product that gets by nicely. Running time, 91 minutes.—W. E. McPhee, Strand Theatre, Old Town, Maine. General patronage.

GAIETY GIRLS, THE: Jack Hulbert, Patricia Ellis—Another British blunder. Jack Hulbert as a lover quite pathetic. The box office was so anaemic that we would have to get daily shots of iron for a long time to be normal.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

KING OF THE TURF: Adolphe Menjou, Dolores Costello, Roger Daniel—This will please those that come into your theatre. Don't expect too many. So many quickies have been made with the stock shots of horse races that the public judge them all as second rate movies. Running time. 87 minutes. Played July 28-29.—A. Goldson, Plaza Theatre, Chicago, Ill. General patronage.

KING OF THE TURF: Adolphe Menjou, Dolores Costello. Roger Daniel—Excellent picture played on Bank Night to a big audience and how they love to weep.—C. L. Niles, Niles Theatre, Anamosa, Iowa. General patronage.

Universal

EAST SIDE OF HEAVEN: Bing Crosby, Joan Blondell, Mischa Auer, Baby Sandy—One of the best Crosby pictures I have run. Bing at his best in this one. Running time, 88 minutes. Played July 14-16.—O. W. Chapek, Annex Theatre, Anamoose, N. D. Rural and small town patronage.

EAST SIDE OF HEAVEN: Bing Crosby, Joan Blondell, Mischa Auer, Baby Sandy—Fine picture and good business.—C. L. Niles, Niles Theatre, Anamosa, Iowa. General patronage.

EX CHAMP: Victor McLaglen, Tom Brown, Nan Grey, Constance Moore—A good picture. Business average to low on account of heat. Running time, 70 minutes. Played July 20-21.—W. C. Lewellen, Uptown Theatre, Pueblo, Col. General patronage.

LITTLE TOUGH GUYS IN SOCIETY: Mischa Auer, Mary Boland, Edward Everett Horton, Helen Parrish, "Little Tough Guys"—Fair picture that pleased those who came to see it. Business way off due to heat. Running time, 73 minutes. Played July 21-23.—O. W. Chapek, Annex Theatre, Anamoose, N. D. Rural and small town patronage.

PIRATES OF THE SKIES: Kent Taylor, Rochelle Hudson—Do not be afraid of this little aviation drama as it is very good audience picture. Plenty of action and good photography. A good little picture. Running time, 60 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

PRAIRIE JUSTICE: Bob Baker, Dorothy Southworth—Fair to less than normal business. Played July 22.—C. W. Mills, Arcade Theatre, Sodus, N. Y. Family patronage.

YOU CAN'T CHEAT AN HONEST MAN: Edgar Bergen, "Charlie McCarthy," W. C. Fields—We played this only one night. Opinions were divided. Most of our patrons believe "Letter of Introduction" a much stronger show. Played July 8.—C. W. Mills, Arcade Theatre, Sodus, N. Y. Family patronage.

Warner Brothers

DAWN PATROL: Errol Flynn, Basil Rathbone, David Niven, Donald Crisp—Good picture of its kind but lost money.—Sammie Jackson, Jackson Theatre, Flomaton, Ala. General patronage.

DODGE CITY: Errol Flynn, Olivia de Havilland, Ann Sheridan, Bruce Cabot, Alan Hale, Frank McHugh, Victor Jory—Outstanding picture. Beautiful color, good business and pleased everyone. Give it lots of ballyhoo and it will do good business anywhere. Running time, 104 minutes.—B. F. Jackson, Delta Theatre, Ruleville, Miss. Rural and small town patronage.

DODGE CITY: Errol Flynn, Olivia de Havilland, Ann Sheridan, Bruce Cabot, Alan Hale, Frank McHugh, Victory Jory—Drew best attendance in months and pleased immensely. Had everything lovers of outdoor historical epics could ask for. But why are they crowding the magazines with dozens of pictures of the 'Oomph' girl and then casting her in such mediocre roles? They'll kill her and she was such a promising player in her supporting roles in programmers. Running time, 104 minutes. Played July 16-17.—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

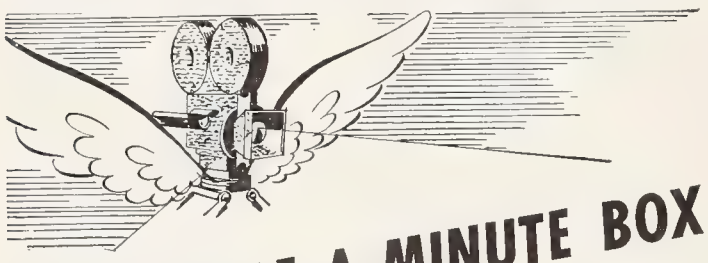
JUAREZ: Paul Muni, Bette Davis, Brian Aherne, Claude Rains, John Garfield—No question this is a production Warners went all the way out, so far out if it does not get a better reception than it received here they will be a long time getting their money out of it. Brian Aherne did not get top billing but the concensus of our audience is that he ran away with the picture.—A. E. Hancock, Columbia Theatre, Columbia City, Ind., General patronage.

ON TRIAL: Margaret Lindsay, John Litel, Janet Chapman—This proved to be a very interesting program picture which pleased the few who came to see it. When you do get a good programmer, made for the duals, it suffers in patronage because of the large number of the weak ones. We cannot understand why Warners are doing so poorly by Margaret Lindsay though. Running time, 62 minutes. Played July 19-20. —Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

THEY MADE ME A CRIMINAL: John Garfield, Ann Sheridan, Claude Rains, "Dead End Kids"—Very fine picture. Little better than "Life of Jimmy Dolan." Answer: "Dead End Kids."—Sammie Jackson, Jackson Theatre, Flomaton, Ala. General patronage.

Short Features

Columbia



A-DUCKING THEY GO: Three Stooges—Swell. Just a knockout. Do not fail to run it as it is a real comedy. Running time, 18 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

NOW IT CAN BE SOLD: Andy Clyde—Columbia makes the best comedies on the market and they certainly did a good job on this one. Very good. Running time, 17 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

SAP TAKES A WRAP, THE: Charley Chase—Lots of laughs. That's what comedies are for and Columbia knows it.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

SCREEN SNAPSHOTS: No. 9—Always well received.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

THRILLING MOMENTS: Special Sport Thrills—Columbia kind of fell down on this one.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

YES, WE HAVE NO BONANZA: Three Stooges—When better comedies are made, Columbia and the Stooges will make them. Audience in an uproar at this one and all other shorts in this series. Play them on the week-ends and watch your audience really get a good laugh. Running time, 16 minutes.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

Metro-Goldwyn-Mayer

DARK MAGIC: Robert Benchley—Very good reel. Running time, one reel.—Gladys E. McArdle, Owl Theatre, Lebanon, Kansas. Small town patronage.

DARK MAGIC: Roberty Benchley—A very good single, one of Benchley's best. Running time, 11 minutes.—A. Goldson, Plaza Theatre, Chicago, Ill. General patronage.

GREEN HILLS, THE: MGM Miniatures—Excellent short. Running time, one reel.—Gladys E. McArdle, Owl Theatre, Lebanon, Kansas. Small town patronage.

HELP WANTED: Crime Doesn't Pay Series—Excellent "Crime Does Not Pay" short. Running time, two reels.—Gladys E. McArdle, Owl Theatre, Lebanon, Kansas. Small town patronage.

HELP WANTED: Crime Doesn't Pay Series—We consider everyone of these subjects as good as any short subjects we use. They do not draw extra money but when the patrons see them they are pleased. Running time, 20 minutes.—Horn and Morgan, Inc., Star Theatre, Hay Springs, Neb. Small town patronage.

JAVA JOURNEY: FitzPatrick Travel Talks—Only praise can be given this outstanding series of the entire industry. Running time, 10 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

SOMEWHAT SECRET: Musical Comedies—A little more pep than usual so it is not bad as it had some popular swing music that the audience likes. However, our people are getting rather tired of the jitterbugs. Running time, 20 minutes.—A. J. Inks, Crystal Theatre, Ligonier, Ind. Small town patronage.

WHILE AMERICA SLEEPS: Crime Doesn't Pay Series—Very good. Crime series featurette enjoyable for young and old. Running time, 21 minutes.—A. Goldson, Plaza Theatre, Chicago, Ill. General patronage.

Paramount

ALADDIN AND HIS WONDERFUL LAMP: (Special) Popeye the Sailor—A very good cartoon but not worth the money. Running time, 18 minutes.—P. H. Billiet, Coliseum Theatre, Annawan, Ill. Small town patronage.

ALWAYS KICKIN': Color Classics—Fair cartoon in color featuring Hunky and Spunky. Have seen better. Running time, seven minutes.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

FAREWELL VIENNA: National Philharmonic Orchestra—This ten minutes of symphonic by the National Philharmonic Orchestra bored my audience so I pulled it after the first show.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

GOOD SKATES: Grantland Rice Sportlights—Excellent ice skating short. Lots of comedy by the skating team who could really clown on ice. Fine for hot weather. Running time, 10 minutes.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

HOLD YOUR BREATH: Grantland Rice Sportlights—Very good short showing an underwater track meet. Audience got a big kick out of it. Running time, 10 minutes.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

MUSICAL MOUNTAINEERS: Betty Boop Cartoons—Swell Boop cartoon. Give it your best time. Running time, seven minutes.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

PARAMOUNT PICTORIAL: No. 8—Good one in this fine series. The sequence on sheep was very good. Running time, 10 minutes.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

PARAMOUNT PRESENTS HOAGY CARMICHAEL: Jack Teagarden and His Orchestra—One of the best band acts of the year. Running time, 10 minutes.—P. H. Billiet, Coliseum Theatre, Annawan, Ill. Small town patronage.

RACING PIGEONS: Grantland Rice Sportlights—Entertaining sport reel. Running time, 10 minutes.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

SCARED CROWS: Betty Boop Cartoons—Average Boop cartoon. Pleased the kiddies. Running time, seven minutes.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

THREE KINGS AND A QUEEN: Vincent Lopez and His Orchestra—Very good band act featuring Betty Hutton and several men vocalists which went over O.K. Running time, 10 minutes.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

TWO BOYS AND A DOG: Grantland Rice Sportlights—Very interesting and different sport reel. Fine for family night or kid matinee. Running time, 10 minutes.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

RKO Radio

BOAT BUILDERS: Walt Disney Cartoons—Good reel but altogether too short for any subject. Running time, six minutes.—A. L. Dove, Bengough Theatre, Bengough, Saskatchewan, Canada. Rural and small town patronage.

FOX HUNT, THE: Walt Disney Cartoons—Another good cartoon from Disney. I wish the horses I bet on were as consistent. Running time, eight minutes. A. Goldson, Plaza Theatre, Chicago, Ill. General patronage.

MAJOR DIFFICULTIES: Leon Errol Comedies—Just fair entertainment. Hard to get a laugh from this class of comedy. Running time, two reels.—A. L. Dove, Bengough Theatre, Bengough, Saskatchewan, Canada. Rural and small town patronage.

MICKEY'S TRAILER: Walt Disney Cartoons—Quite old but it is still a dandy. If you haven't used it pick it up for they'll like it fine. Running time, eight minutes.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

MOVING VANITIES: Leon Errol Comedies—Good Errol comedy with plenty of laughs and action. Running time, 17 minutes.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

NEWSREEL: Reelisms—Fine science reel depicting the making of newsreels. Every audience should see this one. Was enjoyed very much here. Running time, 10 minutes.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

RANCH HOUSE ROMEO: Ray Whitley Comedies—A knockout. Boy, my people eat up these Ray Whitley shorts. Very, very good hillbilly music. Running, 17 minutes.—P. H. Billiet, Coliseum Theatre, Annawan, Ill. Small town patronage.

READIN', RITIN' AND RHYTHM: Lucky Millinder and His Orchestra—Fair musical for the jitterbugs. Didn't mean much here. Running time, 10 minutes.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

STYLES AND SMILES: Nu-Atlas Productions—A good one reel musical. Excellent dancing and music. O.K.—C. L. Niles, Niles Theatre, Anamosa, Iowa. General patronage.

TELEVISION: Reelisms—A fine single reel novelty.—C. L. Niles, Niles Theatre, Anamosa, Iowa. General patronage.

WORLD OF TOMORROW: Reelisms—Great reel of N. Y. Fair. Why exhibitors run these advertising reels, pay for them, we cannot figure out.—C. L. Niles, Niles Theatre, Anamosa, Iowa. General patronage.

Twentieth Century-Fox

BARNYARD BASEBALL: Terry-Toons—A dandy cartoon.—C. L. Niles, Niles Theatre, Anamosa, Iowa. General patronage.

BARNYARD EGG-CITEMENT: Terry-Toons—One of the best of this series in color. Lots of fun and laughs. Well liked here. Running time, seven minutes.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

BULLY ROMANCE: Terry-Toons—Average Terry-Toon.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

HUNTING DOGS: Ed Thorgersen (Sports)—Fine sport short showing the training of bird dogs. Give it your best time. They'll like it. Running time, 11 minutes.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

INSIDE BASEBALL: Ed Thorgersen (Sports)—Will please only ardent baseball fans. Not too good. Running time, 10 minutes.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

NUTTY NETWORK, THE: Terry-Toons — Good Terry-Toon cartoon in color.—E. M. Freiburger, Paramount Theatre, Dewey, Okla. Small town patronage.

SHOOTING FOR PAR: Ed Thorgersen (Sports)—Good short on golf but not appreciated in my town as golfers are very few here. Will go good where golf is popular. Running time, 10 minutes.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

TIMBER TOPPERS: Ed Thorgersen (Sports)—Excellent sportlight on the training of fancy show horses. Running time, 10 minutes.—Don Bloxham, Palace Theatre, Exira, Iowa. General and rural patronage.

WHAT EVERY BOY SHOULD KNOW: Lew Lehr—This series is absolutely rotten. Downright silly and boresome to my patrons. Running time, 10 minutes.—P. H. Billiet, Coliseum Theatre, Annawan, Ill. Small town patronage.

WOLF'S SIDE OF THE STORY: Terry-Toons—Not so hot.—Harland Rankin, Plaza Theatre, Tilbury, Ontario, Canada. General patronage.

Paramount Signs Loder

Paramount has signed the British actor, John Loder, for a top role in the Isa Miranda-George Brent co-starring film "Diamonds Are Dangerous."

Bertram Block arrived in New York last week to assume his post in charge of the story department in the east for Samuel Goldwyn.

E. F. Lomba, special representative for Twentieth Century Fox, returned last week to New York, from a six month's Caribbean tour.

MANAGERS' ROUND TABLE

An international association of showmen meeting weekly in MOTION PICTURE HERALD *for mutual aid and progress*

A-MIKE VOGEL, Chairman and Editor GERTRUDE MERRIAM, Associate Editor

OUR MOTTO IS "SERVICE"

Your Round Table is accepted as the industry's clearing-house for ideas proven in the field. Promotions exclusively reported here have been tried before the public. Nothing that happens in these pages is imagined. The members do it. They tell us. We print it. That's service founded on what managers want. And according to the managers, that's just how they want it.

A postcard is on the desk. It's from an exhibitor in a small community. He wants what he loosely terms "more small-town exploitation."

Well, we never knew there was any difference in exploitation, small-town or big-city. The generally accepted thought is that an idea with boxoffice meat can be adapted to most any situation. But, still, "service" is our motto. So here's what:

If managers in the lesser spots want more small-town campaigns, let more small-town managers report more campaigns.

And we'll print 'em.

△ △ △

In reporting an oldie brushed up some for the benefit of "Wonderful World," illustrated in the Round Table photo section, Bill Johnson, of the Opera House, in Millinocket, Maine, explains his source material as follows:

"Here's one that should have been good. I stole it straight from Barnum."

That's not stealing, Bill. It's only paying homage to the grandaddy of all exploitation.

△ △ △

THEIR GREATEST ASSET

The only way to get the real lowdown on the other fellow is to bend an ear with his associates, the folks who work for him. Everything else goes for the end-book.

In Gloversville, last week, at the Schine Theatres convention, your Chairman rubbed and lifted elbows with attending managers. There was private talk, and much of it about the headmen.

J. Myer and Louis W. Schine, according to the theatremen, are "right guys."

Operators of the country's second largest independent circuit, leading citizens of their community, respected by the industry and the public they serve, the brothers may be allowed to take pride in their accomplishments. This observer is inclined to lay six-two-and-even that while it does not appear on the balance sheet, Myer and Louis hold as their greatest asset the appellation of "right guys"—about tops in bows bestowed upon the bossman by the hard-to-kid manager in the field.

△ △ △

A BOW FOR THE PRESS BOOK

There is less criticism being directed here on the weaknesses of the pressbook. Evidently, this much maligned promotional service is becoming more of an actual aid and not so much a headache to the man in the field. Comment from the boys on the firing line is lately in confirmation, and more campaigns than ever trace from the membership feature tieins and suggestions originated by home office admen.

Currently, a deep bow for the pressbook comes from Jackson, Tenn., where Manager M. A. Lightman, Jr., at the Paramount, perilously near broke the house record on "Man About Town" with a campaign, recorded on another page, lifted almost bodily, and proudly, from the Paramount manual on the subject.

Lightman, young in years and experience, finds pressbooks a source of immediate profit. Which might not be a bad suggestion for older heads pointed in other directions.

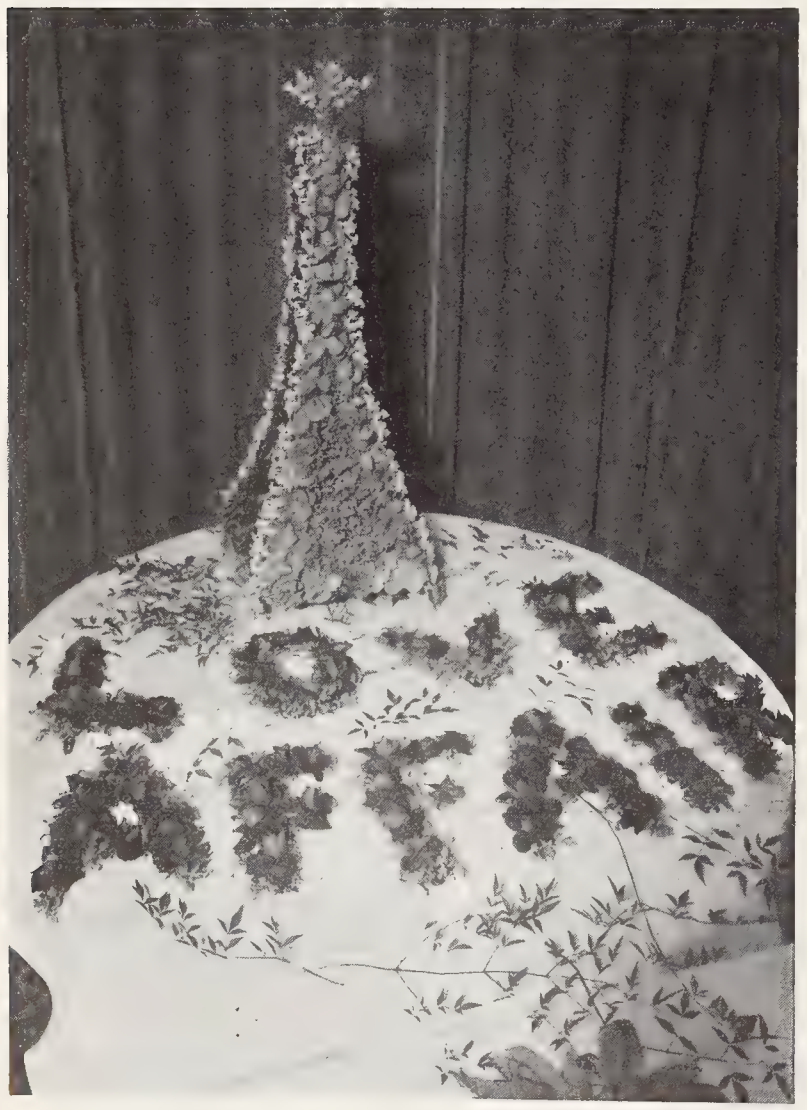
△ △ △

HE WAS INSPIRATIONAL

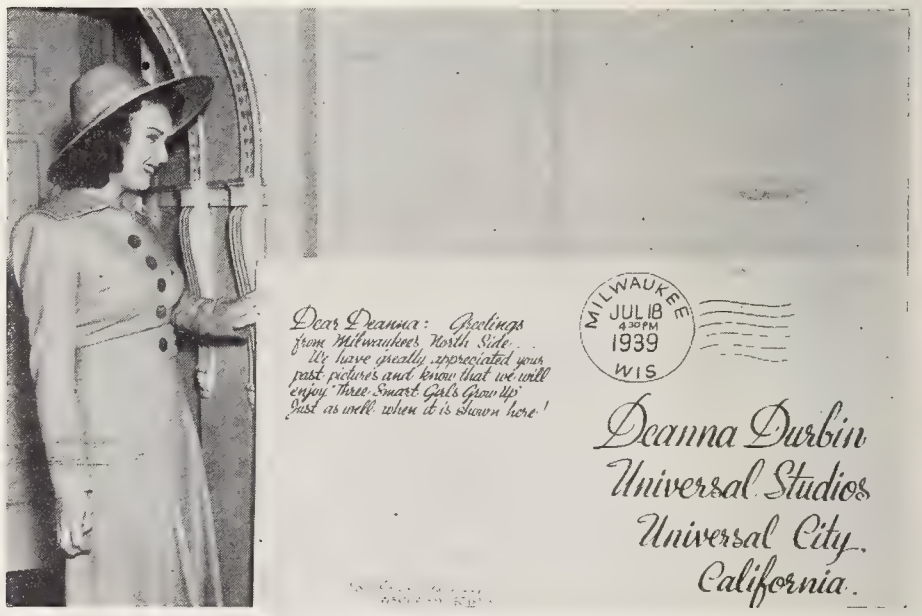
The illness of recent years that kept him from the front-lines of exploitation and resulted in his untimely end a few days back, will not dim the memory of Sig Solomon wherever theatremen gather. As a charter member of your Round Table, winner of two Quigley Silver Plaques and other honors, Sig was widely known to showmen everywhere. His brilliant campaigns reported here were inspirational. He was always at the service of members who wanted to know.

A dull day becomes darker with these sad tidings. Sig was one of this department's favorite persons.

A-Mike Vogel



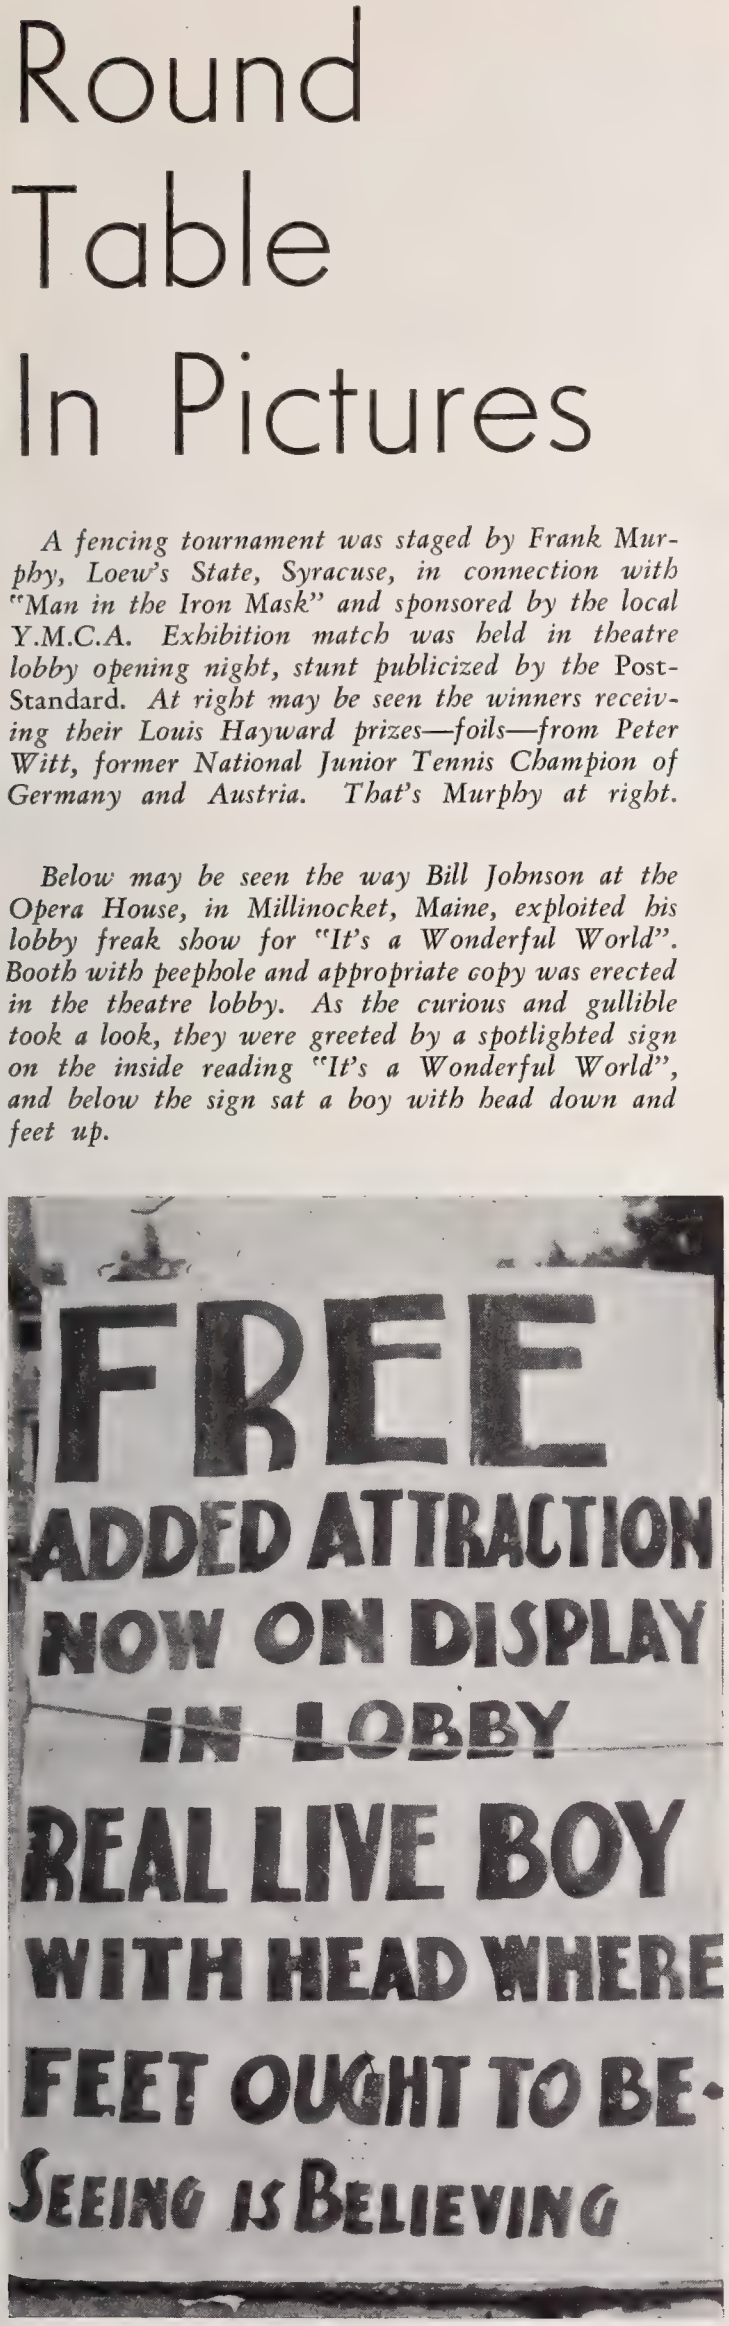
With the Seventh World's Poultry Congress held in Cleveland recently, Publicist Milt Harris, for the date on "Andy Hardy Gets Spring Fever", crashed the three-hour parade with his appropriately bannered dog cart plugging the opening at Loew's State. Record crowd attended, since it is the first time for this Congress to meet in America and will not be in this country for another 40 years.



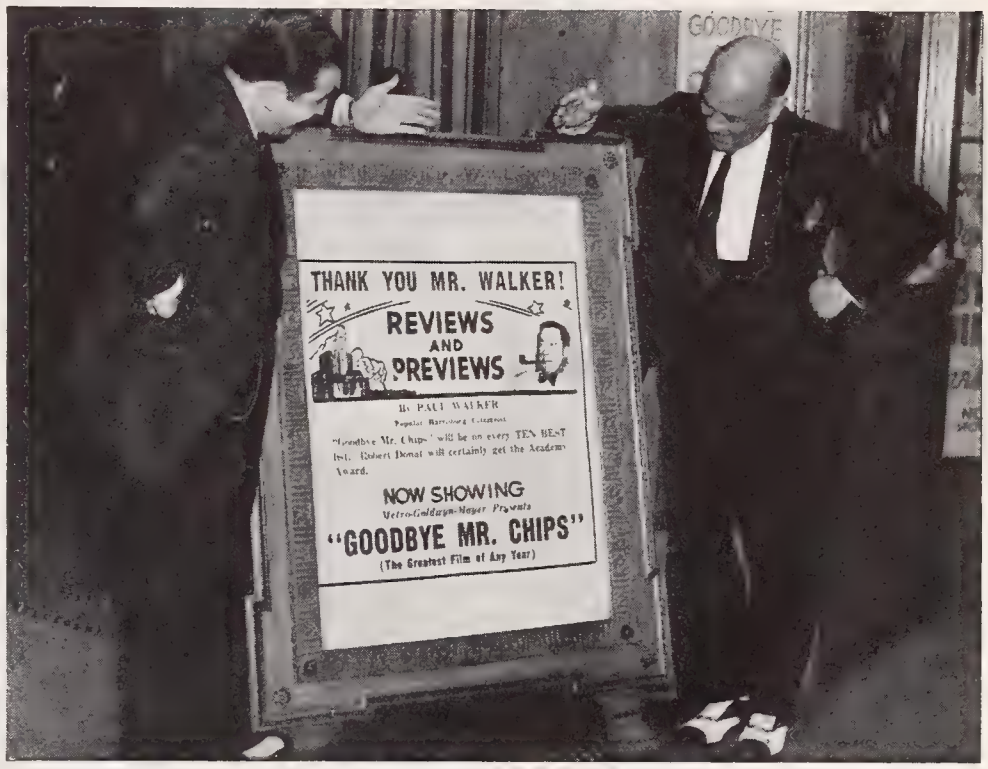
Prominently displayed in the "Show of Showmanship" featured at the recent Famous Players Canadian managers' convention in Niagara Falls, Ont., were a number of winning Quigley Awards entries loaned by Managers' Round Table for the occasion. Exhibit was conceived and executed under direction of James Nairn, circuit ad head.

Dignified and artistic was the RKO table decoration reproduced below for the annual movie ball at the Trocadero in Sydney, Australia. Here shown is the world-famous Radio tower, done in dark red roses, violets and hyacinths, with the title, "Love Affair", spelled out across the table in dark red roses. Floral decoration was conceived by Percy L. Curtis, RKO publicity director there.

Atmospheric lobby was conceived by George Irwin for his "Tarzan" date at the Lyceum in Duluth. Animation was gained by cutouts of the lad in picture suspended from swing in foliage which swung gently. Cutouts of Weismuller and O'Sullivan were also featured.



Above is Deanna Durbin reading postcard received from patrons of the Egyptian in Milwaukee as part of John Driscoll's advance campaign on "Three Smart Girls Grow Up". Photo of the star with the postcard was used by the theatreman for local newspaper publicity.



Round Table In Pictures

A fencing tournament was staged by Frank Murphy, Loew's State, Syracuse, in connection with "Man in the Iron Mask" and sponsored by the local Y.M.C.A. Exhibition match was held in theatre lobby opening night, stunt publicized by the Post-Standard. *At right may be seen the winners receiving their Louis Hayward prizes—foils—from Peter Witt, former National Junior Tennis Champion of Germany and Austria. That's Murphy at right.*

Below may be seen the way Bill Johnson at the Opera House, in Millinocket, Maine, exploited his lobby freak show for "It's a Wonderful World". Booth with peephole and appropriate copy was erected in the theatre lobby. As the curious and gullible took a look, they were greeted by a spotlighted sign on the inside reading "It's a Wonderful World", and below the sign sat a boy with head down and feet up.

Above, from right to left, may be seen Charles Bierbauer, manager, and his assistant, Nick Todorov, of Wilmer & Vincent's Colonial in Allentown, Pa., admiring their handiwork on "Mr. Chips". Local critic's rave review was blown up, placed in easel and planted out front. . . . Week ahead of "Man About Town", starring Jack Benny, C. T. Spencer at the Capitol in Hamilton, Ontario, planted a bench at the curb in front of his house. Appropriate tiein copy was conspicuously displayed.

Loew's Hold Plane Contest On "Only Angels Have Wings"

More than 2,000 model airplane builders participated in a model flying plane contest arranged by Loew's Theatres in connection with the showing of "Only Angels Have Wings." Oscar Doob's publicity staff arranged preliminary contests in each Borough and Westchester. Nine winners, three in each classification selected at the Borough meets received trophies and also became eligible to compete in the Greater New York finals on Monday, July 31st, at Floyd Bennett Airport, Brooklyn. Ken Behr, Manager of the airport cooperated in organizing a committee of well known aviators to act as judges.

Following the final contests the Borough and Westchester winners were guests at luncheon in the Aviation Grill at the airport. Three final winners were selected and they received gold-plated trophies, gifts of Cary Grant, Jean Arthur and Richard Barthelmess, stars of the picture.

Sorenson Reports on Assistant Managers' Week

Another assistant to take over the managerial reins during the Fox West Coast two-week showmanship campaign, was Bill Sorenson, working for Ed Penn at the Fox-Arlington, in Santa Barbara. Since a local beauty operator was sponsoring a theatre party to raise funds to send delegates to their national convention, Sorenson suggesting holding the party at the Arlington with tickets put on sale in all local beauty salons.

On "Young Mr. Lincoln," Sorenson constructed 25 costless display cards made up from pasting pressbook ad proofs on the backs of old window cards; these were displayed on newsstands with the copies of Life magazine which voted the picture the "Movie of the week." For his lobby setpiece, the theatreman built an attractive lobby frame on which he mounted ads clipped from copies of Motion Picture Herald. For a novelty gag, miniature dog house with stuffed purp inside was planted in his lobby, tiein copy read "You'll be in the doghouse too if you don't see," etc., etc.

Star Invites Newspapermen To Attend "Honolulu" Opening

Arranged for by Manager Lige Brien, at the Prince in Ambridge, Pa., on "Honolulu" was the personal letter written by Eleanor Powell, who made a personal appearance at the Stanley, and sent to the publisher of the local newspaper inviting him and his immediate staff to be guests of the theatreman at the opening of her picture. Letter brought additional publicity for the date in the form of stories and art work.

Sent for by Brien directly to Honolulu were lithographed photos of the Hawaiian Islands, together with a colored map, which were used for lobby display week ahead and during run. Entire front was dressed in atmospheric effect, with giant cutout palm trees and figure of Eleanor Powell planted atop marquee. Largest gas station in town cooperated by carrying large signs reading "fill up with our gas and go see," etc., etc., music store plugged song hits from the picture and top lobby stunt consisted of live aligator on display.

Free Baby Chicks Promoted by Ryan for 10-Week Drive

Kid matinees at which live chicks were being given away for over a period of 10 weeks starting in the Spring worked out successfully for Joe Ryan, Eastman Theatre, in St. Cloud, Minn., to hold up kid attendance and bolster the warmer weather grosses.

Contacting local Hatcheries, who use plenty of radio time, Ryan sold them on the idea of furnishing him with 1,000 chicks, over a ten week period to be delivered 100 at a time each Saturday morning. Hatcheries' added co-op consisted of publicity on the event over their radio program, the theatre taking care of newspaper and screen advertising. In addition a 3-sheet panel was used out front to sell the idea to kids.

Kids Retain Half Stubs

For the giveaway itself, theatreman advised the youngsters to hold their one half ticket stub when they entered the theatre, other half being deposited in a box provided for the occasion, instead of into the chopper. When the matinee was over, Ryan called one of the kids on stage to draw one ticket at a time. The ten winners were then brought up and presented with the chicks, which were placed in paper sacks provided by the hatchery. Kids were then instructed to take the chicks home, put them into a large box and give them a water receptacle and a feed trough filled with feed from the hatchery. So successful was the tiein, that additional chicks were given away each week.

To summarize the idea, Ryan says he received 1,035 baby chicks which retail at 10 cents each for a cost of slightly more than five dollars for screen trailer which ran for ten weeks. Panel outside used throughout the period crediting hatchery plus a slug line in the daily paper each Thursday and Friday. Joe reports a big jump in matinee business and also that the hatcheries were so pleased with the success of the idea that they want to repeat it next spring.

Warners' Service Exhibitors With Showmen's Manual

As a special service to theatremen over the country, the Warner Bros. home office advertising and publicity department is distributing this week copies of a Showmen's Manual containing advance information on the company's 1939-40 feature and short subjects productions.

The manual contains information and thumbnail story synopses of Warners' new season releases, as well as a resume of exhibitor and newspaper services available to all theatremen to aid them in their promotion of the Warner product. The Vitaphone short subjects program is also outlined along with a page describing the advertising accessories.

ON SELLING SHORTS

"Don't sell shorts short" is the motto of Loew's Washington Theatres, says Ray Bell. In confirmation, the Round Tabler sends along a letter addressed to editors, radio commentators and others "who speak with authority and have power to influence on behalf of M-G-M's 'Yankee Doodle'":

Mr. Frederick William Wile,
Evening Star,
Washington, D. C.
Dear Mr. Wile:

Can you spare ten minutes?

Ten minutes in which to see what I consider a screen subject that's vital, that's absorbing, that's terribly timely, and one that should prove stimulating to everyone who is sold on America.

I refer to an unheralded one-reel subject called Yankee Doodle Goes to Town. It's currently showing at Loew's Palace along with the feature film, Goodby Mr. Chips.

Yankee Doodle Goes to Town is a rootin', tootin' cheer for the spirit of Yankee Doodle; the fellow who hasn't done so bad for himself in spite of those who insist he's in the ashcan. Featured in this subject is one, Nathaniel Curdleface. He's a confirmed dyspeptic if ever there was one. Curdleface is present at every historic happening and he's ready to sell the country's future short. You'll recognize Curdleface, all right. You'll probably compare him to many living prototypes.

In spite of Curdleface and his type, in spite of wars, depressions, unemployment, internal strife, market crashes, and whatever might be your favorite calamity, Yankee Doodle continues on and onward; he comes back each time with more force, more vigor than before.

There's no flag waving here. Just good common sense that should arouse every lethargic patriot, it's really a reel to cheer about. How about ten minutes?

Baby Popularity Contest Engineered by Marcks

Residents of Holyoke, Mass., were recently given a chance to pick its favorite baby when Louis Marcks at the Victory Theatre staged a popularity contest which was sponsored by the Transcript-Telegram and cooperating business firms. Registration was made from the lobby of the theatre, parents submitting photos of entrants which were also displayed at the theatre. Contest ran for a month, and ballots worth 10 votes a piece were run in the newspaper.

When the preliminary winners were chosen, each had a local business firm assigned to them and votes were made for the "Blank" Company baby. A first prize of $75 was offered, with $25 to the second winner, and lesser prizes to the runnersup. Stories were run daily during the life of the contest and also promoted by Marcks was a full page of ads from the cooperating merchants.

Mayor Leads Parade For "Dodge City"

With the cooperation of the Mayor of Pendleton, Oregon, who led a gala parade to the Rivoli Theatre, Manager Johnny Matlock recently staged an effective campaign on "Dodge City." The chief stunt was cowboys on horses, including covered wagons properly bannered and other paraphernalia of the West of 50 years ago. In addition, a large space ad campaign was taken in local papers with teaser ads reading "Lusty Life. Sudden Death. That's Dodge City." These ads were used several days before opening in addition to numerous newspaper stories and special art work which helped to ballyhoo the picture.

Prickett Holds Monster Kid Bicycle Parade

Tied in with the local Montgomery Ward store and the Dickinson Theatre, in Junction City, Kansas, is Ken Prickett's kid club for which he recently arranged a bicycle parade. Store donated a bike as grand prize which was given to holder of lucky numbered cards previously distributed. Each time children attend the weekly meeting their cards were punched and those attending 12 out of the 16 meetings were eligible for the prizes.

On the last day of the contest the parade was held, merchants giving prizes to the youngest rider, the best decorated rider, most comical rider, etc. In addition soft drinks and ice cream were promoted for all contestants, and the stunt was plugged storewide and in Ward's newspaper ads.

Motorcycle Street Bally Aids Brown on "Patrol"

Old motorcycle with ushers dressed as aviators paraded through streets of New Kensington, Pa., for Robert Brown with sign reading "Today we make merry for tomorrow we die, see Errol Flynn in 'Dawn Patrol' at the Ritz," etc. Driver back-fired the motor every few blocks to attract attention, also an attention-attractor was the stunting engaged in by the driver. Kids from the New Kensington Junior Patrol paraded to the theatre opening day with banners exploiting the picture, staff were dressed as aviators with overseas cap painted with title, heralds were distributed, merchant's ad on reverse defraying cost and local beauty salon printed autographed fan photos of Errol Flynn.

Press Book Ideas Sell 'About Town' For Lightman, Jr.

The unprecedented amount of nearly 800 inches of free publicity was the total of lineage promoted by Manager M. A. Lightman, Jr., for his date on "Man About Town" at the Paramount, Jackson, Tenn., not the least of which was the press book set of smart display teaser ads used four days ahead. Reader-standouts featured comments on the picture from local mailmen, motormen, cab drivers, etc., under the head "One Man About Town About Another." The entire series of Pretty Girl mats and the four-day blurb contest from the press book were also planted, as was the contest between three leading civic clubs to select the city's "Man About Town."

Promotion of cooperative space was capped by two half-page merchants' ads, each of 50 stores contributing to pay the cost, theatre supplying the prizes of guest tickets for the contest involved. It took the form of a mythical "man about town" who made a tour of all the participating stores, leaving cards in each attached to some item in windows of the stores reading, "this article was selected by the man about town." Prizes went to those, over 14 years of age, listing the places visited.

Roving Photographer Snaps 'Em

Street stunts were topped by a camera idea, whereby photographer snapped passersby and handed out cards reading "we are taking pictures of men about town. You may see your picture in the Paramount lobby during, etc., etc." Same copy was carried on poster affixed to camera stand. Lightman also worked out two floats week ahead, one featuring cutouts of Benny and girl telphoning, with boy and girl in cab of truck conversing over p.a. system to carry out the illusion. The other float spotted a man-about-town and giant bass fiddle, the p.a. system playing the famous Benny number, "Love in Bloom."

Many of the suggested national tieins were also effected, in display advertising. On the Mojud hookin, the advertiser supplied pamphlets distributed at theatre and participating stores, copy and art plugging the date. The Pan-Am Movie News booklet with a similar tiein was given out at the theatre and service stations. Song title and radio promotions were also used, prominent windows engaged for display and lobby decorations also stopped a bit of traffic. This took the form of a phone on table in lobby with women invited to call the man-about-town for a date. Line ran to an inside room where boy took calls giving a sales talk and guest tickets.

Four Leaf Clover Admission

To promote "The Flying Irishman" at the Electric, in Kansas City, Kan., Jack Truitt sold tickets at half price to persons presenting a four-leaf clover at the boxoffice. Promotion got the show and theatre daily front page, two-column newspaper stories in the *Kansan*.

Exploitation Briefs Here & There

Promoted by Charlie Moyer, at the State in Hanover, Pa. through tieup with chain hotels there is the distribution of five by five inch cards plugging his theatre. These cards carrying the hotels' endorsement and shows for the current week are distributed weekly in the rooms of all guests. Cards are also printed at no cost to the showman.

▽

Effective indeed was the full page landed in the roto section of the Houston Chronicle by Francis Deering for his engagement of "Goodbye Mr. Chips" at Loew's Theatre. Numbering some eight photos, highlights of the film were shown with title, cast and playdates.

▽

Through tieup effected with local printer, Leo Haney, manager of the Bucklen Theatre, in Elkhart, Ind. is now distributing small programs on a good glossy stock, entire cost of which is met by printer's ad on back cover. Front page usually carries cut of stars appearing in current show, inside spread devoted to programs for balance of week.

▽

Ten-day "Tarzan" swimming contest was planted in the Washington *Democrat* by A. J. Kalberer for that pictures' opening at the Indiana Theatre, in Washington, Ind. Coupons were run daily, all local men swimmers between the ages of 16 to 25 were eligible. Paper also ran the standing of the contestants as the contest progressed. Competition was held at local pool, with winner going to Indianapolis to compete in a contest, the winner of which will be sent to the World's Fair.

▽

Heading his ad "the motion picture industry invites you to join with them in rolling back the years," thus did Verne Trembley sell his March of Time issue at the Lansing, in Lansing, Mich. Newspapers also cooperated by giving the short several readers.

▽

Reported as a first time in twelve years that the local paper was willing to go along was the full cooperative ad page promoted on "Dark Victory" by Pat Notaro, at the Columbus Theatre, in Sharon, Pa. Each merchant's ad contained two misspelled words and to the first 50 persons submitting correct list, guest tickets were awarded.

▽

Lubbock, Texas, recently observed its annual cleanup-paintup week, and so publicity director Glenn Fannin, Cactus Theatre, held a tin can matinee at his house in cooperation with the local Chamber of Commerce. Kids were admitted to the theatre as guests providing they brought along ten cans each; arrangements also made with the Boy Scouts to collect the aggregation. Local dailies covered the matinee with stories and art work.

It Goes Round-and-Round According to Doodleface

Another Account in the Current Series of Theatremen's Days

No manager, if he really wants to manage, can work and live by the clock and be happy. But it does help immeasurably if he starts the day off by having some idea of how the time is to be utilized to the best advantage. A theatre manager's hours might be a nightmare to the average worker or a union employee under contract, but those long hours can slip by without seeing much accomplished if he's not careful.

In this particular case the boss (whom we'll call Franklin Doodleface) arrives on the scene about 9:30, just in time to see the night crew winding up their chores and before the theatre operating staff starts to work about eleven. Like all curious folks, this guy can't start the day without opening the morning mail to see what headaches are in store. If said morning mail isn't too depressing, he reinforces himself with an aspirin and looks over the theatre just to make sure it's had its daily bath and perfuming.

Ready to Greet Patrons

Comes time to admit the first customer and all is readiness, thanks to a well trained and efficient service staff upon which old Doodleface unloads much wrath if it is late or untidy, or bestows much praise if the job is done right.

The picture's on the screen on schedule, sound and projection okay and Franklin is back in the office, coat off, and ready to answer correspondence, check up on routine maintenance matters. Today, a urinal needs a plumber's attention. Last week the roof leaked and before that the carpet on Aisle Two required replacement or the marquee a paint job which called for bids. Or perhaps the cooling plant needed a new set of piston rings or the booth had asked for a new cutter for the carbon saver. (These things seem to go on and on.)

Time now (still before noon) to swap a few tear sheets and ideas with the rest of the boys on the circuit, so off goes a batch of news pages and a few notes to New York in hopes they'll be valuable enough to warrant space in the company's bulletins to all managers.

Comes now the time for the most important job of the day. Doodleface checks the newspaper ads for the next day. Is the copy neat and clean? Does it sell? Have we told 'em when we open—that it's cool—that we charge only two bits until one o'clock? If so, the ads are ready for the copy boy and the boss is off to lunch.

His appetite being what it is the lunch routine usually consumes about thirty minutes, but today being marked for a regular weekly publicity meeting he takes a few minutes longer to make notes on items to be discussed with the boys. Press agent, assistant manager, chief of service and the boss get in a huddle immediately after **lunch** and swap ideas for plugging next week's attraction. Then off to the newspaper offices where he visits.

Back at the theatre the girl in the office reminds F. D. that the next mail train or plane leaves in a little while and he'd better get that mail signed and on the way. The matinee has been checked and home goes the boss for a couple of hours with the wife and kids and a swell meal. After dinner, Doodleface finds it's fun to spend the evening on the floor, swapping stories with patrons, making new friends and trying to keep old ones.

Reads Trade Papers

The box office closes and while the treasurer is a darn good bookkeeper, Doodleface double checks his figures and saves future time and trouble before the statements are put in the mail. He'll have to hurry now if he wants to read the trade papers before it's time to call it a day.

Add to this a few quick trips to the box office, the art shop, the engine room or the booth at intervals during the day and old Doodleface has rounded out a pretty good day. He also likes to keep a close check during the day on how the current picture's business stacks up with a similar picture or the same star's last picture. A little tab in the pocket, showing a dollar for dollar comparison, does the trick.

This covers only one day's activities but during the week Doodleface thinks it's wise to check all of a previous day's ticket stubs as a safeguard against possible irregularities. He has a Sunday morning meeting with the service staff, a fire drill for all employees. He takes a full day off each week and finds time to take an active part as a member of the board of directors of a leading civic club whose bi-weekly magazine it is his job to edit.

Between times he gets around to all the opposition theatres and keeps a close check on their activities.

He even manages to squeeze out enough time to write stuff like this.

Following the initial contributions from members in last week's issue, is another interesting story on what goes on in a typical tour of duty at the theatre. It was felt that from the accounts of representative Round Tablers of a representative day, from early morning to lockup, interested readers would find sufficient information to aid in regulating their time in the most efficient manner.

The article on this page is from the pen of a well-known member who prefers to be known by the pseudonym of Franklin Doodleface. More on the series in coming issues.

PAST "FORTNIGHT" EXPLOITATIONS

McGee Takes Soap Box Derby Shots For Showing at His Theatre

Like most cities, which have an annual Soap Box Derby, Syracuse is no exception and Manager Pat McGee at the Eckel got aboard the publicity bandwagon by arranging to take 16 mm. shots of the races for use in his theatre. Projector was mounted on the front of the balcony and through proper lense setup, shot practically filled the screen. Through use of house sound system, McGee added his own commentation like any newsreel.

Automobile agency which sponsored the Derby paid entire cost of the film, in addition their sound truck plugged "Daughters Courageous" then current at the Eckel. Theatreman reports that Chief Operator Bill Doss acted as cameraman with the aid of assistant manager Don Roe, both of whom did a creditable job.

Citywide Teaser Campaign Aids Kalberer on "Maisie" Opening

Teaser campaign was started in advance of the "Maisie" opening at the Indiana Theatre, in Washington, Indiana, by Round Tabler A. K. Kalberer. Window cards asking "Who's Maisie?" were planted strategically all over the city, bumper strips on all employees' cars, baker and grocer trucks read "Take it easy, Mister, the explosive blonde Maisie is coming to town" were also used. Leading confectioner featured a "Maisie" sundae and presented a pass with every tenth one sold. Newspaper teasers were also used well in advance.

Bell Promotes Lending Library In Store as "Chips" Advance

Local jeweler was sufficiently impressed with Ray Bell's free lending library idea for advance on "Mr. Chips" at Loew's, in Washington, that he cooperated to the extent of running two-column ads in daily informing readers that copies of the book were available at his store. Merchant paid entire cost of books and ads and featured a window and interior display with appropriate tiein picture copy. Bell reports the stunt as proving so successful that he intends repeating on another picture adapted from a readable book.

Female Spy Angle Stressed By Clements on "Nazi Spy"

Concentrating his sales copy on the "alluring spy" angle, Joe Clements for his run of "Nazi Spy" at the Egyptian, in Sioux Falls, S. D., four days ahead ran a one-column cut of Lya Lys on the society page with appropriate tiein copy on her experiences in Germany. Radio plugs started three days in advance included chatter on Miss Lys and Edward G. Robinson and continued until day ahead of opening when entire broadcast was devoted to the picture. Nazi badges were worn by entire staff who also engaged in a whispering campaign. Clements personally contacted various organizations which he felt would be interested in the film and local rabbis who, in turn, recommended the film to their flocks.

BRIEN DISPLAYS "BELL" INVITE

Though Lige Brien of the Prince in Ambridge, Pa., neglects to say where he got it, a honey of a stunt was the reproduction he used of the original invitation issued by Alexander Graham Bell to residents of Lawrence, Mass., to witness an exhibition of the first telephone. Local daily ran ad gratis and, in addition, to help exploit that picture's opening, theatremen had 2,000 of these mimeographed and distributed house-to-house. Because of the simple and direct statements on the invites, Brien reports the stunt was very effective.

Pollock's Newspaper Contest Helps Publicize "Mr. Chips"

Abundant newspaper coverage was accorded Les Pollock's "Mr. Chips" contest which he planted in the Rochester *Evening News* for that picture's opening at Loew's. Two toy Boston pups were awarded to the winners submitting best letters on "Why Every Home Should Have a Dog." Cooperating paper came through with stories and art work week ahead of date, following with photos of winners, etc., which broke opening day. Contest was open to children from seven to 16, guest tickets going to runnersup. Bumper strips were used by fleet of taxis, window cards distributed throughout the city and lobby was dressed appropriately for the occasion.

"Miss Pygmalion" Search Held By Miller for That Opening

Starting his teaser campaign on "Pygmalion" with advance newspaper stories "Can the Metropolitan Theatre take a local miss and transform her into a modern Eliza Doolittle," Manager Frank Miller, in Morgantown, W. Va., with the aid of cooperating merchants, offered to transform some unknown young girl into a lady for a week. Stores outfitted the winner, wined and dined her at leading restaurants, provided the girl with hotel accommodations during the week and placed a car at her disposal. Newspaper followed the winner's activities for the week with stories and art work and generous picture and playdate mention.

Movie Colony Map Sells "Andy Hardy" for Soriero

With a local concern selling window-card size maps, bearing graphic description of Los Angeles' night spots, stars' homes, studios, etc., Tom Soriero at the United Artists Theatre for "Andy Hardy Gets Spring Fever" secured a number of these to circularize his special mailing list. Sheets when properly folded carried space for stamp and address, reverse side was devoted to picture copy, playdates, cast, etc. On face of map, Soriero pasted a tiny sticker bearing theatre name which was placed in proper location on map.

Marathon Piano Player in Window Helps Phillips Exploit "Mr. Chips"

The two local radio stations of Sioux Falls, S. D., KSOO and KELO, aided Ralph E. Phillips, who promoted a marathon piano player to help publicize his advance on "Goodbye, Mr. Chips" at the State. At the time the theatreman reported his stunt, the player was in the 140th hour and would doubtless continue until exhaustion.

Located in a furniture store window adjacent to theatre the pianist did his stuff against a background well supplied with set pieces, scene stills, etc. Three 30-minute broadcasts were engaged in daily from the window over each of which the picture received a plug. Loud-speaker connected with the street enabled the assembled crowds to hear.

In addition to publicizing "Chips," Ralph secured plugs on his current attraction and cooling plant. Contest angle was brought into the affair through the offer of a promoted diamond ring to the person coming closest to guessing how long the marathon would last. Stunt was generously covered by local dailies and Phillips reports the tie-up as creating unusual interest.

Alexander Promotes Department Store For "Man About Town" Theatre Party

Selling tickets to "Man About Town" at regular admission prices, Don Alexander, of the Paramount in St. Paul, tied up the Civic Club of leading department store and sold them on the idea of holding a theatre party, sponsored by the store. Members of the club sold 200 tickets to employees and plugged the show storewide. Merchant cooperated by featuring newspaper ads and a window display of men's haberdashery which included scene stills and picture copy.

Old-Fashioned Chuck Wagon Aids Seymour on "Dodge City" Date

Borrowing a regular chuck wagon from a nearby ranch, Dwight Seymour, Kermit Theatre, Kermit, Texas, stationed it in front of his house during run of "Dodge City" and had ranch boy in attendance dispensing promoted doughnuts and coffee which was made over a wood camp fire. Two horses tied to a hitching post completed the effect, while cans of tobacco, sacks of meal, two gallon coffee pots, etc., were placed around the wagon.

Boyle Directs "Chips" Contest At Kids in Local Playgrounds

Distributed at playgrounds and parks were heralds directed at children under 14 as an advance on Relief Manager James Boyle's campaign for "Mr. Chips" date at Loew's State, in Syracuse. Entrants were required to write a letter of 200 words or less telling of some kind deed they had done for a dog. Winner received a wire haired pup, tickets going to runnersup. Pooch was displayed in lobby of theatre and led about town by lad dressed as student with back tiein copy.

IN COURTS

Loew Stockholder Suit Is Dismissed

Dismissal of the stockholders' suit of Norman Wolf and Mannes Fuld against Loew's, Inc., and a number of other defendants was entered in the United States district court this week. The suit, which had sought an injunction and accounting, claiming waste and mismanagement on the part of officers of Loew's, was dismissed for lack of jurisdiction.

Shaine and Weinrib, attorneys for the plaintiffs, said that they would refile the suit in the New York supreme court within the next two weeks.

Capital Company Opposes Fox Settlement Proposal

Samuel B. Stewart, counsel for the Capital Company, a California real estate organization with a $5,190,000 claim, termed a $600,000 settlement offer in the bankruptcy proceedings of William Fox as a bone to a dog in opposing the proposal before Federal Judge John Boyd Avis in Camden, N. J., this week.

The Capital Company is one of seven creditors opposing the offer which has already been approved by trustee in bankruptcy, Hiram Steelman, of Atlantic City. Claims against Mr. Fox total $55,000,000.

Denied Particulars Bill

Murray Hulbert, federal judge, in New York this week denied the application of Warner Brothers Pictures, Inc., for a bill of particulars in the suit of Katherine Moog against Warners. and ruled that the defendant had failed to prove that the complaint was vague and indefinite in order to require a bill. The plaintiff is suing for $75,000 damages, charging the defendant with libel. She claims she was portrayed as Erika Woolf in the motion picture "Confessions of a Nazi Spy."

New Trial Ordered

The United States circuit court of appeals this week reversed a dismissal of the $1,000,000 plagiarism suit of Dolores Lacy Collins as administratrix of the estate of Jimmy Collins against Metro-Goldwyn-Mayer and ordered a new hearing on the defendant's application. Judge Augustus N. Hand in his opinion, which reversed a dismissal of Federal Judge Alfred C. Coxe, held that a comparison of the defendants cutting continuity and the plaintiff's book indicated that no infringement had been committed, but continued to say the court could not dismiss the case on that evidence alone. The suit seeks damages claiming plagiarism of the Collins book "Test Pilot," in the film of the same title.

Orders Goldberg to Testify

Edward J. McGoldrick, New York supreme court judge, this week ordered William Goldberg, treasurer of Europa Cinema, Inc., to testily before trial on August 16th in the suit of Michael J. Levinson for $10,000 damages. Mr. Levinson charges breach of contract whereby the defendant is said to have agreed to exhibit the film, "The Last of the Penitentes," in his Europa theatre.

Deny Suit Settlement

Denial of reports that the damage action of Fannie Brice against Twentieth Century-Fox has been settled out of court was made in Chicago this week where the action will be tried before Judge John Lupe.

File Paramount Suit

A suit to restrain Paramount Pictures, Inc., from using the title “Million Dollar Legs” to describe any of its productions was filed this week in superior court in Boston by Lew Orth and Al Coleman, who said they copyrighted a play with that title in March, 1924. They seek damages and an accounting of profits from a film bearing that title. Paramount Film Distributing Corporation of Boston and the M&P Theatres Corporation were also named defend-

Order Bill of Particulars

Vocafilm Corporation of America has been directed by Murray Hulbert, federal judge, to file a bill of particulars by August 31st in the action brought by the company against the American Telephone and Telegraph Company, Western Electric and Electrical Research Products, Inc., who, the complaint claims, monopolized the motion picture accessories field and forced the plaintiff out of business. Triple damages in the amount of $65,953,125 under the Sherman anti-trust statute is sought.

Sigmund S. Solomon, manager of Warner Brothers Sanford theatre, Irvington, N. J. died August 7th of a heart attack at his home, 27 Cleveland Avenue, Newark, N. J. Mr. Solomon, who was 50 years old, joined Warners' Jersey zone in June, 1934, and was assigned to the Regent, Newark. Because of a heart condition he was later assigned to the Castle, Irvington, and finally the Sanford, Irvington. Prior to that he was associated with Paramount-Publix, at Youngstown, Ohio, and the Small-Sstrassburg circuit.

Mr. Solomon was recognized as an outstanding showman and exploiteer, having won many national awards for outstanding campaigns. MOTION PICTURE HERALD twice awarded Mr. Solomon the Quigley Awards' Silver Plaque for showmanship. Funeral services were held at his home on Thursday. Interment was held in Brooklyn.

Adolph Bendslev, Exhibitor, Dies

Adolph Bendslev, exhibitor of Wellesley, Mass., and secretary of the Independent Exhibitors of New England, died of a heart attack at his home August 4th. He was 69 years old and was active for many years in the New England Allied unit. He operated the Community theatre in Wellesley.

Mr. Bendslev is survived by a son, Leslie, who will take over the operation of the theatre; his widow and a daughter. Funeral services were held Sunday at the Congregational Church in Wellesley Hills.

John Ferguson Dead

John Ferguson, father of William R. Ferguson of Metro-Goldwyn-Mayer, died August 3rd at his home in Lynn, Mass. He was 92 years old. He is survived by another son, Kenneth J., and a daughter, Mrs. Walter Whitmarsh. Funeral services were held Saturday in Lynn.

Charles Lanham

Charles Fremont Lanham, who, as a trouper was known as Joe Barnum, died August 4th at the home of his sister in Columbus, Ohio, at the age of 82. He claimed to have taught Mary Pickford, then Gladys Smith, her first stage lines as “Eva” in “Uncle Tom's Cabin” at the King George Opera House, in Toronto.

Conn Sues Jack Benny

Harry W. Conn, formerly a gag writer for Jack Benny, filed suit in Los Angeles this week for $65,500 against the comedian charging breach of contract. Mr. Conn said he entered an agreement with Benny to write gags for 39 weeks in exchange for five per cent of the comedian's earnings in the time he used them, but whereas Benny has made $1,170,000 from radio programs and $140,000 from film work, using the gags, the writer claims he has received nothing.

Assets to Creditors

Murray Hulbert, federal judge, in New York this week directed distribution of $28,516, the remaining assets in the estate of Orpheum Theatres Company, to creditors after payment of $4,054 as fees and commissions. Judge Hulbert confirmed a report of Peter B. Olney, referee in bankruptcy, and ordered closing of the bankruptcy proceeding after distribution of the assets. Creditors of Orpheum Theatres have claims totaling $1,425,335.

THE RELEASE CHART

INDEX

On this and the following page appears an alphabetical index to the titles of all features listed in this week's Release Chart, with additional information for the exhibitor.

The number immediately following the title is the production number. Also given is information regarding the classification of the subject matter. A melodrama is denoted by the abbreviation Mel., Comedy by Com., Comedy-Melodrama by Com.-Mel., Musical by Mus., Musical Comedy by Mus.-Com., Western by West. If the production is made in color, the letter "C" appears in parenthesis after the classification. Thus: Com.-Mel. (C) denotes a Comedy-Melodrama in Color.

At the extreme right of the line containing the title of the production is the name of the distributor.

(THE RELEASE CHART--CONT'D)

THE CHART

Productions are listed according to the names of distributors in order that the exhibitor may have a short-cut towards such information as he may need, as well as information on pictures that are coming. Features now in work or completed for release later than the date of this issue are listed under "Coming Attractions." Letter in parenthesis after title denotes audience classification of production: (A) Adult, (G) General. Numerals following audience classification are production numbers. Dagger symbol indicates picture is of the 1939-40 season. Asterisk (*) after title of feature denotes first appearance of picture in Release Chart.

NOTE: The totals for running time are the official figures announced by the home offices of the distributing companies.

When a production is reviewed in Hollywood, the running time is as officially given by the West Coast studio of the company at the time of the review, and this fact is denoted by an asterisk (*) immediately preceding the number. As soon as the home office has established the running time for national release, any change from the studio figure is made and the asterisk is removed.

Running times are subject to change according to local conditions. State or city censorship deletions may cause variations from the announced and published figures; repairs to the film may be another reason.
